Re: *Case 24-T-0266 - Application of Niagara Mohawk Power Corporation d/b/a National Grid for an Amendment to a Certificate of Environmental Compatibility and Public Need issued to Niagara Mohawk Power Corporation in Case 26923 Authorizing the Construction of 115 kV Transmission Facilities in Saratoga and Warren Counties and for Approval to Remove and Install Eleven (11) Poles in Warrensburg, Warren County, New York; Certificate of Service of Landowner Letter (updated landowner address)*

Dear Secretary Phillips:

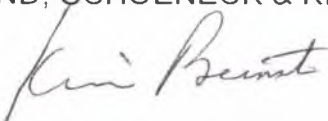

On May 7, 2024, Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid") filed a Petition to Amend the Certificate of Environmental Compatibility and Public Need Petition ("Petition") issued by the Public Service Commission on December 15, 1986 in Case 26923.

A Certificate of Service of the Landowner Notice was filed under separate cover on May 7, 2024. We have been informed by the USPS that one landowner has moved and are filing herewith a Certificate of Service (and attachments) of the Landowner Notice on this landowner at his new address.

Thank you.

Sincerely,

BOND, SCHOENECK & KING, PLLC

Re: *Case 24-T-_____; Application of Niagara Mohawk Power Corporation d/b/a National Grid for an Amendment to a Certificate of Environmental Compatibility and Public Need issued to Niagara Mohawk Power Corporation in Case 26923 Authorizing the construction of 115 kV Transmission Facilities in Saratoga and Warren Counties and for Approval to Remove and Install Eleven (11) Poles in Warrensburg, Warren County, New York*

Dear Landowner:

On behalf of Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid"), enclosed please find a copy of a public notice for the above-referenced project. You are receiving this notice letter because your property abuts the National Grid-owned property where the project will take place. During project construction, National Grid will make every effort to keep disturbance and disruption to a minimum.

Please do not hesitate to contact Demetrio Daga of National Grid with any questions or concerns. Mr. Daga can be reached at (518) 669-6723 or email: Demetrio.Daga@nationalgrid.com.

Thank you.

Sincerely,

BOND, SCHOENECK & KING, PLLC

PUBLIC NOTICE

PLEASE TAKE NOTICE THAT, on or about May 7, 2024, Niagara Mohawk Power Corporation d/b/a National Grid (“National Grid” or the “Applicant”) will file an application (the “Application”) to amend the Certificate of Environmental Compatibility and Public Need (the “Certificate”) issued on December 15, 1986, by the New York State Public Service Commission (the “Commission”) in Case No. 26923. This Certificate concerns the construction of a 115 kV electric transmission line in areas of Saratoga and Warren Counties, New York. The December 1986 Order granted a Certificate authorizing (i) the construction of approximately 14 miles of 115 kV transmission facilities from Warrensburg to Chestertown and approximately 9 miles of 115 kV transmission facilities from Chestertown to North Creek (Warren County); and (ii) the associated substation modifications and additions. In the Application, National Grid will request Commission authorization to remove eleven (11) wood pole structures and replace them with eleven (11) galvanized steel pole structures in Warrensburg, New York. The Application will also request authorization to use galvanized steel pole replacement structures on all sections of the Certificated route, which was deemed necessary by National Grid’s review and maintenance procedures, and as approved by the New York State Department of Public Service Staff through the Notice of Minor Change process. The structures are located in Warrensburg, Warren County, New York.
