DMM Matter No.: 21-00024

Facility Description: Applicant applied to the New York State Office of Renewable Energy Siting (Office or ORES) for a permit pursuant to Executive Law § 94-c to construct and operate a 36 megawatt (MW) solar energy facility located in the Town of Riverhead, Suffolk County.

Applicant filed a transfer application from a pending Public Service Law (PSL) article 10 proceeding on January 8, 2021. Because an application completeness determination was issued in the PSL article 10 proceeding, the transfer application was deemed complete upon filing.

ORES staff published draft permit conditions on March 9, 2021. The draft permit conditions may be accessed at <https://ores.ny.gov/permit-applications>, click on Project DMM Matter Number 21-00024.

Public Comment Hearing: A public comment hearing pursuant to 19 NYCRR part 900 to hear and receive unsworn comments from the public will be held on **May 11, 2021, at 4:00 pm. The hearing is being conducted electronically through the Webex Events platform and by telephone.**

All persons, organizations, corporations, or government agencies who may be affected by the facility are invited to attend the hearing and comment on the application and the draft permit conditions. Instruction on how to attend the hearing electronically or by telephone are provided below. Lengthy comments will not be accepted and instead should be submitted in writing. Equal weight will be given to both oral and written comments. To ensure that all interested persons have an opportunity to speak, the Administrative Law Judges (ALJs) may limit the time available for oral comments to 3 minutes per person.

Because the hearing is being conducted electronically, it is reasonably accessible to persons with a mobility impairment. Interpreter services shall be made available to deaf persons, and English language translator services shall also be made available, at no charge for either service, upon written request to ALJ Michele M. Stefanucci at the address below. All requests must be received no later than 4:00 pm on April 26, 2021.

Written Public Comments: Written comments concerning the application and the draft permit conditions must be filed with ORES by **5:00 p.m. on May 14, 2021**. Persons filing written comments are strongly encouraged to post their comments on the Department of Public Service's (DPS's) Document and Matter Management (DMM) system. To post a comment, go to <https://ores.ny.gov>, click on "Permit Applications," click on Project DMM Matter Number 21-00024 and click on "Post Comments" in the upper right-hand corner of the screen.

Written comments may also be emailed to ORES at general@ores.ny.gov or mailed to the Office of Renewable Energy Siting, Empire State Plaza, 240 State Street, P-1 South, J Dock, Albany, NY 12242. Written comments will be considered equally with oral statements delivered at the public comment hearing, provided they are postmarked by **May 14, 2021**, or e-mailed or posted on DMM by 5:00 p.m. on that date.

Issues Determination Procedure: Pursuant to 19 NYCRR 900-8.3(b), a pre-adjudicatory issues determination procedure will be conducted by the assigned ALJs. The procedure will be conducted solely on papers and briefing unless the ALJs, in their sole discretion, determine that oral argument is necessary. The purpose of the issues conference is to determine party status for any person or organization that has properly filed a petition (as indicated below), and to narrow and define those issues, if any, that will require adjudication in this matter. Participation in the issues determination procedure is limited to ORES staff, applicant, and those persons or organizations requesting party status. Issues proposed for adjudication must be both substantive and significant in accordance with 19 NYCRR 900-8.3(c).

Filing for Party Status and Proposed Issues: Persons seeking to participate in the issues determination procedure and any subsequent adjudicatory hearing must register on DMM and file a written petition explaining whether their request is for full party status or amicus status. For the required contents of petitions for full party status, see 19 NYCRR 900-8.4(c)(1) and (2). To determine whether an issue is substantive and significant, see 19 NYCRR 900-8.3(c)(2) and (3). For the required contents of a petition seeking amicus status, see 19 NYCRR 900-8.4(c)(1) and (3). Petitioners may also file written briefs making arguments in support of their petitions.

All petitions requesting party status and briefs in support must be E-Filed on DMM no later than **4:00 p.m. on May 10, 2021**. Instructions for registering in DMM and E-Filing documents may be found at:
