# DPS Oversight Activities

- Agency staff (including State Inspector) reviewed violations identified in recently-issued NRC inspection reports:
  - 10 CFR 50.7(f) Level IV Notice of Violation (NOV)
    - Holtec agreements contained language that would restrict or discourage employees from participating in protected activities re reporting potential concerns.
  - 10 CFR 10.1101(a) Level IV Non-Cited Violation (NCV)
    - Holtec failed to properly implement its procedure for Alpha radiation controls during segmentation of components in IP Unit 1.

# DPS Oversight Activities

- State regulators have been present at Holtec monthly project meetings, and Holtec has provided the information required under the Joint Proposal at each meeting.
- Notable on-site observations:
  - U3 Containment Safety Walkdown
    - No issues
  - U3 Cooling Intake segmentation preparations
    - No issues
- Tracking corrective actions associated with:
  - Unit 1 financial assurance report error.

# Pipeline Integrity Management Work

- Enbridge performing four integrity digs\* on 26" pipeline on IP property through June 19
- DPS Pipeline Safety staff performing site visits to observe
- Pipeline section depressurized and disconnected during work
- Routine work part of Integrity Management Program

*\*Integrity Dig:* Section of pipe excavated to allow for visual inspection to determine if a repair or other action required

# DEC Administrative Consent Order Req'ts

## Remedial Investigation (RI) Work Plans

- Investigations will be conducted in a series of RI Work Plans.
- Approved work plans will be announced via fact sheet distributed to the public.
- Work plans can be found linked at the bottom of DEC's Indian Point Decommissioning web page: <https://www.dec.ny.gov/chemical/126311.html>

## **AOC 118 - LaFarge**

- DEC approved the draft Remedial Investigation Work Plan for the IPEC Lafarge / Former Spectra Construction Area (AOC 118) on October 23, 2023.
- Holtec conducted field work April 2024 and anticipates submitting the initial draft of the report for the Lafarge area to DEC for review in July.
- No other RI work plans have been submitted to DEC.

# DEC Oversight Activities – Facility Permits

## SPDES # NY0004472 – Governs Discharges from Main Facility

- Expired on April 30, 2022. Holtec submitted a timely renewal application. Facility continues to have coverage under the existing SPDES permit pursuant to the State Administrative Procedure Law.
- DEC undertaking a review of the permit application to determine if a permit modification is necessary.
  - DEC requested additional information from Holtec necessary to continue the full technical review of the SPDES permit. DEC received additional information from Holtec on November 8, 2023.
- Once DEC review is complete, a **Draft SPDES Permit will be provided for public review and comment in accordance with DEC regulations.**

# DEC Oversight Activities – Facility Permits

## Major Oil Storage Facility (MOSF) License

- DEC continues to oversee closure and assessment of all tanks associated with the MOSF license on site.

## Air State Facility Permit

- Holtec has removed all combustion sources and boilers except for one boiler used for heating at the facility.
- The emission source now falls below the threshold of an Air State Facility Permit and qualifies for a Registration.
- The Air State Facility Permit was discontinued as of June 11, 2024.
- DEC issued a registration to Holtec for the Indian Point Facility on June 11, 2024.
