Re: Case 22-M-0429 - Proceeding on Motion of the Commission to Implement the Requirements of the Utility Thermal Energy Network and Jobs Act.

Matter 23-02117 - In the Matter of Utility Thermal Energy Network Terms and Definitions

Dear Secretary Phillips:

A Utility Thermal Energy Network (UTEN) Terms and Definitions Technical Conference was held in-person and via Webex and phone, on October 11, 2023. The technical conference provided an opportunity for the discussion of terms and definitions submitted by Staff, regulated utilities, and stakeholders. The compiled list of UTEN proposed terms was filed on October 10, 2023 in the above referenced Case and Matter.

A second technical conference was scheduled for October 25, 2023 to further discuss the terms, definitions, and stakeholder input received during and after the October 11, 2023 technical conference. The categorization of terms and definitions, including potential revisions or elimination of proposed terms and definitions, was expected to be addressed at the October 25, 2023 conference. However, a notice cancelling the October 25, 2023 technical conference and rescheduling it to November 9, 2023, was filed to Matter 23-02117 on October 24, 2023.

The November 9, 2023 technical conference beginning at 10:00 a.m. will be conducted in-person in the 19th Floor Boardroom in Agency Building 3, Empire State Plaza, Albany, NY and virtually, via WebEx and phone. For security purposes, those planning to attend in person must provide their names to Laurie Kokkinides via email at laurie.kokkinides@dps.ny.gov by November 7, 2023.

Those unable to attend in person may participate virtually, via Webex or by phone, using one of the following –
