Re: Request for Intervenor Funding; Case No. 97-F-2162  
Application by PSEG Power New York Inc. for a Certificate of  
Environmental Compatibility and Public Need to Construct and Operate a  
750 MW natural gas-fired combined cycle combustion turbine generation  
facility, in the Town of Bethlehem, Albany County

Dear Judge Bouteiller and Judge Garlick:

Following up on the October 23<sup>rd</sup> issues conference, we have identified the subset  
of funding items necessary for us to carry this case through Task 4, pre-filed testimony.  
In summary, the funding we need (in addition to that awarded already) is \$14,500.  
Adding back in the two earlier awards of \$7,060 and \$5,220 brings the grand total we  
have requested for this case to \$26,780. In more detail:

<u>Expert</u>	<u>Fees</u>	<u>Costs</u>	<u>Total</u>
PISCES Conservation, Ltd.	\$1,600	\$500	\$2,100
Carpenter Environmental Assoc.	\$7,100		\$7,100
Synapse Energy Economics	\$4,800	\$500	\$5,300
			-----
		TOTAL	\$14,500

To reiterate, this request is for funding to take us through pre-filed testimony. I have  
discussed this funding request with the applicant and I understand the applicant has no  
objection. At the applicant's request, we will defer our request for funding for Task 5  
(hearing) until a later date.

Very truly yours,

Reed Super  
Senior Attorney
