RE: Case 22-E-0064, Con Edison's Electric Rate Case – Revised Rates Under Rider Z SC 1 Innovative Pricing Pilot Rate III

Dear Secretary Phillips:

On May 2, 2024, Consolidated Edison Company of New York, Inc. (the "Company") made a filing with the Public Service Commission in this proceeding to correct the rates under Rider Z – SC 1 Innovative Pricing Pilot ("IPP") Rate III in its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the "Electric Tariff") for rates effective August 1, 2023, and January 1, 2024. The May 2, 2024 filing became effective on a temporary basis on June 1, 2024.

At the request of the Staff of the Department of Public Service, the Company is submitting the following support documents to its May 2, 2024 filing:

1. Workpapers for the corrected IPP Rate III calculation effective August 1, 2023 and January 1, 2024.
2. An example of a redacted bill where the Company canceled and rebilled an IPP Rate III customer from July 11, 2023 to June 7, 2024.
3. An example of a redacted bill for the same customer for the period June 7, 2024 to July 9, 2024 where the Company corrected the bill.

The Company has completed correcting the IPP Rate III rates and rebilled all IPP Rate III customers by taking the following steps:

1. Rates were updated in the Company's billing system per the May 2, 2024 filing for rates effective August 1, 2023 and January 1, 2024.
2. All accounts billed under IPP Rate III were cancelled and rebilled through the Company's billing system for bills from August 1, 2023 through May 31, 2024.
3. Bill messages advising of the change were provided to all IPP Rate III customers as part of the rebilling process.

Questions regarding this filing can be directed to Ricky Joe at (212) 460-4995.

Sincerely,

/s/ *William A. Atzl, Jr.*

ADJUSTMENT INFORMATION

We canceled your bill(s) from July 11, 2023 to June 7, 2024. The total amount canceled is in "Your new charges" section of the bill.

If your bill is more than you can pay, check payment options and enroll online at conEd.com/PaymentPlans or call us at 1-800-752-6633.

Do you depend on electric powered Life Support Equipment, such as a respirator (iron lung), apnea monitors (infant monitor), or hemodialysis equipment (kidney machine)? Please let us know so we can contact you in case of an emergency or power outage. Visit coned.com/LifeSupportEquipment or call: 1-800-752-6633.

YOUR DOLLAR FOR ENERGYSHARE CAN MAKE A DIFFERENCE

EnergyShare helps eligible residential customers struggling to pay their bills with one-time grants of up to $200. Pay the total amount of this bill and exactly $1.00 more for the EnergyShare fund. Con Edison will match each contribution.

Total electricity supply charges	**$48.80**

Your total electricity supply cost for this bill is 7.46¢ per kWh. You can compare this price with those offered by energy services companies (ESCOs). For a list of ESCOs, visit PowerYourWay.com or call 1-800-780-2884.

Your Delivery Charges

Basic service charge	$17.37
Peak Demand 2.63 kW @ $21.848/kW	$57.46
Off Peak Demand 2.48 kW @ $7.524/kW	$18.66
System Benefit Charge @0.519¢/kWh	$2.30
Energy Delivery 443.00 kWh @0.183¢/kWh	$0.81
GRT & other tax surcharges	$3.33
Sales tax @6%	$6.00
Total electricity delivery charges	**$105.93**

Your electricity total $154.73

Understanding your bill

All Hours Demand: Charge for your electric demand during all hours (measured in kilowatts). This is the average of your three highest maximum daily demands recorded during all hours October 1 through May 31.
Basic Service Charge: A charge for basic system infrastructure and customer-related services, including customer accounting, and metering services. A billing and payment processing charge of $0.64, which may be avoided by switching to an energy services company (ESCO), is also included.
Delivery Overage: Charge for electric demand, in excess of your subscribed kW, during the peak-period of noon to 8pm, Monday-Friday (excluding holidays) from June 1 - September 30.
Demand Delivery: Charge for the sum of your maximum daily demand, measured in kilowatts. Log onto My Account at conEd.com for details.
Delivery Subscription: Charge for your subscribed electric demand (measured in kilowatts). Log into My Account at conEd.com for more details, including your actual electric demand.
Electricity Supply: Charge for the electricity supplied to you .
GRT & other tax surcharges: Taxes on Con Edison gross receipts from sales of utility services and other tax surcharges.
Merchant Function Charge: A charge that recovers costs associated with procuring electricity, procuring and storing natural gas, conducting credit and collections activities, and managing uncollectible accounts.
New Read: Monthly meter readings are no longer used for billing purposes. Instead, we use the data provided by your smart meter(s), which improve accuracy by recording your energy use in 15-minute intervals. Your New Read is provided for illustrative purposes only.
Off Peak Demand: Charge for your off-peak-period electric demand (measured in kilowatts). This is the average of your three highest maximum daily demands recorded outside of the peak period from June 1 through September 30.
Off Peak Demand: Charge for your off-peak-period electric demand (measured in kilowatts). This is the average of your three highest maximum daily demands recorded outside of the peak period.
On Peak: Electricity used Mon-Fri 2pm-10pm.
On Peak Demand: Charge for your peak-period electric demand (measured in kilowatts). This is the average of your three highest maximum daily demands recorded between 12pm and 8pm, Monday-Friday (excluding holidays) during the billing period.
On Peak Demand: Charge for your peak-period electric demand (measured in kilowatts). This is the average of your three highest maximum daily demands recorded between 12pm and 8pm, Monday-Friday (excluding holidays) from June 1 through September 30.
Prior Read: Your prior meter reading was calculated when your last bill was issued.
Reading Difference: The reading difference is the result of subtracting your prior meter reading from your new meter reading. Please note: the New Read and Prior Read values shown on your bill have been rounded and/or truncated. Calculating the Read Diff yourself may result in a different value than the one shown here.
Reading Type: You will see the word “Estimated” here if your smart meter was unable to communicate your energy use during the billing period. Otherwise, your reading type will be “Actual”.
Reading Type: Your energy use is recorded in 15-minute intervals. You will see the word “estimated” here if there were some intervals during which we were unable to obtain your energy-use data. Otherwise, your reading type will be “actual”.
Sales tax: Tax collected on behalf of New York State and/or your locality.
System Benefits Charge: A charge that recovers costs associated with energy-efficiency and renewable-energy programs implemented by the Company and the New York State Energy Research and Development Authority (NYSERDA).
Time Period: Your energy use is recorded according to a peak and off-peak schedule. The electricity that you used in each of these time periods is displayed for your information in the "Total Usage (kWh)" column. However, as seen in the Supply Charges section, all kilowatt-hours are charged at the same rate, regardless of whether they are used during the peak or off-peak period.
Total Demand (kW): Total demand is the sum of your daily maximum electricity use - measured in 60-minute periods - between the hours of noon and 8pm during the current billing cycle. We use this measurement to calculate the delivery charges.
Total kWh Usage: Your electricity use during both the peak and off-peak periods is displayed here for your information. Your bill is based on the total of these two figures (see the Supply Charges section).
Total Usage (kWh): Your total usage is the sum of the 15-minute interval data recorded by your smart meter(s) during the billing period. This is used to calculate the energy-delivery and energy-supply charges on your bill.
