

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 19-E-0283 - Proceeding on Motion of the Commission to
Examine Utilities' Marginal Cost of Service
Studies.

NOTICE ANNOUNCING ADDITIONAL TECHNICAL CONFERENCE

(Issued December 22, 2023)

PLEASE TAKE NOTICE that an additional technical conference will be held on Wednesday, January 10, 2024, beginning at 1:00 p.m. to provide Department of Public Service (DPS) staff and interested parties with an opportunity to ask follow-up questions and engage in further discussion regarding a proposal made by the Joint Utilities in comments they filed on July 20, 2023, in this proceeding.¹ This technical conference will continue discussions that occurred during the November 28, 2023 technical conference.²

To help ensure efficient use of stakeholder time, interested entities are encouraged to email questions, in advance, to Richard Schuler at Richard.Schuler@dps.ny.gov. Such questions should be emailed by Monday, January 8, 2024, and should include "MCOS Questions" in the subject line of the email. Interested entities may also ask questions during the technical conference by submitting those questions, at that time, through the WebEx Q&A feature.

¹ The Joint Utilities have proposed using a deferral value approach for Marginal Cost of Service (MCOS) studies in Locational System Relief Value (LSRV) areas and Non-wires Solution areas, and traditional MCOS studies for territory-wide programs and the Demand Reduction Value (DRV).

² Case 19-E-0283, Notice Announcing Technical Conference and Soliciting Comments (issued November 15, 2023) (November 15 Notice).

The conference will be conducted via WebEx and may be accessed using the following:
