Re: Case 26-E-0520 - Proceeding on Motion of the Commission to Seek Consequences
against Star Light and Power LLC for Violations of the Uniform Business
Practices.

Dear Natara Feller:

I received your October 9, 2026 letter, filed on behalf of Star Light and Power LLC (Star Light), seeking an extension of the response deadline established by the Commission in its *Order Instituting Proceeding and to Show Cause* (Order), issued July 20, 2026, in the above-referenced proceeding. The Order required Star Light to respond by August 17, 2026, however, an extension until October 16, 2026, was granted on August 10, 2026.

Ordering Clause 1 of the Order requires Star Light to show cause why its eligibility to operate as an Energy Consultant in New York should not be revoked or why it should not face other consequences. You indicate that you have recently assumed responsibility for this proceeding and need a brief extension of time to review the allegations and relevant documentation and data, and then prepare a complete and substantive response. You advise that counsel for the Department of Public Service's Office of Investigations and Enforcement has agreed with this extension request.

Based on the information provided, an extension, until October 26, 2026, is granted to Star Light and Power LLC to respond to the Order. This extension is granted to promote the fair, orderly, and efficient conduct of this proceeding, and this ruling will be posted on the Department's website.

Sincerely,

Michelle L. Phillips
Secretary
