Re: Case 15-E-0302 - Proceeding on Motion of the Commission to Implement  
a Large-Scale Renewable Program and a Clean Energy Standard.

Dear Nathaniel Chumley:

I received your letters dated March 27, 2025, filed on behalf of the New York State Research and Development Authority (NYSERDA), requesting an extension of time to file the Build-Ready Program Five-Year Review and the Build-Ready Program Annual Progress Report 2024, pursuant to the Commission's *Order Approving the Build-Ready Program* (Order), issued October 15, 2020, in the above proceeding. The filings were due April 1, 2025.

You state that the additional time will allow NYSEERDA to finalize pending data to ensure the completeness of the filings. Further, you advise that the Build-Ready Program Annual Progress Report 2024 will be included in the Five-Year Review.

Based upon the information provided, an extension, until September 1, 2025, is granted to New York State Research and Development Authority to file the Build-Ready Program Five-Year Review and the Build-Ready Program Annual Progress Report 2024, as required by the Order. This extension is granted to promote the fair, orderly, and efficient conduct of this proceeding, and this ruling will be posted on the Department's website.

Very truly yours,

A handwritten signature in black ink that reads "Michelle L. Phillips".
