Composite Overlay Map

Agricola Wind Project
Towns of Scipio and Venice, Cayuga County, New York

Visual Impact Assessment

- Viewpoint Location
- Simulation Viewpoint
- Distance Zone
- 5-Mile Study Area
- Potential FAA Warning Light Visibility
- Potential Turbine Blade Tip Visibility
- Visually Sensitive Resources
 - Other Designated Scenic Resource
 - Snowmobile Trail
 - State, US, or Interstate Highway
 - S/NRHP-Eligible Resource
 - Named Lake, Pond, or Reservoir
 - Publicly Accessible Conservation Land

Sheet 1 of 13

Prepared November 4, 2024
Basemap: Esri "World Topo Map" map service

Potential wind turbine viewshed visibility is based on the screening effects of topography, vegetation, and structures as represented in NYSITS (2018 and 2020) and FEMA (2012 and 2019) lidar datasets; a maximum blade tip height of 200 meters; and a warning light height of 127 meters.
