

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 22-T-0654 - Petition of Niagara Mohawk Power Corporation
d/b/a National Grid for a Certificate of
Environmental Compatibility and Public Need
Pursuant to Article VII for its Lockport-
Batavia Line 112 Rebuild Project in Niagara and
Genesee Counties.

NOTICE OF INFORMATION FORUMS, PUBLIC STATEMENT HEARINGS,
AND SOLICITING COMMENT

(Issued October 26, 2023)

On November 18, 2022, Niagara Mohawk Power Corporation
d/b/a National Grid (National Grid) filed an application
(Application) for a Certificate of Environmental Compatibility
and Public Need (Certificate) pursuant to Public Service Law
(PSL) Article VII for approval to rebuild, operate, and maintain
a 21.7-mile portion of its 115 kilovolt electric transmission
line. This line, known as Line 112, extends from the City of
Lockport through the Town of Royalton in Niagara County to the
Towns of Alabama and Batavia in Genesee County (Project). If
granted, the Certificate would authorize National Grid to
rebuild, operate, and maintain Line 112 and associated
facilities, including replacement of 178 "aeromotor" structures
and existing conductors, installation of stormwater management
features, construction of staging/laydown areas, marshalling
yards, and construction or improvement of access roads.
Although the proposed Project is along the existing Line 112
transmission right-of-way, one segment of approximately 2.2
miles in length (Segment 4) will be re-located through the
Tonawanda Wildlife Management Area in the Town of Alabama.

In considering the Application, the Public Service
Commission (Commission) may adopt or reject National Grid's

proposal, in whole or part, or modify it. In doing so, the Commission will consider input from the participating parties and the public.

Virtual information forums and public statement hearings will be held in this case. At the virtual information forums, trial staff of the Department of Public Service will provide an overview of the Commission's certification process, National Grid will present a brief summary of the proposed Project, and then members of the public will have an opportunity to ask questions about the process and the Project. The information forums will be followed by public statement hearings. Those wishing to comment on any aspect of this proceeding will have the opportunity to comment on the record at the public statement hearings. A verbatim transcript of each public statement hearing will be made for inclusion in the record of this proceeding.
