

Dear Secretary Burgess:

Citizens for Local Power (CLP) strongly supports the request of the Alliance for a Green Economy (“AGREE”) for an extension of the deadline for filing comments on Staff’s Responsive Proposal for Preserving Zero-Emissions Attributes in Case 15-E-0302. CLP concurs with AGREE that the substantial changes contained in this proposal merit a new SAPA notice and the customary 45 days for interested parties to comment.

Sincerely,

Jennifer Metzger
Co-Director
Citizens for Local Power
