

STATE OF NEW YORK
PUBLIC SERVICE COMMISSION

CASE 22-G-0610 - In the Matter of a Review of the Long-Term Gas
System Plan of National Fuel Gas Distribution
Corporation.

NOTICE EXTENDING REPLY COMMENT PERIOD

(Issued March 24, 2023)

By letter filed on March 22, 2023, National Fuel Gas
Distribution Corporation (National Fuel) requests an extension
of the reply comment period that was established in the Notice
of Technical Conference Regarding Long-Term Plan Review and
Requesting Comments issued on December 22, 2022, in this
proceeding (December 22 Notice).

National Fuel states that due to the comprehensive
nature of the stakeholder comments, it needs additional time to
complete a thorough review of the comments, request
clarification from stakeholders, and prepare a detailed response
to the comments that were submitted regarding its Initial Long-
Term Plan. National Fuel advises that an extension will not
affect the filing deadline associated with National Fuel's
Revised Long-Term Plan.

PLEASE TAKE NOTICE that the date for submitting reply
comments in response to the December 22 Notice is hereby
extended to **April 18, 2023**. This extension of the reply comment
due date is available to all stakeholders and interested
entities. Please refer to the December 22 Notice for pertinent
filing and contact information.
