RE: Outreach and Education Plan

To Whom It May Concern:

Local Access is a “carrier’s carrier” of inbound calling only. While Local Access has telephone numbers from New York exchanges, Local Access does not currently have any Customers that are physically located within the state of New York. Local Access has never provided outbound calling. Local Access only provide telephone numbers that others can place a call TO or send a text TO.

Based on the information provided in Case 16-C-0297, our services would not require education of individual end-users.

If you have any questions, please contact me at either 678-436-5590 ext 301 or kperkins@rtcteam.net

Thanks.
