- Sal with ConEd has stated he has been working with O&R and their IT team to work through any missing files to reconcile data. The effort is ongoing.
- Constellation asked for specific dates where files were missing from transmission record. Sal asked if they could communicate with them directly to track down any missing files.
- Con Ed believes that the issue should be resolved across the board by end of week and they have put checks in place to ensure the issue does not come up again.

6) Other Business

- Rachel with Constellation brings up concern with O&R honoring the original transmission date with files. They state that communication has been improved with O&R.
