Re: Case 21-E-0629: In the Matter of the Advancement of Distributed Solar.

Dear Secretary Phillips:

The New York State Energy Research and Development Authority (NYSERDA) files this letter to inform that the NY-Sun Incentive Program has reached the Mid-Point Review trigger. The New York State Public Service Commission's *Order Expanding NY-Sun Program* (Order), issued April 14, 2022, established the Mid-Point trigger to be "the earlier of: (1) the date when 50% of either the upstate or Con Edison capacity allocations have been committed; or (2) December 31, 2025." The Order directed NYSERDA to formally file the Mid-Point Review and recommendation within 60 days after one of the above occurrences.

As of November 16, 2022, 50% of the 2,943 MWdc of new upstate MW Block capacity has been allocated. This initiates the Commission directed 60-day timeframe for the Mid-Point review process.

If you have any questions regarding this communication, please do not hesitate to contact me at 518.862.1090, ext. 3088.

Sincerely,

Sunny S. Joshi, Esq.
