ORES Permit Application No.: 23-00059

Facility Description: Applicant applied to the New York State Office of Renewable Energy Siting and Electric Transmission (Office or ORES) for a permit pursuant to Public Service Law article VIII to construct and operate a 135-megawatt (MW) solar energy facility located in the Towns of Leicester and York, Livingston County.

Applicant filed the application with the Office on December 7, 2023. A notice of complete application was issued on July 15, 2024 (see <https://ores.ny.gov/permit-applications>, click on Project Permit Application Number 23-00059).

ORES staff published draft permit conditions on September 13, 2024. The draft permit conditions may be accessed at <https://ores.ny.gov/permit-applications>, click on Project Permit Application Number 23-00059.

ORES Staff Position: On issuing the draft permit conditions, ORES staff takes the position that the proposed facility, together with the uniform and site-specific standards and conditions contained in the draft permit, would comply with applicable laws and regulations. ORES staff recommends that the Office elect not to apply, in whole or in part, any local law or ordinance that as applied to the facility is unreasonably burdensome in view of the Climate Leadership and

Community Protection Act targets and the environmental benefits of the proposed facility.

Public Comment Hearing: A public comment hearing pursuant to 16 NYCRR part 1100 to hear and receive unsworn comments from the public will be held at the **York Town Hall, 2668 Main St, York, NY 14592**, on **Wednesday, November 13, 2024, at 6:00 p.m.**

All persons, organizations, corporations, or government agencies who may be affected by the facility are invited to attend the hearing and comment on the application and the draft permit conditions. Lengthy comments will not be accepted and instead should be submitted in writing. Equal weight will be given to both oral and written comments. To ensure that all interested persons have an opportunity to speak, the Administrative Law Judges (ALJs) may limit the time available for oral comments to three (3) minutes per person. The public comment hearing will be transcribed for inclusion in the administrative record.

The hearing location is reasonably accessible to persons with a mobility impairment. Interpreter services shall be made available to deaf persons, and English language translator services shall also be made available, at no charge for either service, upon written request to Chief ALJ James T. McClymonds, Office of Renewable Energy Siting and Electric Transmission, Empire State Plaza, P-1 South, J Dock, Albany, NY 12242, (518) 473-4590, hearings@ores.ny.gov. All requests must be received no later than 4:00 p.m. on Wednesday, October 30, 2024.

In the event that the in-person public comment hearing needs to be canceled, rescheduled, postponed, or conducted virtually, notification of any change will be available at the ORES website at <https://ores.ny.gov>.

Written Public Comments: Written comments concerning the application and the draft permit conditions must be filed with ORES by **5:00 p.m. on Friday, November 15, 2024**. Persons filing written comments are strongly encouraged to post their comments on the ORES Permit Application Portal (ORES Portal). To post a comment, go to <https://ores.ny.gov>, click on “Permit Applications,” click on Project Permit Application Number 23-00059, and click on “Post Comments” in the upper right-hand corner of the screen.

Written comments may also be emailed to ORES at hearings@ores.ny.gov or mailed to the Office of Renewable Energy Siting and Electric Transmission, Empire State Plaza, P-1 South, J Dock, Albany, NY 12242. Written comments will be considered equally with oral statements delivered at the public comment hearing, provided they are postmarked by **Friday, November 15, 2024**, or e-mailed or posted on the ORES Portal by 5:00 p.m. on that date.

Please take notice that written public comments will be publicly posted on the ORES Portal. ORES reserves the right not to post duplicate or repeat comments. In addition, ORES reserves the right to remove, without notice, comments containing any defamatory, infringing, obscene, indecent, discriminatory, confidential, or unlawful material or information of any kind.

Issues Determination Procedure: Pursuant to 16 NYCRR 1100-8.3(b), a pre-adjudicatory issues determination procedure will be conducted by the assigned ALJs. The procedure will be conducted solely on papers and briefing unless the ALJs, in the judges’ sole discretion,

determine that oral argument is necessary. The purpose of the issues conference is to determine party status for any person or organization that has properly filed a petition (as indicated below), and to narrow and define those issues, if any, that will require adjudication in this matter. Participation in the issues determination procedure is limited to ORES staff, applicant, and those persons or organizations requesting party status.

Filing for Party Status and Proposed Issues: Persons seeking to participate in the issues determination procedure and any subsequent adjudicatory hearing must register on the ORES Portal and file a written petition explaining whether their request is for full-party status or amicus status. For the required contents of petitions for full party status, see 16 NYCRR 1100-8.4(c)(1) and (2). To determine whether an issue is substantive and significant, see 16 NYCRR 1100-8.3(c)(2) and (3). For the required contents of a petition seeking amicus status, see 16 NYCRR 1100-8.4(c)(1) and (3). Petitioners may also file written briefs making arguments in support of their petitions.
