Jaclyn A. Brillling, Secretary
Public Service Commission
Bldg 3, Empire State Plaza
Albany, NY 12223-1350

Dear Ms. Brillling,

I am writing to urge the Public Service Commission to increase the net metering limit from 1.2 MW to 3.0 MW when it reviews Case # PSC-18-07-00011-P, and to make certain that this case is reviewed at the Commission's next meeting. The proposed new cap of 3.0 MW is a small percentage of the utility's electricity production, but will allow the industry to meet consumer demand while the Assembly reviews the new legislation.

Cordially,
