

Community Distributed Generation Disclosure Form	
Customer Information	<p>Customer Name: Service Address: Mailing Address, (if different): Contact Information:</p>
Distribution Utility	[Indicate Customer’s electric distribution utility]
Overview	<p>This document describes your Community solar subscription. In the event that the terms in this statement conflict with terms appearing elsewhere in your contract, the terms in this statement are controlling. Read this document and the contract carefully so that you fully understand this agreement.</p> <p>As a subscriber to a Community Distributed Generation Solar Project, the Customer will subscribe to a Community Solar array that is installed at an off-site property within the Customer’s utility territory. The Customer will receive solar credits through the Community Solar subscription on their regular electric bill for the clean energy produced.</p> <p>The Customer does not own or have ownership rights over the solar array or any portion of the solar array.</p>
Price, Fees, and Charges	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide pricing, fees, or charges. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Describe financial structure of agreement, including specific price per kWh or specific explanation of how price per kWh will be determined, amounts and due dates for up-front payments, or other charges or fees, including both recurring and non-recurring charges. For any charges or fees that will increase or vary, indicate how much, based on what, and what notice will be provided. For contracts that include an escalation clause, identify and explain the escalation rate, calculation methodology, and applicable formulae. Include the resulting potential price at the halfway point of the contract and in the final year of the contract.]</p> <p>[If applicable, list credits, incentives, or rebates that customer will receive or will sign over to Provider, and indicate whether Provider or customer is responsible for applying for each credit, incentive, or rebate and whether Provider or customer will receive each credit, incentive, or rebate]</p>
Project Location and Customer Allocation	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide the location or customer allocation amount at this time. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Identify the location of the project, its size, and how much of the project’s generation will be allocated to the customer. Provide approximate in-service date if available. If the project is not determined at the time of the subscription, provide potential locations (address not required; municipality of potential locations is sufficient), expected allocation or how allocation will be determined, and explain how customer will receive notice when they are assigned to a project.]</p>

<p>Length of Agreement and Renewal</p>	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide contract terms such as length of contract or renewal process. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Description of term in months or years] [Description of renewal or extension terms, if applicable]</p>
<p>Early Termination</p>	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide early termination information. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Description of terms regarding early termination of agreement, including specific fees and charges or specific explanation of how fees or charges will be determined and any situations where fees would be waived.]</p>
<p>Estimated Benefits</p>	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide estimated benefits. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Provide an estimate of how many kWh of generation the customer will receive annually.]</p> <p>As a Community Solar subscriber, the Customer will receive monetary credits on their regular electric bill. The estimated monetary credits are based on the New York State’s Value Stack program and the most up-to-date version of the NYSERDA-issued VDER Calculator.</p> <p>[If a savings estimate was provided in marketing or other communications (or at the provider’s option if one was not previously provided), provide an estimate of the dollar value of the credits associated with that generation, based on the utility baseline or estimate of the Value Stack, and the net savings resulting from a comparison of the estimated value to the contract price.]</p>
<p>Guarantees</p>	<p>Because Montante Solar does not yet have any Community Solar Arrays active we cannot yet provide guarantees. It is understood, however, that if Montante Solar were to be a Community Solar Provider, this section of the form would need to be completed and review by DPS prior to release.</p> <p>[Either explain method in which savings are guaranteed or state “This contract does not guarantee savings.”]</p> <p>This contract provides an estimated electricity production, and does not guarantee a minimum level of system performance or production of energy. Estimated electricity production is the amount of energy the solar array is expected to produce based on historical weather data, expected system performance, and normal system degradation (0.5% annually).</p>
<p>Data Sharing and Privacy Policy</p>	<p>Customer Name, contact information, house address, electric utility account number, and electric utility meter number will be required in order to register the Customer as a subscriber of the Community Solar array.</p>

	<p>Should the Customer experience issues pertaining to kWh bill crediting or solar array production/ allocation amount, Montante Solar may request such information from the electric utility as it pertains to assisting the Customer with said issue.</p> <p>Montante Solar’s data privacy policies can be found: [Explain or provide a link to provider’s data privacy policies]</p>
Right to Cancel Without Penalty	<p>You have the right to terminate the contract without penalty within three business days after signing the contract by notifying Provider at 716-876-8899 or via email, info@montante.com.</p>
Customer Rights	<p>If you have inquiries or complaints that the Provider is unable to resolve, you have the right to call the Department of Public Service Helpline at 1-800-342-3377. You may file a complaint on the Helpline or by following the instructions at http://www.dps.ny.gov/complaints.html.</p>
