

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

- CASE 23-E-0418 - Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Central Hudson Gas & Electric Corporation for Electric Service.
- CASE 23-G-0419 - Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Central Hudson Gas & Electric Corporation for Gas Service.

NOTICE SOLICITING COMMENTS AND
ANNOUNCING PUBLIC STATEMENT HEARINGS

(Issued September 26, 2023)

PLEASE TAKE NOTICE that public comment is invited concerning proposed changes in the electric and gas delivery rates and practices of Central Hudson Gas & Electric Corporation (Central Hudson). Central Hudson filed amendments to its electric and gas tariff schedules on July 31, 2023, proposing to increase its annual electric and gas delivery revenues effective July 1, 2024. Central Hudson proposes to increase its electric delivery revenues by approximately \$139.5 million (a 31.9 percent increase in base delivery revenues or a 16.4 percent increase in total revenues), and its natural gas delivery revenues by approximately \$41.5 million (a 29.2 percent increase in base delivery revenues or a 19 percent increase in total revenues). The actual bill impacts of these proposed changes on any particular customer class will vary based upon revenue allocation and rate design.

Central Hudson states that its rate filings include proposals to: ensure safe, reliable, and resilient electric and gas systems; provide energy efficiency incentives and services in support of New York's Climate Leadership and Community

Protection Act goals and targets; effectively respond to major storms and extreme weather events, invest in grid modernization to restore power more quickly, and timely recover storm costs; maintain affordability, mitigate customer bill impacts, and upgrade technologies to improve the customer experience; and support workforce growth.

For its electric business, Central Hudson states that major drivers of the rate increase are related to capital investments associated with replacing aging infrastructure; increased labor expenses; continued and enhanced low income, energy efficiency, and heat pump programs; increased capitalization and financing costs; and recovery of costs associated with major storms and extreme weather. For its gas business, Central Hudson states that rate increase are attributable to continued and enhanced low income and energy efficiency programs; increased capital investment to eliminate leak prone pipe; labor expense; and capitalization and financing costs.

Central Hudson's pre-filed testimony and exhibits in these proceedings may be reviewed online at the Department of Public Service website, www.dps.ny.gov, by clicking on "File Search" (located under the heading "Commission Files") and entering the case number (23-E-0418 or 23-G-0419) in the box labelled "Search by Case Number."

Under New York State law, the Public Service Commission (Commission) must consider a utility's rate proposal and may adopt or reject it, in whole or in part, or modify it. In doing so, the Commission will consider changes proposed by the participating parties and general public. Administrative Law Judges (ALJs) are presiding over the gathering of public comments and all evidence relating to the proposal. As indicated in this Notice, public statement hearings will be held

over two days to obtain comments from the public concerning Central Hudson's proposals.

PLEASE TAKE FURTHER NOTICE that public statement hearings will be held before ALJs James A. Costello and/or Ashley Moreno, as follows:
