(b) Where an old list which has been in existence for one year or more is continued upon the establishment of a new list which contains less than three names, the commissioner of citywide administrative services may certify or may authorize the head of the certifying agency to certify the names on the old list along with enough names from the new list to provide a sufficient number of eligibles from which selection may be made.

(c) Agency and city-wide promotion eligible lists shall not be certified for an agency until after the promotion unit eligible lists for that agency, if any, have been exhausted.

4.7.3. Additions to Certification. (a) If there be more than one position to be filled, or if the commissioner of citywide administrative services or certifying agency head has reason to anticipate declinations, or where the

certification is to be completed as set forth in this paragraph, the commissioner of citywide administrative services or certifying agency head shall supplement the certification for the selection by the addition of the names of those next in order on the established list. However, selection shall be made singly and in each case from the three highest names remaining qualified and eligible and willing to accept appointment or promotion, or from among those eligibles as provided for in paragraph 4.4.12 of these rules, as the case may be.

(b) On notification from an agency head that one or more eligibles have declined appointment and on receipt by the department of citywide administrative services from such officer of any such declination in writing, or of evidence of the failure of any such eligible to respond to a notice properly sent, such certification shall be completed by the addition of the name or names of the eligibles next in order of standing on the list.

(c) Upon receipt by the head of a certifying agency of a written declination of appointment by one or more eligibles named in a certification or of evidence of the failure of any such eligible to respond to a notice properly sent, such certification shall be completed by the addition of the name or names of the eligibles next in order of standing on the list.

(d) Where objection to the certification of one or more eligibles has been duly made by an agency head and the commissioner of citywide administrative services sustains such objection, the certification shall be completed by the addition of the name or names of the eligibles next in order of standing on the eligible list.

4.7.4. Limitation on Certifications. No name shall be certified more than three times to the same agency head for the same or similar position unless at such officer's request. However, only those who have been actually entitled to consideration for selection shall be charged with certification. For appointment to the position of police officer in the police, transit police, or housing police services, no name certified three times to one agency head shall be certified to another unless at such agency head's request.

4.7.5. Duration of Certification. A certification shall not remain in force and effect for a period longer than thirty days nor beyond the existence of the eligible list from which certification was made. Until such certification has been exhausted or terminated, no new certification shall be made for the same position in the same agency.

4.7.6. Revocation of Individual Certification or Appointment. Whenever a person not entitled to certification is certified, such certification and appointment, if any, shall be revoked by the commissioner of citywide administrative services.

4.7.7. Ineligibility for Further Certification. An eligible who has been appointed to a permanent position for which the list was established or to a similar position in the same or higher grade, shall no longer be eligible for certification from such list.

4.7.8. Conditional Certification. (a) Upon the initiative of the commissioner of citywide administrative services or upon request of the agency head, the commissioner of citywide administrative services may certify eligibles subject to investigation, medical test or other qualifying test or requirement, where such conditions were not provided for at the time an eligible list was established. Upon approval by the commissioner of citywide administrative services, such conditional certification may be made by the head of a certifying agency.

(b) Written notice of such conditional certification pursuant to this paragraph shall be given to eligibles at the time of appointment or promotion, as the case may be.

(c) Whenever, upon subsequent investigation, medical test or other qualifying test or requirement, an eligible thus certified is found to be not qualified, such certification shall be revoked by the commissioner of citywide administrative services and the employment, if any, of such eligible terminated, provided, however, that no such certification shall be revoked or appointment terminated more than three years after it is made except in the case of fraud.

4.7.9. Certification by Sex. The commissioner of citywide administrative services may authorize the limitation of certification from an eligible list to one sex when the duties of the position involve institutional or other custody or care of persons of the same sex, or the visitation, inspection, or work of any kind the nature of which is a bona fide occupational qualification requiring sex selection.

4.7.10. Selective Certification. (a) Selective certification may be made from an eligible list to fill similar or related positions which require additional or special qualifications not tested for specifically in the prescribed requirements or tests of an examination, in the manner provided in this paragraph.

(b) Upon the initiative of the commissioner of citywide administrative services or at the request of the head of an agency, the commissioner of citywide administrative services may selectively certify from an eligible list where the announcement of examination originally contained a specific provision for such selective certification.

(c) With respect to certifying agencies, the agency head may so selectively certify, where the announcement of examination originally contained a specific provision for such selective certification, upon approval by the commissioner of citywide administrative services.

(d) Selective certification shall be made only upon due notice to all affected eligibles on such list.

(e) Eligibles on such list who possess the additional or special qualifications required as evidenced by experience, appropriate licensure, possession of essential tools, equipment and facilities, or who pass an appropriate qualifying test shall be qualified for selective certification and shall be certified to such similar or related positions in the order of standing on the original list.

(f) Where the announcement of examination did not originally contain a provision for such selective certification, it shall not be made or authorized until intention to make such certification has been duly advertised in a designated newspaper and a public hearing thereon held by the commissioner of citywide administrative services in the same manner as is required for the adoption or amendment of a rule.

4.7.11. Certification Pools. Certification pools may be conducted at the discretion of the commissioner of citywide administrative services for the purpose of filling positions more expeditiously. Such certification pools shall be conducted pursuant to appropriate terms and conditions not inconsistent with the civil service law or these rules.

4.7.12. Continuing Eligible Lists. (a) The commissioner of citywide administrative services may establish continuing eligible lists for such classes of positions where the needs of the service require. Such continuing eligible lists shall consist of the names of candidates successful in tests which may be conducted from time to time and which shall be so constructed and rated so as to be as nearly equivalent as possible in coverage and difficulty.

(b) The name of any candidate who passes any such test and who is otherwise qualified shall be placed on such eligible list in the rank corresponding to the candidate's final rating on such test.

(c) The period of eligibility of successful candidates for certification and appointment from such continuing eligible lists shall be one year following the date on which such candidates first became eligible for certification.

(d) A candidate may take more than one test provided, however, that no such candidate shall be certified simultaneously with more than one rank on the continuing eligible list.

SECTION VIII-DECLINATION OF APPOINTMENT

4.8.1. Applicability. The provisions of this section shall apply to appointments from established eligible lists certified by the commissioner of citywide administrative services or by the head of a certifying agency.

4.8.2. Effect of Declination; Failure to Respond; Failure to Report. Except as otherwise provided in this section,

the name of an eligible who has been certified for employment in and offered an appointment to a position, whether or not the list was expressly established therefor, shall be withheld from certification for any position upon the occurrence of one of the following:

(a) declination by the eligible of an offer of appointment to any such position;

(b) failure of the eligible to respond to an offer of appointment within the period fixed by the agency head, provided that such period is not less than four days after the date of such offer;

(c) failure of the eligible to report for duty after accepting such position.

4.8.3. Exceptions for Declinations. (a) Notwithstanding the provisions of paragraph 4.8.2, declination by an eligible of an offer of appointment to a position, whether or not the list was expressly established therefor, shall result only in withholding such eligible's name from certification to a like position if the declination is for one of the following reasons:

(1) temporary inability to accept the position;

(2) in the case of original appointment the location in which the duties are to be performed. However, if the location is within the city of New York, such declination shall apply to the entire city, and if outside the city of New York, such declination shall apply to the entire county;

(3) in the case of a promotion, where the certification is from a citywide promotion list and the position offered is in an agency other than the agency where the eligible is employed;

(4) in the case of a promotion, location on the basis of borough or county in which the duties are to be performed.

(b) Where the offer of appointment is to a position other than that for which the list was expressly established and is declined by an eligible for that reason, such declination shall result only in withholding such eligible's name from further certification to any such other like position.

(c) Where the eligible declines appointment to a specific position for which the list has not been expressly established, because of the objectionable nature of the duties of such position, and the commissioner of citywide administrative services finds the duties to be of such nature, such eligible's name shall be withheld only for certification to a like specific position. However, where the list has been expressly established for such specific position, such person's name shall be withheld from certification upon declination of appointment for such reason.

(d) If a list established for permanent appointment is certified for temporary, seasonal or part-time employment, declination of an offer of appointment shall result only in withholding such eligible's name from certification for a position of a like duration of employment. However, where the eligible list has been expressly established for a position of a temporary, seasonal or part-time duration, declination of appointment to such position shall result in withholding the eligible's name from further certification.

4.8.4. Effect of Withholding from Certification on Certification to a Like Position. A person whose name has been withheld from certification shall not be eligible for like certification until all eligibles on the eligible list upon which such person's name appears have been reached for like certification unless such person submits an explanation satisfactory to the commissioner of citywide administrative services for the declination or failure to reply or to accept appointment. Such explanation must be filed in writing with the department of citywide administrative services at any time prior to the expiration date of the eligible list.

4.8.5. Conditions for Restoration. (a) The name of an eligible for an original appointment which has been withheld from certification shall not be restored to such list for certification, except upon written request therefor by such

eligible. No more than a total of three restorations shall be permitted.

(b) The name of an eligible for promotion to a higher position, which has been withheld from certification shall automatically be restored to the bottom of such list for certification. No more than a total of three restorations shall be permitted.

(c) The commissioner of citywide administrative services may, if the needs of the service require, restore names of eligibles covered by this paragraph 4.8.5 to a list without their written request. Such restorations shall not be included in the total of three restorations permitted.

4.8.6. Declination for Insufficiency of Compensation. When declination for insufficiency of compensation offered results in the selection of an eligible lower on the eligible list than the person who thus declined, the compensation of the person selected shall not be increased within one year after such selection beyond the amount declined, unless each eligible originally declining has received or declined appointment or promotion at the increased amount. However, at the discretion of the commissioner of citywide administrative services, for reasons to be recorded, this limitation may be waived.

4.8.7. Different Compensation. Notwithstanding the provisions of paragraph 4.8.6, upon the written request of an agency head setting forth the reasons therefor, the commissioner of citywide administrative services may certify to specified agencies, eligibles having specified additional qualifications at a rate of compensation above that offered to other persons on the same eligible list.

RULE V-APPOINTMENTS AND PROMOTIONS

SECTION I-APPOINTMENTS AND PROMOTIONS GENERALLY

5.1.1. Prohibition Against Out-of-Title Work. No person shall be appointed, promoted or employed under any title not appropriate to the duties to be performed and, except upon assignment by proper authority during the continuance of a temporary emergency situation, no person shall be assigned to perform the duties of any position unless duly appointed, promoted, transferred or reinstated to such position in accordance with the law and rules prescribed therefor. No credit shall be granted in a promotion examination for out-of-title work.

5.1.2. Procedures for Identification and Oath. (a) Upon appointment or promotion an eligible shall be fingerprinted and shall execute in the presence of the agency head or representative the prescribed identification form.

(b) An eligible shall likewise take and file such oath or affirmation as may be required by law. Such oath shall not be required from an employee in the labor class and shall be required only in other cases upon original appointment or upon a new appointment following an interruption of continuous service and shall not be required upon promotion, demotion, transfer or other change of title during the continued service of the employee, or upon the reinstatement pursuant to law or rules of an employee whose services have been terminated and whose last executed oath is on file.

(c) The duly executed identification form of the eligible or employee, together with the notice of appointment or promotion, shall be transmitted to the department of citywide administrative services.

5.1.3. Appointment Subsequent to Qualification. Whenever a person has been declared qualified after investigation, medical or other qualifying tests or requirements, and is certified either by the commissioner of citywide administrative services or the head of a certifying agency for appointment after such qualification, such person upon appointment shall execute a supplemental statement, as the commissioner of citywide administrative services may prescribe, pertaining to such investigation, medical or other qualifying tests or requirements.

SECTION II-PROBATIONARY TERMS

5.2.1. Probationary Term. (a) Every appointment and promotion to a position in the competitive or labor class shall be for a probationary period of one year unless otherwise set forth in the terms and conditions of the certification for appointment or promotion as determined by the commissioner of citywide administrative services. Appointees shall be informed of the applicable probationary period.

(b) Every original appointment to a position in the non-competitive or exempt class shall be for a probationary period of six months unless otherwise set forth in the terms and conditions for appointment as determined by the commissioner of citywide administrative services. Appointees shall be informed of the applicable probationary period. However, such probationary period may be terminated by the commissioner of citywide administrative services or by the agency head before the end of the probationary period, and the appointment shall thereupon be deemed revoked. Nothing herein shall be deemed to grant permanent tenure to any non-competitive or exempt class employee.

5.2.2. Effect of Certain Prior Service and Military Law. (a) Notwithstanding anything to the contrary contained in paragraph 5.2.1, if a permanent employee has served in a promotional title and particular job assignment on a provisional or temporary basis for a continuous period equal to or greater than the probationary period for that title immediately prior to a permanent promotion to such title or, as determined by the commissioner of citywide administrative services, in a title in a similar grade and in such particular job assignment or similar job assignment in the same agency, the promotee shall not be required to serve a probationary period upon such promotion.

(b) Subject to the provisions of the military law of the state of New York, the computation of the probationary period shall be based on the time during which the employee is on the job in a pay status.

5.2.3. Status of Former Position Upon Promotion. Upon promotion, the position formerly held by the person promoted shall be held open for the promotee, and shall not be filled, except on a temporary basis, pending completion of the probationary term.

CASE NOTES

¶ 1. The rule provides that when a permanent employee is promoted to a position where he or she is required to serve a probationary term, the position vacated may not be permanently filled during the term of probation, and that during the probationary term, the employee has the right to return to the previous position at his or her own choice. The purpose of the rule is to provide some job security to a permanent employee who is promoted or transferred to a position in which he or she is required to serve a probationary term. Petitioner was a Contract Specialist within the Community Development Agency (CDA). He took an examination for a position of Staff Analyst with the CDA. The examination was open to all persons, whether or not they were current City employees. After passing the examination, petitioner received an appointment to Staff Analyst and was given a leave of absence from her Contract Specialist position. Before the probationary period was over, the CDA later terminated petitioner from her Staff Analyst position, allegedly because of insubordination. She then sought reinstatement to her position as Contract Specialist and brought an Article 78 petition after her request was denied. The court held that where petitioner had obtained her position through an open competitive examination rather than a promotional examination limited to persons in specified City employee titles, the regulation did not permit her to obtain reinstatement as of right to her former position. Bethel v. McGrath-McKechnie, 95 N.Y.2d 7, 709 N.Y.S.2d 888 (2000).

5.2.4. Waiver Upon Promotion. Upon promotion, the agency may waive the requirement of satisfactory completion of the probationary term at any time during such term.

5.2.5. Leave of Absence During Probationary Term. Whenever a probationer who has not completed a probationary term has been granted a leave of absence to accept appointment on a provisional, temporary, emergency or exceptional basis to another position in the city service or to accept permanent appointment to a position in another jurisdictional classification, the period of service in such position or positions may, in the discretion of the agency head who appointed such person as a probationer, be counted as satisfactory probationary service in determining the

completion of such probationary term.

5.2.6. Restoration After Separation From Service; Conditions. A probationer separated from the service for any reason other than fault or delinquency may be restored by, and at the discretion of, the commissioner of citywide administrative services to the eligible list from which selected, if it be in existence, with the same relative standing thereon for general certification therefrom or for certification to agencies other than the one from which the probationer was separated provided that:

(a) the time during which such person has actually served shall be deducted from the probationary term if such person be again selected by the same agency head;

(b) if selected by another agency head, such person shall be required to serve a full probationary term unless such agency head elects to credit such person with the time theretofore served.

5.2.7. Termination. (a) At the end of the probationary term, the agency head may terminate the employment of any unsatisfactory probationer by notice to such probationer and to the commissioner of citywide administrative services.

(b) Notwithstanding the provisions of paragraph 5.2.1, whenever any agency has with the approval of the commissioner of citywide administrative services established a prescribed formal course of study or training for all probationary employees in a given title or titles, the agency head may, at the close of such course of study or training, terminate the employment of any probationer who fails to complete successfully such course of study or training, as the case may be.

(c) Notwithstanding the provisions of paragraphs 5.2.1 and 5.2.7(a) the agency head may terminate the employment of any probationer whose conduct and performance is not satisfactory after the completion of a minimum period of probationary service and before the completion of the maximum period of probationary service by notice to the said probationer and to the commissioner of citywide administrative services. The specified minimum period of probationary service, unless otherwise set forth in the terms and conditions of the certification for appointment or promotion as determined by the commissioner of citywide administrative services, shall be:

(1) two months for every appointment to a position in the competitive or labor class and

(2) four months for every promotion to a position in the competitive or labor class.

5.2.8. Extension of Probationary Period. (a) Notwithstanding the provisions of paragraph 5.2.1, upon the written request of the agency head setting forth the reasons therefor and with the written consent of the probationer, the commissioner of citywide administrative services may authorize the extension of the probationary term for one or more additional periods not exceeding in the aggregate six months; provided, however, that the agency head may terminate the employment of the probationer at any time during any such additional period or periods.

(b) Notwithstanding the provisions of paragraphs 5.2.1, 5.2.2 and 5.2.8(a), the probationary term is extended by the number of days when the probationer does not perform the duties of the position, for example: limited duty status, annual leave, sick leave, leave without pay, or use of compensatory time earned in a different job title; provided, however, that the agency head may terminate the employment of the probationer at any time during any such additional period.

CASE NOTES

¶ 1. A probationary police officer was placed on modified duty pending internal investigation into alleged misconduct on her part relating to a homicide at a nightclub. Petitioner's employment was later terminated without a hearing. In an Article 78 proceeding, petitioner argued that, counting the time on modified duty, she had reached the threshold time of two years since her initial appointment, so that she could not be terminated without charges and a

hearing. The court, however, held that under Rule 5.2.8, the probationary period was extended by the time that petitioner spent on modified duty, so that she had not reached the two year threshold and was not protected from termination of employment. The court noted that under the rule, the probationary period was extended "by the number of days when the probationer does not perform the duties of the position." Although the rule gives such items as limited duty and sick leave as examples of acts giving rise to extenstions or probation, the list is not exhaustive. In this case, an officer on modified duty had to surrender his or her shield, firearm and identification card and could not engage in law enforcement. To the extent that the officer was thus restricted, he or she was not performing the duties of the position. Therefore, if petitioner's construction of the law were adopted, the appointing officer would be denied the very purpose of the probationary period, which is to ascertain the fitness of the probationer and give him or her a reasonable oppotunity to demonstrate the ability to perform the duties of the office. Garcia v. Bratton, N.Y.L.J., Oct. 29, 1997, page 28, col. 2 (New York Court of Appeals).

5.2.9. Restoration After Termination. Where the services of a probationer have been terminated, the commissioner of citywide administrative services has the discretion to and may restore the name of such probationer to the eligible list, if it be in existence. Such probationer's name shall be duly certified to other agency heads or to the same agency head if the latter so requests.

5.2.10. Continued Employment Pending Appeal. Whenever a probationer who has been declared not qualified by the commissioner of citywide administrative services for the position held by the probationer files an appeal with the commission, upon the written request of the agency head setting forth the reasons therefor, the probationer's continued employment may be authorized at the discretion of the commissioner of citywide administrative services pending final decision of such appeal; provided, however, that the period of service between such declaration of disqualification and the disposition of the appeal shall not be counted in determining the completion of such probationary term.

5.2.11. Reports to Commissioner of Citywide Administrative Services. The commissioner of citywide administrative services may require an agency head to report in writing on the quality of the performance of any probationer.

SECTION III-PROMOTIONS

5.3.1. General Provisions. (a) Except as otherwise provided, promotion examinations and promotions shall be governed by the rules relating to original appointments.

(b) The provisions of this section shall apply to promotion examinations conducted by the department of citywide administrative services and to non-written promotion examinations conducted by examining agencies.

5.3.2. Limitations On Promotion. (a) No promotion shall be made from one position or title to another position or title unless specifically authorized by the commissioner of citywide administrative services, nor shall a person be promoted to a position or title for which there is required an examination involving essential tests or qualifications different from or higher than those required for the position or title held by such person unless the person has passed the examination and is eligible for appointment to such higher position or title.

(b) An increase in the salary or other compensation of any person holding an office or position in the competitive class beyond the limit fixed for the grade of such position in the classification rules or an advancement from one rank to a higher rank shall be deemed a promotion except as provided otherwise in a labor contract, a labor relations order or personnel order and be subject to the prohibition of this paragraph.

5.3.3. Filling Vacancies by Promotion. (a) Except as provided in paragraph 5.3.5, vacancies in positions in the competitive class shall be filled, so far as practicable, by promotion from among persons holding competitive class positions in a lower grade in the agency in which the vacancy exists, provided that such lower grade positions are in the direct line of promotion, as determined by the commissioner of citywide administrative services.

(b) Where the commissioner of citywide administrative services determines that it is impracticable or against the public interest to limit eligibility for promotion to persons holding lower grade positions in the direct line of promotion, the commissioner of citywide administrative services may extend eligibility for promotion to persons holding:

(1) competitive class positions in lower grades which are determined by the commissioner of citywide administrative services to be in related or collateral lines of promotion; or

(2) comparable positions in any other unit or units of governmental service and may prescribe minimum training and experience qualifications for eligibility for such promotion.

(c) The commissioner of citywide administrative services may open promotion examinations to eligibles, otherwise qualified, in two or more grades who shall have served for the required period in any or all of such grades to which such examination is open. The commissioner of citywide administrative services also may extend eligibility in a promotion examination to persons holding positions of a corresponding character in the same grade as that of the position for which the examination is held. Eligibility shall be limited to persons who meet the requirements prescribed in the announcement of examination.

(d) Agency requests for any extension of eligibility provided for in this paragraph shall be made in accordance with the regulations of the commissioner of citywide administrative services.

5.3.4. Promotion Units. Promotion examinations may be held for such subdivisions of an agency as the commissioner of citywide administrative services may determine to be an appropriate promotion unit. Where promotion examinations are held for a promotion unit in an agency there shall be no certification of agency and citywide promotion eligible lists until after the promotion unit eligible lists for that agency have been exhausted.

5.3.5. Filling Vacancies by Open Competitive Examination. (a) Upon the initiative of the commissioner of citywide administrative services or upon the written request of an agency head stating the reasons therefor the commissioner of citywide administrative services may determine to conduct an open competitive examination for filling a vacancy or vacancies instead of a promotion examination.

(b) An agency head may determine that an open competitive examination should be conducted for filling a vacancy or vacancies in positions within the agency, instead of a promotion examination, subject to the provisions of this paragraph.

(c) Prior to any determination under paragraph 5.3.5(a) or (b) a determination shall be made by the commissioner of citywide administrative services :

(1) whether there are less than three persons eligible for promotion in the promotion unit where the vacancy exists or in the agency, if such vacancy is not in a separate promotion unit; or

(2) whether, in consultation with the agency head, an open competitive and promotion examination should be held simultaneously for vacancies in such positions.

If an affirmative determination is made under this subparagraph (c), the notice provisions of this paragraph shall not apply.

(d) A notice of intention to conduct such open competitive examination or a copy of the agency head's request for an open competitive examination, as the case may be, shall be publicly and conspicuously posted in the offices of both the agency and the department of citywide administrative services, where such determination is made by the commissioner of citywide administrative services under the provisions of 5.3.5(a). The determination or request shall not be acted upon until said notice has been so posted for a period of not less than fifteen days.

(e) A notice of intention to conduct such open competitive examination shall be publicly and conspicuously posted in the offices of the agency, where such determination is made by the agency head under the provisions of 5.3.5(b). Said notice shall be so posted for a period of not less than fifteen days. The agency head's determination and the reasons therefor, in writing, shall have been sent to the commissioner of citywide administrative services simultaneously with such posting.

(f) Any employee who believes that a promotion examination should be held for filling such vacancy, may submit to the commissioner of citywide administrative services and the agency head a request in writing, for a promotion examination rather than an open competitive examination, stating the reasons why such employee believes it to be practicable and in the public interest to fill the vacancy by promotion examination.

(g) The commissioner of citywide administrative services shall decide whether to disapprove an agency determination pursuant to 5.3.5(b) within thirty days of its receipt.

5.3.6. Citywide Lists. The commissioner of citywide administrative services may establish citywide promotion lists which shall not be certified to an agency until after the promotion eligible list for that agency has been exhausted.

5.3.7. Promotion by Non-Competitive Examination. Whenever there are no more than three persons eligible for examination for promotion to a vacant competitive class position, or whenever no more than three persons file applications for examination for promotion to such position, the agency head may nominate one of such persons and such nominee, upon passing an examination appropriate to the duties and responsibilities of the position may be promoted, but no examination shall be required for such promotion where such nominee has already qualified in an examination appropriate to the duties and responsibilities of the position.

5.3.8. Factors in Promotion. Promotion shall be based on merit and fitness as determined by examination. Seniority, previous training and experience of candidates, and performance based on performance evaluation may be considered and given due weight as factors in determining the relative merit and fitness of candidates for promotion.

5.3.9. Credit for Provisional Service. No credit in a promotion examination shall be granted to any person for any time served as a provisional appointee in the position to which promotion is sought or in any similar position, provided, however, such provisional appointee by reason of such provisional appointment shall receive credit in the permanent position from which promotion is sought for such time served in such provisional appointment.

5.3.10. [Deleted 10/19/81]

5.3.11. [Deleted 10/19/81]

5.3.12. Eligibility to Compete in a Promotion Examination: Preferred List or Leave of Absence Status. An employee who has been suspended from a position through no fault of the employee and whose name is on a preferred list, and any employee on leave of absence from a position shall be allowed to compete in a promotion examination for which such employee would otherwise be eligible on the basis of actual service before suspension or leave of absence.

5.3.13. [Deleted 10/19/81]

5.3.14. Eligibility for Certification from a Promotion List. Eligibility for certification by the commissioner of citywide administrative services or head of a certifying agency from a promotion list shall be limited to permanent employees whose names appear on such list who have successfully completed their probationary periods in the eligible title from which promotion is being made.

5.3.15. Eligible List Status of Employees Involuntarily Transferred, Reinstated From a Preferred List or Transferred to Avoid Layoff. Whenever a permanent employee is involuntarily transferred from one agency to another due to a transfer of personnel upon a transfer of functions or whenever such employee is reinstated from a preferred list

to an agency other than the one from which the employee was separated:

(a) If both the examination for the agency to which the employee is being transferred and the examination for the agency from which the employee was transferred were not given simultaneously nor are they identical, the employee shall be entitled, upon written application, to have his or her name transferred from such agency promotion list upon which it may appear in the first agency and entered upon a corresponding special promotion list for the agency to which such employee was reinstated from the preferred list or was involuntarily transferred. However, such corresponding special promotion list shall not be certified for promotion to such agency until any existing corresponding agency and unit promotion list or lists shall have been exhausted or terminated;

(b) If both the examination for the agency to which the employee is being transferred and the examination for the agency from which the employee was transferred were given simultaneously and are identical, the said employee shall be entitled upon written application to have his or her name transferred from such agency promotion list upon which it may appear and entered upon the appropriate eligible list in the agency to which such employee was reinstated from the preferred list or was involuntarily transferred based upon the final adjusted mark of such employee;

(c) If both the examination for the agency to which the employee is being transferred and the examination for the agency from which the employee was transferred were given simultaneously and although not identical the commissioner of citywide administrative services has determined that said examinations are comparable, the said employee shall be entitled upon written application to have his or her name transferred from such agency promotion list upon which it may appear and to have his or her name entered upon the appropriate eligible list in the agency to which such employee was reinstated from the preferred list or was involuntarily transferred based upon the final adjusted mark of such employee.

(d) The provisions of this section shall apply to a permanent employee who is transferred either voluntarily or involuntarily to avoid imminent suspension or demotion of employees within an agency due to an abolition or reduction of positions. The determination that suspensions or demotions are imminent shall be made by the commissioner of citywide administrative services.

(e) Where employees in the second agency, in the same title as the transferred employees provided for in this section, would have been eligible to participate in a promotion examination given at the same time as the one given to such transferred employees, but no such promotion examination was given, the provisions of this section shall not apply to such transferred employees.

5.3.16. Provisions for Promotion in the Correction, Fire, Housing Police, Police, Rapid Transit Railroad and Transit Police Services. (a) The provisions of paragraph 5.3.14 shall not be applicable in the case of promotion examinations and promotions in the correction, fire, police, and rapid transit railroad services.

(b) Eligibility to compete promotion examinations for positions in the rapid transit railroad service shall be limited to employees, otherwise qualified, who have served permanently in the eligible title or titles for a period of not less than one year if the examination is for a position in group II or for a period of not less than six months if the examination is for a position in group I, except as otherwise provided by law or rule or fixed in the notice of examination.

(c) In examinations for promotion to positions in the police, fire, rapid transit railroad, transit police, housing police and correction services, the method of rating seniority and performance and the terms and conditions of eligibility for competition and promotion therefor shall be set forth in the announcement of examination.

SECTION IV-TEMPORARY APPOINTMENTS

5.4.1. Temporary Appointments from Eligible Lists. (a) A temporary appointment for a period not exceeding three months, where the need therefor is important and urgent, may be made without regard to existing eligible lists.

(b) A temporary appointment for a period exceeding three months but not exceeding six months may be made by the selection of a person from an appropriate eligible list, if available, without regard to the relative standing of such person on such list.

(c) Any further temporary appointment beyond such six-month period or any temporary appointment originally made for a period exceeding six months shall be made by the selection of an appointee from among those graded highest on an appropriate eligible list, if available, upon certification thereof by the commissioner of citywide administrative services to the agency head in the manner prescribed in the rules for certification and appointment from eligible lists, provided however, that:

(1) such appointee may be withheld from certification at the request of the agency head for a period of four months or for the duration of such employment, whichever period is shorter.

(2) This limitation, however, shall not apply during the last four months of the life of such eligible list.

(d) The head of a certifying agency shall certify eligible lists for classes of positions unique to the agency pursuant to the provisions of this section and shall report thereon as prescribed by the commissioner of citywide administrative services.

5.4.2. Temporary Appointments Exceeding One Month Duration. (a) Temporary appointment may be made to a position when an employee is on leave of absence from such position for a period not exceeding the duly authorized duration of such leave of absence.

(b) Temporary appointment may be made for a period not exceeding six months when the commissioner of citywide administrative services shall find, upon due inquiry, that the position to which such appointment is proposed will not continue in existence for a longer period; provided, however, that where such appointment is made and it subsequently develops that such position will remain in existence beyond such six-month period such temporary appointment may be extended with the approval of the commissioner of citywide administrative services for a further period not to exceed an additional six months.

5.4.3. Successive Temporary Appointments. Except as otherwise provided, successive temporary appointments pursuant to paragraphs 5.4.1 or 5.4.2 shall not be made to the same position after the expiration of the authorized period of the original temporary appointment to such position.

5.4.4. Effect of Temporary Appointment on Promotion Eligibility. Any employee who is appointed or promoted to a position left temporarily vacant by the leave of absence of the permanent incumbent thereof(pursuant to rule 5.4.2) after having qualified therefor in the same manner as required for permanent appointment or promotion thereto, shall have all the rights and benefits with respect to promotion eligibility of permanent status.

SECTION V-PROVISIONAL APPOINTMENTS

5.5.1. Appointment Requirements. Whenever there is no appropriate eligible list available for filling a vacancy in the competitive class, the agency head may nominate a person to the commissioner of citywide administrative services for non-competitive examination, and:

(a) if such nominee shall be certified by the commissioner of citywide administrative services as qualified after such non-competitive examination, the nominee may be appointed provisionally to fill such vacancy until a selection and appointment can be made after competitive examination;

(b) such non-competitive examination may consist of a review and evaluation of the training, experience and other qualifications of the nominee without written, oral or other performance tests.

5.5.2. Duration. A provisional appointment shall not continue for a period in excess of nine months.

5.5.3. Termination. A provisional appointment to any position shall be terminated within two months following the establishment of an appropriate eligible list for filling vacancies in such positions; provided, however, that:

(a) when there is a large number of provisional appointees in any agency to be replaced by permanent appointees from a newly established eligible list and the agency head deems that the termination of the employment of all such provisional appointees within two months following the establishment of such list would disrupt or impair essential public services, evidence thereof may be presented to the commissioner of citywide administrative services; and

(b) after due inquiry, and upon finding that it is in the best interests of the public service, the commissioner of citywide administrative services may thereupon waive the provision of this paragraph requiring the termination of the employment of provisional appointees within two months following the establishment of an appropriate eligible list and authorize the termination of the employment of various numbers of such provisional appointees at prescribed stated intervals;

(c) in no case however shall the employment of such provisional appointee be continued longer than four months following the establishment of such eligible list.

5.5.4. Successive Provisional Appointments. (a) Successive provisional appointments shall not be made to the same position after the expiration of the authorized period of the original provisional appointment to such position except as provided in this paragraph.

(b) Where an examination for a position or group of positions fails to produce a list adequate to fill all positions then held on a provisional basis, or where such list is exhausted immediately following its establishment, a new provisional appointment may be made to any such position remaining untilled by permanent appointment. Such new provisional appointment may, in the discretion of the agency head, be given to a current or former provisional appointee in such position, except that a current or former provisional appointee who becomes eligible for permanent appointment to any such position shall, if he is then to be continued in or appointed to any such position be afforded permanent appointment to such position.

5.5.5. Credit for Provisional Service. The commissioner of citywide administrative services may, by regulation, provide a suitable method for the computation of experience credit for provisional service in open competitive or labor class examinations.

5.5.6. Review of Provisional Appointments. The commissioner of citywide administrative services shall review any appointments of persons as provisional employees within sixty days after appointment to assure compliance with the New York City charter, the civil service law and other applicable law and the rules and regulations of the commissioner of citywide administrative services.

SECTION VI-SEASONAL APPOINTMENTS

5.6.1. Seasonal Appointments Authorized. All positions in the competitive class, where the nature of the service is such that it is not continuous throughout the year, but recurs in each successive calendar year, may be designated by the commissioner of citywide administrative services as seasonal positions and appointments thereto shall be designated as seasonal appointments.

5.6.2. Seasonal Re-employment Roster. (a) At the end of an employment season, the names of all persons employed during such season or major portion thereof shall be entered upon a seasonal re-employment roster in the order of their first appointment to the title vacated by them on the expiration of such employment season provided that:

(1) the services rendered by such persons shall have been certified as satisfactory during such season or major

portion thereof by the agency head; and

(2) they are otherwise still qualified.

(b) The names of the persons appearing on such roster shall be certified in numerical order during the next succeeding season to an agency head upon that official's request for seasonal re-employment in the positions previously held by such persons or similar positions.

(c) The qualifications of any such person may be further reviewed by the commissioner of citywide administrative services with respect to such person's continuing fitness to perform the required duties and such person may be disqualified for re-employment in the same manner and for any of the reasons applicable to disqualification for permanent employment.

5.6.3. Effect Upon Status. Such seasonal re-employment roster shall in no event be deemed to be a preferred eligible list and persons employed in seasonal positions shall acquire no civil service status or right or privilege other than is set forth in this section.

SECTION VII-EXCEPTIONAL APPOINTMENTS

5.7.1. Temporary Appointments Without Examination in Exceptional Cases. (a) The commissioner of citywide administrative services may authorize a temporary appointment, without examination, when the person appointed will render professional, scientific, technical or other expert services:

(1) on an occasional basis; or

(2) on a full-time or regular part-time basis in a temporary position established to conduct a special study or project for a period not exceeding eighteen months.

(b) Such appointment may be authorized only in a case where because of the nature of the services to be rendered and the temporary or occasional character of such services it would not be practicable to hold an examination of any kind.

5.7.2. [Deleted 7/8/80]

5.7.3. Records. All exceptions made pursuant to this section shall be recorded by the commissioner of citywide administrative services.

5.7.4. Effect Upon Status. Persons engaged for employment pursuant to this section shall acquire no civil service status or right or privilege of tenure other than those set forth herein.

5.7.5. City Services Aides. Appointments to positions in the title city services aide title code no. 91405 which are paid on a per diem basis entirely from state and/or federal funds and are designed for the purpose of training individuals for specific skills and/or providing work opportunity in accordance with the provisions of an agreement between the City of New York or one of its agencies or authorities and the New York State or federal agency involved, shall be designated as exceptional appointments. Such appointments shall be made after authorization by the commissioner of citywide administrative services and in accordance with the terms and conditions of the appropriate agreement and for a period not to exceed eighteen months.

Appointments to positions in the title city services aide title code no. 91405 which are needed to perform or directly supervise the performance of general work requiring little or no experience or education and which result from a natural or humankind emergency that has been declared by the mayor, shall also be designated as exceptional appointments. Such per diem appointments shall be made after authorization by the commissioner of citywide administrative services and shall exist for the duration of the emergency, not to exceed a total of six months.

SECTION VIII-TRAINEE OR AIDE APPOINTMENTS

5.8.1. Trainee or Aide Appointments Authorized; Conditions. The commissioner of citywide administrative services may require that permanent appointments to designated positions in the competitive class shall be conditioned upon the satisfactory completion of a period of service as a trainee or aide in an appropriate lower, trainee or aide position in such class and/or, where required, the completion of specified formal courses of training.

(a) The period of such trainee or aide service shall be prescribed and set forth in the announcement of examination.

(b) Upon the satisfactory completion of such trainee or aide service and/or of specified formal courses of training, as the case may be, an appointee shall attain permanent status in the designated position.

(c) Any trainee or aide appointment shall be subject to such probationary term as is prescribed in the rules.

(d) The employment of such trainee or aide may be terminated at the end of the period of the trainee or aide service, or at any time within such period, if the trainee's or aide's conduct, capacity or fitness is not satisfactory or if such person fails to pursue or to continue satisfactorily such formal courses as may be required, provided, however, that the announcement of examination shall set forth appropriate information relative to such termination.

5.8.2. Effect of Service in a Trainee Title Upon Probationary Period in the Permanent Title. If, in the opinion of the agency head, an appointee conclusively demonstrates during service in a trainee title ability and fitness to perform the duties of the permanent title to which the appointee is thereafter assigned, completion of service in the trainee title, in the discretion of the agency head, may be deemed to be satisfactory completion of the probationary period in the permanent title, provided that the agency head files a written statement to that effect with the department of citywide administrative services at the time of such assignment to the permanent title.

RULE VI-PERSONNEL CHANGES

SECTION I-TRANSFERS

6.1.1. General Provisions. Except as provided in paragraph 6.1.9 of this section, an employee shall not be transferred to a position for which there is required an examination involving essential tests or qualifications different from or higher than those required for the position held by such employee.

6.1.2. Functional Transfers. Upon the transfer of a function from one agency to another agency, the permanent employees in the competitive or labor class so transferred shall be transferred without further examination or qualification and shall retain their respective civil service classification and status as employees in such new agency in accordance with the provisions of law governing functional transfers.

6.1.3. General Requirements. Every transfer, other than a functional transfer, shall require the consent, in writing, of the proposed transferee and of the respective heads of the agencies concerned therewith and the approval of the commissioner of citywide administrative services.

6.1.4. Existing Eligible Lists, Restriction. A transfer, other than a functional transfer, shall not be approved to a position for which an adequate appropriate preferred or agency promotion list exists, except as provided for in paragraph 6.1.5 of this section.

6.1.5. Special Transfer Lists. Whenever it is determined to the satisfaction of the commissioner of citywide administrative services that the abolition of a permanent position in the competitive class is imminent:

(a) the head of the agency in which such position exists shall furnish forthwith to the commissioner of citywide administrative services the name, title, date of original appointment and the salary of the employee expected to be suspended; and

(b) the commissioner of citywide administrative services shall thereupon establish a special transfer list for such title and shall place the name of such employee thereon in the order of original appointment as though suspended in accordance with section eighty of the civil service law; and

(c) for a period not exceeding six months prior to the prospective abolition of such position, an employee whose name appears on such special transfer list shall be eligible for the filling of vacancies in the same or similar position before certification is made from any open competitive or promotion list; and

(d) the name of any employee appearing on such special transfer list who is not so transferred prior to the abolition of such employee's position shall be placed on an appropriate preferred list pursuant to section eighty-one of the civil service law.

6.1.6. Eligibility of Probationers for Transfer. An employee on probation shall be eligible for transfer; provided however, that:

(a) if such transfer is voluntary such employee shall serve the entire period of probation on the job in a pay status in the new position in the same manner and subject to the same conditions as required upon such employee's employment in the position from which transfer is made, and in accordance with the provisions of paragraph 5.2.1;

(b) if such employee is involuntarily transferred from one agency to another due to a transfer of personnel upon a transfer of function, or if such employee transfers voluntarily to avoid layoff resulting from a reduction in force, then, in either of such events, such employee shall receive credit for the period of time already served on probation.

CASE NOTES

¶ 1. An employee of the Sanitation Department serving a one-year disciplinary probation period and faced with a layoff for economic reasons opts to transfer to Triborough Bridge and Tunnel Authority employment. Petitioner was notified that his transfer was subject to City Personnel Director's rules governing transfers which provides that a probationary employee voluntarily agreeing to a transfer to avoid a layoff is subject to the employee completing any probationary period then being served, 13 RCNY, title 59, Appendix A, rule 6.1.6. In this case the employee had nine months probationary service left and when he incurred further disciplinary measures during that time he was properly dismissed. Jackson v. Triborough Bridge, 155 Misc. 2d 715 [1993].

6.1.7. Assignment During Period of Disability. An employee who has incurred a disability which prevents the employee from performing the normal duties of the position may be assigned during the period of such disability to other appropriate duties for which the employee is deemed duly qualified as determined by the commissioner of citywide administrative services.

6.1.8. Transfers: Other Jurisdictions. Transfers between positions subject to the jurisdiction of the commissioner of citywide administrative services and positions subject to the jurisdiction of the state civil service commission, the administrative board of the judicial conference or any other municipal civil service commission in the state may be approved by the commissioner of citywide administrative services, provided that the state civil service commission, the administrative board of the judicial conference or other municipal civil service commission has adopted reciprocal rules therefor and approves such transfers.

6.1.9. Transfer and Change of Title. Notwithstanding the provisions paragraph 6.1.1 of this section or any other provision of law, any permanent employee in the competitive class who meets all of the requirements for a competitive examination, and is otherwise qualified as determined by the commissioner of citywide administrative services, shall be eligible for participation in a non-competitive examination in a different position classification provided, however, that such employee is holding a position in a similar grade.

SECTION II-REINSTATEMENTS

6.2.1. General Provisions. (a) An employee who has completed a probationary term in a permanent position in the competitive or labor class, and who has resigned or retired therefrom may be reinstated with the approval of the commissioner of citywide administrative services to:

(1) the position from which the employee has resigned or retired, if vacant, or to any similar vacant position in the agency in which the employee was employed; or

(2) to a position in another agency to which the employee would have been eligible for transfer.

(b) Such reinstatement may be made only if the separation from employment was without fault or delinquency on the employee's part and the head of the agency to whom the employee has applied for such reinstatement is willing to reinstate the employee.

6.2.2. General Conditions. (a) Such reinstatement shall be subject to the provisions of this section and shall be made without further examination except that the employee reinstated under this section may be subject to such probationary period, investigation, medical or other qualifying tests or requirements as the commissioner of citywide administrative services shall determine.

(b) The head of the agency wherein such reinstatement occurs may elect to waive the requirement of satisfactory completion of the probationary term at any time during such term.

6.2.3. Period of Eligibility for Reinstatement. (a) Such reinstatement must be accomplished within a period of time equivalent to the time the employee has actually served in the civil service of New York City, but in no event shall such period for reinstatement be less than one year nor more than four years from the date of resignation or retirement provided, however, that:

(1) the commissioner of citywide administrative services may fix a period equal to or twice the period actually served, but in no event less than one year nor more than four years within which an employee may be reinstated for designated classes of positions, where the commissioner of citywide administrative services determines that there is a lack of a sufficient number of qualified persons available for recruitment; and

(2) the commissioner of citywide administrative services shall annually re-examine the reason for establishing such period for reinstatement and shall revoke the prior determination upon a finding that there is a sufficient number of qualified persons available for recruitment.

(b) In computing the aforementioned time limitation, any time subsequent to separation spent in active service in the armed forces of the United States or of the State of New York resulting in discharge under honorable conditions and any time spent subsequent to separation in another position in the civil service of the city shall not be considered.

(c) Notwithstanding the foregoing provisions of this paragraph, with respect to members of the uniformed forces of the police and fire departments, the uniformed force of the New York City transit authority police department, and the uniformed force of the police department of the New York City housing authority, such reinstatement must be applied for by the former employee within a period of one year from the date of resignation or retirement.

6.2.4. Effect on Continuous Service. Any such reinstatement effected more than one year after such separation shall not constitute continuous service.

6.2.5. Reinstatement After Separation for Disability. (a) Where an employee has been separated from the service by reason of a disability resulting from occupational injury or disease as defined in the workers' compensation law, such employee shall be entitled to a leave of absence for at least one year unless the disability is of such a nature as to permanently incapacitate the employee from the performance of the duties of the position.

(b) Such employee may, within one year after the termination of such disability, make application to the commissioner of citywide administrative services for a medical examination to be conducted by a medical examiner selected by the commissioner of citywide administrative services. If, upon such examination, such examiner shall certify that such person is physically and mentally fit to perform the duties of the former position, such person shall be reinstated to it, if vacant, or to a vacancy in a similar or lower position in the same occupational field or to a vacant position for which such person was eligible for transfer.

(c) If no appropriate vacancy shall exist to which reinstatement may be made, or if the work load does not warrant the filling of such vacancy, the name of such person shall be placed upon a preferred list for the person's former or similar position, and such person shall be eligible for reinstatement therefrom for a period of four years from the date of medical and physical qualification. In the event that such person is reinstated to a position in a lower grade, the person's name shall likewise be placed on a preferred list.

(d) This paragraph shall not be deemed to modify or supersede any other provisions of law applicable to the re-employment of persons retired from the public service on account of disability.

6.2.6. Reinstatement of Dismissed Employee. (a) An agency under the jurisdiction of the commissioner of citywide administrative services, upon written application for reinstatement by a person who was dismissed from a permanent competitive or labor class position in such agency, which sets forth the reasons for requesting an opportunity of making a further explanation, may consider such application.

(b) If the agency shall determine that such application and explanation are meritorious, it may, in its discretion and with the approval of the commissioner of citywide administrative services, reinstate such person; provided however, that:

(1) such person shall be eligible for reinstatement for a period of one year only from the date of dismissal; and

(2) such person shall execute a prescribed waiver, in writing, with respect to claims for back pay, civil service rights and status for the period of the dismissal.

6.2.7. Other City Service. A permanent competitive class employee, separated from a position by appointment or promotion to another position in the unclassified or classified service of the city and who has served continuously therein, shall be eligible for instatement to the competitive class position formerly held by the employee or to another similar position or lower position in the same or similar occupational group or service.

CASE NOTES

¶ 1. This rule states that permanent City employees who are appointed or promoted to another position, and who have served continuously, are eligible for reinstatement to the former position. This provision merely gives the City agency discretion to reinstate the employee, and absent an abuse of discretion, the court will not interfere with the agency's decision to deny reinstatement. Bethel v. McGrath-McKechnie, 95 N.Y.2d 7, 709 N.Y.S.2d 888 (2000).

SECTION III-VOLUNTARY DEMOTIONS

6.3.1. General Provisions. No permanent competitive class employee shall be demoted unless such employee consents thereto in writing. The agency head concerned shall transmit to the commissioner of citywide administrative services such consent together with a statement of the reasons therefor. This paragraph shall not be applicable to penalties of demotion resulting from disciplinary proceedings.

6.3.2. Restoration. A person who has been demoted may, upon written request by the agency head concerned, be restored to such person's former position or a similar position, with the approval of the commissioner of citywide administrative services.

SECTION IV-REMOVAL AND OTHER DISCIPLINARY ACTION

6.4.1. Removal Notification to Department of Citywide Administrative Services. Where a person has been removed from a position for cause, a copy of the reasons therefor together with a copy of the proceedings thereon shall be transmitted to the department of citywide administrative services.

6.4.2. Service of Charges and Determination. (a) Where the employee is a resident of the city, a copy of charges preferred in a disciplinary action pursuant to sections seventy-five and seventy-six of the civil service law shall be served in person upon the employee thus charged.

(b) Where personal service cannot be made or where the employee is not a resident of the city, it shall be sufficient for the agency head to serve such charges by registered mail to the last known address of such person. Where service is made by registered mail such person shall be allowed an additional three days in which to answer or otherwise appear.

(c) Service by the agency head of written notice of determination to be reviewed pursuant to sections seventy-five and seventy-six of the civil service law shall be sufficient if such written notice is delivered personally or by registered mail to the last known address of such person and when notice is given by registered mail such person shall be allowed an additional three days in which to file such appeal.

CASE AND ADMINISTRATIVE NOTES

¶ 1. A single unsuccessful attempt at 8:05 a.m. on a Friday to serve the petition personally on the respondent employee at her residence in the city does not demonstrate that personal service cannot be made, as required by paragraph (b) of this rule. Human Resources Administration v. Rice, OATH Index No. 455/93 (Mar. 1, 1993).

¶ 2. Failure to comply with the service requirements of this rule is not fatal where the employee received actual notice of the disciplinary charges. Board of Education v. Earl, OATH Index No. 494/95 (Nov. 28, 1994).

¶ 3. Where an employee deliberately evaded attempts to serve him personally with disciplinary charges, the employee was estopped from asserting that personal service was not made pursuant to paragraph (a) of this rule. In any event, service by Federal Express delivery and by regular and certified mail, after the unsuccessful attempts at personal service, were sufficient under paragraph (b) of this rule. Board of Education v. Roman, OATH Index No. 1555/97 (Sept. 30, 1997).

¶ 4. Administrative law judge found service at a foreign address where respondent instructed the agency to send his mail was sufficient to give respondent actual notice of the proceeding. **Dep't of Environmental Protection v. Zaza,** OATH Index No. 516/99 (Oct. 16, 1998).

¶ 5. Service of petition and notice of trial by certified mail sent to respondent's address of record is sufficient for non-city resident. **Dep't of Homeless Services v. Edwards,** OATH Index No. 1688/98 (June 26, 1998).

¶ 6. Respondent was properly served with charges where they were handed to him at the workplace by a secretary, where he took them, and looked at them without reading them and placed them on the secretary's desk. **Human Resources Admin. v. Morris,** OATH Index No. 1683/95 (May 6, 1998).

¶ 7. Evidence showed that respondent actually received the notice of hearing, when he opened it, saw it was meant for him, but treated it as a nullity and returned it to the Department because it incorrectly listed his personnel captain as the addressee. Administrative law judge found that respondent was properly served where Department complied with Personnel Director's rules for service in disciplinary proceedings by attempting personal service at respondent's last known address and thereafter mailing a copy of the charges and notice of hearing to that address. **Dep't of Correction v. Winkfield**, OATH Index No. 2219/99 (Sept. 21, 1999).

¶ 8. Indication on personnel papers that respondent's absence was originally due to "incarceration" raised question of whether proper service of charges was made. Evidence showed that personal service on admitted relative of respondent at last known address was accomplished prior to hearing. Administrative law judge determined that service was sufficient to afford respondent opportunity to communicate with counsel or the agency prior to date of hearing. **Human Resources Admin. v. Hartley,** OATH Index No. 1829/99 (June 9, 1999).

¶ 9. Agency served a new charge by electronic facsimile upon the employee's attorney, without serving the employee himself. Although Personnel Director's Rule 6.4.2 requires personal service of disciplinary charges on the employee, the rule has not been held to require personal service of amendments to charges, made after the employee has already been personally served with the initial charges and the attorney has appeared in the case. Under these circumstances, the administrative law judge found that there was no prejudice to respondent, that he had a fair opportunity to litigate the issue of the bribe, and that the motion to amend should therefore be granted. **Dep't of Sanitation v. Vaughan,** OATH Index No. 2234/99 (Feb. 15, 2000), **aff'd,** NYC Civ. Serv. Comm'n Item No. CD00-100-SA (Nov. 15, 2000).

¶ 10. Motion to dismiss complaints granted where administrative law judge found that complaints were not left with employee who refused to sign statement acknowledging their receipt. **Dep't of Sanitation v. Yovino**, OATH Index No. 992/04, mem. dec. (Aug. 11, 2004).

¶ 11. Attempted personal service of charges at respondent's home address held to comply with the City Personnel Director's rule, notwithstanding that petitioner's employees were aware of respondent's temporary absence from residence due to an in-patient rehabilitation program. **Fire Dep't v. Rinehard**, OATH Index No. 647/05 (Oct. 21, 2004).

6.4.3. Absence Without Leave. (a) When an employee is absent without leave and fails to communicate with the department in which employed in the manner prescribed by that department for a period of twenty consecutive work days, such absence shall be deemed to constitute a resignation effective on the date of its commencement unless the appointing officer, at the discretion of that officer, accepts an explanation for such unauthorized absence.

(b) In the case of an employee covered by the provisions of section seventy-five of the civil service law such absence shall constitute a cause for action against such employee under and subject to the provisions of that section.

SECTION V-ABOLITION OF POSITION, SUSPENSION,

DEMOTION, PREFERRED LISTS

6.5.1. Suspension or Demotion. The suspension or demotion of competitive class employees upon the abolition or reduction of positions shall be governed by the provisions of section eighty of the civil service law.

6.5.2. Units for Suspension or Demotion. (a) The commissioner of citywide administrative services may, by rule, designate as separate units for suspension or demotion under this section, any institution or any division of any agency.

(b) There are hereby designated within the department of health the following separate units for suspension or demotion:

(1) urine testing laboratory of the methadone maintenance treatment program;

(2) Williamsburg methadone maintenance clinic of the methadone maintenance treatment program;

(3) evaluation and control unit of the methadone maintenance treatment program.

(c) There are hereby designated within the department of mental health, mental retardation and alcoholism services the following separate units for suspension and demotion:

(1) criminal and supreme court mental health program;

(2) family court mental health program.

(d) There are hereby designated within the department of citywide administrative services the following separate units for suspension or demotion:

(1) executive offices, which shall include the commissioner's office, office of the general counsel, office of technology and information services, office of fleet administration and transportation and office of external affairs and communications;

(2) offices of the chief financial officer and the chief administrative officer;

(3) office of administrative trials and hearings;

(4) division of facilities management and construction services;

(5) division of municipal supply services;

(6) division of real estate services;

(7) division of citywide personnel services.

(e) There are hereby designated within the department of housing preservation and development the following units for suspension or demotion:

(1) office of property management;

(2) office of development;

(3) office of rent and housing maintenance;

(4) office of central administration.

(f) There are hereby designated within the Department of Finance the following units for suspension or demotion:

(1) Department of Finance;

(2) Tax Appeals Tribunal.

6.5.3. Preferred Lists; Certification and Reinstatement. In the event of suspension or demotion, preferred lists and certification and reinstatement therefrom shall be governed by the provisions of section eighty-one of the civil service law.

6.5.4. Effect of Failure or Refusal to Accept Reinstatement. (a) The failure or refusal of a person on a preferred list to accept reinstatement therefrom to the person's former position, or any comparable position in a comparable salary or salary range for which such list is certified, shall be deemed to be relinquishment of eligibility for reinstatement, and such person's name shall thereupon be stricken from such preferred list.

(b) The name of such person may be restored to such preferred list, and certified to fill such appropriate vacancies as may thereafter occur, only upon the written request of such person containing a submission of reasons satisfactory to the commissioner of citywide administrative services for the previous failure or refusal to accept reinstatement.

6.5.5. Labor Class. Whenever in any agency a position in the labor class is abolished or made unnecessary in any

manner, or whenever the number of such positions is reduced, the permanent employee in such position shall be deemed suspended without pay and such employee's name shall be placed upon a preferred list for certification to appropriate vacancies for a period of one year from the date of suspension in the same manner as provided by sections eighty and eighty-one of the civil service law for the competitive class.

SECTION VI-EDUCATIONAL LEAVE OF ABSENCE

UNDER THE MILITARY LAW

6.6.1. Certification. In the event an employee on an educational leave of absence pursuant to the military law is on an eligible list and is certified but passed over for appointment from such a list during the period of absence, such employee shall not be charged with the certification.

6.6.2. Seniority. The seniority of an employee on educational leave of absence pursuant to the military law shall accrue for purpose of suspension pursuant to section eighty of the civil service law during the period of such absence and the employee may in the same manner as all regular candidates file for and compete in any scheduled promotion examination held during the period of absence for which the employee meets the eligibility requirements, but inability to file or to appear for the examination at the regularly scheduled time and place because of such absence shall not be sufficient grounds for granting a special examination.

6.6.3. Probation. Whenever an employee shall have been granted an educational leave of absence pursuant to the military law prior to the completion of the probationary term prescribed by these rules, such probationary term shall not continue to run during the period of absence, but the employee shall be required to serve the remainder of such prescribed term upon return to active duty in pay status in city service before the employment shall be considered permanent.

6.6.4. Performance Rating or Evaluation. No performance rating or evaluation shall be assignable to an employee on an educational leave of absence pursuant to the military law unless such employee shall have served at least three months on active duty in pay status in city service during a rating or evaluation period as prescribed by the rules or regulations governing performance ratings or evaluation.

RULE VII-GENERAL PERSONNEL ADMINISTRATION

SECTION I-MAINTENANCE OF ROSTERS, ADDRESSES

AND RECORDS

7.1.1. Roster. The department of citywide administrative services shall maintain an official roster of the classified service, setting forth in detail the employment listing of each employee and each change of status from the time the employee enters service until separation therefrom.

7.1.2. Address. (a) Each officer or employee in the classified service shall, upon appointment or promotion, notify the agency head of his or her address. Such officer or employee shall likewise inform the agency head of any change of address during the period of employment.

(b) A candidate for examination or an eligible on a list shall promptly notify the department of personnel and the examining or certifying agency, as the case may be, of any change of address which occurs between the time of filing the application and the expiration of the eligible list upon which such person's name appears.

(c) Any communication or service to the last address thus furnished shall be deemed a valid and sufficient communication of service upon such person.

7.1.3. Records. Personnel records created and maintained by each agency shall include such records as prescribed

by the commissioner of citywide administrative services to be maintained by the agency or submitted to the department of citywide administrative services.

SECTION II-CERTIFICATION OF PAYROLLS

7.2.1. Certification. Payrolls shall not be certified except upon declaration by the agency submitting them to the commissioner of citywide administrative services that the persons named therein are employed in their respective positions in accordance with law and the rules and regulations adopted pursuant thereto. The payroll of any person whose employment is in contravention of the foregoing provision shall not be certified by the commissioner of citywide administrative services.

7.2.2. Notification. Notification prior to each action or decision of an agency pursuant to chapter thirty-five of the New York City charter which changes the status of an individual employee, a position or a class of positions shall be provided by the agency to the commissioner of citywide administrative services.

7.2.3. Additional Employment. Except as otherwise provided by law, no person receiving remuneration from employment in a position in the classified service shall be eligible to receive remuneration for employment in any additional position or positions in the civil service of the city or in the civil service of any other governmental agency or jurisdiction unless the agency head or heads concerned shall certify that such additional employment or employments are not in violation of any law, rule or regulation and that such additional employment or employments are not incompatible with the position held by such person.

CASE AND ADMINISTRATIVE NOTES

¶ 1. Respondent found to have violated rule 7.2.3 by not filing a dual employment request form where respondent simultaneously worked for the Board of Education and the Department of Homeless Services. **Dep't of Homeless Services v. Perry,** OATH Index No. 2221/00 (Sept. 11, 2000).

SECTION III-POSITION CLASSIFICATION AND ALLOCATION

7.3.1. Position Classification. (a) The commissioner of citywide administrative services shall, in accordance with the law and rules, duly classify and reclassify positions in the city service and shall prescribe regulations and procedures therefor.

(b) Agencies shall participate, in accordance with the provisions of this paragraph, with the department of citywide administrative services in job analyses for classification of positions and shall assist in setting the minimum requirements therefor.

7.3.2. Position Allocation: Existing Titles. (a) Any new or existing positions which are allocated by an agency to a title of an existing class of positions shall be appropriate to the duties and responsibilities of such title and conform to the class specifications therefor.

(b) Agency allocations of such positions shall be made in accordance with these rules and with the standards set forth in the regulations or otherwise prescribed by the commissioner of citywide administrative services.

7.3.3. Position Allocation: New Class of Positions. (a) If a new position is to be allocated by an agency to a new class of positions, the agency head shall request of the commissioner of citywide administrative services, and the commissioner of citywide administrative services shall furnish to the agency head and the commissioner of finance, a certificate stating:

(1) the appropriate civil service title for the proposed position;

(2) the range of salary of comparable civil service positions;

(3) a statement of required class specifications and line of promotion, if any, into which such new position shall be placed.

(b) Any such new position shall be created only with the title approved by the commissioner of citywide administrative services and in accordance with the rules.

SECTION IV-MANAGEMENT SERVICE (RESERVED)

SECTION V-PERFORMANCE EVALUATION FOR

SUB-MANAGERIAL EMPLOYEES

7.5.1. Agency Performance Evaluation Programs. Each agency shall establish and administer a performance evaluation program for sub-managerial employees in accordance with these rules or as prescribed by the commissioner of citywide administrative services in the regulations or procedures. Such programs shall be subject to approval by the commissioner of citywide administrative services.

7.5.2. Definition. The performance evaluations of all sub-managerial employees, other than members of the uniformed forces of the police, fire, transit police, housing police, correction services and operating staff of the independent authorities, shall be based upon evidence of the work actually performed by such employees as compared with pre-established performance standards.

7.5.3. Use. Performance evaluations of sub-managerial employees shall be used by agencies during the probationary period and for promotions, assignments, incentives and training.

7.5.4. General Administration. (a) Each agency shall establish and maintain an employee service board to oversee the operation and effectiveness of the agency's sub-managerial performance evaluation program.

(b) Rating criteria in the form of performance standards shall be developed through a process of job analysis that will include consultation with employees to be evaluated.

(c) Sub-managerial employees shall be rated by supervisors who directly observe and/or review their work. All such evaluations shall be reviewed by a superior who is at least one level above that of the evaluator.

(d) Final evaluations shall be issued by the agency's employee service board subject to review by the agency head.

(e) Sub-managerial employees shall receive at least one performance evaluation a year and shall be informed in writing at the beginning of the evaluation period of the performance standards that are to be used as the basis for evaluation. All such employees shall be shown their evaluation reports.

7.5.5. Appeals. (a) Each agency shall establish and maintain an appeals board which shall determine appeals by permanent sub-managerial employees of their performance evaluations.

(b) The determination of the appeals board may be appealed by such permanent employee to the head of the agency.

(c) Procedures for such appeals shall be contained in the sub-managerial performance evaluation program submitted by the agency to the commissioner of citywide administrative services.

7.5.6. Sub-Managerial Performance Evaluations for Probationary Employees. (a) Interim evaluations shall be made for sub-managerial probationary employees at least every three months and a final report shall be made at the end of the probationary period. Each interim evaluation shall contain a recommendation that the probationary employee either be retained for an additional three-month period or terminated from the position.

(b) Such probationary employee shall not have the right to appeal a performance evaluation but any unsatisfactory interim reports and all final probationary reports shall be reviewed by the agency's employee service board.

7.5.7. Notices. Each agency shall publicize in a timely fashion any salary increases, other monetary rewards or assignments which result from sub-managerial performance evaluations. The names of employees who receive overall ratings above satisfactory shall also be made public.

SECTION VI-PERSONNEL PROGRAMS FOR

EMPLOYEE INCENTIVES AND RECOGNITION,

TRAINING AND SAFETY

7.6.1. Employee Incentives and Recognition. (a) The commissioner of citywide administrative services shall administer citywide employee incentive and recognition programs.

(b) Agency plans and programs for agency employee incentive and recognition shall be prepared and submitted to the commissioner of citywide administrative services for approval in accordance with the regulations or as otherwise prescribed by the commissioner of citywide administrative services.

7.6.2. Employee Training and Development. Employee training and development programs shall be conducted on a citywide basis by the department of citywide administrative services and on an individual agency basis by agencies.

7.6.3. Employee Safety. Employee safety programs shall be administered on a citywide basis by the department of citywide administrative services and on an individual agency basis by agencies.

7.6.4. General Provisions. (a) Standards for the personnel programs described in this section shall be as prescribed by the commissioner of citywide administrative services.

(b) Personnel programs which are of a citywide nature or which are such that administration by separate agencies would be impracticable and uneconomical shall be administered by the commissioner of citywide administrative services.

SECTION VII-EQUAL EMPLOYMENT OPPORTUNITY

7.7.1. Equal Employment Opportunity. Equal employment opportunity programs administered by the department of citywide administrative services and by agencies shall ensure and promote equal opportunity in employment.

RULE VIII-APPEALS

SECTION I-DEPARTMENT OF CITYWIDE

ADMINISTRATIVE SERVICES ACTIONS

8.1.1. Procedures for Claim of Manifest Error or Mistake-Examinations. (a) Except as otherwise provided by resolution or regulation of the commissioner of citywide administrative services, whenever a claim of manifest error or mistake is made, such claim shall be referred to a committee on manifest errors. This committee shall consist of three qualified persons designated as members thereof by the commissioner of citywide administrative services, which committee shall either have as a member or consult with an expert in the subject matter with which such claim is concerned. A claim of manifest error or mistake shall open for review the candidate's answers to all the questions in the examination. Such review may result in a higher or lower final rating.

(b) Such committee shall inquire into the merits of each claim and shall submit the signed determination of each

member as to whether or not there has been a manifest error or mistake together with such correction or remedy, if any, as may be recom- mended.

(c) Except as hereafter provided, such claim of manifest error or mistake must be made in writing by the candidate within one month from the date of notice to the candidate of the results of such examination, tests, subjects or parts thereof.

(d) Whenever a claim of manifest error or mistake is made in connection with the rejection of a candidate because the candidate has failed to meet the preliminary requirements of such examination, such claim must be made in writing by the candidate within two weeks following the date upon which notice was transmitted to the candidate of such rejection.

(e) Whenever a claim of manifest error or mistake is made by a person on an eligible list who has been rejected after investigation because such person has failed to meet the preliminary requirements of such examination, such claim must be made in writing by the person within two weeks following the date upon which notice was transmitted to the person of such rejection.

(f) Any correction of manifest error or mistake shall be without prejudice to the status of any person previously appointed from the eligible list resulting from such examination. However, if, as a result of any correction of manifest error or mistake, an eligible on a list or any person appointed from such list is found to have failed the examination, any such eligibility or appointment shall be cancelled and revoked forthwith, and notice of such action shall be sent to the eligible or appointee. The right to cancel and revoke for the reasons set forth herein shall not apply where an appointee has served satisfactorily for a period of at least one year after appointment to such position.

SECTION II-AGENCY ACTIONS-APPEALS TO THE

COMMISSIONER OF CITYWIDE ADMINISTRATIVE SERVICES

8.2.1. General Provisions. (a) A person aggrieved by the following agency actions or determinations may submit an appeal to the commissioner of citywide administrative services:

(1) the allocation of an individual position to an existing civil service title with respect to whether the duties and responsibilities of the individual position so allocated are in conformance with the duties and responsibilities of such title;

(2) the administration and certification of eligible lists for classes of positions unique to the agency by a certifying agency;

(3) except as otherwise provided in paragraph 8.2.3 of this section, the scheduling and conduct of non-written promotion examinations by an examining agency.

8.2.2. General Procedures. (a) An appeal to the commissioner of citywide administrative services pursuant to the provisions of paragraph 8.2.1 shall be made in writing within thirty calendar days of the final agency action or determination.

(b) Where a candidate has been disqualified by an examining agency on the grounds that the candidate was found to lack any of the established requirements for admission to the examination, such appeal must be made in writing within two weeks after the date of notification of such agency action.

8.2.3. Claims of Manifest Error or Mistake. The procedures set forth in section 8.1.1 of these rules shall apply to claims of manifest error or mistake on non-written promotion examinations conducted by an examining agency.

SECTION III-CITY PERSONNEL DIRECTOR OR

AGENCY ACTIONS-APPEALS TO THE

CITY CIVIL SERVICE COMMISSION

[Deleted 10/30/81]

8.3.1. [Deleted 10/30/81]

8.3.2. [Deleted 10/30/81]

8.3.3. [Deleted 10/30/81]

8.3.4. [Deleted 10/30/81]

RULE IX- AUDITS AND INVESTIGATION

SECTION I-AUDITS

9.1.1. Audit Function. The commissioner of citywide administrative services shall audit the performance by agencies of their personnel management functions, and may reverse or rescind any agency personnel action or decision taken pursuant to an assignment or delegation of authority under chapter thirty-five of the New York City charter, upon a finding of abuse, after notification to the agency and an opportunity to be heard.

9.1.2. General Audit Procedures. Such audits shall be conducted in accordance with the provisions of this section and the regulations of the commissioner of citywide administrative services.

(a) The agency personnel and budget officer or the designated representative of such officer shall coordinate the agency preparation for department of citywide administrative services audits and assist the auditors during the period of the audit.

(b) The audit report and recommendations shall be transmitted to the agency head who, within two weeks of receipt thereof, shall make a response to the commissioner of citywide administrative services.

9.1.3. Reports. The commissioner of citywide administrative services shall report to the mayor on the performance by agencies of their personnel management functions.

SECTION II-INVESTIGATION

9.2.1. Investigation Function. The commissioner of citywide administrative services shall have the power to make investigations concerning all matters touching the enforcement and effect of the provisions of civil service law pursuant to and in the manner provided by law.

RULE X-CLASSIFICATION OF POSITIONS NOT INCLUDED

IN THE CAREER AND SALARY PLAN OR IN THE

NEW YORK CITY HOUSING AUTHORITY

CLASSIFICATION PLAN

SECTION I-POSITIONS IN THE EXEMPT CLASS

10.1.1. Number of Positions. Not more than one appointment shall be made to or under the title of any office or position in the exempt class unless a different number is specifically prescribed hereafter.

10.1.2. Classification and Compensation Schedule E. The titles and number of positions authorized for each title in the exempt class subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule E.

SECTION II-POSITIONS IN THE NON-COMPETITVE CLASS

10.2.1. Number of Positions. Unless a different or an unlimited number is specifically prescribed hereafter, only one appointment may be made to or under the title of any offices or positions in the non-competitive class listed under this rule.

10.2.2. Classification and Compensation Schedule N. (a) The titles, part numbers, number of positions authorized, and limitations on tenure, if any, for each title in the noncompetitive class subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule N, under their respective departments, under the caption positions subject to rule X.

(b) The maximum salaries appearing in this schedule are not part of this rule, but are part of the classification of the classified service of the City of New York.

SECTION III-POSITIONS IN THE LABOR CLASS

10.3.1. Classification and Compensation Schedule L-10. (a) The titles and grades, if graded, of positions in the class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule L-10.

(b) No part of this schedule is part of this rule. The schedule is, however, part of the classification of the classified service of the City of New York.

HISTORICAL NOTE

Section amended City Record Sept. 13, 1994 eff. Oct. 13, 1994.

SECTION IV-POSITIONS IN THE COMPETITIVE CLASS

10.4.1. Classification and Compensation Schedule C-10. (a) The services, titles and grades, if graded, of positions in the competitive class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule C-10.

(b) No part of this schedule is part of this rule. The schedule is, however, part of the classification of the classified service of the City of New York.

RULE XI-CLASSIFICATION AND COMPENSATION OF

CAREER AND SALARY PLAN POSITIONS

SECTION I-SALARY GRADES

11.1.1. Career and Salary Plan. The salary grade for positions which are now or may hereafter be made subject to the career and salary plan hereinafter provided, is as follows:

Salary Grade	Salary Grade Minimum	Salary Grade Maximum
32	13,100	Unlimited

SECTION II-CLASSIFICATION OF POSITIONS

11.2.1. Commissioner of Citywide Administrative Services. The commissioner of citywide administrative services shall, in the manner provided by law, duly classify and reclassify positions which are now or which may hereafter be made subject to the classification and compensation plan.

SECTION III-IMPLEMENTATION OF THE

CAREER AND SALARY PLAN

11.3.1. Functions and Procedures. In order to implement the career and salary plan, each position or class of positions subject thereto shall be classified under a standard title and allocated to an appropriate salary grade as soon as practicable following the adoption of this rule, and, upon such position classification and salary grade allocation, the commissioner of citywide administrative services shall establish schedules of equivalent titles indicating in each case the former title of each position and the standard title and salary grade to which such position is classified and allocated. Such original position classifications and salary grade allocations shall be made, in the case of each position or class of positions, on the basis of the duties, responsibilities and examination qualifications naturally and properly pertaining to the present title of such position or class of positions, without regard to out-of-title work performed by any incumbent thereof. Thereafter, the reclassification and salary grade reallocation of positions shall be made on the basis of the actual duties and responsibilities thereof and the examination requirements based on such duties and responsibilities as determined by the department of citywide administrative services.

SECTION IV-EFFECTIVE DATE OF POSITION

CLASSIFICATION AND POSITION RECLASSIFICATION

11.4.1. Prior to July 1, 1955. Any position classification or position reclassification made hereunder prior to July 1, 1955 shall become effective as of July 1, 1954.

SECTION V-CREATION OF NEW POSITIONS

11.5.1. Requirements. A new position or class of positions shall be established hereunder only under the title and salary grade determined therefor in accordance with this rule, the provisions of the New York City charter and the provisions of the resolution of the board of estimate adopted July 9, 1954, calendar no. 1, establishing the pay plan not inconsistent with such charter.

SECTION VI-RIGHTS AND STATUS OF NEW

INCUMBENTS AND ELIGIBLES ON LISTS

11.6.1. Existing Rights and Status. The rights and status of the permanent incumbent of any position subject to the career and salary plan, including rights and status of employees provided for under the provisions of previous resolutions of classification or reclassification, shall not be adversely affected or impaired by the provisions of this rule or any position classification, position reclassification, salary grade allocation, or salary grade reallocation adopted in accordance therewith. Any permanent employee entitled to an unlimited salary grade prior to the classification or reclassification of such employee's position pursuant to the provisions of this rule shall continue to have such fight and shall not be subject to a maximum salary, notwithstanding the fact that the position held by such employee may be classified or allocated to a salary grade having a maximum.

11.6.2. Eligible List Status. The status of any person whose name appears upon an eligible list in existence on July first, nineteen hundred and fifty-four, or whose name appears on an eligible list established as a result of an examination in process on such date, shall not be adversely affected or impaired by the provisions of this rule or any position

classification, position reclassification, salary grade allocation, or salary grade reallocation adopted in accordance therewith.

SECTION VII-RATES OF COMPENSATION OF POSITIONS

NOT COMPENSABLE ON AN ANNUAL BASIS

11.7.1. Commissioner of Citywide Administrative Services; Procedures. In order to effectuate the allocation or reallocation of positions paid at other than a per annum rate, the commissioner of citywide administrative services shall duly establish, in the manner provided by law, formulae for the purpose of computing the salaries of such positions on a per annum basis.

SECTION VIII-REGULATIONS AND PROCEDURES

11.8.1. Commissioner of Citywide Administrative Services. The commissioner of citywide administrative services may prescribe such regulations and procedures as the commissioner of citywide administrative services may deem necessary or advisable to carry out the provisions of this rule.

SECTION IX-APPLICABILITY

11.9.1. Applicability and Effect of Rule XI. The provisions of this rule shall be applicable only to positions covered by the career and salary plan and shall supersede any provisions of other rules and regulations of the commissioner of citywide administrative services inconsistent therewith.

SECTION X-POSITIONS IN THE NON-COMPETITIVE CLASS

11.10.1. Number of Positions. Unless a different or unlimited number is specifically prescribed hereafter, only one appointment may be made to or under the title of any offices or positions in the non-competitive class listed under this rule.

11.10.2. Classification and Compensation Schedule N. (a) The titles, part numbers, number of positions authorized, and limitations on tenure, if any, for each title in the non-competitive class subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule N, under their respective agencies, under the caption "positions subject to rule XI".

(b) The salary grades or maximum salaries appearing in this schedule are not part of this rule, but are part of the classification of the classified service of the City of New York.

SECTION XI-POSITIONS IN THE LABOR CLASS

11.11.1. Classification and Compensation Schedule L-11. (a) The titles and salary grades or grades of position in the labor class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule L-11.

(b) The salary grades appearing in this schedule are not part of this rule, but are part of the classification of the classified service of the City of New York.

DERIVATION

Section amended City Record Sept. 13, 1994 eff. Oct. 13, 1994.

SECTION XII-POSITIONS IN THE COMPETITIVE CLASS

11.12.1. Classification and Compensation Schedule C-11. (a) The occupational groups, titles, and salary grades or grades of positions in the competitive class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule C-11.

(b) No part of this schedule is part of this rule. The schedule is, however, part of the classification of the classified service of the City of New York.

RULE XII-CLASSIFICATION OF POSITIONS IN THE

NEW YORK CITY HOUSING AUTHORITY

CLASSIFIED PURSUANT TO AND SUBJECT TO

RULE XI PRIOR TO JULY 1, 1958

SECTION I-GENERAL PROVISIONS

12.1.1. Deletion from Rule XI. Effective July 1, 1958, the positions and classes of positions in the New York City housing authority heretofore classified under and subject to rule XI and the resolutions of classification and reclassification adopted pursuant thereto are hereby deleted from rule XI.

12.1.2. Coverage Under Rule XII. All such positions and classes of positions are hereby made subject to the provisions of rule XII as herein set forth.

12.1.3. Continuity and Preservation. All occupational groups, titles, classes of positions, salary grades, tables of equivalencies, rights, status, and privileges accorded heretofore under rule XI and the classifications and reclassifications adopted pursuant thereto, and in respect to classifications and reclassifications hereafter adopted pursuant to rule XII are hereby continued undiminished and unimpaired with respect to incumbents, eligibles, positions, and classes of positions in the New York City housing authority and shall not be adversely affected by reason of the adoption of this rule XII or by reason of the adoption of any classification, reclassification, allocation or reallocation hereafter adopted.

12.1.4. Applicability of Rule XII. The provisions of this rule shall be applicable only to positions in the New York City housing authority subject to rule XI prior to July 1, 1958 and such other classes of positions as may be hereafter established in the New York City housing authority pursuant to the provisions of this rule, any other rule or classification to the contrary notwithstanding.

SECTION II-POSITIONS IN THE NON-COMPETITIVE CLASS

12.2.1. Number of Positions. Unless a different or unlimited number is specifically prescribed hereafter, only one appointment may be made to or under the title of any offices or positions in the non-competitive class listed under this rule.

12.2.2. Classification and Compensation Schedule N. (a) The titles, part numbers, number of positions authorized, and limitations on tenure, if any, for each title in the non- competitive class subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule N, under the heading "New York City housing authority" and under the caption "positions subject to rule XII".

(b) The salary grade appearing in this schedule is not part of this rule, but is part of the classification of the classified service of the City of New York.

SECTION III-POSITIONS IN THE LABOR CLASS

12.3.1. Classification and Compensation Schedule L-12. (a) The titles and salary grades or grades of positions in the labor class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule L-12.

(b) No part of this schedule L-12 is part of this rule. The schedule is, however, part of the classification of the classified service of the City of New York.

DERIVATION

Section amended City Record Sept. 13, 1994 eff. Oct. 13, 1994.

SECTION IV-POSITIONS IN THE COMPETITIVE CLASS

12.4.1. Positions in the Competitive Class. (a) The titles and salary grades or grades of positions in the competitive class subject to this rule shall not be deemed to form part of these rules. The titles and positions subject to this rule are set forth in the "classification and compensation schedules of the classified service," schedule C-12.

(b) No part of this schedule C-12 is part of this rule. The schedule is, however, part of the classification of the classified service of the City of New York.

DERIVATION

Section added City Record Sept. 13, 1994 eff. Oct. 13, 1994.

EXPLANATION

The following basic resolution is included as part of the history of this Department's rules.

Whereas, By virtue of the provisions of Chapter 35 of the revised New York City Charter as adopted by the electors of The City of New York on November 4, 1975, certain changes in personnel administration were adopted and the related rule making power and certain other powers of the New York City Civil Service Commission were vested in the personnel director of the New York City Department of Personnel; and

Whereas, By virtue of the provisions of Section 1142 of such revised Charter, such powers and duties heretofore exercised by the New York City Civil Service Commission have been exercised by the Personnel Director of the New York City Department of Personnel in continuation of their exercise by such Commission, and the provisions of the rules and regulations of such Commission have been applicable to such Personnel Director insofar as not inconsistent with such Chapter and Charter; now, therefore, be it

Resolved, Effective January 1, 1977, in order to conform with the provisions of such Chapter and Charter, all rules of the New York City Civil Commission in force and effect on December 31, 1976 be and the same are hereby declared be the rules of the Personnel Director of the New York City Department of Personnel insofar as such rules are not in conflict with such Chapter or Charter; and be it further

Resolved, In order to conform with certain of the provisions of such Chapter and Charter, the rules of the Personnel Director of the New York City Department of Personnel so declared be and the same are hereby amended at this time in the manner and form as hereinafter set forth; and be it further

Resolved, Effective January 1, 1977, in order to conform with the provisions of such Chapter and Charter, all regulations of the New York City Civil Service Commission in force and effect on December 31, 1976 be and the same are hereby declared to be the regulations of the Personnel Director of the New York City Department of Personnel insofar as such regulations are not in conflict with such Chapter or Charter or the rules are hereby amended, pending a general revision of such regulations.

Rules of the City of New York

***** Current through December 2009 ****

55 RCNY 13-01

RULES OF THE CITY OF NEW YORK

Title 55 Department of Citywide Administrative Services

CHAPTER 13 [FILMING AND PHOTOGRAPHY AUTHORIZED BY THE DEPARTMENT]*1

§13-01 Scope.

These rules shall be applicable to all film and photography shoots and related activities conducted on properties and within facilities under the jurisdiction of, and with permission from, the Department of Citywide Administrative Services that shall be authorized by a permit issued by the Mayor's Office of Film, Theatre and Broadcasting. Nothing contained herein shall preclude the requirement to comply with any other applicable law, rule or case law governing such activities.

HISTORICAL NOTE

Section added City Record Nov. 23, 2009 §1, eff. Dec. 23, 2009. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Nov. 23, 2009:

The Department of Citywide Administrative Services and its predecessor City agencies have for more than twenty years allowed and supported film production activities on properties and within facilities under the jurisdiction of the agency. Given the frequency and complexity of filming activities by both amateurs and professionals, it has become necessary to codify the process that has been followed over time. Such codification is also consistent with the City Charter requirement that agencies whose procedures or requirements affect the general public shall promulgate rules governing such activities. The purpose of these rules is thus to provide clear guidance to the persons and entities who wish to engage in film and photography shoots on properties and within facilities under the jurisdiction of DCAS,

activities which require that they obtain permits from the Mayor's Office of Film, Theatre and Broadcasting. This proposal would be encompassed in a new Chapter 13 of Title 55 of the Rules of the City of New York.

DCAS published proposed rules in The City Record on August 25, 2009 and published an amended notice superseding the original notice, with respect to the public hearing date, in The City Record on August 27, 2009. On October 2, 2009, DCAS held a public hearing regarding the rules and received extensive comments through that date.

The adopted rules that are set forth herein include changes made as a result of the comments submitted prior to and during the comment period and public hearing from the members of the public, filming industry representatives and City agency officials. DCAS has made particular changes to the rules, as explained below. Moreover, revisions have been made that reflect a decision regarding the order in which applicants obtain permission from DCAS and MOFTB: the two agencies have determined that it is most efficient for applicants to first obtain DCAS approval prior to obtaining a Required Permit from MOFTB.

The following sections have been added, renumbered or revised:

In §13-02 ("Definitions") two new subdivisions have been added: subdivision (h) sets forth a new definition of "permittee" and subdivision (j) sets forth a new definition of "Required Permit." These definitions have been added to differentiate between a holder of an MOFTB scouting permit and a holder of an MOFTB Required Permit. In addition, the definition of "shooting" (subdivision (m)) has been revised to more accurately reflect the current practice of DCAS regarding the scope of activities that would be subject to the permit process.

A new §13-03 ("Pre-Production Scouting") has been added to clarify the initial steps to be taken prior to proceeding with a project and submitting required documentation to DCAS for requisite approval.

A new §13-04 ("Required Documentation and Approvals from DCAS") has been added to provide more detail regarding this intermediary step, which entails the submission of required documents to obtain requisite DCAS approval. DCAS and MOFTB have considered comments received-including those from filming industry representatives-and subdivision (a) now incorporates a reduction in the minimum time frame for the submission of required documents to DCAS from one week to four business days prior to the commencement of prepping or rigging for a production. Subdivision (a) also provides that the Commissioner or his or her designee may approve an exception to the four business day minimum time frame, if the activity to be undertaken supports such a request.

A new §13-05 ("Application for Required Permit from MOFTB") has been added to clarify both the role of MOFTB and the circumstances under which a Required Permit from MOFTB shall be applied for and issued. Further detail is also provided regarding when the fee shall be imposed.

A new §13-06 ("Indemnification and Insurance Requirements") has been added to provide more detail concerning indemnification and insurance required prior to the commencement of prepping or rigging for a production. In addition, subdivision (a) provides that a copy of insurance documentation and a copy of the MOFTB Required Permit shall be submitted to the DCAS Film Office in order to obtain final DCAS authorization for such production.

In §13-07 ("Production Requirements") subdivision (a) has been revised, taking into consideration comments received from filming industry representatives in particular, to provide that the Commissioner or his or her designee shall approve holding on properties and within facilities under the jurisdiction of DCAS.

In §13-08 ("Post-Production Requirements") subdivision (b) has been revised, considering comments received particularly from filming industry representatives, to provide that any fixtures, furniture, books, doors, windows, walls, and other structures and/or objects shall be returned to their original position and/or restored to their original condition by the permittee during the de-rigging, unless the permittee has obtained prior approval from the Commissioner or his or her designee. Subdivision (c) has also been revised to recognize the reality that when a production related activity is scheduled, arrangements for making DCAS personnel available to staff such activity have implicit costs, and therefore

cancellations twenty-four hours or less prior to such activity are a cost burden to the agency which shall be reimbursed by the permittee.

RULES OF THE CITY OF NEW YORK

Title 55 Department of Citywide Administrative Services

CHAPTER 13 [FILMING AND PHOTOGRAPHY AUTHORIZED BY THE DEPARTMENT]*1

§13-02 Definitions.

For the purposes of this chapter, the following terms shall have the following meanings:

(a) **Commissioner.** "Commissioner" shall mean the Commissioner of the Department of Citywide Administrative Services ("DCAS").

(b) **Court properties or facilities.** "Court properties or facilities" shall mean the interiors and exteriors of buildings under the jurisdiction of the New York State Unified Court System that are managed by DCAS, and shall include the property adjacent to such buildings that is under the jurisdiction of DCAS.

(c) **DCAS Film Office.** "DCAS Film Office" shall mean the unit of DCAS that oversees the filming, photography and related activities that are conducted on properties and within facilities under the jurisdiction of DCAS.

(d) **Equipment.** "Equipment" shall include, but not be limited to, television, photographic, film or videocameras or transmitting television equipment, including radio remotes, props, sets, lights, electric and grip equipment, dolly tracks, screens, or microphone devices, and any and all production related materials. "Equipment" shall not include (1) "hand-held devices," as defined in §9-02 of the Mayor's Office of Film, Theatre and Broadcasting Film Permit Rules, and (2) vehicles, as defined in section one hundred fifty-nine of the New York Vehicle and Traffic Law, that are used solely to transport a person or persons while engaged in the activity of filming or photography from within such vehicle, operated in compliance with relevant traffic laws and rules.

(e) **Filming.** "Filming" shall mean the taking of motion pictures, the taking of still photography or the use and

operation of television cameras or transmitting television equipment, including radio remotes and any preparatory activity associated therewith, and shall include events that include, but are not limited to, the making of feature or documentary films, television serials, webcasts, simulcasts or specials.

(f) **Holding.** "Holding" shall mean the temporary accommodation of cast or crew members and other individuals associated with a production in a space in which filming is not taking place. "Holding" may include the space in which an independent company provides meals or catering services to cast or crew members and other individuals associated with a production.

(g) **MOFTB Film Permit Rules.** "MOFTB Film Permit Rules" shall mean the rules promulgated by the Mayor's Office of Film, Theatre and Broadcasting ("MOFTB"), codified as Chapter 9 of Title 43 of the Rules of the City of New York, as amended from time to time.

(h) **Permittee.** "Permittee" shall mean the holder of a Required Permit issued by the Mayor's Office of Film, Theatre and Broadcasting in accordance with §9-01 of the MOFTB Film Permit Rules.

(i) **Photography.** "Photography" shall mean the taking of moving or still images.

(j) **Required Permit.** "Required Permit" shall mean the permit for filming or photography issued by MOFTB in accordance with §9-01 of the MOFTB Film Permit Rules.

(k) **Rigging/de-rigging.** "Rigging/de-rigging" shall mean the loading in or loading out, loading or unloading, of any shooting or production related equipment, including, but not limited to, props, sets, electric and grip equipment, at any location, time and date where film or production is not occurring. Such term shall have the same meaning as the commonly used term "prepping/wrapping."

(l) **Scouting.** "Scouting" shall mean the act of viewing, assessing and photographing locations for filming or photography during pre-production or production for, including, but not limited to, still photography, feature films, television series, mini-series or specials.

(m) **Shooting.** "Shooting" shall mean filming on properties, in the interiors or on exteriors of buildings or facilities under the jurisdiction of DCAS.

§13-03 Pre-Production Scouting.

(a) Prior to conducting any scouting related activities on properties or within facilities under the jurisdiction of DCAS, a scouting permit shall be obtained from MOFTB.

(b) After a scouting permit is obtained from MOFTB, an appointment shall be scheduled with the DCAS Film Office to make arrangements for such scouting activities.

(c) If after conducting scouting related activities it is determined that a filming or photography project or production will be pursued, the scouting permit holder shall submit the documentation and resolve production issues described in §13-04 of this chapter.

CHAPTER 13 [FILMING AND PHOTOGRAPHY AUTHORIZED BY THE DEPARTMENT]*1

§13-04 Required Documentation and Approvals from DCAS.

(a) The following forms and documents, which are required for DCAS review and approval prior to obtaining a Required Permit from MOFTB, shall be submitted to the DCAS Film Office no later than four (4) business days prior to the date on which the prepping or rigging for film and/or photography shoots is sought to commence:

(1) Completed "Properties and Facilities Under DCAS Jurisdiction Activity Approval Form" signed by the applicant;

(2) DCAS "Letter of Intent" signed by the applicant;

(3) "Prohibited Conduct" Memorandum signed by the applicant;

(4) Accurate and updated information concerning an applicant's forwarding postal address and, if available, an e-mail address, telephone number and facsimile number for purposes of receiving reimbursement notification from DCAS; and

(5) Any other documents, including, but not limited to, equipment specifications and architectural renderings, that may be required by the DCAS Film Office.

The Commissioner or his or her designee may approve an exception to the four (4) business day minimum time frame referenced in subdivision (a) of this section if the nature and scope of the activity to be undertaken support a request that a shorter time within which to submit requisite forms and documents be granted.

(b) In addition to reviewing the documentation required by subdivision (a) of this section, DCAS shall review and issue determinations concerning the following types of issues prior to completing the approvals necessary for MOFTB's Required Permit:

(1) Structural conditions, landmark status issues, equipment specifics, weight, load and other similar considerations.

(2) The use of smoke, pyrotechnics, firearms, weapons, animals and other special effects or unusual scenes, which shall also be subject to all applicable laws, rules and other governmental policies regarding such activities.

(c) Where appropriate, an applicant may be required to attend a security meeting with DCAS staff, depending on the nature and location of the activity to be undertaken.

(d) Determinations about all DCAS staffing matters, including decisions regarding the scope, type, number or level of staff required, shall be made by DCAS.

(e) The DCAS Film Office shall review the documentation provided in accordance with subdivision (a) of this section, and shall attempt to accommodate particular technical needs and any other special circumstances, including approvals from City agency tenants and DCAS engineers or other personnel, that may be presented by the applicant.

(f) Where the DCAS Film Office has approved an application, it shall notify MOFTB about such approval. DCAS shall also notify the applicant that they can proceed by submitting the documentation to MOFTB necessary for obtaining a Required Permit.

§13-05 Application for Required Permit from MOFTB.

(a) A Required Permit shall be applied for and issued in accordance with the provisions of §9-02 of the MOFTB Film Permit Rules after the requisite DCAS documentation has been completed by the applicant and reviewed by DCAS; production issues have been resolved with DCAS; and DCAS approval has been received.

(b) A non-refundable fee of $3,200.00 shall accompany any application submitted to MOFTB for a Required Permit. Such fee shall be in the form of a certified bank check or money order, payable to the New York City Department of Finance.

(c) The fee required by this section shall be imposed for each instance in which prepping or rigging commences, is followed by shooting and/or photography for such production, and then is concluded by wrapping, de-rigging and/or related activities.

***** Current through December 2009 ****

55 RCNY 13-06

RULES OF THE CITY OF NEW YORK

Title 55 Department of Citywide Administrative Services

CHAPTER 13 [FILMING AND PHOTOGRAPHY AUTHORIZED BY THE DEPARTMENT]*1

§13-06 Indemnification and Insurance Requirements.

(a) Prior to the commencement of prepping or rigging for film and/or photography shoots on properties or within facilities under the jurisdiction of DCAS, a permittee shall provide to the DCAS Film Office a copy of insurance documentation and a copy of the Required Permit in order to obtain final DCAS authorization for such production.

(b) By obtaining a Required Permit from MOFTB, a permittee who is authorized to conduct film shoot and/or photography shoot activities on properties or within facilities under the jurisdiction of DCAS agrees to protect all persons and property from damage, loss or injury arising from any of the operations performed by or on behalf of such permittee, and to indemnify and hold harmless the City of New York, to the fullest extent permitted by law, from all claims, losses and expenses, including attorneys' fees, that may result therefrom.

(c) A permittee who has been authorized by DCAS to conduct film shoot and/or photography shoot activities on properties or within facilities under the jurisdiction of DCAS, and has obtained a Required Permit from MOFTB, shall maintain, during the entire course of its operations, a liability insurance policy with a limit of not less than one million dollars ($1,000,000) per occurrence. Such policy shall name the City of New York as an additional insured with coverage at least as broad as provided by Insurance Services Office (ISO) form CG 20 12 (07/98 ed.). The permittee shall provide to MOFTB the original certificate of insurance signed in ink to which a copy of the required endorsement is attached. For currently enrolled film students, proof of insurance obtained through their school and proof of the student's current attendance shall satisfy this requirement.

(d) If it is determined, in light of the activity for which a Required Permit has been sought, that such activity may increase the potential for injury to individuals and/or damage to property, and that the minimum limit of insurance

should be higher than one million dollars ($1,000,000) per occurrence referenced in subdivision (c) of this section, it shall be determined what higher minimum limit is to be required and the permittee shall be advised of such higher limit. Factors to be considered shall include, but shall not be limited to, the number of people involved, the location of the activity and the nature of the activity. The permittee shall thereafter provide proof of such insurance in accordance with this section. Such determination may be appealed by written request to the Commissioner, who may reverse, affirm or modify the determination and provide a written explanation of his or her decision.

§13-07 Production Requirements.

(a) Holding on properties and within facilities under the jurisdiction of DCAS is available only for those productions taking place on or within such properties or facilities, upon the approval of the Commissioner or his or her designee.

(b) DCAS shall provide security personnel to protect City property under its jurisdiction during production activities at non-court properties and facilities, the cost of which shall be reimbursed by the permittee.

(c) All individuals affiliated with the permittee and the production shall be required to present a valid, government-issued photo identification card to receive security clearance to have access to properties and facilities under the jurisdiction of DCAS where the production and related activities are taking place.

(d) All individuals affiliated with the permittee and the production shall wear a laminated identification card on non-court properties and within non-court facilities under the jurisdiction of DCAS. The identification cards shall be similar in form and include the name of the production. Failure to display such identification cards at all times may lead to ejection from such properties and facilities.

(e) All production equipment and props brought to properties and facilities under the jurisdiction of DCAS shall be subject to inspection at any time prior to or during the production.

(f) DCAS shall not be responsible for any injury to persons and/or damage or loss to any property on properties and within facilities under the jurisdiction of DCAS arising from any of the operations performed by or on behalf of the

permittee.

(g) In addition to the fee referenced in §13-05 and any other costs identified in §13-08, a permittee requesting use of properties and facilities under the jurisdiction of DCAS for twenty-eight (28) days or longer shall be required to enter into an agreement providing for the payment of renting or leasing such space in an amount not to exceed $5,000.00 per month, in accordance with Administrative Code §4-203(b).

§13-08 Post-Production Requirements.

(a) A permittee is responsible for cleaning and restoring the properties and facilities under the jurisdiction of DCAS after the rigging, shooting and/or holding. The cost of any DCAS employee time incurred due to a permittee failing to clean and/or restore such properties and facilities following the rigging, shooting and/or holding shall be borne by the permittee and reimbursed to DCAS.

(b) Any fixtures, furniture, books, doors, windows, walls, and other structures and/or objects shall be returned to their original position and/or restored to their original condition by the permittee during the de-rigging, unless the permittee has obtained prior approval from the Commissioner or his or her designee. The permittee shall immediately remove any props used during the production from properties and facilities under the jurisdiction of DCAS. The permittee shall reimburse DCAS for any property and facility damage arising from such production activities.

(c) At the conclusion of all film and photography shoots, the permittee shall reimburse DCAS for all production related costs including, but not limited to, DCAS personnel costs contemplated by §13-04(d) and subdivision (a) of this section, and reimbursement for any property or facility damage in accordance with subdivision (b) of this section. If the permittee cancels any of its production related activities twenty-four (24) hours or less prior to the scheduled commencement of such activities on properties or within facilities under the jurisdiction of DCAS, the permittee may be subject to the reimbursement of costs for DCAS personnel assigned to staff such production.

CHAPTER 1 USE OF PARKS*1

§1-01 Construction and Scope of Rules; Variances.

(a) **Construction.** These Rules shall be construed as follows:

(1) any term in the singular includes the plural;

(2) any term in the masculine includes the feminine and neuter;

(3) any Rule or Regulation relating to any act covers: the causing, procuring, aiding or abetting, directly or indirectly, of that act; and allowing a minor child to do that act;

(4) no provision herein shall make unlawful any act necessarily performed by any officer or employee of the Department in the line of duty or work, or by any person, his agents or employees, in the proper and necessary execution of the terms of any agreement with the Department;

(5) these Rules are in addition to and supplement all municipal, state and federal laws and ordinances.

(b) **Territorial scope.** The Rules shall be effective within and upon all areas under the jurisdiction of the Commissioner, as defined in Chapter 21 of New York City Charter.

(c) **Variance.** Any act or activity prohibited solely by these Rules shall be lawful if performed in strict compliance with the terms and conditions of a variance issued by the Department. The Department may issue a variance where there are significant practical difficulties, or unnecessary hardships, not created or caused by the applicant, in the way of carrying out the Rules, or where the beauty and utility of property within the jurisdiction of the Department would be

preserved by compliance with the terms and conditions of such variance.

The Commissioner of Parks & Recreation, pursuant to Section 533(a)(9) of the New York City Charter, has the authority to establish and enforce rules and regulations for the use, government and protection of parklands. The Commissioner is promulgating the rules amendments set forth above to ensure the health and safety of the public in the parks, and to ensure that activities in the parks are conducted in accordance with standards consistent with the use and enjoyment of the parks by the public. Some of the above changes were necessitated by the recent adoption of legislation making violations of these Rules & Regulations returnable before the Environmental Control Board. Other changes are the result of the first comprehensive review of these Rules & Regulations in many years.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 1-02

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 1 USE OF PARKS*1

§1-02 Definitions.

Authorized bathing beaches. "Authorized bathing beaches" are those designated as such by the Department after approval by the Health authorities.

Bathing area. "Bathing area" means any area maintained for the use of bathers, including the water area and lands under water adjacent to and within one thousand feet of the bathing beaches on the ocean, bays or rivers along the shores of New York City under the jurisdiction of the Commissioner.

Bicycle. "Bicycle" means every two- or three-wheeled device upon which a person or persons may ride, propelled by human power through a belt, a chain or gears, with such wheels in a tandem or tricycle, except that it shall not include such a device having solid tires and intended for use only on a sidewalk by pre-teenage children.

Boardwalk. "Boardwalk" means any waterfront promenade maintained for pedestrians.

Commissioner. "Commissioner" means the Commissioner of the Department of Parks and Recreation or the chief executive officer of any successor agency.

Demonstration. "Demonstration" means a group activity including but not limited to, a meeting, assembly, protest, rally, march or vigil which involves the expression of views or grievances, involving more than 20 people or a group activity involving less than 20 people for which specific space is requested to be reserved.

Department. "Department" refers to the Department of Parks and Recreation of the City of New York or all

successor agencies.

Dumping. "Dumping" refers to the unauthorized disposal of refuse in an amount totaling one cubic yard or more.

Event. "Event" refers to both Demonstrations and Special Events.

Littering. "Littering" refers to the unauthorized disposal of refuse in an amount totaling less than one cubic yard.

Motor vehicle. "Motor vehicle" refers to any automobile, motorcycle, moped, or other vehicle propelled by a motor.

Owner. "Owner" refers to any person owning, operating, or having the use or control of an animal, a vehicle or any other personal property.

Park. "Park" signifies public parks, beaches, waters and land under water, pools, boardwalks, playgrounds, recreation centers and all other property, equipment, buildings and facilities now or hereafter under the jurisdiction, charge or control of the Department.

Park path. "Park path" means any road, path or trail through or within a park that is not used for vehicular traffic, except for possible use by emergency motor vehicles or Department motor vehicles, provided that it shall not include a path designated by the Commissioner as a bikepath.

Park road. "Park road" means any road through or within a park, and is used for vehicular traffic.

Park sign. "Park sign" means any placard, notice or sign duly posted by the Depart- ment.

Park-street. "Park-street" means the full width of all streets abutting any park.

Pedicab. "Pedicab" means a bicycle as defined in this section or other device that is designed and constructed to transport or carry passengers, that is solely propelled by human power, and that is operated to transport passengers for hire.

Permit. "Permit" unless otherwise specified, means any written authorization issued by or under the authority of the Commissioner for a specified privilege, permitting the performance of a specified act or acts in any park or on any park-street.

Person. "Person" means any natural person, corporation, society, organization, company, association, firm, partnership, or other entity.

Police officer. "Police officer" refers to any member of the Police Department of the City of New York and any other city employee who is a Special Patrolman appointed and sworn in by the Police Commissioner and assigned to the Commissioner.

Rules. "Rules" unless otherwise specified, refers to any Rule established pursuant to §533(a) of Chapter 21 of the New York City Charter and promulgated in compliance with the notice, publication and filing requirements of Chapter 45 of the New York City Charter.

Sexual activity. "Sexual activity" means any activity by a person that reasonably appears to be intended to sexually arouse that person or another person, and in which such person exposes his or her buttock or genitalia, or the area of the female breast below the top of the areola.

Sound reproduction device. "Sound reproduction device" includes, but is not limited to, any radio receiver, phonograph, television receiver, musical instrument, tape recorder, cassette or disc player, speaker device or system and

any sound amplifier.

Special Event. "Special Event" means a group activity including, but not limited to, a performance, meeting, assembly, contest, exhibit, ceremony, parade, athletic competition, reading, or picnic involving more than 20 people or a group activity involving less than 20 people for which specific space is requested to be reserved. Special Event shall not include casual park use by visitors or tourists.

NOTE

1. Statement of Basis and Purpose in City Record Nov. 29, 1999:

The Commissioner of Parks and Recreation has the authority pursuant to Section 533(9) of the New York City Charter and Section 10(3) of the Statute of Local Governments to establish and enforce rules and regulations for the use, government and protection of public parks and of all property under the charge or control of the department. The Commissioner has amended Chapters 1 and 2 of Title 56 of the Rules of the City of New York to (a) clarify permit application procedures; (b) establish clear standards for fixing bond amounts, (c) prevent advertising of special events until permits are issued, (d) conform existing rules to changed operational practices and legal standards, (e) revise certain permit fees; and (f) revise sports permit rules.

2. Statement of Basis and Purpose in City Record Dec. 22, 2009: These Rules are promulgated pursuant to the authority of the Commissioner (the "Commissioner") of the Department of Parks and Recreation (the "Department") under §§389(b), 533(a)(9) and 1043 of the New York City Charter and under §20-265 of the New York City Administrative Code. The Commissioner is authorized to establish and enforce rules for the use, governance and protection of public parks and of all property under the charge or control of the Department. After publishing the proposed Rules in the City Record, comments were received from the public. The Rules have been modified to reflect some of the recommendations received. In particular, as the prohibition on the operation of pedicabs on park paths includes areas that would be covered by the prohibition on the operation of pedicabs on greenways under the jurisdiction of the Department, the prohibition on operating pedicabs in any Department greenway has been deleted. Technical changes have also been made to the Rules. The Rules address the operation of pedicabs within City parks so

as to promote safety, preserve aesthetic values and provide a balanced interaction with other park users, while still permitting pedicab drivers to continue to ply their trade.

CASE AND ADMINISTRATIVE NOTES

¶ 1. A group planning a protest demonstration during the Republican National Convention sought a permit for a 75,000 person event to be held on the Great Lawn of Central Park. After the Department of Parks denied the application, petitioners brought an action alleging, among other things, that the licensing scheme violated the First Amendment. The court refused to grant an injunction against enforcement of the regulations, holding that they were content neutral and narrowly tailored to further an important governmental interest (maintenance of parks). The statute required the department to work with event organizers to locate suitable alternative sites, and the department had in fact offered to do so. The court rejected the claim that the permit scheme gave the department the unfettered discretion to grant or deny permits based on the content of the message. The permit scheme factors, such as environmental conditions, scheduling conflicts and the potential for interference with the use and enjoyment of the park by others, did not leave the decision to the whim of the administrators. **National Council of Arab Americans v. City of New York,** 331 F.Supp.2d 258 (S.D.N.Y. 2004).

56 RCNY 1-03

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 1 USE OF PARKS*1

§1-03 General Provisions.

(a) **Hours of operation.** (1) Persons may enter and use the parks from 6:00 a.m. until 1:00 a.m. unless other open hours are posted at any park.

(2) Whenever a threat to public health or safety exists in any park resulting from any natural cause, explosion, accident or any other cause, or by riot or unlawful assembly or activity, the Commissioner may close the park or any part thereof to the public for such duration as he deems necessary to ensure the safety and well-being of the public.

(3) No person shall enter or remain in any park without the permission of the Commissioner when such park is closed to the public.

(b) **Permits.** (1) When any provision of these Rules requires a permit as a condition to the performance of an act or activity, no such act or activity shall be implemented or commenced prior to the receipt of written authorization from the Commissioner or from his authorized representative.

(2) A permit may be granted upon such terms and conditions as the Commissioner shall reasonably impose, and shall authorize the permitted acts or activities only insofar as they are performed in strict accordance with the terms and conditions thereof.

(3) Permits shall be applied for on forms prepared and provided by the Department, which forms shall require such information as the Department may deem appropriate for the review and evaluation of the permit application. Procedures for issuance of special event and demonstration permits are governed by §2-08 of the Department's rules.

The Commissioner may require a fee for the issuance of a permit.

(4) The Commissioner may require the permittee to post a bond in an amount sufficient to ensure full compliance with the terms and conditions of the permit. The decision of whether to require a bond will be based on the following factors:

(a) The location of the event and such location's vulnerability to damage;

(b) Whether the event or any activities associated with the event present a high risk of property damage;

(c) The number of people expected to be in attendance;

(d) The type of equipment to be brought onto the site;

(e) The number of days the permittee will occupy the site;

(f) The season in which the event will take place.

(5) The Commissioner may require the permittee to obtain personal liability insurance for the event, naming the Department and the City of New York as additional insureds. The decision on whether to require insurance will be based on the following factors:

(a) Whether the special event or any activities included as part of the special event present a risk of personal injury or property damage.

(b) Whether the special event involves the sale of food.

(c) Whether the special event involves over 2,000 participants, or a large number of participants relative to the size of the site.

(d) Whether the special event involves transportation and installation of heavy equipment, or the installation of a stage or other temporary structure.

(6) No person shall conduct any activity for which a permit is required unless (a) such permit has been issued; (b) all terms and conditions of such permit have been or are being complied with; and (c) the permit is kept on hand at the event, so as to be available for inspection by Police or Department employees.

(7) Failure to comply with the terms and conditions of any permit shall be a violation of these rules. If, upon expiration or termination of the permit, it is determined that a permittee has not complied with the terms and conditions of the permit, or has violated any law, ordinance, statute or rule, then the following rules shall apply:

(i) any bond provided as security for a permittee's performance with the Department shall be forfeited and retained by the City to the extent necessary to remedy, or compensate the City for, the damages caused by such acts, omissions, or violations;

(ii) the permittee, together with his or her agents and employees who violated such terms and conditions or provisions of law, ordinance, statute or rule, shall be jointly and severally liable for any additional sum necessary to correct or compensate the City for such damages; and

(iii) neither forfeiture of any security nor payment nor recovery for such damages shall in any way relieve the permittee of civil or criminal liability arising from the violation of any law, ordinance or rule.

(c) **Failure to Comply with Directions of Police Officers, Urban Park Rangers, Parks Enforcement Patrol**

Officers, or Other Department Employees, or Park Signs. (1) No person shall fail, neglect or refuse to comply with the lawful direction or command of any Police Officer, Urban Park Ranger, Parks Enforcement Patrol Officer or other Department employee, indicated verbally, by gesture or otherwise.

(2) No person shall fail to comply with or obey any instruction, direction, regulation, warning, or prohibition, written or printed, displayed or appearing on any park sign, except such sign may be disregarded upon order by a Police Officer or designated Department employee.

NOTE

1. Statement of Basis and Purpose in City Record Dec. 21, 1995:

The Commissioner of Parks & Recreation, pursuant to Section 533(a)(9) of the New York City Charter, has the authority to establish and enforce rules and regulations for the use, government and protection of parklands. The Commissioner is promulgating the rules amendments set forth above to ensure the health and safety of the public in the parks, and to ensure that the non-commercial distribution of products and materials in the parks is carried out in accordance with standards consistent with the use and enjoyment of the parks by the public.

CASE AND ADMINISTRATIVE NOTES

¶ 1. The ordinance requires people to obey signs placed on park property, unless either a police officer or a Parks Department employee states that the sign be disregarded. In one case, the information charged defendant with being present in a park at 2 a.m., in violation of a sign that stated that the park closed at 9 p.m. The court held that the information was sufficient, and that it was not necessary to allege specifically that no police officer or Parks Department employee had given directing that the sign be disregarded. People v. Davis, 2008 N.Y. Slip Op. 5127U, 19 Misc.3d 145A, 2008 N.Y. Misc. Lexis 3187 (App.Term 2d Dept. 2008).

[Footnote 1]: * Chapter 1 amended City Record June 24, 1996. Note further provisions:

The Commissioner of Parks & Recreation, pursuant to Section 533(a)(9) of the New York City Charter, has the authority to establish and enforce rules and regulations for the use, government and protection of parklands. The Commissioner is promulgating the rules amendments set forth above to ensure the health and safety of the public in the parks, and to ensure that activities in the parks are conducted in accordance with standards consistent with the use and enjoyment of the parks by the public. Some of the above changes were necessitated by the recent adoption of legislation making violations of these Rules & Regulations returnable before the Environmental Control Board. Other changes are the result of the first comprehensive review of these Rules & Regulations in many years.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 1-04

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 1 USE OF PARKS*1

§1-04 Prohibited Uses.

(a) **Destruction or abuse of property and equipment.** No person shall injure, deface, alter, write upon, destroy, remove or tamper with in any way, any real or personal property or equipment owned by or under the jurisdiction or control of the Department.

(b) **Destruction or abuse of trees, plants, flowers, shrubs and grass.**

(1) (i) No person shall deface, write upon, injure, sever, mutilate, kill or remove from the ground any trees under the jurisdiction of the Department without permission of the Commissioner.

(ii) No person shall deface, write upon, sever, mutilate, kill or remove from the ground any plants, flowers, shrubs or other vegetation under the jurisdiction of the Department without permission of the Commissioner.

(2) No person shall go upon or allow any animal or child in his custody to go upon any newly-seeded lawn or grass plot.

(3) No person shall go upon or allow any animal or child in his custody to go upon any area enclosed by fencing, temporary or permanent, where such fencing or signs posted thereon reasonably indicate that entry into such area is forbidden.

(4) No person shall possess any tools commonly used for gardening, or any plant, tree, shrub or other vegetation, in any park except where such possession is specifically designated to be permissible by the Commissioner.

(5) No person shall use a metal detector in any park, except in unvegetated beach areas. Use of metal detectors in other park areas will be permitted if the prior written consent of the Commissioner is obtained.

(c) **Littering, polluting, dumping, and unattended property.** (1) No person shall litter in any park. All persons shall use receptacles provided for the disposal of refuse. No person shall deposit household or commercial refuse in any park receptacle.

(2) No person shall throw, drop, allow to fall, or discharge into or leave in the waters within any park (including pools and bathing areas), or any tributary, brook, stream, sewer or drain flowing into said waters, any substance, liquid or solid, which may or will result in the pollution of said waters.

(3) No person shall engage in dumping in any park.

(4) No person shall, within or adjacent to any park, store or leave unattended personal belongings.

(d) **Restrictions on glass.** The Commissioner may, in his discretion, designate certain parks, or portions thereof, as restricted areas wherein no glass bottles or other glass containers will be permitted. Failure to comply with such restrictions shall constitute a violation of these rules. This subdivision (d) shall not apply to glass bottles or containers used in the care and feeding of infant children.

(e) **Aviation.** No person shall voluntarily bring, land or cause to alight within or upon any park, any airplane, balloon, parachute, hang glider, or other aerial device, except that certain areas may be designated appropriate landing places for medical evacuation helicopters. For the purposes of this subdivision (e), voluntarily shall mean anything other than a forced landing caused by mechanical or structural failure of the aircraft or other aerial device.

(f) No person, except a police officer or peace officer while on duty, shall bring into or have in his or her possession in any park, any firearms, slingshots, firecrackers, missile propelling instruments or explosives, including any substance, compound, or mixture having properties of such a character that alone or in combination with other substances, compounds or mixtures, propel missiles, explode or decompose to produce flames, combustion, noise, or noxious or dangerous odors. Nothing in this subdivision (f) shall be construed to prohibit the proper use of cigarette lighters, matches or of charcoal lighter fluid in proper containers in picnic grills where permissible pursuant to the provisions of these Rules.

(g) **Abuse of park animals.** (1) No person shall within any park (including any zoo area) molest, chase, wound, trap, hunt, shoot, throw missiles at, kill or remove any animal, any nest, or the eggs of any amphibian, reptile or bird; or knowingly buy, receive, have in his or her possession, sell or give away any such animal or egg taken from or killed within any park (including any zoo area).

(2) No person shall feed animals in any park (including any zoo area) except unconfined squirrels and birds, and where specifically authorized by the Commissioner. The Commissioner may also designate certain areas where all feeding of animals is prohibited. It shall be a violation of these rules to feed animals in any area where such feeding is prohibited.

(h) **Marijuana; controlled substances.** No person shall bring, possess, distribute, sell, solicit or consume marijuana or any controlled substance, as defined in §220.00 of the New York State Penal Law, in any park, playground, beach, swimming pool, or other park property or facility.

(i) **Failure to control animals.** (1) Except as specified in §1-05(s)(3) or in paragraph two of this subdivision, no person owning, possessing or controlling any animal shall cause or allow such animal to be unleashed or unrestrained in any park unless permitted by the Commissioner in accordance with these rules. No person owning, possessing or controlling any animal shall cause or allow such animal to be out of control in any park under any circumstances. Animals that are unleashed or unrestrained, except as permitted by these rules, or out of control may be seized and

impounded. Properly licensed dogs, wearing a license tag and vaccinated against rabies pursuant to the laws of the State of New York and City of New York and restrained by a leash or other restraint not exceeding six feet in length, may be brought into a park, except in no event shall dogs or other animals be allowed to enter any playground, zoo, swimming pool and swimming pool facility, bathing area and adjacent bathing beach (unless otherwise permitted by the Commissioner and not during the designated bathing season), bridle path (unless leashed dogs are permitted therein by the Commissioner), fountain, ballfield, basketball court, handball court, tennis court, or other area prohibited by the Commissioner. Nothing in this subdivision (i) shall be construed to prohibit persons with disabilities from bringing seeing eye dogs, or other service dogs trained to assist such persons into these areas. Nothing herein shall prohibit horses from entering or being within a park as provided in §1-05(q).

(2) Unless specifically prohibited herein or by the Department of Health and Mental Hygiene ("DOHMH"), properly licensed dogs wearing a license tag and vaccinated against rabies pursuant to the laws of the State of New York and City of New York may be unleashed within a designated park or designated portions of a park between the hours of 9:00 p.m. and 9:00 a.m. under the following conditions: (i) such dogs shall, except for being unleashed, be kept under the control of their owner and shall not at any time harass or injure any park patron and/or, harass, injure, damage, sever, mutilate, or kill any animal, tree, planting, flower, shrub or other vegetation; (ii) such dogs shall not at any time enter any playground, zoo, swimming pool and swimming pool facility, bathing area and adjacent bathing beach (unless otherwise permitted by the Commissioner and not during the designated bathing season), bridle path (unless leashed dogs are permitted therein by the Commissioner), fountain, ballfield, basketball court, handball court, tennis court, or other area prohibited by the Commissioner; (iii) such dogs shall be immediately leashed by their owners upon any direction or command of any Police Officer, Urban Park Ranger, Parks Enforcement Patrol Officer or other Department employee or employee of the DOHMH, the refusal of which direction or command shall constitute a violation of §1-03(c); (iv) owners of such dogs shall provide proof of current vaccination against rabies and proof of current licensing upon the request of any Police Officer, Urban Park Ranger, Parks Enforcement Patrol Officer or other Department employee or employee of the DOHMH, the refusal of which shall constitute a violation of §1-03(c), §1-05(s)(3) and of this subdivision.

(j) **Control and removal of animal waste.** (1) No person shall allow any dog in his custody or control to discharge any fecal matter in any park unless he promptly removes and disposes of same. This provision shall not apply to a guide dog accompanying a person with a disability.

(2) Anyone who drives a horse-drawn carriage into or within a park is required to equip it with horse hampers, horse diapers or some other similar manure catching device which is effective in preventing manure from being deposited on any park street, road or way.

(k) **Urination and defecation in parks.** No person shall urinate or defecate in any Park, or in or upon any park building, monument or structure, except in a facility which is specifically designed for such purpose.

(l) **Disorderly behavior.** It shall be a violation of these rules to engage in disorderly behavior in a park. A person in any park shall be guilty of disorderly behavior who:

(1) enters or leaves any park except by designated entrance ways or exits, or enters or attempts to enter any facility, area or building sealed, locked or otherwise restricted from public access; or

(2) climbs upon any wall, fence, shelter, tree, shrub, fountain or other vegetation, or any structure or statue not specifically intended for climbing purposes; or

(3) gains or attempts to gain admittance to the facilities in any park for the use of which charge is made without paying such charge; or

(4) engages in any form of gambling or game of chance for money, or tells fortunes for money; or

(5) interferes with, encumbers, obstructs or renders dangerous any part of a park or park road; obstructs vehicular or pedestrian traffic; or

(6) engages in fighting or assaults any person; or

(7) engages in a course of conduct or commits acts that unreasonably alarm or seriously annoy another person; or

(8) engages in any form or sexual activity; or

(9) engages in a course of conduct or commits acts that endanger the safety of others.

(m) **Loitering for illegal purposes.** It shall be a violation of these rules to engage in loitering for illegal purposes in a park. Any person in any park shall be guilty of loitering for illegal purposes who:

(1) loiters or remains in a park for the purpose of engaging, or soliciting another person to engage, in sexual activity for money; or

(2) loiters or remains in any park with one or more persons for the purpose of unlawfully using, possessing, purchasing, distributing, selling or soliciting marijuana, alcohol or any controlled substance, as defined in §220.00 of the New York State Penal Law.

(n) **Unlawful exposure.** It shall be a violation of these rules to appear in public on property under the jurisdiction of the Department in such a manner that one's genitalia are unclothed or exposed.

(o) **Obstruction of sitting areas.** No person shall use a bench or other sitting area so as to interfere with its use by other persons, including storing any materials thereon.

(p) **Unlawful camping.** No person shall engage in camping, or erect or maintain a tent, shelter, or camp in any park without a permit.

(q) **Unlawful spitting.** It shall be unlawful for any person to spit or expectorate in or upon any park building, monument or structure.

(r) **Unhygienic use of fountains, pools, and water.** No person shall use, or permit any animal under his or her control to use, any water fountain, drinking fountain, pool, sprinklers, reservoir, lake or any other water contained in the park for the purpose of washing or cleaning himself or herself, his or her clothing or other personal belongings. This subdivision shall not apply to those areas within the parks which are specifically designated for personal hygiene purposes (i.e., bathroom, shower room, etc.), provided, however, that no person shall wash his or her clothes or personal belongings in such areas.

(s) **Unlawful solicitation.** (1) No person shall engage in any commercial activity or commercial speech in any park, except pursuant to a permit issued under §1-03(b) and/or §2-08 of these Rules.

(2) No person shall solicit money or other property from persons not known to such person in any park, unless such person possesses a permit for noncommercial solicitation issued by the Commissioner.

DERIVATION

Section in original publication July 1, 1991.

Subd. (i) amended City Record Nov. 29, 1999 eff. Dec. 29, 1999. [See T56 §1-02 Note 1]

Subd. (k) added (as subd. (t)) City Record May 11, 1995 eff. June 10, 1995. [See Note 2]

NOTE

1. Statement of Basis and Purpose in City Record Aug. 15, 1997:

Due to comment received at the hearing on the proposed rules and written comments received by the Department, Parks has determined that it is not necessary at this time to regulate the use of metal detectors on parkland through the issuance of permits. Instead, these final rule amendments restrict the use of metal detectors to unvegetated beach areas, and require that persons obtain the written permission of the Commissioner to use metal detectors on other parkland.

2. Statement of Basis and Purpose in City Record May 11, 1995: The Commissioneer of Parks and Recreation, pursuant to Section 533(a)(9) of the New York City Charter, has the authority to establish and enforce rules and regulations for the use, government and protection of parklands. The Commissioner is promulgating the rules set forth above to ensure the health and safety of the public in the parks.

3. Statement of Basis and Purpose in City Record Apr. 10, 2007: This amendment is promulgated pursuant to the authority of the Commissioner of Parks (the "Commissioner") under §§389(b), 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of all property under the charge or control of Parks. Parks strives to accommodate the interests of all its patrons, including both dog owners and other visitors. Because dog owners have few places to exercise their dogs off-leash in the City's urban environment, and dogs tend to become better socialized when they are allowed to recreate off-leash, Parks has been following a limited policy for the last twenty (20) years that allows dogs to be unleashed in certain portions of

parks between 9:00 p.m. and 9:00 a.m. ("Courtesy Hours"). The proposed amendment to §1-04(i) will codify the Courtesy Hours by converting this policy into a rule. To more effectively safeguard public health, the amended rule will also require all dogs that use the park to be licensed and for persons owning or in control of such dogs to have proof that they have been vaccinated against rabies, as required by New York State and City law. Parks is also amending §1-05(s)(3), which allows unleashed dogs within discrete and enclosed areas ("Dog Runs"). The proposed amendment will simply ensure that Parks rules and regulations mesh neatly with the rules and requirements of other state and local agencies regarding dogs. Public comments submitted to Parks indicated that further changes were necessary both to avoid any public confusion regarding the off-leash rules and to ensure the proper administration of such rules. The prohibition against dogs in handball courts was made explicit as it may be unclear to some whether or not such courts come under the definition of "playground". The term "disturb" has been eliminated from the proposed amendment due to its ambiguity. The term "beach" was changed to "bathing area and adjacent bathing beach" so as not to exclude dogs from certain water bodies that exist within the parks system. The same concern prompted Parks to change the term "bathing facility" to "swimming pool facility". Moreover, in recognition of the fact that dogs have in the past been allowed to enter certain beach areas during the fall and winter months, Parks inserted language that will give the Commissioner the power to permit dogs therein if such action is deemed appropriate and if the beach area in question is closed to swimmers. Finally, in recognition of the fact that dogs have in the past been allowed to enter certain bridle paths, Parks inserted language that will give the Commissioner the power to permit leashed dogs therein if such action is deemed appropriate. Before the amended rules go into effect, Parks will begin to notify the public of their provisions and where they will apply. For further information, please visit our website at www.nyc.gov/parks.

CASE AND ADMINISTRATIVE NOTES

¶ 1. See Juniper Park Civic Assn., Inc. v. City of New York, 14 Misc.3d 1203(A), 2006 WL 3628018 (Sup. Ct. Queens Co.), discussed in Note 1 to 24 R.C.N.Y. 161.05

FOOTNOTES

[Footnote 1]: * Chapter 1 amended City Record June 24, 1996. Note further provisions:

The Commissioner of Parks & Recreation, pursuant to Section 533(a)(9) of the New York City Charter, has the authority to establish and enforce rules and regulations for the use, government and protection of parklands. The Commissioner is promulgating the rules amendments set forth above to ensure the health and safety of the public in the parks, and to ensure that activities in the parks are conducted in accordance with standards consistent with the use and enjoyment of the parks by the public. Some of the above changes were necessitated by the recent adoption of legislation making violations of these Rules & Regulations returnable before the Environmental Control Board. Other changes are the result of the first comprehensive review of these Rules & Regulations in many years.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 1-05

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 1 USE OF PARKS*1

§1-05 Regulated Uses.

(a) **Assemblies, meetings, exhibitions.** (1) No person shall hold or sponsor any special event or demonstration without a permit.

(2) Reserved.

(3) No person shall erect any structure, stand, booth, platform, or exhibit in connection with any assembly, meeting, exhibition or other event without approval of the Commissioner or his designated representative.

(b) **Unlawful vending.** No person in any park, or street adjacent to or abutting a park (including all public sidewalks of such abutting streets) shall sell, offer for sale, hire, lease or let anything whatsoever, except under and within the terms of a permit, or except as otherwise provided by law.

(c) **Unlawful posting of notices or signs.** (1) No person shall post, display, affix, construct or carry any placard, flag, banner, sign or model or display any such item by means of aircraft, kite, balloon or other aerial device, in, on, or above the surface of any park for any purpose whatsoever without a permit issued by the Commissioner. Each separate item placed in violation of this section shall constitute a separate violation.

(2) Notwithstanding paragraph (1) of this subdivision (c), any person may carry any item described in paragraph (1) of this subdivision (c), without the aid of any aircraft, kite, balloon or other aerial device, where the space on which the message of such item is contained has a height no greater than two feet and a length no longer than three feet, and that such item takes up a total area of no more than six square feet.

(3) Any person who posts or displays a sign upon park property, including the perimeters of any park, whether or not pursuant to a permit issued under this subdivision (c), shall be responsible for removal of such sign pursuant to the conditions in such permit, or immediately if no such permit has been issued. Failure to remove any sign that is posted or displayed on such property, or that remains on such property, other than in compliance with such permit, shall constitute a violation of these Rules and Regulations.

(4) In the event that a notice or sign is, in violation of this subdivision (c), posted or displayed on any property, including the perimeters of any park, there shall be a rebuttable presumption that any person whose name, telephone number, or other identifying information appears on such notice or sign has violated this subdivision by either (i) pasting, posting, painting, printing or nailing such notice or sign, or (ii) directing, suffering or permitting a servant, agent, employee or other individual under such person's control to engage in such activity; provided, however, that such rebuttable presumption shall not apply with respect to criminal prosecutions brought pursuant to this paragraph (4).

(d) **Noise; musical instruments; sound reproduction devices.** (1) No person shall make, or cause or allow to be made, unreasonable noise in any park so as to cause public inconvenience, annoyance or harm. Unreasonable noise means any excessive or unusually loud sound that disturbs the peace, comfort or repose of a reasonable person of normal sensitivity or injures or endangers the health or safety of a reasonable person of normal sensitivity, or which causes injury to plant or animal life, or damage to property or business.

(2) No person shall play or operate any sound reproduction device, as defined in §1-02 of these Rules, in any park without a permit from the Department of Parks and Recreation and any other City agency or agencies with pertinent jurisdiction. This paragraph (2) shall not apply to the regular and customary use of portable radios, record players, compact disc players, or television receivers, or tape recorders played or operated in full accordance with these Rules so as not unreasonably to disturb other persons in their permitted uses of the park, except that in areas designated by the Commissioner as "quiet zones," such regular and customary use of sound reproduction devices shall be prohibited. Signs shall be posted in all quiet zones advising the public of such prohibition. Use of radios and other sound reproduction devices listened to solely by headphones or earphones, and inaudible to others, is permitted in all areas of the parks.

(3) No person shall play or operate any musical instrument or drum, radio, tape recorder or other device for producing sound in any park between the hours of 10:00 p.m. and 8:00 a.m. except under the express terms of a permit. The Commissioner may, in his or her discretion, further restrict such hours in specific parks where such operation would disturb or damage the comfort, peace, health or safety of persons or businesses.

(4) No person shall play or operate any musical instrument or drum or cause any noise for advertising or commercial purposes except under the express terms of a permit.

(e)(1) Filming or photography requiring a permit. Any person or entity engaged in filming or photography in a park, where such activity is subject to the permit requirements of the Mayor's Office of Film, Theatre & Broadcasting ("MOFTB") (Chapter 9 of Title 43 of the Rules of the City of New York) may engage in such activity only upon obtaining such a permit from that Office. Such permittee shall comply with the requirements of §9-02(c) of such rules ("Responsibility of Holders of Required and Optional permits") including, but not limited to, the obligation to clean and restore any Department property altered in connection with the exercise of such permit. (2) Filming or photography not requiring a permit. Any person or entity engaging in filming or photography in a park, where such activity does not require a permit under the permit requirement rules of MOFTB, may engage in such activity without obtaining a permit from that Office. In addition, any person or entity engaging in filming or photography involving only the use of handheld devices (as defined in paragraph (3) of subdivision (a) of §9-02 of the MOFTB permit rules) that takes place in an area under the Department's jurisdiction that is not a sidewalk, pathway, street, or walkway of a bridge need not obtain a MOFTB permit. Nothing herein shall be deemed to relieve such person or entity of the obligation to obtain a permit from the Department if such activity involves conduct otherwise requiring a permit pursuant to any other rule of the Department.

(f) **Alcoholic beverages.** (1) Except where specifically permitted by the Commissioner, no person shall consume any alcoholic beverage in any park, playground, beach, swimming pool or other park property or facility, nor shall any person possess any alcoholic beverage with intent to consume or facilitate consumption by others of same in any park, playground, beach, swimming pool, or other park property or facility.

(2) It shall be a violation of these rules for any person to appear in any park under the influence of alcohol, to the degree that he may endanger himself or herself, other persons or property, or unreasonably annoy persons in his or her vicinity.

(g) **Beaches, boardwalks and pools.** (1) Bathing in waters adjacent to property under the jurisdiction of the Department shall be permitted only at authorized bathing beaches and only during the bathing season designated by the Commissioner. The Commissioner may limit or expand the extent of bathing beaches or shorten or extend the bathing season with due regard for weather conditions and the safety of the public. It shall be a violation of these rules to bathe at any time in unauthorized areas.

(2) Except where permitted by the Commissioner, no person shall bring into or use in any pool under the jurisdiction of the Department, artificial floats, masks, spears, fins, snorkels, air or gas tanks, or other apparatus used for skin or scuba diving. No person shall bring into or use in any other water under the jurisdiction of the Department, artificial floats, spears, fins, snorkels, air or gas tanks, or other apparatus used for scuba diving.

(3) Except in locations designated for such purpose, no person shall engage in any athletic game or conduct himself in such a way upon a bathing beach or in the water as to jeopardize the safety of himself or others. Surfboards are allowed only at areas expressly designated for such use.

(4) No person having, or apparently having any infectious disease shall be admitted to a bathing beach or bath house, or shall be permitted in the water.

(5) No person shall change clothes except in bath houses or other authorized places. No person shall be nude at any bathing area, beach or pool under the jurisdiction of the Department.

(6) No person shall disobey the reasonable direction of a lifeguard, nor shall any person carry on unnecessary conversation with a lifeguard, or falsely call for help or assistance, or stand, sit upon, or cling to lifeguard perches, or cling to or go into a lifeguard boat except in an emergency.

(7) Persons using swimming pools under the jurisdiction of the Department may only do so if dressed in bathing suits, and only after showering at the park immediately prior to entering such pools.

(8) Bathing and swimming in park swimming pools shall be allowed only on such days and at such times as are designated by the Commissioner and posted at each facility.

(9) No person shall dive into water under the jurisdiction of the department except where specifically authorized by posted signs.

(h) **Fishing.** (1) Fishing shall be permitted from locations under the jurisdiction of the Department, except in open swimming areas or where specifically prohibited. Any person who engages in fishing shall obey all posted guidelines, and comply with all applicable City, State and Federal laws and regulations, including Title 6 of the New York State Environmental Conservation Law.

(2) The use of lead fishing weights in waters under the jurisdiction of the Department shall be a violation of these rules.

(3) Failure to remove fishing line fragments and hooks from land and waters under the jurisdiction of the

Department shall be a violation of these rules.

(4) All fish caught in fresh water areas shall be immediately released. The use of barbed hooks in such areas shall be a violation of these rules.

(5) The use of traps to catch fish and/or crustaceans in areas under the jurisdiction of the Department shall be prohibited.

(i) **Bicycling and operating Pedicabs.**

(1) Any person bringing a bicycle or a pedicab into any park shall obey all park signs pertaining to the use of such bicycles or pedicabs. Only pedicabs that carry a registration plate as required by §20-255 of the New York City Administrative Code and are operated by, or are authorized to be operated by, a pedicab business that possesses a valid pedicab business license, as defined by §20-249 of the New York City Administrative Code, may be operated within property under the jurisdiction of the Department. Only a pedicab driver as defined by §20-249 of the New York City Administrative Code who has a valid pedicab driver's license as defined by §20-249 of the New York City Administrative Code may operate a pedicab within property under the jurisdiction of the Department.

(2) No bicycle or pedicab shall be ridden or otherwise operated in vegetated areas or on any bridle path, pedestrian way, park path, sitting or play area, playground, or in any other area so designated. Bicycles may be ridden and operated on park roads, bikepaths, and other areas specifically designated by the Commissioner. Pedicabs may only be operated on park roads designated by the Commissioner and may not be operated or stopped in (i) any recreation lane designated by the Commissioner for use by pedestrians or bicyclists; or (ii) any bikepath designated by the Commissioner.

(3) No person shall operate a bicycle or a pedicab in a reckless manner. Any person operating a bicycle or pedicab shall ride in the direction of traffic and obey all traffic lights and road signs. Persons operating pedicabs may not ride adjacent to another pedicab, bicycle or vehicle, except when using the left lane to pass another pedicab, bicycle or motor vehicle.

(4) No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped, except children may be carried in seats securely attached to a bicycle. No person riding a bicycle shall attach himself or herself or his/her bicycle to the outside of any vehicle being operated upon a roadway.

(5) Any person operating a bicycle shall yield the right of way to pedestrians, in-line skaters, and horse drawn carriages. Any person operating a pedicab shall yield the right of way to pedestrians, bicyclists, in-line skaters, and horse drawn carriages.

(6) On the park roads in Central Park, all pedicabs shall remain in the far right lane, except when passing another pedicab, bicycle, or vehicle, in which case the pedicab may use the next lane to the left to pass.

(7) No person shall operate a pedicab adorned with commercial advertising in any park, or at any other location under the jurisdiction of the Department, unless the pedicab is on a park road during a time when private motor vehicles are allowed to operate on such park road.

(8) No person operating a pedicab in any park, or at any other location under the jurisdiction of the Department, shall solicit, pick up or release passengers except at areas specifically designated by the Commissioner, subject to any limitation imposed by the Commissioner as to the number of pedicabs that may solicit, pick up or release passengers in such designated areas at any given time. Signs shall be posted informing the public of the designation of such areas for solicitation, pick up or release of pedicab passengers.

(9) No person operating a pedicab shall occupy an area reserved solely for buses, taxicabs, horse drawn carriages or other vehicles or motor vehicles.

(10) In addition to complying with the provisions of this subdivision (i) of §1-05, pedicab drivers shall operate pedicabs in compliance with the provisions of §20-259 of the New York City Administrative Code.

(11) If there are exceptional circumstances, the Commissioner, in consultation with the Commissioners of the Police, Transportation and Consumer Affairs Departments, shall be authorized, upon notice, to restrict or prohibit any pedicab driver, as defined by §20-249 of the New York City Administrative Code, from operating his or her pedicab on any park road otherwise designated for pedicab use, for a consecutive period of time, not to exceed fourteen days, or on one or more particular days. For purposes of this paragraph, exceptional circumstances shall include, but not be limited to, unusually heavy pedestrian or bicycle traffic, existence of any obstructions on Department property, a parade, demonstration, special event, or other such similar event or occurrence at or near such location. Notwithstanding the preceding provisions of this paragraph, the Commissioner may restrict or prohibit the operation of pedicabs within property under the jurisdiction of the Department for periods of time in excess of fourteen days when such restrictions apply to bicycles or other types of vehicles.

(j) **Boating.** No person shall land a boat of any kind other than a human-powered boat, such as a kayak, canoe, rowboat or pedal boat, on any park shore except at designated landing areas or in case of an emergency. No person shall operate a boat of any kind, including jet-skis, upon any waters under the jurisdiction of the Commissioner in a reckless manner so as to endanger the life, limb or reasonable comfort of his or her passengers or other persons. Boating in any authorized bathing area is prohibited.

(k) **Unlawful ice activity.** (1) Ice skating is permitted at rinks maintained by the Department for such use, at such times, and subject to the Rules and Regulations prescribed and posted at each facility.

(2) No person shall go upon the ice of any lake or pond in any park except at such places and at such times as may be designated by the Commissioner.

(l) **Planting.** No tree, plant, flower, shrubbery or other vegetation shall be planted in any area under the jurisdiction of the Department without a permit. No such planting shall be undertaken on any street or avenue without a permit for the necessary excavation from the Department of Transportation. Trees planted pursuant to permits shall become the property of the City after a guarantee period of one year has been satisfactorily completed.

(m) **Unlawful fires.** (1) No person shall kindle, build, maintain, or use a fire in any place, portable receptacle, or grill except in places provided by the Department and so designated by sign or by special permit. In no event shall open or ground camp fires be allowed in any park. Any fire authorized by this subdivision (m) shall be contained in a portable receptacle grill or other similar device, and continuously under the care and direction of a competent person over 18 years of age, from the time it is kindled until it is extinguished. No fire shall be within ten feet of any building, tree, or underbrush or beneath the branches of any tree.

(2) No person shall leave, throw away or toss any lighted match, cigar, or cigarette, hot coals, or other flammable material within, on, near, or against any tree, building, structure, boat, vehicle or enclosure, or in any open area.

(n) **Unlawful operation and parking of motor vehicles.** (1) Motor vehicles may not be brought into or operated in any area of a park except on park roads or designated parking areas. Park roads may be closed to motor vehicles at such times and in such places designated by the Commissioner.

(2) A person shall not park any motor vehicle in any park except in areas designated by the Commissioner for parking, and only during the hours of operation of such park.

(3) No person shall use any area of a park, including designated parking areas, for the purpose of performing non-emergency automotive work, including, but not limited to, vehicle maintenance, repairs, or cleaning.

(o) **Unauthorized construction on park property.** No person shall perform or cause to be performed construction

work of any kind or any work incidental thereto, including storage of materials, in any park except pursuant to a permit issued by the Construction Division of the Department.

(p) **Unauthorized dumping, excavations.** No person shall perform, cause, suffer or allow to be performed any excavations within or adjacent to any park property without a permit.

(q) **Horse riding.** (1) No person may ride a horse in any park, except on bridle paths designated by the Department.

(2) It shall be a violation of these Rules to ride a horse into or within a park in a reckless manner; to allow the horse to be left unbridled or unattended; or to allow the horse to cause any damage to any tree, plant, flower, shrubbery or other vegetation under the jurisdiction of the Department.

(r) **Failure to comply with area use restrictions.** (1) No person shall throw, catch, kick or strike any baseball, football, basketball, soccer, golf or tennis ball, or similar object, nor shall any person engage in any sport, game or other competition except in areas designated and maintained therefore. No such use will be allowed at any time if the desired area has previously been allotted by permit issued pursuant to the provisions of these Rules.

(2) No person shall engage in any toy or model aviation, kite-flying, model boating or model automobiling except at such times and at such places designated or maintained therefore.

(3) No person shall roller skate, ski, skateboard, sled or coast on any kind of vehicle except in areas designated and maintained for such use.

(s) **Exclusive areas.** Areas within the parks designated by the Commissioner for exclusive use shall include:

(1) Exclusive children playgrounds: Adults allowed in playground areas only when accompanied by a child under the age of twelve (12).

(2) Exclusive senior citizens areas: Certain areas of any park may be set aside for citizens aged 65 and older, for their quiet enjoyment and safety.

(3) Dog Runs: Certain fenced park areas may be designated by the Commissioner as dog runs, and persons owning or possessing dogs that are wearing a license tag and vaccinated against rabies pursuant to the laws of the State of New York and City of New York are permitted to allow such animals to remain unleashed in these areas. Users of dog runs shall obey posted rules. Users of such dog runs shall provide proof of current vaccination against rabies and proof of current licensing upon the request of any Police Officer, Urban Park Ranger, Parks Enforcement Patrol Officer or other Department employee or employee of the DOHMH, the refusal of which shall constitute a violation of §1-03(c), §1-04(i) and of this paragraph.

All exclusive areas will be specifically designated as such and signs will be posted informing the public of this designation.

(t) **Unlawful distribution of products and materials.** No person shall engage in the non-commercial distribution of products and/or material (other than printed or similarly expressive material) without a permit issued by the Commissioner. A permit shall be issued only upon the Commissioner's determination that said distribution will be conducted in a manner consistent with the public's use and enjoyment of the park or facility in question. In making this determination, the Commissioner will consider the nature of the product or material, whether the product or material is compatible with customary park uses, whether the product or material is intended to be used in the park or facility, the age of the targeted audience for the product or material, and whether the area in the park or facility where the distribution will take place is appropriate for such distribution, considering, e.g., its proximity to areas designed for children, quiet zones or other areas designed for activities not compatible with such distribution. In connection with the

foregoing, the Commissioner may consult with parental groups which are involved with the park or facility where a permit for distribution is requested. The Commissioner may also impose conditions upon the distribution of products and materials consistent with the concerns reflected by the factors listed above. Products and/or materials may be distributed only upon an indication of interest by the recipient, and only from a fixed location specified in the permit.

(u) **Rollerblades.** Any person using rollerblades or roller skates in any park shall obey all park signs pertaining to the use of same. No person shall use rollerblades in any park except for park drives or areas designated for such use by the Department, and at times designated for such use. No person shall use rollerblades in a reckless manner, or so as to endanger persons or property.

CASE AND ADMINISTRATIVE NOTES

¶ 1. The New York City Department of Parks and Recreation Regulations, 56 RCNY Sec. 1-05(b), and 1-03(c)(1) are not enforceable against general vendors who exclusively trade in written matter. The Parks Dept. permit system directly contravenes the provisions of 20-473, which explicitly and unambiguously exempts general vendors who exclusively vend written matter from compliance with the written authorization or permit requirements contained elsewhere in the Administrative Code. While Sec. 20-473 confers upon the Department the authority to "regulate the vending of written matter in a manner consistent with the purpose of the parks and the declared legislative intent of this subchapter," that grant of authority may not be read so broadly as to allow the Department to criminalize through administrative fiat that which the City Council has expressly authorized. An administrative agency cannot by its regulations effect its vision of societal public choices and may adopt only rules and regulations which are in harmony with the statutory responsibilities it has been given to administer. In other words, the agency cannot make unlawful that which the legislature still has on its books as lawful. People v. Balmuth, 178 Misc.2d 958, 681 N.Y.S.2d 439 (Crim.Ct. New York Co. 1998), aff'd 189 Misc.2d 243, 731 N.Y.S.2d 314 (App.Term 1st Dept.), leave to appeal denied, 97 N.Y.2d 678, 738 N.Y.S.2d 293 (2001).

¶ 2. A group of activists known as "Cures Not Wars," which is dedicated to the legalization of marijuana for medicinal purposes, has challenged several portions of the regulation, charging that it gives unbridled discretion in the parks commissioner, and failed to provide for prompt appeals from denials of permits. The court declined to grant a preliminary injunction against the city's enforcement of the regulations and said that the plaintiffs had not shown a clear probability of success. The Second Circuit Court of Appeals remanded the case to the District Court, which will determine the validity of the regulation after conducting a hearing. In its opinion, the Circuit Court set forth some of the constitutional standards to be considered, and said: A city the size of New York cannot allow rallies or demonstrations to take place in city parks at the whim of promoters. Competing uses create scheduling problems, and others using parks for recreation have legitimate interests that must be protected. Some regulation is necessary. The challenged regulations plausibly exist for public rather than private goals and pursuant to a regulatory scheme (184 F.3d at 123). The court recognized that the regulations were a form of prior restraint on speech, because they give public officials the power to deny use of a forum in advance of actual expression. A regulation may constitute a prior restraint even though it is not content-based. These are the most serious and least tolerable type of infringement on First Amendment rights. Nevertheless, the court said, this type of content-neutral regulation could be upheld if it is narrowly tailored to serve a significant governmental interest, leave open ample alternatives for communication and does not delegate overly broad licensing discretion to government officials. Beal v. Stern, 184 F.3d 117 (2d Cir. 1999).

¶ 3. A group of visual artists, who displayed and sold their artwork on the streets of New York City, including the area in front of the Metropolitan Museum of Art (the "Met"), challenged 56 RCNY Sec. 1-05, which prohibited them from selling art either within the parks or on territory which was under the jurisdiction of the Parks Department. The court first analyzed the statutory scheme. Admin. Code Sec. 20-453 requires all vendors in New York City to obtain a license, but exempts book vendors. Admin. Code 20-465 prohibits general vendors from vending within the geographical area under the jurisdiction of the Department of Parks and Recreation except within a permit, but this permit requirement is also subject to an exemption for vendors of written material, as described in Section 26-473. 56 RCNY is valid as enforced against most vendors, who deal in neither books nor art. However, the court held, the enforcement of 56 RCNY 1-05(b) against art vendors contravenes Admin. Code 20-473. Lederman v. Giuliani, 2001 WL 902591 (U.S. Dist. Ct. S.D.N.Y.)

¶ 4. See Juniper Park Civic Assn., Inc. v. City of New York, 14 Misc.3d 1203(A), 2006 WL 3628018 (Sup. Ct. Queens Co.), discussed in Note 1 to 24 R.C.N.Y. 161.05

56 RCNY 2-01

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-01 Tennis.

Each tennis player must have a valid tennis permit or single-play tennis ticket to play on tennis courts under the jurisdiction of the Department.

(a) **Tennis permits.** (1) Tennis permits are available for purchase at the Arsenal and at locations in each of the five boroughs.

(2) Tennis permits are issued on an annual basis, and may be used for unlimited play during the year for which they were issued in one hour increments.

(3) In the event a tennis permit is lost, a duplicate permit may be obtained for a fee pursuant to §2-09(a).

(4) Tennis permits may not be transferred or resold.

(b) **Single-play tennis tickets.** (1) Single-play tennis tickets are available for purchase at the Arsenal and at locations in each of the five boroughs.

(2) A single-play tennis ticket may be used during the year in which it was purchased in lieu of a tennis permit to play tennis for one hour during the year during which it was purchased on tennis courts under the jurisdiction of the Department.

(c) **Reservation tickets.** (1) Reservation tickets are available for purchase at the Arsenal and at locations in each of the five boroughs.

(2) A reservation ticket may be used during the year in which it was purchased by a tennis permit-holder to reserve one hour of court time up to eight days in advance of scheduled play.

(3) If tennis courts are closed due to rain, reservation tickets may be exchanged at the location where the reservation was made for a "rain check." The rain check shall be valid for one year from the date of issuance.

(d) **Use of Tennis courts.** (1) Tennis courts are open daily, weather permitting, except when under construction or repair, or when reserved for tournaments or special events.

(2) Players must wear smooth-soled, heelless footwear on clay or composition courts. Suction soled shoes and running shoes are prohibited on all surfaces on Department tennis courts.

(3) Reservation tickets shall be presented to the tennis attendant at the time the reservation is made. The tennis attendant will reserve the court for one hour. If players are more than five minutes late, the reservation shall be forfeited without compensation.

(4) Tennis permits or single-play tickets shall be presented to the attendant in charge of the tennis courts, who will make court assignments.

(5) Reservation ticket holders. Permit holders and single play ticket holders will be given their choice of court assignments in the order of their registration.

(6) Reservations shall be made on the hour.

(7) A maximum of six (6) balls may be used on each court.

(8) All disputes, including but not limited to disputes concerning court reservations, permit ownership, and suitability of court conditions for play, shall be settled by the tennis attendant.

(9) Locker-room and shower privileges are not included with tennis permit privi- leges.

(10) Anyone who fails to comply with these rules or the instructions of the tennis attendant or other Parks employee will be ordered to leave. Failure to leave when ordered to do so shall be treated as a violation of §103(c)(1).

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-02 Croquet.

(a) Each player must be the holder of a permit.

(b) Permits are strictly personal and not transferable.

(c) A duplicate permit will not be issued unless another fee is paid.

(d) Croquet Fields, when not under repair or reserved for tournaments conducted by the Department of Parks and Recreation, are open daily, weather permitting.

(e) Permit holders are required to show their permits to the representative of the Department of Parks and Recreation upon request.

(f) Order of play is determined by order of arrival at Croquet Field.

(g) Players are required to furnish their own equipment.

(h) Rules of the game should be observed and courtesy extended to all permit holders.

(i) Violation of any of these Rules will result in the cancellation of Croquet Permits.

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-05 Model Yacht Storage.

(a) Boats must be placed in locations in the boat-house assigned to the Permittee.

(b) Boats must be numbered to correspond with the number on the permit.

(c) The Department assumes no responsibility for the loss of any boat or property.

(d) All boats must be removed from the boat-house at the close of the season, the date of which will be posted in all boat-houses and at the Department office in the respective Boroughs.

(e) In the event of a Sail Boat Contest conducted by the Department, the permit holder may sail his or her boat only at the specified time.

(f) Only one permit is allowed to any one person.

(g) Sail boats exceeding 72 inches in length will not be permitted on the Conservatory Lake or in the Boathouse, Central Park.

(h) The use of power boats by adults is prohibited on Conservatory Lake, Central Park.

(i) Violation of any of these rules will result in the cancellation of the Model Yacht Storage Permit.

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-06 Kayaks and Canoes.

(a) A permit allows a permittee and his or her guests to use the City's access facilities for a kayak or canoe. A permittee may have more than one boat listed on his or her permit, but each kayak or canoe on the water must carry a permittee.

(b) The permittee is responsible for the safety of all those in his or her craft. Operation of the kayak or canoe under a permit is solely at the operator's own risk.

(c) Permittees and guests should be strong, experienced swimmers. It is recommended that permittees be able to sustain themselves fully clothed for ten minutes in deep water; swim two body-lengths underwater at a depth of six feet; and tow a "victim" fifteen feet.

(d) Permittees must be familiar with and obey all federal, state and local boating rules and regulations.

(e) Permittees must be aware that environmental conditions such as rip tides and other strong currents can overwhelm even the most adept swimmers. They should know the water and weather conditions before going out.

(f) Because the waters can be polluted, boaters should avoid water contact to the greatest degree possible. Swimming, water skiing, windsurfing, scuba diving or practicing immersion escape techniques in the waters to which the launch site give access are prohibited.

(g) No wildlife or natural land features may be disturbed.

(h) Kayaks and/or canoes may be launched only at launch sites designated for this purpose. No person shall launch any boat or water vehicle that requires the use of a boat trailer or other such trailer for its land transportation. A person shall not launch a motor powered vessel, or use either an inboard or outboard motor on any vessel once underway. No person shall launch rafts or other inflatables, sailboats, rowboats, "wind surfers" or sailboats of any kind.

(i) All persons using a kayak or canoe must wear a Personal Flotation Device.

(j) No person launching a boat from a kayak and/or canoe launch may begin a boating trip before sunrise or complete a boating trip after sunset. The launch sites will be open from April 1 to December 1.

(k) No person shall enter a launch site, or operate or ride as a passenger in a canoe or kayak, under the influence of drugs or alcohol.

(l) No person shall use any boat-launching site or any adjacent waters within 100 feet from the shore of a launch area, including offshore and inshore approaches, for any purpose other than launching boats or removing boats from the water, unless a written permit is obtained from the department.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-07 Golf.

(a) All golf courses under the jurisdiction of the Department are operated by concessionaires. Fees for use are set by the concessionaire, subject to the approval of the Department.

(b) **Identification cards.** Golf course operators are authorized to issue identification cards for discounts on greens fees in the following categories: New York City Resident, Senior, and Junior.

(c) **Inclement Weather.** Golf courses may be closed if there is lightning in the area, or if rain is heavy.

(d) **Rain checks.** In the event a golf course manager determines that a course is unplayable, rain checks may be issued. If four holes or less are completed, players will be issued rain checks for full credit. If between four and twelve holes are completed, players will be issued a credit for nine holes. If thirteen or more holes are completed, no credit will be given.

(e) **Reservations.** Reservations are accepted up to seven days in advance of the day of play. Players will be given their choice of tee time in the order of their registration.

(1) **Cancellation of weekday reservations.** Players will receive a full refund if they cancel weekday reservations up to 24 hours in advance of scheduled play. If players cancel weekday reservations less than 24 hours in advance, players will forfeit reservation fees.

(2) **Cancellation of weekend/holiday reservations.** Players will receive a rain check in an amount equal to the

greens fees if they cancel weekend/holiday reservations up to 24 hours in advance, but will forfeit reservation fees. If players cancel weekend/holiday reservations less than 24 hours in advance, players will be charged for greens fees and reservation fees.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 2-08

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-08 Special Events and Demonstrations.

(a) For purposes of this subdivision, the following terms shall have the following meanings:

(1) Same date. "Same date" shall mean the same actual calendar date (numerical date and month) or the same day of the same week in a given month, as relevant. For example, "same date" shall encompass the date July 11 as well as the second Sunday in the month of July, as relevant.

(2) Same location. "Same location" shall mean the location identified in the special event or demonstration permit or the special event or demonstration permit application.

(b) **Applications.** (1) Applications for special event permits must be received at least twenty-one days prior to the requested date for the special event.

(2) Applications for demonstration permits must be received at least five days prior to the requested date for the demonstration. Notwithstanding this requirement, the department will accept all applications for demonstrations involving the expression of viewpoints on topical issues whenever submitted and process such applications as soon as it is feasible to do so, considering the magnitude of the event and the resources of the department.

(3) Applications for special event and demonstration permits will be accepted beginning on the first Monday in November in the calendar year immediately preceding the calendar year for which such permits are sought.

(4) Permit applications received between the first Monday in November and December 1 in the calendar year

immediately preceding the calendar year for which such permits are sought will be processed as follows:

(A) if two or more permit applicants request the same date and the same location, the application from the applicant who held a permit for such date and such location in the calendar year immediately preceding the calendar year for which such permit is now sought, shall be eligible for approval; provided, however, that if more than one of such applicants held a permit for such date and such location in the calendar year immediately preceding the calendar year for which such permit is now sought, the permit application from the applicant that was received first shall be eligible for approval.

(B) if two or more permit applicants request the same date and the same location and none of these applicants held a permit for such date and such location in the calendar year immediately preceding the calendar year for which such permit is now sought, the permit application that was received first shall be eligible for approval.

(5) All permit applications received after December 1 in the calendar year immediately preceding the calendar year for which the permit is sought will be processed on a "first come, first serve" basis.

(6) The provisions contained in paragraphs (1) and (2) of this subdivision shall be subject to the following:

(A) For permit applications received between the first Monday in November and December 1 in the calendar year immediately preceding the calendar year for which such permits are sought, the Department shall respond to the applicant no later than the third Monday in December of the calendar year immediately preceding the calendar year for which such permit is sought with one of the following responses:

(i) written notification that the permit application has been denied and a statement of the reason or reasons pursuant to paragraph (c) of this subdivision for such denial;

(ii) written notification that more information is needed before the Department can make a determination as to a particular permit application; or

(iii) issuance of the permit.

(B) For permit applications received after December 1 in the calendar year immediately preceding the calendar year for which such permits are sought, the Department shall respond to the applicant with one of the responses enumerated in clauses (i) through (iii) of subparagraph (A) of this paragraph in accordance with the following schedule:

(i) for applications filed 45 days or more prior to the date for which such permit is sought, the Department shall respond no later than thirty days after the receipt of such applications;

(ii) for applications filed less than 45 days but more than 15 days prior to the date for which such permit is sought, the Department shall respond no later than ten days after the receipt of such applications; or

(iii) for applications filed 15 days or less prior to the date for which such permit is sought, the Department shall respond as soon as is reasonably practicable.

(7) Applications for special event and demonstration permits for events to take place on the Great Lawn in Central Park must be received no less than two (2) or more than nine (9) months before the date of the proposed event. However, applications for a demonstration made less than two (2) months before the proposed event where exigent circumstances prevented timely application shall be still accepted, provided that the limitation on the number of events on the Great Lawn in subdivision (t) of this section has not already been reached. Applications must be submitted in writing either by mail or by completing the online form on the Department's website and will be considered in the order in which they are received as shown by the postmark date and time or by the timestamp, respectively.

(c) Upon application, the Commissioner may deny a permit if:

(1) the location sought is not suitable because of landscaping, planting, or other environmental conditions reasonably likely to be harmed by the proposed event;

(2) the location sought is not suitable because it is a specialized area including, but not limited to, a zoo, swimming pool, or skating rink, or because the proposed event is of such nature or duration that it cannot reasonably be accommodated in that location;

(3) the date and time requested have previously been allotted by permit;

(4) within the preceding two years, the applicant has been granted a permit and did, on that prior occasion, knowingly violate a material term or condition of the permit, or any law, ordinance, statute or regulation relating to use of the parks;

(5) the event would interfere unreasonably with the enjoyment of the park by other users; or

(6) with respect to events on the Great Lawn, the conditions for events contained in subdivision (t) of this section are not complied with.

(d) If the permit has been denied pursuant to subdivision (c) of this section, the Department shall employ reasonable efforts to offer the applicant suitable alternative locations and/or times and/or dates for the proposed event.

(e) After a permit application is denied, the applicant may appeal the determination by written request filed with the designated appeals officer who may reverse, affirm, or modify the original determination and provide a written explanation of his or her finding.

(1) If a permit application is denied more than 30 days prior to the proposed event, the applicant shall have 10 days from the date that such denial is mailed or otherwise delivered to the applicant to appeal such denial. The Department shall render a decision on such appeal within 10 days of receipt of such appeal.

(2) If a permit application is denied more than 10 days and 30 days or less prior to the proposed event, the applicant shall have 5 days from the date such denial is mailed or otherwise delivered to the applicant to appeal such denial. The Department shall render a decision on such appeal within 5 days of receipt of such appeal.

(3) If a permit application is denied 10 days or less prior to the proposed event, the applicant shall have 1 day from the date such denial is mailed or otherwise delivered to the applicant to appeal such denial. The Department shall render a decision on such appeal as soon as is reasonably practicable.

(f) Permittees are subject to the rules of the Department, the specific terms and conditions of the permit, and to all applicable City, State, and Federal laws.

(g) Permittees must have the permit in their possession at the time and site of the event, as well as any other permits for the event required by the Department or any other governmental agency.

(h) After notice and opportunity to be heard, the Commissioner may alter or add terms and conditions to a permit, or revoke a permit, based upon the criteria set forth in subdivision (c) of this section.

(i) If the Commissioner revokes a permit prior to the date of the event, the permittee may appeal the revocation, subject to the time limitations set forth in subdivision (e) of this section.

(j) Permittees must confine their activities to the locations and times specified on their permit. The Commissioner may establish specific guidelines for certain designated parks or park locations.

(k) During the course of an event, the Commissioner may suspend a permit where exigent circumstances exist in

the vicinity of the location for which such permit has been issued.

(l) The granting of a permit does not give the permittee the right to sell or offer for sale any articles, tickets, or refreshments within or adjacent to any park area. To do this requires a separate Temporary Use Authorization issued by the Department.

(m) Permits are not transferable.

(n) If a permittee intends to drive vehicles (e.g., buses, cars, trucks, and vans) into a park for deliveries to an event site or for any other legitimate purpose, the permittee must obtain a separate written permit for each such vehicle, specifying the date, time, route, and parking privilege.

(o) Permit applications must indicate whether electrical energy is required for the event. Permittees shall be responsible for the procurement of and payment for any electrical energy used during the event.

(p) Permittees are responsible for cleaning and restoring the site after the event. The cost of any employee overtime incurred because of a permittee's failure to clean and/or restore the site following the event will be borne by the permittee.

(q) Permittees shall be held liable for any and all damages or injuries to persons or property that may occur or be caused by the use of the permit. By accepting a permit, permittees agree to indemnify and hold harmless the City and the Department from any and all claims whatsoever that may result from such use.

(r) Should there be any injuries, accidents, or other health incidents at an event, permittee must notify the Department immediately by calling the Department's hotline, 1-800-201-PARK.

(s) It shall be a violation of these rules to advertise the location of any event requiring a permit under these rules via posting, print media, radio, television, or the internet when the location is under the jurisdiction of the Department and the person who is responsible for placing the advertisement has been informed either that the Department does not intend to issue such permit, or that the Department has already issued another permit for that time and location. There shall be a rebuttable presumption that any person or organization whose name, telephone number or other identifying information appears on any advertisement and who has been informed of the Department's intent to deny an application for such permit or of the Department's issuance of another permit for that time and location has violated this subdivision by either (1) illegally advertising an event, or (2) directing, suffering, or permitting a servant, agent, employee or other individual under such person's or organization's control to engage in such activity; provided, however, that such rebuttable presumption shall not apply with respect to criminal prosecutions brought pursuant to this subdivision (s).

(t) The following conditions apply to applications for permits for special events and demonstrations on the Great Lawn:

(1) In any calendar year there will be a maximum of six permits granted for large events on the Great Lawn. For purposes of this subdivision, a large event is a special event or demonstration with anticipated attendance between 5,000 and 50,000 participants, which requires the use of the ballfields on the Great Lawn.

(2) Small events on the Great Lawn are not subject to the limitation contained in paragraph (1) of this subsection. For purposes of this subdivision, a small event is a special event or demonstration with anticipated attendance of less than 5,000 participants, which does not require the use of any of the Great Lawn ballfields during the hours that the Department permits the ballfields for athletic uses, and does not displace any athletic use on the Great Law. Small events are subject to paragraphs (5), (6), (7), and (8) of this subsection and permits for special events or demonstrations will not be granted for any ballfields when the ballfields are otherwise closed to all uses.

(3) Attendance at large events may not exceed 50,000 persons.

(4) Large events may take place only during the months of June and July and during the period from the third week of August through the second week of September. A maximum of two events may take place during each of the following time periods: the month of June, the month of July, and the period from the third week of August through the second week of September.

(5) Large and small events are subject to cancellation by the Commissioner at any time in the event wet conditions exist that will increase the likelihood of damage to the park landscape.

(6) The load-in plan for all events must be approved by the Commissioner in order to assure that (A) the flow of persons through park landscapes on appropriately designated paths for that purpose shall be orderly; and (B) the attendees will not damage adjacent landscapes. In addition, in the case of larger events, the load-in plan must be approved by the Commissioner to assure that maximum number of persons attending does not exceed 50,000. In approving an applicant's load-in plan, the Commissioner shall take into consideration any evidence that the applicant has a proven track record of successfully executing event productions and audience management.

(7) An applicant seeking to hold a large or small event shall post a bond in an amount sufficient to pay for any anticipated damage to the Great Lawn in connection with the scheduled event and made payable to the Department. The amount of the bond will be determined by the Commissioner based upon the following factors: (A) the length of the event; (B) the time of year of the event; (C) the nature of the event, including but not limited to, the type of equipment that will need to be brought onto the Great Lawn, the location of such equipment, and the use of any vehicles on the Great Lawn; (D) the number of people attending the event; (E) experience regarding any prior events of the same or a similar nature; and (F) whether the event or any activities associated with the event present a high risk of property damage. However, the Commissioner shall have the authority to waive the bond required by this subdivision where the applicant is able to demonstrate that such bond cannot be obtained without imposing an unreasonable hardship on the applicant. Any request for a waiver of the bond required by this subdivision shall be included by the applicant in their application submitted under this section. The burden of demonstrating unreasonable hardship shall be on the applicant and may be demonstrated by a showing that the cost of obtaining the bond for the event exceeds twenty-five percent (25%) of the applicant's budget for the event. The budget for the event must include not only cash, but also the actual value of any materials and services to be used by the applicant for the event.

(8) A written acknowledgment by the applicant stating, where applicable, how the applicant will comply with the foregoing provisions must be fully executed no less than 10 days prior to the scheduled event's initial load in. However, for a special event application involving a demonstration that is made less than ten days before the proposed event, where exigent circumstances prevented timely application, the written acknowledgment must be executed as soon as practicable before the event's initial load-in.

(u) The East Meadow in Central Park and the paved areas south of the Bethesda Terrace, including the Literary Walk and the Bandshell areas, are available for large special events or demonstrations. The Department will allow up to two (2) events per month that occupy the East Meadow for twenty-four hours or more. The time that an event occupies the East Meadow starts at the occurrence of the initial load-in of equipment and any other materials for the event and concludes when the load-out of the event, including the removal from the park of all equipment and any other materials for the event, is completed.

(v) The Sheep Meadow is reserved solely for passive recreation and the North Meadow and the Heckscher Ballfields are reserved solely for athletic events with permits and passive recreation. The Department does not grant any permits for special events or demonstrations on the Sheep Meadow, the North Meadow or the Heckscher Ballfields in Central Park.

NOTE

1. Statement of Basis and Purpose in City Record Dec. 30, 2005:

These regulations are proposed to establish the use of certain restored landscapes within Central Park in accordance with sound horticulture practice so as to maintain those areas in a healthy condition. The preservation of these lawns and landscapes makes possible a full range of active and passive recreational use to the benefit of the City's residents and visitors, and assures the greater availability of such preserved lawns and landscapes for use by the public.

As a result of many years of overuse and limited resources for maintenance, the condition of Central Park had deteriorated to the point where many lawns were barren landscapes devoid of plants and shrubs. Through a combination of public funds and private philanthropy in excess of 24 million dollars, a long-term restoration project was undertaken which resulted in the restoration of the Sheep Meadow by 1980, the North Meadow by 1999 (which includes twelve ballfields), and the Great Lawn (which includes eight ballfields) between 1995 and 1997. In the case of the Great Lawn, restoration included the installation of an advanced irrigation and drainage system.

These regulations codify what has been a successful program of regulated use and planned maintenance since the restoration, and provide a clear set of rules for permitted uses in the restored areas of the Park. They seek to foster enjoyment of the park by millions of annual users, including those who participate in athletic leagues, sunbathe, picnic and attend special events. Healthy landscapes are an integral component of an enjoyable experience in the City's parks. Damage to the grass requires that a lawn be closed for repair, displacing both regularly scheduled and spontaneous use. These regulations seek to minimize damage while balancing a variety of competing functions so that the landscapes can provide maximum use and enjoyment for all.

The prevention of lawn damage requires management informed by principles of good horticulture. The regulations permit a variety of uses consistent with accepted horticulture principles for lawn and landscape management. The regulations reflect scientifically based horticulture needs, including seasonal cycles, and the impact of various uses on the grass and surrounding landscapes. Limitations on all use in wet conditions, limitations on some use during certain months and at certain locations, the requirement of appropriate load-in plans for, and control of attendance at, large special events are examples of provisions designed to minimize damage to the lawns and landscapes.

The Great Lawn

The history of use on the Great Lawn has been fairly consistent over several decades prior to its restoration. Free concerts by the Metropolitan Opera and the New York Philharmonic have taken place on the Great Lawn for approximately the last 25 years, and have continued after the restoration. These concerts, which can be cancelled in the event of wet conditions, are relatively low impact events that cause little, if any, damage. Most other large special events that have taken place on the Great Lawn pre-date the restoration to a time when the lawn was in a seriously degraded condition. The stage and heavy equipment used at those events created ruts in the bare ground and, along with

large number of participants, seriously compacted the soil. In addition, the unregulated entry of participants into the event site frequently allowed plantings and landscapes to be overrun and destroyed. Since the restoration, there have been few requests for large special events, and the few that have taken place have demonstrated the need for the restrictions on use contained in these regulations. The schedule for athletic events on the Great Lawn takes into account the seasonal requirements for seeding and nurturing of the grass and causes no damage other than normal wear and tear that is addressed through regular maintenance. Finally, there has always been scheduled athletic use on the ballfields of the Great Lawn. Since restoration those activities have continued.

As a result of this prior experience with use and its effects, the regulations for the Great Lawn codify the number and size of events that can take place there and the time of year during which they can occur. In addition, they mandate an approved load-in plan for equipment and crowds to avoid damage to both the lawns and surrounding landscapes, as well as a prohibition on use when the lawn is wet. A bond is required to cover the potential damage with a waiver provision for when the bond would pose a financial hardship. Hardship is determined by reference to the budget for the event, a provision designed to insure an equitable and realistic assessment of financial ability to post a bond for the event.

In response to comments received since publication of the proposed rules, the rules now clarify that up to six permits will be granted for large events (those with an anticipated attendance of five thousand to fifty thousand, which are held on any of the Great Lawn's ballfields). Small events (those with an anticipated attendance of less than five thousand) on the Great Lawn will not be counted against the limit of six permits. However, such smaller events cannot require the use of any of the Great Lawn ballfields during the hours that the Department permits athletic events on the Great Lawn's ballfields or otherwise displace athletic events on the ballfields and they must also meet all other applicable conditions for special events on the Great Lawn. The primary purpose of the Great Lawn's ballfields is for athletic events and allowing small events in addition to the possible six large events to displace athletic events is antithetical to the purpose of the Great Lawn's ballfields. Moreover, there are many venues within Central Park that can host events with an attendance smaller than five thousand people without disrupting or displacing other activities for which permits have been granted.

Also in response to comments received, the proposed rules were modified so as to treat the annual free concerts by the Metropolitan Opera and the New York Philharmonic in the same manner as other proposed large events on the Great Lawn. As before, the Metropolitan Opera and the Philharmonic continue to be subject to all conditions applicable to large special events on the Great Lawn. Finally, in response to comments, the Department also modified the methodology for determining when an application is received by the Department to ensure that only objective criteria would be used to determine the timing of receipt.

Sheep Meadow and North Meadow

The Sheep Meadow and the North Meadow do not have an advanced irrigation or drainage system similar to that of the Great Lawn. Consequently, they are particularly prone to soil compaction, which could result from special events drawing large crowds. Special events permits are no longer granted for Sheep Meadow. The North Meadow is reserved for athletic and passive recreational activity and has not been the host for non-athletic events since its restoration.

Heckscher Ballfields

Since their initial restoration in the early 1980s the Heckscher Ballfields have been used only for softball and passive recreation, except for early 2005, when they were available to host special events prior to further restoration work beginning in fall 2005. After this further restoration, the Heckscher Ballfields will again be limited to softball and passive recreation.

The East Meadow

The East Meadow remains open to special events. In addition, any future restoration will be such as to ensure that

the East Meadow may continue to host special events as will other suitable areas in the park, such as the paved areas south of the Bethesda Terrace, including the Literary Walk and the Bandshell, and Rumsey Playfield. The use restrictions contained in these regulations with respect to the East Meadow are minimal and ensure that there will be an area in the park for special events on an ongoing basis.

NOTE

1. Statement of Basis and Purpose in City Record Nov. 22, 1996:

The Commissioner of Parks & Recreation has the authority pursuant to Section 533(b)(1) and (2) of the New York City Charter and Section 10(3) of the Statute of Local Governments to establish and operate self-supporting, self-sustaining, or revenue producing recreational facilities on park lands.

The Commissioner hereby adopts the above-referenced fees for hardtop softball field and basketball court permits to defray the increased administrative and maintenance costs attendant to the use of the Department's hardtop facilities by the public.

The Commissioner hereby adopts the aforementioned rules to establish a uniform fee for Special Events Permit Applications across the five boroughs. This will simplify the application process as well as the record keeping of the borough offices. Furthermore, as the Special Events Permit Application Fee is administrative, there is little reason for it to vary from borough to borough.

The Commissioner hereby adopts the above rules governing the fees charged at the 79th Street Boat Basin. These fee increases are intended to defray the increased costs associated with managing and maintaining the Boat Basin.

The Commissioner hereby adopts the above-mentioned fees to be charged to businesses that abut boardwalks in all five boroughs. This fee is directed at restaurants that utilize the boardwalk to augment patronage of their establishments.

The Commissioner hereby adopts the amended fees to be charged at the Kate Wollman Skating Rink. These fees are intended to offset the administrative and maintenance costs attendant to Kate Wollman Rink.

2. Statement of Basis and Purpose in City Record Feb. 19, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. The amended section incorporates changes in the fees for tennis and ballfield permits, as well as the fees for other permitted recreational activities. The increased fees are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels, improve facility administration and help ensure the continued enjoyment of our athletic fields and outdoor facilities for recreational purposes. The fees for the Cottage Marionette Theatre are deleted because the program is administered by the City Parks Foundation.

3. Statement of Basis and Purpose in City Record Oct. 30, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. The proper funding of Kate Wollman Rink is essential to ensure the continued usage and enjoyment of the ice skating rink for recreational purposes.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 2-10

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-10 Special Event Concessions.

(a) For purposes of this section, the following terms shall have the following meanings:

Athletic Charitable Events. "Athletic Charitable Events" shall mean recreational or sporting events that are directly associated with fundraising for an entity which is established as a not-for-profit corporation and which has been granted Federal tax-exempt status. The concession schedule does not apply to Athletic Charitable events under 500 people; however, these events are subject to the regulations set forth in §2-08 of this chapter.

Athletic Non-Charitable Events. "Athletic Non-Charitable Events" shall mean those recreational or sporting events designed for public participation which are not directly associated with charitable fundraising for an entity which is established as a not-for-profit corporation and has been granted Federal tax-exempt status.

Designated Area. "Designated Area" shall mean a specific and/or distinct section or area within the following Parks that can host a special event subject to this schedule without excluding other uses and events in other distinctive sections or areas of the same Park: Battery Park, Central Park, Prospect Park, Randall's Island, Union Square, Carl Schurz Park, Inwood Hill Park, East River Park, Fort Tryon Park, Marcus Garvey, Morningside Park, Riverside Park, Van Cortlandt Park, Pelham Bay Park, Coney Island, Marine Park, Cunningham Park, Flushing Meadows Corona Park, Forest Park, Rockaway and South Beach. (For example, the North Plaza of Union Square Park, the East Meadow of Central Park, the Festival Grounds at Flushing Meadows Corona Park or the Parade Grounds at Van Cortlandt Park.) For all other Parks, designated areas shall mean the entire Park.

Display Vehicles. "Display Vehicles" shall mean vehicles that are designed, decorated or detailed for event

promotion, logo placement, product display and/or sampling of products and services. Mid-size vehicles are those vehicles with two axles. Oversize vehicles, trailers and buses are those vehicles with three or more axles or require a driver's license other than a NYS Class D license.

Event Time. "Event Time" shall mean the time between set-up and break-down of an event and applies to all events that require 18 or more hours.

General Events. "General Events" include, but are not limited to, dance recitals, music, or other artistic or cultural performances, which involve over 500 people, are open to the public and otherwise do not constitute Promotional/Commercial events or Athletic Charitable/Non-charitable events as defined by this section. General Events with less than 500 people are only subject to the regulations set forth in §2-08 of this chapter.

Inflatables. "Inflatables" shall mean balloons or displays that are expanded with air or gas and used for event promotion, logo placement, product display or recreational purposes. Blimps are not considered Inflatables for purposes of this section.

Level A Parks. "Level A Parks" shall mean Father Duffy Square.

Level B Parks. "Level B Parks" shall include the following Parks sites: Battery Park, Central Park, City Hall Park, Madison Square Park, Prospect Park, Randall's Island and Union Square.

Level C Parks. "Level C Parks" shall include the following Parks sites:

(1) Manhattan: Bowling Green, Carl Schurz Park, Dag Hammarskjold Plaza, Damrosch Park, Dewitt Clinton Park, Inwood Hill Park, East River Park, Foley Square Park, Fort Tryon Park, Marcus Garvey, Morningside Park, Passannante Ballfield, Riverside Park, Holcombe Rucker Playground, Washington Square Park, West 4th Street.

(2) Bronx: Harris Field, Van Cortlandt Park, Pelham Bay Park.

(3) Brooklyn: Coney Island, Marine Park.

(4) Queens: Cunningham Park, Flushing Meadows Corona Park, Forest Park, Rockaway Beach.

(5) Staten Island: South Beach.

Level D Parks. "Level D Parks" shall mean all other Parks sites not listed in Level A, Level B, Level C or explicitly excluded from the concession schedule in this section.

Private Events. "Private Events" are those that restrict the general public's access to a Parks site, by either physical barriers or by personnel, or events that are permitted to erect such barriers, or otherwise restrict the general public.

Promotional/Commercial Events. "Promotional/Commercial Events" shall mean those events that seek to promote, advertise, or introduce a product, corporation, company or other commercial entity to either the general public or to a portion of the general public.

Sampling. "Sampling" shall mean the direct distribution of a commercial product or service to the public for the purpose of promoting that product.

(b) A permit pursuant to §2-08 of this chapter shall not issue until the permittee has paid the concession fee required by the Department under this section, unless otherwise exempted by this section. The Commissioner shall charge an applicant a concession fee in accordance with the following schedule. The concession fee shall be charged in addition to any bonding requirement imposed by the Commissioner pursuant to §1-03(b)(4) of this title or any other amount or fee imposed by any other City agency or agencies.

Concession Fee Schedule

Basic Event Fee Level A Parks Level B Parks Level C Parks Level D Parks

Promotional/Commercial, Private

***These fixed-rate charges are in addition to the basic event fee.

***A fee will be imposed for each individual Inflatable as defined by this section.

***A fee will be imposed for each individual Display Vehicle as defined by this section.

(c) This schedule does not apply to the following:

(1) blimps;

(2) sites covered by a license, lease or agreement with a third party;

(3) Department facilities, such as recreation centers or Department administrative offices;

(4) demonstrations, which are governed by the guidelines set forth in §2-08 of this chapter; or

(5) concerts with 8,000 or more attendees. In determining the concession fee for such concerts, the following

factors shall be taken into consideration:

(i) the length of time, time of day and the time of year of the concert;

(ii) the nature of use, including but not limited to, the location of the concert and such location's vulnerability to damage, whether the concert or any activities associated with the concert present a high risk of property damage, the type of equipment to be brought into the Park and the displacement of any other Park uses caused by the concert or the concert's set-up and take-down;

(iii) the number of persons expected to attend the concert;

(iv) whether the applicant will impose an admission charge or otherwise limit attendance, or whether attendance will be free and open to the public;

(v) the size and type of the concert, including the size of the stage and other structures;

(vi) the nature of the proposed Park site (e.g. Level A, Level B, Level C or Level D);

(vii) the type and extent of public resources required to stage the concert; and

(viii) except for hand-held signs, the size of each sign and the quantity of signs displayed in the Park in connection with the concert.

HISTORICAL NOTE

Section amended City Record Oct. 30, 2003 eff. Nov. 29, 2003. [See Note 2]

Section added City Record Apr. 20, 2001 eff. May 20, 2001. [See Note 1] Former §2-10 Fees for

Playschool (Preschool) Programs-Age 4 years was repealed City Record Nov. 29, 1999 eff. Dec.

29, 1999.

NOTE

1. Statement of Basis and Purpose in City Record Apr. 20, 2001:

This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under §§389, 533(a)(9), 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. Certain types of special events substantially increase traffic and usage of various park venues and require a disproportionate deployment of public resources. The proper regulation of such events is essential to ensure the protection of parks property and the continued enjoyment by the people of public parks.

These procedures are intended to provide a framework for the Department of Parks and Recreation to assure the safety of parks property and the continued public usage of parks property for recreational purposes, to preserve public resources associated with the maintenance and upkeep of parks property and to inform persons who wish to use the parks for special events of the amounts that may be charged for such events.

2. Statement of Basis and Purpose in City Record Oct. 30, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use,

government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. This amended rule is designed to clarify the Department's fee structure for special events on parkland. Site fees are intended to compensate the public for the unavailability of City-owned parkland and are applied in part to continue park maintenance and programming. To reflect the physical impact of an event and the displacement of competing normal public use, special event concession fees are weighted by the size and duration of the planned event and the type of park, as well as other elements that impact park users such as amplified sound, sampling, tents, stages, back drops, and display vehicles. The concession fee schedule does not apply to concerts attended by over 8,000 people, blimps, sites covered by a license, lease or agreement with a third party, or any Department facility such as recreation centers or administrative offices. Events at such locations are difficult to price in advance and/or are subject to different regulations and interests or already established contractual relations. The amended rule also does not apply to demonstrations, which are covered by the guidelines set forth in section 2-08 of this chapter.

Rules of the City of New York

56 RCNY 2-11

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-11 Seizure of Vehicles Operated on Beaches Pursuant to Administrative Code §18-108.1.

(a) **Seizure of vehicles.** Pursuant to Administrative Code §18-108.1, any motorcycle, all terrain vehicle, snowmobile, or motor vehicle which is operated by an unauthorized person on a beach that is under the Commissioner's jurisdiction may be seized by an authorized designee of the Commissioner or a member of the Police Department.

(b) **Notice.** At the time of such seizure, the operator will be given a written notice explaining the procedures for obtaining release of the vehicle. The notice shall include a brief description of the vehicle, the location where the vehicle may be claimed, and the applicable charges for removal and storage. If the operator is not the owner of the vehicle, notice to the operator is deemed to be notice to the owner, but if the vehicle is registered pursuant to the Vehicle and Traffic Law, the notice shall be mailed to the registered owner as well. If the operator is less than eighteen years old, the notice shall either be personally delivered to the operator's parent or guardian or shall be mailed to the parent or guardian, if the name and address of that person is reasonably ascertainable.

(c) **Procedure for obtaining release of vehicle.** (1) A vehicle seized pursuant to Administrative Code §18-108.1 shall not be released to the owner or other person lawfully entitled to possession unless:

(i) the owner or operator submits documentation that he or she paid all applicable fines or penalties imposed for the violation, and pays all removal and storage charges as set forth below; or

(ii) if there is a proceeding pending before a court or the Environmental Control board of the City of New York (ECB), the owner or operator posts a bond or other form of security in the amount of three thousand dollars ($3,000.00) which will secure the payment of such fines, penalties, and charges, or

(iii) a court or the ECB adjudicates the violation and finds in favor of the operator or owner. If there is such a finding in favor of the operator or owner, any amount previously paid for release of the vehicle shall be refunded.

(2) The owner of a vehicle seized pursuant to Administrative Code §18-108.1 will be given the opportunity to receive a hearing before the ECB with respect to the seizure within five business days of the seizure, in accordance with its rules and procedures.

(3) The owner or operator may request the release of the vehicle by appearing during regular business hours at the location where the vehicle may be claimed, and presenting all of the following documentation:

(i) Current registration certificate if the vehicle is registered, or satisfactory proof of ownership if the vehicle is not registered; and

(ii) Satisfactory government-issued photo identification of the person requesting the release of the vehicle; and

(iii) If a representative of the owner is requesting the release, a notarized letter signed by the owner expressly authorizing the representative to claim the vehicle; and

(iv) Satisfactory documentation as required by subdivision (c) (1) of this section of one of the following: the payment of all fines, penalties, and charges; or the posting of a bond; or an adjudication in favor of the operator or owner by a court or the ECB.

(d) **Abandoned vehicles.** Any vehicle seized pursuant to Administrative Code §18-108.1, which is not released and removed from City property pursuant to subdivision (c) of this section within 10 days following the making of a request by the representative of the Commissioner or the Police Commissioner to remove it, shall be deemed to be an abandoned vehicle. Such request shall be sent by certified or registered mail, return receipt requested, to the registered owner of the vehicle, or if the vehicle is not registered, to the operator of the vehicle. If the operator is less than eighteen years old, the request shall be sent by certified or registered mail, return receipt requested, to the operator's parent or guardian, if the name and address of that person is reasonably ascertainable. If the vehicle is deemed abandoned, it shall be disposed of in conformance with the procedures set forth in New York State Vehicle and Traffic Law §1224, including but not limited to conversion for use by the Department.

(e) **Removal and storage charges.** The charge for removal of a vehicle pursuant to this section shall be twenty-five dollars ($25.00). The storage charge for storing a vehicle pursuant to this section shall be five dollars ($5.00) per day or fraction thereof, computed from the day the vehicle arrives at the storage facility. All charges must be paid in cash, by certified check, or by money order payable to the City of New York.

HISTORICAL NOTE

Section added City Record Nov. 21, 1995 eff. Dec. 21, 1995. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Nov. 21, 1995:

The Commissioner of the Department of Parks & Recreation is authorized and directed to establish and enforce rules and regulations for the use, government and protection of public parks and of all property under the charge and control of the Parks Department pursuant to Section 533(a)(9) of the Charter of the City of New York. Each year extensive and costly damage is inflicted upon the City's public beaches by the operation of vehicles by unauthorized individuals. Consequently, the New York City government adopted legislation banning vehicles (including motorcycles, all terrain vehicles, and snowmobiles) from beach areas, effective August 12, 1995. Local Law 42 authorizes law enforcement officials to confiscate such vehicles upon issuing a summons to the offender. Parks is required to

promulgate rules providing for the seizure and return of such vehicles.

***** Current through December 2009 ****

56 RCNY 2-12

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-12 Basketball, Baseball, Softball, Cricket, Roller Hockey and Volleyball.

(a) **Permit applications.** (1) Those who wish to reserve a court, rink or ballfield ("sports facility") under the jurisdiction or management of the Department for the sports of basketball, baseball, softball, cricket, roller hockey, and volleyball must obtain a written permit from the Department. If an individual is applying for a permit on behalf of a group or athletic league, he or she must so designate on the permit. Only one individual may apply for a permit per group or athletic league.

(2) The completed application must be received by the Department no later than March 1 of each year. Later applications will be filled on a space available basis.

(3) The completed application must include a list of all sports facilities requested.

(4) The Department reserves the right to require a clean up bond and/or personal liability insurance for the event/game, naming the City of New York as co-insured. The factors to be considered in requiring a bond and/or insurance are: (i) estimated number of spectators to attend sessions, (ii) involvement of vendors (where permitted by the Department), (iii) past history of league/event.

(5) Admission tickets, refreshments or any other articles may not be sold or offered for sale within or adjacent to any park area without the prior written authorization of the Department.

(b) **Permits.** (1) The permittee must confine sports activities to the locations and times specified on the permit.

(2) The permittee shall remain subject to the Rules of the Department, the specific terms of the permit, and to all rules, regulations and laws of all City, State and Federal departments insofar as applicable.

(3) The permittee must clean and restore the premises after each session.

(4) Pamphlets, handbills, or advertising material of any kind may not be posted, placed or distributed at the courts or ballfields, unless written permission is granted by the Department.

(5) The permittee must have in his/her possession at the time and site of the reserved session the permit for the use of the sports facility and any other permits or documents required by the Department or any other City agency for proposed activities at the session.

(6) The permittee is liable for all damage or injury to property or persons that may occur or be caused by the use of the permit, and by accepting the permit the permittee agrees to save the City of New York and the Department harmless from any claim whatsoever which may result from such use.

(7) Any transfer of permits requires the approval of the athletic permit coordinator of the borough in which the sports facilities are located. Such transfer, if approved, must take place in the office of the athletic permit coordinator of the relevant borough with both transferor and transferee present. The permit is not otherwise transferable.

(8) The permit is revocable at any time at the discretion of the Commissioner, or his or her representative. The reasons for revocation include, but are not limited to, (i) providing incorrect information on an application form, (ii) failure to adhere to the rules of the Department or the conditions of the permit, and (iii) the use of a permit issued to a youth organization by adults. If a reserved session is cancelled by the Department for administrative reasons, the session may be rescheduled where feasible. The permittee has the right to appeal the revocation of a permit to the Chairperson of the Department's Ballfield Task Force within 10 days immediately following the mailing of notice of revocation by the Department. Such appeal must be in writing. The decision of the Chairperson of the Ballfield Task Force shall be final.

(9) The maximum number of reserved sessions that any adult single permit-holder or league may control is limited to sixteen sessions per week, per park. The maximum length of any permit is six months. Exceptions may be made by the Commissioner or his or her representative. Youth leagues shall not be subject to the 16 session per week, per park limit.

(10) The Department may review the practices of all leagues and tournaments to determine whether the permittee should receive the requested number of reserved sessions. If the Department determines that sports facility space is in high demand and that the permittee does not reasonably need all of the session time requested, the Department may approve the permit in part, granting to the permittee some fraction of the field or court time applied for.

(11) The Department may inspect the site to determine if the permittee is utilizing all of the reserved time requested. In the event that the Department determines that the permittee is not using all of the time requested, the Department may reduce the number of permitted sessions.

(12) Due to space limitations, the Department will not allow the reservation of sports facility space for practice sessions.

HISTORICAL NOTE

Section amended City Record Nov. 29, 1999 eff. Dec. 29, 1999. [See T56 §1-02 Note 1]

Section added City Record Nov. 22, 1996 eff. Dec. 22, 1996. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Nov. 22, 1996:

The Commissioner of the Department of Parks and Recreation has the authority pursuant to Section 533(b)(2) of the New York City Charter to plan, develop, conduct and supervise recreation programs. The Commissioner hereby establishes a set of rules regulating the application procedure for and use of the Department's basketball courts and baseball/softball fields. These rules will increase the availability of court and field space, eliminate conflicts over competing rights to a court or field, establish uniformity throughout the five boroughs in permit procedures, and increase the general safety and organization of sporting events.

(4) Pamphlets, handbills, or advertising material of any kind may not be posted, placed or distributed at the fields, unless written permission is granted by the Department.

(5) The permittee must have in his/her possession at the time and site of the reserved session the permit for the use of the field and any other permits or documents required by the Department or any other City agency for proposed activities at the session.

(6) The permittee is liable for all damage or injury to property or persons that may occur or be caused by the use of the permit, and by accepting the permit the permittee agrees to save the City of New York and the Department harmless from any claim whatsoever which may result from such use.

(7) Any transfer of permits requires the approval of the athletic permit coordinator of the borough in which the fields are located. Such transfer, if approved, must take place in the office of the athletic permit coordinator of the relevant borough with both transferor and transferee present. With this exception, the permit is not transferable.

(8) The permit is revocable at any time at the discretion of the Commissioner, or his or her representative. The reasons for revocation include, but are not limited to, (i) providing incorrect information on an application form, (ii) failure to adhere to the rules of the Department or the conditions of the permit, and (iii) the use of a permit issued to a youth organization by adults. If a reserved session is cancelled by the Department, the session may be rescheduled where feasible. The permittee has the right to appeal the revocation of a permit to the Chairperson of the Department's Ballfield Task Force within 10 days immediately following the mailing of notice of revocation by the Department. Such appeal must be in writing. The decision of the Chairperson of the Ballfield Task Force shall be final.

(9) The maximum number of reserved sessions that any adult single permit-holder or league may control is limited to sixteen sessions per week, per park. The maximum length of any permit is six months. Exceptions may be made by the Commissioner or his or her representative. Youth leagues shall not be subject to the 16 session per week per park limit.

(10) The Department may review the practices of all leagues and tournaments to determine whether the permittee should receive the requested number of reserved sessions. If the Department determines that field space is in high demand and that the permittee does not reasonably need all of the session time requested, the Department may approve the permit in part, granting to the permittee some fraction of the field time applied for.

(11) The Department may inspect the site to determine if the permittee is utilizing all of the reserved time requested. In the event that the Department determines that the permittee is not using all of the time requested, the Department may reduce the number of permitted sessions.

(12) Due to space limitations, the Department will not allow the reservation of field space for practice sessions.

56 RCNY 2-14

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-14 Recreation Center Membership Fees.

(a) For purposes of this section, the following terms shall have the following meanings:

Recreation Center. "Recreation Center" shall mean a building or structure located within property under the jurisdiction of the Department, with the primary purpose of providing recreational programming and other community activities.

Adult Membership Fee. "Adult Membership Fee" shall mean the membership fee for use of recreation centers in a particular class (i.e. Recreation Center With an Indoor Pool, Recreation Center Without Indoor Pool, CD Recreation Center) for all patrons between eighteen (18) and fifty-four (54) years of age, not including session fees. Membership includes, but is not limited to, use of fitness equipment, indoor pools and computer resource centers.

Senior Citizen Membership Fee. "Senior Citizen Membership Fee" shall mean the membership fee for use of recreation centers in a particular class (i.e. Recreation Center With an Indoor Pool, Recreation Center Without Indoor Pool, CD Recreation Center) for all patrons fifty-five (55) years of age and over, not including session fees. Membership includes, but is not limited to, use of fitness equipment, indoor pools and computer resource centers.

Child Membership Fee. "Child Membership Fee" shall mean the membership fee for use of recreation centers in a particular class (i.e. Recreation Center With an Indoor Pool, Recreation Center Without Indoor Pool, CD Recreation Center) for all patrons under eighteen (18) years of age, not including session fees. Membership includes, but is not limited to, use of fitness equipment, indoor pools and computer resource centers.

Recreation Center Without Indoor Pool. "Recreation Center Without Indoor Pool" shall include all recreation centers without indoor pools, including, but not limited to the following recreation centers: Hunts Point Recreation Center, Hamilton Fish Recreation Center, Thomas Jefferson Recreation Center, Von King Recreation Center, Sunset Recreation Center, Red Hook Recreation Center, J.H. Wright Recreation Center, Jackie Robinson Recreation Center, Al Smith Recreation Center, Pelham Fritz Recreation Center, Lost Battalion Hall Recreation Center, Sorrentino Recreation Center, Cromwell Recreation Center, Williamsbridge Oval Recreation Center, St. James Recreation Center, and Owen Dolan Recreation Center.

Recreation Center With Indoor Pool. "Recreation Center With Indoor Pool" shall include all recreation centers with indoor pools, including, but not limited to the following recreation centers: St. Mary's Recreation Center, Brownsville Recreation Center, Metropolitan Pool Recreation Center, St. John's Recreation Center, Asser Levy Recreation Center, Chelsea Recreation Center, Hansborough Recreation Center, Recreation Center 54, Recreation Center 59, Tony Dapolito Recreation Center, and Roy Wilkins Recreation Center.

Session Fees. "Session Fees" shall mean all fees associated with specific instructor-led courses including, but not limited to the following activities: aerobic classes, martial arts instruction, music lessons, and yoga classes.

(b) No person shall use any recreation center and/or participate in activities requiring the payment of a session fee as defined in this section unless such person has paid the applicable annual membership fee set forth in subdivision (c) of this section]*4 in addition to any applicable session fees.

(c) **Recreation center membership fee schedules.** The Commissioner shall charge all patrons at recreation centers subject to these provisions the amount set forth in the following schedule for an annual membership. Such annual membership does not include session fees.

Type ofRecreationCenter ChildMembershipFee AdultMembershipFee Senior CitizenMembershipFee

Recreation Centerwith Indoor Pool $0 $100 $10

Recreation Centerwithout IndoorPool $0 $75 $10

(d)(1) Session fees will be set pursuant to the following schedule:

Type of Recreation Center Session Fee (Maximum)

Recreation Center withIndoor Pool $10-$100

Recreation Center withoutIndoor Pool $10-$100

(2) **Factors for determination of session fees.** In determining the amount of the session fees pursuant to the schedule above, the following factors shall be taken into consideration:

(i) the length of the course

(ii) the number of scheduled classes

(iii) the skill required for the instructor

(iv) the expected number of participants

(v) such other information as the Commissioner shall deem relevant.

HISTORICAL NOTE

Section amended City Record May 26, 2006 eff. June 25, 2006. [See Note 3]

DERIVATION

Section amended City Record May 29, 2003 eff. June 28, 2003. [See Note 2] The opening paragraph of subd. (c) was amended without [ ] and italics to change "all patrons at recreation centers" to be "a recreation center member".

Section added City Record June 3, 2002 eff. July 3, 2002. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record June 3, 2002:

This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under section 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. In 2001, over 3.2 million patrons used the City's recreation centers. The current voluntary membership fee of twenty-five dollars ($25) has failed to provide sufficient funding to operate and to staff these centers.

The proper funding of the City's recreation centers is essential to ensure the continued usage and enjoyment of park facilities for recreational purposes. The increased mandatory membership fees are intended to provide funding for the Department of Parks and Recreation to purchase and maintain new fitness equipment, sustain appropriate staffing levels, and continue Center and community programming. Moreover, children are not required to pay membership fees, while seniors only are required to pay a nominal membership fee. In addition, these fees are in line with recreation centers in other municipalities and are far below the fees charged by recreation centers operated by not-for-profit institutions.

2. Statement of Basis and Purpose in City Record May 29, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under section 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. In 2002, over 3.4 million patrons used the City's recreation centers. The current membership fees have failed to provide sufficient funding to operate and the staff these centers. The proper funding of the City's recreation centers is essential to ensure the continued usage and enjoyment of park facilities for recreational purposes. The increased membership fees are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and continue Center and community programming. Moreover, children are not required to pay membership fees, while seniors only are required to pay a nominal membership fee. In addition, these fees are in line with recreation centers in other municipalities and are far below the fees charged by recreation centers operated by not-for-profit institutions.

3. Statement of Basis and Purpose in City Record May 26, 2006: This amendment is promulgated pursuant to the authority of the Commissioner of Parks (the "Commissioner") under §§389(b), 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of all property under the charge or control of Parks. The amendment provides an updated and consistent fee schedule for all recreation centers. The new fees ensure the continued usage and enjoyment of all recreation centers and provide adequate funding for Parks to sustain appropriate staffing levels and improve facility administration therein. Moreover, it has recently been determined that Parks may charge membership fees for recreation centers funded by Community Development Block Grants that are consistent with all other recreation centers. With this amendment, the only relevant

factor that affects recreation center membership fees is whether or not a recreation center has a pool dedicated for public use, which increases the operation costs of such centers.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 2 PERMITS AND FEE SCHEDULES

§2-15 Miscellanous Fees.

Capital Projects Bid Document Fees (payable by all persons receiving bid documents from the Department in a capital project procurement):

Less than 100 pages $25.00 (refunds will be issued for documents returned in good condition within 30 days of receiving documents and accompanied by the original transaction receipt)

More than 100 pages $100.00 (refunds will be issued for documents returned in good condition within 30 days of receiving documents and accompanied by the original transaction receipt)

HISTORICAL NOTE

Section added City Record Dec. 31, 2003 §2, eff. Jan. 30, 2004. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Dec. 31, 2003:

This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

Section 2-09 incorporates changes in the fees for tennis permits and section 2-15 establishes fees for bid documents. The increased tennis fees are essential to ensure the continued usage and enjoyment of the Department's tennis courts. In addition the establishment of bid document fees will allow the Department to better manage its resources by reducing material and staff time spent in printing bid documents.

(4) Sailor's Snug Harbor: 1000 Richmond Terrace, Staten Island, NY 10301.

(5) High Rock Park: 200 Nevada Ave., Staten Island, NY 10306.

(6) Greenbelt Nature Center: 700 Rockland Ave., Staten Island, NY 10306.

(d) **Brooklyn:**

(1) Herbert Von King Recreation Center: 670 Lafayette Ave., Brooklyn, NY 11216.

(2) Metropolitan Pool: 261 Bedford Ave. (at Metropolitan Ave.), Brooklyn, NY 11211.

(3) Sunset Park Recreation Center: 44th St. at 7th Ave., Brooklyn, NY 11220.

(4) Red Hook Recreation Center: 155 Bay St., Brooklyn, NY 11231.

(5) Litchfield Villa: 95 Prospect Park West, Brooklyn, NY 11215.

(6) Brownsville Recreation Center: 1555 Linden Blvd., Brooklyn, NY 11212.

(7) Salt Marsh Recreation Center: 3302 Avenue U, Brooklyn, NY 11234.

(e) **Manhattan:**

(1) The Arsenal: 830 Fifth Ave., New York, NY 10021.

(2) Alfred E. Smith Recreation Center: 80 Catherine St., New York, NY 10038.

(3) Asser Levy Recreation Center: East 23rd St. at FDR Drive, New York, NY 10010.

(4) Carmine Pool: Clarkson St. & Seventh Ave. South, New York, NY 10014.

(5) Hamilton Fish Recreation Center: 128 Pitt St., New York, NY 10002.

(6) Hansborough Recreation Center: 35 W. 134th St., New York, NY 10037.

HISTORICAL NOTE

Section added (as §2-14) City Record Sept. 19, 2005 eff. Oct. 19, 2005. Note section and internal

renumbering by Law Department per Charter §1045(b). [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Sept. 19, 2005:

This rule is required to be promulgated pursuant to §17-188 of the Administrative Code, specifically subsection (e) and is necessary for the law's proper implementation and enforcement. The general purpose of §17-188 of the Administrative Code is to make "Automated External Defibrillators" available and "readily accessible for use during medical emergencies" in accordance with §3000-b of the New York state public health law. Available in "publicly accessible areas" including "parks under the jurisdiction of the department of parks and recreation" will encourage persons to "voluntarily and without expectation of monetary compensation" provide first aid or emergency treatment using an automated defibrillator that has been made available pursuant to this section, to a person who is "unconscious, ill or injured." In response to comments received, an additional location, that of the Salt Marsh Nature Center in Marine Park, was added.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-01 Application.

These rules apply to the permissible use of the West 79th Street Boat Basin which is located in Riverside Park on the east bank of the Hudson River at West 79th Street in Manhattan. They also govern the Sheepshead Bay Piers adjacent to Emmons Avenue in Brooklyn, the World's Fair Marina in Flushing Bay which is located in Flushing Meadows Corona Park, Queens, and any other marina acquired by the department and which is not covered by a concession agreement with the department. These special rules supplement the general rules which govern the use of city parkland set forth in chapters one and two of this title. To the extent that they are not inconsistent herewith, the rules set forth in chapters one and two of this title apply to the use of the marina, piers and boat basin.

HISTORICAL NOTE

Section amended City Record Feb. 12, 2003 eff. Mar. 14, 2003. [See Chapter 3 footnote]

Section amended City Record Apr. 14, 2000 eff. May 14, 2000. [See Chapter 3 footnote]

Section added City Record Apr. 1, 1997 eff. May 1, 1997. [See Chapter 3 footnote]

FOOTNOTES

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-02 Definitions.

"Boat Basin." The West 79th Street Boat Basin located in Riverside Park on the east bank of the Hudson River at West 79th Street in Manhattan.

"Boat Launch." Any location designated by the commissioner for the launching of vessels of any kind via the use of an automobile or other motorized vehicle down a fixed ramp.

"Chief Dockmaster." Chief of the Department of Parks & Recreation Marine Division. The person appointed by the commissioner that is responsible for the overall administration of division facilities and enforcement of department policies and rules.

"Commercial Permit." A permit to store, dock or launch a vessel used for commercial operations.

"Commissioner." The commissioner of Parks and Recreation.

"Department." The department of Parks and Recreation.

"Dinghy." A tender with a total length of twelve feet or less.

"Dockmaster." The person who administers, manages or maintains the marina, piers and boat basin at the direction of the supervisory or chief dockmaster.

"Emergency." Any situation which the dockmaster determines threatens imminent personal injury, property damage or environmental damage.

"Facility." Any or all of the boat basin, marina and piers.

"Garage." The underground parking garage at the rotunda in the boat basin.

"Guest." A person who enters the marina, piers or boat basin at the invitation of a permittee to board the permittee's vessel.

"Houseboat." Any vessel which is regularly used as a dwelling place and is unable to operate in open water when subject to moderate winds and strong currents.

"Marina." The World's Fair Marina in Flushing Bay, located in Flushing Meadows Corona Park, Queens.

"Marine Division." Department of Parks and Recreation division responsible for managing, operating and maintaining recreational and commercial vessel usage at, but not limited, to the division facilities and mooring fields.

"Parking Permit." Dated written permission to park at the marina parking lot or boat basin garage.

"Permit." A permit to store, dock, moor or launch a vessel at the marina, piers or boat basin. Such term includes, but is not limited to, seasonal dockage permits issued for the 6 month summer season or 12 month terms, transient dockage permits issued on a daily basis, permits to launch kayaks or canoes at the marina, piers or boat basin, permits for commercial vessel operations and special permits for educational research events and special events. Such term does not include parking permits.

"Permittee." The person whose name appears on a permit.

"Permittee Family." Members of a permittee's immediate family, which is restricted to husband, wife, son, daughter or domestic partner, listed on the front page of the permit application. Permittee family members are not designated as guests and do not have any interest in the permit.

"Personal Watercraft." Any mechanically propelled vessel which carries one or more individuals.

"Piers." The piers located on the northern side of Sheepshead Bay, adjacent to Emmons Avenue in Brooklyn.

"Supervisory Dockmaster." Deputy Chief of the NYC Department of Parks & Recreation Marine Division. Responsible for the administration of marine division facilities and enforcement of department policies and rules under the direction of the chief dockmaster.

"Vessel." A floating craft of any kind, including but not limited to a boat, sailboat, motorboat, dinghies, canoe and kayak.

"Waiting list." A list maintained by the department of persons interested in obtaining seasonal dockage permits and mooring permits at the boat basin. This list is the sole method of obtaining a dockage or mooring permit at the boat basin.

The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-04 Guests.

Access to the marina, piers and boat basin by guests is subject to the following conditions:

(a) All guests and members of a permittee's family must comply with these rules. Anyone who fails to comply with such rules may be expelled from the facility. Anyone who repeatedly fails to comply with the rules may be permanently barred from the facility. Permittees are responsible for the conduct of their guests and family members. Violations of these rules by guests and/or a permittee's family can be grounds for termination of the permittee's permit in accordance with §3-06(g) of this chapter.

(b) In the interest of safety, the dockmaster may limit the number of guests on a vessel. In no cases shall the number of persons on board a vessel exceed the manufacturer's builders plate.

(c) A permittee must notify the dockmaster in writing of any person who will be boarding his or her vessel when the permittee is not in the marina or boat basin. Guests may not stay overnight on a vessel when the permittee is not on board without a guest pass issued by the dockmaster. The dockmaster may refuse or terminate such permission where he or she has reason to believe that there has been a transfer of the right to occupy the vessel by the permittee to the guest.

(d) If a permittee intends to have a guest remain overnight on his or her vessel while the permittee is not on board, a guest pass must be obtained from the dockmaster. This pass may be issued for up to one month. No guest may remain in the marina or boat basin for longer than one month while the permittee is absent, although the dockmaster has

discretion to extend this limit for good cause. Any guest who has not been authorized to remain overnight in the marina or boat basin will be denied access.

HISTORICAL NOTE

Section amended City Record Feb. 12, 2003 eff. Mar. 14, 2003. [See Chapter 3 footnote]

Section amended City Record Apr. 14, 2000 eff. May 14, 2000. [See Chapter 3 footnote]

Section added City Record Apr. 1, 1997 eff. May 1, 1997. [See Chapter 3 footnote]

FOOTNOTES

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

Rules of the City of New York

***** Current through December 2009 ****

56 RCNY 3-06

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-06 Permits.

(a) No person shall dock, store or launch a vessel at a facility without an appropriate permit from the department and without payment of all required fees.

(b) A permit shall not be issued for a vessel which is unsafe or likely to cause injury to people or damage to property as determined by the dockmaster.

(c)(i) Dockage permits shall only be issued for vessels that the chief dockmaster determines are capable of operating in open water. All vessels (transient, seasonal, mooring or year round) must be and remain in safe operational condition. Any existing permittee with an operational and seaworthy vessel must continuously maintain an operational and seaworthy vessel. All vessels that are brought to any department facility must be seaworthy and must meet operational requirements to the original manufacturer's specifications. The chief dockmaster shall require a demonstration of a vessel's seaworthiness and compliance with the manufacturer's specifications, and shall require that any modifications to the vessel be approved by a certified naval architect to ensure compliance with original manufacturer's specifications. Before issuing a permit and otherwise upon reasonable notice, the chief dockmaster may inspect a vessel and/or require a demonstration of the vessel's operational capability in open water.

(ii) Paragraph (i) of this subdivision shall not apply to the renewal of 12 month dockage permits for vessels that were docked in the boat basin prior to May 1, 1997, unless they are sold or otherwise transferred. However, if a vessel that is covered by this exemption leaves the boat basin for any reason, then it will lose this exemption and it must return capable of operating to the original manufacturer's operating standards. Vessels that lose this exemption must be

maintained as an operating vessel for the term of any permit. In addition, on and after May 1, 2009, no exemptions will apply to any vessels, year round or otherwise, at the boat basin and all vessels must be and remain operational for the life of the permit.

(iii) For the boat basin only, the department may offer up to 52 winter season permits at any time (less any existing winter permits) first, to existing summer season permit holders in seniority order and second, to individuals on the waiting list in list order, creating 12 month or year-round dockage permits. The location of winter season slips will be determined by the chief dockmaster and allocated by seniority order. However, the chief dockmaster may change the location and/or number of these slips as necessary to ensure the safety of vessels and the boat basin. Except for vessels covered by the temporary exemption in paragraph (ii) of this subdivision, no permit, summer or winter, shall be issued to a houseboat.

(d) Dockage permits shall not be issued unless the applicant presents evidence of hull and liability insurance, either New York State registration or documentation by the U.S. Coast Guard and successful completion of a U.S. Coast Guard boating safety course or sufficient nautical experience as determined by the dockmaster. In addition, the vessel for which the permit is to be issued must be well maintained and seaworthy.

(e) A permit shall be issued to the named permittee for a particular vessel and is not transferable. If a permittee replaces a vessel, the dockmaster may only approve the new vessel after a suitable slip has been found before it may be docked pursuant to the permit. The dockmaster shall reject a replacement vessel which is not capable of operating in open water, not properly insured or which is neither New York State registered nor documented by the U.S. Coast Guard. The dockmaster may inspect and/or require a demonstration of the replacement vessel's operational capability in open water.

(f) All completed permit applications shall be submitted to the department. All outstanding fees, charges, fines and civil penalties must be paid before a renewal application will be considered.

(g) The supervisory dockmaster may revoke, terminate or refuse to renew any permit issued pursuant to this section:

(i) where the permittee or applicant for renewal has been found liable in a proceeding before the environmental control board or in a court of three or more violations of these rules or the rules set forth in chapters one and two of this title

(ii) where the applicant for renewal or permittee has failed to pay any outstanding fees, charges, fines or civil penalties within 15 days of the date of mailing of a written notice of such outstanding amount

(iii) where the permittee or applicant for renewal has been found liable in a proceeding before the environmental control board or in a court of engaging in disorderly behavior as defined in §1-04(i), paragraphs (6), (7) and (9) of chapter one of this title or (iv) as provided in subdivision i of this section, in accordance with the needs or requirements of the department or the interests of the city as determined by the supervisory dockmaster.

The supervisory dockmaster shall mail or hand deliver notice of the intention to revoke, refuse to renew or terminate a permit and the reasons therefor. In the event that a mailing address is unknown or mail is returned undelivered, such notice may, in lieu of mailing or hand delivery, be posted in a conspicuous place on the vessel.

(h) (i) A permittee or applicant for renewal may file written objections with the chief dockmaster within 10 days from the date of such mailing, delivery or posting. The objections must set forth the reasons why the permit should not be terminated or revoked or should be renewed, and include any evidence supporting the objection. The filing of objections will not prevent the chief dockmaster from barring the permittee from the facility if the chief dockmaster specifically finds that it is in the public interest to do so. After considering any objections raised by the applicant or permittee, the chief dockmaster shall make a determination whether to revoke, refuse to renew or terminate the permit

and shall provide notice of such determination to the permittee or applicant for renewal in the above manner.

(ii) A permittee or applicant for renewal may file written objections with the commissioner within 10 days from the date of the written decision of the chief dockmaster. The objections must set forth the reasons why the permit should not be terminated or revoked or should be renewed, and include any evidence supporting the objection. After considering any objections raised by the applicant or permittee, the commissioner shall make a final determination whether to affirm or reverse the chief dockmaster's determination to revoke, refuse to renew or terminate the permit and shall provide notice of such determination to the permittee or applicant for renewal in the above manner.

(i) Nothing in this chapter shall be construed to create a property right in any permit. All permits issued by the department are by their nature terminable at will by the commissioner in accordance with the needs or requirements of the department or in the interest of the city as determined by the commissioner.

(j) An applicant for renewal or a former permittee who has been found liable in a proceeding before the Environmental Control Board or in a court of violating any provision of these rules or the rules set forth in chapters one and two of this title or who has a delinquent payment record may be required to make a deposit before a renewal application will be considered.

(k) All permittees must maintain hull and liability insurance policies naming the City as an additional insured on the policy for docked vessels and provide the dockmaster with a copy of the insurance certificate. Proof of such insurance must be submitted to the dockmaster by May 1 of each year. The insurance must be valid for the length of the permit and any lapse in coverage will be considered automatic grounds for termination of the permit.

(l) The dockmaster may impose other reasonable conditions on the issuance or renewal of a permit to protect public safety or to safeguard the interests of the city.

(m) (i) Where a permit expires or is revoked, terminated or not renewed, the vessel must be removed from the facility within 10 days after written notice by the supervisory dockmaster to remove it is mailed or hand-delivered to the applicant or permittee. In the event that a mailing address is unknown or mail is returned undelivered, such notice may in lieu of such mailing be posted in a conspicuous place on the vessel. Where the vessel is not removed within 10 days, the department may remove the vessel or cause the vessel to be removed from the facility. Except where a vessel enters the facility due to an emergency, the dockmaster may immediately and without notice remove any vessel which enters or remains in the facility without an appropriate permit.

(ii) The permittee or owner shall be liable for the costs of removal and storage of the vessel, payable prior to release of the vessel. Any vessel removed from the facility which is not claimed within 30 days shall be deemed to be abandoned and shall be treated in accordance with applicable law.

(n) Every applicant and permittee must provide the dockmaster with an address in writing at which he or she may receive notice required by these rules or other applicable law. Any change in address must be reported in writing to the dockmaster within 10 days.

(o) A permittee may choose to postpone keeping a vessel at the boat basin for any particular season only once in the life of the permit. Permittees must submit a letter to the chief dockmaster at least 90 days prior to the start of the season in question stating that they will be opting to keep the vessel out of the boat basin.

(p) Permits will be immediately revoked for any of the following reasons:

(i) Conduct endangering the safety of any person.

(ii) Fire aboard a vessel that is determined to be caused by the improper upkeep of a vessel.

(iii) The improper use of heating equipment, including the storing of kerosene, installation or repair of electrical equipment by other than a qualified electrician.

(iv) A violation of §3-13.

(v) Trespassing aboard another vessel docked or moored at a marine division facility.

(vi) Violation of this subdivision by guests or immediate family members of a permit holder.

(vii) Renting or subletting of permits.

(viii) Any other action which interferes with the safe operation of division facilities, including but not limited to violations of §3-08.

(q) Any person who docks or abandons a vessel at the boat basin, marina or piers without authorization and who refuses to remove the vessel immediately upon written notice, will not be eligible to request or receive a permit or berth of any type for any facility for a minimum of 24 months. Objections to the denial of permit eligibility shall be available under subdivision h of §3-06 of this chapter.

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the

concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

56 RCNY 3-08

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-08 Conduct.

(a) No person shall urinate or defecate into the water or along the docks and walkways of the facility. No person shall use a toilet in the facility which discharges into the water without marine sanitation devices approved by the New York State Department of Environmental Conservation. Composting toilet systems are not permitted. All vessels with waste holding tanks must discharge waste through the pump out station or by other methods approved by the New York State Department of Environmental Conser- vation.

(b) No person shall discharge into the water or on the docks and walkways any oil, spirits, drift, debris, inflammable liquids, rubbish or refuse.

(c) No person shall bring or park a motor vehicle on the promenade or docks without the prior written approval of the dockmaster.

(d) No person shall make or cause or allow to be made unreasonable noise in the facility so as to cause public inconvenience, annoyance, or harm. Unreasonable noise means any excessive or unusually loud sound that disturbs the peace, comfort, or repose of a reasonable person of normal sensitivity or injures or endangers the health or safety of a reasonable person of normal sensitivity. The dockmaster may restrict the outdoor use of radios, record players, compact disc players, television receivers, tape recorders and other sound reproduction devices after 10 p.m. Sunday through Thursday and after midnight on Friday and Saturday.

(e) Garbage shall be placed in plastic bags and deposited in designated receptacles.

(f) No person shall make an open flame or operate a barbecue grill in the facility, on the docks or walkways or on any vessel.

(g) No person shall store or use any machinery or equipment for welding or burning where such storage or use is prohibited by the fire code or other law or rule.

(h) No person shall ride or store a bicycle or other vehicle on the walkways and docks.

(i) Any person who engages in disorderly behavior as defined in §1-04(i), paragraphs (6), (7) and (9) of chapter 1 of this title may, in addition to any other applicable penalties, be expelled immediately from the marina facility.

(j) No running or skating on the dock.

(k) No advertising from the vessel while docked or moored at a division facility.

(l) No person may offer or provide any form of tip, money, gift or any other gratuity to any City employee at any facility. No person may procure any services from department staff except as specifically allowed under these rules. Violations of this provision will result in termination of any permit and will bar the violator from any department facility for a minimum of 24 months. Objections to termination of a permit or denial of permit eligibility shall be available under subdivision h of §3-06 of this chapter.

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the

concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-09 Docking of Vessels.

(a) Vessels must be docked at slips designated by the dockmaster. Slips will be assigned using an appropriate ratio of slip length, width, depth of water and strength of docks to a vessel's length, beam, draft and tonnage. If two vessels of equal characteristics are vying for the same slip, seniority will be the determining factor. Seniority is established by holding a valid permit and being in good standing for the longest period of time. Good standing means that all accounts with the department are paid in full. Slips may not be changed or exchanged without the prior written approval of the dockmaster. Inoperable vessels will not be assigned to slips that are designated by the Department for running vessels.

(b) All vessels shall be adequately tied to the dock and shall have sufficient fenders and dock lines to secure the vessel in all wind and weather conditions. The dockmaster may require the replacement of dock lines which he or she finds to be inadequate or, where necessary, may in his or her discretion replace the dock lines and charge the cost to the permittee or owner of the vessel.

(c) Vessels may be temporarily relocated within or outside the facility in an emergency or to accommodate construction work at the facility. When a vessel must be moved to accommodate construction work the dockmaster will give the permittee or owner 48 hours written notice to move the vessel. If the vessel is not moved within the required time the dockmaster may move the vessel or cause the vessel to be moved and charge all costs associated with moving or storage to the permittee or owner.

(d) Vessels which are improperly secured in an unassigned slip or area may be towed to the assigned slip by the Dockmaster or Marine Division staff, and the appropriate Labor Rate shall be charged to the owner of such vessel.

HISTORICAL NOTE

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-10 Condition of Vessels.

(a) All vessels in the facility and all equipment thereon shall be maintained in good order and free of any hazard to persons, vessels or facility structures. In addition, all vessels docked at the piers or the marina must be seaworthy.

(b) No structural modifications may be made to the superstructure of a vessel docked at the facility and/or permitted to use the facility. No modifications shall be made which will in any way limit the movement of the vessel, change the center of gravity to the extent that the vessel is unseaworthy, restrict the navigation by removal of the helm station, inhibit the line of sight forward from the helm, increase the height of the vessel or extend the vessel over water beyond the existing hull, or increase the load beyond the manufacturer's hull design capacity.

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-11 Operation of Vessels.

(a) All vessels entering, leaving or moving within the facility shall be operated under mechanical power except in an emergency. All vessels in the facility shall be operated at speeds so as not to create a wake.

(b) A permittee holding a seasonal dockage permit must notify the dockmaster in writing prior to removing a vessel from the facility for more than 48 hours. In order to maximize access to the marina or boat basin, the dockmaster may issue a transient dockage permit for the permittee's assigned slip during such absence. A permittee who fails to notify the dockmaster of his or her scheduled return time or who returns before his or her scheduled return time may be required to remain outside the marina or boat basin until a vacant slip is available.

§3-13 Utilities.

(a) Vessels docked at the marina and boat basin may only be supplied with electricity through the metered electrical hook up at its assigned slip. All electrical or utility connections must be free of defects. No person shall tamper or interfere with an electric meter. A permittee must pay all metered charges for electricity. Electrical lines shall not be rigged or positioned so as to obstruct walkways or docks.

(b) Electricity shall not be used for heating a vessel. The dockmaster may issue orders limiting or restricting the installation and use of appliances which he or she determines require quantities of electricity that may disrupt electrical service at the marina or boat basin.

(c) At those times when the department does not supply fresh water to vessels docked at the marina or boat basin, permittees may fill on-board tanks from a water line at the head of the dock. Hoses shall not be rigged or positioned so as to obstruct walkways and docks, or to cause leakage or ice accumulation.

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-14 Maintenance and Use of Docks.

(a) Except as hereinafter provided, personal property shall not be stored on piers, docks or walkways. Personal property may be stored by a permittee in a dock box no larger than 30 cubic feet and no higher than 30 inches located on a fixed pier. At the marina, personal property may also be stored in dock boxes on floating docks if permission is granted by the dockmaster. The name of the permittee shall be clearly posted on the dock box. The dock box shall be positioned so as not to obstruct the walkway or impede access to the vessel. The location of the dock box shall be subject to the approval of the dockmaster. No dock boxes shall be permitted on floating piers at the boat basin.

(b) Personal property left unattended on a pier in violation of this provision, including noncomplying dock boxes, shall be subject to removal by the dockmaster. The dockmaster shall give notice to the owner of the property prior to such removal if the identity of and an address for such person are reasonably ascertainable or to the permittee of the vessel docked in the slip adjacent to the place from which the property was removed. The cost of the removal and storage of such property shall be charged to the owner or permittee and shall be payable prior to release of the property. Any personal property which is unclaimed after thirty days shall be deemed to be abandoned and shall be turned over to the police property clerk for disposal pursuant to law.

(c) It shall be unlawful to construct, reconstruct, alter, add to, extend or physically alter in any manner any slip, dock or pilings without the prior written approval of the dockmaster. Permittees may utilize boarding steps approved by the dockmaster.

(d) A permittee shall keep the dock adjacent to his or her vessel, including the finger pier, free of refuse, rubbish

and litter at all times.

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-15 Removal of Sunken Vessel.

The dockmaster may require that any vessel which sinks be removed from the facility until appropriate repairs are made. A sunken vessel shall be removed from the facility within 48 hours after oral or written notice by the dockmaster to remove the vessel. Upon request of the permittee or owner, the dockmaster may in writing extend the time for removal of the vessel. If the vessel is not removed within the allowed time, the dockmaster may remove the vessel or cause it to be removed and may recover the cost of the removal and of storage or disposal of the vessel from the permittee or owner of the vessel. If the dockmaster determines that a sunken vessel is discharging pollutants into the water or causing any other kind of emergency, the department may take action to stop the cause of pollution and may remove or cause the vessel to be removed, without prior notice to the permittee or owner of the vessel, and recover all costs associated with removal and storage or disposal of the vessel from the permittee or owner of the vessel.

FOOTNOTES

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

Rules of the City of New York

56 RCNY 3-16

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-16 Dinghies, Kayaks and Canoes.

(a)(i) Any dinghy over 14 feet in length must be stored on the vessel with a valid permit from the department. Any dinghy over 14 feet in length and stored in water will be considered a separate vessel and require an independent transient permit. Any dinghy 14 feet or less must be stored on the vessel or in a designated dinghy area as determined by the department. Only one dinghy shall be permitted per vessel.

(ii) Kayaks and canoes may either be stored on the vessel with a valid permit from the department, or in the areas specifically designed by the department for such storage.

(b) Boat Launches: A department permit is required to launch a vessel operated by a motor at a department managed boat launch. The department will set and post specific rules at each agency managed boat launch. Failure to comply with posted rules will result in loss of access to the launch.

(c) Boating or use of a personal watercraft adjacent to any authorized bathing beach is prohibited. Use of personal watercraft is prohibited upon any waters under the jurisdiction of the department, unless the commissioner specifically authorizes use of personal watercraft in such area.

HISTORICAL NOTE

Section repealed and added City Record May 4, 2007 §5, eff. June 3, 2007. [See T56 §3-23 Note 2]

Section amended City Record Feb. 12, 2003 eff. Mar. 14, 2003. [See Chapter 3 footnote]

Section amended City Record Apr. 14, 2000 eff. May 14, 2000. [See Chapter 3 footnote]

Section added City Record Apr. 1, 1997 eff. May 1, 1997. [See Chapter 3 footnote]

FOOTNOTES

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-17 Parking of Motor Vehicles.

(a) No person shall park at the garage at the boat basin or the marina parking lot without a parking permit issued by the dockmaster. Parking permits shall be issued to permittees who hold dockage, mooring or kayak permits for vessels and shall expire at the same time as that permit. If there are more permittees than available spaces, the department shall maintain a waiting list of permittees eligible for parking permits, which shall be available upon request. Parking permits are issued to the person named on the permit and are valid only for the registered vehicle identified on the permit. Parking permits are not transferable. Any assignment or attempted assignment of a garage parking permit shall result in the cancellation of such permit.

(b) No person shall remain overnight in the garage or parking lot or in a vehicle parked in the garage or parking lot. The department may remove or cause to be removed any vehicle which is parked in the garage or parking lot without a current parking permit or without payment of all required fees. The cost of towing and storage of the vehicle shall be charged to the permittee or owner of the vehicle and shall be payable prior to release of the vehicle. Any vehicle which is unclaimed after thirty days shall be deemed to be an abandoned vehicle and shall be disposed of pursuant to the procedures set forth in §1224 of the Vehicle and Traffic Law.

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-18 Pets.

(a) It is a violation of these rules to keep an animal as a pet at the facility where the keeping of such animal is prohibited by the New York City Health Code or any other law or rule.

(b) The owner or other person in charge or control of a pet shall expeditiously remove, clean or clear all feces or vomit deposited by the pet from the walkways and docks.

(c) The dockmaster may order the removal of a pet from the facility where the owner or other person in charge or control of the pet has failed or refused to prevent the pet from harassing or harming other persons or has failed or refused repeatedly to remove, clear or clean feces or vomit deposited by the pet on the walkways or docks.

(d) All dogs, cats and other pets must be kept on a leash, or in appropriate carrying cases or cages, when not confined aboard a vessel.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 3*1 RULES GOVERNING THE WEST 79TH STREET BOAT BASIN, THE SHEEPSHEAD BAY PIERS AND THE WORLD'S FAIR MARINA

§3-22 Commercial Permits.

Commercial permits may be issued at the boat basin and marina to operators of commercial vessels upon terms to be determined by the department. The chief dockmaster is authorized to exempt holders of these commercial permits from certain rules set forth in this chapter 3.

Vessels docked under non-commercial permits may not engage in commercial activity without the express written approval of the department. This approval must be attained on an annual basis. Complete commercial plans must be provided to the department and no advertising may take place at the marina or boat basin. Commercial trips must involve 6 passengers or less and must pay the commercial pickup fee (6 passengers or less) for each trip in addition to regular dockage. Any vessel planning commercial trips involving more than 6 passengers must apply for a commercial permit and may not operate under a non-commercial permit. Operators must comply with all other department rules and regulations and other applicable rules and regulations for such vessels.

The Sheepshead Bay Piers are managed for recreational charter boat and related purposes. Only commercial vessels involved in recreational charter boat, entertainment cruise, recreational fishing or related recreational services will be offered dockage permits.

NOTE

1. Statement of Basis and Purpose in City Record Mar. 10, 2004:

These rules are promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The rules provide an updated fee schedule through the 2005 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended in part to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve

facility administration.

2. Statement of Basis and Purpose in City Record May 4, 2007: These rules are promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under §§389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation. The rules provide an updated fee schedule. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended in part to provide funding for the Department to sustain appropriate staffing levels and improve facility administration. In addition, the rules provide for additional winter permits at the Boat Basin to address demand for such permits and prohibit houseboats starting in 2009 to improve safety and to increase recreational use at the Boat Basin.

FOOTNOTES

1

[Footnote 1]: * Chapter amended City Record Feb. 12, 2003 eff. Mar. 14, 2003 [See Note 3]; Chapter amended City Record Apr. 14, 2000 eff. May 14, 2000, See Note 2. Chapter added City Record Apr. 1, 1997 eff. May 1, 1999. [See Note 1]

NOTE 1. Statement of Basis and Purpose in City Record Apr. 1, 1997: The new rules establish the process for obtaining permits to dock vessels at the 79th Street Marina, establish standards to be met by applicants to obtain such permits and set forth the duties and responsibilities of permittees, guests and members of the public who use the marina. These rules inform permittees and other users of the marina of the regulations governing the management of the marina and the standards of conduct applicable to the actions of all marina users. The department expects that the rules will result in increased public use of the marina. 2. Statement of Basis and Purpose in City Record Apr. 14, 2000: The Department of Parks & Recreation ("Parks") has amended chapter 3 of its rules to incorporate the Sheepshead Bay Piers ("Piers") and the World's Fair Marina ("Marina"). The Piers were transferred to Parks from the Department of Business Services, and permits for vessel operators are now issued by Parks' Revenue Division. The Marina was formerly a Parks concession, but after the default of the former concessionaire in October 1999, Parks' Revenue Division also began issuing permits directly to vessel operators. These changes were not included in Parks' regulatory agenda because the premature termination of the concessionaire was not expected. 3. Statement of Basis and Purpose in City Record Feb. 12, 2003: This rule is promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The amended chapters incorporate the establishment of Parks' Marine Division which is responsible for managing, operating and maintaining division facilities and enforcing Park Rules & Regulations at such facilities. The revisions improve security, safety and operational efficiency at the facilities. A formal appeals process has been included allowing permittees to appeal dockmaster determinations to revoke, terminate or refuse to renew any permit pursuant to these chapters. The rules also provide an updated fee schedule through the 2003 winter and summer seasons. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended to provide funding for the Department of Parks and Recreation to sustain appropriate staffing levels and improve facility administration. Moreover, these fees are in line with other municipalities and are far below the fees charged by marinas operated by for-profit establishments.

56 RCNY 4-01

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-01 Application.

These rules apply to the permissible use of mooring fields in Sheepshead Bay, Great Kills Harbor and adjacent to the West 79th Street Boat Basin that are under jurisdiction of the department. These rules supplement the general rules which govern the use of city park land set forth in chapters one and two of this title. To the extent that they are not inconsistent herewith, the rules set forth in chapters one, two and three of this title apply to the use of the mooring fields.

HISTORICAL NOTE

Chapter added City Record Apr. 16, 1997 eff. May 16, 1997; Note other provisions of City Record Apr. 16, 1997:

Recently, the U.S. Coast Guard announced its intention to cease issuing permits for moorings in the Special Anchorage Areas in Great Kills Harbor and Sheepshead Bay. The Department of Parks & Recreation has assumed jurisdiction over these areas, and effective immediately will begin issuing permits in these areas. Consequently, the Department must establish rules to govern the issuance of permits for these moorings, as well as to regulate conduct in the mooring fields. These rules are based on the rules utilized by the U.S. Coast Guard. These rules will also apply to anchorage areas north and south of the 79th Street Marina.

City of New YorkParks & Recreation The ArsenalCentral ParkNew York, New York 10021Henry J. SternCommissioner

FINDING OF SUBSTANTIAL NEED FOR IMMEDIATE EFFECTIVENESS OF RULE I hereby find, pursuant to §1043(e)(1)(c) of the City Charter, that there is a substantial need for the implementation of rules, upon publication, for the regulation of mooring fields in Sheepshead Bay and Great Kills Harbor, special anchorage areas that were administered by the United States Coast Guard until this year. These rules will also apply to the mooring fields at the 79th Street Marina in Manhattan.

Expedited implementation is necessary because the Department of Parks & Recreation needs to begin processing applications and issuing permits immediately so that permittees will be able to retain their boats in the mooring fields when their Coast Guard permits expire on May 1. Given the tight deadline that the Department faces, immediate implementation of the mooring field rules will enhance our ability to serve the public and especially the boating community.

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-02 Definitions.

"Boat Basin." The West 79th Street Boat Basin located in Riverside Park on the east bank of the Hudson River at West 79th Street in Manhattan.

"Chief Dockmaster." Chief of the NYC Department of Parks & Recreation Marine Division. The person appointed by the commissioner that is responsible for the overall administration of division facilities and enforcement of department policies and rules.

"Commercial Permit." A permit to store, dock or launch a vessel used for commercial operations.

"Commissioner." The Commissioner of Parks and Recreation.

"Department." The department of Parks and Recreation.

"Dockmaster." The person who administers, manages or maintains the marina, piers and boat basin at the direction of the supervisory or chief dockmaster.

"Emergency." Any situation which the department determines threatens imminent personal injury or property damage.

"Marina." The World's Fair Marina in Flushing Bay, located in Flushing Meadows Corona Park, Queens.

"Marine Division." Department of Parks and Recreation division responsible for managing, operating and

maintaining recreational and commercial vessels usage at, but not limited, to division facilities and mooring fields.

"Mooring fields." Areas that are designated by the United States Coast Guard as Special Anchorage Areas and are under the jurisdiction of the department in Sheepshead Bay and Great Kills Harbor and the mooring fields adjacent to the 79th Street Boat Basin.

"Permit." A permit to moor a vessel at a designated position in a mooring field.

"Permittee." The person whose name appears on a permit.

"Piers." The piers located on the northern side of Sheepshead Bay, adjacent to Emmons Avenue in Brooklyn.

"Supervisory Dockmaster." Deputy Chief of the NYC Department of Parks & Recreation Marine Division. Responsible for the administration of division facilities and enforcement of department policies and rules under the direction of the chief dockmaster.

"Vessel." A floating craft of any kind including but not limited to a boat, sailboat, motor boat, dinghy, canoe and kayak.

"Waiting list." A list of persons interested in obtaining permits, which shall be maintained by the department.

56 RCNY 4-04

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-04 Permits.

(a) No person shall place a mooring or moor a vessel in a mooring field without a permit from the department.

(b) A permit shall authorize the use of a mooring that meets the requirements of subdivision (a) of §4-07 of this chapter, the location of a mooring at a particular position in the mooring field, and the mooring of a particular vessel identified by size, type and registration number.

(c) A permit shall be issued to the permittee named thereon and is not transferable.

(d) A permit shall not be issued for a vessel which is likely to cause injury to people or damage to property as determined by the department or for a vessel which exceeds 65 feet in length.

(e) A permit will not be issued to an applicant who has any outstanding fees, charges, fines or civil penalties due the department.

(f) The applicant for a permit must be the owner or lessee of the vessel. A permit shall not be issued unless the applicant presents evidence that the vessel is (1) registered with the New York State Department of Motor Vehicles, or (2) registered with the appropriate agency of another state or (3) documented by the U.S. Coast Guard, or (4) the applicant has established vessel ownership and participation in the Boat Anti-Theft Program administered by the Police Department of the City of New York. If the applicant is not the registered or documented owner of the vessel, the applicant must present evidence that he or she is the lessee of the vessel. If a permittee intends to replace a vessel, he or she must notify the department in advance so the department can determine whether the existing location and mooring

are acceptable for the new vessel. The new vessel may not be moored until the department grants a new permit. The department shall reject a replacement vessel that is not registered with the Department of Motor Vehicles or registered with the appropriate agency of another state or documented by the U.S. Coast Guard, or where the applicant has not established vessel ownership and participation in the Boat Anti-Theft Program of the Police Department of the City of New York.

(g) An applicant who owns or leases more than one vessel may apply for more than one permit; applications for additional permits will be placed on the department's waiting list until the department determines that the number of vacant mooring positions exceeds the number of applications.

(h) Notwithstanding the provisions of subdivisions (f) and (g) of this section, the department may reserve a limited number of permits for moorings and issue them to (i) persons for use in connection with special events or other activities that promote the enjoyment by the public of the water for educational, recreational or entertainment purposes, or (ii) yacht clubs and marinas having water frontage in Sheepshead Bay or Great Kills Harbor for the accommodations of guest vessels of such yacht clubs and marinas. No vessel shall be moored at such moorings for the accommodation of guest vessels of such yacht clubs or marinas for more than 15 consecutive days. Any such person, yacht club or marina that is issued a permit pursuant to this subdivision shall be subject to the provisions of this chapter to the same extent and in the same manner as the owner or lessee of a vessel who is issued a permit pursuant to this chapter.

(i) The term of a permit issued for the Sheepshead Bay or Great Kills Harbor mooring fields is for one year commencing May 1. The term of a permit issued for the West 79th Street Boat Basin mooring fields is for six months commencing May 1. The department may also issue transient permits for a term of one week or one day.

(j) Permittees must submit a written application for the renewal of permits issued for a term of one year no earlier than 90 days and no later than 30 days prior to the expiration of an existing permit. If a permittee does not use the mooring for at least four of the months of May through October, he or she will not be given priority for a renewal unless written notification of extended absence is given to the department prior to July 1. All outstanding fees, charges, fines and civil penalties due the department must be paid before a renewal application will be considered.

(k) The chief dockmaster may revoke, terminate or refuse to renew any permit issued pursuant to this chapter (1) where the applicant for renewal or permittee has been found liable in a proceeding before the Environmental Control Board or in a court of violating any provisions of these rules or the rules set forth in chapters one and two and, in the case of vessels moored adjacent to the boat basin and piers, chapter three of this title, (2) where the applicant for renewal or permittee has failed to pay any fees, charges, fines or civil penalties within ten days of receipt of written notice from the department or (3) as provided in subdivision 1 of this section, in accordance with the needs or requirements of the department or the interests of the city as determined by the commissioner. The department shall send by certified mail notice of the intention to revoke, terminate, or refuse to renew a permit and the reasons therefore. In the event that a mailing address is unknown or mail is returned undelivered, such notice may, in lieu of mailing, be posted in a conspicuous place on the vessel. A permittee or applicant for renewal may file written objections with the commissioner within 15 days from the date of such mailing or posting, whichever is later. After considering any objections raised by the applicant or permittee, the commissioner shall make a final determination whether to affirm or reverse the chief dockmaster's determination to revoke, terminate or refuse to renew the permit and shall provide notice of such determination to the permittee or applicant in the manner provided herein.

(l) Nothing in this chapter shall be construed to create a property right in any permit. All permits issued by the department are by their nature terminable at will by the commissioner in accordance with the needs or requirements of the department or in the interests of the city as determined by the commissioner.

(m) The department may impose reasonable conditions on the issuance of a permit to protect public safety and to safeguard the interests of the city, including but not limited to a requirement that the permittee or applicant have his or her mooring inspected or obtain appropriate insurance and submit satisfactory evidence of having complied with such

conditions.

(n) Where a permit is revoked, terminated or not renewed, the vessel and all parts of the mooring, including anchors, chains and buoys, must be removed from the mooring field within 30 days after notice by the department to remove the same is sent by certified mail to the applicant or permittee. In the event that a mailing address is unknown or mail is returned undelivered, such notice may, in lieu of such mailing or hand delivery, be posted in a conspicuous place on the vessel. Where the vessel and mooring are not removed within 30 days after the mailing or posting of such notice, whichever is later, the department may remove the vessel and mooring or cause the same to be removed from the mooring field. The permittee or owner shall be liable for the costs of removal and storage of the vessel and mooring, payable prior to release of the same. Any vessel or mooring removed from the mooring field that is not claimed within 30 days may be deemed to be abandoned and may be turned over to the police property clerk for disposal in accordance with applicable law.

(o) Every applicant and permittee must provide the department with an address in writing at which he or she may receive notice required by these rules or other applicable law. Any changes in address must be reported in writing to the department within 10 days.

See footnote to T56 Chapter 3. Chapter added City Record Apr. 16, 1997 eff. May 16, 1997; Note other provisions of City Record Apr. 16, 1997:

Recently, the U.S. Coast Guard announced its intention to cease issuing permits for moorings in the Special Anchorage Areas in Great Kills Harbor and Sheepshead Bay. The Department of Parks & Recreation has assumed jurisdiction over these areas, and effective immediately will begin issuing permits in these areas. Consequently, the Department must establish rules to govern the issuance of permits for these moorings, as well as to regulate conduct in the mooring fields. These rules are based on the rules utilized by the U.S. Coast Guard. These rules will also apply to anchorage areas north and south of the 79th Street Marina.

City of New YorkParks & Recreation The ArsenalCentral ParkNew York, New York 10021Henry J. SternCommissioner

FINDING OF SUBSTANTIAL NEED FOR IMMEDIATE EFFECTIVENESS OF RULE I hereby find, pursuant to §1043(e)(1)(c) of the City Charter, that there is a substantial need for the implementation of rules, upon publication, for the regulation of mooring fields in Sheepshead Bay and Great Kills Harbor, special anchorage areas that were administered by the United States Coast Guard until this year. These rules will also apply to the mooring fields at the 79th Street Marina in Manhattan.

Expedited implementation is necessary because the Department of Parks & Recreation needs to begin processing applications and issuing permits immediately so that permittees will be able to retain their boats in the mooring fields when their Coast Guard permits expire on May 1. Given the tight deadline that the Department faces, immediate implementation of the mooring field rules will enhance our ability to serve the public and especially the boating community.

56 RCNY 4-06

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-06 Conduct.

(a) No person at the Sheepshead Bay or Great Kills Harbor mooring fields shall use a toilet that discharges into the water without marine sanitation devices approved by the New York State Department of Environmental Conservation. No person at the boat basin mooring fields shall use a toilet that discharges into the water. Use of composting toilet systems are not permitted in the mooring fields. All vessels at the boat basin must have waste holding tanks and discharge waste through the pump out station.

(b) No person shall discharge into the water any oil, spirits, drift, debris, inflammable liquids, rubbish, refuse or untreated human waste.

(c) Any person who engages in disorderly behavior as defined in paragraph 6, 7 or 9 of subdivision 1 of §1-04 of chapter 1 of this title may, in addition to any other applicable penalties, be expelled from the mooring fields.

(d) No person shall make or cause or allow to be made unreasonable noise in the mooring field so as to cause public inconvenience, annoyance or harm. Unreasonable noise means any excessive or unusually loud sound that disturbs the peace, comfort or repose of a reasonable person of normal sensitivity or injures or endangers the health or safety of a reasonable person of normal sensitivity. The department may restrict the outdoor use of radios, record players, compact disc players, television receivers, tape recorders and other sound reproduction devices after 11 p.m. Sunday through Thursday and after 12 p.m. on Friday and Saturday.

(e) No person shall make an open fire on any vessel while alongside any dock or within the confines of the boat basin. Vessels that are fitted with a device specifically designated for use on a vessel may be used in accordance with

the manufacturer's instructions for cooking on deck but only in the mooring field.

(f) No advertising shall be displayed from the vessel in the mooring field.

56 RCNY 4-07

RULES OF THE CITY OF NEW YORK

Title 56 Department of Parks and Recreation

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-07 Mooring of Vessels.

(a) All vessels moored at the boat basin shall be secured to the mooring provided by not less than two mooring bridles. All vessels at the Sheepshead Bay or Great Kills Harbor mooring fields shall be secured by moorings meeting the following requirements:

(1) The anchor, chain and pendant of all moorings shall meet the following requirements:

(A) the anchor scope shall be at least three times the distance from the land under the water of the harbor to mean high water;

(B) the pendant safe working load shall be at least four times the anchor weight;

(C) the anchor type shall be either mushroom or navy;

(D) (i) if the vessel length is 15 feet or less, each anchor shall weigh at least 100 pounds and be connected to a buoy by a metal chain no less than $^{5}/_{16}$ inches in diameter, and the pendant shall be at least 4 feet in length; (ii) the vessel length is greater than 15 feet but not greater than 21 feet, each anchor shall weigh at least 150 pounds and be connected to a buoy by a metal chain no less than $^{3}/_{8}$ inches in diameter, and the pendant shall be at least 8 feet in length; (iii) if the vessel length is greater than 21 feet but not greater than 26 feet, each anchor shall weigh at least 200 pounds and be connected to a buoy by a metal chain no less than $^{3}/_{8}$ inches in diameter, and the pendant shall be at least 10 feet in length; (iv) if the vessel length is greater than 26 feet but less than or equal to 65 feet, each anchor shall weigh no less than 10 pounds per foot of vessel length and be connected to a buoy by a metal chain no less than $^{1}/_{2}$ inch in

diameter for each anchor weighing no more than 400 pounds, or not less than $^{5}/_{8}$ inches in diameter for each anchor weighing more than 400 pounds, and the pendant shall be at least 10 feet in length.

(2) Moorings in the special anchorage area in Sheepshead Bay shall be secured by two anchors which shall be placed as indicated in figure 1. Moorings in all other mooring fields shall be secured by one anchor, provided, however, that the department may require the use of two anchors in any mooring field in order to provide additional positions at which moorings may be located or to enhance the safety of existing mooring locations.

(3) Mooring buoys shall be of a buoyant material sufficient to make at least one foot of the buoy visible above the water line.

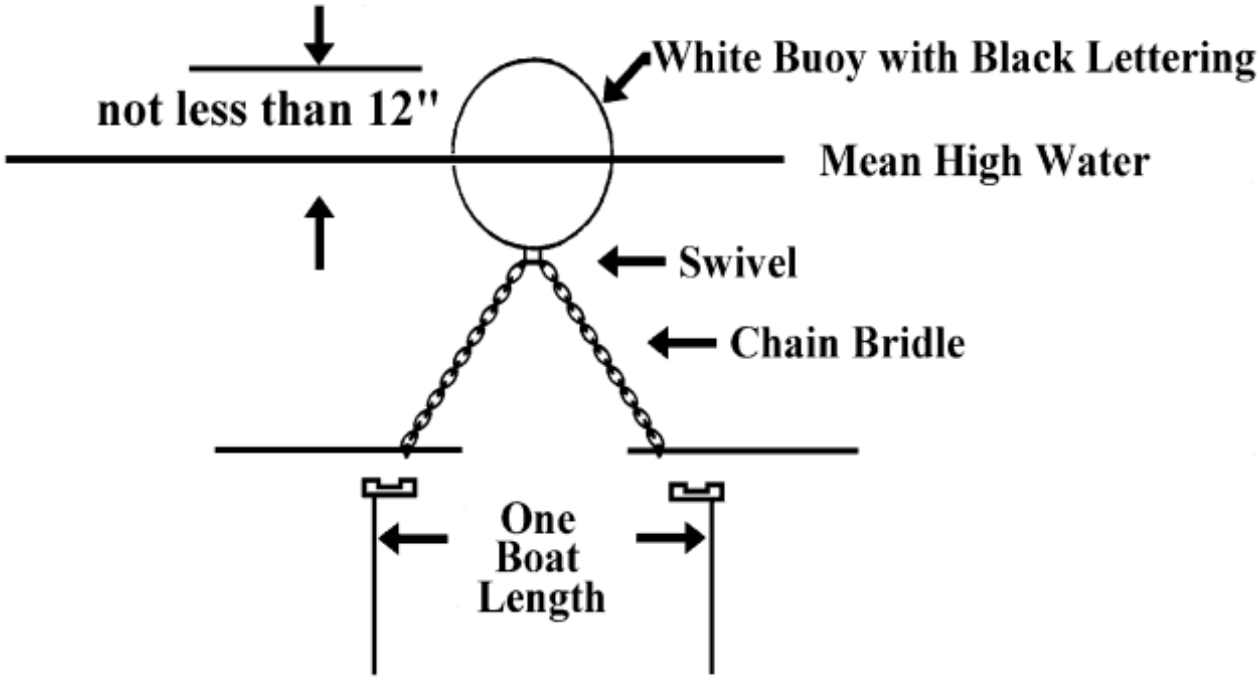

Figure 1.

(4) Buoys shall be painted with the permit number and the mooring location in black block letters no less than three inches high.

(5) Fixed mooring piles or stakes are not permitted.

(b) Vessels must be moored at locations designated by the department. The location assigned to the permittee shall be determined by the department based on vessel size, type, water depth and safety considerations. No vessel shall be moored in such a manner as to interfere with the use of a duly authorized mooring location or regular traffic channel. Mooring locations may not be changed or exchanged without the prior written approval of the department.

(c) All vessels shall be adequately tied to their moorings and shall have sufficient lines to secure the vessel in all

wind and weather conditions. The department may affix additional lines as necessary to ensure the safety of people or property.

(d) All parts of the mooring, including the buoys, anchors and chains, shall be supplied and installed by the permittee and shall remain the property of the permittee at the mooring fields at Sheepshead Bay and Great Kills Harbor.

(e) Moorings shall be inspected for deterioration at least every two years and repaired or replaced if necessary. The department may require, as a condition of renewing a permit, evidence that an inspection has been made, including a description by the person who made the inspection of the condition of the mooring and the qualifications of such person to make such inspection.

(f) Vessels and moorings may be temporarily relocated in an emergency or to accommodate dredging or other work in the mooring field. When a vessel or mooring must be removed to accommodate such work, the department will give the permittee or owner 45 days written notice to remove the vessel or mooring. If the vessel or mooring is not removed within 45 days, the department may remove the vessel and mooring, or cause the vessel or mooring to be removed and recover all costs associated with moving and storage from the permittee or owner.

(g) Vessels which are improperly secured to the wrong mooring or area may be towed to the assigned mooring by the Dockmaster or Marine Division staff and the appropriate Labor Rate shall be charged to the owner of such vessel.

See footnote to T56 Chapter 3. Chapter added City Record Apr. 16, 1997 eff. May 16, 1997; Note other provisions of City Record Apr. 16, 1997:

Recently, the U.S. Coast Guard announced its intention to cease issuing permits for moorings in the Special Anchorage Areas in Great Kills Harbor and Sheepshead Bay. The Department of Parks & Recreation has assumed jurisdiction over these areas, and effective immediately will begin issuing permits in these areas. Consequently, the Department must establish rules to govern the issuance of permits for these moorings, as well as to regulate conduct in the mooring fields. These rules are based on the rules utilized by the U.S. Coast Guard. These rules will also apply to anchorage areas north and south of the 79th Street Marina.

City of New YorkParks & Recreation The ArsenalCentral ParkNew York, New York 10021Henry J. SternCommissioner

FINDING OF SUBSTANTIAL NEED FOR IMMEDIATE EFFECTIVENESS OF RULE I hereby find, pursuant to §1043(e)(1)(c) of the City Charter, that there is a substantial need for the implementation of rules, upon publication, for the regulation of mooring fields in Sheepshead Bay and Great Kills Harbor, special anchorage areas that were administered by the United States Coast Guard until this year. These rules will also apply to the mooring fields at the 79th Street Marina in Manhattan.

Expedited implementation is necessary because the Department of Parks & Recreation needs to begin processing applications and issuing permits immediately so that permittees will be able to retain their boats in the mooring fields when their Coast Guard permits expire on May 1. Given the tight deadline that the Department faces, immediate implementation of the mooring field rules will enhance our ability to serve the public and especially the boating community.

CHAPTER 4*1 RULES GOVERNING MOORING FIELDS UNDER THE JURISDICTION OF THE DEPARTMENT

§4-13 Orders.

The department may issue any orders which may be necessary or appropriate to enforce compliance with these rules or the rules set forth in chapters one and two and, in the case of vessels moored adjacent to the marina, piers or boat basin, chapter three of this title. It shall be a violation of these rules to fail or refuse to comply with such orders.

58 RCNY 1-02

RULES OF THE CITY OF NEW YORK

Title 58 Department of Cultural Affairs

CHAPTER 1 JOINT LIVING-WORK QUARTERS FOR ARTISTS

§1-02 Artist's Certification Committee and Appeals Board.

(a) **Qualifications, powers and duties.** (1) **The Committee.** The Commissioner of the Department of Cultural Affairs (the "Commissioner") shall appoint an Artist's Certification Committee (the "Committee"), the members of which shall review and make recommendations regarding the disposition of applications for certification. Such committee shall consist of up to 18 members, none of whom shall be a member of the staff of the Department. There shall be, if feasible, at least one member appointed from each of the following disciplines: painting, sculpture, crafts, photography, film/video, dance, music, writing and performance/theater. The remaining members of the Committee may be arts educators, arts administrators or representatives of arts or other community organizations. Unless otherwise waived by the Commissioner, all members shall reside or work in New York City.

(2) **The Appeals Board.** In the event that pursuant to §1-06(b), an appeal is taken of the Commissioner's denial of a particular application, the Commissioner shall appoint an Artist's Certification Appeals Board (the "Appeals Board") to make the initial recommendation with regard to such appeal. The Appeals Board shall consist of at least 6 members, selected from a list prepared on a yearly basis of individuals

(i) engaged in the disciplines referred to in §1-02(a)(1) or

(ii) otherwise engaged in the arts as arts educators, arts administrators or representatives of arts or other community organizations, none of whom shall have been members of the Committee at the time such application was initially reviewed. Such Appeals Board shall contain if possible at least 3 members engaged in the disciplines referred to in §1-02(a)(1), and in particular, 1 to 2 members engaged in the art form for which the applicant has applied, and one member of the staff of the Department other than the Artist's Certification Coordinator referred to in §1-03. Unless

otherwise waived by the Commissioner, any person appointed by the Commissioner to be a member of any Appeals Board shall reside or work in New York City.

(b) **Term.** (1) **Length.** The members of the Committee shall serve for a three year term and shall be divided into three classes consisting of not more than six members each.

(2) **New appointments.** Each year in June, the Commissioner shall appoint members to fill the places of the class whose term expires in that year, and such newly appointed members shall serve for a term which begins on September 1 of that year and expires on August 31, three years hence. Members may be re-appointed for one additional 3-year term but no member who has served two consecutive three-year terms may serve an additional term until at least one year after the expiration of his or her second term.

(3) **Filling vacancies for an unexpired term.** The Commissioner may at any time fill any vacancy among the members of the Committee for the unexpired term of such vacant position, but such appointment shall be subject to the requirement set forth in §1-02(a)(1) as to representation of each of the media referred to in such section.

(4) **Resignations and leaves.** A member may resign at any time prior to the expiration of his or her term by delivering a letter of resignation to the Commissioner, and such resignation shall be effective as of the date specified in such letter. A leave of absence not to exceed one year may be taken by any member.

(5) **Removal of Committee members.** The Commissioner may, after consultation with the Committee, remove a member from the Committee whenever the Commissioner concludes, in the reasonable exercise of his or her discretion, that service by that member is no longer appropriate. Grounds for removal shall include, but not be limited to, the fact that such member

(i) no longer resides or works in New York City or

(ii) has incurred three or more unexcused absences from regularly scheduled monthly meetings of the Committee in any one year period beginning September 1.

(c) **Meetings.** The Committee shall meet during the first week of each month except July and August and at such other times as may be scheduled by the Department. A record shall be kept of each regularly scheduled meeting and shall include, among other matters, a listing of each applicant whose application is considered at such meeting and the recommendation or other action taken with regard to such application.

§1-04 Application Procedures.

(a) **Submission of application.** An application form for artist's certification may be picked up or requested by mail from the Department's offices located at 2 Columbus Circle, New York, New York 10019. The completed application shall be returned to the Department, together with the required documentation, addressed to the attention of the Artist's Certification Coordinator. The Coordinator shall then review such application for completeness. With regard to any application which is considered to be incomplete, the Coordinator shall attempt to contact and advise the applicant as to what additional material should be submitted. The applicant may then either submit additional material or request that the application be considered as originally submitted, in which case the Coordinator shall bring such application before the Committee pursuant to §1-04(c).

(b) **Required elements.** (1) **Basic information.** To be complete, an application for artist's certification must ordinarily include the following:

(i) A description of the applicant's art form or art occupation.

(ii) An explanation as to

(A) why occupancy of a joint living-work quarters for artists is important to the applicant in carrying out his or her art form or art occupation,

(B) how such space is or will be used for such purpose, and

(C) if the applicant currently lives and works in the same space, a diagram and/or photographs of such space.

(iii) A professional resume indicating, with reference to the applicant's particular art form or art occupation, professional experience (or a combination of professional training and experience) sufficient to demonstrate a serious, consistent commitment to such art form or occupation-such resume shall also include other information as to the applicant's educational background and professional training and the public dissemination of his or her work, e.g., exhibitions, performances, publications and the like, all such information to include relevant dates.

(iv) Documentation appropriate to the applicant's field evidencing his or her work and its dissemination to the public, e.g.,

Visual Artists-15 to 20 slides and/or photographs of work Set and Costume Designers-photographs of work Choreographers-photographs and/or video tapes or films of work, notated dance scores Composers-scores, tapes and/or recordings of compositions Filmmakers and Video Artists-films and/or videotapes Writers-samples of published work such as books, magazines, anthologies, broadsides, audio- and/or video or phonograph recordings of readings and performances All applicants-documentation of performances, publications, readings or showing of work to public such as programs, films, announcements or reviews.

(v) Additional material which demonstrates outside recognition of his or her standing as a professional in his or her art form or art occupation, e.g., reviews, written proof of grants, awards or fellowships, or relevant union or guild memberships.

(vi) The names, addresses and telephone numbers of two people recognized in the applicant's field who may be contacted as to the applicant's professional involvement as an artist.

(2) **Supplemental data.** In addition to the material referred to in §1-04(b)(1), the applicant may submit such other information as the applicant believes may support his or her request for artist's certification. The applicant may also be asked to submit further material relevant to his or her art form or art occupation in the event that:

(i) the Coordinator determines that the application is incomplete or

(ii) the Committee believes that it needs such additional material in order to make its recommendation. In such instances and in the case of an application being reconsidered pursuant to §1-06(a), the applicant may request that a studio visit be made to his or her studio or work place. Provided such space is located in New York City, the Coordinator, accompanied by another member of the Committee, shall use best efforts to comply with such request.

(c) **Review of application.** (1) At each regularly scheduled meeting of the Committee, subject to Paragraph (2) of this subdivision, all those applications considered complete by the Coordinator shall be presented to the Committee for review. The Coordinator shall first separate the applications into different categories according to art form or occupation and shall then assign each category of applications to a two member panel of the Committee, at least one member of which, if possible, should be engaged in the same or a related art form or occupation. Each panel shall then review the applications in its category and shall recommend to the Coordinator the action to be taken by the Commissioner with regard to each such application. The Coordinator may, in his or her discretion, present any application to the full Committee for discussion.

(2) The Coordinator shall have the discretion not to assign a particular application for review by a panel in the event that, after consultation with the Committee, where feasible, the Coordinator determines that such application clearly demonstrates that the applicant is entitled to certification. The Coordinator shall present any such application to the Commissioner at such time as those applications reviewed by the Committee are presented to the Commissioner for action.

(3) In the event any panel should be of the opinion that a particular application is incomplete, the panel shall advise

the Coordinator of the information such panel believes is necessary to complete the application. Such applications shall be marked tabled and shall be presented to the Committee again at such time as the missing information is supplied or the applicant requests that the application be considered as originally submitted.

(4) Following each meeting, the Coordinator shall gather the recommendations from each panel and shall present the applications, the recommendations and other pertinent information to the Commissioner, together with a written statement in the case of each application as to the reasons for the recommendations made with regard to the application. At this time, the Coordinator shall also notify all individuals whose applications have been tabled and shall advise them of the additional information requested by the Committee.

(5) The Commissioner shall make the actual determination with regard to each application. After action by the Commissioner, the Coordinator shall issue artist's certification to those individuals whose applications have been granted and shall notify those individuals whose applications have been denied of the reasons for such denial, and of their right to reconsideration and appeal thereof.

(6) If a particular applicant for artist's certification demonstrates in his or her application that he or she works in a heavy or bulky medium, pursuant to §42-141(b)(ii) of the New York City Zoning Resolution, the certification form issued such applicant may, at the applicant's request, carry a notation to that effect.

(7) Following the determination by the Commissioner or the withdrawal of any application for artist's certification, the Coordinator shall return to the applicant the materials listed in §1-04(b)(l)(iv) submitted in support of such application provided that he or she has submitted a self-addressed, stamped envelope for the return of such materials. Alternatively, these materials may be picked up by the applicant at the offices of the Department during regular business hours. Supporting materials which have not been picked up within four months of the date of the Commissioner's determination of the relevant application may be disposed of at the discretion of the Coordinator, except that the Coordinator shall retain possession of materials submitted in support of an application being reconsidered or on appeal until such time as a determination is reached with regard to reconsideration or appeal.

(8) In the event that an applicant whose application has either been tabled or is being held for reconsideration has not submitted the additional material requested by the Coordinator within four months after the date on which such application was either tabled or initially denied, the Coordinator may in his or her discretion consider such application withdrawn. In such instance, the Coordinator may dispose of supporting materials in accordance with §1-04(c)(7).

RULES OF THE CITY OF NEW YORK

Title 58 Department of Cultural Affairs

CHAPTER 1 JOINT LIVING-WORK QUARTERS FOR ARTISTS

§1-05 Criteria for Granting Artist's Certification.

(a) **Statutory basis.** In determining whether to grant an application for artist's certification, the Department shall follow those criteria contained in the definition of an "artist" set forth in Section 276 of Article 7B of the New York State Multiple Dwelling Law, namely that those granted artist's certification be "regularly engaged in the fine arts . . . on a professional basis." Specifically, each applicant granted artist's certification must demonstrate that he or she meets the following criteria:

(1) **Regularly engaged.** The applicant is currently engaged in and demonstrates a serious consistent commitment to his or her art form or art occupation.

(2) **Fine arts.** The applicant is engaged in an art form or art occupation which

(i) can be considered and

(ii) is pursued by the applicant as a "fine art".

To demonstrate pursuit of such art form or occupation as a fine art, the application should evidence a substantial element of independent esthetic judgment and self-directed work by the applicant in pursuing such art form or occupation, i.e., the production of work solely on a commercial, industrial or work-for-hire basis without evidence of the foregoing elements is not sufficient to demonstrate pursuit of a particular art form or occupation as a fine art.

(3) **Professional basis.** The application should warrant a finding that the applicant is committed to the art form or

occupation as his or her primary vocation and that others in the field recognize the applicant as a professional with regard to his or her art form or occupation. The word "professional" in this context does not necessarily refer to the amount of financial renumeration earned therefrom.

(b) **Intent to use joint living-work quarters.** Consistent with the designation of zoning districts M1-5A and M1-5B as manufacturing districts pursuant to the New York City Zoning Resolution, to obtain artist's certification, an applicant must demonstrate an intent to use joint living-work quarters for the purpose of carrying out his or her art form or occupation.

Rules of the City of New York

***** Current through December 2009 ****

58 RCNY 1-06

RULES OF THE CITY OF NEW YORK

Title 58 Department of Cultural Affairs

CHAPTER 1 JOINT LIVING-WORK QUARTERS FOR ARTISTS

§1-06 Right to Reconsideration or Appeal.

(a) **Reconsideration.** (1) In the event an applicant is denied artist's certification by the Commissioner, the applicant shall have the opportunity either to

(i) withdraw the application,

(ii) request that it be reconsidered, in which case the applicant shall submit additional material in support of the application, or

(iii) request an immediate appeal of the Commissioner's denial of certification. If within 30 days of the date notice of such denial is given, the Artist's Certification Coordinator has not been notified that the applicant requests either reconsideration or appeal, then the application shall be considered withdrawn. An applicant denied certification whose application has been withdrawn after the initial determination by the Commissioner may submit a new application for certification at any time.

(2) Should an applicant who has been denied certification request reconsideration of his or her application, after the Artist's Certification Coordinator determines that all relevant additional information has been submitted, such application shall be presented to the Committee for reconsideration at the next regularly scheduled meeting. Reconsideration of an application shall be governed by the same procedures set forth herein as to the initial submission of an application.

(b) **Appeal.** (1) In the event that an application is reconsidered and again denied, or the applicant elects not to

submit additional information and have his or her application reconsidered by the Committee, the applicant may take an appeal to the Appeals Board. Upon receipt of a request for an appeal, the Coordinator shall schedule a special meeting of the Appeals Board to consider the appeal. At the meeting, the Coordinator shall present the application, following which the Coordinator shall seek the opinion of each Appeals Board member as to whether the appeal should be granted and the reasons for such opinion. The Coordinator shall then forward a statement of these opinions to the Commissioner who shall then determine whether the appeal should be granted. Following the Commissioner's decision with regard to the appeal, the applicant shall be promptly notified of such decision. In the event the Commissioner determines that the appeal should be granted, the Coordinator shall issue an artist's certification to the applicant.

(2) In the event that the Commissioner determines that the appeal should be denied, then the applicant may submit a new application for artist's certification after a period of one year has elapsed from the date of such determination.

(3) Following determination of the appeal, the Coordinator shall return the materials submitted in support of the application to the applicant in accordance with the procedures set forth in §1-04(c)(7). Supporting materials which have not been picked up within four months of the date of the Commissioner's determination of the appeal may be disposed of at the discretion of the Coordinator.

(4) The decision of the Commissioner with reference to a particular appeal shall be considered to be the final determination of the relevant application for purposes of Article 78 of the New York Civil Practice Law and Rules.

58 RCNY 1-07

RULES OF THE CITY OF NEW YORK

Title 58 Department of Cultural Affairs

CHAPTER 1 JOINT LIVING-WORK QUARTERS FOR ARTISTS

§1-07 Effect of Artist's Certification.

(a) **Validity.** (1) Artist's certification shall be valid for so long as the artist so certified resides at the address contained on the certification form. An artist granted artist's certification may apply to the Department for a change in the address indicated on the certification form provided that

(i) such artist returns his or her original certification form and submits adequate proof, such as a signed lease, that he or she now resides at the new address, and

(ii) no more than one year has elapsed since the date certification was granted. The Department will then issue a new certification form containing the new address.

(2) The Department will not accept a request for a change in the address contained on a certification form in the event that such request is made more than one year after the date of such certification. In such instances, the person previously certified shall submit a new application for artist's certification, but unless otherwise requested by the Coordinator, such applicant need only submit information and supporting documentation relevant to that period of time which has elapsed since the date of his or her previous certification. Applications for re-certification shall be governed by the same procedures as set forth herein for the review of initial applications.

(b) **Legal significance.** The legal significance of a certification form issued by the Department is to evidence that the person named therein meets the legislative criteria regarding artist's certification and is therefore eligible to live in joint living-work quarters, in an area and dwelling unit where such use is permitted by law pursuant to the terms of the city's Zoning Resolution and New York State Multiple Dwelling Law. Artist's certification does not represent a

determination by the Department that joint living-work quarters in a particular building is lawful under the Zoning Resolution or any other applicable law or regulation, nor that such space meets the relevant specifications of the Buildings Department Code.

CHAPTER 2 DETERMINATIONS OF THE NEW YORK CITY CIVIL SERVICE COMMISSION

§2-01 Appeals from Disciplinary Determinations.

(a) Any person entitled under §76 of the Civil Service Law to take an appeal from a finding of guilt and/or a penalty of punishment in a disciplinary proceeding conducted pursuant to §75 of the Civil Service Law, shall duly make such appeal by sending by ordinary, registered or certified mail or by delivering personally, a written notice of appeal to the Commission and by sending a copy thereof by the same means to appellant's employer agency. All notices of appeal shall be mailed or delivered within twenty (20) days after the date of service of a written notice of the determination to be reviewed. Such additional time in which to appeal as provided in CSL Sec. 76 shall be allowed where service of the determinations was by mail. The agency head concerned (or his/her designee) shall transmit to the Commission within ninety (90) days after receipt of the notice of appeal the entire record of the disciplinary proceeding including the written transcript of the hearing. Proof of service of the notice of determination to be reviewed shall be submitted where the agency moves to dismiss the notice of appeal as untimely. Motions for dismissal on jurisdictional grounds may be made prior to submission of the record below.

(b) Where a hearing officer other than the agency head is designated in writing to hear the charges preferred, the record furnished the Commission shall contain such written designation of a copy thereof unless such designation is on file with the Commission or provided for in the City Charter and/or published agency rules.

(c) Where an appeal is taken, the Commission shall review the record below and shall afford appellant and the employing agency the opportunity to make an oral presentation and/or to submit written statements to the Commission. Oral arguments may be heard by one or more members of the Commission, or any person duly designated pursuant to §76(2) of the Civil Service Law. When an appellant declines to make an oral argument, the appeal shall be deemed submitted to the Commission. The agency may elect to reset on the record adduced at the disciplinary proceeding.

(d) Oral argument shall be scheduled within ninety (90) days of receipt of the record below or as soon thereafter as practicable. The determination of the Commission shall be rendered within ninety (90) days after the record on appeal has been submitted for decision or as soon thereafter as practicable.

(e) When the Commission reviews determinations regarding the fitness and discipline of agency employees after hearings conducted pursuant to Civil Service Law §75, the Commission may affirm, reverse or modify the findings of fact, conclusions of law and penalties imposed below.

(f) Where the Commission upon appeal modifies a determination of dismissal by permitting or requiring the transfer of an appellant to a vacancy in a similar position in another division or department;

(1) the appellant shall be transferred to another division of department provided the head of such division or department consents thereto;

(2) such transferee, prior to the approval of such transfer, shall execute all appropriate documents to record his transfer, including, if required by the Commission, a waiver of back pay and civil service rights and status during the period of dismissal;

(3) such transferee shall be required to service the same probationary term as required for original appointments.

60 RCNY 2-02

RULES OF THE CITY OF NEW YORK

Title 60 Civil Service Commission

CHAPTER 2 DETERMINATIONS OF THE NEW YORK CITY CIVIL SERVICE COMMISSION

§2-02 Appeals from Determinations of the City Personnel Director.

(a) An appeal to the Commission by any person aggrieved by an action or determination by the City Personnel Director or his or her designee on accordance with his or her powers as specified in §2-02(b) herein, shall be made by application in writing to the Commission within thirty (30) days of the date of the action or determination appealed from. Such action or determination shall be deemed to be effective upon notice to the appellant. If notice of the action or determination is by mail, there shall be a rebuttable presumption that notice occurred as of five calendar days after the date of the mailing of the action or determination.

(b) An appeal to the Commission shall lie only where the action or determination appealed from is made pursuant to the City Personnel Director's powers and duties as enumerated in paragraphs 3, 4, 5, 6, 7, and 8 of §813(a) of the City Charter and paragraph 5 of §813(b) of the City Charter.

(c) The Commission may affirm, modify, reverse or remand such action or deter- mination.

(d) The Commission shall decide appeals from determinations of the City Personnel Director or his or her designee on the basis of written submissions by the parties. Such submissions shall include the record support in the determination of the City Personnel Director or appropriate motions to dismiss the notice of appeal. The Commission, however, may hear oral argument to afford appellant an opportunity to make an explanation and to submit facts in opposition to the action or determination of the City Personnel Director. At such proceedings, the City Personnel Director will be permitted to defend his/her action or determination.

(e) The appellant shall be entitled to a transcript of the Commission's proceedings upon payment of a reasonable

cost for the production of same.

(f) All appeals to the Commission which result from medical disqualifications by the City Personnel Director and/or his or her designee pursuant to §813(6) of the City Charter shall be supported by medical documentation which shall be received by the Commission within sixty (60) days of the filing of the appeal.

(g) All appeals to the Commission which result from a psychological disqualification by the City Personnel Director and/or his or her designee pursuant to §813(6) of the City Charter shall be supported by medical documentation which shall be received by the Commission within sixty (60) days of the filing of the appeal.

(h) Extension of the time periods set forth in §§2-02(f) and 2-02(g) may be granted for good cause shown.

(i) When the Commission deems that oral argument is required as set forth in §2-02(d), such proceeding shall be scheduled within ninety (90) days of receipt of the complete record or as soon thereafter as practicable.

(j) The Commission shall in all appeals from actions or determinations of the City Personnel Director render a written determination within ninety (90) days of the date such appeal is reveiwed or as soon thereafter as practicable.

(k) The Commission may, in its discretion, take whatever measures it deems appropriate to ensure review of pending appeals prior to the expiration of the pertinent eligible list.

61 RCNY 1-01

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-01 Definitions.

Terms defined in the statute. The terms "Director," "Board of Collective Bargaining," "Board of Certification," "municipal agency," "municipal employees," "mayoral agency," "public employer," "public employees," "municipal employee organization," "public employee organization," "Municipal Labor Committee," "certified employee organization," "matters within the scope of collective bargaining," "executive order," "grievance," "labor member," "city member," "impartial member," "designated representative," and "designated employee organization" shall have the meanings set forth in §12-303 of the statute.

Deputy Director. The term "Deputy Director" shall mean a deputy appointed by the Director pursuant to §1170 of the New York City Charter.

Director of Representation. The term "Director of Representation" shall mean the person appointed by the Director to administer and oversee the processing of all representation cases and all other duties as assigned by the Director.

Executive Secretary. The term "Executive Secretary" shall mean the person appointed by the Director to carry out the responsibilities defined by §1-07(c)(2) of these rules.

Improper practices. The term "improper practices" shall have the meaning set forth in §12-306 of the statute; the term "improper practices proceeding" shall mean a proceeding conducted, pursuant to §12-309(a)(4) of the statute, to investigate and determine charges of improper practices and, when appropriate, to issue orders for the purpose of remedying such improper practices.

Representation proceeding. The term "representation proceeding" shall mean a proceeding under §12-309(b) of the statute to investigate and determine a question or controversy concerning the representation of public employees for the purposes of collective bargaining.

Rules. These rules shall be cited as the Rules of the Office of Collective Bargaining (Rules of the City of New York, Title 61, Chapter 1).

Statute. The term "statute" shall mean the New York City Collective Bargaining Law, Chapter 3 of Title 12 of the Administrative Code of the City of New York, as amended.

Trial examiner. The term "trial examiner" shall mean any authorized person conducting a hearing and may include a member of either Board, a Deputy Director, or any other agent designated by the Director to conduct a hearing.

Rules of the City of New York

***** Current through December 2009 ****

61 RCNY 1-02

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-02 Representation Proceedings.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Certification.

(b) **Petition-filing.** A petition for the investigation of a question or controversy concerning the representation of public employees may be filed by a public employer, public employees, or their representatives. The petition shall be filed on a form prescribed by the Office of Collective Bargaining and shall be in writing and signed. The original and three copies thereof shall be filed with the Board.

(c) **Petition by public employees or their representatives-contents; proof of interest.**

(1) A petition filed by public employees or their representatives shall contain:

(i) The name, address, telephone and fax numbers of petitioner;

(ii) The name, address, telephone and fax numbers of the public employer;

(iii) The classes of titles of employees in the units claimed to be appropriate and the approximate number of employees therein;

(iv) An allegation that a question or controversy exists concerning representation and a concise statement of the nature thereof;

(v) The names, addresses, telephone and fax numbers of any other public employee organizations, known to

petitioner, which claim to represent employees in the alleged appropriate bargaining units, and the expiration date of any existing collective bargaining agreement;

(vi) A request that the Board certify or designate the petitioner as the exclusive bargaining representative of the employees in the appropriate units or for other appropriate action.

(2) Simultaneously with the filing of the petition petitioner shall:

(i) In the case of a petition for certification, submit to the Board evidence that at least 30 percent of the employees in the appropriate unit, or in each appropriate unit, desire petitioner to represent them for the purposes of collective bargaining;

(ii) In the case of a petition for designation as the collective bargaining representative of a unit for the purposes specified in paragraphs two, three or five of §12-307(a) of the statute, submit evidence that it is the certified representative of a bargaining unit which includes more than 50 percent of the employees in the unit for which designation is sought.

(3) If such evidence is not timely submitted, the Board may dismiss the petition forthwith. Sufficiency of interest shall not be litigated.

(d) **Petition by public employer-contents.** The petition shall contain:

(1) The name, address, telephone and fax numbers of the petitioner;

(2) A general description of petitioner's function and the number of its employees;

(3) The classes of titles of employees in the units claimed to be appropriate and the approximate number of employees therein;

(4) An allegation that a question or controversy exists concerning representation and a concise statement setting forth the nature thereof, and, in any case when a public employer entertains a good faith doubt concerning the continued majority status of a certified union, an allegation to that effect with a concise statement of the facts upon which the doubt is based;

(5) The names, addresses, telephone and fax numbers of the public employee organizations which claim to represent the employees in the alleged unit(s);

(6) A request that the Board investigate the alleged question or controversy.

(e) **Decertification petition-contents; proof of interest.**

(1) A petition alleging that a certified or designated employee organization is no longer the representative of the public employees in an appropriate bargaining unit may be filed by a public employee or group of public employees or their representative. The petition shall be in writing and signed and shall contain:

(i) The name, address, telephone and fax numbers of petitioner;

(ii) The name, address, telephone and fax numbers of the certified or designated employee organization;

(iii) A description of the bargaining unit(s) involved and the number of employees therein;

(iv) The expiration date of any contract covering employees in the unit(s);

(v) An allegation that the certified or designated employee organization no longer is the representative of the

employees in the appropriate unit(s), and any other relevant and material facts.

(2) (i) Simultaneously with the filing of a decertification petition, the petitioner shall submit to the Board evidence that at least 30 percent of the employees in each unit do not desire to be represented by the certified employee organization;

(ii) Simultaneously with the filing of a petition for revocation of a designation as collective bargaining representative of a unit for the purposes specified in paragraphs two, three or five of §12-307(a) of the statute, the petitioner shall submit to the Board evidence that the designated representative is not the certified representative of the bargaining unit or units which include more than 50 percent of the employees in the unit which it has been designated to represent;

(iii) If such evidence is not timely submitted, the Board may dismiss the petition forthwith. Sufficiency of interest shall not be litigated.

(f) **Proof of interest-current.** Designation and authorization cards and petitions, submitted as proof of interest under §§1-02(c)(2), 1-02(e)(2) or 1-02(1) of these rules, must be dated and signed by the employees not more than seven months prior to the commencement of the proceeding before the Board. Proof of interest shall be based on the payroll immediately preceding the date of filing of the petition, unless the Board deems such period to be unrepresentative.

(g) **Petitions-contract bar; time to file.** A valid contract between a public employer and a public employee organization will bar the processing of any petition filed outside of the window periods described below. The time period for filing a petition for certification, designation, decertification or revocation of designation pursuant to §1-02(c), (d), or (e) of these rules shall be: for a contract of no more than three years' duration, a petition can be filed not less than 150 or more than 180 calendar days before the contract's expiration date; for a contract of more than three years' duration, a petition can be filed not less than 150 or more than 180 calendar days before the contract's expiration date, or not less than 150 or more than 180 calendar days before the end of the third year of that contract. No petition for certification, decertification or investigation of a question or controversy concerning representation may be filed after the expiration of a contract. However, in the event that a public employer and a public employee organization sign a successor contract after that contract has expired, then a petition for certification, decertification or question or controversy concerning representation may be filed in the 30-day period following the date the successor contract is signed by all parties. Moreover, if the Board finds that unusual or extraordinary circumstances exist, such as when there is reason to believe that a recognized or certified employee organization is defunct or has abandoned representation of the employees in the unit for which it was recognized or certified, the Board may process a petition otherwise barred by this rule.

(h) **Petitions-notice of filing.** Upon the filing of a petition pursuant to the provisions of §1-02 of these rules, notice thereof shall be posted on the public docket maintained by the Board and shall be published in the City Record. The notice shall include the date the petition was filed, the name and address of the petitioner, the name and address of the public employer, and a statement of the action sought. A notice containing the same information will be prepared by the Board and delivered to the employer, which shall post it on the bulletin board customarily used for the posting of notices for employees for a minimum of ten business days.

(i) **Responses-time to file.** For petitions filed pursuant to §1-02(c), (d), or (e) of these rules the public employer or an employee organization certified to represent the existing bargaining unit shall file with the Director within 30 business days after service of the notice of filing of a petition pursuant to §1-02 of these rules, an original and three copies of its written submission, with proof of service upon all other parties, setting forth its position on the petition. As circumstances require, the request of the public employer or employee organization for an extension of time to file its written submission, on notice to all parties, shall not be unreasonably denied. When it is the public employer's position that any of the petitioned-for titles and employees are managerial or confidential, in its written submission the employer

shall comply with the requirements of §1-02(v) of these rules insofar as they require a statement of the factual basis of the allegation that the affected titles and employees are managerial or confidential, as the case may be. In the absence of any response from the public employer or an employee organization certified to represent the existing bargaining unit within the time specified above, the Board shall proceed with processing the petition. For petitions filed pursuant to §1-02(c) and (e) of these rules, responses filed by an employer must contain an alphabetized list of all the employees in the unit(s) sought.

(j) **Investigation.** (1) In its investigation of a question or controversy concerning representation, the Board may conduct informal conferences or hearings, may direct an election or elections, or use any other suitable method to resolve the question concerning representation.

(2) If, after a petition or motion has been filed pursuant to section §1-02 of these rules and at any time prior to the close of the record, it appears to the Director of Representation that no further proceedings are warranted because the petition or motion does not raise a question concerning representation or is otherwise insufficient due to untimeliness, contract or certification bar or lack of a sufficient showing of interest, the Director of Representation may dismiss the petition or deny the motion by administrative action, and will so advise the parties in writing, setting forth the grounds for dismissal. Within 10 business days after service of a letter dismissing a motion or petition, the petitioner may obtain review of the dismissal by filing with the Board an original and three copies of a statement in writing setting forth the reasons for the appeal together with proof of service thereof upon all other parties.

(k) **Appropriate units-determination.** In determining appropriate bargaining units, the Board will consider, among other factors:

(1) Which unit will assure public employees the fullest freedom in the exercise of the rights granted under the statute and the applicable executive order;

(2) The community of interest of the employees;

(3) The history of collective bargaining in the unit, among other employees of the public employer, and in similar public employment;

(4) The effect of the unit on the efficient operation of the public service and sound labor relations;

(5) Whether the officials of government at the level of the unit have the power to agree or make effective recommendations to other administrative authority or the legislative body with respect to the terms and conditions of employment which are the subject of collective bargaining;

(6) Whether the unit is consistent with the decisions and policies of the Board.

(l) **Determination of representatives on consent.** Subject to the approval of the Director of Representation, the parties to a representation proceeding may waive a hearing and agree in writing on the method by which the Board shall determine the question of representation.

(m) **Voluntary recognition-notification.** (1) **Filing of notification.** When the public employer proposes voluntarily to recognize a public employee organization for the representation of public employees pursuant to §12-303(l)(2) of the statute, the employer shall file an original and three copies of a signed written notification with the Board.

(2) **Notification of proposed recognition by public employer-contents.** The notification shall contain:

(i) The name, address, telephone and fax numbers of the public employer;

(ii) A general description of the public employer's function and the number of its employees;

(iii) The classes of titles of employees in the units which have been recognized and the approximate number of employees therein;

(iv) A statement that no question or controversy is known to exist concerning representation thereof;

(v) The names, addresses, telephone and fax numbers of the public employee organization(s) which has (have) been recognized to represent the employees in the units;

(vi) A request that the certification held by the public employee organization(s) be amended, if applicable, to reflect the voluntary recognition.

(3) **Notification of proposed recognition-notice of filing.** Upon the filing of a notification of proposed recognition pursuant to the provisions of §1-02 of these rules, notice thereof shall be posted on the public docket maintained by the Board and shall be published in the City Record. The notice shall include the date the notification of recognition was filed, the name and address of the public employer, the name and address of the public employee organization, and a statement of the action sought. A notice containing the same information will be prepared by the Board and delivered to the employer, which shall post it on bulletin boards customarily used for the posting of notices for employees for a minimum of 10 business days. Within 21 calendar days of service of the notice, the public employer shall provide the Board with a signed certification that the notice has been posted.

(4) **Objection to proposed recognition.** An employee, a group of employees, or a public employee organization may file a statement with the Board objecting to the proposed recognition and alleging that a question or controversy exists regarding representation. Such a statement of objection, if filed in a timely manner within the period of objection, will preclude a proposed recognition from becoming effective. In the event an objection is timely filed, the notice of voluntary recognition will be deemed a petition pursuant to §1-02(d) of these rules and will be processed accordingly.

(5) **Period of objection.** A public employee or employee organization objecting to the recognition shall file an original and three copies of its statement of objection, with proof of service on the public employer and public employee organization, setting forth the basis for its opposition within 20 calendar days of publication of the notice of filing in the City Record.

(n) **Elections-participation; eligibility.** (1) If the Board determines, as part of its investigation, to conduct an election, it shall determine who may participate in the election and appear on the ballot, the form of the ballot, the employees eligible to vote in the election, and the rules governing the election. An intervening public employee organization, other than a certified public employee organization, shall not be entitled to appear on the ballot except upon a showing of interest, satisfactory to the Board, of at least 10 percent of the employees in the unit found to be appropriate.

(2) When a public employer objects to the addition of supervisory or professional employees to a unit which contains non-supervisory employees or non-professional employees pursuant to §12-309(b)(1) of the statute, an election shall be held to determine whether a majority of supervisory or professional employees voting in an election are in favor of such a unit. The electorate of such an election shall consist solely of such supervisory or professional employees sought to be added to such a unit. When there is a dispute as to the eligibility of the employees in question or the appropriateness of the proposed unit, those issues shall be resolved by the Board prior to the holding of an election under this subdivision.

(3) No election shall be conducted in any bargaining unit or any subdivision thereof within which, in the preceding 12-month period, a valid election shall have been held except upon the consent of the parties.

(o) **Elections-notice.** Prior to the election, the Board will prepare a notice of election which will specify the time and place of the election, the hours the polls will be open, the classes of titles of employees in the appropriate unit in which the election is to be conducted, rules concerning eligibility to vote, the form and content of the ballot, and such

additional information and instructions as the Board may determine. Copies of the notice will be delivered to the public employer, who shall post them on the employees' bulletin boards and in other appropriate places, until the election has been concluded.

(p) **Elections.** (1) **Conduct.** All elections shall be by secret ballot and shall be conducted under the supervision of an agent of the Board at such time and place as the agent may direct.

(2) **Observers.** Each party may be represented by observers selected in accordance with such limitations and conditions as the Board may prescribe.

(3) **Challenges.** An observer or the Board's agent conducting the election may challenge for good cause the eligibility of any person to vote in the election. Challenged ballots shall be impounded pending Board decision thereon.

(4) **Count of ballots.** After the polls have been closed, the ballots shall be counted by the Board's agent in the presence of the observers.

(5) **Report of count.** Upon the conclusion of the election, the Board or its agent shall prepare and serve upon the parties a report showing the results of the election.

(q) **Inconclusive elections; run-off.** In any election in which three or more choices (including "no representative") appear on the ballot, if no choice receives a majority of the valid ballots cast, and the valid ballots cast for "no representative" total less than 50 percent of the valid ballots cast, the Board may conduct a run-off election in which only the two public employee organizations which received the largest number of valid votes shall appear on the ballot, and the choice of "no representative" shall be omitted therefrom.

(r) **Post-election procedure-objections; challenges.** Within seven business days after service of the report of count, any party may serve on all other parties and file with the Board (with proof of service) an original and three copies of objections to the election, to conduct affecting the results of the election, or to the report of count. The objections shall be verified, and shall contain a concise statement of the facts constituting the grounds of objections. The Board may direct oral argument before it, or direct a hearing, or otherwise investigate and make its determination with respect to the objections or any challenged ballots.

(s) **Certification-determination of majority; no strike affirmation; disqualification.** (1) Upon completion of its investigation of any petition or motion filed pursuant to §1-02 of these rules, the Board shall certify to the parties the name of the representative, if any, which has been designated as their representative by a majority of the employees in the appropriate bargaining unit, or, if an election is held, which has been selected by the majority of the employees casting valid ballots in the election, or make other disposition of the matter. Notice of certifications issued by the Board shall be published in the City Record.

(2) No public employee organization shall be certified as an exclusive bargaining representative unless it has filed with the Board a no-strike affirmation as required by the New York State Public Employees Fair Employment Act.

(3) An employee organization shall not be eligible for certification as an exclusive bargaining representative if it:

(i) discriminates with regard to the terms and conditions of membership because of race, color, creed, sex or national origin, or

(ii) engages in or advocates the violent overthrow of the government of the United States or any state or any political subdivision thereof.

(t) **Certification; designation-life; modification.** When a representative has been certified by the Board, such certification shall remain in effect for one year from the date thereof and until such time thereafter as it shall be made to

appear to the Board, through a secret ballot election conducted in a proceeding under §§1-02(c), (d), or (e) of these rules, that the certified employee organization no longer represents a majority of the employees in the appropriate unit. When a representative has been designated by the Board to represent a unit for the purposes specified in paragraphs two, three or five of §12-307(a) of the statute, such designation shall remain in effect for one year from the date thereof and until such time as it shall be made to appear to the Board that the designated employee organization no longer represents a majority of the employees in the appropriate unit. Notwithstanding the above bar on challenging a certification within one year of its issuance, in any case when unusual or extraordinary circumstances require, such as when there is reason to believe that a recognized or certified employee organization is defunct or has abandoned representation of the employees in the unit for which it was recognized or certified, the Board may modify or suspend, or may shorten or extend the life of the certification or designation.

(u) **Amendments of certifications-motion; affidavit; notice of filing; answering affidavit; disposition by the Board.** (1) A public employer or the certified bargaining representative of a unit may make a motion requesting amendment of a certification to include classes of titles (positions), the names of which are changed, or new specialty designations, or a new class of titles (positions), and/or to delete obsolete titles (positions) or designations. The motion shall be in writing and supported by the affidavit of an officer of or attorney for the moving party. The original and three copies thereof shall be filed with the Board together with proof of service on any other parties.

(2) A motion for amendment of certification pursuant to this subdivision shall be based upon an affidavit which shall contain:

(i) The name, address, telephone number and fax numbers of the certified bargaining representative of the unit(s) involved;

(ii) A description of the bargaining unit(s) involved and the date of certification of the bargaining representative;

(iii) All names of the classes of titles (positions) and designations involved and the date(s) on which any change of name or creation of new name or designation was effected;

(iv) A request that the bargaining representative's certification be amended to reflect the changes recited in the petition.

(3) Upon the filing of a motion pursuant to this subdivision, notice thereof shall be posted on the public docket maintained for such motions by the Board and shall be published in the City Record. The notice shall include the date the motion was filed, the names and addresses of the parties and the changes covered by the motion. A notice containing the same information shall be prepared by the Board and delivered to the employer, which shall post it on the bulletin board customarily used for the posting of notices for employees for a minimum of 10 business days. Within 21 calendar days of service of the notice, the public employer shall provide the Board with a signed certification that the notice has been posted.

(4) A public employer or employee organization opposing the motion shall file an original and three copies of its answering affidavit, with proof of service on the other parties, setting forth the basis for its opposition within 10 business days of publication of the notice of filing in the City Record.

(5) In the absence of answering affidavits filed by a public employer or employee organization opposing the motion or in the absence of defects revealed by the Board's investigation, the Board shall issue the amendment forthwith.

(6) When a motion filed under this subdivision is contested, the Board may conduct informal conferences or hearings, may direct an election or elections, or use any other suitable method to resolve the question concerning representation.

(v) **Petition for designation of persons as managerial or confidential employees-contents; time to file; notice; intervention; investigation; determination.**

(1) A petition for the designation of certain of its employees as managerial or confidential may be filed by a public employer or its representative. The petition shall be in writing and signed. The original and three copies thereof shall be filed with the Board together with proof of service on any other parties. The petition shall contain:

(i) The name, address, telephone and fax numbers of petitioner;

(ii) A general description of petitioner's function;

(iii) The titles of employees covered by the petition and the number of employees in each;

(iv) A statement as to whether any of the titles affected by the petition has ever been included in a collective bargaining unit for purposes of negotiation with petitioner; whether any of them has been represented at any time by a certified employee organization; and the current collective bargaining status of each such title;

(v) The expiration date of any current collective bargaining agreement covering employees affected by the petition;

(vi) A statement that the titles and employees affected by the petition be designated either managerial, confidential, or both, as the case may be;

(vii) A statement of the basis of the allegation that the titles and employees affected by the petition are managerial and/or confidential;

(viii) The name, address, telephone and fax numbers of any certified employee organization which represents persons affected by the petition;

(ix) A statement that notice of the filing of the petition has been mailed to any certified employee organization which represents employees in such titles.

(2) A petition for the designation of employees as managerial or confidential may be filed:

(i) Not less than five or more than six months before the expiration date of the contract covering the employees sought to be designated managerial or confidential; or

(ii) During the pendency of a representation proceeding in which the petitioned for unit includes the employees sought to be designated managerial or confidential; or

(iii) In the discretion of the Board when unusual circumstances are involved.

(3) Any employee affected by the petition may apply to the Board for permission to intervene in the proceeding following the general procedures prescribed in §1-12(k) of these rules within 20 calendar days of publication of the notice prescribed in §1-02(h) of these rules. Such application shall be made by a motion addressed to the Board and supported by an affidavit stating the basis for the request for permission to intervene, including a statement as to whether intervenor appears in support of or in opposition to the petition and a recital of the facts upon which intervenor bases such support or opposition.

(4) In its investigation of a question as to the managerial or confidential status of employees, the Board may conduct informal conferences or hearings or use any other suitable method of resolving the matter.

(5) Upon completion of its investigation, the Board shall determine whether or not the titles affected by the petition or any of the persons employed in any such title are managerial or confidential and shall communicate its determination

to the parties. Notice of such determination shall also be published in the City Record.

(6) A determination by the Board made pursuant to this subdivision regarding the managerial or confidential status of a title shall be final and binding and, subject to §1-02(v)(2)(iii) of these rules, such determination shall preclude a petition to represent the title and employees or a petition to designate the title and employees managerial or confidential for a period of two years or until the period specified in §1-02(v)(2)(i) above, whichever is later. A petition filed pursuant to this subdivision shall include a statement of facts demonstrating such a material change in circumstances subsequent to the Board's prior determination as to warrant reconsideration of the managerial or confidential status of the title or employee.

NOTE

1. Statement of Basis and Purpose in City Record Aug. 6, 1997:

The Board of Collective Bargaining and the Board of Certification of the New York City Office of Collective Bargaining are authorized to adopt rules and regulations for the conduct of their business and the carrying out of powers and duties conferred upon them by law, pursuant to Section 12-309(a)(7) and Section 12-309(b)(5) of the New York City Administrative Code. The purpose of these amendments is, generally, to update and/or revise previously adopted rules of procedure and, specifically, to bring existing rules into conformity with the current state of applicable federal and State law, to clarify existing rules, or to set forth new procedures.

The proposed rule amendments are the work-product of the Tripartite Committee to Revise the New York City Collective Bargaining Law and Rules of the Office of Collective Bargaining. Membership in the Tripartite Committee was open to all of the municipal unions as well as the City and related public employers. Representatives of several unions, the Mayor's Office of Labor Relations, the Health and Hospitals Corporation, and staff of the Office of Collective Bargaining participated. The proposed rule amendments represent only those changes which have the unanimous support of the Tripartite Committee.

GENERAL CHANGES

The following rule amendments reflect recent advances in law office technology:

Sections 1-02(c), 1-02(e), 1-02(u)(2)(i), 1-02(w)(3)(i), 1-03(b)(1), 1-07(e)(1), 1-13(c)(1).

The following rule amendments achieve gender neutrality in language:

Sections 1-04(b), 1-05(e), 1-05(l)(3), 1-05(n), 1-07(i), 1-10(c), 1-10(g), 1-10(h), 1-10(k), 1-11(a), 1-13(f).

The following rule amendments correct grammatical or typographical errors:

Sections 1-02(u)(5), 1-14(c).

The following rule amendments clarify that, in the following sections, the reference to days is to "business" days rather than to "calendar" days:

Sections 1-06(e), 1-07(h), 1-07(i), 1-12(d)(1), 1-12(d)(2), 1-13(k).

The following rules are renumbered to accommodate the insertion of new sections:

Sections 1-02(j)-(l), 1-02(n)(1), 1-02(n)(3), 1-02(t), 1-02(u), 1-02(w), 1-05(g)-(n), 1-07(c)(1), 1-07(f)(1), 1-13(c)(3).

SUBSTANTIVE CHANGES

Section 1-02(g) provides that the period for filing a representation petition is a certain number of calendar days rather than months prior to the expiration date of the contract.

Section 1-02(i) provides that interested parties in a representation proceeding who wish to submit a written statement of position with respect to a petition must do so by a specified date.

Section 1-02(m)(1)-(5) sets forth the procedure to be followed when a public employer voluntarily recognizes a public employee organization pursuant to Section 12-303(1)(2) of the New York City Administrative Code.

Section 1-02(n)(2) sets forth the procedure for an election held in the event the employer objects to the certification or designation of a mixed unit of supervisory and non-supervisory or professional and non-professional employees pursuant to Section 12-309(b)(1) of the New York City Administrative Code.

Section 1-02(t) provides that the Board's authority to modify, suspend or shorten the life of a certification or designation in the event of unusual or extraordinary circumstances is limited to the first year of certification or designation; and further clarifies the situations that are contemplated by the phrase "unusual or extraordinary circumstances".

Section 1-02(v) sets forth the procedure for processing a motion to amend a certification to include a newly created title having identical or substantially the same job duties as a previously certified title when the motion is uncontested.

Section 1-03(b)(4) modifies the existing rule to require certain additional information be included in bargaining notices.

Section 1-05(g) sets forth the procedure for the filing and processing of a scope of collective bargaining petition during the pendency of an impasse proceeding.

Section 1-05(i) provides that in the selection of an impasse panel, a list containing no less than seven names is submitted to the parties; and further conforms the rule to existing law, wherein, pursuant to expiration of Section 5408(3) of the Unconsolidated Laws (New York State Financial Emergency Act for the City of New York), notice of the appointment of an impasse panel on the Financial Control Board is no longer required.

Section 1-06(e) allows the parties ten business days to agree upon an arbitrator; and further provides that when there is no agreement, a list containing no less than seven names is submitted to the parties.

Section 1-07(c)(2) cross-references the new procedure for filing a scope of collective bargaining petition during the pendency of an impasse proceeding.

Section 1-07(e)(3) requires more specificity in petitions filed pursuant to these rules.

Section 1-07(f)(2) conforms the rule to existing law, which provides for joinder of the employer in improper practice proceedings in which it is alleged that a union has breached its duty of fair representation pursuant to Article 14, Section 209-a(3) of the Civil Service Law.

Section 1-07(h) modifies the existing rule to require a respondent to file an answer to an improper practice petition within ten business days of service, rather than receipt, of the Executive Secretary's determination.

Section 1-11(d) clarifies that the Civil Practice Law and Rules will govern when the amount payable as witness

fees is in dispute.

Section 1-12(e) provides that the grant of a request for oral argument before the Board is discretionary.

Section 1-13(a) sets forth the procedure for correcting certain defective pleadings.

Section 1-13(c)(2) defines who must be served in order for service to be complete.

Section 1-13(e) adopts the period specified in the Civil Practice Law and Rules as it relates to the measurement of time when service is by mail.

Section 1-13(j) provides that a trial examiner has discretion to evaluate a motion made orally at the hearing and to direct that a motion be submitted, in writing, to the Board.

Section 1-13(k) allows for the filing of reply affidavits.

Section 1-14(b)(2) empowers trial examiners to deal with discovery issues arising in cases before them.

Section 1-15(b) conforms the rule to the New York City Charter as it relates to the City Administrative Procedure Act.

2. Statement of Basis and Purpose in City Record Dec. 3, 2003: The Board of Collective Bargaining and the Board of Certification of the New York City Office of Collective Bargaining are authorized to adopt rules and regulations for the conduct of their business and the carrying out of powers and duties conferred upon them by law, Section 12-309(a)(7) and Section 12-309(b)(5) of the New York City Collective Bargaining Law (City of New York Administrative Code, Title 12, Chapter 3) ("NYCCBL"). The purpose of these amendments is, generally, to update and/or correct previously adopted rules and, specifically, to bring existing rules into conformity with the current state of applicable federal and State law, to codify existing practices within the agency, to clarify existing rules, or to set forth new procedures. General Changes Throughout the rules, the following terms were capitalized: "Board", "Director", "Deputy Director" and "City Record". Definitions for the following Board agents were added in Section 1-01: "Director of Representation" and "Executive Secretary". Section 1-01 was amended to provide the manner in which to cite the OCB's rules. Throughout the rules, "New York" was added to the following statutes: the Civil Practices Law and Rules, the Civil Service Law, and the City Charter. Throughout Section 1-02 the term "Director" was clarified to mean the Director of Representation. Throughout Section 1-03, the term "Director" was clarified to mean the Deputy Director. Throughout Section 1-06, the term "Director" was clarified to mean the Deputy Director. Throughout the rules, the numbers one through nine were written out and the numbers 10 and above were changed to numerals. The definition of "Board" was rewritten to use the same wording in the following rules: Sections 1-02, 1-03, 1-04, 1-05, 1-06, 1-07, 1-08, 1-09, 1-10, 1-11, 1-12, 1-13. The request for the name, address, telephone and fax number of a party was rewritten to use the same wording in the following rules: Sections 1-02(c), 1-02(d), 1-02(e), 1-02(m), 1-02(u), 1-02(v), 1-03(b), 1-04(a), 1-05(b), 1-07(c), 1-07(d), 1-08(c), 1-08(d). The phrase "unit or units" was amended to "unit(s)" in the following rules: Sections 1-02(c), 1-02(d), 1-02(e), 1-02(m), 1-02(u), 1-02(v), 1-03(b)(4). The phrase "the classes of positions (titles) of employees" was amended to "the classes of titles (positions) of employees" in the following rules: Sections 1-02(c), 1-02(d), 1-02(e), 1-02(m), 1-02(o), 1-02(u), 1-02(v). The following sections include corrections of grammatical or typographical errors: Sections 1-01, 1-02(d)(3), 1-02(e)(2)(iii), 1-02(j), 1-02(k), 1-02(m), 1-02(n)(2), 1-02(r), 1-02(t), 1-04(b), 1-05(b)(6), 1-05(c), 1-05(d), 1-05(e), 1-05(g), 1-05(i), 1-05(j), 1-05(m)(2), 1-06(e), 1-08(d), 1-08(i), 1-09(b)(2), 1-09(c), 1-11(e), 1-12(b), 1-12(c), 1-12(g), 1-12(h), 1-14(a), 1-14(b). Section 1-03(d) was amended to allow for advances in technology. The following sections were clarified to state that the reference to days is either "business" or "calendar" days: Sections 1-02(g), 1-02(h), 1-02(m), 1-02(r), 1-02(u), 1-02(v), 1-03(b), 1-03(c), 1-03(d), 1-04(b), 1-05(g), 1-05(i), 1-05(l), 1-05(m), 1-06(h), 1-07(c), 1-07(d), 1-08(f), 1-08(h), 1-10(b). The following sections were renumbered or re-lettered to accommodate for new sections or to conform to the reformatting of the document: Sections 1-02(c), 1-05(m), 1-07, 1-09(b), 1-10(h)-(m), 1-11. Section 1-05(n) was deleted as duplicative of Section 1-12(h). Section 1-12 was deleted as obsolete and the subsequent sections were renumbered accordingly. Specific Changes

Section 1-02(g) clarifies the time frame for filing a petition for certification, designation, decertification or revocation of designation pursuant to the rules and specifically incorporates wording from former §1-02(t), which defines the circumstances in which the Board may find an exception to the filing rules. Section 1-02(i) clarifies the time to file a response to petitions filed pursuant to §1-02(c), (d) or (e) of the rules, and requires that the employer provide an alphabetized list of all employees in the unit(s) sought. Section 1-02(j)(2) provides for the administrative dismissal of petitions filed pursuant to §1-02 which are insufficient or untimely. Section 1-02(m)(3) provides that within 21 days of service of a notice of proposed recognition, the employer must provide the Board with a signed certification that the notice has been posted. Section 1-02(m)(4) provides that in the event there is timely objection to a proposed recognition regarding representation, the notice of voluntary recognition will be deemed a petition pursuant to §1-02(d) of the rules. The following obsolete provision was deleted from Section 1-02(t): "The provisions of this section shall apply to certifications issued by the New York City Department of Labor prior to the effective date of the statute, or issued in a case or matter which was pending on such effective date and in which an election had been held." Section 1-02(u) is a consolidation of former §1-02(u) and (v) and sets forth the procedures for amendments to certifications. Section 1-02(v), formerly §1-02(w), sets forth the procedures for petitions for designation of persons as managerial or confidential employees. Section 1-03(c) provides that the Director or the Director's designee shall notify the parties in writing whether their request for an extension of time to commence bargaining has been granted or denied. Section 1-04 has been amended to provide for mediation assistance by the Deputy Director at the request of the parties. The last sentence in Section 1-05(g), providing for an extension of time for filing a scope petition pending the enactment of the former rules, was omitted as obsolete. Section 1-05(i) provides that the Director may approve an alternate procedure for selecting members of an impasse panel. Section 1-05(m), which sets forth the procedures for appealing a report and recommendation of an impasse panel, was amended to provide that the record of proceedings, before the impasse panel shall be filed simultaneously with the filing of the petition. Section 1-06(b) clarifies the procedures for requesting arbitration and sets forth the documents which are required for the processing of the request. Section 1-06(c) clarifies the time for serving and filing petitions challenging arbitrability. Sections 1-06(d) and 1-12(m)(2) provide for the consolidation of arbitration proceedings. Section 1-06(e) was amended to provide that at the parties' request, the Deputy Director can approve an alternate procedure for the selection of arbitrators. Section 1-06(g) was amended to clarify the procedures for the taking of stenographic records during arbitrations. Section 1-07 was repealed and reenacted in a reorganized form with different numbering to accommodate the following significant changes: · Section 1-07(b) provides for the filing of a combined scope of bargaining and improper practice petition, when appropriate, in a single petition. The combined petition must be properly titled, contain separately-labeled sections for each proceeding, and comply with the pleading requirements set forth in the rules. · Section 1-07(c), a consolidation of former §1-07(e) and (f), clarifies the requirements for pleadings and the contents thereof in proceedings brought before the Board. · Section 1-07(c)(2), formerly part of Section 1-07(d), was amended to allow the Executive Secretary to send deficiency letters when it is determined that an improper practice petition, on its face, does not contain facts sufficient as a matter of law to constitute a violation as provided in the NYCCBL. The petitioner may serve and file an amended petition, withdraw the charge, or file objections to the deficiency letter. If the petitioner does not timely file an amendment or otherwise respond, the charge will be deemed withdrawn and the matter closed. Upon review of the amended petition or written objection filed by the petitioner, the Executive Secretary may issue either a notice that the petition is not on its face untimely or insufficient or a written decision, as was the case under the former rule, dismissing the improper practice petition. · Section 1-07(c)(6) formalizes the practice of case conferencing and mediation. · Section 1-07(c)(7) provides for amendments to pleadings, after a hearing and upon good cause shown, to amend a pleading to conform to the evidence. The request to amend shall be on notice to all parties. This subsection also provides that a petitioner may withdraw a petition before the Board at any time upon notice to all parties and that the case will be closed without consideration or review of any of the issues raised in the pleadings. · Section 1-07(d), formerly Section 1-07(l), clarifies the standard and procedures for applications for injunctive relief in improper practice cases. Notably, the amendment requires that petitions for injunctive relief be supported by affidavit(s) stating: (1) those facts personally known to the deponent that constitute the alleged improper practice, the date of the alleged improper practice, the alleged injury, loss, or damage arising from it, and the date when the alleged injury, loss, or damage occurred or will occur; and (2) those facts demonstrating why the alleged injury, loss, or damage is immediate and irreparable, and will render a resulting judgment on the merits of the improper practice charge ineffectual if injunctive relief is not granted, and indicating why

there is a need to maintain or return to the status quo in order for the Board to provide meaningful relief. · Section 1-07(d)(5), formerly Section 1-07(q), has been amended to provide the respondent with three business days to serve and file an answer to an injunctive relief petition. · Section 1-07(d)(6), formerly Section 1-07(r), has been amended to provide the petitioner until noon on the fourth business day to serve and file a reply in an injunctive relief proceeding. · Section 1-07(d)(3), (5), and (6) were amended to require that electronic copies of injunctive relief pleadings be filed with the Board in the manner prescribed by the Office of Collective Bargaining. Section 1-08(j) was amended to provide that a hearing may be held by a staff attorney or a Board agent. Section 1-10(b) was amended to provide that the parties are to be given at least seven business days notice of a hearing. Section 1-10(c) clarifies the duties of the trial examiners. Section 1-10(g) provides for sanctions for contemptuous conduct during hearings. Section 1-10(h) clarifies the procedures for concluding a hearing. Section 1-10(i) clarifies the procedures for a variance between pleadings and proof. Section 1-10(j) clarifies a hearing officer's authority to decide motions and objections during a hearing. Section 1-10(k) clarifies the appeal process of a hearing officer's ruling. Section 1-10(l) clarifies the procedures for re-opening of a hearing. Section 1-11(c) clarifies the procedures for issuing subpoenas. Section 1-11(d) clarifies the procedures when a party fails to testify or comply with a subpoena and deletes the unnecessary reference to the taking of depositions. Section 1-12(e) clarifies the procedures for filing papers with the Office of Collective Bargaining. Section 1-12(f) clarifies the manner to compute a time period set forth in these rules. Section 1-12(g) was amended to provide that an additional five calendar days is granted when service is by mail and that service is complete upon mailing; it was alwso amended to clarify the definitions of calendar and business days. Section 1-12(i) allows for the Director or the Director's designee to permit the withdrawal of a petition upon notice to all parties. Section 1-12(j) allows for the Director or the Director's designee to decide a motion for joinder of parties. Section 1-12(l) provides the caveat that "except as otherwise provided by these rules" and clarifies the type of responding papers to be submitted. Section 1-12(m) allows for the Director or the Director's designee to consolidate or severe two or more proceedings. Section 1-12(n), formerly §1-12(e), sets forth the procedures for requesting oral argument before the Board. Section 1-13(b) clarifies the powers and duties of the Deputy Directors. Section 1-13(c) clarifies the powers and duties of the Staff Attorneys and Board Agents. Section 1-14(a), formerly §1-15, provides for the construction of these rules.

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-03 Collective Bargaining.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Bargaining notice-contents.** A bargaining notice, served and filed pursuant to §12-311(a) of the statute, shall be on a form prescribed by the Office of Collective Bargaining and shall contain:

(1) The name, address, telephone and fax numbers of the party serving the notice;

(2) The name, address, telephone and fax numbers of the party to whom the notice is directed;

(3) The expiration date of the current collective bargaining agreement and the date specified therein, if any, for service of a notice of intention to negotiate new contract terms, or a statement that there is no collective bargaining agreement in effect;

(4) A description of the appropriate bargaining unit, including the certification number or numbers of the units covered and the approximate number of employees in the units covered by the request for negotiation;

(5) A request that negotiations begin within 10 business days after service of the notice.

(c) **Extension of time-request.** A request for an extension of time to commence bargaining negotiations shall be in writing and shall be filed with the Director. A copy thereof shall be served upon the other party to the proposed negotiations. The request shall be filed at least three business days before the time when negotiations should start and shall state the reasons for the requested extension of time. The other party may serve and file its written consent or

objections to the requested extension, and its reasons therefor. The Director or the Director's designee shall notify the parties in writing whether the request is denied or granted.

(d) **Filing contracts.** Every public employer entering into a written collective bargaining agreement with a public employee organization shall file copies thereof that are in written and electronic formats with the Board within 15 calendar days after the execution of the agreement. Contracts filed with the Board shall be public records and available for inspection at reasonable times.

61 RCNY 1-04

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-04 Mediation.

(a) **Request for mediation-contents.** Unless waived by the Deputy Director, a request for the appointment of a mediation panel or mediation assistance by the Deputy Director shall be in writing, and upon notice to all parties. The request shall be filed on a form prescribed by the Office of Collective Bargaining and shall contain:

(1) The name, address, telephone and fax numbers of the other party to the collective bargaining negotiations;

(2) The date negotiations started;

(3) The termination date of the collective bargaining agreement between the parties, if any;

(4) A statement that the parties have been unable to agree on the terms of a collective bargaining agreement, and that collective bargaining will be aided by the appointment of a mediation panel or the assistance of the Deputy Director;

(5) If the request is for the appointment of a mediation panel, then the number of persons to constitute the panel, if the parties have agreed thereon;

(6) If the request is for the appointment of a mediation panel, then the names of persons who are listed on the Office of Collective Bargaining's mediation register who are to constitute the panel, if the parties have agreed thereon.

(b) **Appointment of panel.** If the Deputy Director determines that the parties have been unable to reach agreement and that collective bargaining would be aided by the appointment of a mediation panel, the Deputy Director shall

appoint a panel from the mediation register. The panel shall be of the size and shall consist of the persons agreed upon by the parties, if those persons are available. In the absence of agreement thereon, the Deputy Director shall determine the size and/or membership of the panel. No panel shall be appointed within 30 calendar days of the commencement of negotiations except upon the written request of both parties.

(c) **Panel-functions.** It shall be the duty of the panel to assist the parties to reach a voluntary and satisfactory agreement. The panel may hold separate or joint meetings with the parties or their representatives, and such meetings shall be non-public unless otherwise agreed upon by the parties, the panel and the Deputy Director.

(d) **Panel-guidance by Deputy Director.** The panel shall perform its duties under the general guidance and direction of the Deputy Director, to whom it shall report the progress of the mediation and terms of any settlement reached. If the panel is of the opinion that further mediation efforts would be unavailing, it shall so report to the Deputy Director in writing unless waived by the Deputy Director.

(e) **Confidential disclosures.** Subject to the provisions of §1-04(d) of these rules, any information disclosed by the parties to the mediation panel, and all records, reports and documents prepared or received by the panel in the performance of its duties shall be deemed confidential and shall not be disclosed.

61 RCNY 1-05

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-05 Impasse Panels.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Request for impasse panel-contents.** A request for the appointment of an impasse panel may be made jointly by the public employer and the certified or designated employee organization, or singly by either party. Unless waived by the Director, the request shall be in writing and signed by the public employer and the certified or designated employee organization or by any of them, if made singly. If the request is by a single party, a copy shall be served on the other party. The request shall be filed with the Board on a form prescribed by the Office of Collective Bargaining and shall contain:

(1) The names, addresses, telephone and fax numbers of the parties;

(2) The date when negotiations began and the date of the last meeting;

(3) The nature of the matters in dispute and any other relevant facts, including a list of the specific employer and/or employee organization demands upon which impasse has been reached;

(4) A statement that collective bargaining (with or without mediation) has been exhausted and that conditions are appropriate for the creation of an impasse panel;

(5) The size of the panel to be appointed, if the parties have agreed thereon;

(6) The names of the persons who are listed on the Office of Collective Bargaining's impasse panel register and

who are to constitute the panel, if the parties have agreed thereon.

(c) **Investigation by Director upon request.** Upon receipt of the request for an impasse panel, the Director may conduct or cause to be conducted an investigation to ascertain if the conditions for an impasse panel have been met, namely, that the collective bargaining negotiations have been exhausted and that the conditions are appropriate for the creation of an impasse panel.

(d) **Investigation by Director without request.** The Director may cause such investigation or hearing to be conducted without receipt of a request for the appointment of an impasse panel from either or both of the parties.

(e) **Director's recommendation.** If the Director concludes that collective bargaining negotiations have been exhausted and that conditions are appropriate for the creation of an impasse panel, the Director shall convey such conclusion either orally or in writing to the Board, with such information as to the nature of the dispute as the Board may require. The parties shall be notified, either orally or in writing, of the Director's recommendation. If the initial request was not a joint request, the party or parties not requesting the creation of an impasse panel shall have an opportunity to object to the recommendation, in writing, within three days after service of notice of the recommendation.

(f) **Authorization of panel.** If the Board determines that collective bargaining negotiations (with or without mediation) have been exhausted and that conditions are appropriate for the creation of an impasse panel, it shall instruct the Director to appoint such panel. In reaching its determination, the Board may conduct or direct such additional investigation, conferences or hearings as it deems advisable and proper. The Director may appoint an impasse panel, without prior consultation with the Board, upon request of both parties.

(g) **Scope of collective bargaining.** When the appointment of an impasse panel has been authorized in accordance with §1-05(f) of these rules, a petition seeking a determination whether a particular demand is within the scope of collective bargaining must be filed within 30 calendar days of the notification of such authorization. In the event a scope petition is filed during the pendency of an impasse proceeding, the matter shall be accorded expedited treatment; the impasse proceeding shall not commence until a final determination thereof by the Board or withdrawal of such petition.

(h) **Size of panel.** An impasse panel shall consist of such number of persons listed on the Board's impasse panel register as the parties may have agreed upon. In the absence of agreement, the Director shall fix the size of the panel.

(i) **Selection of panel.** If the parties have not agreed on the persons to serve on the panel, each of the parties shall receive an identical list of at least seven names chosen by the Director from the impasse panel register. Each party shall have five business days within which to number at least five of the names in order of preference, and return the list to the Director. Failure to return the list within the specified time shall be deemed approval of all persons named therein. The Director shall appoint the panel from those persons who have been approved by both parties, with due consideration for the designated orders of preference. If one or more of those approved decline or are unable to serve, the Director, to the extent necessary, shall appoint the panel members without the submission of additional lists. At the parties' request, the Director may approve an alternative procedure for selecting the members of an impasse panel.

(j) **Panel-powers and duties.** An impasse panel shall have the powers and duties set forth in §12-311(c)(3)(a) through (d) of the statute.

(k) **Hearing; record.** (1) Hearings before impasse panels shall be stenographically reported and transcribed. The parties shall share the cost thereof. Hearings shall not be public unless agreed to by the parties and the panel and approved by the Director.

(2) The record shall consist of all pleadings, exhibits and other documents submitted by the parties to the panel, the transcript of testimony taken in hearings before the panel, any statements of positions as to the issues submitted by the parties prior to, during or after the hearing, the report and recommendations issued by the panel and any other

documents which the Board, in its discretion, deems necessary and pertinent.

(l) **Panel reports-publication, acceptance or rejection.** (1) **Report and recommendations.** An impasse panel shall submit its report and recommendations to the Director, to each of the parties, and to any body, agency or official whose action is required to implement the panel's recommendations.

(2) **Publication.** The report and recommendations shall be released for publication not later than seven calendar days after its submission or, upon written agreement of the parties, filed with and approved by the Director, not later than 30 calendar days after its submission, provided that if the parties conclude a collective bargaining agreement prior to the date on which the report and recommendations is to be released, it shall not be released except upon consent of the parties communicated to the Director.

(3) **Acceptance or rejection.** Within 10 business days after submission of the panel's report and recommendations, or such additional time (not exceeding 30 calendar days from the submission of the panel report) as the Director may permit, each party shall notify the other party and the Director, in writing, of its acceptance or rejection, in whole or in part, of the panel's report and recommendations. Failure to so notify shall be deemed acceptance of the recommendations. The Director may release the acceptances and/or rejections for publication at such time as the Director may deem advisable.

(4) **Confidentiality.** The report and recommendations of the impasse panel and the acceptances and/or rejections of the parties shall be confidential records until released for publication by the Director.

(m) **Review of panel report and recommendations.** (1) **Appeal of impasse panel report and recommendations.** A party who rejects in whole or in part the report and recommendations of an impasse panel pursuant to §12-311(c)(3)(e) of the statute may appeal to the Board for review of the report and recommendations. All appeals pursuant to this subdivision must be initiated by notice of appeal and petition and may not be raised as part of an answer to the petition of another party. The record of proceedings before the impasse panel shall be filed simultaneously with the filing of the petition.

(2) **Petition.**

(i) **Contents.** A petition filed pursuant to §1-05(m) of these rules shall be signed and shall specify:

(A) The ground upon which the appeal is taken;

(B) The alleged errors of fact and/or judgment of the panel precisely identifying those parts and portions of the report and recommendations allegedly in error;

(C) Any part of the testimony and evidence relating to the report and recommendations or the grounds upon which the appeal is taken, to support the allegations of the petition;

(D) The modifications requested;

(E) Such additional matters as may be relevant and material.

(ii) **Service and filing.** The petition pursuant to §1-05(m) of these rules shall be served upon all parties, and the original and three copies thereof, with proof of service, shall be filed with the Board within 10 business days of the rejection of the report and recommendations.

(3) **Answer.**

(i) **Contents.** Respondent's answer to the petition shall be signed and shall contain:

(A) Admissions or denials of the allegations of the petition;

(B) A statement of the nature of the disagreement;

(C) Any additional facts which are relevant and material;

(D) Such other affirmative matters or defenses as may be appropriate. The answer shall be addressed solely to the petition and shall not contain any matter relating to any objections which respondent may have to the report and recommendations.

(ii) **Service and filing.** Within 10 business days after service of the petition, respondent shall serve its answer upon petitioner and any other party respondent, and the original and three copies thereof, with proof of service, shall be filed with the Board.

(4) **Briefs; service and filing.** Petitioner's brief, if any, shall be served and filed simultaneously with its petition. Respondent's answering brief, if any, shall be served and filed simultaneously with its answer. An original and three copies of each brief, with proof of service, shall be filed with the Board.

(5) **Oral argument; hearing.** The Board, in its discretion, may grant the request of a party for oral argument or, in a case involving allegations of any of the grounds set forth in subparagraphs (i), (ii), or (iii) of §7511(b) of the New York Civil Practice Law and Rules, may grant and direct a hearing; such request shall be filed within 10 business days after issue has been joined. The Board may direct that such oral argument or hearing be held without a request from either party where it finds that to do so will contribute to a determination of the matter.

Rules of the City of New York

***** Current through December 2009 ****

61 RCNY 1-06

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-06 Arbitration.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Request for arbitration-service and filing; waiver; contents.**

(1) A public employer or certified or designated public employee organization which desires to arbitrate a grievance shall:

(i) file a request for arbitration on a form and in a manner prescribed by the Office of Collective Bargaining which shall contain a plain and concise statement of the grievance to be arbitrated;

(ii) serve the request for arbitration upon all parties to the agreement under which the request is being made;

(iii) when the party requesting arbitration is a public employee organization, file a waiver, signed by the grievant(s) and the public employee organization, waiving any rights to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

(2) The request for arbitration should have appended thereto copies of:

(i) The written grievance, if any;

(ii) The Step II and Step III decisions, if any;

(iii) The contract provision and/or the rule or regulation that was allegedly violated.

(c) **Service and filing of petition challenging arbitrability.**

(1) A petition for a final determination by the Board as to whether the grievance is a proper subject for arbitration shall be served and filed within 10 business days after service of the request for arbitration and the waiver upon the other party to the grievance, or the party so served shall be precluded thereafter from contesting in any forum the arbitrability of the grievance.

(2) Copies of the request for arbitration and all documents set forth in §1-06(b)(2) of these rules should be attached to a petition challenging arbitrability.

(d) **Consolidation of arbitration proceedings.** A public employer or a public employee organization may request the consolidation of arbitration cases involving the same grievant(s), identical issues or similar facts. Following such a request, cases may be consolidated at the discretion of the Deputy Director, after notice and an opportunity to be heard has been given to the other party. Except when a consolidation request is jointly made by a public employer and a public employee organization, consolidation of arbitration cases may not take place after arbitrators have been appointed in more than one of the cases proposed for consolidation. The Deputy Director's determination shall be made in writing.

(e) **Appointment of arbitrator.** If no petition pursuant to §1-06(c)(1) of these rules has been timely filed, or if the Board, after such a petition, has determined that the grievance is a proper subject for arbitration, the public employer and the public employee organization shall have 10 business days to agree upon the arbitrator. If the parties fail to do so, the Deputy Director shall submit to each party an identical list of at least seven names chosen from the arbitration register. Each party shall have seven business days in which to number at least five of the names in order of preference, and to return the list to the Deputy Director. Failure to return the list within the specified time shall be deemed approval of all the persons named therein. The Deputy Director shall appoint the arbitrator with due consideration for the designated orders of preference. If one or more of those approved decline or are unable to serve, the Deputy Director, to the extent necessary, shall appoint the arbitrators without the submission of additional lists. At the parties' request, the Deputy Director may approve an alternative procedure for the selection of an arbitrator.

(f) **Hearing-powers of arbitrator.** The arbitration shall be conducted in the manner, and the arbitrator shall have all the powers, specified in §§7505, 7506, 7507 and 7509 of the New York Civil Practice Law and Rules, so far as those sections may be applicable. Arbitration hearings shall not be public unless agreed to by the parties and the arbitrator, and approved by the Deputy Director.

(g) **Hearing-stenographic record; cost.** A stenographic record of testimony shall be made upon the request of all parties or at the discretion of the arbitrator following a request by a party. The party or parties wishing a stenographic record shall make arrangements through the Office of Collective Bargaining. The requesting party or parties shall pay the cost thereof and provide a copy to the arbitrator. If the parties agree or the arbitrator determines that the transcript is the official record of the proceedings, it must be made available to a non-requesting party for inspection at a time and place to be determined by the arbitrator.

(h) **Arbitration awards-form of award; time; publication.** (1) The award shall be in writing, signed and acknowledged by the arbitrator, and shall be delivered to the parties and filed with the Deputy Director within 30 calendar days after the close of the hearing or the filing of briefs, whichever is later, unless the time is extended by the parties.

(2) The Board, in its discretion, may publish arbitration awards.

61 RCNY 1-07

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-07 Proceedings Before the Board of Collective Bargaining.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Types of proceedings before the Board.** A party may file a petition commencing a proceeding pursuant to paragraphs (1) through (4) of this subsection. When appropriate, a party may combine proceedings brought pursuant to paragraphs (2) and (4) in a single petition. The combined petition shall be properly titled, it shall contain separately-labeled sections for each proceeding, and each section shall comply with the requirements set forth in §1-07(c) of these rules.

(1) **Interpretation of and compliance with statute.** A public employer or public employee organization which is a party to a disagreement as to the application or interpretation of the statute may petition the Board to consider such disagreement and report its conclusions to the parties and the public.

(2) **Scope of collective bargaining.**

(i) A public employer or certified or designated public employee organization which is party to a disagreement as to whether a matter is within the scope of collective bargaining, including a claim of practical impact under §12-307(b) of the statute, or under an applicable executive order, or pursuant to a collective bargaining agreement, may petition the Board for a final determination thereof.

(ii) A scope of collective bargaining petition filed after the appointment of an impasse panel has been authorized in accordance with §1-05(f) of these rules shall be filed within the time provided in §1-05(g) of these rules.

(3) **Grievance arbitration.** A public employer or certified or designated public employee organization which is party to a disagreement as to whether a matter is a proper subject for the grievance and arbitration procedure established pursuant to §12-312 of the statute or under an applicable executive order or pursuant to a collective bargaining agreement may petition the Board for a final determination thereof. The petition shall be filed within the time provided in §1-06(c) of these rules.

(4) **Improper practices.** One or more public employees or any public employee organization acting on their behalf or a public employer may file a petition alleging that a public employer or its agents or a public employee organization or its agents has engaged in or is engaging in an improper practice in violation of §12-306 of the statute and requesting that the Board issue a determination and remedial order. The petition must be filed within four months of the alleged violation and shall be on a form prescribed by the Office of Collective Bargaining.

(c) **Pleadings, Procedures and Determinations.**

(1) **Petition-contents; service and filing.**

(i) A petition filed pursuant to §1-07(b) of these rules shall be verified and shall contain:

(A) The name, address, telephone and fax numbers of the petitioner;

(B) The name, address, telephone and fax numbers of the respondent;

(C) The specific sections of the statute alleged to have been violated;

(D) A clear and concise statement, in numbered paragraphs, of the facts constituting the claim under §1-07(b) of these rules. The statement shall include the nature of the controversy and specify any provisions of the contract, executive order, or collective bargaining agreement involved; a copy of such provisions should be provided. If the controversy involves an alleged improper practice, the statement shall include but not be limited to the names of the individuals involved in the particular act specifically alleged and the date, time, and place of occurrence of each particular act alleged. Such statement may be supported by affidavits, documents, and other evidence that may be relevant and material but may not consist solely of such attachments, and any attachments or exhibits shall be specifically identified and referred to in the petition;

(E) An argument with citations to legal authority in support of the claims asserted. The argument may be included either in the petition or in a separate memorandum of law;

(F) A statement of the relief requested.

(ii) A copy of the petition shall be served upon each respondent, and the original and three copies thereof, with proof of service, shall be filed with the Board.

(iii) The public employer shall be made a party to any improper practice charge pursuant to §12-306(d) of the statute and shall file responsive pleadings in accordance with §1-07(c)(3) of these rules.

(iv) A petition filed pursuant to §1-07(b) of these rules against a public employer or a public employee organization shall be served upon the designated agent of the public employer or public employee organization. A listing of designated agents shall be maintained at the Office of Collective Bargaining.

(2) **Executive Secretary Review of Improper Practice Petitions.**

(i) Within 10 business days after a petition alleging improper practice is filed, the Executive Secretary shall review the petition to determine whether the facts as alleged may constitute an improper practice as set forth in §12-306 of the statute. If, upon such review, the Executive Secretary determines that the petition is not, on its face, untimely or

insufficient, notice of such determination shall be served upon the parties by mail. Such determination shall not constitute a bar to defenses of untimeliness or insufficiency which are supported by probative evidence available to the respondent. If it is determined that the petition, on its face, does not contain facts sufficient as a matter of law to constitute a violation, or that the alleged violation occurred more than four months prior to the filing of the charge, the Executive Secretary may issue a decision dismissing the petition or send a deficiency letter. Copies of such decision or deficiency letter shall be served upon the parties by certified mail.

(ii) Within 10 business days after service of a decision of the Executive Secretary dismissing an improper practice petition as provided in this subdivision, the petitioner may file with the Board an original and three copies of a written statement setting forth an appeal from the decision with proof of service thereof upon all other parties. The statement shall set forth the reasons for the appeal.

(iii) Within 10 business days after service of a deficiency letter from the Executive Secretary as provided in this subdivision, the petitioner may serve an amended petition upon each respondent and file the original and three copies thereof, with proof of service, with the Board. The amended petition shall be deemed filed from the date of the original petition. The petitioner may also withdraw the charge. If the petitioner does not seek to amend or withdraw the charge, but instead wishes to file objections to the deficiency letter, the petitioner may file with the Executive Secretary an original and three copies of a written statement setting forth the basis for the objection with proof of service thereof upon all other parties. If the petitioner does not timely file an amendment or otherwise respond, the charge will be deemed withdrawn and the matter closed. Upon review of the amended petition or written objection filed by the petitioner, the Executive Secretary shall issue either a notice that the petition is not on its face untimely or insufficient or a written decision dismissing the improper practice petition.

(3) **Answer-contents; service and filing.**

(i) Respondent's answer to the petition shall be verified and shall contain:

(A) Specific admissions or denials of the allegations in the petition in numbered paragraphs which correspond with those in the petition;

(B) A statement of facts with numbered paragraphs setting forth the nature of the controversy. Such statement may be supported by affidavits, documents, and other evidence that may be relevant and material but may not consist solely of such attachments, and any attachments or exhibits shall be specifically identified and referred to in the answer;

(C) Such defenses as may be appropriate;

(D) An argument with citations to legal authority in support of the defenses raised. The argument may be included either in the answer or in a separate memorandum of law.

(ii) Within 10 business days after service of the petition, or, if the petition contains allegations of improper practice, within 10 business days of the service of the notice of finding by the Executive Secretary, pursuant to §1-07(c)(2)(i) or (iii) of these rules, that the petition is not, on its face, untimely or insufficient, respondent shall serve its answer upon petitioner and any other party respondent. The original and three copies thereof, with proof of service, shall be filed with the Board. When special circumstances that warrant an expedited determination exist, it shall be within the discretion of the Director or the Director's designee to order respondent to serve and file an answer within less than 10 business days.

(4) **Reply-contents; service and filing.** Within 10 business days after service of respondent's answer, petitioner may serve and file a verified reply which shall contain admissions and denials of any facts alleged in the answer. Additional facts or new matter alleged in the answer shall be deemed admitted unless denied in the reply. The reply should be limited to a response to specific facts or arguments alleged in the answer, and the Board may disregard new facts or new arguments raised therein. When special circumstances that warrant an expedited determination exist, the

Director or the Director's designee may order petitioner to serve and file its reply within less than 10 business days. A copy of the reply shall be served on each respondent, and the original and three copies thereof, with proof of service, shall be filed with the Board.

(5) **Briefs-service and filing.** If the parties serve separate briefs with their pleadings, the original and three copies thereof, with proof of service, shall be filed with the Board.

(6) **Case conferences and mediation.**

(i) At any time after a petition has been served and filed pursuant to §1-07(b) of these rules, the Director's designee may, on notice, schedule a case conference to discuss factual, substantive, or procedural matters. Unless special circumstances that warrant an expedited case conference exist, the conference shall not be held prior to the filing of all pleadings or less than 10 business days from the date of scheduling. Absent good cause shown, the failure of a party to appear at a case conference may constitute grounds for dismissal of the absent party's pleading.

(ii) In any proceeding commenced pursuant to §1-07(b) of these rules, the Deputy Director may require the parties to attend one mediation session to explore the possibility of a voluntary resolution of their disputes. After the first mediation session, subject to the parties' agreement or joint request, additional mediation sessions may be scheduled. The scheduling of a mediation session may not by itself toll any time limitations under these rules or require the adjournment of the filing of a pleading, a hearing, or other proceeding.

(7) **Amendments and withdrawals.** After a hearing and upon good cause shown, the trial examiner may permit a party to amend a pleading to conform to the evidence. The request to amend shall be on notice to all parties.

(8) **Determination-decision.** After issue has been joined, the Board may decide the dispute on the papers filed, may direct that oral argument be held before it, may direct a hearing before a trial examiner, or may make such other disposition of the matter as it deems appropriate and proper.

(d) **Injunctive relief for a claim of improper practice.** (1) **Applications for injunctive relief.** A party filing an improper practice petition pursuant to §1-07(b)(4) of these rules may further petition the Board to obtain or to authorize the application for injunctive relief in the Supreme Court, New York County, in accordance with the provisions of §209-a(5) of the New York Civil Service Law.

(2) **Petition-contents.** A petition for injunctive relief filed pursuant to §1-07(d)(1) of these rules shall be verified and shall contain:

(i) The name, address, telephone and fax numbers of the petitioner;

(ii) The name, address, telephone and fax numbers of the respondent;

(iii) The specific sections of the statute alleged to have been violated;

(iv) A clear and concise statement, in numbered paragraphs, of the facts demonstrating that: (1) there is reasonable cause to believe an improper practice has occurred; and (2) immediate and irreparable injury, loss or damage will result thereby rendering a resulting judgment on the merits ineffectual and necessitating the maintenance of, or return to, the status quo in order to provide meaningful relief. The statement shall include but not be limited to the names of the individuals involved in the particular act specifically alleged and the date, time, and place of occurrence of each particular act alleged. Such statement may be supported by documents and other evidence that may be relevant and material but may not consist solely of such attachments, and any attachments or exhibits shall be specifically identified and referred to in the petition;

(v) Affidavit(s) stating, in a clear and concise manner: (1) those facts personally known to the deponent that

constitute the alleged improper practice, the date of the alleged improper practice, the alleged injury, loss, or damage arising from it, and the date when the alleged injury, loss, or damage occurred or will occur; and (2) those facts demonstrating why the alleged injury, loss, or damage is immediate and irreparable, and will render a resulting judgment on the merits of the improper practice charge ineffectual if injunctive relief is not granted, and indicating why there is a need to maintain or return to the status quo in order for the Board to provide meaningful relief;

(vi) An argument with citations to legal authority on the issues underlying the claims of improper practice and irreparable harm to support the application for injunctive relief. The argument may be included either in the petition or in a separate memorandum of law;

(vii) A statement of the relief requested;

(viii) A copy of the underlying improper practice petition.

(3) **Petition-service and filing.** Due to the expedited nature of a proceeding seeking injunctive relief, service by mail shall not be permitted. A copy of the petition for injunctive relief shall be served personally upon the respondent at or after the time the improper practice petition is served. When the respondent is a public employer, a copy of the petition for injunctive relief shall also be served personally on the Mayor's Office of Labor Relations. No petition for injunctive relief shall be accepted for filing unless it appears that both the improper practice petition and the petition for injunctive relief have been served personally on the designated agent of the respondent. The original and three copies of each petition, with proof of personal service, shall be filed with the Board. A copy in electronic format shall also be filed with the Board in a manner prescribed by the Office of Collective Bargaining.

(4) **Answer-contents.** Respondent's answer to the injunctive relief petition shall be verified and shall contain:

(i) Specific admissions or denials of the allegations of the petition in numbered paragraphs which correspond with those in the petition;

(ii) A statement of facts with numbered paragraphs setting forth the nature of the controversy. Such statement may be supported by affidavits, documents, and other evidence that may be relevant and material but may not consist solely of such attachments, and any attachments or exhibits shall be specifically identified and referred to in the answer;

(iii) Any defenses, including defenses that could be rightfully raised in answer to the underlying improper practice petition. The failure to assert a defense in the answer to the petition for injunctive relief shall not preclude the respondent from asserting any defenses to the underlying improper practice petition;

(iv) An argument with citations to legal authority in support of the answer to the application for injunctive relief. The argument may be included either in the answer or in a separate memorandum of law.

(5) **Answer-service and filing.** Within three business days after service of an injunctive relief petition, the respondent shall serve its answer upon petitioner and any other party respondent, and shall file the original and three copies of the answer, with proof of service thereof, with the Board. This section shall not be construed to shorten the respondent's time to answer the underlying improper practice petition. The answer may be served and filed, with proof of service thereof, by personal delivery or by fax. A copy in electronic format shall also be filed with the Board in a manner prescribed by the Office of Collective Bargaining. When service and filing are made by fax, a copy of the pleading must be mailed to all parties, and the original and three copies must be mailed to the Board the same day.

(6) **Reply-service and filing.** A reply is not required; any new facts alleged in the response will be deemed denied by the petitioner. If a reply is filed, it shall be verified and shall contain admissions and denials of any facts alleged in the answer. The reply should be limited to a response to specific facts or arguments alleged in the answer, and the Board may disregard new facts or new arguments raised therein. The reply shall be served and filed, with proof of service thereof, before 12:00 noon on the fourth business day after filing of the injunctive relief petition. The reply may be

served and filed by personal delivery or by fax. A copy in electronic format shall also be filed with the Board in a manner prescribed by the Office of Collective Bargaining. When service and filing are made by fax, a copy of the pleading must be mailed to all parties, and the original and three copies must be mailed to the Board the same day.

(7) **Review and determination by the Board-meetings by telephone.** Upon receipt of a properly served and filed petition for injunctive relief, the Director shall notify the Board and propose a time and date for a special meeting to consider the petition. Within 10 business days after a petition is filed, the Board shall determine whether the charging party has made a sufficient showing in accordance with the provisions of §209-a(5) of the New York Civil Service Law. The special meeting may be conducted by telephone, provided that all members who are available by telephone are joined as parties to the call. The quorum and voting requirements for any meeting by conference call shall be as provided in §12-310 of the statute. After appropriate deliberation, the Board shall vote and issue a determination as to whether the charging party has made a sufficient showing that a petition for injunctive relief to the court is warranted. Such determination shall be served on the parties by fax and by certified mail.

(8) **Petition in the Supreme Court in New York.** If the Board determines that the charging party has made a sufficient showing in accordance with the provisions of §209-a(5) of the New York Civil Service Law, the Board may petition the Supreme Court, New York County, upon notice to all parties, for the necessary injunctive relief, or, in the alternative, issue an order permitting the charging party to seek injunctive relief in the court, in which case the Board must be joined as a necessary party.

(9) **Expedited scheduling, hearing, and disposition of the underlying improper practice petition.** In conformity with the mandates of §209-a(5) of the New York Civil Service Law, any improper practice case in which the Supreme Court has granted injunctive relief shall be given preference in scheduling, hearing and disposition over all other types of matters pending before the Board. The Board shall conclude the hearing process and issue a decision on the merits within the time prescribed by §209-a(5) of the New York Civil Service Law. In order to effectuate this statutory preference and time limitation, unless the parties stipulate in writing to waive the statutory period within which the Board must render its decision on the merits, the following procedures will be enforced: (i) The time provisions set forth in §1-07 of these rules for the filing of pleadings and briefs will be strictly enforced. Under no circumstances will requests for extensions of time to serve and file pleadings and/or briefs, or requests to adjourn scheduled hearing dates, be granted;

(ii) When, in the judgment of the Office of Collective Bargaining, material questions of fact are raised, a hearing will be scheduled to commence no later than 14 calendar days after service of a copy of the order of the court with notice of entry;

(iii) Once a hearing is commenced, it shall continue on consecutive business days until it is concluded; but in no event shall the hearing continue beyond a date 21 calendar days after service of a copy of the order of the court with notice of entry;

(iv) Post-hearing briefs shall be served and filed no later than 14 calendar days after the last hearing date;

(v) After the record is closed, the trial examiner shall prepare a report and/or draft decision which shall be submitted to the Board for its consideration. The Director may call for a special meeting by telephone conference call, in accordance with the procedures set forth in §1-07(d)(7) of these rules, whenever necessary for the Board to render a decision within the time prescribed by §209-a(5) of the New York Civil Service Law. Copies of such decision shall be served on the parties by certified mail.

(10) **Notification to the court.** The Board shall promptly forward notice of its determination, together with a copy of the decision of the Board, to the court which issued the order granting injunctive relief.

Rules of the City of New York

***** Current through December 2009 ****

61 RCNY 1-08

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-08 Municipal Labor Committee.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Allocation of costs.** The costs of the salary, fees and expenses of the impartial members to be paid by members of the Municipal Labor Committee, pursuant to §1174(a) of the New York City Charter, shall be allocated among such members as provided in Article 7 of the Rules of the Municipal Labor Committee adopted October 13, 1967, or as duly amended thereafter, provided that any member of the Municipal Labor Committee may petition the Board for reallocation of said costs as herein provided.

(c) **Petition to reallocate costs-contents.** Any member of the Municipal Labor Committee may petition the Board to reallocate the costs of the salary, fees and expenses of the impartial members. The petition shall be verified and shall contain:

(1) The name, address, telephone and fax numbers of the petitioner;

(2) An allegation that petitioner is a member of the Municipal Labor Committee required to share the costs of the salary, fees and expenses of the impartial members;

(3) A statement of the facts on which petitioner bases its contention that the current method of allocation of said costs is improper, inequitable, discriminatory or arbitrary;

(4) The proposed method of allocation of said costs which petitioner asserts should be adopted.

(d) **Petition to abrogate rule-contents.** A certified employee organization may petition the Board to abrogate a rule of the Municipal Labor Committee, which relates to voting or eligibility for membership and which is alleged to be arbitrary or discriminatory or to have been applied in an arbitrary or discriminatory manner. The petition shall be verified and shall contain:

(1) The name, address, telephone and fax numbers of the petitioner;

(2) Specification of the rule or rules involved;

(3) A statement of the facts on which petitioner bases its contention that the rule is arbitrary or discriminatory or has been applied in an arbitrary or discriminatory manner.

(e) **Petition-service and filing.** A petition pursuant to §1-08(b) or (c) of these rules shall be served on the Municipal Labor Committee, and the original and three copies thereof, with proof of service, shall be filed with the Board.

(f) **Answer-service and filing.** Within 10 business days after service of the petition, the Municipal Labor Committee shall serve a copy of its answer upon the petitioner and file an original and three copies thereof, with proof of service with the Board.

(g) **Answer-contents.** The answer shall be verified and shall contain:

(1) Admissions or denials of the allegations of the petition;

(2) Such additional facts and affirmative matter as may be relevant, material and appropriate.

(h) **Reply-service; contents.** Within 10 business days after service of the answer, petitioner may serve and file a verified reply which shall contain admissions and denials of any additional facts or new matter alleged in the answer. Additional facts or new matter alleged in the answer shall be deemed admitted unless denied in the reply. A copy of the reply shall be served on the respondent, and an original and three copies thereof, with proof of service, shall be filed with the Board.

(i) **Briefs-service and filing.** Briefs, if any, may be served and filed as provided in §1-07(c)(5) of these rules.

(j) **Determination-decision.** After issue has been joined, the Board may decide the matter on the papers and briefs filed, may direct that oral argument be held before it, may direct a hearing before a trial examiner, or may make such other disposition of the matter as it deems appropriate and proper.

HISTORICAL NOTE

61 RCNY 1-09

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-09 Panel Register-Fees and Expenses.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean the Board of Collective Bargaining.

(b) **Registers.**

(1) As deemed necessary by the Director, separate registers shall be maintained of impartial and qualified persons experienced in:

(i) mediation;

(ii) impasse resolution;

(iii) arbitration.

(2) To be listed on a register, a person shall be approved by the Board as required by the statute. A person may be listed on more than one register. All mediation and impasse panels shall consist of, and all arbitrators shall be, persons listed on the applicable register except when the parties agree otherwise. A resume of the background, experience and qualifications of each person on a register shall be maintained and shall be available for inspection.

(c) **Fees and expenses.** (1) Members of mediation and impasse panels and arbitrators shall be paid a per diem fee to be determined by the Board unless the parties to the dispute shall have agreed to a different fee, and shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties. The public employer and public employee organization which are parties to the particular negotiation or grievance shall each pay 50 percent of

such fees and expenses and related expenses incidental to the handling of deadlocked negotiations and unresolved grievances.

(2) Panel members, arbitrators, reporting services and any other persons providing services, accommodations, or materials relating to the work of the panel or arbitrators shall bill the parties directly for their compensation and expenses, and shall file a copy thereof with the Board.

Rules of the City of New York

***** Current through December 2009 ****

61 RCNY 1-10

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-10 Hearings.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean either the Board of Collective Bargaining or the Board of Certification.

(b) **Notice of hearing.** Except where otherwise provided by law or these rules, the Board shall give all parties at least seven business days notice of hearings, provided that a shorter period may be stipulated by the parties or may be prescribed by the Director or the Director's designee when the circumstances so require.

(c) **Conduct of hearings.** Hearings shall be conducted by a trial examiner. At any time, a trial examiner may be designated to take the place of the trial examiner previously designated to conduct a hearing. Except as otherwise provided, all hearings shall be open to the public. During the course of any hearing, the trial examiner, shall have full authority to control the conduct and procedure of the hearing and the record thereof, to admit or exclude testimony or other evidence, and to rule upon all motions and objections. It shall be the duty of the trial examiner to see that a full inquiry is made into all the facts in issue and to obtain a complete record of all facts necessary for a fair determination. The trial examiner shall have the right to call and examine witnesses, to issue subpoenas as permitted by law, to direct the production of evidence and to introduce evidence into the record, except as may otherwise be limited herein.

(d) **Rights of parties.** In any hearing, all parties shall have the right to call, examine and cross-examine witnesses, and to introduce documentary or other evidence, subject to the rulings of the trial examiner, except as otherwise provided in these rules.

(e) **Stipulations.** At a hearing, stipulations may be introduced in evidence with respect to any issue, if such

stipulation has been joined in by all the relevant parties.

(f) **Adjournments-continuation.** The trial examiner may continue a hearing from day to day or adjourn it to a later date or to a different place by announcement thereof at the hearing or by other appropriate notice.

(g) **Contemptuous conduct.** The refusal of a witness to answer any question which has been ruled to be proper shall, at the discretion of the trial examiner, be grounds for striking testimony previously given by such witness. Misconduct at any hearing conducted under these rules shall be grounds for summary exclusion from the hearing. Such misconduct, if of an aggravating character and engaged in by an attorney or other representative of a party, shall be grounds for suspension or disbarment from further practice before the Board or its agents after due notice and opportunity to be heard.

(h) **Conclusion of proceedings.** The trial examiner may permit or direct the parties to present closing statements and/or to file briefs or memoranda in a proceeding brought under §1-02, §1-07 or §1-08 of these rules. The time for closing statements or filing briefs or memoranda shall be fixed by the trial examiner. An original and three copies of the briefs or memoranda, with proof of service, shall be filed.

(i) **Variance between pleadings and proof.** A variance between an allegation in a pleading and the proof shall not be deemed material unless it is so substantial as to be misleading. If a variance is not material, the trial examiner may admit such proof and the facts may be found accordingly. A party may move to amend a pleading to conform to the evidence in accordance with §1-07(c)(7) of these rules.

(j) **Motions and objections during the hearing.** The trial examiner shall have the discretion to decide all motions and objections made at the hearing and to decide whether an oral motion should be reduced to writing and submitted to the Board. All such motions and objections and the rulings and orders thereon shall be made part of the record.

(k) **Appeal of trial examiner's rulings.** Unless expressly authorized by the Director, the Board shall not entertain appeals from a trial examiner's rulings prior to the Board's consideration of the entire record for decision. Appeals from a trial examiner's rulings shall be made in writing upon notice to the other parties after the close of the hearing and may be included in post-hearing briefs, if so filed.

(l) **Reopening of hearing prior to issuance of Board decision.** Motions for leave to reopen a hearing because of newly discovered evidence shall be promptly made. The Board, in its discretion or on its own motion, may reopen a hearing and take further testimony.

(m) **Objections-waiver.** An objection not duly made at a hearing shall be deemed waived unless the failure to raise such objection should be excused because of extraordinary circumstances.

61 RCNY 1-11

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-11 Witnesses and Subpoenas.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean either the Board of Collective Bargaining or the Board of Certification.

(b) **Witnesses-examination; depositions.** Witnesses at all hearings shall be examined orally under oath or affirmation, and a record of the proceeding shall be made and kept. If any witness resides outside the State of New York or through illness or other cause is unable to testify at the hearing, that witness's testimony or deposition may be taken in such form as may be directed by the trial examiner. All applications for taking such testimony or deposition shall be made by motion.

(c) **Subpoenas-issuance.** A member of the Board, a Deputy Director, or a trial examiner may issue subpoenas at any time, except as limited by law, requiring persons, parties, or witnesses to attend and be examined or give testimony, or to produce any document or thing that relates to any matter under investigation or any question before the Board or trial examiner conducting a hearing. Pursuant to CPLR §2302, attorneys admitted to the practice of law in New York State may also issue subpoenas in accordance with applicable law.

(d) **Subpoenas-parties; failure to obey or testify.** If a witness, party, or agent thereof refuses or fails, without reasonable excuse, to answer any question which has been ruled pertinent or proper, or obey any subpoena duces tecum, the trial examiner may strike from the record the pleading and/or all testimony and evidence offered on behalf of such party at the hearing, or may strike all or a portion of the testimony or evidence offered by or through the uncooperative party or witness, or strike those portions of the pleading which are related to the matter(s) called for in the subpoena, or which are based solely on testimony or evidence offered by or through the uncooperative party or witness.

(e) **Witness fees.** When determined by the trial examiner to be appropriate, witness fees and mileage in amounts allowable under the New York Civil Practice Law and Rules shall be paid by the party at whose instance the witnesses appear, or by the Office of Collective Bargaining if the witnesses appear at the request of the Board.

Rules of the City of New York

***** Current through December 2009 ****

61 RCNY 1-12

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-12 General Provisions.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean either the Board of Collective Bargaining or the Board of Certification.

(b) **Form of documents-docket number.** All petitions, pleadings, motions, briefs and other formal papers shall bear the title of the proceeding and the docket number. Any document other than the initial petition which does not bear the docket number may be returned to the sender. However, failure to include a docket number which is promptly corrected will not be a bar to an otherwise timely filed pleading.

(c) **Service of papers-Board.** Notices of hearings and other process of the Board, their members, deputies and agents, may be served personally or by mail. Subpoenas issued by the Board shall be served personally.

(d) **Service of papers-party.** (1) Except as provided for herein, bargaining notices, requests for arbitration, petitions and other papers served on behalf of a party shall be served personally or by mail. A signed written statement that service has been effected, stating the name and the address of the party served and the date and manner of service, shall constitute prima facie proof of service. Subpoenas issued by a party shall be served personally.

(2) Service of papers by fax or other electronically formatted means, followed by mail, shall be permitted, provided that a telephone number or other station is designated by the receiving party for that purpose. The designation of a telephone number or other station for service by electronic means in the address block subscribed on paper served or filed in the course of a proceeding shall constitute consent to service by electronic means in accordance with this subdivision. A party may change or rescind a number or address designated for service of documents by serving a

notice on the other parties.

(3) Any petition required by these rules to be served on a public employer or a public employee organization shall be served upon the designated agent of the public employer or public employee organization. A listing of designated agents shall be maintained at the Office of Collective Bargaining.

(4) If a party appears in a proceeding by attorney, all papers in such proceeding shall thereafter be served on such attorney unless the party requests otherwise.

(e) **Filing of papers.** Unless otherwise provided in these rules, all petitions, pleadings, motions, briefs and other formal papers may be filed with the Office of Collective Bargaining by mail or personally between the hours of 9:00 a.m. and 5:30 p.m. Except as otherwise provided in these rules, the filing of papers with the Board by fax or other electronic means shall be permitted only when prior approval has been granted by the Board or its designee and upon such conditions as that approval may be based.

(f) **Time-computation.** In computing any period of time prescribed or allowed by these rules, or by order or direction, the day of the act, event or default after which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it falls on a Saturday, Sunday or legal holiday, in which event the period shall run to the next business day. Unless otherwise provided in these rules, when any period of time prescribed or allowed is 10 days or fewer, they shall be considered business days, and intermediate Saturdays, Sundays, and legal holidays shall be excluded in the computation. Unless otherwise provided in these rules, when the period of time prescribed or allowed is greater than 10 days, they shall be considered calendar days and intermediate Saturdays, Sundays and legal holidays shall be included in the computation.

(g) **Time-service by mail.** When a period of time is measured from the service of a paper, and service is by mail, five calendar days shall be added to the prescribed period. Service by mail is complete upon mailing.

(h) **Time-Board action.** Except as prescribed by statute, the Director or a Deputy Director acting in his/her absence, for good cause shown, may extend or shorten any time limit prescribed or allowed in these rules. When good cause exists, the Director or Deputy Director acting in his/her absence, acting with the approval of the Board, may shorten time limits and invoke expedited procedures in bringing disputes to mediation, arbitration or to impasse proceedings. Approval of such action by the Board shall require the concurrence of at least one labor member and one city member. In the exercise of such extraordinary powers, the Director or Deputy Director acting in his/her absence shall be authorized to prescribe such times and conditions for the service of notices, filing of pleadings and appearances of parties as the circumstances require and as considerations of due process permit.

(i) **Petition-withdrawal.** At the request of the petitioner, upon notice to all other parties, the Director or the Director's designee may permit the withdrawal of a petition. The case will be closed without consideration or review of any of the issues raised in the pleadings.

(j) **Parties-non-joinder and misjoinder.** No proceeding will be dismissed because of non-joinder or misjoinder of parties. Upon motion of any party, parties may be added, dropped or substituted at any stage of the proceedings, upon such terms as may be deemed proper by the Director or the Director's designee.

(k) **Intervention-procedure; contents; filing; service.** A person, public employer or public employee organization desiring to intervene in any proceeding shall file a verified written application and three copies thereof, setting forth the facts upon which such person, employer or organization claims an interest in the proceeding. Such application must be timely made, served on all parties and filed with proof of service. Failure to serve or file such application as above provided shall be deemed sufficient cause for the denial thereof, unless good and sufficient reason exists why it was not served or filed as herein provided.

(l) **All other motions.** Except as otherwise provided by these rules, all motions, other than those made during a

hearing, shall be made in writing, shall briefly state the relief sought and shall be accompanied by affidavits setting forth the grounds for such motion. The moving party shall serve copies of all motion papers on all other parties and shall within 10 business days thereafter file the original and three copies thereof, with proof of service. Answering papers, if any, shall be served on all parties and the original and three copies thereof, with proof of service, shall be filed within 10 business days after service of the moving papers. Reply papers, if any, shall be served on all parties and the original and three copies thereof, with proof of service, shall be filed within 10 business days after service of the answering papers. All motions shall be decided upon the papers unless oral argument, or the taking of testimony, is directed, in which event the parties will be notified thereof and of the time and place for such argument or for the taking of such testimony.

(m) **Consolidation or severance.** (1) Two or more proceedings may be consolidated or severed by the Director or the Director's designee on notice stating the reasons therefor, with an opportunity to the parties to make known their positions. For purposes of this subdivision the term "proceedings" shall include but not be limited to representation, mediation, impasse, arbitrability, improper practice, and scope of bargaining pro- ceedings.

(2) Two or more arbitration proceedings may be consolidated at the discretion of the Deputy Director following a request by a public employer or a public employee organization pursuant to §1-06(d) of these rules.

(n) **Oral argument before the Board.** In a proceeding brought under §§1-02, 1-07 or 1-08 of these rules, request for oral argument before the Board must be submitted in writing to the Director with proof of service on all parties not less than five business days prior to the Board meeting for which the case has been placed on the agenda. The granting or denial of permission to argue orally before the Board shall be within the discretion of the Board. At the discretion of the Board, oral argument may be stenographically recorded.

RULES OF THE CITY OF NEW YORK

Title 61 Office of Collective Bargaining

CHAPTER 1 PRACTICE AND PROCEDURE*1

§1-13 Designation, Powers, and Duties of Deputies and Trial Examiners.

(a) **Definition.** Board. As used in this section, the term "Board" shall mean either the Board of Collective Bargaining or the Board of Certification.

(b) **Deputy Directors.** Deputy directors, in addition to all other powers conferred upon them by these rules and in addition to the powers of trial examiners, are authorized and empowered to sign and issue notices and reports, certify copies of papers and documents, direct trial examiners, and designate the members of mediation, impasse and arbitration panels in accordance with the provisions of the statute and these rules.

(c) **Trial Examiners.** All trial examiners duly designated by the Director, in addition to all powers otherwise conferred upon them, are hereby authorized and empowered to:

(1) Conduct conferences, investigations and hearings, resolve discovery disputes limited to the production of documents, grant extensions of time, administer oaths and affirmations, issue or apply for subpoenas, review and copy evidence, examine witnesses, and receive evidence;

(2) Investigate concerning the representation of employees;

(3) Appear for and represent the Board and/or the Office of Collective Bargaining in court;

(4) Do any and all things necessary and proper to effectuate the policies of the statute and these rules.

62 RCNY 1-01

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 1 PRACTICE AND PROCEDURE OF CITY PLANNING COMMISSION

§1-01 General Rules.

(a) The regular public hearings of the City Planning Commission shall be held twice monthly on Wednesday at 10 a.m. in City Hall, unless otherwise ordered by the Chair. Other regular public meetings of the City Planning Commission, also known as Review Sessions, shall be held twice monthly on Monday at 22 Reade Street, Spector Hall unless otherwise ordered by the Chair. The time and location of any meeting may be confirmed by contacting the Office of the Calendar Officer at the Department of City Planning.

(b) Special meetings of the City Planning Commission may be called by the Chair or by seven members.

(c) A quorum shall consist of seven members.

(d) Final action by the Commission shall be by the affirmative vote of not less than seven members at a meeting open to the public.

(e) Except by unanimous consent, matters upon which public hearings are required by law shall lie over until the next meeting following the public hearing.

(f) The order of business at regular public hearings shall be as follows unless otherwise ordered by the Chair.

(1) Roll call.

(2) Approval of minutes of previous meetings.

(3) Scheduling dates for future hearings.

(4) Public Hearings.

(5) Reports on previously heard items.

(g) Matters not on the calendar shall be considered only by unanimous consent.

(h) The Chair shall direct a roll call upon every proposition to be acted upon pursuant to §§195, 197-a, 197-c, 200 and 201 of the Charter of the City of New York (the Charter). Votes shall be taken by the ayes and nays.

(i) The vote upon every proposition voted upon shall be recorded in the minutes.

(j) The Chair shall establish the order in which speakers are heard at public hearings. Speakers shall be limited to no more than three minutes to present testimony unless more time is permitted by the Chair.

(k) City employees designated by the Chair shall be the only persons allowed within the guard rail of the dais during public meetings.

(1) All reports of the Commission or its members pertaining to matters acted on by the Commission shall be incorporated in the record.

(m) All proposals scheduled for public hearings shall be duly advertised in accordance with Charter provisions and all applicable laws.

(n) The public may attend all meetings of the Commission, including public hearings, except that the Commission may close such a meeting to the public only as provided in the New York State Open Meetings Law (Public Officers Law, §§100-111).

NOTE

1. Statement of Basis and Purpose in City Record Nov. 10, 1997:

Chapter 1 and Chapter 2 of Title 62 of the Rules of the City of New York are being amended for several reasons: to clarify the practices and procedures of the City Planning Commission and to bring these rules into conformance with the actual practice of the Commission and its staff; to effectuate cost savings with respect to transcripts of hearings; to repeal various provisions that have been rendered obsolete or superseded by amendments to the City's Zoning Resolution or amendments to the City Charter; and finally, to make technical and typographical corrections to the rules.

Rules of the City of New York

62 RCNY 1-02

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 1 PRACTICE AND PROCEDURE OF CITY PLANNING COMMISSION

§1-02 The Calendar Officer: Notices, Calendars, Minutes, Record, and Commu- nications.

(a) Notices of all special meetings shall be given to each member by the Calendar Officer.

(b) The Calendar Officer shall prepare a calendar of the business to be presented and considered at each public meeting. The matters thereon shall be arranged in the order prescribed by §1-01(f), and shall be properly classified. The Calendar Officer shall also keep a record of undetermined matters which have been laid over.

(c) **Record.** The record of a public meeting, including a public hearing, shall consist of either a tape recording or verbatim stenographic record of the proceedings; a list of speakers' names and affiliations, if any; a notation of each speaker's own indication, on a form provided for that purpose, of support or opposition to the proposal; and any exhibits or written statements offered by speakers. The record shall be available at the Calendar Office, City Planning Commission, Room 2E, 22 Reade Street, New York, New York 10007-1216. The Department of City Planning shall make available for public inspection, at the above location, a complete transcript of all public hearings of the Commission within sixty (60) days of such hearing.

(d) The Calendar Officer shall maintain the minutes of each public meeting, and shall make them available for examination by the public in the Office of the Calendar Officer.

(e) Minutes and a record of votes shall be taken at any executive session to the extent required by §106 of the Public Officers Law.

(f) All communications, petitions and reports intended for consideration shall be addressed to the Commission and

delivered at or mailed to the Calendar Office and shall consist of an original accompanied by seventeen copies.

(g) The Calendar Officer shall transmit to the City Council and other city departments affected thereby true copies of all reports and resolutions adopted.

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-01 Actions Subject to Procedure.

The land use review procedure which is set out herein shall govern the following actions:

(a) changes in the City Map pursuant to Charter §§198 and 199;

(b) approval of a map of a subdivision or the platting of land into streets, avenues or public places pursuant to Charter §202;

(c) designations of zoning districts under the Zoning Resolution, including conversion from one land use to another land use pursuant to Charter §§200 and 201;

(d) adoption of special permits within the jurisdiction of the City Planning Commission (hereafter: "the Commission") under the Zoning Resolution pursuant to Charter §§200 and 201;

(e) selection of sites for capital projects pursuant to Charter §218;

(f) granting of revocable consents pursuant to Charter §364, requests for proposals and other solicitations for franchise pursuant to Charter §363 and major concessions as defined pursuant to Charter §374;

(g) authorization of improvements in real property, the costs of which are payable other than by the City pursuant to Charter §220;

(h) approval of housing or urban renewal plans and projects pursuant to City, State or Federal laws;

(i) approval of sanitary or waterfront landfills pursuant to applicable Charter provisions or other provisions of law;

(j) approval of sale, lease (other than lease of space for office uses), exchange or other disposition of real property of the City and, sale or lease of land under water pursuant to Charter §1602, Chapter 15 or other applicable provisions of law;

(k) acquisitions by the city of real property (other than acquisition of office space for office use or a building for office use), including acquisition by purchase, condemnation, exchange or lease and including the acquisition of land under water pursuant to Charter §1602, Chapter 15, or other applicable provisions of law;

(1) for purposes of review by a community board or, where appropriate, by community boards and a borough board, the granting by the Board of Standards and Appeals of a variance of the Zoning Resolution pursuant to Charter §668(2);

(m) for purposes of review by a community board or, where appropriate, by community boards and a borough board, the granting by the Board of Standards and Appeals of a special permit assigned to its jurisdiction under the Zoning Resolution pursuant to Charter §668(2);

(n) such other matters involving the use, development or improvement of property as proposed by the Commission and enacted by the City Council pursuant to local law.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-02 Applications.

(a) **Applications: general provisions.** (1) **Presentation of application.** A request for any action shall be submitted to the Department of City Planning, Central Intake Room. The application must be submitted upon the proper forms for the action as provided by the Department, including forms requesting information required for the "doing business database" established by Local Law 34 for the year 2007, and must be accompanied by all of the information and documents required by such forms in the appropriate number of copies specified thereon. For purposes of the acquisition of property by the City, pursuant to §§2-01(e) and 2-01(k) of these rules, the applicant shall be the requesting agency and the Department of Citywide Administrative Services. For purposes of the approval of housing or urban renewal plans and projects or amendments thereof pursuant to City, State or Federal laws in accordance with §2-01(h) of these rules, the applicant shall be the New York City Department of Housing Preservation and Development or the New York City Housing Authority, as appropriate, or their designees.

When presented at Central Intake, the application shall be accompanied by payment of the required fee, if any. Central Intake will not accept incomplete applications or applications without the required fee.

(2) **Initial Review.** The Department of City Planning shall, within five (5) days, review each application to insure that all required forms, documents and other exhibits supplied have been submitted and prepared in the manner required by the instructions. If any of the documentation is missing or has been improperly prepared, the application will be returned with a listing of its deficiencies. If the documentation is in order, the Department shall assign a docket number and shall send a Notice of Receipts of the application to all the appropriate Department divisions and other agencies which review such application, and to the community board(s), Borough Presidents, borough board (when appropriate), the City Council and the applicant in accordance with §2-02(b). Such Notice of Receipt, when sent to the community

board(s), Borough President(s), borough boards and City Council shall include a copy of the application form and all documents and exhibits attached thereto.

(3) **Substantive Review.** The application form, documents and other exhibits shall be subject to review by the appropriate divisions of the Department in order to insure that the requirements for completeness in §2-02(a)(5) have been met prior to certification of the application into ULURP. The Department may request any additional documents, maps, plans, drawings or information necessary to complete or organize the submission, or to clarify its substance and the land use issues attendant to it. The Department of City Planning shall refer such additional application documents or amendments within five (5) days to each affected borough president, community board or borough board, and to the City Council.

Not later than sixty (60) days after the Notice of Receipt has been sent, the Department of City Planning shall notify the applicant of any deficiencies or errors in the application, documents and other exhibits, and shall make any requests for revised or supplementary documents and exhibits. The applicant is expected to respond within a reasonable time. Upon receipt of the corrected, revised or supplementary material, the Department of City Planning shall review it within a period of not more than sixty (60) days and make any additional request for further corrections or supplements if needed.

If the applicant fails to respond within sixty (60) days after the receipt of a request for revisions, corrections or supplement, the Department of City Planning shall give notice to the applicant that the application will be deemed withdrawn.

(4) **Appeal for Certification.** At any time after one hundred and eighty (180) days have elapsed from the date of the Notice of Receipt of any application, the applicant may appeal in writing to the Commission to certify the application as complete. The affected Borough President may also appeal in writing if the Borough President finds that the application is consistent with the land use policy or strategic policy statement of the borough formulated pursuant to §82, subsection 14 of the Charter. Upon receipt of such an appeal, the Commission shall refer it to the Department of City Planning and the Office of Environmental Coordination or lead agency for an evaluation of the completeness of the application, which shall include an identification of all material requested by the Department of City Planning and the environmental review staff or lead agency not yet provided by the applicant. If the Commission determines that all pertinent information has been supplied in accordance with the criteria of §2-02(a)(5) below, it shall certify the application as complete. If the Commission determines that pertinent information has not been supplied, such information shall be listed by the Department of City Planning and the environmental review staff and sent by the Commission to the applicant within thirty (30) days of receipt of the appeal. When the applicant has responded, either by supplying all the information so requested, or by explaining why such information should not be required in order to certify the application, the Commission shall consider the evaluation and the applicant's response and either certify the application as complete in accordance with §2-02(a)(5) or deny the appeal. A denial by the Commission shall state the information that must still be supplied or clearly state the reason for denial. Such determination shall be made not later than sixty (60) days from the date the appeal is received. If the appeal is one which has been made by the affected Borough President, and the land use proposed in the application is consistent with the land use policy or strategic policy statement of the affected Borough President, then a vote of five members shall be sufficient to certify the application as complete in accordance with §2-02(a)(5) below. In all other instances, a majority vote of the Commission is necessary to certify an application.

A denial of the appeal shall mean that the application remains incomplete, and the Department of City Planning and the environmental review staff shall continue with timely review of the application until all the information required for completeness has been provided at which time certification shall take place. If such review continues for an additional one hundred and eighty (180) days or more beyond the denial, the applicant may again appeal to the Commission under the procedure outlined above to certify the application.

(5) **Certification of Completeness.** The Department or the Commission shall certify the application as complete

when compliance has been achieved with all of the following:

(i) The standard application form, including for any application certified on or after April 14, 2008, forms requesting information required for the "doing business database" established pursuant to Local Law 34 for the year 2007, has been filled out in its entirety with all requested information presented in clear language.

(ii) All accompanying documents, maps, plans, drawings and other information, are properly organized and presented in clear language and understandable graphic form.

(iii) The information supplied on the application form and accompanying documents is fully sufficient to address all issues of jurisdiction and substance which are required to be addressed for the category of action as defined in the Charter, statutes, Zoning Resolution, Administrative Code or other law or regulation.

(iv) All reviews by necessary and related agencies of the State and City have been completed and any required reports, certifications, sign-offs or other such agency actions required by law or regulation prior to ULURP have been secured or written waiver of the agency presented. If any such agency does not respond within sixty (60) days, it will be deemed to have waived its review and action as applicable law permits.

(v) A determination has been made whether the action is subject to City or State Environmental Quality Review, and if so subject, the lead agency has issued either:

(A) a Negative or Conditional Negative Declaration; or

(B) a Notice of Acceptance of a Draft Environmental Impact Statement.

(vi) Notification of any proposed (E) designation has been submitted to the Department of City Planning as required pursuant to §2-02(e) hereof.

(b) **Referrals: general provisions.** Except as provided in §2-02(c) hereof, within nine (9) calendar days after the certification by the Department of City Planning (or the Commission if certification occurs pursuant to §2-02(a)(4) above) that a submission is a complete application, the Department of City Planning shall make the following referrals:

(1) any application relating to a proposal which occupies or would occupy land located in only one community district shall be referred to the community board for such district;

(2) any application relating to a proposal which occupies or would occupy land located in two or more community districts shall be referred to the community board for each such district and to the borough board for the appropriate borough;

(3) any application relating to a proposal which occupies or would occupy land located in a joint interest area not included within a community district shall be referred to the community board for each community district bounding such area and to the borough board for the appropriate borough;

(4) all applications shall be referred to the Borough President of the borough in question;

(5) all applications shall be referred to the City Council.

(c) **Charter §201 applications.** A request for an amendment to the Zoning Map or the text of the Zoning Resolution by a taxpayer, community board, borough board, Borough President, the Mayor or the Land Use Committee of the Council pursuant to Charter §201, shall be filed with the Department. Applications for special permits pursuant to §201 may be filed by any person or agency. Such requests shall be subject to the application and certification procedure of §2-02(a) hereof and shall be referred pursuant to §2-02(b) hereof.

(d) **Withdrawals.** An applicant may at any time file with the Commission a statement that its application is withdrawn. If withdrawal occurs after filings have occurred pursuant to §2-06(h)(4) of this chapter, the applicant shall also file a statement of withdrawal with the City Council. Upon the filing of such a statement, the application in question shall be void and no further processing of such application under this uniform land use review procedure shall be undertaken by a community board, Borough President, borough board or the Commission. The Commission shall promptly give notice of such withdrawal to the board or boards, to the Borough President to which the application was referred pursuant to §2-02(b) and to the Council, if filings pursuant to §2-06(h)(4) of this chapter have not occurred. The request to which the application relates may thereafter be advanced only in connection with a new application certified as complete pursuant to §2-02(a) herein and processed according to this uniform land use review procedure.

(e) **Notification of proposed (E) designation.**

(1) In the event that an application for an amendment to the Zoning Map pursuant to Charter §197-c and §200 or §201 includes an (E) designation for potential hazardous material contamination on any tax lot or zoning lot pursuant to §11-15 of the Zoning Resolution of the City of New York, at the time the application is referred pursuant to §2-02(b) hereof the owner or owners of any such tax lot or zoning lot shall be notified of the proposed (E) designation. Such notification shall be by the lead agency, as defined in 6 New York Code of Rules and Regulations, Part 617, as amended, and 62 Rules of the City of New York §5-02, as amended. In the event the lead agency is other than the Commission, no application for an amendment to the Zoning Map shall be certified as complete pursuant to §2-02(a)(5) hereof until such other lead agency shall have submitted any notification of a proposed (E) designation, in the form and addressed to the parties required by this Section to the Department of City Planning, who shall send such notification in the manner provided by this Section.

(2) Such notification shall be by first-class mail and shall be made to the person(s) or entity(ies) identified in the official records of the City of New York as the fee owners of such tax lot or zoning lot and shall be sent to the address or addresses indicated in such records.

(3) The notification shall:

(i) describe the existing zoning and the proposed rezoning for the properties that will include the (E) designation;

(ii) inform the property owner of the right to attend and testify at any public hearing relating to the proposed Zoning Map amendment;

(iii) provide the phone numbers for a contact person at the lead agency, or if the lead agency is the Commission, a contact person or persons at the Department of City Planning;

(iv) be accompanied by a copy of §11-15 of the Zoning Resolution of the City of New York.

NOTE

1. Statement of Basis and Purpose in City Record Jan. 22, 1996:

Section 11-15(d) of the Zoning Resolution of the City of New York requires that the City Planning Commission adopt rules "to provide notification of a proposed (E) designation to the owner(s) of the property to be so designated not less than 60 days prior to such designation." This rule provides the standards for providing such notification.

2. Statement of Basis and Purpose in City Record Mar. 13, 2008: This rule is promulgated pursuant to the authority of the City Planning Commission, under §§192, 197-c and 1043 of the New York City Charter, and pursuant to the authority of the Department of City Planning pursuant to §1043 of the New York City Charter and §3-702(18) of the Administrative Code of the City of New York. In accordance with Local Law 34 of 2007, City agencies must cooperate in the creation of a database (the "Doing Business Database"), the purpose of which is to keep a unified record of all entities and persons who are doing business with the City and to facilitate compliance with the New York City Campaign Finance Act. This rule will require that applications presented to City Planning include all forms necessary for the Doing Business Database. This rule is also proposed to clarify that the applicant with respect to applications for approval of housing or urban renewal plans and projects pursuant to City, State or Federal laws in accordance with Chapter 2 of Title 62, §2-01(h) of the Rules of the City of New York, is the housing agency of jurisdiction.

CASE NOTES

¶ 1. Charter §197-c has no legal requirement for a superseding restrictive declaration to be included in order for a land use application to be complete. Charter §197-c(a), (b), (c), (i) and the implementing regulations, 62 RCNY 2-02(a)(5)(iv), (v) do not make the filing of a superseding restrictive declaration a prerequisite to deeming an application complete for ULURP notification and processing purposes. Coalition against Lincoln W. v. City of New York, 208 AD2d 472 affirmed, 86 NY2d 123 [1995].

62 RCNY 2-03

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-03 Community Board Actions.

(a) **General provisions.** (1) Except as provided below, within sixty (60) calendar days after a community board's receipt of a complete application referred by the Department of City Planning, the Board of Standards and Appeals or the Commission as the case may be, the community board shall hold a public hearing and adopt and submit as provided herein a written recommendation concerning such application. For purposes of this paragraph (1), a community board shall be deemed to have received an application nine (9) calendar days after the date of certification. The Department of City Planning shall insure delivery of a certified application by either mailing to the community board within five (5) days of the date of certification or by hand delivery within eight (8) days from the date of certification.

(2) Where the negative vote of the community board was adopted without a public hearing, without a quorum or at a meeting conducted after its 60-day period for review, such non-complying negative vote shall not serve the purpose of Charter §197-d(b)(2). The Commission may note the noncompliance and any other deficiency in compliance with this chapter in its report.

(b) **Waivers of hearings and recommendations.** (1) **Leases.** In the case of a proposed lease of property of the City which in the judgment of the community board does not involve a substantial land use interest, such board may waive the holding of a public hearing and preparation of a written recommendation. In such case the community board shall submit to the Department a written waiver of its right to hold a public hearing and to submit recommendations to the City Planning Commission and affected Borough President. When a written waiver of the community board's right to hold a hearing and submit a recommendation is received by the Department of City Planning the community board's period of review shall be deemed ended and the Borough President's time period begun.

(2) **Franchises.** In the case of Request for Proposal or other solicitation for a franchise which in the judgment of the community board does not involve a substantial land use interest, such community board may submit a written waiver to the Commission of the right to hold a public hearing and the preparation of a written recommendation.

(c) **Notice of hearing.** Notice of the time, place and subject of a public hearing to be held by a community board on an application shall be given as follows:

(1) by publication in The City Record for the five (5) days of publication immediately preceding and including the date of the public hearing;

(2) by publication in the Comprehensive City Planning Calendar distributed not less than five (5) calendar days prior to the date of public hearing;

(3) to the applicant ten (10) days prior to the date of hearing (with a copy of such notice also forwarded to the Department of City Planning);

(4) for all actions that result in acquisition of property by the City, other than by lease, whether by condemnation or otherwise, the applicant shall notify the owner or owners of the property in question by mail to the last known address of such owner or owners, as shown on the City's tax records, not later than five (5) days prior to the date of hearing. An affidavit attesting to the mailing and a copy of the notice shall be submitted to the Department of City Planning prior to the Commission's public hearing;

(5) Community boards are also encouraged to publicize hearings by publication in local newspapers, posting notices in prominent locations, and other appropriate means.

(d) **Conduct of public hearing.** (1) **Location.** A community board public hearing shall be held at a convenient place of public assembly chosen by the board and located within its community district. If in the community board's judgment there is no suitable and convenient place within the community district, the hearing shall be held at a centrally located place of public assembly within the borough.*1

(2) **General character.** Hearings shall be legislative type hearings, without sworn testimony or strict rules of evidence. Only members of a community board and persons expressly authorized by the chairperson may question a speaker. All persons appearing and wishing to speak shall be given the opportunity to speak. A community board hearing shall be conducted in accordance with by-laws adopted by the community board.

(3) **Quorum.** A public hearing shall require a quorum of 20% of the appointed members of the community board, but in no event fewer than seven such members. The minutes of a meeting at which a public hearing was held shall include a record of the individual members present.

(4) **Record.** The record of a public hearing shall consist of but not be limited to a list of speaker's names and affiliations (if any), a notation of each speaker's own indication, on a form provided for that purpose, of support or opposition to the application, and any exhibits or written statements offered by speakers.

(e) **Public attendance at meetings of a community board or its committees.** The public may attend all meetings of a community board or its committee at which an application for an action subject to this Chapter is to be considered or acted upon in a preliminary or final manner. A community board may close a meeting or committee meeting to the public only as provided in the New York State Open Meetings Law (Public Officers Law, §§100-111).

(f) **Recommendations and waivers.** (1) **Quorum.** The adoption of a community board recommendation, or the waiver of a public hearing and recommendation by a community board, shall require a quorum of a majority of the appointed members of the board. The minutes of a meeting at which a recommendation or waiver was adopted shall record the individual members present.

(2) **Vote.** The adoption of a community board recommendation or the waiver of a public hearing and recommendation shall be by a public vote which results in approval by a majority of the appointed members present during the presence of a quorum, at a duly called meeting. The vote shall be taken in accordance with the by-laws of the community board.

(3) **Content.** A community board recommendation shall be in writing on a form provided by the Department of City Planning and shall include a description of the application, the time and place of the public hearing on the application, the time and place of the meeting at which the recommendation was adopted and the vote by which the recommendation was adopted. The community board may include in its submission the reasons for the vote and any conditions attached to its vote. The community board may state that its conditional approval shall be considered a negative recommendation for purposes of Charter §197-d(b)(2) if conditions that it considers essential to minimize land use or environmental impacts are not adopted by the Commission. The City Planning Commission shall give consideration only to those conditions which are related to land use and environmental aspects of the application.

(4) **Submission.** A community board shall submit its recommendation or waiver promptly after adoption, to the Commission, to the Borough President, to the applicant and, in the case of an application referred to two or more community boards and a borough board, to such borough board. If a community board fails to act within the time limits for review the application shall be deemed referred to the next level of review at the completion of the community board's time period.

(g) **Requests for review of action not in a community district.** A community board or borough board may request a copy of the application and supporting documents for any action subject to ULURP which is not located within the district boundaries of the community board, or the borough board, making the request. The request must be made in writing to the Calendar Office of the Commission and it shall state the basis for the board's judgment that the application may significantly affect the welfare of the district or borough served by such board. If such request is made, the Department of City Planning shall forward the information described above to said board. Thereafter, the community board or borough board may schedule a public hearing on the application, such hearing and notice thereof to be in conformance with §§2-03(c), 2-03(d), 2-05(c) and 2-05(d) of this chapter and may submit a written recommendation to the Commission. The Commission may receive such recommendation at any time prior to its final action on the application; however, it shall have no authority to extend the review period defined in Charter §197-c, nor shall a review by a second community board pursuant to this subparagraph (g) require that the application be reviewed by the borough board. A Borough President may similarly request a copy of an application and supporting documents for any action subject to ULURP which is not located within the boundaries of the borough.

62 RCNY 2-05

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-05 Borough Board Actions.

(a) **General provisions.** Except as provided below in §2-05(b), an affected borough board may conduct a public hearing on an application and submit a written recommendation to the Commission. Such recommendation or waiver shall be submitted on the form provided not later than thirty (30) days after the filing of a recommendation or waiver with the Borough President by the last to respond of all affected community boards, or if any affected community board shall fail to act within the time period, thirty (30) days after the expiration of the time allowed for such community boards to act.

(b) **Notice of hearing.** Notice of the time, place and subject of a public hearing to be held by a borough board for all applications subject to this land use review procedure shall be given as follows:

(1) by publication in The City Record for the five (5) days of publication immediately preceding and including the date of the public hearing;

(2) by publication in the Comprehensive City Planning Calendar distributed not less than five (5) calendar days prior to the date of hearing;

(3) to the applicant ten (10) days prior to the date of hearing;

(4) for all actions resulting in acquisition of property by the City, other than by lease, whether by condemnation or otherwise, the applicant shall notify the owner or owners of the property in question by mail to the last known address of such owner or owners, as shown on the City's tax records, not later than five (5) days prior to the date of hearing. An

affidavit attesting to the mailing and a copy of the notice shall be submitted to the Department of City Planning prior to the Commission's public hearing.

(c) **Conduct of hearing.** (1) **Location.** A borough board public hearing shall be held at a convenient place of public assembly chosen by the board and located within the borough.

(2) **General character.** Hearings shall be legislative type hearings, without sworn testimony or strict rules of evidence. Only members of a borough board or persons expressly authorized by the chairperson may question a speaker. All persons appearing and wishing to speak shall be given the opportunity to speak. A borough board's hearing shall be conducted in accordance with by-laws adopted by such borough board.

(3) **Quorum.** A public hearing shall require a quorum of a majority of the borough board's members who are entitled to vote on the application in question. Pursuant to Charter §85, community board members of the borough board may only vote on issues that directly affect the comunity district represented by such members. The minutes of the meeting at which a public hearing was held shall record the individual members present.

(4) **Record.** The record of a public hearing shall consist of a list of speakers' names and affiliations if any, a notation of each speaker's own indication, on a form provided for that purpose, of support or opposition to the application and any exhibits or written statements offered by speakers.

(d) **Public attendance at meetings.** The public may attend all meetings of a borough board at which an application for an action subject to this Chapter is to be considered or acted upon in a preliminary or final manner. A borough board may close a meeting to the public only as provided in the New York State Open Meetings Law (Public Officers Law, §§100-111).

(e) **Recommendations and waivers.** (1) **Quorum.** The adoption of a borough board recommendation or the waiver of a public hearing and recommendation by a borough board shall require a quorum of a majority of the borough board's members entitled to vote on the application in question. Pursuant to Charter §85, community board members of the borough board may only vote on issues that directly affect the community district represented by such member. The minutes of a meeting at which a recommendation or waiver was adopted shall record the individual members present.

(2) **Vote.** Adoption of a recommendation shall be by a public roll call vote which results in approval by a majority of the members entitled to vote on the application in question present during the presence of a quorum, at a duly called meeting. Pursuant to Charter §85, community board members of the borough board may only vote on issues that directly affect the community district represented by such member.

(3) **Content.** A borough board recommendation shall be in writing on a form provided by the Department of City Planning and shall include a description of the application, the time and place of public hearing, the time and place of the meeting at which the recommendation was adopted and the votes of individual borough board members. The borough board may include in its submission the reasons for its vote and any conditions to the vote.

(4) **Submission.** A borough board shall submit its recommendation or waiver on the form promptly after adoption to the Commission and to the applicant.

Rules of the City of New York

***** Current through December 2009 ****

62 RCNY 2-06

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-06 City Planning Commission Actions.

(a) **General provisions.** The Commission shall hold a public hearing on all applications made pursuant to §197-c of the Charter not later than sixty (60) calendar days after the expiration of the time allowed for the filing of a recommendation or waiver with it by an affected Borough President. Following its hearing and within its applicable sixty (60) day period, the Commission shall approve, approve with modifications or disapprove such application and file its decision pursuant to §2-05(h)(4) below.

(b) **Zoning text amendments pursuant to Charter §200 or §201.** The Commission shall hold a public hearing on an application for a zoning text amendment pursuant to Charter §200 or §201. Such hearing shall be conducted in accordance with §2-06(f) of this Chapter.

(c) **Modification of application.** (1) The Commission may propose a modification of an application, including an application for a zoning text amendment pursuant to Charter §200 or §201, which meets the criteria of §2-06(g) below. Such proposed modification may be based upon a recommendation from an applicant, community board, borough board, Borough President or other source. Where a modification is proposed, the Commission shall hold a public hearing on the application as referred to a community board or boards and on the proposed modification. Promptly upon its decision to schedule a proposed modification for public hearing, the Commission shall refer the proposed modification to the community board or community boards, borough board, and the affected Borough President to which the application was earlier referred, for such action as such board or boards or Borough President deem appropriate.

(2) The above provision shall not limit the Commission's ability to make a minor modification of an application.

(d) **Notice of hearing.** Notice of the time, place and subject of a public hearing by the Commission for all applications subject to this uniform land use review procedure, including applications for zoning text amendments pursuant to Charter §200 and §201 and modified applications pursuant to §2-06(c)(1), of this chapter, shall be given as follows:

(1) by publication in The City Record beginning not less than ten (10) calendar days immediately prior to the date of hearing and continuing until the day prior to the hearing;

(2) by publication in the Comprehensive City Planning Calendar distributed not less than ten (10) calendar days prior to the date of hearing;

(3) by mailing notice to the concerned community board or community boards Borough President and borough board and to the applicant not less than ten (10) calendar days prior to the date of hearing;

(4) for all actions that result in acquisition of property by the City, other than by lease, whether by condemnation or otherwise, the applicant shall notify the owner or owners of the property in question by mail to the last known address of such owner or owners, as shown on the City's tax records, not later than five (5) days prior to the date of hearing. An affidavit attesting to the mailing and a copy of the notice shall be submitted to the Department of City Planning prior to the Commission's public hearing.

(e) **Posting of notices for hearings on the disposition of occupied city-owned residential buildings.** For any application involving disposition of a city-owned residential building, which at the time of application is occupied by tenants, the applicant shall post notice of the Commission public hearing in the manner discussed below:

(1) at least eight (8) days prior to the Commission public hearing a notice, on a form provided by the Department of City Planning, shall be posted by the applicant in the building subject to the application, informing the tenants of the proposed action and the right of the public to appear at the Commission hearing and testify; and

(2) such notice shall be posted in common public space on the ground floor of the building accessible to all building tenants; and

(3) the applicant will file with the Department of City Planning an affidavit attesting to the posting of the notice and date and specific location where the notice was posted. The affidavit shall be signed by the person posting the notice.

(f) **Conduct of hearing.** (1) **Location.** Commission public hearings shall be held in City Hall, unless otherwise ordered by the Chair.

(2) **General Character.** Hearings shall be legislative type hearings, without sworn testimony, strict rules of evidence or opportunity for speakers to cross-examine one another. Only members of the Commission may question a speaker (except at a joint Commission/CEQR hearing at which officers of the lead agency and the office of Environmental Coordination may also ask questions). All persons filling out an appearance form shall be given the opportunity to speak. The chairperson may prescribe a uniform limited time for each speaker.

(3) **Quorum.** A public hearing shall require a quorum of a majority of the members of the Commission.

(g) **Commission actions.** (1) **Scope of action.** The Commission shall approve, approve with modifications or disapprove each application.

(2) **Vote.** The Commission shall act by the affirmative roll call vote of at least seven (7) members at a public meeting, except that pursuant to Charter §197-c, subsection h, approval or approval with modifications of an application relating to a new city facility for site selection for capital projects, the sale, lease (other than the lease of office space),

exchange or other disposition of the real property of the City, including sale or lease of land under water pursuant to §1602, Chapter 15 of the Charter or other applicable provisions of law; or acquisitions by the City of real property (other than the acquisition of office space for office use or a building for office use), including acquisition by purchase, condemnation, exchange or lease and including the acquisition of land under water pursuant to §1602, Chapter 15 and other applicable provisions of law, shall require the affirmative vote of nine members of the Commission if the affected Borough President:

(i) recommends against approval of such application pursuant to subdivision g of Charter §197-c; and

(ii) has proposed an alternative location in the same borough for such new facility pursuant to subdivision f or g of Charter §204.

(3) **Commission report.** A report of the Commission shall be written with respect to each application subject to this procedure on which a vote has been taken. The report shall include:

(i) a description of the certified application;

(ii) a summary of testimony at all Commission public hearings held on the application;

(iii) a copy of all community board, Borough President or borough board written recommendations concerning the application;

(iv) the consideration leading to the Commission's action, including reasons for approval and any modification of the application and reasons for rejection by the Commission of community board, Borough President or borough board recommendations;

(v) any findings and consideration with respect to environmental impacts as required by the State Environmental Quality Review Act and regulations;

(vi) the action of the Commission, including any modification of the application;

(vii) the votes of individual Commissioners;

(viii) any dissenting opinions.

(4) **Filing of decisions of the Commission.** The City Planning Commission shall file copies of its decision with the affected Borough President and with the City Council. All filings with the Council shall include all associated community board, Borough President or borough board recommendations. The Commission shall mail a copy of any decision to the applicant and to the community board or community boards, and borough board to which the application was referred. Filings with the City Council and Borough President shall be completed within the Commission's sixty (60) day time period.

(5) **Review of Council modifications.** The Commission shall receive from the City Council during its fifty (50) day period for review copies of the text of any proposed modification to the Commission's prior approval of an action. Upon receipt the Commission shall have fifteen (15) days to review and to determine:

(i) in consultation with the Office of Environmental Coordination and lead agency as necessary, whether the modification may result in any significant adverse environmental effects which were not previously addressed; and

(ii) whether the modification requires the initiation of a new application. In making this determination, the Commission shall consider whether the proposed modification:

(A) increases the height, bulk, envelope or floor area of any building or buildings, decreases open space, or alters

conditions or major elements of a site plan in actions (such as a zoning special permit) which require the approval or limitation of these elements;

(B) increases the lot size or geographic area to be covered by the action;

(C) makes necessary additional waivers, permits, approvals, authorizations or certifications under sections of the Zoning Resolution, or other laws or regulations not previously acted upon in the application; or

(D) adds new regulations or deletes or reduces existing regulations or zoning restrictions that were not part of the subject matter of the earlier hearings at the community board or Commission.

If the Commission has determined that no additional review is necessary and that, either, no significant environmental impacts will result or that possible environmental impacts can be addressed in the time remaining for Commission and Council review, it shall so report to the Council. The Commission may also transmit any comment or recommendation with respect to the substance of the modification, and any proposed further amendment to the modification which it deems as necessary or appropriate.

If the Commission has determined that the proposed modification will require a supplementary environmental review or the initiation of a new application, it shall so advise the Council in a written statement which includes the reasons for its determination.

(6) **Zoning Resolution text amendments pursuant to Charter §§200 and 201.** Applications for amendments to the text of the Zoning Resolution pursuant to Charter §200 or §201 shall be subject to the provisions of this paragraph (g).

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-07 Borough President Initiation of City Council Review.

In the case of an application not subject to mandatory council review pursuant to Charter §197-d(b)(1), which receives an unfavorable recommendation by both an affected community board and affected Borough President and either a favorable vote or favorable vote with modification by the Commission, such application shall be subject to council review and action if the affected Borough President shall file, within five (5) days of receiving the report of the Commission, a written objection to the Commission's vote with the Council and the Commission.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-08 Board of Standards and Appeals.

(a) **Variance and special permit applications.** (1) **Filing and referral.** An application for a variance of the Zoning Resolution or for a special permit which under the Zoning Resolution is within the jurisdiction of the Board of Standards and Appeals shall be filed with the Board of Standards and Appeals. In accordance with the rules of Practice and Procedures [Chapter 1 of the Board of Standards and Appeals rules], the Board of Standards and Appeals shall refer the application to the community board within which district the site is located or, in the case of an application involving a site located within two or more community districts, to the community boards for such districts and to the borough board for the appropriate borough. The Commission, as a party to a proceeding to vary the Zoning Resolution, shall be served with all papers in such proceeding by the Board of Standards and Appeals. Upon the filing with a community board, or with two or more community boards and a borough board, of an application for a variance or a special permit under the jurisdiction of the Board of Standards and Appeals, such community board or community boards and borough board shall review such application pursuant to §§2-03 and 2-05 herein.

(2) **Community board waiver or recommendation.** In the case of an application to vary the Zoning Resolution or for a special permit under the jurisdiction of the Board of Standards and Appeals, a community board may waive in writing the holding of a public hearing and the adoption of a written recommendation. The community board recommendation or waiver shall be referred to the Board of Standards and Appeals, the Commission and, in the case of an application which was referred to two or more community boards and a borough board, to such borough board. Upon action by or expiration of time to act on an application for each concerned community board and when appropriate, action by or expiration of time to act for an affected borough board, the Board of Standards and Appeals may proceed to review the application and to make a decision.

(3) **Borough board review.** In the case of an application to vary the Zoning Resolution or for a special permit pursuant to the Zoning Resolution under the jurisdiction of the Board of Standards and Appeals, a borough board may waive in writing the holding of a public hearing and the adoption of a written recommendation. After action by or expiration of time to act for all affected community boards if subject to borough board review, and upon receipt of a waiver or recommendation from a borough board or expiration of the thirty (30) day time limit for borough board review, the Board of Standards and Appeals may proceed to review the application and to make a decision.

(b) **City Planning Commission review.** Appearance in Variance Proceeding- In the case of an application to the Board of Standards and Appeals for a variance of the Zoning Resolution, the Commission may appear before the Board of Standards and Appeals and be heard as a party in the variance proceeding if, in the Commission's judgment, granting the relief requested in such application would violate the requirements of the Zoning Resolution which relate to the granting of variances.

CHAPTER 2 UNIFORM LAND USE REVIEW PROCEDURE (ULURP)

§2-09 Administrative Provisions.

(a) **Referrals and filings.** Unless otherwise provided herein, any referrals and filings required under this chapter shall be made by hand delivery or first class mail as follows:

(1) if to the Commission, then to the Land Use Review Division, Department of City Planning, Room 2E, 22 Reade Street, New York, New York 10007-1216;

(2) if to a community board, then to the chairperson of such community board at its office or, if there is no office or if no office address is provided to the Land Use Review Division, Department of City Planning, then to such board c/o the Borough President of the borough in question;

(3) if to a borough board, then to such borough board c/o the Borough President of the borough in question;

(4) if to the Board of Standards and Appeals, then to the Secretary of the Board of Standards and Appeals, 11th Floor, 161 Avenue of the Americas, New York, New York 10013;

(5) if to the City Council then to the Office of the Speaker City Council, City Hall, New York, New York.

(b) **Time provisions.** (1) **Expiration dates**. Where the expiration of a time period set forth herein falls on a Saturday, Sunday or legal holiday, the expiration date shall be deemed extended until the next working day.

(2) **Determination.** All time periods specified in these regulations shall be calendar days. The commencement and end of time periods shall be recorded and officially calculated and determined by the Director of City Planning.

(c) **Transition.** Any application which has been voted upon by the community board and borough board, if required, and the recommendation concerning which has been received by the Department of City Planning prior to May 2, 1990 shall not be subject to these provisions, but shall rather be subject to the procedures in effect prior to May 2, 1990, which procedures shall remain in effect for that category of actions until June 30, 1990. In accordance with §1152d(6)(b) of the Charter the time period for receiving any application referred to a Borough President in the month of May, 1990 shall be extended until June 30, 1990, at which time it shall be transmitted to the Commission.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 3 FEES AND CONTRIBUTIONS*1

SUBCHAPTER A CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) (DEPARTMENT OF CITY PLANNING AND DEPARTMENT OF ENVIRONMENTAL PROTECTION)

§3-01 Fee for CEQR Applications.

Except as specifically provided in this section, every application made pursuant to Executive Order 91 and Chapter 5 of these rules shall include a non-refundable fee which shall be submitted to the lead agency for the action or to an agency that could be the lead agency pursuant to §5-03 of the rules of the Commission, and shall be in the form of a check or money order made out to the "City of New York". The fee for an application shall be as prescribed in the following Schedule of Charges, §3-02 of these rules. The fee for modification for an action, which modification is not subject to §197-c of the New York City Charter shall be twenty percent of the amount prescribed in the Schedule of Charges for an initial application. The fee for any modification for an action, which is subject to §197-c of the New York City Charter shall be the amount set forth in the Schedule of Charges (§3-02) as if the modification were an initial application for the action. Where the fee for an application is set pursuant to §3-02(a), and the square footage of the proposed modification is different from the square footage of the original action, the fee for an application for the modification shall be based upon the square footage of the modified action or as set forth in §3-02(b), as determined by the lead agency.

Agencies of the federal, state or city governments shall not be required to pay fees, nor shall a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis be required to pay fees, if the proposed action for purposes of CEQR review consists of a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside. Fees shall be paid when

the application is filed, and these fees may not be combined in one check or money order with fees required pursuant to other land use applications submitted to the Department of City Planning or the City Planning Commission. No application shall be processed by the lead agency until the fee has been paid and twenty-five copies of the application have been filed with the lead agency.

HISTORICAL NOTE

Section amended City Record July 10, 2009 §1, eff. Aug. 9, 2009. [See Note 4]

Section amended City Record May 29, 2007 §2, eff. June 28, 2007. [See Note 3]

Section amended City Record Oct. 7, 2002 eff. Nov. 6, 2002. [See Note 1]

Section amended City Record June 28, 1995 eff. July 28, 1995. [See Note 2]

Section in original publication July 1, 1991.

NOTE

1. Statement of Basis and Purpose in City Record Oct. 7, 2002:

The proposed Amendment to the City Planning Commission's Rule would modify the existing Fee Schedule for filing applications pursuant to CEQR in order to reflect the cumulative rate of inflation and the increased cost of professional staff time in reviewing applications since the fees were last increased in 1995.

2. Statement of Basis and Purpose in City Record June 28, 1995: The proposed Amendment to the City Planning Commission Rule governing fees charged for filing CEQR applications would modify the existing Schedule of Charges in order to cover the City's increased costs associated with the CEQR process. The rule also makes a clarifying change to §5-08.

3. Statement of Basis and Purpose in City Record May 29, 2007: The City Planning Commission is amending its rules pursuant to its authority under §§192 and 1043 of the New York City Charter. Amendments to Chapter 3 of Title 62 of the Rules of the City of New York increase fees for City Environmental Quality (CEQR) review by 15% to reflect cost of living increases and increased labor costs, except that for Type II applications the current fee of $75 will be increased by 33%. The amendments also increase fees for the processing and review of most land use applications by 40% in order to reflect agency costs of processing and review. The CEQR fee increase is less than the land use application fee increase current because CEQR fees capture more of the current costs. The CEQR fee increase will also increase fees for such review by the Board of Standards and Appeals. Fees for non-profit organizations will no longer be waived. Exceptions will be made for neighborhood, community or similar associations consisting of local residents or homeowners organized on a non-profit basis filing area-wide rezoning applications. The fee for an application which requests a modification of a previously approved application, where the new application is not subject to §197-c of the New York City Charter, will be increased from one-quarter of the current fee for an initial application to one-half of such fee. Payment of a fee will be required for the Department's issuance of written zoning verifications, a service for which no fee has previously been charged. A fee for certification for public school space pursuant to §107-123 of Article X, Chapter 7 (Special South Richmond Development District) of the Zoning Resolution, which was previously erroneously deleted from the §3-07, has been reinserted. In addition to the changes described above, §3-07 has been reorganized for clarity and ease of use. Complex language is simplified, and outdated provisions are eliminated.

4. Statement of Basis and Purpose in City Record July 10, 2009: The City Planning Commission is amending its rules pursuant to its authority under Sections 192 and 1043 of the New York City Charter. Amendments to Chapter 3 of Title 62 of the Rules of the City of New York would increase fees for the processing and review of City Environmental Quality Review (CEQR) applications and of land use applications by 8% to reflect increased labor costs. Supplemental

land use application fees would be established for large projects of over of 500,000 square feet of floor area. A supplemental CEQR fee would also be required for projects for which a restrictive declaration to ensure compliance with project components related to the environment and/or mitigation of significant adverse impacts will be executed. The supplemental fees would capture the costs of the additional work that is required of Department staff in connection with large projects, and projects for which a restrictive declaration to ensure compliance with project components related to the environment and mitigation measures will be executed. In addition to the changes described above, Section 3-07 of the land use fee rule has been clarified to establish that for certain authorizations, the fee for a project with non-residential uses is the same as the fee for a project with open uses. The lower fee for certain residential uses is not applicable if the project also contains a commercial or community facility use.

SUBCHAPTER B UNIFORM LAND USE REVIEW (ULURP)

§3-06 Fees for Applications Pursuant to City Charter §197-c and Other Appli- cations.

Except as specifically provided in this section, every type of application listed in Section 3.07, Schedule of Charges, shall include a non-returnable fee which shall be paid by check or money order made out to the City of New York.

The fee for an initial application, or for a modification, renewal or follow-up action, shall be as prescribed in the following Schedule of Charges, provided that if an applicant simultaneously submits applications for several actions relating to the same project, the maximum fee imposed shall be two hundred percent of the single highest fee, provided that such maximum fee limitation shall not apply to supplemental fees. An additional fee shall be charged for any applications later filed in relation to the same project, while such project is pending review and determination.

Agencies of the federal, state or city governments shall not be required to pay fees nor shall any fees be charged if a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis applies for a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside.

SUBCHAPTER B UNIFORM LAND USE REVIEW (ULURP)

§3-07 Schedule of Charges.

(a) **Applications for Special Permits and Zoning Map amendments pursuant to §197-c of the City Charter:**

(1) Applications for special permits:

[See tabular material in printed version]

[See tabular material in printed version]

(b)

Applications for changes to the City Map, Landfills:

Except for applications to eliminate a mapped but unimproved street from the property of an owner-occupied, one- or two-family residence, for which no fee shall be charged, fees are as follows:

Elimination of a mapped but unimproved street

$1,740

Establishment of a landfill

$3,400

Any other change in the City Map

$5,445

(c) **Applications for franchises and revocable consents:**

(1) Applications pursuant to §197-c of the City Charter-$3,400

(2) Enclosed sidewalk cafes pursuant to New York City Administrative Code §20-225: $55 per seat/minimum of $1,360

(d) Applications for amendments to the text of the Zoning Resolution pursuant to §201 of the City Charter $5,445

(e) **Applications for zoning certifications and zoning authorizations:**

(1) For certification for public school space pursuant to §107-123 of Article X, Chapter 7 (Special South Richmond Development District) of the Zoning Resolution, the fee shall be $160.

(2) Pursuant to Article VI, Chapter 2 (Special Regulations Applying in The Waterfront Area), Article X, Chapter 5 (Natural Area District), Article X, Chapter 7 (Special South Richmond Development District) and Article XI, Chapter 9 (Special Hillsides Preservation District) of the Zoning Resolution.

Certifications

For an application for one zoning lot with no more than two existing or proposed dwelling units-$380

For all other applications the fee for each zoning lot shall be $430.

Authorizations

For an application for one zoning lot with no more than two existing or proposed dwelling units and no commercial or community facility use-$755

For all other applications with no commerical or community facility use, the fee shall be based upon the number of dwelling units being proposed, in the amount of $830 per dwelling unit, however, in cases of open uses, the fee shall be based upon the area of the zoning lot, and in cases of community facility or commercial uses, the fee shall be based upon the total amount of floor area, as follows:

Less than 10,000 square feet

$1,060

10,000 to 19,999 square feet

$1,590

20,000 to 39,999 square feet

$2,040

40,000 to 69,999 square feet

$2,645

70,000 to 99,999 square feet

$3,100

100,000 square feet and over

$3,400

(3) Pursuant to §95-04 (Transit Easements) of the Zoning Resolution-$ 270

(4) Pursuant to all other sections of the Zoning Resolution:

Total amount of floor area, or in the cases of open uses, area of the zoning lot as follows:

Less than 10,000 square feet

$1,060

10,000 to 19,999 square feet

$1,590

20,000 to 39,999 square feet

$2,040

40,000 to 69,999 square feet

$2,645

70,000 to 99,999 square feet

$3,100

100,000 square feet and over

$3,400

In the case of area transfer of development rights or floor area bonus, the fee shall be based upon the amount of floor area associated with such transfer or bonus.

(f) **Modifications, follow-up actions and renewals.**

(1) The fee for an application which requests a modification of a previously approved application, where the new application is subject to §197-c of the New York City Charter, shall be the same as the current fee for an initial application, as set forth in this Schedule of Charges.

(2) The fee for an application which requests a modification of a previously approved application, where the new application is not subject to §197-c of the New York City Charter, shall be one-half of the current fee for an initial application, as set forth in this Schedule of Charges.

(3) The fee for a follow up action under the Zoning Resolution, or a restrictive declaration or other legal instrument shall be one-quarter of the amount prescribed in this Schedule of Charges for an initial application.

(4) The fee for the renewal of a previously approved enclosed sidewalk cafe shall be one-half of the amount prescribed in this Schedule of Charges for an initial application.

(5) The fee for the renewal pursuant to §11-43 of the Zoning Resolution of a previously approved special permit or authorization which has not lapsed shall be one-half of the amount prescribed in this Schedule of Charges for an initial application.

(g) Supplemental Fee for Large Projects.

In addition to all applicable fees as set forth above, a supplemental fee shall be required for the following applications:

Applications that may result in the development of 500,000 to 999,999 square feet of floor area $ 80,000

Applications that may result in the development of 1,000,000 to 2,499,000 square feet of floor area $120,000

Applications that may result in the development of at least 2,500,000 square feet of floor area $160,000

[Footnote 1]: * Chapter heading amended City Record Nov. 22, 2006 §1, eff. Dec. 22, 2006. [See Subchapter C footnote]

2

[Footnote 2]: * Subchapter C added City Record Nov. 22, 2006 §2, eff. Dec. 22, 2006. Note Statement of Basis and Purpose: These rules are promulgated pursuant to the authority of the City Planning Commission, under §§192 and 1043 of the New York City Charter, and pursuant to §81-744(a)(5) of the New York City Zoning Resolution. Under §81-744 of the Zoning Resolution, the City Planning Commission shall allow by certification or authorization the transfer of development rights from listed theaters in the Theater Subdistrict. Certification shall be granted, provided that, among other requirements, the appropriate legal documents are executed ensuring that a contribution in an amount, which is presently established under §81-744(a)(5) to be $10.00 per square foot of transferred floor area, is deposited in the Theater Subdistrict Fund. The City Planning Commission is required to periodically review the contribution amount and to adjust such amount to reflect any change in the assessed value of all properties on zoning lots wholly within the Theater Subdistrict.

In adopting §81-744 of the Zoning Resolution, City Planning Commission Report N980271ZRM, dated June 3, 1998 (the "Report"), established the original contribution amount at $10 per square foot, which was described as approximately twenty (20) percent of the value of land per square foot in the Theater Subdistrict. The Report further stated that this amount should be adjusted periodically based on changes in the assessed value of land in the district.

Consistent with the §81-744 and the 1998 Report, the proposed adjustment reflects the adjusted value of land per square foot for properties on zoning lots wholly within the Theater Subdistrict, taking into account changes in the assessed valuation since 1998.

There are three blocks west of Eighth Avenue which are bisected by the Theater Subdistrict boundary. Using zoning lot merger information for these blocks from 1998 to 2006, it was determined which of the zoning lots in these blocks are situated fully within the Theater Subdistrict. Based upon the assessed property values for the property included within these zoning lots, provided by the New York City Department of Finance ("DOF"), it has been determined that the assessed value for all properties situated wholly within the Theater Subdistrict has increased 49.06% per square foot from 1998 to 2006.

DOF data shows that in 1998, the total built floor area of the Theater Subdistrict was 63,871,931 square feet, and the total assessed value of such properties was $4,525,059,822. DOF data also show that in 2006, the total built floor area of the Theater Subdistrict was 81,642,687 square feet, and the total assessed value of such properties was $8,621,852,552.

Based upon the DOF data, the total assessed value per square foot was $70.85 in 1998 and was $105.60 in 2006. Given that the assessed value of all properties per square foot increased $34.76 or 49.06% from 1998 until 2006, the proposed rule would increase the required Theater Subdistrict Fund contribution from $10.00 per square foot to $14.91 per square foot of development rights transferred from the listed theaters.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 4 CITY COASTAL COMMISSION PROCEDURES

§4-01 Procedures for Waterfront Revitalization Program Consistency Review of Local, State and Federal Actions.

(a) The review of waterfront-related actions by the CPC in its role as the City Coastal Commission (CCC) and by DCP is divided into two separate categories:

(1) local projects brought to the CPC via ULURP or 197-a or to the Department of City Planning via CEQR and BSA, and

(2) federal and state actions which are subject to WRP consistency review but not to any other local review processes.

(b) **Local actions.** Local actions subject to CEQR, ULURP or other CPC processes are reviewed for consistency by DCP staff (Waterfront and Open Space Division). In order to implement the CCC's mandate to review projects for consistency with WRP policies, WRP consistency, is incorporated into the CPC's review of actions and into its reports to the Board of Estimate (BOE). Within this framework, the CPC must hold a public hearing and approve, approve with modifications or disapprove the action. A recommendation is then forwarded to the Board of Estimate in the CPC's report. The reports will state that the CPC has determined, as CCC, the consistency with the WRP. For BSA actions subject to CEQR, WRP consistency is incorporated within the CEQR review.

(c) **Procedures.** All local WRP actions brought before the CPC through the ULURP or 197-a review process will follow the existing procedures established for these projects. In evaluating the project's effect on the city's waterfront, the City Coastal Commission will consider the policies set forth in the Waterfront Revitalization Program.

Where a ULURP or 197-a project is approved by the Commission, and the project has been found consistent with the policies and intent of the WRP, language will be added to the CPC report to the effect that: "The City Coastal Commission, having reviewed the waterfront aspects of this action, finds that the actions will not substantially hinder the achievement of any WRP policy and hereby determines that this action is consistent with WRP policies."

Where the Commission approves a project which does not conform to existing waterfront policy, the report must reflect a CCC decision that that action has satisfied all four of the requirements set forth below:

(1) no reasonable alternatives exist which would permit the action to be taken in a manner which would not substantially hinder the achievement of such policy;

(2) the action taken will minimize all adverse effects on such policies to the maximum extent practicable;

(3) the action will advance one or more of the other coastal policies; and

(4) the action will result in an overriding local or regional public benefit.

No special public notice requirements exist under WRP; these projects will be noticed pursuant to existing ULURP and 197-a procedures for public notice.

(d) **Federal and state actions.** The CPC, acting as the CCC, will review only certain federal and state actions-those that exceed one or more of the designated thresholds. The Waterfront and Open Space Division will review all others.

These thresholds are:

(1) actions that require the balancing of several different policies;

(2) actions that are significantly inconsistent with waterfront policies;

(3) actions that require a federal or state EIS; or

(4) actions that require policy interpretation.

The Waterfront and Open Space Division, as the coordinator of consistency review for federal and state actions, will ascertain which actions require consideration by the CCC.

(e) **Procedures.** Projects that do not exceed the thresholds by the Waterfront and Open Space Division.

A determination of consistency or inconsistency by the CCC or the Division will be forwarded to the affected agency within 30 days of receipt of the proposed project. When insufficient information is received, the Waterfront and Open Space Division will make a request of the applicant for additional information to ensure compliance with WRP regulations. The Division will notify the affected agency that until such information has been received and reviewed, the project is presumed inconsistent with WRP.

The Division will coordinate the intra- and interagency review of those actions that exceed the designated thresholds, acting as lead for WRP purposes throughout the review process. The projects will be reviewed prior to CCC consideration to finalize agency-wide coordination.

CCC consistency review of federal and state actions, whether by the Department or the CCC, does not require a public hearing or any public review. Public participation in these federal and state actions is coordinated by the permitting state or federal agency.

Findings of the CCC will be transmitted to the permitting agency by the Waterfront and Open Space Division. If the CCC determines that the action is consistent with the policies and intent of the WRP, then a letter to the appropriate state or federal agency would state that: "The City Coastal Commission, having reviewed the waterfront aspects of this action, finds that the actions will not substantially hinder the achievement of any WRP policy and hereby determines that this action is consistent with WRP policies."

However, if the CCC determines that the project will hinder the achievement of the WRP, a letter from the CCC will be sent to the project applicant and the permitting agency, stating whether the action has satisfied the following requirements:

(1) no reasonable alternatives exist which would permit the action to be taken in a manner which would not substantially hinder the achievement of such policy;

(2) the action taken will minimize all adverse effects on such policies to the maximum extent practicable;

(3) the action will advance one or more of the other coastal policies; and

(4) the action will result in an overriding local public benefit.

62 RCNY 5-01

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-01 Source of Authority and Statement of Purpose.

Section 192(e) of the Charter provides that the City Planning Commission "shall oversee implementation of laws that require environmental reviews of actions taken by the city" and that the Commission "shall establish by rule procedures for environmental reviews of proposed actions by the city where such reviews are required by law." These rules are intended to exercise that mandate by redefining lead agencies within the city in accordance with law, prescribing the relationship of the new Office of Environmental Coordination with those agencies and regulating scoping. The organization and numbering of the various sections of these rules are not intended to correspond precisely to Executive Order 91. [43 RCNY Chapter 6, also, see Appendix A hereto]. Rather, these rules are an overlay on Executive Order 91. Where these rules conflict with Executive Order 91, these rules supersede the Executive Order.

In deciding upon the appropriate lead agency for certain classes of actions taken by the city, the City Planning Commission has selected the involved agency "principally responsible for carrying out, funding or approving" those actions. 6 NYCRR §617.2(v). For private ULURP applications, for §197-a plans and for all actions primarily involving a zoning map or text change, the City Planning Commission, responsible under the Charter "for the conduct of planning relating to the orderly growth, improvement and future development of the city" (Charter §192(d)), is the lead agency. For other ULURP applications, the city agency applicant, the agency that will generally be involved with ensuring programmatic implementation of the action, is the lead agency. Most of the remaining lead agency designations in the rules similarly address other approvals required by the Charter by designating the agency charged with ensuring programmatic implementation as the lead agency for those approvals. In appropriate cases, a lead agency designated by the rules may transfer its lead agency status to another involved agency.

The rules ensure that lead agencies have access to the technical and administrative expertise of the Office of

Environmental Coordination. Finally, the rules provide for involved and interested agencies, including the City Council, to participate in the environmental review process, and ensure a role for the public in scoping.

***** Current through December 2009 ****

62 RCNY 5-02

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-02 General Provisions.

(a) **Continuation of Executive Order No. 91 [43 RCNY §6-01 et. seq.] [See Appendix A to these rules].** Until the City Planning Commission promulgates further rules governing environmental review of actions taken by the city, Executive Order No. 91 of August 24, 1977, as amended (Executive Order 91), shall continue to govern environmental quality review in the city except where inconsistent with these rules, provided, however, that the following provisions of Executive Order 91 shall not apply: the definitions of "Agency", "Lead Agencies" and "Project data statement" defined in §6-02, subdivision (b) of §6-03, subdivision (a) of §6-05, the introductory paragraph of subdivision (b) of §6-05, paragraphs one and two of subdivision (a) of §6-12, §6-14, and subdivision (b) of the TYPE II part of §6-15.

(b) **Rules of Construction.** (1) All functions required by Executive Order 91 to be performed by the "lead agencies," as formerly defined in §6-02 of such Executive Order, shall be performed by the lead agency prescribed by or selected pursuant to these rules or by the Office of Environmental Coordination where authorized by these rules.

(2) Wherever Executive Order 91 explicitly or by implication refers to subdivision (b) of the Type II part of §6-15 of such Executive Order, such reference shall be deemed to be to §617.13(d) of the SEQRA Regulations.

(3) The reference to "a determination pursuant to §6-03(b) of this Executive Order" contained in Executive Order 91 §6-05(b)(1) shall be deemed to refer to selection of a lead agency pursuant to §5-03 of these rules.

(4) The Office of Environmental Coordination shall succeed to functions performed by the City Clerk pursuant to Executive Order 91 with respect to the receipt and filing of documents.

(5) References in these rules and in Executive Order 91 to specific agencies and provisions of law shall be deemed to apply to successor agencies and provisions of law.

(c) **Definitions.** (1) All definitions contained in Executive Order 91, other than the definitions of "agency" and "lead agencies", shall apply to these rules.

(2) "Action" as defined in §6-02 of Executive Order 91 includes all contemporaneous or subsequent actions that are included in a review pursuant to City Environmental Quality Review.

(3) The following additional definitions shall apply to these rules unless otherwise noted:

Agency. "Agency" shall mean any agency, administration, department, board, commission, council, governing body or other governmental entity of the city of New York, including but not limited to community boards, borough boards and the offices of the borough presidents, unless otherwise specifically referred to as a state or federal agency.

City Environmental Quality Review. "City Environmental Quality Review" (CEQR) shall mean the environmental quality review procedure established by Executive Order 91 as modified by these rules.

Determination of Significance. "Determination of significance" shall mean a negative declaration, conditional negative declaration or notice of determination (positive declaration).

Interested Agency. "Interested agency" shall mean an agency that lacks jurisdiction to fund, approve or directly undertake an action but requests or is requested to participate in the review process because of its specific concern or expertise about the proposed action.

Involved Agency. "Involved agency" shall mean any agency that has jurisdiction to fund, approve or directly undertake an action pursuant to any provision of law, including but not limited to the Charter or any local law or resolution. The City Council shall be an involved agency for all actions for which, as a component of the approval procedure for the action or a part thereof, the City Council has the power to approve or disapprove, regardless of whether the City Council chooses to exercise such power.

Lead Agency. "Lead agency" shall mean the agency principally responsible for environmental review pursuant to these rules.

Scoping. "Scoping" shall mean the process by which the lead agency identifies the significant issues related to the proposed action which are to be addressed in the draft environmental impact statement including, where possible, the content and level of detail of the analysis, the range of alternatives, the mitigation measures needed to minimize or eliminate adverse impacts, and the identification of non-relevant issues.

SEQRA Regulations. "SEQRA Regulations" shall mean Part 617 of Volume 6 of New York Codes, Rules and Regulations.

(d) **Applicability.** These rules and Executive Order 91 shall apply to environmental review by the city that is required by the State Environmental Quality Review Act (Environmental Conservation Law, Article 8) and regulations of the State Department of Environmental Conservation thereunder and shall not be construed to require environmental quality review of an action where such review would not otherwise be required by such act and regulations, or to dispense with any such review where it is otherwise required.

62 RCNY 5-03

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-03 Establishment of Lead Agency.

(a) **General Rule.** Where only one agency is involved in an action, that agency shall be the lead agency.

(b) **Actions Subject to ULURP and Charter Sections 197-a, 200, 201, and 668.** (1) For actions subject to the Uniform Land Use Review Procedure of §197-c of the Charter (ULURP), and for which the applicant is not a city agency, the City Planning Commission shall be the lead agency.

(2) For actions that involve plans for the development, growth and improvement of the city, its boroughs and community districts (Charter §197-a), the City Planning Commission shall be the lead agency.

(3) For actions that involve zoning map or text changes (Charter §200 and/or 201), the following rules shall apply:

(i) If the only approval subject to ULURP or to Charter § 200 or 201 is a zoning map or text change, the City Planning Commission shall be the lead agency.

(ii) If the applicant for any action requiring a zoning map or text change is not a city agency, the City Planning Commission shall be the lead agency.

(iii) If the action involves a zoning map or text change, in addition to another approval under Charter §197-c (ULURP) for which there is a city agency applicant, then the city agency applicant shall be the lead agency, provided, however, that the City Planning Commission shall be the lead agency if:

(A) The action involves a zoning map or text change that covers or may apply to areas substantially larger than the

properties covered by the non-zoning approvals required under Charter §197-c; or

(B) The city agency applicant and the Chair of the City Planning Commission agree that the action involves a zoning map or text change that changes the uses permitted so as to substantially alter the area zoning pattern.

(4) For all other actions subject to §197-c of the Charter (ULURP) for which the applicant is a city agency, and for actions subject to §668 of the Charter for which the applicant is a city agency, the city agency applicant shall be the lead agency. Where there is more than one city agency applicant, the city agency applicants shall agree upon which of them will be the lead agency, using the selection procedure set forth in subdivision (h) of this section.

(5) Where no other provision of this section applies and an action involves a special permit or variance from the Board of Standards and Appeals (Charter §668) for which the applicant is not a city agency, the Board of Standards and Appeals shall be the lead agency.

(c) **Section 195 Acquisitions of Office Space or Existing Buildings for Office Use.** For actions involving acquisitions of office space or existing buildings for office use (Charter §195), the agency filing the notice of intent to acquire shall be the lead agency.

(d) **Local Laws.** The City Council and the Office of the Mayor shall be co-lead agencies for local laws. Either agency may at any time delegate to the other its lead agency status and act instead as an involved agency. In addition, after introduction of a proposed local law, the City Council may assume sole lead agency status after giving the Mayor five days notice.

(e) **Franchises, Revocable Consents, and Concessions.** For actions involving franchises, revocable consents and concessions, the responsible agency as defined in Charter §362(c) shall be the lead agency.

(f) **Leasing of Wharf Property for Waterfront Commerce or Navigation and Waterfront Plans.** For actions involving the leasing of wharf property belonging to the city primarily for purposes of waterfront commerce or in furtherance of navigation (Charter §1301(2)(f)), the Department of Business Services shall be the lead agency, provided that the Department of Transportation shall be the lead agency for such actions when it is acting pursuant to Charter §2903(c)(2). For actions involving determinations of the Commissioner of Business Services pursuant to Charter §1302 (waterfront plans), the Department of Ports and Trade shall be the lead agency.

(g) **Selection of Lead Agency in the Case of Multiple Involved Agencies.** (1) Subdivision (b) of this section, which governs lead agency designation for actions involving approvals pursuant to ULURP or §197-a, 200, 201 or 668 of the Charter, shall always govern determination of the lead agency regardless of whether the action involves additional approvals pursuant to other provisions of law.

(2) For any other action involving more than one agency, the agencies designated in subdivisions (c) through (f) of this section and any agencies involved in any required city approval, other than approvals described in such subdivisions, shall agree upon which of them will be the lead agency, using the selection procedure set forth in subdivision (h) of this section.

(h) **Procedure for Selection of Lead Agency.** In selecting a lead agency where agreement among agencies is required by this section, and in deciding whether transfer of lead agency status is appropriate, the agencies making the selection or decision shall determine which agency is most appropriate to act as lead agency for the particular action. In making such determination, such agencies shall consider, but shall not be limited to considering, the following criteria:

(1) The agency that will have the greater degree of responsibility for planning and implementing the action;

(2) The agency that will be involved for a longer duration;

(3) The agency that has the greater capability for providing the most thorough environmental assessment;

(4) The agency that has the more general governmental powers as compared to single or limited powers or purposes;

(5) The agency that will provide the greater level of funding for the action;

(6) The agency that will act earlier on the proposed action; and

(7) The agency that has the greater role in determining the policies resulting in or affecting the proposed action.

(i) **Transfer of Lead Agency Status.** Lead agency status may be transferred from the lead agency, at its discretion, to an involved agency that agrees to become the lead agency. In deciding whether a transfer of lead agency status is appropriate, agencies shall use the selection procedure set forth in subdivision (h) of this section. Notice of transfer of lead agency status must be given by the new lead agency to the applicant and all other involved and interested agencies within 10 days of the transfer. The Chair of the City Planning Commission may act on behalf of such Commission pursuant to this subdivision.

(j) **Selection of Lead Agency Where Actions Involve City and State Agencies.** Where an action involves both city and state agencies, the city agency prescribed by or selected pursuant to subdivisions (a) through (i) of this section shall, together with such state agencies, participate in selection of the lead agency pursuant to SEQRA, and such selection shall be binding upon the city. The criteria set forth in §617.6(e)(5) of the SEQRA Regulations shall be considered in deciding whether or not a city agency shall serve as lead agency. The Office of Environmental Coordination shall perform the functions set forth in subdivision (d) of §5-04 of these rules.

HISTORICAL NOTE

Section added City Record July 3, 1991 eff. Oct. 1, 1991.

CASE NOTES

¶ 1. Where the applicant is a city agency and multiple agencies are involved, the agencies can decide among themselves as to which agency would be the lead agency for purposes of land use review. Landmark West v. Burden, N.Y.L.J. Apr. 22, 2004 at 18, col. 1 (Sup.Ct. New York Co.).

62 RCNY 5-04

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-04 The Office of Environmental Coordination.

(a) The Director of City Planning and the Commissioner of the Department of Environmental Protection shall designate persons from the staffs of the Departments of City Planning and Environmental Protection who shall comprise the Office of Environmental Coordination (OEC). The OEC shall provide assistance to all city agencies in fulfilling their environmental review responsibilities.

(b) The OEC shall perform any environmental review function assigned to it by a lead agency, except the OEC may not issue, amend or rescind a determination of significance, notice of completion of a draft or final environmental impact statement, written findings following issuance of a final environmental impact statement, or analogous statements, notices or findings for a supplemental environmental impact statement. In addition, the lead agency may not delegate to the OEC its responsibility to issue the final scope or to attend the scoping meeting; however, the lead agency may delegate to the OEC the power to chair the scoping meeting.

(c) In addition to any other functions the OEC may perform pursuant to these rules, the OEC shall:

(1) Work with appropriate city agencies to develop and maintain technical standards and methodologies for environmental review and, upon request, assist in the application by agencies of such standards and methodologies;

(2) Work with appropriate city agencies to develop and maintain a technical database that may be utilized by applicants and city agencies in completing the standardized environmental assessment statement described in this subdivision and in preparation of draft and final environmental impact statements;

(3) Prepare and maintain a standardized environmental assessment statement, which shall provide guidance in determining whether the action may have a significant effect on the environment;

(4) At the request of a lead agency, coordinate the work of the technical staffs of interested agencies in order to complete environmental review, and expedite responses by interested agencies to requests of the lead agency;

(5) (i) Receive and maintain on file notifications of commencement of environmental review, determinations of significance (including completed environmental assessment statements), draft and final scopes issued pursuant to §5-07 of these rules, draft and final environmental impact statements, and significant supporting documentation comprising the official records of environmental reviews,

(ii) provide to the public upon request, or make available for inspection by the public during normal business hours, materials maintained on file pursuant to this paragraph,

(iii) publish a quarterly listing of all notifications of commencement, determinations of significance, draft and final scopes and draft and final environmental impact statements received and filed pursuant to this paragraph, and

(iv) in its discretion, advise lead agencies as to whether such documents are consistent with standards and methodologies developed pursuant to this subdivision and reflect proper use of the standardized environmental assessment statement;

(6) Provide to lead agencies staff training, management assistance, model procedures, coordination with other agencies, and other strategies intended to remedy any problems that arise with respect to consistency with standards and methodologies developed pursuant to this subdivision or proper use of the standardized environmental assessment statement;

(7) Provide to lead agencies a format for notices of public scoping meetings, assist lead agencies in ensuring that public scoping meetings are conducted in an effective manner, and, to the extent the OEC deems appropriate, comment on the draft scope and participate in such meetings;

(8) Prepare standardized forms for notifications of commencement of environmental review, determinations of significance, notices of completion of draft and final environmental impact statements, and, as may be appropriate, other environmental review documents; and

(9) Work with appropriate city agencies to develop and implement a tracking system to ensure that mitigation measures are implemented in a timely manner, and to evaluate and report on the effectiveness of mitigation measures.

(d) Any state agency that seeks a determination whether a city agency shall serve as the lead agency for an action that involves city and state agencies should initially communicate with the OEC. Upon receipt of such communication, the OEC shall ascertain the city agency which is designated as lead agency by or pursuant to these rules and shall notify such agency of such communication. Such designated agency may then act pursuant to subdivision (j) of §3 of these rules.

(e) Where an action or part thereof has been or will be reviewed by a federal agency, the OEC shall assist city agencies in coordinating review with the appropriate federal agency.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-05 Environmental Review Procedures.

(a) **Threshold Determination.** (1) In the case of any action for which a lead agency is prescribed by §5-03 of these rules, and thus for which no agreement among involved agencies is necessary, only such lead agency may determine that such action, considered in its entirety, requires environmental review, and such determination shall be binding upon the city. The OEC shall, upon the request of such agency, assist in such deter- mination.

(2) In the case of any action for which agreement among involved agencies is necessary for selection of a lead agency, if an agency that could be the lead agency for the particular action pursuant to subdivisions (b) through (g) of §5-03 of these rules determines that such action may require environmental review, then the lead agency shall be agreed upon as provided in §3 of these rules, and such lead agency shall determine whether such action, considered in its entirety, requires environmental review. Such determination shall be binding upon the city. The OEC shall assist in any determination made pursuant to this paragraph upon the request of the agency making such determination.

(3) Nothing contained in this subdivision shall be construed to require an affirmative determination, whether formal or informal, that an action is exempt from environmental review, or is a Type II action pursuant to the SEQRA Regulations, where such determination would not otherwise be required by law.

(b) **Other Determinations.** (1) After the determination that an action requires environmental review, the lead agency shall notify the OEC that it is commencing environmental review and complete or cause to be completed the standardized environmental assessment statement provided by the OEC. Such statement shall provide guidance in determining whether the action may have a significant effect on the environment. The OEC and interested and involved agencies shall, upon the request of the lead agency, assist the lead agency in completing such statement.

(2) The OEC and interested and involved agencies shall, upon the request of the lead agency, assist such lead agency with respect to any aspect of a determination of significance and/or a draft, final and/or supplemental environmental impact statement.

(3) Whenever, in the preparation of a draft environmental impact statement, the lead agency identifies a potential significant impact, the lead agency shall consult with any agency that has primary jurisdiction to carry out possible mitigations, and with any city agency that has primary regulatory jurisdiction over the subject matter of such impact.

(4) Lead agencies shall send copies of the following to the OEC upon issuance: notifications of commencement of environmental review, determinations of significance (including completed environmental assessment statements), draft and final scopes, draft and final environmental impact statements. In addition, lead agencies shall forward to the OEC significant supporting documentation comprising the official records of environmental reviews.

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-06 Involved and Interested Agencies; Required Circulation.

(a) The lead agency and the OEC shall make every reasonable effort to keep involved and interested agencies informed during the environmental review process and to facilitate their participation in such process. If the City Council is involved in an action, staff of the lead agency and/or staff of the OEC shall be made available to explain determinations made by the lead agency to the City Council or the appropriate City Council committee or staff.

(b) Any written information submitted by an applicant for purposes of a determination by the lead agency whether an environmental impact statement will be required by law, and documents or records intended to define or substantially redefine the overall scope of issues to be addressed in any draft environmental impact statement required by law, shall be circulated to all affected community or borough boards, where such circulation is required by the Charter.

(c) If the City Council is involved in an action, any written information, documents or records that are required to be circulated to involved agencies or to affected community boards or borough boards shall be circulated to the City Council.

62 RCNY 5-07

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-07 Scoping.

Following the issuance of a notice of determination (positive declaration), the lead agency shall coordinate the scoping process, which shall ensure that all interested and involved agencies (including the City Council where it is interested or involved), the applicant, the OEC, community and borough boards, borough presidents and the public are able to participate. The scoping process shall include a public scoping meeting and take place in accordance with the following procedure:

(a) **Draft Scope.** Within fifteen days after issuance of a notice of determination (positive declaration), the lead agency shall issue a draft scope, which may be prepared by the applicant but must be approved by the lead agency. The lead agency may consult with the OEC and other agencies prior to issuance of the draft scope.

(b) **Public Notice and Comment.** Upon issuance of the draft scope and not less than thirty nor more than forty-five days prior to the holding of the public scoping meeting, the lead agency shall publish in the City Record a notice indicating that a draft environmental impact statement will be prepared for the proposed action and requesting public comment with respect to the identification of issues to be addressed in the draft environmental impact statement. Such notice shall be in a format provided by the OEC and shall state that the draft scope and the environmental assessment statement may be obtained by any member of the public from the lead agency and/or the OEC. Such notice shall also contain the date, time and place of the public scoping meeting, shall provide that written comments will be accepted by the lead agency through the tenth day following such meeting, and shall set forth guidelines for public participation in such meeting.

(c) **Agency Notice and Comment.** Upon issuance of the draft scope and not less than thirty nor more than

forty-five days prior to the holding of the public scoping meeting, the lead agency shall circulate the draft scope and the environmental assessment statement to all interested and involved agencies (including the City Council where it is interested or involved), to the applicant, to the OEC and to agencies entitled to send representatives to the public scoping meeting pursuant to §197-c(d) or 668(a)(7) of the Charter. Together with the draft scope and the environmental assessment statement, a letter shall be circulated indicating the date, time and place of the public scoping meeting, and stating that comments will be accepted by the lead agency through the tenth day following such meeting. The lead agency may consult with other agencies regarding their comments, and shall forward any written comments received pursuant to this subdivision to the OEC.

(d) **Public Scoping Meeting.** The lead agency shall chair the public scoping meeting. In addition to the lead agency, all other interested and involved agencies that choose to send representatives (including the City Council where it is interested or involved), the applicant, the OEC, and agencies entitled to send representatives pursuant to §197-c(d) or 668(a)(7) of the Charter may participate. The meeting shall include an opportunity for the public to observe discussion among interested and involved agencies, agencies entitled to send representatives, the applicant and the OEC. Reasonable time shall be provided for the public to comment with respect to the identification of issues to be addressed in the draft environmental impact statement. The OEC shall assist the lead agency in ensuring that the public scoping meeting is conducted in an effective manner.

(e) **Final Scope.** Within thirty days after the public scoping meeting, the lead agency shall issue a final scope, which may be prepared by the applicant and approved by the lead agency. The lead agency may consult further with the OEC and other agencies prior to issuance of the final scope. Where a lead agency receives substantial new information after issuance of a final scope, it may amend the final scope to reflect such information.

(f) **Scoping of City Agency Actions.** For actions which do not involve private applications, nothing contained in these rules shall be construed to prevent a lead agency, where deemed necessary for complex actions, from extending the time frames for scoping set forth in this section, or from adding additional elements to the scoping process.

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-08 Applications and Fees.

(a) **Applications.** Applications submitted for City Environmental Quality Review for actions that require such review shall be submitted to the lead agency prescribed by these rules, or to an agency that could be the lead agency for the particular action pursuant to §5-03 of these rules. Such applications shall include information required to be obtained from applicants in order for the lead agency to complete or cause to be completed the standardized environmental assessment statement, and such other documents and additional information as the lead agency may require to make a determination of significance. In addition, except as otherwise provided in these rules, such applications shall conform to the requirements of Executive Order 91. Applicants shall file twenty-five copies of each application.

(b) **Fees.** Except as otherwise provided by this section, fees in effect on the effective date of these rules pursuant to Executive Order 91 and codified as §3-02 of these rules shall continue to govern City Environmental Quality Review applications, unless the City Planning Commission shall by rule modify such fees. Such fees shall be submitted to the lead agency prescribed by these rules, or to an agency that could be the lead agency for the particular action pursuant to §5-03 of these rules, and shall be in the form of a check or money order made out to the "City of New York."

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR)

§5-09 Transition Section.

(a) An action shall not be subject to these rules, but shall comply with Executive Order 91, as in effect prior to the effective date of these rules, where:

(1) a classification as exempt, excluded or Type II has been made prior to the effective date of these rules;

(2) a project data statement has been completed more than thirty days prior to the effective date of these rules and a determination of significance has not been made prior to the effective date of these rules;

(3) a negative declaration or a conditional negative declaration has been issued prior to the effective date of these rules; or

(4) a notice of determination (positive declaration) has been issued more than thirty days prior to the effective date of these rules; provided, however, that if a negative declaration or conditional negative declaration is rescinded, or if a classification as exempt, excluded or Type II is no longer applicable, or if a supplemental environmental impact statement is required, or if a notice of determination (positive declaration) has been issued less than thirty days prior to the effective date of these rules or is issued on or after the effective date of these rules, these rules shall apply, and the lead agency prescribed by or selected pursuant to these rules shall thereupon assume lead agency status at the earliest time practicable.

(b) Except as provided in subdivision (a) of this section, the lead agency prescribed by or selected pursuant to these rules shall assume lead agency status at the earliest time practicable. If a determination of significance has not been

made and such lead agency determines that the action requires environmental review, it shall notify the OEC that it is commencing environmental review and shall complete or cause to be completed the standardized environmental assessment statement provided by the OEC, regardless of whether a project data statement has been completed. However, such lead agency shall not be required to engage in scoping pursuant to §5-07 of these rules if a final scope has already been prepared. Until the lead agency prescribed by or selected pursuant to these rules assumes lead agency status, the action shall be subject to Executive Order 91 as in effect prior to the effective date of these rules; however, after the effective date of these rules, the prior lead agency or agencies shall not issue a determination of significance or notice of completion of a draft or final environmental impact statement, classify an action as exempt, excluded or Type II, convene a scoping meeting or conduct a public hearing pursuant to CEQR.

62 RCNY 5 - APPENDIX A

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

[Supplemented by new statement of authority and purpose, Rules §5-01 (new CEQR rule)[62 RCNY Chapter 5]] WHEREAS, the improvement of our urban environment is critically important to the overall welfare of the people of the City; and

WHEREAS, the development and growth of the City can and should be reconciled with the improvement of our urban environment; and

WHEREAS, it is the continuing policy of the City that environmental, social and economic factors be considered before governmental approval is given to proposed activities that may significantly affect our urban environment; and

WHEREAS, subdivision (3) of §8-0113 of Article 8 of the New York State Environmental Conservation Law (State Environmental Quality Review Act, or "SEQRA") and the regulations promulgated thereunder (6 NYCRR 617) authorizes local governments to adopt rules, procedures, criteria and guidelines for incorporating environmental quality review procedures into existing planning and decision making processes; and

WHEREAS, the procedures formulated in the Executive Order are intended to be integrated into existing agency procedures, including the Uniform Land Use Review procedure contained in §197-c of Chapter 8 of the City Charter, in order to avoid delay and to encourage a one-stop review process; and

WHEREAS, §8-0117 of SEQRA, as amended, provides that only actions or classes of actions identified by the State Department of Environmental Conservation as likely to require preparation of an environmental impact statement shall be subject to this Executive Order until November 1, 1978, after which date non-exempt actions will be fully subject to this Executive Order; and

WHEREAS, the implementation of SEQRA in the City by this Executive Order will accomplish the purposes for which Executive Order No. 87 of October 18, 1973 ("Environmental Review of Major Projects") was promulgated and will continue the policy established therein.

[Exec. Order 91 continued except as otherwise provided, see Rules §5-02(a). See new Rules of Construction, Rules §5-02(b).] NOW, THEREFORE, by the power vested in me as Mayor of the City of New York, Executive Order No. 87 of October 18, 1973 is, in accordance with the provisions of §§16 and 18 hereunder, hereby replaced by this Executive Order as follows:

§6-02 Definitions.

[Additional definitions, City Planning Rules §5-02(c).] As used herein, the following terms shall have the indicated meanings unless noted otherwise:

Action. **[Modified by City Planning Rules §5-02(c)(2).]** "Action" means any activity of an agency, other than an exempt action enumerated in §6-04 of this chapter, including but not limited to the following:

(1) non-ministerial decisions on physical activities such as construction or other activities which change the use or appearance of any natural resource or structure;

(2) non-ministerial decisions on funding activities such as the proposing, approval or disapproval of contracts, grants, subsidies, loans, tax abatements or exemptions or other forms of direct or indirect financial assistance, other than expense budget funding activities;

(3) planning activities such as site selection for other activities and the proposing, approval or disapproval of master or long range plans, zoning or other land use maps, ordinances or regulations, development plans or other plans designed to provide a program for future activities;

(4) policy making activities such as the making, modification or establishment of rules, regulations, procedures, policies and guidelines;

(5) non-ministerial decisions on licensing activities, such as the proposing, approval or disapproval of a lease, permit, license, certificate or other entitlement for use or permission to act.

Agency. **[Inapplicable. See City Planning Rules §5-02(a), §5-02(c)(3)(i).]**"Agency" means any agency, administration, department, board, commission, council, governing body or any other governmental entity of the City of New York, unless otherwise specifically referred to as a state or federal agency.

Applicant. "Applicant" means any person required to file an application pursuant to this chapter.

Conditional negative declaration. "Conditional negative declaration" means a written statement prepared by the lead agencies after conducting an environmental analysis of an action and accepted by the applicant in writing, which announces that the lead agencies have determined that the action will not have a significant effect on the environment if the action is modified in accordance with conditions or alternative designed to avoid adverse environmental impacts.

DEC. "DEC" means the New York State Department of Environmental Conservation.

Environment. "Environment" means the physical conditions which will be affected by a proposed action, including land, air, water, minerals, flora, fauna, noise, objects of historic or aesthetic significance, existing patterns of population concentration, distribution or growth, and existing community or neighborhood character.

Environmental analysis. "Environmental analysis" means the lead agencies' evaluation of the short and long term, primary and secondary environmental effects of an action, with particular attention to the same areas of environmental impacts as would be contained in an EIS. It is the means by which the lead agencies determine whether an action under consideration may or will not have a significant effect on the environment.

Environmental assessment form. **[Retitled Environmental Assessment Statement; see City Planning Rules §5-04(c)(3).]** "Environmental assessment form" means a written form completed by the lead agencies, designed to assist their evaluation of actions to determine whether an action under consideration may or will not have a significant effect on the environment.

Environmental impact statement (EIS). "Environmental impact statement (EIS)" means any written document prepared in accordance with §§6-08, 6-10, 6-12 and 6-13 of this chapter. An EIS may either be in a draft or a final form.

Environmental report. "Environmental report" means a report to be submitted to the lead agencies by a non-agency applicant when the lead agencies prepare or cause to be prepared a draft EIS for an action involving such an applicant. An environmental report shall contain an analysis of the environmental factors specified in §6-10 of this chapter as they relate to the applicant's proposed action and such other information as may be necessary for compliance with this chapter, including the preparation of an EIS.

Lead agencies. **[Inapplicable, City Planning Rules §5-02(a). Superseded by City Planning Rules §5-02(b)(1) and §5-02(c)(3)(vi); also see City Planning Rules §5-03 for choice of lead agency.]**

Ministerial action. "Ministerial action" means an action performed upon a given state of facts in a prescribed manner imposed by law without the exercise of any judgment or discretion as to the propriety of the action, although such law may require, in some degree, a construction of its language or intent.

Negative declaration. "Negative declaration" means a written statement prepared by the lead agencies after conducting an environmental analysis of an action which announces that the lead agencies have determined that the action will not have a significant effect on the environment.

Notice of determination. **[See also City Planning Rules §5-02(c)(3)(iii).]** "Notice of determination" means a written statement prepared by the lead agencies after conducting an environmental analysis of an action which

announces that the lead agencies have determined that the action may have a significant effect on the environment, thus requiring the preparation of an EIS.

NYCRR. **[See also City Planning Rules §5-02(c)(3)(viii).]** "NYCRR" means the New York Code of Rules and Regulations.

Person. "Person" means an agency, individual, corporation, governmental entity, partnership, association, trustee or other legal entity.

Project data statement. **[Inapplicable, City Planning Rules §5-02(a). Superseded by Environmental Assessment Statement, see City Planning Rules §5-04(c)(3). See also City Planning Rules §5-05(b)(1) and §5-08(a).]**

SEQRA. "SEQRA" means the State Environmental Quality Review Act (Article 8 of the New York State Environmental Conservation Law).

Typically associated environmental effect. "Typically associated environmental effect" means changes in one or more natural resources which usually occur because of impacts on other such resources as a result of natural interrelationships or cycles.

ULURP. "ULURP" means the Uniform Land Use Review Procedure (§197-c of Chapter 8 of the New York City Charter).

§6-03 Actions Involving Federal or State Participation.4

(a) **[See also City Planning Rules §5-04(e)]** If an action under consideration by an agency may involve a "major federal action significantly affecting the quality of the human environment under the National Environmental Policy Act of 1969," then the following procedures shall apply:

(1) in the case of an action for which there has been duly prepared both a draft EIS and a final EIS, no agency shall have an obligation to prepare an EIS or to make findings pursuant to §6-12 of this chapter.

(2) in the case of an action for which there has been prepared a Negative Declaration or other written threshold determination that the action will not require a federal impact statement under the National Environmental Policy Act of 1969, the lead agencies shall determine whether or not the action may have a significant effect on the environment pursuant to this chapter, and the action shall be fully subject to the same.

(b) **[Inapplicable, City Planning Rules §5-02(a). Entire subdivision (b) superseded by City Planning Rules §5-03(j)]) and §5-04(d).]**

§6-04 Exempt Actions.

[See also City Planning Rules §5-02(d).] The following actions shall not be subject to the provisions of this chapter:

(a) projects or activities classified as Type I pursuant to §6-15 of this chapter directly undertaken or funded by an agency prior to June 1, 1977 except that if such action is sought to be modified after June 1, 1977, which modification may have a significant adverse effect on the environment, then such modification shall be an action fully subject to the requirements of this chapter;

(1) such actions include, but are not limited to, those actions defined in §6-02 "Action" (1), (2), (3) and (4) of this chapter;

(2) an action shall be deemed to be undertaken at the point that:

(i) the agency is irreversibly bound or committed to the ultimate completion of a specifically designed activity or project; or

(ii) in the case of construction activities, a contract for substantial construction has been entered into or if a continuous program of on-site construction or modification has been engaged in; or

(iii) the agency gives final approval for the issuance to an applicant of a discretionary contract, grant, subsidy, loan

or other form of financial assistance; or

(iv) in the case of an action involving federal or state participation, a draft EIS has been prepared pursuant to the National Environmental Policy Act of 1969 or SEQRA, respectively.

(b) projects or activities classified as Type I pursuant to §6-15 of this chapter approved by an agency prior to September 1, 1977 except that if such action is sought to be modified after September 1, 1977, which modification may have a significant adverse effect on the environment, then such modification shall be an action fully subject to the requirements of this chapter;

(1) such actions include, but are not limited to, those actions defined in §6-02 "Action" (2) and (5) of this chapter;

(2) an action shall be deemed to be approved at the point that:

(i) the agency gives final approval for the issuance to an applicant of a discretionary contract, grant, subsidy, loan or other form of financial assistance; or

(ii) the agency gives final approval for the issuance to an applicant of a discretionary lease, permit, license, certificate or other entitlement for use or permission to act; or

(iii) in the case of an action involving federal or state participation, a draft EIS has been prepared pursuant to the National Environmental Policy Act of 1969 or SEQRA, respectively.

(c) projects or activities not otherwise classified as Type I pursuant to §6-15 of this chapter directly undertaken, funded or approved by an agency prior to November 1, 1978 except that if such action is sought to be modified after November 1, 1978, which modification may have a significant adverse effect on the environment, then such modification shall be an action fully subject to the requirements of this chapter;

(1) such actions include, but are not limited to, those actions defined in §6-02 "Action" of this chapter;

(2) an action shall be deemed to be undertaken as provided in paragraphs (a)(2) and (b)(2) of this section, as applicable.

(d) enforcement or criminal proceedings or the exercise of prosecutorial discretion in determining whether or not to institute such proceedings;

(e) **[See City Planning Rules §5-02(d).]** ministerial actions, which shall appear on a list compiled, certified and made available for public inspection by the lead agencies, except as provided in §6-15(a), Type I, of this chapter, relating to critical areas and historic resources;

(f) maintenance or repair involving no substantial changes in existing structures or facilities;

(g) actions subject to the provisions requiring a certificate of environmental compatibility and public need in Article 7 and 8 of the Public Service Law;

(h) actions which are immediately necessary on a limited emergency basis for the protection or preservation of life, health, property or natural resources; and

(i) actions of the Legislature of the State of New York or of any court.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

§6-05 Determination5 of Significant Effect-Applications.

(a) **[Inapplicable, City Planning Rules §5-02(a). Superseded by City Planning Rules §5-05(a). See also City Planning Rules §5-02(b)(2) and §5-02(d).]**

(b) **[Introductory paragraph inapplicable, City Planning Rules §5-02(a). Paragraph (b) superseded by City Planning Rules §5-08.]** The applicant initiating the proposed action, other than an exempt or Type II action pursuant to §6-04 of this chapter, shall file an application with the lead agencies, which application shall include a Project Data Statement and such other documents and additional information as the lead agencies may require to conduct an environmental analysis to determine whether the action may or will not have a significant effect on the environment. Where possible existing City applications shall be modified to incorporate this procedure and a one-stop review process developed;

(1) within 20 calendar days of receipt of a determination pursuant to §6-03(b) of this chapter, if applicable, the lead agencies shall notify the applicant, in writing, whether the application is complete or whether additional information is required;

(2) **[Determination pursuant to §5-03(b) deemed to refer to lead agency selection pursuant to City Planning Rules §5-03. See City Planning Rules §5-02(b)(3).]** when all required information has been received, the lead agencies shall notify the applicant, in writing, that the application is complete.

(c) Each application shall include an identification of those agencies, including federal or state agencies, which to

the best knowledge of the applicant, have jurisdiction by law over the action or any portion thereof.

(d) Where appropriate, the application documents may include a concise statement or reasons why, in the judgment of the applicant, the proposed action is one which will not require the preparation of an EIS pursuant to this chapter.

(e) Initiating applicants shall consider the environmental impacts of proposed actions and alternatives at the earliest possible point in their planning processes, and shall develop wherever possible, measures to mitigate or avoid adverse environmental impacts. A statement discussing such considerations, alternatives and mitigating measures shall be included in the application documents.

(f) Nothing in this section shall be deemed to prohibit an applicant from submitting a preliminary application in the early stages of a project or activity for review and comment by the lead agencies.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

§6-06 Determination6 of Significant Effect-Criteria.

(a) An action may have a significant effect on the environment if it can reasonably be expected to lead to one of the following consequences:

(1) a substantial adverse change to ambient air or water quality or noise levels or in solid waste production, drainage, erosion or flooding;

(2) the removal or destruction of large quantities of vegetation or fauna, the substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on critical habitat areas, or the substantial affecting of a rare or endangered species of animal or plant or the habitat of such a species;

(3) the encouraging or attracting of a large number of people to a place or places for more than a few days relative to the number of people who would come to such a place absent the action;

(4) the creation of a material conflict with a community's existing plans or goals as officially approved or adopted;

(5) the impairment of the character or quality of important historical, archeological, architectural or aesthetic resources (including the demolition or alteration of a structure which is eligible for inclusion in an official inventory of such resources), or of existing community or neighborhood character;

(6) a major change in the use of either the quantity or type of energy;

(7) the creation of a hazard to human health or safety;

(8) a substantial change in the use or intensity of use of land or other natural resources or in their capacity to support existing uses, except where such a change has been included, referred to, or implicit in a broad "programmatic" EIS prepared pursuant to §6-13 of this chapter.

(9) the creation of a material demand for other actions which would result in one of the above consequences;

(10) changes in two or more elements of the environment, no one of which is substantial, but taken together result in a material change to the environment.

(b) **[Reference to §6-15 Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules §5-02(b)(2).]** For the purpose of determining whether an action will cause one of the foregoing consequences, the action shall be deemed to include other contemporaneous or subsequent actions which are included in any long-range comprehensive integrated plan of which the action under consideration is a part, which are likely to be undertaken as a result thereof, or which are dependent thereon. The significance of a likely consequence (i.e. where it is material, substantial, large, important, etc.) should be assessed in connection with its setting, its probability of occurring, its duration, its irreversibility, its controllability, its geographic scope and its magnitude (i.e. degree of change or its absolute size). Section 6-15 of this chapter refers to lists of actions which are likely to have a significant effect on the environment and contains lists of actions found not to have a significant effect on the environment.

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

§6-07 Determination7 of Significant Effect-Notification.

(a) **[Error. Reference to §6-05(a) should be to §6-05(b).]** The lead agencies shall determine within 15 calendar days following notification of completion of the application pursuant to §6-05(a) of this chapter whether the proposed action may have a significant effect on the environment;

(1) **[Reference to §6-15(b) Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules §5-02(b)(2).]** In making their determination, the lead agencies shall employ the Environmental Assessment Form, apply the criteria contained in §6-06 and consider the lists of actions contained in §6-15 of this chapter;

(2) The lead agencies may consult with, and shall receive the cooperation of any other agency before making their determination pursuant to this subdivision (a).

(b) The lead agencies shall provide written notification to the applicant immediately upon determination of whether the action may or will not have a significant effect on the environment. Such determination shall be in one of the following forms:

(1) **Negative Declaration. [Reference to §6-15, Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13 See Rules §5-02(b)(2).]** If the lead agencies determine that the proposed action is not an exempt action or a Type II action pursuant to §§6-04 and 6-15 of this chapter, respectively, and that the action will not have a significant effect on the environment, they shall issue a Negative Declaration which shall contain the following information:

(i) an action identifying number;

(ii) a brief description of the action;

(iii) the proposed location of the action;

(iv) a statement that the lead agencies have determined that the action will not have a significant effect on the environment;

(v) a statement setting forth the reasons supporting the lead agencies' determination.

(2) **Conditional Negative Declaration. [Reference to §6-15, Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules §5-02(b)(2).]** If the lead agencies determine that the proposed action is not an exempt action or a Type II action pursuant to §§6-04 and 6-15 of this chapter, respectively, and that the action will not have a significant effect on the environment if the applicant modifies its proposed action in accordance with conditions or alternatives designed to avoid adverse environmental impacts, they shall issue a Conditional Negative Declaration which shall contain the following information (in addition to the information required for a Negative Declaration pursuant to paragraph (1) of this subdivision):

(i) a list of conditions, modifications or alternatives to the proposed action which supports the determination;

(ii) the signature of the applicant or its authorized representative, accepting the conditions, modifications or alternatives to the proposed action;

(iii) a statement that if such conditions, modifications or alternatives are not fully incorporated into the proposed action, such Conditional Negative Declaration shall become null and void. In such event, a Notice of Determination shall be immediately issued pursuant to paragraph (3) of this subdivision.

(3) **Notice of Determination. [Reference to §6-15 Type II list, deemed to be State Type II list of 6 NYCRR Part 617.13. See City Planning Rules §5-02(b)(2).]** If the lead agencies determine that the proposed action is not an exempt action or a Type II action pursuant to §§6-04 and 6-15 of this chapter, respectively, and that the action may have a significant effect on the environment, they shall issue a Notice of Determination which shall contain the following information:

(i) an action description number;

(ii) a brief description of the action;

(iii) the proposed location of the action;

(iv) a brief description of the possible significant effects on the environment of the action;

(v) a request that the applicant prepare or cause to be prepared, at its option, a draft EIS in accordance with §§6-08 and 6-12 of this chapter.

(c) **[See additional circulation provisions, City Planning Rules §5-06(b) and §5-06(c). City Clerk function transferred to Office of Environ. Coord., City Planning Rules §5-02(b)(4).]** The lead agencies shall make available for public inspection the Negative Declaration, Conditional Negative Declaration or the Notice of Determination, as the case may be, and circulate copies of the same to the applicant, the regional director of the DEC, the commissioner of DEC, the appropriate Community Planning Board(s), the City Clerk, and all other agencies, including federal and state agencies, which may be involved in the proposed action.

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

§6-08 Draft8 Environmental Impact Statements-Responsibility for Preparation.

(a) **Non-agency applicants.**

(1) **[Rules add formal scoping, City Planning Rules §5-07. Interested and involved agencies assist with DEIS on request. See City Planning Rules §5-05(b)(2).]** After receipt of a Notice of Determination pursuant to §6-07(c)(3) of this chapter, a non-agency applicant shall notify the lead agencies in writing as to whether it will exercise its option to prepare or cause to be prepared a draft EIS, and as to whom it has designated to prepare the draft EIS, provided that no person so designated shall have an investment or employment interest in the ultimate realization of the proposed action;

(2) **[See also City Planning Rules §5-05(b)(3) for requirements of lead consultation on mitigations.]** the lead agencies may prepare or cause to be prepared a draft EIS for an action involving a non-agency applicant. In such event, the applicant shall provide, upon request, an environmental report to assist the lead agencies in preparing or causing to be prepared the draft EIS and such other information as may be necessary. All agencies shall fully cooperate with the lead agencies in all matters relating to the preparation of the draft EIS.

(3) if the non-agency applicant does not exercise its option to prepare or cause to be prepared a draft EIS, and the lead agencies do not prepare or cause to be prepared such draft EIS, then the proposed action and review thereof shall terminate.

(b) **Agency applicants.** (1) When an action which may have a significant effect on the environment is initiated by

an agency, the initiating agency shall be directly responsible for the preparation of a draft EIS. However, preparation of the draft EIS may be coordinated through the lead agencies.

(2) **[See City Planning Rules §5-05(b)(3)for requirements of lead consultation on mitigations.]** All agencies, whether or not they may be involved in the proposed action, shall fully cooperate with the lead agencies and the applicant agency in all matters relating to the coordination of the preparation of the draft EIS.

(c) Notwithstanding the provisions contained in subdivisions (a) and (b) of this section, when a draft EIS is prepared, the lead agencies shall make their own independent judgment of the scope, contents and adequacy of such draft EIS.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

APPENDIX A TO CHAPTER 5 CITY ENVIRONMENTAL QUALITY REVIEW (CEQR) [EXECUTIVE ORDER NO. 91 OF 1977, AS AMENDED]*1

§6-09 Environmental9 Impact Statements-Content.

(a) **[Lead to be guided by technical standards and methodologies developed by Office of Environ. Coord., City Planning Rules §5-04(c).]** Environmental impact statements should be clearly written in a brief and concise manner capable of being read and understood by the public. Within the framework presented in subdivision (d) of this section, such statements should deal only with the specific significant environmental impacts which can be reasonably anticipated. They should not contain more detail than is appropriate considering the nature and magnitude of the proposed action and the significance of its potential impacts.

(b) All draft and final EIS's shall be preceded by a cover sheet stating:

(1) whether it is a draft or a final;

(2) the name or other descriptive title of the action;

(3) the location of the action;

(4) the name and address of the lead agencies and the name and telephone number of a person at the lead agencies to be contacted for further information;

(5) identification of individuals or organizations which prepared any portion of the statement; and

(6) the date of its completion.

(c) If a draft or final EIS exceeds ten pages in length, it shall have a table of contents following the cover sheet.

(d) The body of all draft and final EIS's shall contain at least the following:

(1) a description of the proposed action and its environmental setting;

(2) a statement of the environmental impacts of the proposed action, including its short-term and long-term effects, and typically associated environmental effects;

(3) an identification of any adverse environmental effects which cannot be avoided if the proposed action is implemented;

(4) a discussion of the social and economic impacts of the proposed action;

(5) a discussion of alternatives to the proposed action and the comparable impacts and effects of such alternatives;

(6) an identification of any irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented;

(7) a description of mitigation measures proposed to minimize adverse environmental impacts;

(8) a description of any growth-inducing aspects of the proposed action, where applicable and significant;

(9) a discussion of the effects of the proposed action on the use and conservation of energy, where applicable and significant;

(10) a list of underlying studies, reports or other information obtained and considered in preparing the statement; and

(11) (for the final EIS only) copies or a summary of the substantive comments received in response to the draft EIS and the applicant's response to such comments.

(e) An EIS may incorporate by reference all or portions of other documents which contain information relevant to the statement. The referenced documents shall be made available to the public in the same places where copies of the statement are made available. When a statement uses incorporation by reference, the referenced document shall be briefly described and its date of preparation provided.

§6-10 Draft Environmental10 Impact Statements-Procedures.

(a) **Notice of Completion.** Upon the satisfactory completion of a draft EIS, the lead agencies shall immediately prepare, file and make available for public inspection a Notice of Completion as provided in paragraphs (1), (2) and (3) of this subdivision. Where a proposed action is simultaneously subject to the Uniform Land Use Review Procedure ("ULURP"), the City Planning Commission shall not certify an application pursuant to ULURP until a Notice of Completion has been filed as provided in paragraph (3) of this subdivision.

(1) **Contents of Notice of Completion.** All Notices of Completion shall contain the following:

(i) an action identifying number;

(ii) a brief description of the action;

(iii) the location of the action and its potential impacts and effects; and

(iv) a statement that comments on the draft EIS are requested and will be received and considered by the lead agencies at their offices. The Notice shall specify the public review and comment period on the draft EIS, which shall be for not less than 30 calendar days from the date of filing and circulation of the notice, or not less than 10 calendar days following the close of a public hearing on the draft EIS, whichever last occurs.

(2) **Circulating Notice of Completion.** All Notices of Completion shall be circulated to the following:

(i) all other agencies, including federal and state agencies, involved in the proposed action;

(ii) all persons who have requested it;

(iii) the editor of the State Bulletin;

(iv) the State clearinghouse;

(v) the appropriate regional clearinghouse designated under the Federal Office of Management and Budget Circular A-95.

(3) **Filing Notice of Completion.** All Notices of Completion shall be filed with and made available for public inspection by the following:

(i) the Commissioner of DEC;

(ii) the regional director of DEC;

(iii) the agency applicant, where applicable;

(iv) the appropriate Community Planning Board(s);

(v) the City Clerk;

(vi) the lead agencies.

(b) **Filing and availability of draft EIS. [City clerk function transferred to OEC, City Planning Rules §5-02(b)(4).]** All draft EIS's shall be filed with and made available for public inspection by the same persons and agencies with whom Notices of Completion must be filed pursuant to paragraph (a)(3) of this section.

(c) **Public hearings on draft EIS.** (1) Upon completion of a draft EIS, the lead agencies shall conduct a public hearing on the draft EIS.

(2) The hearing shall commence no less than 15 calendar days or more than 60 calendar days after the filing of a draft EIS pursuant to subdivision (b) of this section, except where a different hearing date is required as appropriate under another law or regulation.

(3) Notice of the public hearing may be contained in the Notice of Completion or, if not so contained, shall be given in the same manner in which the Notice of Completion is circulated and filed pursuant to subdivision (a) of this section. In either case, the notice of hearing shall also be published at least 10 calendar days in advance of the public hearing in a newspaper of general circulation in the area of the potential impact and effect of the proposed action.

(4) Where a proposed action is simultaneously subject to ULURP, a public hearing conducted by the appropriate community or borough board and/or the City Planning Commission pursuant to ULURP shall satisfy the hearing requirement of this section. Where more than one hearing is conducted by the aforementioned bodies, whichever hearing last occurs shall be deemed the hearing for purposes of this chapter.

§6-11 Final11 Environmental Impact Statements-Procedures.

(a) **[Interested and involved agencies assist with FEIS on request, City Planning Rules §5-05(b)(2).]** Except as provided in paragraph (1) of this subdivision, the lead agencies shall prepare or cause to be prepared a final EIS within 30 calendar days after the close of a public hearing.

(1) If the proposed action has been withdrawn or if, on the basis of the draft EIS and the hearing, the lead agencies have determined that the action will not have a significant effect on the environment, no final EIS shall be prepared. In such cases, the lead agencies shall prepare, file and circulate a Negative Declaration as prescribed in §6-07 of this chapter.

(2) The final EIS shall reflect a revision and updating of the matters contained in the draft EIS in light of further review by the lead agencies, comments received and the record of the public hearing.

(b) Immediately upon the completion of a final EIS, the lead agencies shall prepare, file, circulate and make available for public inspection a Notice of Completion of a final EIS in a manner specified in §6-11(a) of this chapter, provided, however, that the Notice shall not contain the statement described in subparagraph (a)(1)(iv) of such section.

(c) Immediately upon completion of a final EIS, copies shall be filed and made available for public inspection in the same manner as the draft EIS pursuant to §6-1l(b) of this chapter.

§6-12 Agency Decision Making.

(a) No final decision to carry out or approve an action which may have a significant effect on the environment shall be made until after the filing and consideration of a final EIS.

(1) **[Inapplicable, City Planning Rules, §5-02(a).]**

(2) **[Inapplicable, City Planning Rules, §5-02(a).]**

(b) When an agency decides to carry out or approve an action which may have a significant effect on the environment, it shall make the following findings in a written decision:

(1) consistent with social, economic and other essential considerations of state and city policy, from among the reasonable alternatives thereto, the action to be carried out or approved is one which minimizes or avoids adverse environmental effects to the maximum extent possible, including the effects disclosed in the relevant environmental impact statement;

(2) consistent with social, economic and other essential considerations of state and city policy, all practicable means will be taken in carrying out or approving the action to minimize or avoid adverse environmental effects.

(c) For public information purposes, a copy of the Decision shall be filed in the same manner as the draft EIS pursuant to §6-11(b) of this chapter.

§6-13 Programmatic12 Environmental Impact Statements.

(a) Whenever possible, agencies shall identify programs or categories of actions, particularly projects or plans which are wide in scope or implemented over a long time frame, which would most appropriately serve as the subject of a single EIS. Broad program statements, master or area wide statements, or statements for comprehensive plans are often appropriate to assess the environmental effects of the following:

(1) a number of separate actions in a given geographic area;

(2) a chain of contemplated actions;

(3) separate actions having generic or common impacts;

(4) programs or plans having wide application or restricting the range of future alternative policies or projects.

(b) No further EIS's need be prepared for actions which are included in a programmatic EIS prepared pursuant to subdivision (a) of this section. However:

(1) a programmatic EIS shall be amended or supplemented to reflect impacts which are not addressed or adequately analyzed in the EIS as originally prepared; and

(2) actions which significantly modify a plan or program which has been the subject of an EIS shall require a supplementary EIS;

(3) programmatic EIS's requiring amendment and actions requiring supplementary EIS's pursuant to this section shall be processed in full compliance with the requirements of this chapter.

§6-15 Lists of Actions.

(a) **Type I. [See City Planning Rules §5-02(d).]** Type I actions enumerated in §617.12 of 6 NYCRR 617 are likely to, but will not necessarily, require the preparation of an EIS because they will in almost every instance significantly affect the environment. However, ministerial actions never require the preparation of an EIS except where such actions may directly affect a critical area or an historic resource enumerated in paragraphs (22) and (23), respectively, of subdivision (a) of §617.12. In addition, for the purpose of defining paragraph (2) of said subdivision and section, the following thresholds shall apply:

(1) relating to public institutions:

(i) new correction or detention centers with an inmate capacity of at least 200 inmates; (ii) new sanitation facilities, including:

(A) incinerators of at least 250 tons per day capacity;

(B) garages with a capacity of more than 50 vehicles;

(C) marine transfer stations;

(iii) new hospital or health related facilities containing at least 100,000 sq. ft. of floor area;

(iv) new schools with seating capacity of at least 1,500 seats;

(v) any new community or public facility not otherwise specified herein, containing at least 100,000 sq. ft. of floor area, or the expansion of an existing facility by more than 50 percent of size or capacity, where the total size of an expanded facility exceeds 100,000 sq. ft. of floor area.

(2) relating to major office centers: any new office structure which has a minimum of 200,000 sq. ft. of floor area and exceeds permitted floor area under existing zoning by more than 20 percent, or the expansion of an existing facility by more than 50 percent of floor area, where the total size of an expanded facility exceeds 240,000 sq. ft. of floor area.

(b) **Type II.** (1) **[See City Planning Rules §5-02(d).]** Type II actions will never require the preparation of an EIS because they are determined not to have a significant effect on the environment, except where such actions may directly affect a critical area or an historic resource enumerated in paragraphs (22) and (23), respectively, of subdivision (a) of §617.12 of 6 NYCRR 617.

(2) **[Inapplicable. Replaced by State Type II list 6 NYCRR Part 617.13. See City Planning Rules §5-02(a) and §5-02(b)(2).]**

Effective Date. **[See new City Planning transition rules §5-08 and §5-11. New Rules effective Oct. 1, 1991.]**

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-01 Purpose and Authority.

(a) **Authority.** These rules of procedure and minimum standards are established for the review of plans for the development, growth and improvement of the city, its boroughs and communities. Such plans may be sponsored by the Mayor, the City Planning Commission (the "Commission"), the Department of City Planning (the "Department"), and any Borough President, borough board or community board, (which agencies shall be referred to as the "sponsor" herein) pursuant to §197-a(b) of the New York City Charter.

(b) **Policy Guidance.** An adopted plan shall serve as a policy to guide subsequent actions by city agencies. The Commission shall consider pertinent such consideration as is consistent with the City Charter and general law. Agencies are urged to consider adopted 197-a plans as guidance for pertinent actions, whether or not such actions are subject to Commission review.

The existence of an adopted 197-a plan shall not preclude the sponsor or any other city agency from developing other plans or taking actions not contemplated by the 197-a plan that may affect the same geographic area or subject matter.

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-02 Plan Submission.

(a) **Notification of Intent.** To assist the Department in anticipating the need for technical assistance for the preparation of plans in the efficient scheduling of their review, the sponsor of a plan shall notify the Department of its intent to prepare and submit a plan. This notice shall be given not less than ninety (90) days prior to the submission of a proposed plan. Periodically, the Department shall report to the Commission on the notices received and on the progress of 197-a plans underway.

(b) **Submission.** Thirty (30) copies of all proposed plans shall be submitted to the Department of City Planning, Intake Office, 22 Reade Street, New York, N.Y. 10007. If a plan has been initiated by a community board, borough board or Borough President, this initial submission shall include a summary record of the public hearing held by the board or Borough President. The submission shall also include the name(s) and address(es) of the person(s) designated by the sponsor to be its representative(s) in any discussions of the plan.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-03 Threshold Review and Determination.

(a) **Department Review.** Each proposed plan shall be reviewed by the Department staff who shall report to the Commission not later than 90 days after the plan's submission as to whether the plan appears to meet the standards for form and content and for consistency with sound planning, as set forth in §6-04 of these rules. Prior to making the report, the staff shall inform the sponsor of all deficiencies with respect to form and content and any changes, additions or deletions which, in the opinion of the staff, may correct such deficiencies. The sponsor may, thereupon, indicate its willingness to make such changes, additions or deletions in which case the Department will defer its report to the Commission until the changes have been made. The sponsor may, instead, request that the plan be presented without change to the Commission for its threshold findings of form and content and sound planning policy.

At the time of any Department report on a proposed plan, the Commission may receive a similar report from representatives of the sponsor.

(b) **City Planning Commission Determination.** Within 30 days after its presentation by the Department staff, the Commission shall determine, when required by the Charter and in accordance with the standards set forth in §6-04 of these rules, whether the proposed plan is of appropriate form and sufficient content, and whether it is in accordance with sound planning policy.

If the Commission has determined that a proposed plan does not meet the standards for form or content or for sound planning policy, it shall direct the plan back to the sponsor with a statement explaining its deficiencies.

When the Commission has determined that a proposed plan is of appropriate form and content and is in accordance

with sound planning policy, it shall direct the Department to undertake the necessary environmental review if the plan has been sponsored by a community board in accordance with Article 5 of these rules. If the plan has been sponsored by an agency other than a community board the Commission shall determine whether a Type II declaration*1 , a negative declaration, or a notice of completion of a draft EIS has been issued, and if so, it shall direct the Department to distribute the plan in accordance with §6-06 of these rules.

(c) **Coordination of Plan Review.** The Commission may determine that, despite its finding of appropriate form and content and sound planning policy, a proposed plan should not immediately proceed because there are other planning efforts, ULURP reviews or environmental studies underway which should be coordinated with the plan. In such a case, the Commission may direct the Department to work with the sponsor and any other interested agencies in developing an appropriate timetable and strategy for the plan, and to report back to the Commission.

(d) **Progress Report.** When 180 days has elapsed following a threshold determination pursuant to subdivision (b), if a proposed plan has not been distributed for review either because the environmental review remains incomplete, or because the plan has been delayed pursuant to subdivision (c), the sponsoring agency may make a written request to the Commission to expedite the plan's distribution. The Commission shall direct the Department to report in writing within a fixed period of time the progress of the plan, including any outstanding aspects of the environmental review, or any continuing problems of coordination delaying its review. Upon receipt of the report, the Commission may direct the Department to complete the review within a reasonable period of time.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-04 Standards.

(a) **[Plan Form and Content].** The form and content of all proposed plans shall be consistent with the following:

(1) A plan may take the form of a comprehensive or master plan for a neighborhood, community district, borough or other broad geographic area of the city. Such a plan would combine elements related to housing, industrial and commercial uses, transportation, land use regulation, open space, recreation, community facilities and other infrastructure and service improvements which promote the orderly growth, improvement and future development of the community, borough or city.

(2) A plan may take the form of a targeted plan which considers one or a small number of elements of neighborhood, community districts, borough or citywide problems or needs. Such a plan shall have as its focus issues that are related to the use, development and improvement of land within the sponsor's geographic jurisdiction and may give consideration to the provision of various city services necessary to support orderly growth, development and improvement of that area.

(3) A plan shall not be limited to a single zoning lot or a specific parcel in private ownership. A plan shall cover an identifiable, cohesive geographic area or neighborhood.

(4) Plans shall be presented in clear language and coherent form with elements, chapters or sections that are organized in logical sequence.

(5) Plans shall state their goals, objectives or purposes clearly and succinctly. Policy statements or

recommendations shall contain documentation and explanation of the data, analysis or rationale underlying each. Plans shall demonstrate a serious attempt to analyze and propose policies that address the problems they identify.

(6) A plan shall contain, as appropriate, inventories or description and analysis of existing conditions, problems or needs; projections of future conditions, problems or needs; and recommended goals and strategies to address those conditions, problems or needs. The level of detail and analysis shall be appropriate to the goals and recommendations presented in the plan. The information and analysis relied upon to support its recommendations shall be sufficiently identified so that when the plan is later under review, the accuracy and validity of the information and analysis may be understood. Supporting information may be contained in the form of narrative, maps, charts, tables, technical appendices or the like.

(7) Plans shall be accompanied by documentation of the public participation in their formulation and preparation, such as workshops, hearings or technical advisory committees.

(b) **Sound Planning Policy.** (1) All plans, no matter what their form and content, shall include discussion of their long-range consequences, their impact on economic and housing opportunity for all persons (particularly those of low and moderate income), their provision of future growth and development opportunities, their ability to improve the physical environment and their effect on the fair geographic distribution of city facilities. In determining whether a proposed plan contains sufficient discussion of these issues, the Commission shall not evaluate the merits of the plan.

(2) A plan shall set forth goals, objectives, purposes, policies or recommendations that are within the legal authority of the city to undertake.

(3) A plan which considers issues which are under the jurisdiction of specific city or state agencies shall contain evidence that such agencies have been consulted and shall disclose any comments of such agencies.

(4) A plan shall show consideration of its relationship to applicable policy documents including the Ten Year Capital Strategy, the Zoning and Planning report, the borough and mayoral Strategic Policy Statements and any 197-a plan of a neighboring or superior jurisdiction.

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-05 Environmental Review.

(a) **Lead Agency.** The City Planning Commission shall be the lead agency for all 197-a plans in accordance with the City Environmental Quality Review Regulations. For a plan sponsored by the mayor, the Commission may transfer the lead status to another city agency if it determines that the proposed plan is part of a broader set of actions for which the sponsoring agency is principally responsible.

(b) **Community Board Plans** The Department of City Planning, together with the Office of Environmental Coordination, shall conduct or cause to be conducted the required environmental review of any plan submitted by a community board.

(c) **Other Agency Plans.** The Department, on behalf of the Commission as lead agency, shall determine in consultation with any sponsor of a proposed plan which is not a community board, the appropriate scheduling and division of responsibilities for environmental review.

62 RCNY 6-06

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-06 Plan Distribution and Review.

(a) **Plan Distribution.** When pursuant to §6-03(b) of these rules, the Commission directs the Department to distribute a proposed plan, the Department shall transmit copies of the plan simultaneously to all affected community boards, Borough Presidents and borough boards, as defined in Charter §§196 and 197-a(c). The Commission may also direct its distribution to other agencies whose interests may be affected including neighboring community boards and Borough Presidents, and any city and state agency with jurisdiction over elements of the plan.

(b) **Community Board Review.** Each community board which has received from the Department of City Planning a proposed plan affecting land in its district shall conduct a public hearing on the plan except when a single borough-wide hearing is to be held on a borough plan. Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules for community board public hearings. Subsequent to the public hearing and within a period of sixty (60) days following its receipt of the plan, the community board shall transmit its written recommendation to the City Planning Commission with copies to the Borough President, City Council and the sponsor.

The Community board which is the sponsor of a plan and which held a hearing on it prior to filing with the Department, need not hold a second hearing.

(c) **Borough president review.** The Borough President shall have one hundred twenty (120) days following the receipt of a proposed plan in which to review the plan and submit written recommendation to the City Planning Commission with copies to the City Council and sponsor. The Borough President may choose to conduct a public hearing on the plan.

(d) **Borough board review.** Each borough board which has received from the Department of City Planning a proposed plan affecting land in two or more community districts in its borough shall conduct a public hearing on the plan. Such public hearing shall take place and the report of the borough board shall be transmitted within one hundred twenty (120) days following its receipt of the plan. In the case of a plan affecting the entire borough, a single borough-wide public hearing may be held in lieu of separate hearings by the community boards.

Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules governing borough board hearings. The borough board shall transmit its written recommendation to the City Planning Commission with copies to the City Council and the sponsor.

(e) **Request for review.** Any community board or borough board may make a written request to the Department to receive and review a copy of a proposed plan which does not involve land within its district or borough. In its request the Community board or borough board shall state the reason why the plan significantly affects the welfare of its district or borough. Upon receipt of the plan, the community board or borough board may conduct a public hearing and may make any recommendation to the City Planning Commission with copies to the City Council and sponsor. When it transmits such a plan, the Department shall notify the community board or borough board of the remaining time period during which it may review and comment on the plan.

(f) **Other requests.** A borough president may make a written request to the Department to receive and review a copy of a proposed plan for a district or area outside the borough. Any other interested party may similarly request a copy. Such request may be made to either the Department or the sponsor.

62 RCNY 6-07

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-07 City Planning Commission Review.

(a) **Schedule for Review.**

When the affected community board(s), Borough President(s) and/or borough boards shall have completed their review of any proposed plan involving land in their respective districts, the City Planning Commission shall commence its review and schedule a public hearing. Such hearing shall take place within a period of sixty (60) days following receipt of the last affected community board's, borough board's or Borough President's recommendation, or the final day of the time period provided for their respective review(s), whichever is earlier.

(b) **Public hearing.** Notice of the public hearing shall be given and the hearing conducted in accordance with the ULURP rules governing Commission hearings.

(c) **Commission resolution.** The Commission shall vote by resolution to approve, approve with modifications or disapprove the plan. Such vote shall be taken within 60 days following the public hearing; however, if the Commission finds that it is unable to vote within that time period it shall give a written statement of explanation to the sponsor. In its review of the substance of the plan, the Commission shall give consideration to the community, borough and citywide impacts and to the long-term efforts that could result from the actions or policies recommended by the plan. It shall consider the impact of the plan on economic and housing opportunity, on future growth and development, and on the physical environment. Such consideration shall include the consistency of the plan with other Charter-defined plans and reports such as the mayoral and borough Strategic Policy Statements, the Ten-Year Capital Strategy, the Report on Social Indicators, the Zoning and Planning Report, and any other pertinent adopted 197-a plans. It shall also consider the fair share criteria adopted pursuant to §203 of the City Charter in weighing any recommendation with respect to

proposed city facilities.

(d) **Commission Report.** The Commission shall accompany its resolution with a report which sets forth its considerations and any explanation for its determination. The report may identify any environmental issues which may arise in conjunction with any actions recommended by the Plan, it may set forth proposals for additional study and consideration that the Commission deems necessary to carry out any recommendations made by the plan and it may include recommendations for the implementation of plan elements. The report and resolution shall be transmitted to the Mayor, the affected community board(s) and Borough President(s), the City Council and the sponsor.

CHAPTER 6 RULES FOR THE PROCESSING OF PLANS PURSUANT TO CHARTER SECTION 197-a

§6-08 Modifications.

(a) If the City Council, acting pursuant to the City Charter §197-d(d) has transmitted to the Commission a proposed modification of a plan, the Commission shall, within fifteen (15) days, review the proposed modification and transmit back to the Council its findings and recommendations. In determining whether the modification must be subject to additional environmental review, the Commission may consult appropriate staff or the Office of Environmental Coordination, and it must consult the lead agency if the lead has not been the Commission itself.

In determining whether the modification requires a new process of community, borough and Commission review, the Commission shall consider whether the proposed modification:

(1) would incorporate new elements*2 that were not a part of and are not related to the plan as it was previously reviewed.

(2) would delete entire elements or remove from the plan consideration of significant long-range consequences, impacts on economic and housing opportunity for all persons, provision of future opportunities for growth and development, ability to improve the physical environment, or effects on the fair geographic distribution of city facilities.

§6-09 Filing, Review and Revision.

(a) **Filing.** Upon final adoption of a plan by the City Council, the plan shall be filed and indexed by the Calendar Officer of the Department. The Department shall make copies of the plan available for review by the public and shall transmit the plan to all affected agencies for their use.

(b) **Revision of Plans.** A plan may be periodically reviewed and revised by its sponsor or the Commission may initiate such review. Any such revision may be presented for adoption as an amendment to the plan in accordance with the procedures set forth in these rules.

(c) **Summary of Plans.** In each Zoning and Planning Report adopted pursuant to Charter §192(b), the Commission shall include a summary of all 197-a plans adopted during the preceding four years.

62 RCNY 6 - APPENDIX A

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

APPENDIX A TO TITLE 62 CRITERIA FOR THE LOCATION OF CITY FACILITIES*1

APPENDIX A TO TITLE 62 CRITERIA FOR THE LOCATION OF CITY FACILITIES*1

Attachment B Listing of Regional/Citywide Facilities, Transportation and Waste Management Facilities and Residential Facilities

Attachment C Types of Residential Facilities

Preface

These criteria are intended to guide the siting of city facilities, as provided by Section 203 of the City Charter. The fair distribution of city facilities will depend on balancing a number of factors, such as community needs for services, efficient and cost effective delivery of those services, effects on community stability and revitalization, and broad geographic distribution of facilities. Furthermore, these factors can be weighed more effectively, and siting decisions can be accepted more readily, when communities have been meaningfully informed and consulted early in the siting process. The intent of these guidelines is to improve, not to obstruct, the process of siting facilities.

Under the provisions of Section 204 of the Charter, the Mayor will prepare an annual Statement of Needs in accordance with these criteria. The Statement of Needs will provide early notice of facility proposals to Borough Presidents, Community Boards, and the public at large. It will be accompanied by a map and text indicating the location and current use of all city properties and of state and federal facilities, as designated by the Charter. This will allow the public and city agencies to assess the existing distribution of facilities and analyze factors of compatibility and concentration. Section 204 also provides procedures for public review and comment on the Statement of Needs, permits Borough Presidents to propose locations for city facilities, and requires city agencies to consider the statements that ensue from that review. Those provisions, together with these criteria, should provide a more open and systematic process for the consideration of facility sites.

The criteria will have several applications in the Section 204 proceedings. The Mayor and city agencies will use them in formulating plans for facilities. Community Boards will refer to them in commenting on the Statement of Needs, and Borough Presidents will employ them in recommending specific sites for facilities. The City Planning Commission will consider them in acting on site selection and acquisition proposals subject to the Uniform Land Use Review Procedure (ULURP) and in the review of city office sites pursuant to Section 195 of the Charter. Sponsoring agencies will also observe them in actions that do not proceed through ULURP such as city contracts, facility reductions, and closings. Although recognizing that non-city agencies are not subject to these criteria, the Commission encourages all such agencies to consider the factors identified in these criteria when they are siting facilities in this city.

Since the principles and procedures contained in these guidelines are new and untested, it is important to monitor and evaluate their effects. The Department of City Planning will undertake this evaluation and report its findings to the Commission and the Mayor within twenty-four months of adoption and periodically thereafter.

CASE NOTES

¶ 1. City defendands did not violate The New York City Fair Share Criteria for the Location of City Facilities, 62 RCNY Appendix A, by not informing and consulting with the community about a project financed by NYCHPD. Facility cannot be defined a "city facility" even though the City defendants were involved in planning and siting. The facility is operated by the staff of a nonprofit organization, programs at the facility are not pursuant to a written agreement and the monies given by the City do not comprise "funding" in a sense of financial assistance. Planning Bd. No. 4 v. Homes, 158 Misc. 2d 184 [1993], 600 NYS2d 619.

Article 1 Authority.

Pursuant to Section 203 of the New York City Charter, the City Planning Commission is authorized to establish criteria for the location of new city facilities, the significant expansion of existing facilities, and the closing or significant reduction in size or service capacity of existing facilities.

Article 2 Purpose and Goals.

The purpose of these criteria is to foster neighborhood stability and revitalization by furthering the fair distribution among communities of city facilities. Toward this end, the city shall seek to:

a) Site facilities equitably by balancing the considerations of community needs for services, efficient and cost-effective service delivery, and the social, economic, and environmental impacts of city facilities upon surrounding areas;

b) Base its siting and service allocation proposals on the city's long-range policies and strategies, sound planning, zoning, budgetary principles, and local and citywide land use and service delivery plans;

c) Expand public participation by creating an open and systematic planning process in which communities are fully informed, early in the process, of the city's specific criteria for determining the need for a given facility and its proposed location, the consequences of not taking the proposed action, and the alternatives for satisfying the identified need;

d) Foster consensus building to avoid undue delay or conflict in siting facilities providing essential city services;

e) Plan for the fair distribution among communities of facilities providing local or neighborhood services in accordance with relative needs among communities for those services;

f) Lessen disparities among communities in the level of responsibility each bears for facilities serving citywide or regional needs;

g) Preserve the social fabric of the city's diverse neighborhoods by avoiding undue concentrations of institutional uses in residential areas; and

h) Promote government accountability by fully considering all potential negative effects, mitigating them as much as possible, and monitoring neighborhood impacts of facilities once they are built.

Article 3 Definitions.

For purposes of these rules, the following definitions apply.

a) City facility:[1]2 A facility providing city services whose location, expansion, closing or reduction in size is subject to control and supervision by a city agency[2]3 , and which is: (i) operated by the city on property owned or leased by the city which is greater than 750 square feet in total floor area; or

(ii) used primarily for a program or programs operated pursuant to a written agreement on behalf of the city which derives at least 50 percent and at least $50,000 of its annual funding from the city[3]4 .

b) New facility: A city facility newly established as a result of an acquisition, lease, construction, or contractual action or the substantial change in use of an existing facility[4]5 .

c) Residential facility: A city facility with sleeping accommodations which provides temporary or transitional housing, provides for pre-trial detention or custody of sentenced inmates, or provides a significant amount of on-site support services for residents with special needs for supervision, care, or treatment[5]6 .

d) Local or neighborhood facility: A city facility serving an area no larger than a community district or local service delivery district (pursuant to Section 2704 of the Charter), in which the majority of persons served by the facility live or work (see Attachment A).

e) Regional or citywide facility: A facility which serves two or more community districts or local service delivery

districts, an entire borough, or the city as a whole and which may be located in any of several different areas consistent with the specific criteria for that facility as described in the Citywide Statement of Needs pursuant to Section 204 of the Charter (see Attachment B).

f) Significant expansion: An addition of real property by purchase, lease or interagency transfer, or construction of an enlargement, which would expand the lot area, floor area or capacity of a city facility by 25 percent or more and by at least 500 square feet. An expansion of less that 25 percent shall be deemed significant if it, together with expansions made in the prior three-year period, would expand the facility by 25 percent or more and by at least 500 square feet.

g) Significant reduction: A surrender or discontinuance of the use of real property that would reduce the size or capacity to deliver service of a city facility by 25 percent or more. A reduction of less than 25 percent shall be deemed significant if it, together with reductions made in the prior three-year period, would reduce the facility by 25 percent or more.

Article 4 Criteria for Siting or Expanding Facilities.

The following criteria and procedures apply to the siting of all new facilities other than administrative offices and data processing facilities ar.d the significant expansion of such facilities.

4.1 The sponsoring agency and, for actions subject to the Uniform Land Use Review Procedure (ULURP) or review pursuant to Section 195 of the Charter, the City Planning Commission, shall consider the following criteria:

a) Compatibility of the facility with existing facilities and programs, both city and non-city, in the immediate vicinity of the site.

b) Extent to which neighborhood character would be adversely affected by a concentration of city and/or non-city facilities.

c) Suitability of the site to provide cost-effective delivery of the intended services. Consideration of sites shall include properties not under city ownership, unless the agency provides a written explanation of why it is not reasonable to do so in this instance.

d) Consistency with the locational and other specific criteria for the facility identified in the Statement of Needs or, if the facility is not listed in the Statement, in a subsequent submission to a Borough President.

e) Consistency with any plan adopted pursuant to Section 197-a of the Charter.

CASE NOTES

¶ 1. City of New York violated Fair Share Criteria for locating City facilities, Charter §203, 62 RCNY ch 6, Appendix A, 4.1(c) by siting a multiagency garage and fueling facility on Piers 35 and 36 on the East River without conducting the required meaningful alternative site analysis, respondents having identified six alternative City owned sites and only one privately owned site. Silver v. Dinkins, 158 Misc. 2d 550 [1994].

4.2 **Procedures for Consultation** In formulating its facility proposals, the sponsoring agency shall:

a) Consider the Mayor's and Borough President's strategic policy statements, the Community Board's Statement of District Needs and Budget Priorities, and any published Department of City Planning land use plan for the area.

b) Consider any comments received from the Community Boards or Borough Presidents and any alternative sites proposed by a Borough President pursuant to Section 204(f) of the Charter, as well as any comments or recommendations received in any meetings, consultations or communications with the Community Boards or Borough Presidents. If the Statement of Needs has identified the community district where a proposed facility would be sited,

then, upon the written request of the affected Community Board, the sponsoring agency should attend the Board's hearing on the Statement. If the community district is later identified, then the sponsoring agency shall at that point notify the Community Board and offer to meet with the board or its designee to discuss the proposed program.

Article 5 Criteria for Siting or Expanding Local/Neighborhood Facilities.

In addition to the criteria and procedures stated in Article 4, the following criteria and procedures apply to the siting of new local or neighborhood facilities other than administrative offices and data processing facilities, and the significant expansion of such facilities (see Attachment A).

5.1 The sponsoring agency and, for actions subject to ULURP or review pursuant to Section 195 of the Charter, the City Planning Commission, shall consider the following criteria:

a) Need for the facility or expansion in the community or local service delivery district. The sponsoring agency should prepare an analysis which identifies the conditions or characteristics that indicate need within a local area (e.g., infant mortality rates, facility utilization rates, emergency response time, parkland/population ratios) and which assesses relative needs among communities for the service provided by the facility. New or expanded facilities should, wherever possible, be located in areas with low ratios of service supply to service demand.

b) Accessibility of the site to those it is intended to serve.

5.2 A Community Board may choose to designate or establish a committee to monitor selected local facilities after siting approval pursuant to these criteria. Following site selection and approval for such a facility, the sponsoring agency and Community Board shall jointly establish a mutually acceptable procedure by which the agency periodically reports to the committee regarding the plans and procedures that may affect the compatibility of the facility with the surrounding community and responds to community concerns.

Article 6 Criteria for Siting or Expanding Regional/Citywide Facilities.

In addition to the criteria and procedures stated in Article 4, the following criteria and procedures apply to the siting of new regional and citywide facilities other than administrative offices and data processing facilities, and the significant expansion of such facilities (see Attachment B).

6.1 The sponsoring agency and, for actions subject to ULURP or review pursuant to Section 195 of the Charter, the City Planning Commission, shall consider the following criteria:

a) Need for the facility or expansion. Need shall be established in a citywide or borough-wide service plan or, as applicable, by inclusion in the city's ten-year capital strategy, four-year capital program, or other analyses of service needs.

b) Distribution of similar facilities throughout the city. To promote the fair geographic distribution of facilities, the sponsoring agency should examine the distribution among the boroughs of existing and proposed facilities, both city and non-city, that provide similar services, in addition to the availability of appropriately zoned sites.

c) Size of the facility. To lessen local impacts and increase broad distribution of facilities, the new facility or expansion should not exceed the minimum size necessary to achieve efficient and cost-effective delivery of services to meet existing and projected needs.

d) Adequacy of the streets and transit to handle the volume and frequency of traffic generated by the facility.

6.2 Where practicable, the Mayor may initiate and sponsor a consensus building process to determine the location of a proposed regional facility. A Borough President may submit a written request for such a process if the request is made within 90 days of publication of the Statement of Needs or, if the facility is not listed in the Statement, within 30

days of a subsequent submission to the Borough President.

In the consensus building process, representatives of affected interests will convene to assess potential sites in accordance with these criteria and the specific criteria set forth in the Statement of Needs. The participants may include but need not be limited to representatives of the Mayor, the sponsoring agency, the Borough President(s), and the affected Community Board(s). The participants may review any issue relevant to site selection under these criteria. The process shall be completed within a reasonable time period to be determined by the Mayor. If location of the facility is subject to ULURP, the process shall be completed prior to submission of a ULURP application. If the participants (including the sponsoring agency) reach consensus, the agency will submit whatever agreements were reached regarding the facility and site to the City Planning Commission as part of its ULURP application for the site. If no such consensus is reached, the sponsoring agency may initiate ULURP, if applicable, for its proposed site.

6.3 Upon the request of the Borough President and/or Community Board, a sponsoring agency and Community Board shall establish a facility monitoring committee, or designate an existing Community Board committee, to monitor a facility following selection and approval of its site. The agency shall inform the committee of plans and procedures that may affect the compatibility of the facility with the surrounding community. Once the facility is constructed, the sponsoring agency shall meet with the committee according to a schedule established by the committee and agency to report on the status of those plans and procedures and to respond to community concerns. The committee may also submit reports to the agency head addressing outstanding issues. The agency head shall respond to the committee's report within 45 days and shall identify the actions, if any, that the agency plans in response to such concerns.

6.4 Transportation and Waste Management Facilities.

Transportation and waste management facilities (see Attachment B) are subject to the following criteria in addition to those stated in Article 4 and Sections 6.1, 6.2, and 6.3.

6.41 The proposed site should be optimally located to promote effective service delivery in that any alternative site actively considered by the sponsoring agency or identified pursuant to Section 204(f) of the Charter would add significantly to the cost of constructing or operating the facility or would significantly impair effective service delivery.

6.42 In order to avoid aggregate noise, odor, or air quality impacts on adjacent residential areas, the sponsoring agency and the City Planning Commission, in its review of the proposal, shall take into consideration the number and proximity of existing city and non-city facilities, situated within approximately a one-half mile radius of the proposed site, which have similar environmental impacts.

6.5 Residential Facilities.

Regional or citywide residential facilities (see Attachment B) are subject to the following criteria in addition to those stated in Article 4 and Sections 6.1, 6.2, and 6.3.

6.51 Undue concentration or clustering of city and non-city facilities providing similar services or serving a similar population should be avoided in residential areas.

6.52 Necessary support services for the facility and its residents should be available or provided.

6.53 In community districts with a high ratio*7 of residential facility beds to population, the proposed siting shall be subject to the following additional considerations:

a) Whether the facility, in combination with other similar city and non-city facilities within a defined area surrounding the site (approximately a half-mile radius, adjusted for significant physical boundaries), would have a significant cumulative negative impact on neighborhood character.

b) Whether the site is well located for efficient service delivery.

c) Whether any alternative sites actively considered by the sponsoring agency or identified pursuant to Section 204(f) of the Charter which are in community districts with lower ratios of residential facility beds to population than the citywide average would add significantly to the cost of constructing or operating the facility or would impair service delivery.

To facilitate this evaluation, the Department of City Planning will publish annually an index of the number of beds per thousand population, by type of residential facility (as set forth in Appendix C) and overall, in each community district. The index will be based upon the number of beds in all city, state, federal, and private facilities in operation or approved for operation.

Article 7 Criteria for Siting or Expanding Administrative Offices and Data Processing Facilities.

The following criteria apply to the siting of new city administrative offices and data processing facilities and the significant expansion of such facilities, pursuant to Section 195 of the City Charter.

7.1 The sponsoring agency and the City Planning Commission shall consider the following criteria:

a) Suitability of the site to provide cost-effective operations.

b) Suitability of the site for operational efficiency, taking into consideration its accessibility to staff, the public and/or other sectors of city government.

c) Consistency with the locational and other specific criteria for the facility stated in the Statement of Needs.

d) Whether the facility can be located so as to support development and revitalization of the city's regional business districts without constraining operational efficiency.

Article 8 Criteria for Closing or Reducing Facilities.

The following criteria and procedures apply to the closing of existing facilities and the significant reduction in size or capacity to deliver service of existing facilities.

8.1 The sponsoring agency shall consider the following criteria:

a) The extent to which the closing or reduction would create or significantly increase any existing imbalance among communities of service levels relative to need. Wherever possible, such actions should be proposed for areas with high ratios of service supply to service demand.

b) Consistency with the specific criteria for selecting the facility for closure or reduction as identified in the Statement of Needs.

8.2 In proposing facility closings or reductions, the sponsoring agency shall consult with the affected Community Board(s) and Borough President about the alternatives within the district or borough, if any, for achieving the planned reduction and the measures to be taken to ensure adequate levels of service.

Article 9 Actions not Subject to the Uniform Land Use Review Procedure or Section 195.

9.1 Whenever an agency takes an action with respect to a city facility that is subject to these criteria but is not subject to ULURP or to Charter Section 195 review, the agency shall submit a statement to the Mayor, with copies to the affected Community Board(s), Borough President, and Department of City Planning, which describes the agency's consideration and application of the relevant sections of these criteria, and states the reasons for any inconsistencies.

Attachment A

Local/Neighborhood Facilities*

Branch libraries

Community cultural programs

Community health/mental health services

Community-based social programs

Day care centers

Drop-off recycling centers

Employment centers

Fire stations

Local, non-residential drug prevention and/or treatment centers Local parks

Parking lots/garages

Police precincts

Sanitation garages

Senior centers

* List is illustrative and should not be considered to include all such facilities.

Attachment B

Regional/Citywide Facilities*

Administrative offices

Courts

Data processing facilities

Department of Health centers

Income maintenance centers

Maintenance/storage facilities

Museums, zoos, performance centers, galleries and gardens

Regional, non-residential drug prevention and/or treatment centers

Regional parks

Transportation and Waste Management Facilities:

Airports, heliports

Ferry terminals

Sewage treatment plants

Sludge management and transfer facilities

Solid waste transfer and recycling facilities

Solid waste landfills

Solid waste incinerators, resource recovery plants

Residential Facilities:

Group homes/halfway houses

Hospices

Nursing homes/health-related facilities

Prisons, jails, detention, remand facilities

Residential facilities for children

Residential substance abuse facilities

Secure and non-secure detention facilities for children

Supported housing for people with mental health or physical problems

Temporary housing

Transitional housing

* List is illustrative and should not be considered to include all such facilities.

Attachment C

Types of Residential Facilities (as referenced in Section 6.53)*

a) Correctional facilities, including prisons, jails, detention and remand facilities, and secure detention for children

b) Nursing homes and health-related facilities, including hospices

c) Small residential care facilities and temporary housing facilities, serving no more than 25 people, including group homes, halfway houses, residential facilities for children, residential substance abuse and mental health/retardation facilities, supported housing, shelters, temporary and transitional housing, non-secure detention for children

d) Large temporary and transitional housing facilities, providing shelter or transitional housing for more than 25 people

e) Large residential care facilities, serving more than 25 people, including halfway houses, residential facilities for

children, homes for adults, residential substance abuse and mental health/retardation facilities, supported housing, psychiatric centers

* Lists by type are illustrative and should not be considered to include all such facilities.

FOOTNOTES

1

[Footnote 1]: * Adopted by the City Planning Commission on December 3, 1990 is the Criteria for the Location of City Facilities. Set forth herein for the sake of convenient public access to such materials and in order to increase public familiarity and awareness of such rules, adoption of the Rules is not governed by the City Administrative Procedure Act.

2

[Footnote 2]: 1 Only city facilities are susceptible to these criteria. However, the sponsoring agency and the City Planning Commission will take into consideration the number and proximity of all other facilities-whether private, city, state, or federal-in proposing or evaluating the location of a city facility.

3

[Footnote 3]: 2 As a substance of law, the criteria do not relate to siting of facilities by private entities, state or federal agencies, or various entities operating within the City of New York which have been initiated by or pursuant to state law (e.g., the School Construction Authority, the Health and Hospitals Corporation, the Housing Authority, the New York City Transit Authority, and the City University of New York). To the extent that federal, state or city laws controlling the siting of such facilities provide for approvals or recommendations by the City Planning Commission, the Commission will keep in consideration these criteria in making their approvals or recommendations.

4

[Footnote 4]: 3 Any state, federal, or private funding which enters the city's treasury will be considered city funding for this purpose unless other law, regulations, conditions, or restrictions upon the funding, reserve to non-city agencies authority over facility siting.

5

[Footnote 5]: 4 Contract or lease renewals that do not notably change the use, size or capacity of a city facility are not governed by these criteria since they do not result in the creation of a new facility or the significant growth or reduction of an existing facility.

6

[Footnote 6]: 5 Employment of these criteria for the siting of residential facilities shall be consistent with the federal Fair Housing Act and any other specifications of federal and state law.

7

[Footnote 7]: * In general, the twenty community districts with the greatest ratios of facility beds to population, by type of residential facility, will be deemed to have a high ratio for that type.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 7 RULES FOR THE DEFINITION OF MAJOR CONCESSIONS*1

§7-02 [Major Concession Defined; Specific Uses, Thresholds e.g. Marinas, Spectator Sport Use, Parks.]

A concession shall be considered a major concession if it will cause one or more of the thresholds given for the specific uses listed below to be exceeded:

(a) marinas with over 200 slips;

(b) a permanent performance or spectator sport use with over 2,500 seats;

(c) for parklands in or adjacent to Community Districts subject to the comprehensive off-street parking regulations, contained in Article I, Chapter 3 of the Zoning Resolution of the City of New York, accessory parking lots with over 150 spaces and, for all other areas, accessory parking lots with over 250 parking spaces on parklands;

(d) a use for which a new building of over 20,000 square feet of gross floor area will be constructed when such building will be located on property other than parkland;

(e) a use for which a new building of more than 15,000 square feet of gross floor area will be constructed when such building will be located on parkland;

(f) an open use which occupies more than 42,000 square feet of open space other than parkland;

(g) an open use which occupies over 30,000 square feet of a separate parcel of parkland;

(h) a use which in total occupies more than 2,500 square feet of floor area or open space and more than 15 percent

of the total square footage of a separate parcel of land that is improved for park purposes, including passive and active recreational use, or that was improved for such purposes at any time during the preceding year; or

(i) a concession comprised of two or more components, no one of which exceeds thresholds set forth in paragraphs (a) through (h) above, where at least two of such elements each exceed 85 percent of any applicable threshold set forth in such paragraphs.

RULES OF THE CITY OF NEW YORK

Title 62 City Planning

CHAPTER 7 RULES FOR THE DEFINITION OF MAJOR CONCESSIONS*1

§7-03 [Concessions That are not Major Concessions.]

Notwithstanding any other provision of these rules the following shall not be considered major concessions unless an EIS is required:

(a) A concession for any use which will be operated for 30 days or less;

(b) A concession which is or directly furthers an active recreational use and would be available to the general public on a non-discriminatory basis, with or without a fee, including but not limited to the following:

(1) a seasonal covering of recreational facilities,

(2) a carousel, or

(3) a use intended for active participation sports including playing fields or sports courts (e.g., tennis, volleyball, handball, softball), skating rinks, playgrounds, and practice facilities (e.g., batting cages, golf driving ranges, miniature golf);

provided that the area occupied by such recreational use does not exceed both 15 acres and 50 percent of a separate parcel of land;

(c) Reuse of former amusement park lands for amusement or recreational purposes;

(d) Any renewal, reissuance, extension, amendment of an existing concession or issuance of a new concession

which continues a currently existing use or which permits a use which existed lawfully on the property at any point in the preceding two years, whether operated by a private or public entity, provided that any extension or amendment or the cumulative effect of any amendments or extensions made over any five year period does not include modifications which when added to the existing concession, cause any threshold of §7-02 to be exceeded and increase the size of an existing concession by ten percent or more;

(e) A concession for which authorization to use a different procedure was granted or obtained, or which is operated under an agreement executed, prior to the effective date of this major concession rule;

(f) A concession for lines, cables, conduits or underground pipes not used for the transport of people;

(g) A concession on wharf property or waterfront property primarily for purposes of "waterfront commerce" or in "furtherance of navigation" as such terms are defined in the New York City Charter;

(h) A concession on wharf property for purposes other than "waterfront commerce" or in "furtherance of navigation" which is granted pursuant to §1301.2(h) of the City Charter; or

(i) A concession for an open air market which operates two (2) or fewer days per week, or, if a green market, three (3) or fewer days per week.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 1 PRACTICE AND PROCEDURE-PUBLIC HEARINGS AND MEETINGS OF THE COMMISSION

§1-03 Withdrawing and Laying Over Certificate of Appropriateness Items.

Once an application has been included on a Certificate of Appropriateness public hearing calendar, it may be withdrawn or laid-over as follows:

(a) **Lay-Overs (requests prior to being heard).** If an application has been included on a Certificate of Appropriateness calendar and the hearing has not yet occurred, the applicant may request that the application be laid-over to a subsequent public hearing. The applicant must send the Landmarks Preservation Commission a letter indicating that he or she would prefer to be heard on a subsequent hearing and stating that the Commission's time to act on the matter is being extended for an equivalent length of time. Upon receipt of this request staff will withdraw the item and hold it for the following month's hearing. Where the application concerns, in whole or in part, the legalization or curing of a violation, the applicant shall be allowed to lay over the item only once as of right. If the applicant requests a subsequent lay-over, the Chair may at his or her own discretion consider the request a request for withdrawal and may withdraw the item pursuant to the procedure set forth in subsection (b)(1) of this section, or, if the application seeks to legalize a violation, the Chair may keep the item on the calendar and the Commission may act on it at the public hearing. Withdrawal of an application to legalize or cure a violation, in whole or in part, shall be deemed a dissapproval for purposes of service of a second or subsequent notice of violation pursuant to Administrative Code §25-317.1b(4)(a)(ii).

(b) **Withdrawals (requests prior to being heard).** If an application has been included on a Certificate of Appropriateness public hearing calendar and the hearing has not yet occurred, the application may be withdrawn from the calendar as follows:

(1) by the applicant if the applicant sends a letter to the Landmarks Preservation Commission indicating that he or she wishes to abandon the application as proposed. Staff withdraws the item and generates the "Withdrawn at Staff Level" number from "Permit Application Tracking System", a withdrawal letter is sent to the applicant and the application is closed.

(2) by the staff if new information or design modifications are provided that enable the staff to issue a staff-level permit. Staff withdraws the item from the calendar and issues a staff permit to close the application.

(3) by the staff at the direction of the Director of Preservation if the status of the application changes with respect to scope and completeness.

(c) **Withdrawals from calendar (after having been heard).** If an application has been included on a Certificate of Appropriateness public hearing calendar and the hearing has taken place, the application can only be withdrawn by the applicant if he or she sends a letter to the Landmarks Preservation Commission indicating that the application is being abandoned as proposed. Upon receipt of this request staff will withdraw the item from the calendar, generate a "Withdrawn at Staff Level" number from "Permit Application Tracing System" and send the applicant a withdrawal letter to close the application. Where the application concerns, in whole or in part, the legalization of a violation, the Chair may, at his or her own discretion, reject the applicant's request to withdraw and the Commission may continue to consider and act on the application as submitted. Withdrawal of an application to legalize or cure a violation, in whole or in part, shall be deemed a dissapproval for purposes of service of a second or subsequent notice of violation pursuant to Administrative Code §25-317.1b(4)(a)(ii).

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER A APPLICATION PROCEDURE

§2-02 Master Plans and Authorizations to Proceed.

An owner of a designated property may apply for approval of a master plan when the proposal involves repetitive alteration of architectural features (such as windows, through-wall air conditioning installations, storefronts, etc.) and when those alterations are not planned to occur all at once, but rather in increments through time. A master plan can be approved by a Certificate of Appropriateness or by a Permit for Minor Work depending on the work which it covers.

In both cases the master plan sets a standard for future changes involving the architectural features in question and specifically identifies drawings and other documents which contain the approved design in detail. Once a master plan is approved and the owner wishes to move forward with a portion of the work covered by the master plan, a completed application form is filed with the Commission describing the scope of work (for example: 8 front windows on the 12th floor) and stating that the work will conform to the approved master plan drawings and other documents on file with the Landmarks Preservation Commission. The staff of the Preservation Department will review the application to ascertain that all proposed work is covered by a master plan, and will send the owner an "Authorization to Proceed" letter allowing the work to proceed. The Authorization to Proceed is sent prior to the commencement of the work and is contingent on adherence to the approved master plan drawings.

***** Current through December 2009 ****

63 RCNY 2-03

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER A APPLICATION PROCEDURE

§2-03 Process for Completing Application: Staff Withdrawal of the Application.

(a) All applications for work on designated properties received by the Landmarks Preservation Commission are assigned to a professional staff member in the Preservation Department who will handle the project. The staff person will review the proposal to ascertain whether the materials submitted are sufficient for a determination to be made. If the materials are sufficient, staff will certify the application as complete and issue the appropriate permit or take other action. If the completed application requires a Certificate of Appropriateness, staff will arrange for the item to be included in the next scheduled Certificate of Appropriateness public hearing calendar.

If the application requires further clarification and/or additional documentary materials, staff will contact the owner and/or applicant by telephone to discuss the proposal and, if necessary, arrange a meeting or site visit. Staff will follow the conversation up by providing a materials checklist calling out those supplementary materials required to certify the application as complete. If contact has been limited to a telephone conversation, the checklist will be mailed to the applicant. If a meeting is set up, the checklist may be supplied during the course of the meeting.

As soon as all the materials requested have been received, staff will certify the application as complete and process the application. However, if the required materials have not been received 60 working days from the date on the materials checklist, staff will send a follow-up letter to the applicant reminding him/her that the application is still incomplete and informing him/her that unless the materials required are received within the next 30 working days the application will be deemed withdrawn. A copy of the most recent materials checklist will be included with the letter. If

the applicant does not submit sufficient material within 90 days of the date on the materials checklist, staff should withdraw the application by sending a staff withdrawal letter including the docket number of the application and a "Withdrawn at Staff Level" number generated by "Permit Application Training System". The application will then be closed. The staff withdrawal letter will be sent to the owner and applicant with copies forwarded to the file, supervisor, and the Director of Preservation. Along with the withdrawal letter a blank "Application for Work on Designated Properties" will be included for the use of the applicant should he or she wish to re-apply.

(b) Notwithstanding the time periods set forth in subdivision (a), where an application seeks to legalize or cure a violation, an applicant must submit all materials required by the materials checklist within 20 working days of the date of the materials checklist. If the materials are not submitted, the staff shall send a follow-up letter that shall inform the applicant that the application may be withdrawn by the staff unless all required materials are submitted within 15 working days of the date of the follow-up letter. If the applicant fails to submit all required materials within 55 working days of the date of the first materials checklist, the staff may withdraw the application as set forth in subdivision (a). Withdrawal of an application to legalize or cure a violation, in whole or in part, shall be deemed a disapproval for purposes of service of a second or subsequent notice of violation pursuant to Administrative Code §25-317.1b(4)(a)(ii).

***** Current through December 2009 ****

63 RCNY 2-04

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER A APPLICATION PROCEDURE

§2-04 Notices of Violation-New Applications.

The Landmarks Preservation Commission will not process an application for work on a designated property when an Landmarks Preservation Commission Notice of Violation is in effect against that property. A Notice of Violation in effect against that property indicates non-compliance with the Landmarks Law.

(a) Upon receipt of an application, staff must verify that no Notice of Violation is in effect against the property. In the event that a Notice of Violation is in effect, staff should proceed as follows:

Obtain copies of all Notices of Violation and Notices to Stop Work for the file.

Contact the owner/applicant to inform them that because a Notice(s) of Violation is (are) in effect staff cannot process an application for new work until the Notice(s) has (have) been rescinded.

Send a letter to the applicant explaining that staff cannot process the new application because a Notice(s) of Violation is(are) in effect against the property, that processing can only commence upon rescission of the Notice(s) or when the applicant begins to address the Notice(s). Along with the letter send copies of the Notice(s), an application form, and instructions for filing. Send copies of the letter to the Director of Preservation, Supervisor, and the Director of Enforcement.

(b) **Exceptions to this procedure.** Staff may issue permits for new work when a Notice of Violation is in effect in the following instances:

(1) The proposed work will correct a hazardous condition.

(2) The proposed work addresses the prevention of deterioration affecting the building, and the work will clearly further the continuing preservation of the building.

(3) A permit has been issued to correct work cited in a Notice of Violation, and an escrow agreement or other acceptable form of assurance has been established to provide a mechanism, acceptable to the Landmarks Preservation Commission, that ensures that the work approved under the permit to correct the Notice of Violation will be completed within a specified time period.

63 RCNY 2-11

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-11 Installation of Heating, Ventilating and Air Conditioning Equipment.

(a) **Introduction.** These rules are issued to assist the public in applying to the Landmarks Preservation Commission for approval of the installation of heating, ventilation and air conditioning equipment in buildings which are designated landmarks or are within designated historic districts. These rules enunciate Commission policy with respect to such installation and also explain the procedures required to apply for a permit.

The visual character of the exterior wall cladding, the pattern of window openings on the facades, and the ornamental elements used to articulate the exterior walls are important and integral parts of the design of buildings. In most historic buildings, these three elements were carefully combined to help define the style and character of the building. It is important to retain the visual integrity of the exterior walls, the regular pattern of the window bays, and the ornamental elements.

Therefore, the Commission, in making a determination on proposed installations of window, through-wall or roof- or yard-mounted HVAC equipment, evaluates the effect of the proposal on the aesthetic, historical and architectural values and significance of the landmark or of the building in an historic district. The Commission considers, among other matters, the architectural style of the building and the design, finish, material, method of installation and color of the proposed work.

These rules are based on the following principles:

(1) The distinguishing historical qualities or character of a building's structure or site and its environment should not be destroyed. The removal or alteration of any distinguishing architectural feature should be avoided.

(2) The visual integrity of the building's exterior walls should be maintained.

The goal of these rules is to facilitate the approval of appropriate HVAC installations in landmarked buildings. Certain installations can be approved at staff level in conformance with the procedures and criteria set forth in these rules. Proposed installations that do not conform to these rules require a Certificate of Appropriateness review by the full Commission in accordance with the Landmarks Law. Applicants are strongly encouraged to develop building master plans for the installation of HVAC equipment.

(b) **Definitions.**

Authorization to Proceed (ATP). The term "Authorization to Proceed (ATP)" shall mean a letter from LPC notifying an applicant that the proposed HVAC installations have been found to be in conformance with the provisions of an approved Master Plan.

Decorative masonry. The term "decorative masonry" shall mean terra cotta, cast-stone or natural stone (such as limestone, marble, brownstone or granite) facade areas and/or any ornamental feature which is a component of the facade such as belt courses, banding, water tables, cornices, corbelled brick work, medallions, enframements, and surrounds, and ornamental bonding patterns, e.g. tapestry brick or diaper patterns.

HVAC equipment. The term "HVAC equipment" shall mean window, through-wall, and yard mounted heating, ventilation, and air conditioning equipment, including window louvers, wall-mounted grilles and stove, bathroom and/or dryer vents.

Landmarks law. The term "landmarks law" shall refer to Section 3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC staff. The term "LPC staff" shall mean the staff of the Landmarks Preservation Commission acting in the Commission's agency capacity.

Primary facade. The term "primary facade" shall mean a facade facing a street or a public thoroughfare that is not necessarily a municipally dedicated space, such as a mews or court.

Secondary facade. The term "secondary facade" shall mean a facade that does not face a public thoroughfare or mews or court.

Segmental or Curved Head Window. The term "segmental or curved head window" shall mean a window with a non-rectilinear sash or frame as illustrated and defined as a special window in Appendices A and C of Chapter 3 of these rules.

Significant feature. The term "significant feature" shall mean an exterior architectural component of a building that contributes to its special historic, cultural, and/or aesthetic character, or in the case of an historic district, that reinforces the special characteristics for which the historic district was designated.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Installations of HVAC equipment within window openings.** (1) No permit is required for installations of HVAC equipment which require only raising the lower sash of a double-hung window, or which require only opening a casement leaf, transom, hopper or awning window.

(2) A permit is required for all other types of HVAC equipment installations within windows in individual

landmarks and buildings in historic districts.

(i) Installations of HVAC equipment within window openings on primary facades of individual landmarks and building in historic districts.

(A) Residential buildings, including buildings originally designed as residences which were subsequently converted to other uses:

(a) Rowhouses, detached houses, carriage houses, small apartment buildings, tenements, and hotels: In buildings originally constructed as private residences or carriage houses, as well as small apartment houses and other types of multiple dwellings which are six stories or less in height and with a street frontage of forty (40) feet or less, the small scale, limited areas of plain masonry and potential for affecting the significant architectural and historic character of the buildings require the proposals for installations on primary facades be reviewed for a Certificate of Appropriateness ("COFA").

(b) Large apartment buildings and hotels: In large apartment buildings, hotels and other types of multiple dwellings which either have a street frontage of forty-one (41) feet or greater or which are seven or more stories in height, a Permit for Minor Work ("PMW") or Certificate of No Effect ("CNE") may be issued for permanent installations of HVAC equipment, louvers and vents in window openings if the proposal meets the following criteria:

(i) the window is not a special window as defined in Chapter 3, Appendix C of these rules except for segmental or curved head windows which do not possess any other characteristics of a special window; and

(ii) the installation involves only removing glazing from one of the double-hung sash or one portion of a casement window or removing the window sash and retaining the window frame; and

(iii) the location of the unit forms part of a regular pattern of installations within window bays on the facade; and

(iv) the louver or vent will be mounted flush with the sash or directly behind the sash; and

(v) the louver or vent is finished to blend into the fenestration pattern; and

(vi) no significant architectural feature of the building will be affected by the installation.

(B) **Commercial and loft buildings:** In commercial and loft buildings originally designed to serve commercial/retail/warehouse uses, including cast-iron fronted buildings, department stores, banks and office buildings, a PMW or CNE may be issued for the permanent installation of HVAC equipment, louvers or vents if the proposal meets the following criteria:

(a) the window is not a special window as defined in Chapter 3, Appendix C of these rules except for segmental or curved head windows which do not possess any other characteristics of a special window; and

(b) the proposal involves removing the glazing from all or part of the sash, or removing the window sash and retaining the window frame; and

(c) the location of the unit forms part of a regular pattern of installations in window bays on the facade; and

(d) the louver or vent will be mounted flush with the sash directly behind the sash; and

(e) the louver or vent will be finished to blend into the fenestration pattern; and

(f) no significant architectural feature of the building will be affected by the installation.

(ii) Installations of HVAC equipment within window openings on secondary facades in individual landmarks and buildings within historic districts. A PMW or CNE will be issued for the installation of HVAC equipment if the proposal meets the following criteria:

(A) the unit will be installed within an existing opening; and

(B) the window is not a special window as defined in Chapter 3, Appendix C of these rules except for segmental or curved head windows which do not possess any other characteristics of a special window; and

(C) the louver or vent will be finished to blend into the fenestration pattern; and

(D) no significant architectural feature of the building will be affected by the installation.

(d) **Installations of through-wall HVAC equipment.** (1) Through-wall installation of HVAC equipment on primary masonry facades.

(i) **Individual landmarks.** Proposals for installations on primary facades must be reviewed for a COFA.

(ii) **Buildings within Historic Districts.**

(A) Residential buildings, including buildings originally designed as residences which were subsequently converted to other uses:

(a) **Rowhouses, detached houses, carriage houses, small apartment buildings, tenements, and hotels.** In buildings originally constructed as private residences or carriage houses, as well as small apartment houses and other types of multiple dwellings which are six stories or less in height and with a street frontage of forty (40) feet or less, the small scale, limited areas of plain masonry and potential for affecting the significant architectural and historic character of the buildings require that proposals for installations on primary facades be reviewed for a COFA.

(b) **Large apartment buildings and hotels.** In large apartment buildings, hotels and other types of multiple dwellings which either have a street frontage of forty-one (41) feet or greater or which are seven or more stories in height, a PMW or CNE may be issued for installation of through-wall HVAC equipment if the proposal meets the following criteria:

(1) the proposed installation will be centered beneath the window opening, or, if the window opening is wide enough to accommodate more than one set of sashes, is placed to conform to the predominant existing pattern of installations; and

(2) the exterior grille will be a rimless type architectural grille; and

(3) the exterior grille will be mounted flush with the surrounding masonry; and

(4) the exterior grille will have a painted finish or a factory applied enameled finish which matches the color of the surrounding masonry; and

(5) the proposed location corresponds to an established regular pattern of installations; and

(6) the proposal calls for only the installation of one unit per room except for corner rooms in which the installation of one unit per facade will be permitted; and

(7) no decorative masonry or other significant architectural feature of the building will be affected by the installation.

(B) **Manufacturing and loft buildings.** Because of the architectural character of buildings of these types, installations proposed for primary facades of loft buildings originally designed to serve commercial/retail/warehouse uses, including cast-iron fronted buildings, department stores, and banks, must be reviewed for a COFA.

(C) **Other buildings.** For other buildings that do not fall into any of the previously described categories, the finding of appropriateness of through-wall HVAC installations on primary facades will be made on a case-by-case basis. Variations in design of these specialized buildings preclude the applicability of rules. Such specialized building types include churches and synagogues, hospitals, schools, and libraries.

(2) **Installations of through-wall HVAC equipment on visible secondary masonry facades.** A PMW or CNE may be issued for installation of through-wall HVAC equipment on a secondary facade of an individual landmark or of a building within an historic district if the proposal meets the following criteria:

(i) the unit will be (A) centered beneath or above a window opening if the vent or louver exceeds 144 square inches in surface area, or (B) installed below, above, or to the side of a window opening if the vent or louver is 144 square inches or less in surface area; or (C) installed in a uniform pattern on portions of secondary facades devoid of windows (variations from the predominant existing pattern on the building may be permitted if the applicant does not have interior space which would permit such installation in conformance with such pattern); and

(ii) the exterior grille will be mounted flush with the exterior wall except that if the vent or unit is 25 square inches or less in surface area, a projection forward of not more than 5 inches may be permitted if the projection does not have an adverse effect on the secondary facade; and

(iii) the exterior grille will be finished in a manner which approximates the color of the surrounding masonry; and

(iv) no decorative masonry or other significant architectural feature of the building will be affected by the installation.

(3) **Installation of HVAC equipment on non-visible secondary masonry facades.** A PMW or CNE may be issued for installation of through wall HVAC equipment on a secondary facade if the proposal meets the following criteria:

(i) the installation will not be visible from any public thoroughfare; and

(ii) the grille will be set flush with the masonry wall except that if the vent or unit is 25 square inches or less in surface area, a projection forward of not more than 5 inches may be permitted if the projection does not have an adverse effect on the secondary facade; and

(iii) no decorative masonry or other significant architectural feature of the building will be affected by the installation.

(4) A Certificate of Appropriateness is required for installation of through-wall HVAC equipment on facades made of materials other than masonry.

(e) **Installation of HVAC equipment in yards and areaways of landmarks and buildings in historic districts.** (1) A PMW or CNE may be issued for the installation of HVAC equipment in a location in the side or rear yard if the proposal meets the following criteria:

(i) the installation will not be visible from any public thoroughfare; and

(ii) the installation will not affect any significant architectural feature of the landmark or of a building in an historic district.

(2) Proposals for installations of HVAC equipment in front yards or in a location in a side or rear yard which is visible from a public thoroughfare require review for a COFA.

(f) **Master plans.** (1) A master plan for the installation of HVAC equipment over a period of time can be approved under a PMW if the plan is in conformance with these rules. After the permit is issued, proposed installations will require applications requesting an Authorization to Proceed (ATP).

(2) The master plan shall set forth standards for future changes and shall specifically identify such standards by drawings, including large scale details of installation specifications, specific unit locations and installation types.

HISTORICAL NOTE

Section amended City Record July 14, 1997 eff. Aug. 13, 1997. [See Note 1]

Section repealed and added City Record June 30, 1994 eff. July 30, 1994.

NOTE

1. Statement of Basis and Purpose in City Record July 14, 1997:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rules is to assist the public in applying to the Landmarks Preservation Commission for approval of proposed work on landmarks and buildings in historic districts and to permit Commission staff to issue permits for heating, ventilation, and air conditioning work that is in accordance with the proposed rules.

Rules of the City of New York

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-12 Rules for Installation of Awnings.

(a) **Introduction.** These rules are issued to assist building owners in applying to the Landmarks Preservation Commission ("Commission") for approval to install or repair awnings. The rules set forth Commission policy with respect to such installation and repair and explain the procedures and criteria required to apply for and receive a permit from the staff of the Commission. The goal of these rules is to facilitate the approval of appropriate awnings for designated buildings. Certain awning repairs and installations can be approved at staff level in conformance with the procedures and criteria set forth in these rules. Proposed installations or alterations that do not conform to these rules require a certificate of appropriateness review by the full Commission in accordance with the procedures and criteria set forth in §§25-305, 25-307 and 25-308 of the New York City Administrative Code.

These rules are based on the following principles:

(1) Awnings were historically employed for weather protection above residential windows and doors and for advertising as well as weather protection above storefronts.

(2) The location of awnings historically corresponded to the size and shape of the openings they covered, and awnings were installed directly above the wall openings they covered.

(3) Removal or damage of any significant feature is to be avoided in connection with the installation of awnings.

Applicants are encouraged to submit applications for master plans, pursuant to §2-02 of Title 63 of these Rules, for commercial portions of buildings with multiple storefronts or for residential buildings, which will permit the installation of awnings over a period of time in a single building or building complex.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Awning. "Awning" shall mean a metal frame clad with fabric attached over a window, door, porch opening or storefront to provide protection from the weather.

Facade. "Facade" shall mean an entire exterior face of a building.

Fixed awning. "Fixed awning" shall mean an awning with a nonretractable metal frame clad with fabric.

Historic fabric. "Historic fabric" shall mean a building's original or significant historic facade construction material or ornament, or fragments thereof.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Lintel. "Lintel" shall mean the horizontal member or element above a door or window opening.

LPC staff. "LPC staff" shall mean the staff of the Landmarks Preservation Commission acting in the Commission's agency capacity.

Primary facade. "Primary facade" shall mean a facade facing a street or a public thoroughfare that is not necessarily a municipally dedicated space, such as a mews or court.

Residential awning. "Residential awning" shall mean any awning on a residential building and any awning on a commercial or mixed-use building except for storefront awnings.

Retractable awning. "Retractable awning" shall mean an awning attached to a frame which allows it to be extended out or folded or rolled back tight against the building facade.

Significant feature. "Significant feature" shall mean an exterior architectural component of a building that contributes to its special historic, cultural, and/or aesthetic character, or in the case of an historic district, that reinforces the special characteristics for which the historic district was designated.

Skirt. "Skirt" shall mean a bottom finishing piece of fabric that hangs from the lower edge of an awning.

Storefront. "Storefront" shall mean the first story area of the facade that provides access or natural illumination into a space used for retail or other commercial purposes.

Storefront opening. "Storefront opening" shall mean the first story area of the facade that is framed by piers or walls on the sides and a lintel or arch above, and that contains a storefront.

Transom. "Transom" shall mean the glazed area above a display window or door separated from the main window area or door by a transom bar.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Routine maintenance.** A permit is not required to undertake the following types of ordinary repair and maintenance work:

(1) Seasonal removal and installation of LPC approved window awnings.

(2) Fabric patching in a matching material.

(3) Minor repairs or adjustments to the rolling or folding arm mechanism of an awning's frame.

(4) Cleaning of awning material.

Ordinary repair and maintenance does not include replacement of, or repairs to, significantly damaged or deteriorated awning frames and armatures.

(d) **Recladding and retention of existing awnings.**

(1) LPC staff shall issue a certificate of no effect or a permit for minor work for recladding of existing awnings if the proposed recladding meets both of the following criteria: (i) The awning to be reclad was present at the time of designation or was previously approved by an LPC permit; and

(ii) The existing frame will be reclad in a material and finish that conforms to the criteria set forth in §2-12(e)(7)-(9) or 2-12(f)(9)-(11) of these rules.

(2) In the event a new storefront is being installed, an existing storefront awning in noncompliance with the criteria set forth in subsection (f) below cannot be retained unless the applicant can demonstrate to LPC staff that the new storefront installation will not require even the temporary removal of the existing awning or awnings.

(e) **Installation of new awnings on residential windows, doors and porches.** LPC staff shall issue a certificate of no effect or a permit for minor work for new awnings on residential windows, doors and porches if the proposed awning meets all of the following criteria applicable for such installation:

(1) Awnings installed on residential windows, doors and porches shall be retractable awnings.

(2) Awnings shall be installed at or below the lintel and shall conform to the size and shape of the window or door opening.

(3) The attachment of the awning will not cause the loss of, damage to, or hide or obscure any significant feature.

(4) Awnings shall project at an angle and be of a length, size and slope which are proportional to the size and height of the window or door.

(5) Awnings at terraces and architectural setbacks may extend over more than one opening, so long as the overall length of the awning is proportional to the size and length of the terrace or setback and the depth does not exceed the depth of the terrace or setback.

(6) Awnings on porches shall conform to the bay structure and proportions of the porch.

(7) All awnings on a residential building or on the residential portions of a mixed-use building must match in terms of fabric color and pattern if installed on primary or visible secondary facades.

(8) Awnings shall be clad only with water repellant canvas with a matte finish or other fabric of a similar appearance.

(9) Awning fabric shall consist of a solid color or vertical stripes that harmonize with the historic color palette of the building. No lettering or signage is permitted on residential awnings except for an address number on an awning over an entrance, and the numbers of such address shall be no greater than six inches in height.

(f) **Installation of new awnings on storefronts.** LPC staff shall issue a certificate of no effect or a permit for

minor work for new awnings on ground story storefronts, display windows and doorways if the proposed work meets all of the following criteria applicable for such installation:

(1) The awning must be retractable on Individual Landmarks, on storefront restorations approved by a restorative certificate of no effect (Title 63 §2-17(c)), and on buildings which were designed with integral retractable awning housings as part of the storefronts. In all other cases, the awning may be either retractable or fixed. If fixed, the awning shall have a straight slope and be open at the sides. If retractable, the awning shall have a straight or curved slope and may or may not have side panels. Retractable awnings may follow the curved configuration of the window or door openings over which they are installed. If a display window or doorway opening has an arched or segmental head, the awning must be retractable if it is installed at the head of the window, but may be fixed if it is installed at the rectilinear transom bar. Both retractable and fixed awnings may or may not have a skirt. Awning skirts must be unframed. The skirt height shall be proportional to the height and size of the awning.

(2) The attachment of the awning will not cause the loss of, damage to, or hide or obscure any significant feature.

(3) The awning shall be installed at or directly below the lintel or transom bar, except that the awning may be attached up to eight inches above the lintel where:

(i) a roll-down security gate that either was present at the time of designation or was previously approved by the Commission makes it impossible to install the awning at the lintel or transom bar; or

(ii) installing the awning at the lintel or transom bar will result in the lowest framed portion of the awning being less than eight feet above the sidewalk.

Where the awning is installed above the lintel, the awning encroachment above the lintel shall be the minimum required to accommodate the conditions described above in subparagraphs (i) and (ii) and in no instance shall exceed eight inches.

(4) In cases where the storefront itself projects from the facade, the awning must be attached to the projecting storefront below the storefront cornice or cap.

(5) The length of the awning shall not exceed the length of the storefront opening or the associated window opening, and the edges of the awning shall be aligned as closely as possible with the inside face of the principal piers of the storefront, or the window opening.

(6) The underside of the awning shall be open.

(7) The lowest framed portion of the awning shall be at least 8 feet above the sidewalk. The lowest unframed portion shall be at least 7 feet above the sidewalk.

(8) The awning shall project at an angle and be of a length, size and slope which are proportional to the size and height of the window or door.

(9) The awning shall be clad only with water repellant canvas with a matte finish or other fabric of a similar appearance.

(10) Signs, such as lettering or graphics, are permitted to be painted on the awning skirt only; no lettering or graphics shall be permitted on the sloped portion of the awning. The size of lettering shall be proportional to the height of the awning skirt.

(11) Awning fabric shall consist of a solid color or vertical stripes that harmonize with the historic color palette of the building.

(g) **Applicability.** The provisions of this section shall not apply to proposals to install awnings:

(1) On buildings subject to a building or district master plan, or other special rule approved by the Commission, governing the installation and characteristics of an awning; and

(2) On buildings, including historic modifications thereof, that did not originally or historically have awnings, including without limitation thereof public and institutional buildings such as houses of worship, schools, post offices and fire houses. Where the LPC staff reasonably believes that a building did not originally or historically have an awning, the LPC staff shall, at the applicant's request, calendar the proposal for a certificate of appropriateness public hearing. The applicant may request a meeting with the Director of Preservation or, in his or her absence, the Deputy Director, to discuss the LPC staff's interpretation of these rules.

HISTORICAL NOTE

Section repealed and added City Record Mar. 26, 1999 eff. Apr. 25, 1999. [See Note 1]

Section in original publication July 1, 1991.

NOTE

1. Statement of Basis and Purpose in City Record Mar. 26, 1999:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rule is to assist the public in applying to the Landmarks Preservation Commission for approval of awnings on landmarks and buildings in historic districts and to permit Commission staff to issue permits for work that is in accordance with the rule.

***** Current through December 2009 ****

63 RCNY 2-13

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-13 Removal of Fire Escapes.

The following will clarify instances in which staff may issue a Certificate of No Effect (CNE) for the removal of fire escapes from designated buildings.

The removal of a fire escape requires either a CNE or a Certificate of Appropriateness (C of A). If the fire escape is a significant protected feature, then a C of A is required to approve its removal. However, staff may issue a CNE for a fire escape removal if it determines:

(a) that the fire escape is not a significant protected feature on the building based on the finding that:

(1) the fire escape is not original to the building, and

(2) the fire escape does not have architectural merit in itself, and

(3) the fire escape is not mentioned in the LPC designation report, and

(4) the building with the fire escape is not located within an historic district in which fire escapes are significant architectural elements that contribute to the special architectural and historic character for which that historic district was designated.

(b) That any damage to the facade will be repaired to match the adjacent fabric (patching any holes would be invisible enough to have "no effect" on the significant protected feature of the building);

(c) that the removal of the fire escape will not leave gaps, holes, or unsightly conditions on the facade. Occasionally, the installation of a fire escape requires the removal of architectural elements or portions of architectural elements (e.g. cornices). If the applicant is not prepared to remedy these conditions in connection with the removal of the fire escape, staff will have to make a judgment as to whether or not it would be desirable to allow the removal. If the applicant is willing to make restorative repairs, staff will have to decide whether these would require a Permit for Minor Work (PMW) or a C of A. It would be inappropriate to include these restorative repairs on a CNE since obviously they would have an effect on the significant protected features of the building. If the level of restoration requires a C of A, a CNE should not be issued for the removal, but rather the removal should be calendared for a public hearing with the restoration.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-14 Sandstone Restoration and Replacement.

The staff may issue a Permit for Minor Work for the restoration or replacement of sandstone/ brownstone elements and the following guidelines should be used in evaluating such proposals.

(a) For buildings that have especially fine ornament or distinctive or unique carvings where damage is minimal, the staff may issue a Permit for Minor Work for an application to consolidate the original significant fabric.

(b) For buildings where the decorative features are simple, not necessarily unique, stoops with damage to the treads or other kinds of damage to the facade, the staff may issue a Permit for Minor Work for an application to remove the original sandstone surfaces and replace them with a cementitious mix. In reviewing the application, the staff should find that:

(1) documentation or site inspection reveals that the existing brownstone surface is exfoliating, damaged or otherwise unsound;

(2) the proposal calls for the replication of the original texture, color, profiles and details;

(3) the proposal calls for damaged stone to be cut back to sound stone and the new surface be keyed into the sound stone and built up in successive layers using a cementitious mix with the top layer tinted and finished to match the

original sandstone texture and color. In some cases a sample patch should be requested for inspection and approval. The use of wire lath is never acceptable;

(4) the methods and materials proposed by contractors have been provided in the form of specifications, copies of contracts, or written in a letter.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-15 New Window Openings.

Staff is authorized to issue a Certificate of No Effect for new window openings and sash when the following conditions are met:

(a) Visible window openings on secondary facades:

(1) the new window opening(s) and sash retain the same general shape and pattern as existing windows on the same facade, or, where there are no existing window openings, the new window opening will be located in a place and be of a size and shape where it can form the basis for a regular and consistent pattern, and the new sash does not detract from the sash on the primary facade;

(2) the location of new window openings is consistent and regular; and

(3) new window opening and sash do not detract from the significant architectural features of the building or adjacent buildings by virtue of their proximity to such features.

(b) For nonvisible or minimally visible window openings on secondary facades:

(1) the proposed window opening does not alter or destroy other protected features, nor does the proposed window opening or sash detract from such protected features by their proximity to such features.

(2) For purposes of this subsection (b), a new window opening shall mean (i) a window opening where none previously existed or (ii) a combination of two or more horizontally adjacent windows, provided such adjacent windows are, or will be once all of the approved work is complete, located in the same room. In addition to being combined, such horizontally adjacent windows may be enlarged in height by up to 10 percent of the height of the largest existing window opening being combined.

(3) For purposes of §2-15(b), the term "minimally visible" shall mean that the proposed window opening and sash are only partially visible from a public thoroughfare and that the window opening and sash are visible from such an angle and/or such a distance that they do not call attention to themselves and do not detract from the significant architectural features of the building or historic district.

(c) For purposes of this §2-15, the term "secondary facade" shall mean a facade that does not face a public thoroughfare or mews or court and that does not possess significant architectural features.

HISTORICAL NOTE

Section repealed and added City Record Jan. 5, 2000 §1, eff. Feb. 4, 2000. [See Note 1]

Section in original publication July 1, 1991.

NOTE

1. Statement of Basis and Purpose in City Record Jan. 5, 2000:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in §§25-305, 25-306, 25-307, 25-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306, 25-307 and 25-310.

The purpose of the adopted rules is to amend §§2-15, 3-01, 3-02 and 3-04 of title 63 of the Rules of the City of New York to allow the staff to issue certificates of no effect and permits for minor work for certain changes to existing window openings on secondary facades and the installation of new window sash and frames.

These amendments were included in the Regulatory Agenda.

63 RCNY 2-16

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-16 Rear Yard Additions or Enlargements.

Standards for issuing staff level Certificates of No Effect (CNE) for rear yard additions or enlargements:

(a) Application is not for an addition that would extend to the rear lot line or substantially eliminate the presence of a rear yard.

(b) Rear of building has no significant architectural features which would be lost or damaged as a result of the construction of the addition.

(c) Proposed addition is not visible from a public thoroughfare or right of way.

(d) Other rear yard incursions exist within the block (in the case of buildings in Historic Districts).

(e) In the case of a rowhouse, the rear of the building (or buildings) involved retains the scale and character of an individual rowhouse.

(f) Proposed work complies with the Zoning Resolution and will not require special permit for a variance.

(g) In buildings with rear cornices, corbeled brickwork on the parapet, or other distinctive roof silhouettes, the rear addition does not rise to the full height of the building.

(h) The rear facade will not be removed from the entire width of the building, instead, existing openings are being modified to provide access into the addition. This approach retains original fabric and lessens structural intervention.

If all the above standards are met, a CNE may be issued; otherwise, consult with the Director of Preservation. Calendaring for a Certificate of Appropriateness public hearing may be required.

Rules of the City of New York

***** Current through December 2009 ****

63 RCNY 2-17

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-17 Restoration of a Building and Building Facade Features.

(a) **Introduction.** These rules are issued to assist building owners in applying to the Landmarks Preservation Commission for approval of applications to undertake the restoration of a building element or group of building elements on a designated property. The rules set out Commission policy with respect to such work. The goal of these rules is to facilitate and expedite the approval of restoration work proposed for designated properties. Proposed restoration work that does not conform to these rules requires a Certificate of Appropriateness review by the full Commission in accordance with the Landmarks Law.

(b) **Definitions.** As used in these Rules, the following terms have the following meanings:

"Facade" shall mean an entire exterior face of a building.

"Historic appearance" shall mean the visual appearance of a structure or site at a specific point in time after it has undergone alterations or additions which enhance or contribute to the building or site's special architectural, aesthetic, cultural or historic character.

"Historic fabric" shall mean a building's original or significant historic facade construction material or ornament, or fragments thereof.

"Landmarks Law" shall refer to Section 3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

"LPC staff" shall mean the staff of the Landmarks Preservation Commission acting in the Commission's agency capacity.

"Original appearance" shall mean the visual appearance of a structure or site at approximately the time of its completed initial construction.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Restoration work.** The LPC staff will issue a Certificate of No Effect or a Permit for Minor Work for the restoration of building facade(s) or individual facade element(s) (including but not limited to roofs and cornices, stoops, storefronts, window and door openings, window and door enframements, ironwork, porches and siding) to their original or historic appearance if the staff determines that the proposed restorative work satisfies the following conditions:

(1) The basis for the design of the proposed restoration's authenticity is documented by:

(i) photographic evidence, or

(ii) physical evidence on the building, or

(iii) original or historic drawings or documents, or

(iv) matching buildings.

If there is no available documentary evidence as set forth in subsections (i)-(iv) and the applicant certifies that he or she (or a designated representative) has searched for historic drawings, documents or photographs at the resources listed in Appendix A of Chapter 2, the design may be based on that found in buildings of similar age and style that contain stylistic elements that follow a set pattern or type.

(2) The restoration would not cause the removal of significant historic fabric (such as Victorian period features on an earlier structure) that may have been added over time and that are evidence of the history and development of a building, structure, or site.

HISTORICAL NOTE

Section in original publication July 1, 1991.

NOTE

1. Statement of Basis and Purpose in City Record July 14, 1997:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rules is to assist the public in applying to the Landmarks Preservation Commission for approval of restoration work on landmarks and buildings in historic districts and to permit Commission staff to issue permits for

work that is in accordance with the proposed rules.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-18 Temporary Installations.

Staff of the Landmarks Preservation Commission is authorized to issue a Certificate of No Effect (CNE) for proposals calling for the temporary installation of signs, banners or other temporary installations such as various forms of artwork or kiosks, if the following criteria are met:

(a) "Temporary Installation" is defined as an installation for sixty (60) days or less for signs and banners or one (1) calendar year or less for other temporary installations. The duration of any temporary installation authorized under this rule shall be specified in the CNE and shall be for a single period not to exceed sixty days for signs and banners or one year for other temporary installations; and

(b) the installation will cause no damage to protected architectural features of the property; and

(c) an acceptable plan and time schedule for the dismantling of the property has been submitted to the Commission as a component of the application. In the case of artwork, the applicant is also required to submit a written instrument signed by the artist and the building owner that evidences the owner's authority to remove the artwork when the temporary installation permit expires and that waives any protection under applicable federal or state law afforded to the artist or artwork that would prevent such removal at the expiration of the temporary permit, including but not limited to, the Visual Artists Rights Act of 1990, 17 U.S.C. 101 et seq. and Article 14 of the New York State Law on Arts and Cultural Affairs; and

(d) if the applicant is not a public or quasi-public agency, an escrow agreement or other adequate assurance acceptable to the Commission is provided to establish that a mechanism is available for the removal of the installation upon expiration of the permit should the applicant fail to remove the installation.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-19 Proposed Construction of Rooftop Additions.

(a) **Definitions.** As used in this section, the following terms shall have the following meanings:

Demolition. "Demolition" shall mean dismantling or razing of all or part of an existing improvement.

Improvement. "Improvement" shall mean any building, structure, place, work of art or other object constituting a physical betterment of real property, or any part of such betterment.

Landmarks Law. "Landmarks Law" shall refer to New York City Charter §3020 and chapter 3 of title 25 of the Administrative Code of the City of New York.

Landmarks Preservation Commission. "Landmarks Preservation Commission" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Mechanical equipment. "Mechanical Equipment" shall include, but not be limited to, heating, venting and air conditioning equipment, watertanks and their supporting structures, satellite dishes, stair and elevator bulkheads, screens, dunnages, baffles and other accessory installations but shall not include telecommunication equipment and conventional television antennas. For the purpose of this rule, mechanical equipment shall also include unenclosed decks, garden trellises, or associated railings.

Minimally visible. "Minimally visible" shall refer to any rooftop addition which when viewed from any public thoroughfare, projects into the maximum line of sight from such public thoroughfare by not more than 12 inches in height, or, due to its placement and size does not call attention to itself nor detract from any significant architectural features.

Occupiable space. "Occupiable space" shall mean a room or enclosure and accessory installations thereof, which are intended for human occupancy or habitation.

Permit. "Permit" shall mean any permit other than a notice to proceed issued by the Landmarks Preservation Commission in accordance with the Landmarks Law:

(a) "PMW" shall mean Permit for Minor Work as defined by §25-310 of the Landmarks Law.

(b) "CNE" shall mean Certificate of No Effect as defined by §25-306 of the Landmarks Law.

(c) "CofA" shall mean Certificate of Appropriateness as defined by §25-307 of the Landmarks Law.

Public thoroughfare. "Public thoroughfare" shall mean any publicly accessible right of way including, but not limited to a street, sidewalk, public park, and path.

Rooftop addition. "Rooftop addition" shall mean a construction or an installation of mechanical equipment and/or occupiable space situated on any structure's roof.

Significant architectural feature. "Significant architectural feature" shall mean an architectural component of a building that contributes to its special historic, cultural and aesthetic character, or that in the case of an historic district reinforces the special characteristics for which the district was designated.

Terms not otherwise defined in this section shall have the meaning given them in the Landmarks Law.

(b) **Applications for proposed work.** Each application filed with the Landmarks Preservation Commission for proposed construction of a rooftop addition shall be accompanied by:

(1) documentation, including photographs, which accurately depicts the site of a proposed rooftop addition; and

(2) sight line studies for the purpose of determining the visibility of the rooftop addition from a public thoroughfare including the point of maximum visibility (see supplementary instructions for filing for rooftop additions); and

(3) mechanical equipment with respect to any application for rooftop additions for occupiable space, a current objections sheet from the Department of Buildings.

(c) **Mechanical equipment rooftop additions to be constructed on a structure which is an individual landmark.**

(1) The Landmarks Preservation Commission shall issue a CNE for any rooftop addition to be constructed on a structure which is an individual landmark of six stories or less in height which:

(i) consists solely of mechanical equipment; and

(ii) does not result in damage to, or demolition of, a significant architectural feature of the roof of the structure on which such rooftop addition is to be constructed; and

(iii) is not visible from a public thoroughfare.

(2) The Landmarks Preservation Commission shall issue a CNE for any rooftop addition to be constructed on a structure which is an individual landmark of seven stories or greater in height which:

(i) consists solely of mechanical equipment; and

(ii) does not result in damage to, or demolition of, a significant architectural feature of the roof of the structure on which such rooftop addition is to be constructed; and

(iii) is either not visible from a public thoroughfare or is only minimally visible from a public thoroughfare.

(d) **Occupiable space rooftop additions to be constructed on a structure which is an individual landmark.**

(1) The Landmarks Preservation Commission shall issue a CNE for any rooftop addition to be constructed on a structure which is an individual landmark which:

(i) consists of occupiable space; and

(ii) does not result in damage to, or demolition of, a significant architectural feature of the roof of the structure on which such rooftop addition is to be constructed; and

(iii) is not visible from a public thoroughfare; and

(iv) has no outstanding objection for use or bulk listed on the objections sheet for such structure.

(e) **Rooftop additions to be constructed on any structure within a designated historic district, other than an individual landmark.**

(1) The Landmarks Preservation Commission shall issue a CNE for any rooftop addition to be constructed on any structure within a designated historic district, other than an individual landmark, which:

(i) consists solely of mechanical equipment; and

(ii) does not result in damage to, or demolition of, a significant architectural feature of the roof of the structure on which the rooftop addition or installation is to be constructed; and

(iii) is either not visible from a public thoroughfare or is only minimally visible from a public thoroughfare.

(iv) does not adversely affect significant architectural features of adjacent improve- ments.

(2) The Landmarks Preservation Commission shall issue a CNE for any rooftop addition to be constructed on any structure within a designated historic district, other than an individual landmark, which:

(i) consists of occupiable space; and

(ii) does not result in any damage to, or demolition of, a significant architectural feature of the roof of the structure on which it is constructed; and

(iii) is not visible from a public thoroughfare; and

(iv) does not adversely affect significant architectural features of adjacent improvements; and

(v) has no outstanding objection for use or bulk listed on the objections sheet for such structure.

(f) The Landmarks Preservation Commission shall consider any application for a proposed rooftop addition that

does not meet the criteria for a CNE set forth above as a request for a CofA and shall hold a public hearing on such application.

(g) **Applicability.** (1) This rule shall not be construed to apply to telecommunications equipment or conventional television antennas.

(h) **Application Procedure.** (1) All applications received by the Landmarks Preservation Commission will be docketed and reviewed for completeness. The applicant will be notified if additional documentation is required.

(2) When the application is complete, a staff member will review the application for conformance with these rules. Upon determination that the criteria of the rules have been met, a CNE will be issued.

(3) If the criteria for a CNE have not been met, the applicant will be given the opportunity to pursue a Certificate of Appropriateness and may request a meeting with the director of preservation to discuss the interpretation of the rules. The applicant may also request a meeting and review by the chair of the commission.

(4) The decision of whether to approve an application for a Certificate of Appropriateness is made by an affirmative vote of at least six commissioners following a public hearing.

63 RCNY 2-20

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-20 Bracket Signs in the Tribeca East, Tribeca West, Tribeca North, Tribeca South, SoHo Cast-Iron, NoHo, and Ladies' Mile Historic Districts.

(a) **Introduction.** The large commercial buildings that substantially define the character of the Tribeca East, Tribeca West, Tribeca North, Tribeca South, SoHo Cast-Iron, NoHo, and Ladies' Mile Historic Districts historically had a wide variety of signage, including rigid projecting signs. These signs, known as "bracket signs" extended out perpendicularly from the building face and typically had signage on both sides of the sign.

(b) **Definitions.** As used in this §2-20, the following words shall have the following meanings:

Armature. "Armature" shall mean a metal structural support for a rigid projecting sign. The armature may support the bracket sign by means of one or two projecting arms.

Bracket Sign. "Bracket Sign" shall mean a rigid outdoor sign, with two display faces, installed perpendicular to a building facade and hanging from an armature, used as an announcement for an establishment in the building, consisting of the rigid display faces and all letters, words, numerals, illustrations, decorations, trade marks, emblems, symbols or their figures or characters associated with the name of the establishment that are applied to the faces. In addition, a bracket sign may consist solely of an outline of a shape and/or letters intended to act as a symbol or sign for the establishment.

CNE. "CNE" shall mean a Certificate of No Effect as defined by §25-306 of the New York City Administrative Code.

Establishment. "Establishment" shall mean a manufacturing, commercial or retail business or profession.

Facade. "Facade" shall mean an entire exterior face of a building.

LPC. "LPC" shall mean the Landmarks Preservation Commission.

LPC staff "LPC staff" shall mean the staff of the Landmarks Preservation Commission acting in the Commission's agency capacity.

(c) **Installation of bracket signs.** The LPC staff shall issue a CNE for a bracket sign if the proposed work meets all of the following criteria:

(1) The armature shall be installed below the second story within the storefront opening or on the flat face of a plain masonry pier and shall be mechanically fastened into the storefront infill or into the mortar joints of a plain masonry pier, and such installation shall neither damage nor conceal any significant architectural features of the building.

(2) The armature shall be a dark finished metal and shall be simply designed.

(3) The display faces of the bracket sign may be made of wood or metal. If the bracket sign has display faces, the letters, words, numerals, illustrations or graphics, etc. may be painted or applied onto the display faces, and may be raised slightly from the surface. The overall width, as measured from face to face, shall not exceed 2 inches, and, if there are raised letters, illustrations, etc. the bracket sign shall not exceed a width of three inches as measured from the outside plane of such raised letters or illustrations. The display faces and the letters, words, numerals, illustrations or graphics, etc. shall be of a color or colors that do not detract from the significant architectural features of the building or neighboring buildings. No neon or other vividly bright colors shall be permitted.

(4) The bracket sign shall not be internally illuminated, nor shall such sign have neon or L.E.D. (Light Emitting Diode) lighting of any kind, nor shall any lighting fixture or mechanism be attached to the armature.

(5) The bracket sign may be fixed or may move freely from its points of attachment to the armature, but in no event shall the bracket sign be made to move by mechanized or controlled means.

(6) Number of bracket signs for ground floor establishments.

(i) Except for signs subject to subparagraph (iii) below, one bracket sign per ground floor establishment shall be permitted.

(ii) In buildings with more than one ground floor establishment, one sign per establishment may be installed, provided that there is no more than one sign per 25 feet of building facade fronting on a street, and further provided that the size, design, placement, materials and details of all of the armatures match. The placement of the bracket sign on the building shall be in close proximity to the establishment that is identified on the bracket sign.

(iii) A ground floor establishment with a corner storefront may have one bracket sign on each building facade with at least 25 feet of street frontage, provided that each facade has a primary entrance and each bracket sign is located in close proximity to an entrance, but in no event shall more than one bracket sign be located within 20 feet of the corner of the building.

(7) Bracket signs for upper story establishments. A single armature for a bracket sign for an upper story establishment or establishments may be installed adjacent to the building entrance for such upper story establishments.

This armature may hold one sign for each upper story establishment, provided such signs hang vertically underneath one another on the same armature, and further provided that in no event shall the total dimensions of such signs, taken together, exceed the size requirements specified in paragraph (8) below.

(8) The size of the bracket sign shall conform to the requirements of the Zoning Resolution, but in no event shall the size exceed 24 inches by 36 inches, oriented horizontally or vertically. Novelty shapes, such as circles, polygons and irregular shapes, may be permitted provided such shapes fall within the above dimensions.

(9) The projection of the bracket sign and armature beyond the property line shall conform to the requirements of the Zoning Resolution and Building Code, but in no event shall extend more than 40 inches from the facade.

(10) The bracket sign shall be installed so that the lowest portion of the sign is at least ten (10) feet above the sidewalk.

(11) The establishment seeking approval for a bracket sign shall not, for the same building, already be utilizing an LPC-approved, grandfathered or unapproved flagpole and banner, nor shall it have approval from the LPC for installing a new flagpole and banner on the same building.

(12) In approving an application for a bracket sign, the staff shall consider the overall amount of staff and Commission approved signage for the storefront. If the staff determines that the overall amount of signage with the proposed bracket sign is excessive and will detract from the architectural features of the building, the staff shall require that other types of existing or proposed staff approved or approvable signage, including but not limited to signs on awning skirts and signage applied to the storefront glazing, be eliminated or reduced.

(13) The application is to install the bracket sign on a building designed as a commercial or loft building and zoned for commercial use and located within the Tribeca East, Tribeca West, Tribeca North, Tribeca South, SoHo Cast-Iron, NoHo, and Ladies' Mile Historic Districts.

HISTORICAL NOTE

Section added City Record May 23, 2001 eff. June 22, 2001. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record May 23, 2001:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in §§25-305-308 and §25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306-307 and 25-310.

The purpose of these rules is to assist the public in applying to the Landmarks Preservation Commission for approval of bracket signs on landmarks and buildings in historic districts and to permit Commission staff to issue permits for work that is in accordance with these rules.

Rules of the City of New York

***** Current through December 2009 ****

63 RCNY 2-21

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER B SPECIFIC ALTERATIONS

§2-21 Rules Relating to Installation of Public Pay Telephones.

(a) **Introduction.** Public pay telephones have been part of the city's street scape for half a century. First introduced in the 1950s pursuant to a franchise agreement with the city, legally permitted public pay telephones contribute to the urban experience as well as provide an important communication link for business, pleasure and public health and safety. These public pay telephones have traditionally had a quiet presence on the street scape that allowed for their identification without calling undue attention to themselves. The provisions set forth below are intended to ensure that public pay telephones installed in areas under the jurisdiction of the Landmarks Preservation Commission are installed in a manner that does not damage or destroy historic fabric and that the design and placement of such phones shall not call undue attention to themselves or detract from the significant architectural features of an improvement or a historic district or adversely affect a historic district's distinct sense of place.

(b) **Definitions.** As used in this section, the following terms shall have the following meanings:

(1) "Curbfront" shall mean the sidewalk curb that divides the sidewalk from the roadway.

(2) "Public pay telephone" or "PPT" shall be defined by §23-401(f) of the Administrative Code of the City of New York.

(3) "PPT Enclosure" shall be defined as any associated housing or enclosure that partially or fully surrounds a PPT,

and including an associated pedestal, which has been approved by the Art Commission.

(4) "PPT Franchise Agreement" shall mean a franchise granted by the City pursuant to the revised solicitation issued by the Department of Information Technology and Telecommunications ("DoITT") on June 9, 1997 pursuant to Resolution No. 2248 or any subsequent solicitation with a similar purpose whether or not such subsequent solicitation includes all or part of the components of the June 9, 1997 solicitation.

(c) **Approval of PPT Enclosure Design and Installation.**

(1) No application to the Commission, and no certificate, approval, permit or report shall be required for a proposal to install a PPT Enclosure if such proposal meets the following criteria:

(i) The PPT Enclosure is proposed to be installed no farther than 24 inches and no closer than 18 inches of the curbfront in an area zoned for commercial or manufacturing uses pursuant to the New York City Zoning Resolution;

(ii) Each PPT Enclosure shall be designed to be inconspicuous and to not call undue attention to itself, and shall have an exterior dimension no greater than 35" wide × 44" long × 90" high. A maximum of two PPTs may be installed in-line together, but in such instance the enclosure shall be no grerater than 35" wide × 88" long × 90" high. The height limitation shall include the height of a mast if one is installed. The PPT Enclosure may have clear glazing panels and shall be rectilinear if the PPT Enclosure is designed to have advertising panels;

(iii) The PPT Enclosure shall not be installed in or on, or in the mortar joints between, bluestone, granite, slate or brick paving material, nor shall such paving material be disturbed in any manner in connection with the installation of the PPT;

(iv) The PPT Enclosure shall not be installed in front of an improvement designated as a landmark;

(v) The telephone and power lines to and from such PPT Enclosure, or any conduit containing such lines, shall not be visible;

(vi) The nonglazed portion of the PPT Enclosure shall be a dark brown, dark green, black or dark grey color, or is uncolored stainless steel or clear-finished aluminum. If the PPT Enclosure is less than 15 inches by 36 inches, all portions of the PPT Enclosure shall be stainless steel or clear-finished aluminum;

(vii) If the PPT Enclosure has advertising panels, the advertising panels shall be limited to two side panels, each of which is not larger than 27" wide × 57" high. There shall be no advertising panel on the rear of the PPT Enclosure facing the street. The advertising panels shall not be illuminated in any fashion. Advertising shall be limited solely to the PPT Enclosure. No advertising shall be permitted on a PPT Enclosure that is smaller than 27" wide × 57" high. No PPT Enclosure shall have any light emitting diode (L.E.D.) lettering, design or advertising. In addition to the above, a PPT Enclosure may identify the name or logo of the owner of the PPT and the fact that it is a public telephone. Where such identification is illuminated, it shall be illuminated internally from behind the lens, be limited to the top two inches of the PPT Enclosure, and may occur on all sides of the PPT Enclosure; and

(viii) The proposed PPT installation meets all applicable terms, conditions and requirements of the PPT Franchise Agreement, and all applicable distance, clearance and other siting requirements set forth in Title 67 of the Rules of the City of New York.

(2)(i) All other proposals to install a PPT Enclosure shall be reviewed and approved by the Landmarks Preservation Commission by a certificate of appropriateness public hearing, report, permit for minor work or certificate of no effect, as appropriate.

(ii) Application Procedures for proposals to install a PPT Enclosure requiring a certificate, permit or report. An

application form shall be filed for each proposed PPT Enclosure. Notwithstanding the requirements of §2-01 of Title 63 of the Rules of the City of New York, the application form for the installation of a PPT Enclosure shall be signed by the person who owns the PPT or the agent or principal of such person, or any other person authorized to apply for a permit to install a PPT pursuant to the PPT Franchise Agreement or Title 67 of the Rules of the City of New York. No advertising shall be permitted on non-curbside PPTs or PPT Enclosure.

(3) Nothing in this rule shall be interpreted to obviate the need to obtain all necessary approvals from the Department of Information Technology and Telecommunications for all installations of PPT Enclosures.

HISTORICAL NOTE

Section added City Record Apr. 21, 2005 eff. May 21, 2005. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Apr. 21, 2005:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and improvements located within historic districts. The Commission issues approvals for work on such designated landmarks and within such districts which, following procedures stated in §§25-305, 25-306, 25-307, 25-308, 25-310 and 25-318 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306, 25-307, 25-310, 25-318.

The purpose of the proposed rule is to set forth the Landmarks Preservation Commission's regulatory policies regarding the installation of public pay telephones.

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER C EXPEDITED REVIEW OF CERTAIN APPLICATIONS FOR CERTIFICATES OF NO EFFECT

§2-31 Definitions.

As used in these Rules, the following terms shall have the following meanings:

Architect. "Architect" shall mean individual, partnership, corporation or other legal entity licensed to practice the profession of architecture under the education law of the State of New York.

CNE. "CNE" shall mean Certificate of No Effect as defined by §25-306 of the Landmarks Law.

Day. "Day" shall mean any day other than a Saturday or Sunday or legal holiday.

Engineer. "Engineer" shall mean any individual, partnership, corporation or other legal entity licensed to practice the profession of engineering under the education law of the State of New York.

Landmarks Law. "Landmarks Law" shall refer to New York City Charter §3020 and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Landmarks Preservation Commission. "Landmarks Preservation Commission" shall mean the Commission acting in its agency capacity to implement the Landmarks Law.

Notice of Violation. "Notice of Violation" shall mean a notice from the Landmarks Preservation Commission that

work on a landmark site or within an historic district was performed without a permit or was not performed in accordance with a permit issued by the Landmarks Preservation Commission.

Story. "Story" shall be defined as a habitable floor level, including a basement but not including a cellar.

Terms not otherwise defined in these rules shall have the meaning given them in the Landmarks Law.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 2 ALTERATION OF LANDMARK AND HISTORIC DISTRICT BUILDINGS

SUBCHAPTER C EXPEDITED REVIEW OF CERTAIN APPLICATIONS FOR CERTIFICATES OF NO EFFECT

§2-32 Expedited Review Procedures.

(a) **General.** An applicant may request that an application for interior work above the second story on any landmark or building within an Historic District, other than an application for interior work on a part of the building which has been designated an interior landmark, be reviewed on an expedited basis. Expedited review is predicated upon the statements and representations of the architect or engineer and the owner and upon the satisfaction of certain terms and conditions, all as set forth in this §2-32.

(b) **Work eligible for expedited review.** Interior work which is to be performed above the second story and which does not involve any change to, replacement of, or penetration of, an exterior wall, window, skylight or roof, including but not limited to penetrations, replacements or changes for ducts, grilles, exhaust intakes, vents or pipes, may qualify for an expedited review.

(c) **Conditions to expedited review.** Each of the following conditions must be satisfied in order to obtain an expedited review:

(1) The work shall be eligible work as described in §2-32(b) above.

(2) The application for which an expedited review is requested shall be accompanied by a completed Landmarks Preservation Commission expedited review form which shall include:

(i) a statement signed and sealed by the architect or engineer that:

(A) the architect or engineer has prepared, or supervised the preparation of, the plans and specifications submitted with the application;

(B) all work shown on such plans and specifications is:

(a) interior work only,

(b) to be performed only above the second story,

(c) not to be performed on any portion of a space designated as an Interior Landmark,

(d) does not involve any change to, replacement of, or penetration of, a window, skylight, exterior wall or roof or any portion thereof;

(e) for floors 3-6 does not involve a dropped ceiling or a partition which is less than a minimum of 1'-0" back from interior window sill or frame whichever is further from the glass.

(C) that where there are associate architects or engineers, that they likewise join in the request for an expedited review of the application;

(D) that the architect or engineer and associate architects or engineers, if any, are aware that the Landmarks Preservation Commission will rely upon the truth and accuracy of the statements contained in the application made by them, and any amendments submitted in connection therewith, as to compliance with the provisions of the Landmarks Law and these rules;

(ii) a sworn statement executed by the owner of the property that:

(A) the proposed work described is of the type described in §2-32(b);

(B) no change to, or modification of, the proposed work shall be undertaken by the owner, his or her architect or engineer or any other agent of the owner without the prior approval of the Landmarks Preservation Commission; and

(C) the necessary remedial measures to obtain compliance will be taken, if the same becomes necessary;

(3) No "Notice of Violation" from the Landmarks Preservation Commission shall be in effect against the property which is the subject of the proposed work for which an expedited review is requested; and

(4) The application is complete in all other respects.

(5) The architect or engineer and associate architects or engineers, if applicable, have not been excluded by:

(i) the Chair of the Landmarks Preservation Commission from the procedures for expedited review pursuant to §2-34 of these rules; or

(ii) the Commissioner of the Department of Buildings from the Department's procedures for limited supervisory check of applications and plans set forth in 1 RCNY §21-02.

(d) **Issuance of permit.** If all conditions to an expedited review have been satisfied, the Landmarks Preservation Commission shall:

(1) issue a CNE to the applicant; and

(2) shall perforate all drawings accompanying such application to indicate approval thereof.

§2-34 Remedies for False Statements and Procedures for Action.

(a) **Grounds for action.** (1) The Chair of the Landmarks Preservation Commission may exclude any architect or engineer from the procedures for expedited review of applications if the Chair of the Landmarks Preservation Commission finds that:

(i) In connection with the Landmarks Preservation Commission expedited review form described in §2-32(c)(1) of these rules the architect or engineer has:

(A) knowingly or negligently made any false or misleading statement; or

(B) knowingly or negligently omitted a statement or failed to state a material fact; or

(C) knowingly or negligently falsified or allowed to be falsified any fact; or

(D) willfully induced another person to do any of the above; or

(ii) A "Notice of Violation" or "Notice to Stop Work" has been issued by the Landmarks Preservation Commission against work performed pursuant to any plans, prepared by or under the supervision of such architect or engineer, and such architect or engineer knew, or had reason to know, that the work performed pursuant to such application, plan, certification, or report was not carried out in accordance with approved plans or exceeded the scope of such approved

plans and such architect or engineer failed to act to stop such work and/or correct such work.

(2) The powers, rights and remedies of the Landmarks Preservation Commission set forth in this §2-34(a) are non-exclusive and shall not be deemed to limit or supersede any other power, right or remedy of the Landmarks Preservation Commission.

(b) **Procedures.** (1) Written notice of a preliminary determination, together with the basis for such action to exclude from expedited review shall be served on the Architect or Engineer of record pursuant to the provisions of New York State Civil Practice Law and Rules §308.

(2) The Architect or Engineer notified under §2-34(b)(1) shall be entitled to, and scheduled for, a hearing on the preliminary determination in accordance with §2-34(c) if written objection to the preliminary determination and the grounds for such objection are submitted to the Chair of the Landmarks Preservation Commission within fifteen (15) Days after the date that the notice of preliminary determination is served.

(3) If no hearing is requested pursuant to §2-34(b)(2) above, the preliminary determination of the Chair of the Landmarks Preservation Commission shall be deemed confirmed and shall become final and effective on the sixteenth (16) Day after the preliminary notice of determination is served.

(4) If after a hearing in accordance with §2-34(c), the Chair of the Landmarks Preservation Commission confirms the preliminary determination, the Chair shall notify the Architect or Engineer of such decision and such notice shall include a written statement indicating the reason for his or her determination.

(5) On or after the effective date of the final determination to exclude an Architect or Engineer from participation in expedited review procedures all of the plans prepared by or under the supervision of such Architect or Engineer shall be subject to full review by the Landmarks Preservation Commission.

(c) **Hearing.** (1) Any hearing described in §2-34(b)(2) will be held at, and conducted by the Office of Administrative Trials and Hearings in accordance with their rules and procedures.

(2) The Architect or Engineer may be represented by counsel and may present evidence in his or her behalf. A transcribed or tape-recorded record shall be kept of the hearing.

(3) The Chair of the Landmarks Preservation Commission shall notify the respondent of the final determination within ten (10) Days after the receipt of the findings of fact from the Office of Administrative Trials and Hearings on such matters. The determination of the Landmarks Preservation Commission shall be supported by substantial evidence.

(d) **Review of Determination.** At the expiration of two (2) years from the date of the initial determination to exclude an Architect or Engineer from participation in the procedures for expedited review of applications, and at intervals of no more than six months thereafter, upon request of the Architect or Engineer, the Chair of the Landmarks Preservation Commission shall reexamine such determination. If the Architect or Engineer has not committed any of the acts described in clause (2) of §2-34(a) above during such period, the Chair of the Landmarks Preservation Commission may rescind such determination.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-01 Introduction.

(a) These rules are issued to assist the public in applying to the Landmarks Preservation Commission for approval of repair, rehabilitation, restoration or replacement of windows in buildings that are designated landmarks or are within designated historic districts. These rules, which hereinafter will be referred to as "guidelines," enunciate Commission policy with respect to such repair, rehabilitation, restoration or replacement and also explain the procedures required to apply for a permit.

(b) Windows are an important and integral part of the design of most buildings. They typically comprise 30% to 40% of the surface area of a building's principal facade. In most historic buildings the window sash, window framing, and the architectural detail surrounding windows were carefully designed as an integral component of the style, scale and character of the building. It is important to retain the configuration, operation, details, material and finish of the original window as well as to maintain the size of openings, sills, decorative moldings, and the sash itself.

(c) Therefore, the Commission, in making a determination on proposed repair, rehabilitation, restoration or replacement of windows, evaluates the effect of the proposal on the aesthetic, historical and architectural values and significance of the landmark or of the building in an historic district. The Commission considers, among other matters, the architectural style of the building and the design, texture, material and color of the proposed work.

(d) These window guidelines are based on the following principles:

(1) The distinguishing original qualities or character of a building's structure, or site and its environment, should

not be destroyed. The removal or alteration of any distinctive architectural feature should be avoided whenever possible.

(2) Deteriorated architectural features including windows should be repaired rather than replaced whenever possible.

(3) If replacement is necessary, the new window should match the original or historic window in design and other visual qualities.

HISTORICAL NOTE

Section in original publication July 1, 1991.

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-02 Repairs, Rehabilitation and Restoration.

(a) **Repairs.** Deteriorated windows can often be repaired and made sound and fully operational. A permit is not required to undertake ordinary repairs including:

(1) Replacement of broken glass, together with replacement of associated moldings, muntins and glazing compound with material of matching characteristics.

(2) Scraping, priming and repainting of window sash and/or frame to recoat with same color and finish that exist at the time such work is undertaken.

(3) Caulking around frames and sill.

(4) Repair and replacement of window hardware, including pulley chains.

(5) Installation of weatherstripping.

(6) Straightening of metal window members.

(7) Rebuilding of portions of sills, sash and other window members, using the same material and to the same configuration, size and shape, limited to the following:

(i) up to 100% for sills, bottom sash rails and parting strips;

(ii) up to 40%, measured separately, for trim, moldings and other sash members.

(8) Consolidating wood members.

(b) **Rehabilitation and restoration.** A permit is required for:

(1) work that does not meet the requirements of subsection (a) above;

(2) changes in configuration; or

(3) any change in the shape or size of any member.

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-03 Storm Windows.

(a) The installation of secondary glazing units ("storm windows"), either interior or exterior, will be allowed under the following conditions:

(1) A permit is not required for installation of interior storm windows provided that:

(i) The installation has no mullions, muntins or wide frames that are visible from the exterior of the building; and

(ii) The glazing consists of clear glass or other transparent material. If these conditions are not met a permit will be required.

(2) A permit is required for installation of exterior storm windows.

(b) Exterior storm windows shall fit tightly within window openings without the need for subframe or panning around the perimeter. The color of frames of exterior storm windows shall match the color of the primary window frame. Clear glass only will be permitted. The storm sash shall be set as far back from the plane of the exterior wall surface as practicable. Muntins shall not be permitted. Meeting rails may be used only in conjunction with doublehung windows and shall be placed in the same relative location as in the primary sash.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-04 Replacement of Sash and Frames.

If the windows have deteriorated to a condition that warrants replacement, new windows will be permitted under the following conditions:

(a) A permit is required for the installation of new sash in existing frames. In cases where the sash is deteriorated to a point precluding reasonable repair, rehabilitation or restoration, replacement sash may be installed subject to the issuance of a permit. In determining whether sash cannot be repaired, the Landmarks Preservation Commission will consider the percentage of the window that is deteriorated, the practicality of repair, trade practice and such other factors as the LPC may deem appropriate. The new sash shall match the existing sash in dimensions, configuration, operation, details, material, and finish except as provided below. If the rehabilitation of frames is required in conjunction with an application for new sash, that work shall be part of the application.

(b) A permit is required for the installation of new sash and frames in landmarks and buildings in historic districts.

(c) **New sash and frames in primary facades:**

(1) **Individual landmarks:**

(i) If historic windows have deteriorated to a point precluding reasonable repair, rehabilitation or restoration, based on a condition report submitted by the applicant, or a field inspection by the staff, or other evidence, including the percentage of the window that is deteriorated, the practicality of repair, trade practice and other factors, replacement

windows may be approved if they match the historic windows in terms of:

(A) configuration,

(B) operation,

(C) details,

(D) material, and

(E) finish.

(ii) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(iii) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal.

(2) **Buildings in historic districts.**

(i) Rowhouses, town houses, mansions, detached and semi-detached houses and carriage houses:

(A) If historic windows have deteriorated to a point precluding reasonable repair, rehabilitation or restoration, based on a condition report submitted by the applicant, or a field inspection by the staff, or other evidence, including the percentage of the window that is deteriorated, the practicability of repair, trade practice and other factors, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,

(b) operation,

(c) details,

(d) material, and

(e) finish,

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal.

(ii) Small apartment buildings, tenements and hotels:

(A) In small apartment buildings and other types of multiple dwellings, originally built as such, which are six stories or less in height, and with a street frontage of forty (40) feet or less, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,

(b) operation,

(c) details,

(d) material, and

(e) finish,

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal.

(iii) Large apartment buildings and hotels:

(A) In large apartment buildings and other types of multiple dwellings, which either have a street frontage of forty-one (41) feet or greater, or which are seven or more stories in height, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,

(b) operation,

(c) details, and

(d) finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total

glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(C) Where the historic windows possess special architectural value, including "special" windows (as defined in the definitions (3-01) and illustrated in Appendix A), replacement windows shall match the material of the historic windows.

(iv) Small commercial and loft buildings including cast-iron fronted buildings, department stores, banks and office buildings.

(A) In commercial and loft buildings that are six stories or less in height, and with a street frontage of 40 feet or less, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,

(b) operation,

(c) details,

(d) material, and

(e) finish,

except that straight-headed, double-hung, one-over-one sash may be replaced by sash with a different material, provided the historic brickmolds are preserved, restored or, if necessary, replicated in the historic material, the new sash is installed in same plane as the historic sash, and the sash and brickmolds have a matching finish that replicates the historic finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(C) With respect to matching of materials, the following shall be understood: a wood historic window shall be replaced in wood, but not necessarily of the same species. A metal historic window shall be replaced with metal but not necessarily of the same metal.

(v) Large commercial and loft buildings, including cast-iron fronted buildings, department stores, banks and office buildings.

(A) In commercial and loft buildings that are seven or more stories in height, or with a street frontage of 41 feet or greater, replacement windows may be approved if they match the historic windows in terms of:

(a) configuration,

(b) operation,

(c) details, and

(d) finish.

(B) Variations in details will be permitted if such variations do not significantly affect the visual characteristics of the window, including the shadow effect of muntins and sash on the glazing. In evaluating "significant" effect, factors to be considered shall be the age of the building and its architectural quality, as well as the extent of diminution in the total glazed area of sash. For wood windows less than 15 inches wide, the diminution shall be limited to 10%; for wood windows 15 inches or wider, the diminution shall be limited to 6%; for metal windows (of any size) the diminution shall be limited to 10%.

(C) Where the historic windows possess special architectural value, including "special" windows (as defined in the definitions (§3-01) and illustrated in Appendix A), replacement windows shall match the material of the historic windows.

(3) **Other buildings:**

For buildings that do not fall into any of the previously described categories, the finding of appropriateness of window replacements will be made on a case-by-case basis. Variations in design of these specialized buildings preclude the applicability of guidelines.

Such special building types include churches and synagogues, hospitals, schools, libraries and the one- or two-story commercial building known as a "taxpayer." Also included in this category are buildings which, unless specifically noted in the text of these guidelines, have been converted from their original use.

(d) **New sash and frames in secondary facades.** (1) If existing windows are visible from a public thoroughfare, replacement windows may be approved if they match the historic windows in terms of:

(i) configuration and

(ii) finish.

(2) If existing windows are not visible from a public thoroughfare, replacement windows may be approved if:

(i) they are to be installed in existing window openings or existing openings that are to be enlarged in height or width, and such enlargement does not alter or destroy protected features, or

(ii) they are to be installed in existing window openings that are to be reduced in height or width; and

(iii) they do not replace "special" windows as defined in the definitions (§3-01) and illustrated in Appendix A.

NOTE

1. Statement of Basis and Purpose in City Record July 2, 2002:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection,

preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, 25-306, 25-307, 25-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, 25-307 and 25-310.

Section 3-04 of Title 63 of the Rules of the City of New York sets forth the rules for the staff of the LPC to approve replacement windows and sash in designated buildings. The purpose of the proposed amendment to section 3-04 is to assist the public in applying to the Landmarks Preservation Commission for approval of replacement windows.

Rules of the City of New York

***** Current through December 2009 ****

63 RCNY 3-05

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-05 Master Plans.

(a) A master plan for the repair and/or replacement of windows over a period of time can be approved under a PMW if the plan is in conformance with these guidelines. After the permit is issued, proposed window replacement will require applications requesting an Authorization to Proceed (ATP).

(b) The master plan shall set forth standards for future changes and shall specifically identify such standards by drawings, including large scale details of existing and proposed conditions, plus fenestration and location of proposed changes.

CHAPTER 3 REPAIR AND REPLACEMENT OF WINDOWS IN LANDMARK AND HISTORIC DISTRICT BUILDINGS (WINDOW GUIDELINES)

§3-06 Application Procedure.

(a) **Application.** (1) **Application form.** An application consists of a completed application form and supporting documentation. The form, "For Work on Designated Properties," must be signed by the owner of the property although the applicant may be the lessee or owner's agent. An application from a cooperative or condominium building must be signed by a properly authorized official of the corporation. The form also requires the name of the occupant, lessee or shareholder who is proposing the alteration as well as the name of the person filing the application (if not the owner).

The application form, "For Work on Designated Properties," is available at the Commission's office at 225 Broadway, New York, N.Y., 10007 by mail or by calling (212) 553-1100.

(2) **Supporting documentation.** An application must include photographs, drawings and descriptive material of the existing conditions of the windows and the building. For buildings located in historic districts, photographs of adjacent buildings should also be submitted. In addition, a description of the proposed work, manufacturers' catalogue cuts or drawings with comparative dimensions, details of construction, configuration, color and finish are required. Proposals for metal replacement windows should include material samples.

(b) **Procedure.** (1) All applications received by the Landmarks Preservation Commission will be docketed and reviewed for completeness. The applicant will be notified if additional documentation is required.

(2) When the application is complete, a staff member will review the application for conformance with these guidelines. Upon determination that the criteria of the guidelines have been met, a PMW will be issued.

(3) If the criteria have not been met, the applicant will be given a notice of the proposed denial of the application and an opportunity to request a meeting with the Director of the Preservation Department, or in the absence of the Director with a Deputy Director, to discuss the interpretation of these guidelines. The applicant may also request a meeting and review by the Chairman.

(4) If the application is denied, the applicant shall be informed of his or her right to file for a Certificate of Appropriateness pursuant to law. The decision of whether to approve an application for a Certificate of Appropriateness is made by an affirmative vote of at least six commissioners following a public hearing.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

APPENDIX C WINDOW GUIDELINES-DEFINITIONS

APPENDIX C WINDOW GUIDELINES-DEFINITIONS

Color. "Color" shall mean the sensible perception of hue, value and saturation characteristics of surfaces of window components. In the event of disagreement, the Munsell system of color identification shall govern.

Commission. "Commission" shall mean the Landmarks Preservation Commission as established by §3020 of the New York City Charter.

Commissioners. "Commissioners" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the Charter.

Configuration. "Configuration" shall mean the number, shape, organization and relationship of panes (lights) of glass, sash, frame, muntins, or tracery.

Details. "Details" shall mean the dimensions and contours of both the stationary and moveable portions of a window, and moldings. Details are shown in graphic form in Appendix B.

Existing windows. "Existing windows" shall mean the windows existing at the time of designation or windows which have been changed subsequent to designation pursuant to a permit issued by the Commission.

Fenestration. "Fenestration" shall mean the arrangement, proportioning and design of windows in a building.

Finish. "Finish" shall mean the visual characteristics, including color, texture and reflectivity of all exterior materials.

Frame. "Frame" shall mean the stationary portion of a window unit that is affixed to the facade and holds the sash or other operable portions of the windows.

Glazing. "Glazing" shall mean the material, usually glass, that fills spaces between sash members (rails, stiles and muntins), commonly referred to as panes or lights.

Head. "Head" shall mean the upper horizontal part of a window frame or window frame or window opening.

Historic windows. "Historic windows" shall mean:

(1) windows installed at time of construction of the building; or

(2) windows of a type installed at time of construction of similar buildings in similar periods and styles; or

(3) windows installed at time of major facade alterations 30 or more years ago.

Jamb. "Jamb" shall mean the side parts of a window frame or window opening, as distinct from head and sill.

Landmarks law. "Landmarks law" shall be understood to refer to Title 25, Chapter 3 of the Administrative Code of the City of New York.

Light. "Light" shall mean a pane of glass; a window, or a compartment of a window.

LPC. "LPC" shall mean the Commission acting in its agency capacity to implement the landmarks law.

Match. "Match" shall mean either an exact or an approximate replication. If not an exact replication, the approximate replication shall be so designed as to achieve a suitable, harmonious and balanced result.

Materials. "Materials" shall mean the substances used to fabricate windows.

Meeting rail. "Meeting rail" shall mean a sash rail in a double-hung window designed to interlock with an adjacent sash rail.

Member. "Member" shall mean a component part of a window.

Molding. "Molding" shall mean a piece of trim that introduces varieties of outline or curved contours in edges or surfaces as on window jambs and heads. Moldings are generally divided into 3 categories: rectilinear, curved and composite-curved.

Mullion. "Mullion" shall mean a vertical primary framing member that separates paired or multiple windows within a single opening.

Muntin. "Muntin" shall mean the tertiary framing member that subdivides the sash into individual panes, lights or panels; lead "cames" are often used in stained glass windows.

Note: Grids placed between two sheets of glass are not considered muntins.

Operation. "Operation" shall mean the manner in which a window unit opens, closes, locks, or functions; e.g., casement, double-hung, e.g., If non-operable, a window unit (such as a side light) is identified as "fixed."

Panning. "Panning" shall mean an applied material, usually metal, that covers the front (exterior) surface of an existing window frame or mullion.

Parting strip. "Parting strip" shall mean the small member, usually wood and usually removable, that separates the

upper and lower sash pockets in the jamb of a double-hung window.

Permit. "Permit" shall mean any permit issued by the Landmarks Commission, in accordance with the provisions of the landmarks law:

(1) "PMW" to mean Permit for Minor Work as defined by §25-310 of the landmarks law.

(2) "CNE" to mean Certificate of No Effect as defined by §25-306 of the landmarks law.

(3) "C of A" to mean Certificate of Appropriateness as defined by §25-307 of the landmarks law.

Principal facade. "Principal facade" shall mean

(1) a facade facing a street or a public thoroughfare that is not necessarily a municipally dedicated space, such as a mews or court; or

(2) a facade that does not face a street or mews or court but that possesses significant architectural features.

Rail. "Rail" shall mean a horizontal sash member.

Rehabilitation. "Rehabilitation" shall mean any repair work that requires a permit. (See §3-02 below.)

Repair. "Repair" shall mean any work done on any window to correct any deterioration or decay of or damage to a window or any part thereof and to restore same, as closely as may be practicable, to its condition prior to the occurrence of such deterioration, decay or damage. The term "ordinary repair" shall refer to work that does not require a permit. (See §3-02 below.)

Restoration. "Restoration" shall mean the process of returning, as nearly as possible, a building or any of its parts to its original form and condition.

Sash. "Sash" shall mean the secondary part of a window which holds the glazing in place; may be operable or fixed; usually constructed of horizontal and vertical members; sash may be subdivided with muntins.

Secondary facade. "Secondary facade" shall mean a facade that does not face a public thoroughfare or mews or court and that does not possess significant architectural features.

Significant architectural feature. "Significant architectural feature" shall mean an architectural component of a building that contributes to its special historic, cultural and aesthetic character, or that in the case of an historic district reinforces the special characteristics for which the district was designated.

Sill. "Sill" shall mean the lower horizontal part of a window frame or window opening; also the accessory member which extends as a weather barrier from frame to outside face of wall.

Special windows. "Special windows" shall mean:

(1) those windows in which the complexity of the muntin pattern or the molding profiles is one of the characteristics of the style and age of the building; or

(2) windows having one or more of the following or similar attributes, including but not limited to:

(i) Bay or oriel window

(ii) Curved glass

(iii) Multi-pane sash, i.e., 12 or more panes in a single sash in which a typical pane does not exceed 30 square inches of open (glazed) area

(iv) Stained or otherwise crafted glazing for artistic effect

(v) Highly decorated (carved or otherwise embellished) sash or frame

(vi) Non-rectilinear sash or frame.

See Appendix A for illustrations of these and other types of "Special Windows."

Stile. "Stile" shall mean a vertical sash member.

Story. "Story" shall be defined as a habitable floor level, including a basement but not including a cellar.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 4 DESIGNATED BROADWAY THEATERS

§4-01 Treatment of Designated Broadway Theater Interiors (Theater Interior Guidelines).

(a) **Preface.** Work may be done on designated interior portions of theaters either without application to the Commission, or with a Certificate of No Effect on Protected Architectural Features (CNE) if the proposed work is in accordance with the following guidelines:

(1) For production-related work, no application to Landmarks Preservation Commission is needed if the guidelines set forth in §4-01(b)(1) below are followed, but owner must submit a written description to the Landmarks Preservation Commission (LPC), prior to undertaking the work, clearly delineating the scope of the proposed work. This description should also include steps to be taken after the end of the production to return the interior to its prior condition if significant architectural features are proposed to be altered, unless further changes are mandated by an incoming production, in which case the interior would be returned to its prior condition following the latter production.

(2) For permanent alterations, application to LPC is necessary and a CNE will be issued by staff if in accordance with the guidelines set forth in §4-01(b)(2) below.

(3) Applications for work not in accordance with the guidelines will be subject to the usual landmark review procedure as set forth in Chapter 3 of Title 25 of the Administrative Code.

Note: The guidelines are keyed to underlined portions of the Description Section of the Designation Reports, which identify architecturally significant features requiring protection.

(b) **Guidelines.** (1) **Production-related changes.** No permit needed for work, if the following conditions are met:

(i) Interior configuration of the theater is maintained.

(ii) Any alteration to architectural features underlined in the Description Section of the Designation Report is reversible. (It should be noted that alterations to certain architectural features may not be reversible; for example, murals or heavily three-dimensional decorative features such as putti.)

(iii) Following a production in which a theater interior is to be painted in a non-contrasting color scheme, the theater interior will be painted in contrasting colors, unless some other color scheme is mandated by the incoming production, in which case the interior would be painted in contrasting colors following the latter production. (A contrasting color scheme is one in which the ornamental architectural details are painted a different color or a different value or hue of the same color than the background.)

(iv) If the Buildings Department requires a permit for the work, a CNE will be issued by staff within five working days of the receipt of a completed application.

(2) **Permanent changes.** A CNE will be issued by the staff within five working days of receipt of a completed application for alterations to the theater if the following conditions are met:

(i) Interior configuration is maintained.

(ii) Staff has determined that the alteration would not affect significant architectural features underlined in the Description Section of the Designation Report. In theaters which are only designated on the interior, such alterations could include exterior build-overs.

(iii) Any installation of state-of-the-art changes, as certified by the owner, such as light bridges, sound booths, and balcony rail light housings, provided that staff finds that

(A) their installation will have no effect on the physical fabric of the significant architectural features of the interior, or

(B) that such effect is reversible and that adequate steps will be taken to assure that affected features can be replaced in the future.

HISTORICAL NOTE

Section in original publication July 1, 1991.

63 RCNY 4-02

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 4 DESIGNATED BROADWAY THEATERS

§4-02 Treatment of Designated Broadway Theater Exteriors (Theater Exterior Guidelines).

(a) **Preface.** Work may be done on designated exterior portions of theaters either without application to the Commission, or with a Certificate of No Effect on Protected Architectural Features (CNE) if the proposed work is in accordance with the following guidelines:

(1) For production-related work, no application to LPC is needed if the guidelines set forth in §4-02(b)(1) below are followed, but the owner must submit a written description to the LPC, prior to undertaking the work, clearly delineating the scope of the proposed work. This description should also include steps to be taken after the end of the production to return the exterior to its prior condition if significant architectural features are proposed to be altered.

(2) For permanent alterations, application to LPC is necessary and a CNE will be issued by staff if in accordance with the guidelines set forth in §4-02(b)(2) below.

(3) Applications for work not in accordance with the guidelines will be subject to the usual landmark review procedure as set forth in Chapter 3 of Title 25 of the Administrative Code.

Note: The guidelines are keyed to underlined portions of the Description Section of the Designation Reports, which identify architecturally significant features requiring protection.

(b) **Guidelines.** (1) **Production-related changes.** No permit is needed for the following work, if the stated conditions are met:

(i) The installation of new signage or alteration of existing signage, lighting, or other advertisement, provided that anchorages do not physically affect architectural features underlined in the designation report description. (Changing of light box fillers, posters, photos, etc. would not require review or notice to the Commission.)

(ii) Painting of exterior surfaces, if they were previously painted.

(iii) Alterations or additions to any undeveloped portions of the theatre exterior, provided that the protected features of a designated interior are not affected.

(iv) Any alterations to underlined exterior architectural features in the report that are reversible. (A reversible alteration is one in which the altered feature can be returned to its appearance prior to the alteration.)

(v) Removal of any feature which has not been identified in the Description Section of the Designation Report of the theater.

(vi) For theaters in which the exterior is designated only for cultural and historical significance, any alteration to the facade may be made provided that:

(A) Lighted signage and advertisements for productions are utilized.

(B) Continuous entrance doors are maintained between the lobby and the street and the auditorium and the street, where they presently exist.

(C) A marquee is utilized to shelter the sidewalk adjacent to the entrance doors referred to in §4-02(b)(1)(vi)(B).

(2) **Permanent changes.** A CNE will be issued by the staff within five working days of receipt of completed application for the following work, if the stated conditions are met.

(i) The installation of new signage or alteration of existing signage, lighting, awnings, marquees or other advertisements, provided that anchorages do not physically affect architectural features underlined in the Description Section of the Designation Report and that the signage, lighting, or awning of marquee is not architecturally significant in itself.

(ii) Any alteration or additions to any portion of the theater exterior not visible from the public way, provided that the protected features of the exterior of any designated interior are not affected.

(iii) Removal of any feature which has not been identified and underlined in the Description Section of the Designation Report of the theater.

(iv) For theaters in which exterior is designated only for cultural or historical significance, any alterations to the exterior of the theater may be made provided that:

(A) Lighted signage and advertisements for productions are utilized.

(B) Continuous entrance doors are maintained between the lobby and the street and the auditorium exit and the street, where they presently exist.

(C) A marquee is utilized to shelter the sidewalk adjacent to the entrance doors referred to in §4-02(b)(2)(iv)(B).

(D) The existing proportions of the facade (width to height) are not altered.

Title 63 Landmarks Preservation Commission

CHAPTER 5*1 HISTORIC PRESERVATION GRANT PROGRAM

§5-02 General Eligibility Requirements.

In addition to any applicable federal regulations regarding the Community Block Grant Program, grant applicants shall also meet the following criteria:

(a) **Eligible structures.** Structures which are designated or calendared individual landmarks, are located in designated historic districts, or contain interior landmarks. Eligible structures may also include those improvements located in New York City that are listed or eligible for listing on the National Register. The premises cannot be in arrears for unpaid real estate taxes, water/sewage charges, or have any unrescinded notice of violations issued by the Landmarks Preservation Commission or the Department of Buildings.

(b) **Eligible repairs.** Grants shall be made for the following work:

(1) to repair and restore exterior features of an eligible structure;

(2) to address structural damage or severe deterioration that threatens to undermine the integrity of an eligible structure;

(3) to repair and restore eligible interiors.

(c) **Ownership/occupancy.** (1) **Homeowners.** Owners of eligible residential properties may receive grant funds if the owner and/or occupants meet §8 income limits as they appear in the federal Community Block Grant Program regulations. 24 CFR §570.208(a)(2)(i)(B) and (C).

(2) **Nonprofit organizations.**

(i) Nonprofit organizations applying for grant funds must either own or hold a long term lease on the property for which funds are sought.

(ii) To be eligible for consideration as a nonprofit organization, the applicant must be a charitable, cultural, educational, scientific, literary, or other entity organized under §501(c)(3) of the Internal Revenue Code.

(d) **Grant beneficiaries.** All grant-funded work must (1) principally benefit low and moderate income persons or (2) address slum and blight conditions as set forth in and defined under the federal Community Block Grant Program regulations. 24 CFR §570.208.

63 RCNY 6-01

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-01 Introduction.

The purpose of these rules is to establish the Landmarks Preservation Commission's regulatory policy in the Riverdale Historic District.

The Riverdale Historic District which was developed as an early railroad suburb is characterized as a distinct area of the city by its dramatic and verdant topography and its fine examples of nineteenth and early twentieth century dwellings and carriage houses. The houses and other buildings in the district are harmoniously sited within the landscape and are separated from each other by landscape Improvements.

Landscaping in the Riverdale Historic District provides the picturesque setting which is a defining element of a romantic style suburb of the nineteenth century. Landscape Improvements such as trees, stone walls and hedges, used to define property lines, and additional plantings within the expansive gardens and alongside the houses, add to the special character of the Historic District.

The district contains 34 buildings of varied type and age. The development of the Riverdale Historic District is important in understanding the district's historic character. Originally, the area was comprised of only seven estates which were served by a common carriage alley (Sycamore Avenue). All of the estates were developed in the 1850s. Several early estate houses remain, as well as stables and carriage houses (later converted for residential use). The configuration of these estates remained intact until 1935, when the original parcels began to be subdivided for development. Four new houses were built between 1935 and 1938. No new buildings were built thereafter until 1950. From 1950 to 1980 twelve new structures were constructed. These newer structures are stylistically diverse but are

generally compatible with the older buildings in terms of their placement, height, materials and finish.

63 RCNY 6-02

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-02 Definitions.

As used in these Rules the following terms shall have the following meanings:

Addition. "Addition" shall mean an extension or increase in the floor area or height of a building that increases its external dimensions.

Commission. "Commission" shall mean the New York City landmarks Preservation Commission as established by §3020 of the New York City Charter.

Demolition. "Demolition" shall mean the dismantling or razing of all or part of an existing Improvement or significant Landscape Improvement.

Improvement. "Improvement" shall mean any building, structure, place, work of art or other object constituting a physical betterment of real property, or any part of such betterment other than a Landscape Improvement.

Landscape improvement. "Landscape improvement" shall mean a physical betterment of real property or any part thereof, consisting of natural or artificial landscaping, including but not limited to grade, terrace, body of water, stream, rock, hedge, plant, shrub, mature tree, path, walkway, road, plaza, wall, fence, step, fountain, or sculpture.

Landmarks law. "Landmarks law" shall refer to New York City Charter §3020 and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Landmarks preservation commission. "Landmarks preservation commission" shall mean the Commission acting in its agency capacity to implement the Landmarks law.

Mature tree. "Mature tree" shall mean any tree with a trunk diameter of 12" or greater.

Modification. "Modification" shall mean any work to an existing improvement or landscape improvement other than (a) ordinary maintenance or repair; or (b) any Addition.

Permit. "Permit" shall mean any permit other than a notice to proceed issued by the Landmarks Preservation Commission in accordance with the provisions of the Landmarks Law:

(a) "PMW" shall mean permit for minor work as defined by §25-310 of the Landmarks Law.

(b) "CNE" shall mean certificate of no effect as defined by §25-306 of the Landmarks Law.

(c) "CofA" shall mean certificate of appropriateness as defined by §25-307 of the Landmarks Law.

Pre-l940 building. "Pre-1940 building" shall mean any building in the Riverdale Historic District built, in whole or in part, prior to January 1, 1940 including buildings which have undergone subsequent remodeling and alterations.

Post-1939 building. "Post-1939 building" shall mean any building in the Riverdale Historic District built on or after January 1, 1940.

Public Thoroughfare. "Public Thoroughfare" shall mean any publicly accessible right of way including, but not limited to a street, sidewalk, public park, and path.

Significant architectural feature. "Significant architectural feature" shall mean any character-defining external component of a building including, but not limited to, the kind, color and texture of the building material and the type and style of any window, door, light, sign and other fixture appurtenant to any Improvement.

Significant landscape improvement. "Significant landscape improvement" shall mean any landscape improvement which is a character-defining element in its historic district, contributing to the special aesthetic and historic character for which the district was designated, and including but not limited to those Landscape Improvements identified as landscape features in the Designation Report.

Special natural area district. "Special natural area district" shall refer to a special purpose district designated by the New York City Planning Commission pursuant to Article X, Chapter 5 of the New York City Zoning Resolution which is mapped in areas where outstanding natural features or areas of natural beauty are to be protected.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-03 Statement of Regulatory Policy.

(a) In regulating modifications and additions to any existing improvement and construction of any new structures or any work affecting landscape improvements in the Riverdale Historic District, the Landmarks Preservation Commission seeks to preserve the Riverdale Historic District's important landscape qualities and special architectural and historic character.

(b) In the Riverdale Historic District, the Landmarks Preservation Commission finds that the houses and other structures which make an important and significant architectural contribution to the Riverdale Historic District are those built, in whole or in part, before 1940.

(c) In assessing whether proposed work is compatible with the special characteristics of the Riverdale Historic District in terms of the placement, style, size, material and finish of such work, the Landmarks Preservation Commission shall consider such work's proximity to any significant landscape improvement or pre-1940 building and how it may physically or visually impact the building or landscape improvement. The Landmarks Preservation Commission shall also consider the extent of the proposal's visibility from a public thoroughfare.

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-04 Modifications of and Additions to Existing Buildings.

(a) **Applications for proposed work.** An application shall be filed for any proposed modification or addition to any existing improvement or the construction of any new structure within the Riverdale Historic District for review by the Landmarks Preservation Commission and no work shall commence until the Landmarks Preservation Commission has issued a permit approving such work.

(b) **Pre-1940 buildings.** (1) The Landmarks Preservation Commission shall issue a CNE or a PMW for the following:

(i) Any addition to an existing structure which does not result in damage to or cause the demolition of a significant landscape improvement and which is to be situated in such a way as not to be visible from a public thoroughfare.

(ii) Any modification to an existing structure which:

(A) does not result in damage to or cause the demolition of a significant architectural feature or significant landscape improvement; and

(B) which is compatible with the existing structure's special architectural characteristics in terms of the placement, style, size, materials and finish of such modification.

(2) The Landmarks Preservation Commission shall consider an application for any of the following types of work

as a request for a certificate of appropriateness and shall hold a public hearing on such application:

(i) Any addition which is visible from a public thoroughfare.

(ii) Any modification or addition which does not meet the criteria for issuance of a PMW or CNE set forth in Subsection 6-04(b)(1) above, including any modification or addition which would result in damage to or cause the demolition of a significant architectural feature or significant landscape improvement.

(c) **Post-1939 buildings.**

(1) The Landmarks Preservation Commission shall issue a CNE or a PMW for the following:

(i) Any addition to an existing structure which does not result in damage to or cause the demolition of a significant landscape improvement and which is to be situated in such a way as to not be visible from a public thoroughfare.

(ii) Any addition to an existing structure which:

(A) although visible from a public thoroughfare does not result in damage to or demolition of a significant landscape improvement; and

(B) is compatible with the special characteristics of the Riverdale Historic District in terms of placement, height, roof line, materials and finish of such addition.

(iii) Any modification to an existing structure which:

(A) does not result in damage to or cause the demolition of a significant landscape improvement; and

(B) is compatible with the special characteristics of the Riverdale Historic District in terms of its materials and finish.

(2) The Landmarks Preservation Commission shall consider an application for any of the following types of work as a request for a certificate of appropriateness and shall hold a public hearing on such application:

(i) Any addition or modification which results in damage to or causes the demolition of a significant landscape improvement.

(ii) Any addition or modification which does not meet the criteria for the issuance of a PMW or CNE set forth above in subsection 6-04(c)(1).

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-05 Regulation of Landscape Improvements.

(a) **Actions not Subject to Regulation.** (1) The landmarks preservation commission shall not regulate ordinary and beneficial landscaping activities which are in accordance with accepted horticultural practice such as pruning, planting of seasonal flower beds or vegetable gardens, or planting of ornamental shrubs or trees.

(2) The landmarks preservation commission shall not regulate the placement of portable garden furniture nor the installation of any temporary enclosure such as a tent for a party or reception.

(b) **Modification of landscape improvements.** (1) the boundaries of the Riverdale Historic District lie entirely with the Riverdale Special Natural Area District. These rules are intended to work with and complement the Riverdale special natural area district zoning.

(2) The Landmarks Preservation Commission shall regulate any modification to the landscape of the Riverdale Historic District which involves the installation of any permanent fixture or the construction of any structure or paved area or which would cause the demolition of, or have an impact on, any significant landscape improvement. Such work shall include:

(i) modification to or construction of any wall, step, path, drive, railing, fence, gate and gate post, permanent garden structure and pavilion, sidewalk and street gutter;

(ii) any change which affects or impacts upon a hedge or Mature Tree as well as any excavation or fill in a slope

exceeding 15 percent; and

(iii) the installation of a new paved area, patio or deck.

(3) The Landmarks Preservation Commission shall issue a CNE or a PMW for the following landscape modifications:

(i) Work which does not result in damage to or demolition of any Significant landscape Improvement.

(ii) Work which in terms of placement, style, size, material and finish is compatible with the special characteristics of the Riverdale Historic District.

(4) The Landmarks Preservation Commission shall consider any application for a proposed landscape modification which does not meet the criteria for a CNE or PMW set forth above in subsection 6-05(b)(3) as a request for a certificate of appropriateness and shall hold a public hearing on such application.

(c) **Applications for proposed work.** An application shall be filed for any proposed work having an effect on any landscape improvement within the Riverdale Historic District for review by the Landmarks Preservation Commission and no work shall commence until the Landmarks Preservation Commission has issued a permit approving such work.

CHAPTER 6 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STRUCTURES AND LANDSCAPES IN THE RIVERDALE HISTORIC DISTRICT

§6-06 Construction of New Structures.

Any application for a new structure shall be considered as a request for a certificate of appropriateness and shall be reviewed at a public hearing. In determining the appropriateness of any new structure the Landmarks Preservation Commission shall take into consideration such new structure's location, its proximity to and impact on any Pre-1940 building or any significant landscape improvement, its placement into the landscape and its compatibility with the visual and architectural character of the Riverdale Historic District. Additional considerations shall include the new structure's proximity to a public thoroughfare and the extent of its visibility from a public thoroughfare.

CHAPTER 7 PERMIT EXPIRATION AND RENEWAL

§7-01 Definitions.

As used in these Rules the following terms shall have the following meanings: Commission. "Commission" shall mean the New York City Landmarks Preservation Commission as established by §3020 of the New York City Charter.

Day. "Day" shall mean any day other than a Saturday or Sunday or legal holiday.

Landmarks law. "Landmarks law" shall be understood to refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Landmarks preservation commission. "Landmarks preservation commission" shall mean the commission acting in its agency capacity to implement the landmarks law.

Permit. "Permit" shall mean any permit other than a notice to proceed, issued by the Landmarks Preservation Commission, in accordance with the provisions of the Landmarks law:

(1) "PMW" shall mean permit for minor work as defined by §25-310 of the Landmarks law.

(2) "CNE" shall mean certificate of no effect as defined by §25-306 of the Landmarks law.

(3) "CofA" shall mean certificate of appropriateness as defined by §25-307 of the Landmarks law and shall not refer to a certificate of appropriateness as defined by §25-309.

CHAPTER 7 PERMIT EXPIRATION AND RENEWAL

§7-02 Duration of Permits.

(a) (1) All permits shall be of limited duration as provided in these rules.

(2) Each permit shall clearly state the expiration date of such permit on the permit.

(b) The following permits shall have the following durations:

(1) Each PMW shall be valid for four (4) years from the date of such PMW.

(2) Each CNE shall be valid for four (4) years from the date of such CNE.

(3) Each CofA shall be valid for six (6) years from the date of a commission vote on such CofA.

(4) Any PMW, CNE or CofA issued for a master plan shall be valid indefinitely.

(c) Without limiting the time periods for permit duration set forth in subsection 7-02(b), where a permit or certificate has been issued to cure a violation, the Commission may require by the terms of such permit or certificate that the work be performed within a specified time period. The failure to perform the work and cure the violation within the specified time period shall mean that the Chair may serve a warning letter, a first, second or subsequent NOV in accordance with the provisions of §§25-317.1b and 25-317.2 of the Administrative Code.

63 RCNY 7-03

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 7 PERMIT EXPIRATION AND RENEWAL

§7-03 Renewal of Permits.

(a) The landmarks preservation commission may issue a renewal of a permit only upon the satisfaction of all of the following conditions:

(1) An application requesting a renewal shall be filed with the landmarks preservation commission no later than sixty (60) days prior to the expiration date shown on such permit.

(2) The application requesting a renewal shall include (i) a copy of a signed contract which is binding on the parties thereto for the work which is the subject of the permit then expiring and which specifies that work thereunder is to be commenced by a date which is at least sixty (60) days prior to the expiration date of such permit and (ii) if a building permit is required for the work which is the subject of the expiring permit, a copy of a valid building permit based on the landmarks commission's permit for the work which is the subject of the permit then expiring.

(3) No "Notice of Violation" from the landmarks preservation commission shall be in effect against the property subject to the permit for which a renewal is requested; provided, however, that if the landmarks preservation commission shall find that (i) the work which is the subject of the permit for which a renewal is requested (A) will correct a hazardous condition or (B) prevent deterioration affecting the building; or (ii) an escrow agreement, or other acceptable form of assurance, has been established to provide a mechanism, acceptable to the landmarks preservation commission, to ensure that work approved to correct the notice of violation will be completed within a specified time period, then this subsection (3) shall not apply.

(b) If all conditions to the renewal of a permit have been met on or before the expiration date of such permit, the

landmarks preservation commission shall issue a renewal permit to the applicant which shall be valid for (i) two (2) years from the date of the expiration of the original permit if the permit renewed in either a PMW or a CNE or (ii) three (3) years from the date of the expiration of the original permit if the permit renewed is a CofA.

(c) (1) Notwithstanding the foregoing provisions, the chair of the landmarks preservation commission shall have the discretion, based on extraordinary circumstances, to allow the renewal of any permit. Such circumstances may include, but shall not be limited to, (i) delays resulting from the inability to obtain other governmental approvals, licenses or permits or (ii) an inability to complete construction of a project for which work has begun and is continuing with due diligence.

(2) Request for any such discretionary extension shall be made in writing no later than sixty (60) days prior to the expiration date of the permit or within ten (10) days after receipt of notice that the permit will not be renewed, and may include supporting documentation. The chair shall respond to such request within twenty (20) days of receipt of the request. If the chair of the landmarks preservation commission determines that a renewal of the permit should be allowed, the landmarks preservation commission shall renew the permit for a stated term of years.

(3) In allowing the renewal, the chair may set reasonable conditions including clearing up any outstanding violations within a reasonable stated time.

(d) The expiration of any permit shall be tolled if judicial proceedings to review the decision to grant the permit, or any other governmental approval, license, permit or similar action applied for, or granted in connection with, the project have been instituted until the date of the entry of a final order in such proceedings, including all appeals.

(e) Any person who has been notified by the commission that a permit will not be renewed because a "notice of violation" from the landmarks commission is in effect against the property may request that the chair of the commission review whether the notice of violation is properly in effect against the property. Such request shall be made in writing within ten (10) days from the date of the notification that the permit will not be renewed and may include supporting documentation. The chair of the landmarks preservation commission shall respond to such request within twenty (20) days of receipt of the request. If the chair determines that a notice of violation was not properly in effect against the property, the landmarks preservation commission shall issue a renewed permit if it finds that all other conditions set forth in these rules have been met.

CHAPTER 8*14 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STOREFRONTS IN THE JACKSON HEIGHTS HISTORIC DISTRICT

§8-01 Introduction.

These Rules are issued to assist the public in applying to the Landmarks Preservation Commission (the "Commission") for approval for the restoration, rehabilitation, alteration, or replacement of storefronts and associated fixtures in existing buildings within the Jackson Heights Historic District. These Rules enunciate the Commission's policy with respect to such work, and allow the staff of the Commission ("LPC staff") to issue permits for work conforming to these Rules. These Rules will ensure that new storefronts will be consistent with the architectural features that establish the aesthetic, historical, and architectural value and significance of the Jackson Heights Historic District.

The Jackson Heights Historic District represents one of the first areas in the city in which the commercial thoroughfares were designed to complement and integrate with the residential buildings through the use of the same architectural styles and features of adjoining residential buildings. The majority of buildings within the Jackson Heights Historic District were built between 1910 and the 1950s. The styles found in both the residential and commercial buildings of the Jackson Heights Historic District include the neo-Tudor (e.g., English Gables at 37-12 to 37-34 82nd Street), the neo-Romanesque (e.g., Ravenna Court at 80-01 to 80-29 37th Avenue), the neo-Georgian (e.g., Georgian Hall at 83-01 to 83-27 37th Avenue), and the Moderne (e.g., 78-01 to 78-15 37th Avenue).

FOOTNOTES

14

[Footnote 14]: * Chapter added City Record July 25, 1996 eff. Aug. 24, 1996. Note Statement of Basis and Purpose of Rules: The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks, and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rules is to establish the Landmarks Preservation Commission's regulatory policy with respect to staff permits for storefront alterations in the Jackson Heights Historic District and to assist the public in applying to the Landmarks Preservation Commission for approval of proposed work of this type. These rules define the procedures and standards that the Commission will apply in its review for staff-level permits of applications to construct or alter storefronts in the Jackson Heights Historic District. Applicants with proposals that vary from these rules may seek Certificates of Appropriateness.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 8*14 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STOREFRONTS IN THE JACKSON HEIGHTS HISTORIC DISTRICT

§8-02 Definitions.

As used in the Jackson Heights Historic District Storefront Rules, the following terms shall have the following meanings:

Awning. "Awning" shall mean a metal frame clad with fabric attached over a storefront, door or window, to provide protection from the sun or rain.

Bulkhead. "Bulkhead" shall mean the part of a storefront that forms a base for one or more display windows (see Appendix A).

Building Streetwall. "Building Streetwall" shall mean the predominant plane of the building facade at the level of the storefront.

Canopy. "Canopy" shall mean a metal frame clad with fabric that projects from a building entrance over the sidewalk to the curb, where it is supported on vertical posts.

The Commission. "The Commission" shall mean the Commissioners of the Landmarks Preservation Commission, including the Chairman, as established by Section 3020 of the New York City Charter.

Cornice. "Cornice" shall mean a horizontal molded projection that completes the top of a wall, facade, building or storefront (see Appendix A).

Display window. "Display window" shall mean the large glazed portion of the storefront, and the associated framing, above the bulkhead and below the transom, extending from pier to pier. The display window is typically used for the display of goods and to provide daylight and visibility into the commercial space (see Appendix A).

Entrance recess. "Entrance recess" shall mean the recessed opening in the facade leading up to the doorway of a storefront or building entrance (see Appendix A).

Facade. "Facade" shall mean an entire exterior face of a building.

Fixture. "Fixture" shall mean an appliance or device attached to the facade (e.g., awning, sign, lighting fixture, conduit, or security gate).

Historic fabric. "Historic fabric" shall mean a building's original or significant historic facade construction material or ornament, or fragments thereof.

Landmarks Law. "Landmarks Law" shall refer to Section 3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Lighting. "Lighting" shall mean the method or equipment for providing artificial illumination.

Lintel. "Lintel" shall mean the horizontal member or element above a door or window opening (see Appendix A).

LPC staff. "LPC staff" shall mean the staff of the Landmarks Preservation Commission acting in the Commission's agency capacity.

Permit. "Permit" shall mean any permit other than a Notice to Proceed, issued by the Landmarks Preservation Commission, in accordance with the provisions of the Landmarks Law:

(a) "PMW" shall mean a Permit for Minor Work as defined by Section 25-310 of the Landmarks Law.

(b) "CNE" shall mean a Certificate of No Effect as defined by Section 25-306 of the Landmarks Law.

(c) "CofA" shall mean Certificate of Appropriateness as defined by Section 25-307 of the Landmarks Law and shall not refer to a Certificate of Appropriateness as defined by Section 25-309.

Pier. "Pier" shall mean a vertical supporting member or element (usually of brick, stone, or metal) placed at intervals along a wall, which typically separate each storefront opening from the adjacent storefront opening (see Appendix A).

Roll-down gate. "Roll-down gate" shall mean a security gate with a mechanism that allows it to roll up and down.

Rules. "Rules" shall mean the rules governing the practice and procedure of the Commission as promulgated in Title 63 of the Rules of the City of New York.

Scissor gate. "Scissor gate" shall mean a security gate with a sideways retractable mechanism.

Security gate. "Security gate" shall mean a movable metal fixture installed in front of a storefront or inside the display window or door to protect the store from theft or vandalism when the store is closed. A security gate can be either the roll-down or scissor variety.

Security gate housing. "Security gate housing" or "housing," shall mean the container that houses the rolling mechanism of a roll-down security gate.

Security gate tracks. "Security gate tracks" shall mean the interior or exterior tracks along the sides of the

storefront (for roll-down gates) or along the top and bottom of the storefront (for scissor gates) that hold the edges of the gates.

Sign. "Sign" shall mean a fixture or area containing lettering or logos used to advertise a store, goods, or services (see Appendix A).

Signage. "Signage" shall mean any lettering or logos in general, used to advertise a store, goods, or services.

Sign band. "Sign band" shall mean the flat, horizontal area on the facade usually located immediately above the storefront and below the second story window sill where signs were historically attached. A sign band may also occur within a decorative bandcourse above a storefront (see Appendix A).

Significant architectural feature. "Significant architectural feature" shall mean an exterior architectural component of a building that contributes to its special historic, cultural, and aesthetic character, or reinforces the special characteristics for which the Jackson Heights Historic District was designated.

Sill. "Sill" shall mean the bottom horizontal member or element of a window or door (see Appendix A).

Skirt. "Skirt" shall mean the bottom finishing piece that hangs from the lower edge of an awning.

Soffit. "Soffit" shall mean the underside of a structural component such as a beam, arch, or recessed area.

Spandrel area. "Spandrel area" shall mean the portion of the facade below the sill of an upper story window and above the lintel of the window or display window directly below it or above the lintel of a window or display window and the building cornice or top of buildings (see Appendix A).

Storefront bay. "Storefront bay" shall mean the area of the storefront defined by and the spanning the two piers.

Storefront infill. "Storefront infill" shall mean the framing, glazing, and cladding contained within a storefront opening in the facade.

Storefront opening. "Storefront opening" shall mean the area of the facade framed by the piers and lintel, which contains storefront infill (see Appendix A).

Transom. "Transom" shall mean a glazed area above a display window or door separated from the display window or door by a transom bar. A transom can be fixed or hinged (see Appendix A).

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 8*14 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STOREFRONTS IN THE JACKSON HEIGHTS HISTORIC DISTRICT

§8-04 Storefront Alterations.

LPC staff will issue a CNE or a PMW (if the work does not require a permit from the Department of Buildings) for storefront alterations and replacement provided the work meets all of the following criteria:

(a) **Retention of historic storefronts.** All existing original or significant historic storefronts shall be retained or repaired if feasible, or if repair is not feasible, replaced in kind.

(b) **Permitted storefront alterations.** (1) **Retention of significant protected features.** All alterations to storefront openings, infill, and fixtures shall preserve all significant original and historic architectural components of the existing storefront, including those presently concealed by non-original materials. Such components shall be retained or repaired if feasible, or if repair is not feasible, replaced in kind.

(2) **Storefront openings.**

(i) **Size and placement.** Storefront infill shall fit within the opening established by the original building piers and lintels.

(ii) **Separation between storefronts and upper floors.** A storefront shall be visually separated from the upper floors or the top of the building by a horizontal architectural component, such as a cornice or sign band.

(3) **Storefront infill.** The design of storefront infill shall be based on:

(i) **Evidence of the original storefront.** An original storefront design shall be determined through references to historic photographs, remnants of historic fabric, or other historic storefronts in the building or similar type of building. (Note: LPC staff can assist you in locating historic photographs.) All such evidence shall be submitted to the Commission with the application; and/or

(ii) **General Jackson Heights storefront infill criteria.** These criteria, set forth below, reflect the typical historic configuration of storefronts in the Jackson Heights Historic District, which were comprised of three horizontal parts: solid bulkhead, display window, and transom.

(A) **Bulkhead.** A storefront shall have a bulkhead. The bulkhead shall be between 12 inches and 24 inches in height. The bulkhead shall be built of or clad with one of the following materials:

(a) brick that matches the existing building facade brick;

(b) stone or cast stone;

(c) panelled wood with molded details; or

(d) metal with molded detail. Corrugated metal shall not be permitted.

(B) **Display window.** A storefront shall have one or more display windows. Display windows shall be framed with wood or metal and shall be glazed with clear glass. Any blocking of the transparency of the glass of portions of the storefront shall be reversible and maintain the exterior surface of the glass. Back-painting or the installation of removable opaque panels behind the glass shall be permitted. The installation of tinted or mirrored glass shall not be permitted.

(C) **Transom.** A storefront shall have a transom above the door(s) if there is sufficient clearance within the existing masonry opening. Transoms are also required above display windows unless it is determined through physical or pictoral evidence that no transom existed originally or if there is not sufficient clearance within the existing masonry opening. Transoms shall be between 12 and 36 inches in height. Transom framing shall match the material and finish of the display window framing. Transoms shall be glazed with clear glass. Back-painted glass or the installation of a solid panel behind the glass shall be permitted when necessary to conceal a dropped ceiling if such ceiling falls below the top of the transom.

(D) **Building streetwall.** The overall placement of the bulkhead, display window and display window transom shall conform to the original building streetwall. A new display window, bulkhead, and door that incorporate external roll-down gates, with a recessed housing that complies with the criteria set forth below in 8-04(b)(6)(ii), may be recessed up to four inches to accommodate the width of the gate tracks.

(E) **Entrance.** A storefront with out-swinging doors shall have an entrance recessed a minimum of 18 inches from the building streetwall. The sides of the entrance recess shall be splayed or angled outward toward the street, unless restricted by the property line. Recessing is optional if a storefront has in-swinging doors.

(F) **Door.** A door shall have at least 75% of its surface area glazed with clear glass and shall be framed in wood or metal. Solid, flat (unpaneled) doors are not permitted.

(G) **Finish.** Non-glazed portions of the storefront infill shall be manufactured in, factory finished with paint or enamel in, or painted on site with one of the following colors or finishes:

(a) Black

(b) Brown

(c) Dark gray

(d) Tan

(e) Dark green

(f) Maroon (dark brownish red)

(g) Silver (stainless steel, clear-finished, or brush-finished aluminum). This finish shall be permitted only for metal storefronts in buildings specified in the Jackson Heights Historic District Designation Report as Art Deco or Modern Style.

(h) Anodized finished on aluminum shall be black or silver only. Bronze anodized aluminum shall not be permitted.

(4) **Signage.**

(i) **Types of signs permitted on the ground story.**

(A) Back-painted signs on glass doors, display windows or transoms not exceeding 50% of the glazed area. No LPC permit is needed for this type of sign.

(B) Letters and logos pin-mounted or painted on a wood, metal, or opaque glass panel that is mounted flat within the sign band or spandrel. Such signs may be illuminated with a shielded or concealed source of light, or with "goose-neck" type fixtures. Such "goose-neck" fixtures shall be placed above the sign and shall not exceed one fixture for every 3 linear feet of sign.

(C) Neon signs installed in the display window behind the glass, provided that the perimeter of the window is not outlined with neon, the transparency of the display window is not materially reduced, and the size of the sign does not exceed 2 feet by 2 feet per display window.

(D) Individual pin-mounted opaque letters and logos illuminated from behind, each glowing with a halo of light, or individual letters with exposed neon tubes (no lenses). The letters or logos may be mounted on a flat metal or wood panel, or affixed to a base measuring no more than 4 inches deep by 4 inches high that houses the electrical conduit.

(E) Signs painted on awnings (if permitted under the awning rules, set forth below in 8-04(b)(5)).

(F) Small identification signs for second story tenants are permitted near the entrance to the second story premises.

(ii) **Types of signs permitted on the second story.**

(A) Back-painted signs on glass windows or transoms not exceeding 50% of the glazed area. No LPC permit is needed for this type of sign.

(B) Letters and logos pin-mounted or painted on a wood, metal or opaque glass panel, which is mounted flat on an area of plain masonry.

(C) Neon signs, installed in the second floor window behind the glass, provided that the perimeter of the window is not outlined with neon, the transparency of the second floor window is not materially reduced, and the size of the sign does not exceed 18 inches by 18 inches per window.

(D) Signs painted on awnings (if permitted under the awning rules, set forth below in 8-04(b)(5)).

(iii) **Types of signs not permitted.**

(A) Projecting banners and flagpoles.

(B) Internally illuminated box signs with plastic or glass lenses.

(C) Internally illuminated fabric signs or awnings.

(D) Flashing signs, moving signs, or strobe-lights.

(E) Neon border outline around perimeter of a window.

(F) Signs or advertising added to bulkheads.

(iv) **General criteria for sign installation.** Installation of the sign shall not damage or obscure significant architectural features of the building and/or the storefront.

(v) **Criteria for sign installation at ground story.**

(A) Ground story signs shall be installed in the sign band, spandrel, display window, transom, or door.

(B) The height of the sign shall not exceed the height of the sign band, or, if there is sign band, the spandrel area above the storefront.

(C) The length of the sign shall not exceed the length of the frontage of the storefront opening.

(vi) **Criteria for sign installation at the second story.**

(A) A second story sign shall relate to the commercial premises located at the second story.

(B) A second story sign may be placed on the building facade either in the spandrel area above the second story windows or centered between second story windows. The placement of second story signage shall be consistent for a single building.

(C) A sign located above a second story window shall not exceed 20 inches in height or the lesser of 6 feet in length or the width of the window(s) for the commercial premises.

(D) A sign placed between windows on the second story shall not exceed 30 inches in height or 3 feet in length.

(E) Second story signs on the facade shall not be externally or internally illuminated, except for neon signs that comply with the criteria set forth above in 8-04(b)(4)(ii)(C).

(5) **Storefront awnings.** These rules apply to the installation of awnings above ground story storefronts and above upper story windows. For storefronts in the Jackson Heights Historic District, the following criteria apply in lieu of the general awning rule set forth in Section 2-12 of the Rules. If a new storefront is being installed and an awning is desired, the storefront shall incorporate an awning in compliance with the criteria set forth below. Existing awnings in non-compliance with these criteria cannot be maintained unless the applicant can demonstrate to LPC staff that the new storefront installation will not require the removal of the existing awning.

(i) **General awning criteria.**

(A) An awning may be retractable or fixed. If fixed, the awning shall have a straight slope, be open on the sides, and have an unframed, flexible skirt. The awning skirt shall not exceed 10 inches in height. If retractable, the awning shall have a straight slope.

(B) The awning shall be attached to the facade at the lintel or transom bar, except that the awning may be attached

above the lintel and below or within the lower portion of the sign band where:

(a) an existing or permitted roll-down security gate makes it impossible to install the awning at the lintel or transom bar; or

(b) installing the awning at the lintel or transom bar will result in the lowest portion of the awning being less than eight feet above the sidewalk.

Where the awning is installed above the lintel but below or in the lower portion of the sign band, the awning encroachment on the area above the lintel shall be the minimum required to accommodate the conditions described above in subparagraphs (a) and (b).

(C) The length of the awning shall not exceed the length of the storefront opening or the associated window opening and the edges of the awning shall be aligned with the inside face of the principal piers of the storefront, or the window opening.

(D) The underside of the awning shall be open.

(E) The lowest portion of awning shall be at least 8 feet above the sidewalk.

(F) The awning shall project between three feet and six feet from the building street wall.

(G) The awning shall be clad only with water repellant canvas with a matte finish or other fabric of a similar appearance.

(H) A sign may be painted on the awning skirt. Such sign shall not exceed 8 inches in height.

(I) A sign may not be painted on the sloped portion of the awning unless the building has no sign band or spandrel area above the ground floor storefront. Such signs shall be proportionate with the size of the awning, but in no event shall such signs exceed 6 square feet in area per awning.

(ii) **Types of awnings not permitted.** The following types of awnings are not permitted:

(A) Fixed box awnings.

(B) Fixed waterfall or curved awnings.

(C) Novelty awnings.

(D) Translucent or transparent awnings illuminated from within or beneath.

(iii) **Canopies.** Canopies are not permitted.

(6) **Security gates.**

(i) **General requirements.** A security gate shall not obscure or detract from the design and details of an existing storefront and shall be architecturally integrated with the design and construction of a new storefront.

(ii) **Security gates for new storefronts.** If security gates are required, the new storefront shall be constructed with an internally-housed or completely internal security gate system or scissor gates. Subsequent to a new storefront installation, LPC staff will not approve a security gate in noncompliance with the criteria set forth below.

(A) **Roll-down gates.** All roll-down security gates installed pursuant to these rules shall be composed entirely of open mesh or have a solid metal panel at the base that does not exceed the height of the bulkhead it covers.

(B) **Internal gates.** A roll-down security gate may be mounted on the interior of the storefront. An internally mounted gate is required if an externally mounted gate cannot be installed in compliance with the criteria for external gates set forth below in subsection (C).

(C) **External gates.** A roll-down security gate may be mounted on the exterior of the storefront if it (1) does not affect, obscure, or damage historic fabric, (2) the security gate housing is located on the interior of the storefront, or the outer face of the security gate housing is set so as not to protrude beyond the building streetwall, and (3) the security gate tracks are recessed or set into reveals along the sides of the storefront.

(D) **Scissor gates.** Scissor gates are permitted if their installation does not obscure or damage any significant architectural feature.

(iii) **Security gates for existing storefronts.**

(A) An internal gate, scissor gate, or external gate may be installed if the installation is in compliance with the relevant criteria set forth above in 8-04(b)(6)(ii)(A-D).

(B) A replacement external gate that is not in compliance with the criteria set forth above in 8-04(b)(6)(ii)(C) may be mounted on the exterior of the storefront if the following criteria are met:

(a) the existing storefront is not being replaced and the storefront had an exterior roll-down gate at the time of the designation of the Jackson Heights Historic District;

(b) the installation of the new security gate shall not obscure or damage any significant architectural features; and

(c) the security gate housing and tracks shall be finished in a color to match or harmonize with the storefront and the security gate housing will be completely covered by an awning that is installed and maintained in compliance with the awning rules set forth above in subsection 8-04(b)(5); and

(d) the security gate shall be composed entirely of open mesh or shall have a solid metal panel at the base that does not exceed the height of the bulkhead it covers.

(7) **Lighting.**

(i) The installation of lighting conduits and fixtures shall not obscure or damage any significant architectural feature.

(ii) Lighting conduits shall be internal or not visible.

(iii) External light fixtures shall illuminate only the storefront and/or ground story signs.

(iv) The number and size of light fixtures shall be in keeping with the scale of the storefront.

(v) The design of light fixtures shall be utilitarian or shall complement the architectural style and detail of the building.

(vi) Fluorescent and high intensity light shall be permitted only if the source of light is concealed and shielded.

(vii) Recessed light fixtures shall be mounted within the soffits of recessed storefront entrances.

(viii) No separate light fixture shall illuminate any sign with internal illumination.

(8) **Air conditioners/louvers.** Temporary, seasonal air conditioning units shall be installed in transoms over doors. Louvers for built-in air conditioning, heating or ventilation units may be installed at the door or window transoms.

Louvers shall be mounted flush with the plane of the transom, and painted to match the color of the surrounding storefront elements.

[Footnote 14]: * Chapter added City Record July 25, 1996 eff. Aug. 24, 1996. Note Statement of Basis and Purpose of Rules: The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks, and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rules is to establish the Landmarks Preservation Commission's regulatory policy with respect to staff permits for storefront alterations in the Jackson Heights Historic District and to assist the public in applying to the Landmarks Preservation Commission for approval of proposed work of this type. These rules define the procedures and standards that the Commission will apply in its review for staff-level permits of applications to construct or alter storefronts in the Jackson Heights Historic District. Applicants with proposals that vary from these rules may seek Certificates of Appropriateness.

63 RCNY 8-05

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 8*14 PROPOSED ALTERATIONS AND NEW CONSTRUCTION OF STOREFRONTS IN THE JACKSON HEIGHTS HISTORIC DISTRICT

§8-05 Procedure.

(a) **Submission of application.** The rules for making an application are set forth in Chapter 2, Subchapter A ("Application Procedure") of these Rules. The illustrations included in Appendix B provide hypothetical examples of the types of storefronts and storefront installations which are permitted under these rules.

(b) **Review of application.** (1) When the application is complete, a staff member will review the application for conformance with the criteria set forth in this Chapter 8. Upon determination that the criteria of the guidelines have been met, a permit will be issued within 20 business days for a PMW or 30 business days for a CNE, as measured from the day the staff determines that the application is complete.

(2) If the criteria have not been met, the applicant will be given a notice of the proposed denial of the application and an opportunity to meet with the Director of the Preservation Department, or, when the Director is not available, with a Deputy Director, to discuss the interpretation of these rules. The applicant must request such a meeting in writing within 10 business days from the date of the notice of proposed denial.

(3) If an application for work is denied a PMW or CNE under these Rules, the applicant shall be informed of his or her right to file for a CofA pursuant to Title 25, Chapter 3 of the Administrative Code of New York City.

(c) **Illustrations.** Drawings are the most effective way to illustrate the proposed work in a clear and precise fashion. The drawings contained in Appendix B of this Chapter 8 are examples of the types of drawings an applicant will be required to submit to the LPC as components of a complete application. As examples, these drawings have been

simplified to generalize and illustrate many of the definitions and the requirements enunciated in the rules above. Submissions to the Commission must be specifically tailored to individual proposals. Drawings must be made to scale, and include all pertinent dimensions. Applications also may be supplemented, as necessary, with photographs of existing conditions, construction details, materials samples, specifications, and maps, to best explain the proposed work.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 9*1 ALTERATIONS TO DESIGNATED BANK INTERIORS

§9-01 Introduction.

(a) These rules are issued to assist building owners in applying to the Landmarks Preservation Commission (LPC) for approval of applications to undertake repair, rehabilitation, replacement of, or alterations to interior architectural features within designated bank interiors. The rules set forth Commission policy with respect to such repair, rehabilitation, replacement, or alteration and explain the procedures required to apply for a permit. The goal of these rules is to facilitate and encourage the continued historic use of these interiors as banking floors and to facilitate the adaptive reuse of the interior if it ceases to be used as a banking floor.

(b) These rules are based on the following principles:

(1) The significant original visual qualities or character of a designated interior should not be destroyed. The removal or alteration of any significant architectural feature should be avoided whenever possible.

(2) Significant but deteriorated architectural features should be repaired rather than replaced whenever possible.

(3) Certain interior alterations can be approved at staff level in conformance with the procedures set forth in these rules. Other interior alterations require review by the full Commission in accordance with its usual review procedures.

(c) These rules are keyed to underlined portions of the Description section of the Designation Reports for these interior landmarks, which identify significant architectural features requiring protection.

(d) Applicants are encouraged to submit applications for Master Plans which will govern the approval of routine

and continuing alterations such as installation of mechanical and electrical equipment.

63 RCNY 9-02

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 9*1 ALTERATIONS TO DESIGNATED BANK INTERIORS

§9-02 Definitions.

As used in these Rules, the following terms shall have the following meanings:

Banking interior. The term "banking interior" shall mean the area of the designated interior historically used for banking operations and any associated interior spaces including, without limitation, entrance vestibules or mezzanines identified in the designation report as part of the designated interior.

Commission. The term "commission" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the New York City Charter.

Interior architectural features. The term "interior architectural features" shall have the meaning established in §25-302 of the Administrative Code of the City of New York.

Landmarks Law. The term "landmarks law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC. The term "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Non-significant features. The term "non-significant features" shall mean the interior architectural features of the designated interior that the LPC has determined do not contribute to the special historic, cultural, and/or aesthetic character for which the interior was designated. These features comprise all of the interior architectural features of the

interior with the exception of those features that are underscored in the designation report.

Significant features. The term "significant features" shall mean the interior architectural features of the designated interior that the LPC has determined contribute to the special historic, cultural, and/or aesthetic character for which the interior was designated, and therefore require protection under these rules. These features are identified in the designation reports and indicated by underscoring.

Reversible alteration. The term "reversible alteration" shall mean an alteration in which the altered feature can be readily returned to its appearance prior to the alter- ation.

State-of-the-art banking change. The term "state-of-the-art banking change" shall mean a physical alteration to the bank interior that the applicant has determined to be necessary to accommodate changes in technology and/or banking practice. When submitting an application to make such an alteration, the applicant must enclose a verified statement executed by the manager of the bank stating that the bank's ability to perform its banking functions would be impaired if it were unable to make such an alteration.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

CHAPTER 9*1 ALTERATIONS TO DESIGNATED BANK INTERIORS

§9-03 Eligible Interiors & Significant Features.

(a) The following interior landmarks are subject to these rules:

(1) Former Emigrant Industrial Savings Bank, 51 Chambers Street, Manhattan

(2) Former New York Bank for Savings, 81 Eighth Avenue, Manhattan

(3) Former Greenwich Savings Bank, 1352-1362 Broadway, Manhattan

(4) Former Central Savings Bank, 2100-2114 Broadway, Manhattan

(5) Former Dollar Savings Bank, 2516-2530 Grand Concourse, Bronx

(6) Dime Savings Bank, 9 DeKalb Avenue, Brooklyn

(7) Former Bowery Savings Bank, 130 Bowery, Manhattan

(8) Former Bowery Savings Bank, 110 East 42nd Street, Manhattan

(9) Williamsburgh Savings Bank, 1 Hanson Place, Brooklyn

(10) Williamsburgh Savings Bank, 175 Broadway, Brooklyn

(11) Brooklyn Trust Company, 177 Montague Street, Brooklyn

In addition, any interior landmark or portion thereof which the Commission designates subsequent to the enactment of these rules and which is described as a banking interior in the designation report shall be subject to these rules.

§9-05 State-of-the-Art Banking Changes.

(a) The LPC staff will issue a CNE or PMW within fifteen working days of receipt of a completed application for a state-of-the-art banking change, if all of the following conditions are met:

(1) the visible volume and configuration of the banking interior is maintained; and

(2) the proposed alteration is the least intrusive means available to achieve a state-of-the-art banking change, such as the installation of ATMs or security devices; and

(3) that (i) the proposed alteration will have no effect on the physical fabric of the significant features or (ii) such effect is reversible, and that the applicant will ensure that the physical fabric of the significant feature will be replaced or restored after the proposed alteration is no longer required to achieve a state-of-the-art banking change.

(b) Any proposed alteration that includes the partial or complete removal or relocation of the teller counter or the removal of a significant portion of its fittings or fixtures requires a Certificate of Appropriateness (CofA) from the Commission in accordance with the procedures and criteria set forth in the Landmarks Law if the teller counter and/or such fittings or fixtures is a significant feature.

§9-06 Applications for Partial or Complete Removal of Teller Counters.

(a) Any CofA application that includes the partial or complete removal of the teller counter or the complete or partial removal of the teller counter and its associated fixtures may include a written statement setting forth the reasons why such removal is appropriate.

(b) In its consideration of the appropriateness of the proposed removal the Commission may consider, among other things, whether the partial or complete removal of the teller counter or its fittings or fixtures would damage any other significant architectural feature and the extent to which the proposed alterations would restore the affected portions of the banking floor and/or exposed counter-end to an appropriate condition. In addition, the Commission, in its discretion, may, if the applicant is not a public or quasi-public agency, require the applicant to establish an escrow account or other adequate assurance to provide for the disassembly, removal, secure storage, and replacement of the teller counter and/or its fittings and fixtures for such time and under such conditions as the Commission shall determine and describe in the CofA.

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record July 14, 1997 eff. Aug. 13, 1997. Note Statement of Basis and Purpose of Rules: The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks, and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, -308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, -307 and 25-310.

The purpose of the rules is to establish the Landmarks Preservation Commission's regulatory policy with respect to certain banking floors that are designated interior landmarks and to assist the public in applying to the Landmarks Preservation Commission for approval of proposed work of this type. These rules define the procedures and standards that the Commission will apply in its review of applications to alter these interiors.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 10*1 NOTIFICATION TO LESSEES OF LANDMARKS DESIGNATION AND PERMIT REQUIREMENTS

§10-01 Introduction.

These rules are issued to assist the owners and other persons in charge of improvements or property that is a landmark, interior landmark or located on a landmark site or in a historic district in complying with the nonresidential tenant notification requirements set forth in §25-322 of the Administrative Code of the City of New York.

HISTORICAL NOTE

[Footnote 1]: * Chapter added City Record July 14, 1997 eff. Aug. 13, 1997. Note Statement of Basis and Purpose of Rules: The Landmarks Preservation Commission is authorized to promulgate rules governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks, and buildings in historic districts. Under Section 25-322 of the Administrative Code of the City of New York, an owner or person in charge of a property that is a landmark, interior landmark or is located on a landmark site or within a historic district is required to inform nonresidential tenants, either by sending a written notice or including a statement

within the lease or lease renewal, that permits must be obtained from the Landmarks Preservation Commission before commencing certain work on the property.

The purpose of the rule is to provide the public with notification language that will satisfy the requirements of Section 25-322. The proposed rule was not included in the Regulatory Agenda because it is predicated on the enactment of Section 25-322 which became effective on December 13, 1996.

CHAPTER 10*1 NOTIFICATION TO LESSEES OF LANDMARKS DESIGNATION AND PERMIT REQUIREMENTS

§10-02 Notice to Tenant of Landmarks Designation.

The language set forth below shall satisfy the notification requirements set forth in §25-322 of the Landmarks Law.

"The tenant [lessee] is hereby notified that the leased premises are subject to the jurisdiction of the Landmarks Preservation Commission. In accordance with §§25-305, 25-306, 25-309 and 25-310 of the Administrative Code of the City of New York and the rules set forth in Title 63 of the Rules of the City of New York, any demolition, construction, reconstruction, alteration or minor work as described in such sections and such rules may not be commenced within or at the leased premises without the prior written approval of the Landmarks Preservation Commission. Tenant is notified that such demolition, construction, reconstruction, alterations or minor work includes, but is not limited to, (a) work to the exterior of the leased premises involving windows, signs, awnings, flagpoles, banners and storefront alterations and (b) interior work to the leased premises that (i) requires a permit from the Department of Buildings or (ii) changes, destroys or affects an interior architectural feature of an interior landmark or an exterior architectural feature of an improvement that is a landmark or located on a landmark site or in a historic district."

CHAPTER 10*1 NOTIFICATION TO LESSEES OF LANDMARKS DESIGNATION AND PERMIT REQUIREMENTS

§10-03 Notification.

(a) **Lease Notification:** Any nonresidential lease or sublease (including any renewal thereof) executed after December 13, 1996 for property or an improvement that is a landmark, interior landmark or located on a landmark site or in a historic district shall include the notice set forth in §10-02 above. Such notification shall be highlighted in bold or underscored or otherwise highlighted so that it is conspicuously set forth.

(b) **Letter Notification:** If an improvement or property is designated as a landmark or an interior landmark or included as part of a landmark site or historic district during the term of a nonresidential lease or a sublease of all or a portion of such improvement or property, the lessor of such lease or sublease shall within 30 days after being notified of such designation by the Landmarks Preservation Commission or person in charge, send the written notice set forth in §10-02 to the nonresidential lessee or sublessee. Such notice shall be highlighted in bold or underscored or otherwise highlighted so that it is conspicuously set forth. Such notice shall be sent by certified or registered mail, return receipt requested to all nonresidential lessees on the first two floors (excluding the basement or cellar) and shall be sent to all other nonresidential lessees by any means reasonably designed to ensure that notice is given.

63 RCNY 11-01

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 11*1 ADMINISTRATIVE ENFORCEMENT

§11-01 Definitions.

The following definitions shall apply to this chapter:

(a) The term "Landmarks Law" shall mean chapter 3 of title 25 of the Administrative Code of the City of New York.

(b) The term "respondent" shall mean a person who is alleged to have violated the Landmarks Law by creating, authorizing, performing or maintaining work on a landmarks site, within the boundaries of a historic district or to any part of an interior landmark without, or in violation of, a permit from the Landmarks Preservation Commission ("Commission").

(c) The term "stop work order" shall mean an order, issued pursuant to section 25-317.2 of the Administrative Code.

(d) A violation is "corrected" by removing the illegal condition, only where such condition can be easily removed without damage to underlying building material and where such removal does not require a permit from the Commission. For example, a violation for the installation of a sign or awning without a permit may be corrected by removing the sign or awning, if such removal does not result in damage to the underlying building material. Correcting a violation does not include or otherwise permit the reinstallation of a preexisting condition or the installation of a substitute condition. For example, a violation for the installation of a sign or awning without a permit, where such installation involved the removal of a preexisting sign or awning, may not be corrected by reinstalling the prior sign or awning, or installing a different sign or awning. A violation is not corrected for purposes of section 25-317.1b(6) of the

Landmarks Law if the same or a similar illegal condition is installed within 180 days of the respondent's representation to the Commission that the violation has been corrected.

(e) A violation is "legalized" when the Commission issues a permit approving and authorizing the work that was done without a permit.

(f) A violation is "cured" where the Commission issues a permit authorizing modifications to the illegal condition to make it appropriate, or where the Commission authorizes work to replace the illegal work, and the modification or replacement work is completed and the Commission has issued a Notice of Compliance.

(g) For purposes of sections 11-03, 11-04 and 11-06, the term "mail," "mailed" and "mailing" shall mean first class United States mail or express or overnight delivery to a respondent as follows:

(1) Where the respondent is an owner, the warning letter, notice of violation or stop work order shall be mailed to the owner's address as contained in the records of the Department of Finance for purposes of the assessment or collection of real estate taxes or as contained in the records of the Commission for purposes of the implementation or enforcement of the relevant portions of the charter or administrative code.

(2) Where the respondent is a tenant or occupant of the premises where the violation occurred, the warning letter, notice of violation or stop work order shall be mailed to the address where the violation occurred.

(3) Where the respondent is a contractor or other person who performed or was in charge of overseeing the work that was done without, or in violation of, a permit, the warning letter, notice of violation or stop work order shall be mailed to the contractor's or person's business address as generally advertised or represented to the public, unless such contractor or other person is the owner, tenant or occupant.

(4) Where the respondent is any other person in charge of a designated improvement or improvement parcel, the warning letter, notice of violation or stop work order shall be mailed to such person's business address, as generally advertised or represented to the public, or as such address is contained in the records of the Department of Finance for purposes of the assessment or collection of real estate taxes or as contained in the records of the Commission for purposes of the implementation or enforcement of the relevant portions of the charter or administrative code.

63 RCNY 12-01

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-01 District Master Plans and Authorizations to Proceed.

(a) **Introduction.** The Commission may develop master plans for the historic district, specific types of buildings within a historic district, distinctive areas within the historic district or for landmark sites containing multiple buildings. A district master plan may address common design issues such as storefront design, signage, sidewalk and areaway alterations as well as set forth specific alterations for individual buildings in an historic district or on a landmark site in a comprehensive manner that respects the significant architectural features and particular history of the historic district with allowances for specific building conditions. A district master plan may serve as a research tool or design guide for owners or tenants who wish to make alterations to their buildings. Upon the adoption of implementation rules as set forth in this rule, Commission staff can also issue authorizations to proceed for certain types of alterations or work set forth in the district master plan. A District Master Plan does not preclude the Commission's consideration and approval of applications for proposed work that is not in compliance with the District Master Plan.

(b) **District Master Plans.** Upon its own motion, the Commission may consider a master plan for alterations in a specific historic district, an individual landmark site containing multiple buildings or with respect to certain types of buildings or types of work in a specific historic district ("District Master Plan"). A District Master Plan may be approved by a Certificate of Appropriateness, a Certificate of No Effect on Protected Architectural Features, or a Permit for Minor Work, depending on the work covered by the plan.

(c) **Calendaring.** A District Master Plan will not be scheduled for the Commission's consideration unless the Commission, in its discretion and upon the adoption of a motion, votes to calendar the District Master Plan for a public hearing. A motion to calendar a proposed District Master Plan for further consideration must be approved by the majority of Commissioners present in order to be adopted. The date of the public hearing on the proposed District

Master Plan may be set by the motion to calendar or may be set at some later time by the Chairman, acting at his or her discretion.

(d) **Public Hearing.** If the Commission votes to calendar a District Master Plan for further consideration, a public hearing will be held in accordance with §25-308 of the Administrative Code of New York City and the provisions of Chapter One of these Rules.

(e) **Approval and Implementation.** Following the public hearing, the Commission may vote to approve, approve with modifications, or disapprove the District Master Plan. If the District Master Plan is approved or approved with modifications, the District Master Plan may be implemented by the enactment of Rules in accordance with the City Administrative Procedure Act that specifically reference the District Master Plan ("Implementation Rules"). The Implementation Rules shall establish the scope and applicability of the District Master Plan and shall set forth the application procedures and the criteria for issuance of Authorizations to Proceed ("ATP's", see subsection 12-01(f) below) pursuant to the District Master Plan. Any work permitted under the Implementation Rules pursuant to an ATP must be described with reasonable specificity as to design and materials in the District Master Plan. The public hearing for the proposed District Master Plan may be held concurrently with the public hearing for the Implementation Rules. However, the Commission must vote to approve the District Master Plan before it votes to approve the Implementation Rules and the District Master Plan shall have no force and effect until the Implementation Rules are adopted in accordance with the City Administrative Procedure Act.

(f) **Authorizations to Proceed.** All applications for work pursuant to the District Master Plan must be signed by the building owner in accordance with §2-01 of these Rules and must state that the application is being filed pursuant to the District Master Plan. Each application shall include drawings, specifications and other materials which describe the proposed work in detail. Commission staff will review the application to ascertain whether the proposed work is in accordance with the District Master Plan and the Implementation Rules. If Commission staff determines that the work is in compliance with the District Master Plan and the Implementation Rules, the staff will send the applicant an "Authorization to Proceed" letter ("ATP") allowing the work to commence. The ATP must be obtained prior to the commencement of work and posted on the building while work is in progress. Each ATP shall be valid for four (4) years from the date of such ATP and may be renewed upon application provided that Commission staff determines that the work authorized under the original ATP remains in compliance with the District Master Plan and the Implementation Rules in effect on the date of such renewal. Issuance or renewal of a District Master Plan ATP is contingent upon the work's adherence to the District Master Plan and the materials and plans submitted and approved by Commission staff in connection with the ATP.

(g) **Amendment and Rescission.** Upon its own motion, the Commission may amend or rescind a District Master Plan at any time, provided the Commission first holds a public hearing on the proposed amendment or rescission. In its discretion, the Commission shall calendar a public hearing with respect to such proposed amendment or rescission in accordance with the provisions of §12-01(b) of these Rules. Any Commission action to amend or rescind a District Master Plan shall be in accordance with the provisions of §1-04 of these Rules.

HISTORICAL NOTE

Section renumbered City Record Dec. 6, 1999 eff. Jan. 5, 2000. [Formerly T63 §2-05]

Section added (as §2-05) City Record May 27, 1998 eff. June 26, 1998. [See Note 1]

Subds. (e), (g) amended City Record Dec. 6, 1999 eff. Jan. 5, 2000.

NOTE

1. Statement of Basis and Purpose in City Record May 27, 1998:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, 25-306, 25-307, 25-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, 25-307 and 25-310.

The purpose of the final rule is to enable the Landmarks Preservation Commission to approve master plans for work in historic districts, specific types of buildings in historic districts, distinctive areas within historic districts or landmarks sites containing multiple buildings. Upon the adoption of implementation rules as set forth in this final rule, Commission staff could also issue authorizations to proceed for certain types of alterations or work set forth in the district master plan.

[Footnote 1]: * Chapter added City Record Dec. 6, 1999 eff. Jan. 5, 2000. Note Statement of Basis and Purpose of Proposed Rules: The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in §§25-305-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306-307 and 25-310.

The adopted rules have the following purposes: (1) to create a new Chapter 12 of Title 63, which will contain the District Master Plan rule, currently found at §2-05 of Subchapter A of Chapter 2 of Title 63 of the Rules of the City of New York, and subsequent district master plan implementation rules adopted pursuant to the District Master Plan rule, and (2) to adopt the Stone Street Historic District Master Plan Implementation Rules to assist owners in applying to the Landmarks Preservation Commission for approval of certain work within the Stone Street Historic District. These rules will permit Commission staff to issue permits for work that is in accordance with the Stone Street Master Plan, which was approved by the Commission at a Certificate of Appropriateness public hearing on November 30, 1999 and in accordance with Title 63, existing §2-05, of the Rules of the City of New York.

63 RCNY 12-02

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-02 Stone Street Historic District Master Plan Implementation Rules.

(a) **Introduction.** The Stone Street Historic District is a low-scale cluster of early nineteenth-century commercial structures, complemented by several picturesque early twentieth-century buildings designed by prominent architects. The Stone Street Historic District is a distinct enclave amidst the surrounding twentieth-century skyscrapers and is sited on narrow winding streets originally laid out by Dutch Colonists.

The Stone Street Historic District Master Plan Implementation Rules ("Rules") are promulgated to assist building owners who own buildings located within the Stone Street Historic District in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake repair, rehabilitation, replacement, or alterations to storefronts (including but not limited to storefront infill, lighting, signage, security gates) and cellar entrances, and to make such buildings accessible to persons with disabilities, that are in accordance with the Stone Street Master Plan approved by the Commission. The Stone Street Master Plan is a master plan governing work to storefronts and cellar entrances, as well as alterations to make buildings within the historic district accessible to persons with disabilities. The Stone Street Master Plan will be the subject of a Certificate of Appropriateness determination at the same public hearing as these Rules.

The Rules set forth herein will permit the LPC staff to issue Authorization to Proceed letters ("ATP") for work that complies with the approved Stone Street Master Plan. The goal of these Rules is to encourage appropriate repair, rehabilitation, replacement and alterations in the Stone Street Historic District by expediting the process of obtaining permits to perform such work. Work that is not in accordance with the Stone Street Master Plan will be reviewed by the Commission in accordance with its usual review procedures as set forth in the Landmarks Law.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Authorization to Proceed and ATP. "Authorization to Proceed" and "ATP" shall mean an authorization to proceed as described in §12-01(f) of these Rules.

Commission. "Commission" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the New York City Charter.

District Master Plan. "District Master Plan" shall have the meaning set forth in §12-01 of these Rules.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC. "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Stone Street Master Plan. "Stone Street Master Plan" shall mean the District Master Plan for the Stone Street Historic District and approved by the Commission as a Certificate of Appropriateness. Copies of the Stone Street Master Plan may be obtained by contacting the Commission's Public Information Specialist at (212) 487-6782 or by writing to the same at 100 Old Slip, New York, New York 10005.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Eligible buildings.** The buildings located within the Stone Street Historic District are subject to these Rules.

(d) **Permitted alterations pursuant to the Stone Street Master Plan.** The LPC staff shall issue an ATP for work on eligible buildings within the Stone Street Historic District if the staff determines that: (1) the proposed work meets the criteria set forth in the Stone Street Master Plan; and (2) the staff determines that the proposed work will not adversely affect any significant exterior architectural feature of the eligible building or the Stone Street Historic District.

(e) **Application procedures.** (1) **Submission of Application.** See Chapter 2, Subchapter A ("Application Procedure") and Chapter 12 of these Rules.

(2) **Application Materials.** The applicant must submit adequate materials that clearly set forth the scope and details of the proposed work. At a minimum, the applicant must submit detailed drawings that specifically show the proposed work and all other materials required by the LPC staff. Drawings must be made to scale, and include all pertinent dimensions. LPC staff may require applicants to submit other materials, including but not limited to photographs of existing conditions, construction details, material samples, specifications, or maps as necessary to clearly explain the proposed work. LPC staff may also require probes or other investigations to determine the existing conditions and critical dimensions peculiar to each eligible building.

(f) **Review Procedure.** (1) The application will be deemed complete when the LPC staff determines that adequate materials have been submitted that clearly set forth the scope and details of the proposed work.

(2) When the application is complete, LPC staff will review the application for conformity with these Rules. Upon determination that the criteria of the Rules have been met, an ATP will be issued pursuant to §12-01(f). A determination that an ATP should be issued shall mean that the proposed work satisfies the criteria set forth in the Stone Street Master Plan and that the work is appropriate to or will have no effect on protected architectural features of the specific eligible building in question and is otherwise appropriate to the Stone Street Historic District.

(3) If the criteria set forth in these rules for an ATP have not been met, the LPC staff shall provide the applicant with a notice of the proposed denial of the application. The applicant may request a meeting with the Director of the Preservation Department, or, in the absence of the Director, with a Deputy Director, to discuss the interpretation of

these Rules.

(4) Applications for work that do not qualify for the issuance of an ATP in accordance with these Rules shall be subject to the LPC's usual review procedure as set forth in the Landmarks Law.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-03 Implementation Rules for the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District.

(a) **Introduction.** The implementation rules ("Rules") for the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District ("District Master Plan") are promulgated to assist building owners in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake repair, rehabilitation, replacement, or alterations to storefronts (including but not limited to storefront infill, lighting, signage, security gates, windows and doors) along Madison Avenue within the Upper East Side Historic District that are in accordance with the District Master Plan approved by the Commission. The rules set forth herein permit the LPC staff to issue Authorizations to Proceed letters ("ATP") for work that complies with the approved District Master Plan. Work that is not in accordance with the requirements of the District Master Plan will be reviewed by the Commission in accordance with its usual review procedures under the Landmarks Law.

The objective of the District Master Plan is to provide owners, architects and store tenants with design criteria which will allow timely review of storefront alterations while protecting the architecturally and historically significant features of the buildings. The District Master Plan will cover buildings on Madison Avenue that fall within the Upper East Side Historic District. Additionally, at corner buildings the District Master Plan will cover the building facades facing both Madison Avenue and the side streets.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Authorization to Proceed and ATP. "Authorization to Proceed" and "ATP" shall mean an authorization to proceed as described in §12-01(f) of these Rules.

Commission. "Commission" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the New York City Charter.

District Master Plan. "District Master Plan" shall mean the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District and approved by the Commission as a Certificate of Appropriateness. A copy of the District Master Plan may be reviewed at the offices of the Commission by appointment.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC. "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Eligible buildings.** As specifically set forth and described in the District Master Plan, these Rules shall cover buildings facing Madison Avenue and located within the Upper East Side Historic District, including the commercial portions of a building facing onto both Madison Avenue and a side street.

(d) **Permitted alterations pursuant to the District Master Plan.** The LPC staff shall issue an ATP for work on storefronts in eligible buildings along Madison Avenue if the staff determines that:

(1) The proposed work meets the design criteria for storefront alterations as set forth in the District Master Plan; and

(2) The staff determines that the proposed work would not adversely affect any significant architectural feature of the building.

(e) **Application procedures.**

(1) **Submission of application.** See Chapter 2, Subchapter A ("Application Procedure") and Chapter 12 of these Rules.

(2) **Application materials.** The applicant shall submit adequate materials that clearly set forth the scope and details of the proposed work. At a minimum, the applicant shall submit detailed drawings that specifically show the proposed work and all other materials required by the LPC staff. Drawings shall be made to scale, and include all pertinent dimensions. LPC staff may require applicants to submit other materials, including but not limited to photographs of existing conditions, construction details, material samples, specifications, or maps as necessary to clearly explain the proposed work. LPC staff may also require probes or other investigations to determine the existing conditions and critical dimensions peculiar to each eligible building storefront.

(3) **Review procedure.**

(i) The application will be deemed complete when the LPC staff determines that adequate materials have been submitted that clearly set forth the scope and details of the proposed work.

(ii) When the application is complete, LPC staff will review the application for conformity with these Rules. Upon determination that the criteria of the Rules have been met, an ATP will be issued pursuant to §12-01(f). A determination that an ATP should be issued shall mean that the proposed work satisfies the criteria of the District Master Plan and that the work is appropriate to or will have no effect on protected architectural features of the specific eligible building in question and is otherwise appropriate to the Upper East Side Historic District.

(iii) If the LPC staff determines that the criteria set forth in these Rules have not been met, the LPC staff shall

provide the applicant with a notice of the proposed denial of the application. The applicant may request a meeting with the Director of the Preservation Department, or, in the absence of the Director, with a Deputy Director, to discuss the determination.

(iv) Applications for work that do not qualify for the issuance of an ATP in accordance with these Rules shall be subject to the LPC's usual review procedure as set forth in the Landmarks Law.

HISTORICAL NOTE

NOTE

1. Statement of Basis and Purpose in City Record Nov. 29, 2000:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in §§25-305-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306-307 and 25-310.

The adopted Implementation Rules will assist owners in applying to the Landmarks Preservation Commission for approval of storefront work along Madison Avenue within the Upper East Side Historic District that complies with the criteria in the District Master Plan for Storefronts on Madison Avenue in the Upper East Side Historic District ("District Master Plan"). The District Master Plan also was approved at the Public Meeting of November 14, 2000, and in accordance with the requirements of Title 63, §12-01 of the Rules of the City of New York.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-04 Implementation Rules for the District Master Plan for Storefronts on Madison Avenue in the Metropolitan Museum Historic District.

(a) **Introduction.** The implementation rules ("Rules") for the District Master Plan for Storefronts on Madison Avenue in the Metropolitan Museum Historic District ("District Master Plan") are promulgated to assist building owners in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake repair, rehabilitation, replacement, or alterations to storefronts (including but not limited to storefront infill, lighting, signage, security gates, windows and doors) along Madison Avenue within the Metropolitan Museum Historic District that are in accordance with the District Master Plan approved by the Commission. The rules set forth herein permit the LPC staff to issue Authorizations to Proceed letters ("ATP") for work that complies with the approved District Master Plan. Work that is not in accordance with the requirements of the District Master Plan will be reviewed by the Commission in accordance with its usual review procedures under the Landmarks Law.

The objective of the District Master Plan is to provide owners, architects and store tenants with design criteria which will allow timely review of storefront alterations while protecting the architecturally and historically significant features of the buildings. The District Master Plan will cover buildings on Madison Avenue that fall within the Metropolitan Museum Historic District. Additionally, at corner buildings the District Master Plan will cover the building facades facing both Madison Avenue and the side streets.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Authorization to Proceed and ATP. "Authorization to Proceed" and "ATP" shall mean an authorization to proceed as described in §12-01(f) of these Rules.

Commission. "Commission" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the New York City Charter.

District Master Plan. "District Master Plan" shall mean the District Master Plan for Storefronts on Madison Avenue in the Metropolitan Museum Historic District and approved by the Commission as a Certificate of Appropriateness. A copy of the District Master Plan may be reviewed at the offices of the Commission by appointment.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC. "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Eligible buildings.** As specifically set forth and described in the District Master Plan, these Rules shall cover buildings facing Madison Avenue and located within the Metropolitan Museum Historic District, including the commercial portions of a building facing onto both Madison Avenue and a side street.

(d) **Permitted alterations pursuant to the District Master Plan.** The LPC staff shall issue an ATP for work on storefronts in eligible buildings along Madison Avenue if the staff determines that:

(1) The proposed work meets the design criteria for storefront alterations as set forth in the District Master Plan; and

(2) The staff determines that the proposed work would not adversely affect any significant architectural feature of the building.

(e) **Application procedures.**

(1) **Submission of application.** See Chapter 2, Subchapter A ("Application Procedure") and Chapter 12 of these Rules.

(2) **Application materials.** The applicant shall submit adequate materials that clearly set forth the scope and details of the proposed work. At a minimum, the applicant shall submit detailed drawings that specifically show the proposed work and all other materials required by the LPC staff. Drawings shall be made to scale, and include all pertinent dimensions. LPC staff may require applicants to submit other materials, including but not limited to photographs of existing conditions, construction details, material samples, specifications, or maps as necessary to clearly explain the proposed work. LPC staff may also require probes or other investigations to determine the existing conditions and critical dimensions peculiar to each eligible building storefront.

(3) **Review procedure.**

(i) The application will be deemed complete when the LPC staff determines that adequate materials have been submitted that clearly set forth the scope and details of the proposed work.

(ii) When the application is complete, LPC staff will review the application for conformity with these Rules. Upon determination that the criteria of the Rules have been met, an ATP will be issued pursuant to §12-01(f). A determination that an ATP should be issued shall mean that the proposed work satisfies the criteria of the District Master Plan and that the work is appropriate to or will have no effect on protected architectural features of the specific eligible building in question and is otherwise appropriate to the Metropolitan Museum Historic District.

(iii) If the LPC staff determines that the criteria set forth in these Rules have not been met, the LPC staff shall

provide the applicant with a notice of the proposed denial of the application. The applicant may request a meeting with the Director of the Preservation Department, or, in the absence of the Director, with a Deputy Director, to discuss the determination.

(iv) Applications for work that do not qualify for the issuance of an ATP in accordance with these Rules shall be subject to the LPC's usual review procedure as set forth in the Landmarks Law.

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-05 Implementation Rules for the District Master Plan for Storefronts on Madison Avenue in the Carnegie Hill (and Extension) Historic District.

(a) **Introduction.** The implementation rules ("Rules") for the District Master Plan for Storefronts on Madison Avenue in the Carnegie Hill (and Extension) Historic District ("District Master Plan") are promulgated to passist building owners in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake repair, rehabilitation, replacement, or alterations to storefronts (including but not limited to storefront infill, lighting, signage, security gates, windows and doors) along Madison Avenue within the Carnegie Hill (and Extension) Historic District that are in accordance with the District Master Plan approved by the Commission. The rules set forth herein permit the LPC staff to issue Authorizations to Proceed letters ("ATP") for work that complies with the approved District Master Plan. Work that is not in accordance with the requirements of the District Master Plan will be reviewed by the Commission in accordance with its usual review procedures under the Landmarks Law.

The objective of the District Master Plan is to provide owners, architects and store tenants with design criteria which will allow timely review of storefront alterations while protecting the architecturally and historically significant features of the buildings. The District Master Plan will cover buildings on Madison Avenue that fall within the Carnegie Hill (and Extension) Historic District. Additionally, at corner buildings the District Master Plan will cover the building facades facing both Madison Avenue and the side streets.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Authorization to Proceed and ATP. "Authorization to Proceed" and "ATP" shall mean an authorization to proceed as described in §12-01(f) of these Rules.

Commission. "Commission" shall mean the eleven Commissioners, including the Chairman, as established by §3020 of the New York City Charter.

District Master Plan. "District Master Plan" shall mean the District Master Plan for Storefronts on Madison Avenue in the Carnegie Hill (and Extension) Historic District and approved by the Commission as a Certificate of Appropriateness. A copy of the District Master Plan may be reviewed at the offices of the Commission by appointment.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

LPC. "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Eligible buildings.** As specifically set forth and described in the District Master Plan, these Rules shall cover buildings facing Madison Avenue and located within the Carnegie Hill (and Extension) Historic District, including the commercial portions of a building facing onto both Madison Avenue and a side street.

(d) **Permitted alterations pursuant to the District Master Plan.** The LPC staff shall issue an ATP for work on storefronts in eligible buildings along Madison Avenue if the staff determines that:

(1) The proposed work meets the design criteria for storefront alterations as set forth in the District Master Plan; and

(2) The staff determines that the proposed work would not adversely affect any significant architectural feature of the building.

(e) **Application procedures.**

(1) **Submission of application.** See Chapter 2, Subchapter A ("Application Procedure") and Chapter 12 of these Rules.

(2) **Application materials.** The applicant shall submit adequate materials that clearly set forth the scope and details of the proposed work. At a minimum, the applicant shall submit detailed drawings that specifically show the proposed work and all other materials required by the LPC staff. Drawings shall be made to scale, and include all pertinent dimensions. LPC staff may require applicants to submit other materials, including but not limited to photographs of existing conditions, construction details, material samples, specifications, or maps as necessary to clearly explain the proposed work. LPC staff may also require probes or other investigations to determine the existing conditions and critical dimensions peculiar to each eligible building storefront.

(3) **Review procedure.**

(i) The application will be deemed complete when the LPC staff determines that adequate materials have been submitted that clearly set forth the scope and details of the proposed work.

(ii) When the application is complete, LPC staff will review the application for conformity with these Rules. Upon determination that the criteria of the Rules have been met, an ATP will be issued pursuant to §12-01(f). A determination that an ATP should be issued shall mean that the proposed work satisfies the criteria of the District Master Plan and that the work is appropriate to or will have no effect on protected architectural features of the specific eligible building in question and is otherwise appropriate to the Carnegie Hill (and Extension) Historic District.

(iii) If the LPC staff determines that the criteria set forth in these Rules have not been met, the LPC staff shall

provide the applicant with a notice of the proposed denial of the application. The applicant may request a meeting with the Director of the Preservation Department, or, in the absence of the Director, with a Deputy Director, to discuss the determination.

(iv) Applications for work that do not qualify for the issuance of an ATP in accordance with these Rules shall be subject to the LPC's usual review procedure as set forth in the Landmarks Law.

RULES OF THE CITY OF NEW YORK

Title 63 Landmarks Preservation Commission

CHAPTER 12*1 HISTORIC DISTRICT MASTER PLANS

§12-06 Implementation Rules for the District Master Plan for the Douglaston Historic District.

(a) **Introduction.** The implementation rules ("Rules") for The District Master Plan for the Douglaston Historic District ("District Master Plan") are promulgated to assist building owners in applying to the Landmarks Preservation Commission ("LPC") for approval of applications to undertake various types of work on properties located within the Douglaston Historic District, including additions, outbuildings, window replacement, heating, venting and air conditioning, and work on or affecting significant landscape improvements. The rules set forth herein permit the LPC staff to issue Authorizations to Proceed ("ATP") for work that complies with the approved District Master Plan. Work that is not in accordance with the requirements of the District Master Plan will be reviewed by the Commission in accordance with its usual review procedures under the Landmarks Law.

The objective of the District Master Plan is to provide owners, architects and store tenants with design criteria which will allow timely review of proposed alterations while protecting the architecturally and historically significant features of the buildings and historic district's sense of place. The District Master Plan will cover all buildings in the Douglaston Historic District.

(b) **Definitions.** As used in these Rules, the following terms shall have the following meanings:

Authorization to Proceed and ATP. "Authorization to Proceed" and "ATP" shall mean an authorization to proceed as described in §12-01(f) of these Rules.

Commission. "Commission" shall mean the appointed Commissioners, including the Chairman, acting as the Landmarks Preservation Commission as established by §3020 of the New York City Charter.

District Master Plan. "District Master Plan" shall mean the District Master Plan for the Douglaston Historic District approved by the Commission as a Certificate of Appropriateness. A copy of the District Master Plan may be reviewed at the offices of the Commission by appointment.

Landmarks Law. "Landmarks Law" shall refer to §3020 of the New York City Charter and Chapter 3 of Title 25 of the Administrative Code of the City of New York.

Landscape Improvement. "Landscape Improvement" shall mean a physical betterment of real property or any part thereof, consisting of natural or artificial landscape, including but not limited to grade, body of water, hedge, mature tree, walkway, road, plaza, wall, fence, step, fountain, or sculpture.

LPC. "LPC" shall mean the Landmarks Preservation Commission acting in its agency capacity to implement the Landmarks Law.

Terms not otherwise defined in these rules shall have the meanings given them in the Landmarks Law.

(c) **Eligible buildings.** All buildings in the Douglaston Historic District are subject to the District Master Plan*.2

(d) **Permitted alterations.** The LPC staff shall issue an ATP if the staff determines that:

(1) The proposed work meets the criteria set forth in the District Master Plan; and

(2) The proposed work will not adversely affect any significant architectural feature of the building or significant Landscape Improvement, not otherwise permitted by the District Master Plan or other LPC approval.

(e) **Application procedures.** (1) **Submission of application.** See Chapter 2, Subchapter A ("Application Procedure") and Chapter 12 of these Rules.

(2) **Application materials.** The applicant shall submit adequate materials that clearly set forth the scope and details of the proposed work. At a minimum, the applicant shall submit detailed drawings that specifically show the proposed work and all other materials required by the LPC staff. Drawings shall be made to scale, and include all pertinent dimensions. LPC staff may require applicants to submit other materials, including but not limited to photographs of existing conditions, construction details, material samples, specifications, or maps as necessary to clearly explain the proposed work. LPC staff may also require mockups of proposed additions or outbuildings to determine the visibility of such additions or outbuildings, and probes or other investigations to determine existing conditions.

(3) **Review procedure.**

(i) The application will be deemed complete when the LPC staff determines that the materials submitted adequately and clearly set forth the scope and details of the proposed work.

(ii) When the application is complete, LPC staff will review the application for conformity with these Rules. Upon determination that the criteria of the Rules have been met, an ATP will be issued pursuant to §12-01(f). A determination that an ATP should be issued shall mean that the proposed work satisfies the criteria of the District Master Plan and that the work is appropriate to or will have no effect on protected architectural features of the specific building in question and is otherwise appropriate to the Douglaston Historic District.

(iii) If the LPC staff determines that the criteria set forth in these Rules have not been met, the LPC staff shall provide the applicant with a notice of the proposed denial of the application. The applicant may request a meeting with the Director of the Preservation Department, or, in the absence of the Director, with a Deputy Director, to discuss the determination.

(iv) Applications for work that do not qualify for the issuance of an ATP in accordance with these Rules shall be subject to the LPC's usual review procedure as set forth in the Landmarks Law.

HISTORICAL NOTE

NOTE

1. Statement of Basis and Purpose in City Record June 24, 2003:

The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in Sections 25-305, 25-306, 25-307, 25-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under Sections 25-306, 25-307 and 25-310.

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Dec. 6, 1999 eff. Jan. 5, 2000. Note Statement of Basis and Purpose of Proposed Rules: The Landmarks Preservation Commission is authorized to promulgate regulations governing the protection, preservation, enhancement, perpetuation and use of landmarks, interior landmarks and buildings in historic districts. The Commission issues permits authorizing work on such designated landmarks which, following procedures stated in §§25-305-308 and 25-310 of the Administrative Code of the City of New York, it determines to be appropriate in accordance with the factors and standards provided under §§25-306-307 and 25-310.

The adopted rules have the following purposes: (1) to create a new Chapter 12 of Title 63, which will contain the District Master Plan rule, currently found at §2-05 of Subchapter A of Chapter 2 of Title 63 of the Rules of the City of New York, and subsequent district master plan implementation rules adopted pursuant to the District Master Plan rule, and (2) to adopt the Stone Street Historic District Master Plan Implementation Rules to assist owners in applying to the Landmarks Preservation Commission for approval of certain work within the Stone Street Historic District. These rules will permit Commission staff to issue permits for work that is in accordance with the Stone Street Master Plan, which was approved by the Commission at a Certificate of Appropriateness public hearing on November 30, 1999 and in accordance with Title 63, existing §2-05, of the Rules of the City of New York.

CHAPTER 13*1 FEES

§13-04 Computation of Fees.

Fees shall be computed as hereinafter provided:

(a) **New buildings.** The fees for permits to construct new buildings shall be computed as follows:

(1) a fee of twenty cents per square foot or fraction thereof, but not less than one hundred dollars per structure, for work subject to a fee payable to the Department of Buildings pursuant to §26-212(1)(a) of the Administrative Code.

(2) a fee of ten cents per square foot, or fraction thereof, but not less than one hundred dollars per structure, for work subject to a fee payable to the Department of Buildings pursuant to §26-212(1)(b) of the Administrative Code.

(b) **Building alterations.** A fee of fifty dollars for the first twenty-five thousand dollars, or fraction thereof, of the cost of the work and four dollars for each additional one thousand dollars, or fraction thereof, of cost over twenty-five thousand dollars for work subject to a fee payable to the Department of Buildings pursuant to §§26-212(2)(a), 212(2)(b), 212(5)(a)(1) and 212(5)(a)(2) of the Administrative Code.

(c) **Demolition and removal.** A fee computed by multiplying the street frontage in feet by the number of stories of the building times one dollar, but not less than one hundred dollars, shall be paid for work subject to a fee payable to the Department of Buildings pursuant to §26-212(4) of the Administrative Code.

(d) **Signs.** A fee of one hundred dollars to erect, install or alter a sign shall be paid for each sign subject to a fee payable to the Department of Buildings pursuant to §26-212(6)(a). An additional fee shall be payable for signs as

follows:

(1) A fee of fifty dollars shall be paid for each ground sign subject to a fee pursuant to §26-212(6)(a)(1) of the Administrative Code.

(2) A fee of fifty dollars shall be paid for each roof sign having a tight, closed or solid surface, where such sign is subject to a fee pursuant to §26-212(6)(a)(2) of the Administrative Code.

(3) A fee of fifty dollars shall be paid for each roof sign that does not have a tight, closed or solid surface and where such sign does not extend beyond thirty-one feet above the roof level, where such sign is subject to a fee pursuant to §26-212(6)(a)(3) of the Administrative Code. A fee of one hundred shall be paid for each roof sign that exceeds thirty-one feet above the roof level.

CHAPTER 1 MARKETS

SUBCHAPTER A MARKETS GENERAL

§1-01 Definitions.

Unless otherwise expressly stated, whenever used in this chapter, the following terms shall respectively mean and include each of the meanings set forth:

City. "City" means the City of New York.

Commissioner. "Commissioner" means the Commissioner of the Department of Business Services.

Department. "Department" means the Department of Business Services.

Farmer. "Farmer" means any person growing agricultural products, on a farm registered with the Department, for sale or consumption within the City.

Market. "Market" means any building, structure or place owned by the City or located on property owned by the City or under lease to or in the possession of the City or any part of a street, avenue, parkway, plaza, square or other public place designated by law, ordinance or by the Commissioner to be used or intended to be used as a public market for the buying, selling or keeping for sale of food, flowers or ornamental plants.

Merchandise. "Merchandise" means any commodity, fluid, cargo, goods, equipment, material or container.

Person. "Person" means any natural person, corporation, partnership, society, organization of persons, company, association, cooperative, joint stock company or firm.

Tenant. "Tenant" means any lessee, licensee, permittee or occupant of any Market.

Vehicle. "Vehicle" means any automobile, truck, bus, motorcycle, cart, wagon or other driven conveyance, bicycle or trailer.

CHAPTER 1 MARKETS

SUBCHAPTER A MARKETS GENERAL

§1-02 Scope and Construction of Rules and Regulations.

(a) **Scope.** This chapter shall be applicable to all markets and shall regulate the use thereof by all persons.

(b) **Construction.** This chapter shall be construed as follows:

(1) Any prohibited act shall extend to and include the permitting, allowing, causing, procuring, aiding or abetting, directly or indirectly of such act;

(2) No provision hereof shall make unlawful the act of any employee of the department in the performance of his official duties;

(3) Any act prohibited by this chapter provided it is not otherwise prohibited by law, ordinance, rule or regulation shall be lawful if performed under, by virtue of and strictly in compliance with the written authorization of the Commissioner.

(c) **Other requirements.** This chapter is in addition to and supplements all laws, ordinances, rules and regulations of the City, New York State and Federal Government and all terms and obligations set forth in any lease, license or permit.

CHAPTER 1 MARKETS

SUBCHAPTER A MARKETS GENERAL

§1-03 Administration.

(a) **Use, occupancy or doing business.** Use, occupancy or doing business in any market for any purpose is prohibited except by written lease, license or permit of the Department.

(b) **Sale of merchandise.** The sale of merchandise other than that authorized by the Commissioner is prohibited.

(c) **Hours of operation.** Hours of operation of any market may be regulated by the Commissioner.

(d) **Assignment or transfer of lease, license or permit.** Unless otherwise provided for therein, no lease, license or permit shall be assigned or transferred.

(e) **Employees.** Each tenant shall be responsible for the acts and omissions of his employees in connection with the conduct of the tenant's business.

(f) **Entry.** Entry into any Market may be regulated by the Commissioner. No fee shall be charged for entry into a Market or for parking therein, nor shall any existing fee be increased, unless the Commissioner shall have first approved the amount of such fee. The Commissioner may establish or authorize the establishment of an identification card and pass system as a requisite for entry of any persons into any Market.

(g) **Information to be furnished to the Commissioner.** Each tenant shall furnish to the Commissioner such

information as the Commissioner may require concerning the business conducted by the tenant in any market, including but not limited to his business books, ledgers, payroll records, lists of employees and suppliers. Each tenant shall permit the Commissioner, or any person designated by the Commissioner, to enter his premises whenever in the sole discretion of the Commissioner such entry is necessary. Each tenant whose main office is located at any market shall furnish the Commissioner with two recent passport size photographs of tenant's operating principals.

(h) **Replacement of light bulbs.** Each tenant at his sole expense shall replace all defective and missing light bulbs within the premises occupied by him and any adjacent loading platforms or the Department may replace same at the sole expense of the tenant.

(i) **Condition of premises.** Each tenant shall put, keep and maintain the premises described in his lease, license or permit or any other space occupied by him and all equipment therein in good repair and condition, including painting, but shall not be required to make structural additions or repairs, unless expressly provided for in the lease, license or permit.

(j) **Surrender of premises.** At the expiration or sooner termination of a lease, license or permit, the tenant shall quit and surrender the premises described therein in good order and condition and well and sufficiently painted and repaired. Upon the removal of a tenant from the space occupied by him the Commissioner in his sole discretion may, without notice to the tenant, take possession of or cause removal therefrom of any and all alterations, additions, improvements, fixtures, equipment and other material left by the tenant and the tenant shall pay the cost of any such removal or restoration of the premises.

§1-05 Prohibitions and Restrictions.

(a) **Property and equipment.** No person shall damage, remove or destroy any property or equipment.

(b) **Litter, rubbish and refuse.** No person shall take into, carry through, leave in, throw, or discharge into or on any market any rubbish, litter or refuse.

(c) **Pollution of water.** No person shall discharge into or leave in tidal water, sewage or drainage which may result in the pollution of water.

(d) **Drains and sewers.** No person shall perform any act which may tend to damage, choke, or clog drains or sewers.

(e) **Conduct.** No person shall:

(1) Disobey any order of any employee of the Department or other employee of the City or disobey or violate any notice, prohibition, instruction or direction of the Department or of any other City agency;

(2) Solicit or beg alms, subscriptions for any purpose;

(3) Annoy or harass any person;

(4) Interfere with, encumber, obstruct or render dangerous any part thereof;

(5) Do any act tending to or amounting to a breach of peace;

(6) Refuse or attempt to avoid any charge, toll, price or fee fixed by the Commissioner;

(7) Refuse to surrender any manifest, bill of loading, delivery slip or ticket to any employee of the Department;

(8) Engage in, instigate or encourage a fight or other disturbance;

(9) Do any act injurious to any person, animal or property.

(f) **Explosives, firearms and weapons.** (1) No person shall bring into any market or have in his possession any firearms, illegal knives, hatchets, machetes, slingshots, fireworks or other dangerous instruments or explosives.

(2) Firearms carried by any person under a permit issued by the Police Commissioner of the City shall be registered with the Commissioner.

(g) **Gambling.** No person shall play any game of chance, participate in the conduct of an illegal lottery, or use any slot machine, gaming table or instrument or have in his possession any implements or devices commonly used, or intended to be used, for gambling purposes.

(h) **Photographs.** No person shall take moving pictures or photographs for advertising, commercial or publicity purposes or buy, sell or publish negatives or prints or exhibit such negatives or prints in public, or use pictures or photographs of any market area or building, except by prior written permission of the City.

(i) **Peddling.** Peddling and hawking is prohibited. Possession of objects or material in quantities, packages or containers customarily associated with peddling shall be deemed to be prima facie evidence of exhibiting or offering for sale.

(j) **Fires.** No person shall kindle, build, maintain or use an open fire or smudge pot.

(k) **Boating.** No boat or vessel shall be laid up, stored, repaired or placed for any purpose in any market.

(l) **Construction work.** No person or agency shall perform construction work or repairs of any kind or work incidental thereto, or install in or remove equipment from any market except with the prior written authorization of the Commissioner.

§1-06 Vehicles and Traffic.

(a) **Traffic control.** (1) A rate of speed exceeding twenty-five miles per hour is prohibited.

(2) All persons using any market lane, street or avenue shall obey and comply with any traffic direction of any police officer or employee of the Department indicated by gesture or otherwise and with any direction on any parking or traffic sign posted by the Department or by any other City agency along such routes.

(3) All vehicles shall be driven carefully and under control at all times and no person shall permit a vehicle to be driven or propelled recklessly or negligently or in such manner as to endanger or injure persons or property.

(b) **Obstruction of traffic.** No person shall obstruct the movement of traffic or stop, stand or park a vehicle, freight car or other conveyance except at designated and posted places.

(c) **Disabled vehicles.** All disabled vehicles must be promptly removed from paved roadways and removed from the market within three hours. If not removed, such vehicles will be removed by City personnel or licensed tow operators at the expense of the owners and neither the City nor such licensed tow operators shall be liable for any damage caused to such vehicles.

(d) **Repairs to vehicles.** No person shall grease, lubricate or make repairs, except of a minor and emergency

nature, to any vehicle.

(e) **Vehicle and Traffic Law and Department of Transportation Regulations.** The New York State Vehicle and Traffic Law and the Traffic Rules and Regulations of the City Department of Transportation are hereby established as rules and regulations of the Commissioner and shall be in effect in all markets as though set forth herein in full and the Traffic Rules and Regulations set forth herein are in addition to the same.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-11 Scope.

This subchapter shall be applicable to each public wholesale market under Chapter 1-B of Title 22 of the Administrative Code of the City of New York, provided, however, that enforcement of this subchapter shall be stayed, except as to the New York Terminal Produce Market, and any area adjacent to such market as identified by the Commissioner pursuant to subdivision h of §22-251 of the Administrative Code of the City of New York, until thirty days after the Commissioner has published in the City Record notice that enforcement will commence, in whole or in part, with respect to a particular market or adjacent area.

HISTORICAL NOTE

Section amended City Record Feb. 20, 1998 eff. Mar. 22, 1998. [See

Note 1]

Section added City Record Aug. 18, 1997 eff. Sept. 17, 1997.

NOTE

1. Statement of Basis and Purpose in City Record Feb. 20, 1998:

Section 22-251(h) of the Administrative Code of the City of New York authorizes the Commissioner of Business Services to identify by rule areas in the vicinity of a designated wholesale public market where one or more wholesale businesses or market businesses, operate. These rules are being amended to identify such an area in the vicinity of the New York Terminal Produce Market, and to require wholesalers and market businesses operating in this area to comply with the registration and other requirements set forth in Local Law 28 of 1997.

FOOTNOTES

66 RCNY 1-12

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-12 Definitions.

For the purposes of this subchapter, the following terms shall have the following meanings:

Applicant. The term "applicant" shall mean, if a business entity submitting a registration application, the entity itself and all the principals thereof; if an individual submitting an application for a photo identification card, such individual.

Code. The term "Code" shall mean the Administrative Code of the City of New York.

Commissioner. The term "Commissioner" shall mean the Commissioner of Business Services.

Department. The term "Department" shall mean the New York City Department of Business Services.

Labor union. The terms "labor union" or "labor organization" refers to unions or organizations which represent or seek to represent, for purposes of collective bargaining, employees directly involved in the movement, handling or sale of goods in the markets. Notwithstanding the foregoing, such terms shall not include: (i) a labor union that represents or seeks to represent fewer than two hundred employees in any public wholesale market or combination of public wholesale markets in the City of New York; (ii) a labor union representing or seeking to represent clerical or other office workers, construction or electrical workers, or any other workers temporarily or permanently employed in a

public wholesale market for a purpose not directly related to the movement, handling or sale of goods in such market; (iii) affiliated national or international labor unions of local labor unions required to register pursuant to this provision.

Market business. The term "market business" shall have the meaning provided in §22-251(e) of the Code.

Market manager. The term "market manager" shall mean a person designated by the Commissioner to supervise operations in a public wholesale market. Such supervision shall include, without limitation: implementation of these rules and the authority to enforce violations of any provision of Chapter 1-B of Title 22 of the Administrative Code or these rules; supervision of Department staff employed in the markets; response to complaints relating to the operation of businesses in the markets; examination of documents required to be maintained by a registrant pursuant to this subchapter; referrals, where appropriate, to any law enforcement, adjudicatory, investigative or prosecutorial agency of matters occurring within the markets; and such other functions and duties as the Commissioner may assign consistent with the provisions of this subchapter.

Officer. The term "officer" shall mean any person holding an elected position or any other position involving participation in the management or control of a wholesale trade association or of a labor union or labor organization required to register pursuant to §1-20.2 or §1-20.4 of this subchapter.

"Public wholesale market" or "market" shall mean any building, structure or place owned by the City or located on property owned by the City or under lease to or in the possession of the City or any part of a street, avenue, parkway, plaza, square or other public place that has been designated as a public market by resolution of the former Board of Estimate of the City or a local law enacted by the City Council to be used or intended to be used for the wholesale buying, selling or keeping of food, flowers or ornamental plants; except that the term "public wholesale market" shall not, unless otherwise set forth in this subchapter, include any building, structure or place within the Fulton Fish Market Distribution Area or other seafood distribution area as defined in §22-202 of the Administrative Code of the City of New York. For purposes of this subchapter, the term "public wholesale market" shall also include the area adjacent to the New York Terminal Produce Market beginning at the point where the westerly street line of Garrison Avenue intersects the northerly street line of Lafayette Avenue; thence easterly along the northerly street line of Lafayette Avenue to the easterly street line of Halleck Street; thence southerly along the easterly street line of Halleck Street to the southerly street line of Ryawa Avenue; thence westerly along the southerly street line of Ryawa Avenue to the westerly street line of Manida Street; thence northerly along the westerly street line of Manida Street to the southerly street line of Viele Avenue; thence westerly along the southerly street line of Viele Avenue to the westerly street line of Tiffany Street; thence northerly along the westerly street line of Tiffany Street to the southerly street line of Oak Point Avenue; thence westerly along the southerly street line of Oak Point Avenue to the westerly street line of Barry Street; thence northerly along the westerly street line of Barry Street to the southerly street line of Leggett Avenue; thence westerly along the southerly street line of Leggett Avenue to the westerly street line of Garrison Avenue; thence northerly along the westerly street line of Garrison Avenue the point of beginning, and the premises known as 240 Food Center Drive.

Principal. The term "principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer, director and stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; of another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more; and with respect to all business entities, all other persons participating directly or indirectly in the control of such business entity. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership or a corporation, a "principal" shall also include the partners of such partnership or the officers, directors and stockholders holding ten percent or more of the outstanding shares of such corporation, as is appropriate. For the purposes of this subchapter (i) an individual shall be considered to hold stock in a corporation where such stock is owned directly or indirectly by or for (a) such individual, (b) the spouse of such individual (other than a spouse who is legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled), (c) the children, grandchildren and parents of such individual, (d) a partnership in which such

individual is a partner, in proportion to the partnership interest of such individual, and (e) a corporation in which any of such individual, the spouse, children, grandchildren and parents of such individual own fifty percent or more in value of the stock; (ii) a partnership shall be considered to own stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (iii) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation.

Registration. The term "registration" shall mean:

(a) wholesaler registration or Market business registration as required pursuant to §22-253 of the Code and §2-03 of this subchapter;

(b) labor union or labor organization registration as required pursuant to §22-264 of the Code and §2-12 of this subchapter;

(c) wholesale trade association registration as required pursuant to §22-265 of the Code and §2-14 of this subchapter.

Wholesale trade association. The term "wholesale trade association" shall have the meaning provided in §22-251(k) of the Code.

Wholesaler. The terms "wholesaler" or "wholesale business" shall have the meaning provided in §22-251(j) of the Code.

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-13 Wholesale Business and Market Business Registration Re- quired.

(a) On or after fifteen days following the effective date of this subchapter, no Wholesale business or Market business shall operate in a Public Wholesale Market unless such business has been registered with the Commissioner and received a registration number from the Market Manager.

(b) Notwithstanding subdivision a of this section, a Wholesale business or Market business which has been operating in a Public Wholesale Market as of the effective date of Local Law 28 of 1997, and which has filed a registration application with the Commissioner within fifteen days of the effective date of this subchapter, may continue to operate in the Market Area beyond fifteen days following the effective date of this subchapter unless and until (1) the Commissioner has denied the application for registration of such business, or (2) in cases where the Commissioner has required any or all of the principals of such businesses to be fingerprinted, submit background information and appear for an interview pursuant to §§22-253(b) and 22-259(a) of the Code, such principal has failed, within the time period prescribed by the Commissioner, to submit to such fingerprinting, or to submit the required information, or to appear for an interview, or to submit the fees for a background investigation in accordance with §1-25 of subchapter 1-B of this title. For the purposes of this subdivision, the terms "Wholesale business" and "Market business" shall mean the business entity, and all the principals thereof.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-14 Issuance of Registration.

(a) A person wishing to register a Wholesale business or Market business shall provide the information requested in the registration application form provided by the Department, which form shall be signed by all principals of such business, and accompanied by the certification form provided by the Department, fully executed by all principals of such business.

(b) Wholesale businesses and Market businesses are required to notify the Commissioner of any change in the ownership composition of the business, any changes regarding persons employed by the business, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted pursuant to subdivision a of this section during the term of its registration, and shall notify the Commissioner, in writing, of any such change within ten calendar days thereof.

(c) In the event that a registrant notifies the Commissioner of the proposed addition of a new principal (other than a person or entity that becomes a principal through the acquisition of outstanding shares of a business whose equity securities are registered under Federal and State securities laws and publicly traded on a national or regional stock or security exchange) as required by subdivision b of this section, the registrant shall simultaneously submit the registration application form provided by the Department completed, signed and certified by such prospective principal. Except where the Commissioner determines within 15 days, based upon information available to him or her, that the addition of such new principal may have a result inimical to the purposes of this subchapter, the registrant may add such

new principal pending the completion of review by the Commissioner. The Commissioner may waive or shorten such 15 day period upon a showing that there exists a **bona fide** business requirement therefor. The registrant shall be afforded an opportunity to demonstrate to the Commissioner that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of this subchapter. If upon the completion of such review, the Commissioner determines that such principal lacks good character, honesty and integrity, the registration shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such licensee, as the case may be, within the time period prescribed by the Commissioner.

(d) Notification pursuant to this section shall be signed and sworn to before a notary public.

(e) Notwithstanding any provision of this subchapter:

(1) the Commissioner may, when the Commissioner determines that there is reasonable cause to believe that any or all of the principals of an applicant for registration, or a registrant, lack[s] good character, honesty or integrity, require that such principal[s] (i) be fingerprinted in accordance with §22-259(a)(i) of the Code; (ii) provide to the Commissioner the information requested in the background investigation form provided by the Department within 15 days of such request; (iii) appear to be interviewed by the department of investigation or the Department; and (iv) pay the fee for a background investigation in accordance with §1-25 of subchapter B of this chapter.

(2) The Commissioner may refuse to register a Wholesale business or Market business for the reasons set forth in subparagraphs b, c, d and e of §22-259 of the Code, or may defer a decision whether to register such Market business when an indictment or a criminal or civil action is pending as provided in subparagraph (b)(ii) of such section.

(f) A wholesale business or market business denied registration for lack of good character, honesty or integrity pursuant to §22-259(b) of the Code shall be given notice of the reasons for such denial, and may respond in writing to the Commissioner within ten days of mailing of such notice. The Commissioner shall review such response and make a final determination.

§1-15 Photo Identification Cards Required.

(a) As of fifteen days following the effective date of this subchapter, no person who is an officer, principal, employee or agent of any Wholesale business or Market business operating in a Public Wholesale Market who performs any function directly related to the provision of goods or services to wholesalers or retail purchasers in such market shall perform such function without having been issued a photo identification card issued by the Commissioner pursuant to the provisions of this section and §22-252 of the Code. Notwithstanding the foregoing, officers, principals, employees or agents of any Wholesale businesses or Market businesses required to have photo identification cards, and who have filed applications therefor within fifteen days of the effective date of this subchapter and obtained temporary photo identification cards, may continue to perform such functions fifteen days after the effective date of this subchapter unless and until (1) the application of such person for a photo identification card has been denied, or (2) the temporary photo identification card of such person has been revoked, or (3) in cases where the Commissioner has required such person to be fingerprinted, submit background information and appear for an interview pursuant to §22-259(a) of the Code, such person has failed, within the time period prescribed by the Commissioner, to submit to such fingerprinting or to submit the required information, or to appear for an interview. This section does not apply to officers, principals, employees or agents of Wholesale businesses to which customers do not regularly come to pick up purchases and that does not deal from such location primarily in perishable products.

(b) Photo identification cards shall be in the possession of principals and employees of Wholesale businesses and Market businesses at all times when such persons are in the market, and shall be produced upon demand by an

authorized employee or agent of the Department, the department of investigation or the police department.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-19 Wholesale Business and Market Business Operations.

(a) (1) Wholesale businesses and Market businesses shall not transfer their registration numbers as part of the sale of such businesses.

(2) Wholesale businesses and Market businesses shall not allow the use by any other person of the registration number or the name of the business to which such registration number has been issued. In the event that a Wholesale business or Market business seeks to sublease or otherwise allow the use of its premises, or any portion thereof, for the operation of a Wholesale business or Market business by another person, where such sublease is permitted under the terms of the lease, the Commissioner may, upon application and payment of the required fee by the prospective sublessee pursuant to the provisions of these rules, issue a registration number to such sublessee. Absent such registration number no Wholesale business or Market business may permit a sublessee to operate a Wholesale business or Market business on such premises.

(b) **Furnishing and display of registration numbers.** The name and registration number of a Wholesale business and Market business shall be affixed and prominently displayed on all premises and vehicles from which such business is conducted.

(c) **Record keeping.** Wholesale businesses and Market businesses shall retain copies of all invoices and other documents reflecting deliveries or payments from or to suppliers and customers. Such books and records shall

accurately reflect the amount of goods or services involved in each transaction, and shall, along with all other records produced or received in the normal course of business, be retained for a minimum of thirty-six months, and shall be made available for immediate inspection and/or copying upon request by the Market Manager or a designee of the Market Manager.

(d) **Workers' Compensation Insurance.** Wholesale businesses and Market businesses shall submit proof that they have obtained the required workers' compensation and disability benefits coverage, or that they are exempt from §57 of the Worker's Compensation Law, and §220(8) of the Disability Benefits Law. Proof of coverage can be established by submitting the following Workers' Compensation Board forms:

C-105.2 Application for Certificate of Workers' Compensation Insurance;

DB-120.1 Employer's Application for Certificate of Compliance with Disability Benefits Law;

S1-12 Affidavit certifying that compensation has been secured.

Proof that no coverage is required can be provided by submitting the following Workers' Compensation Board form:

C-105.21 Statement that applicant does not require Workers' Compensation or Disability Benefits Coverage.

(e) **Liability insurance.** Wholesale businesses and Market businesses shall procure and shall maintain throughout the term of the registration the following types of insurance against claims for injuries to persons or damage to property which may arise from or in connection with the business:

(1) Commercial General Liability Insurance with liability limits of no less than one million dollars ($1,000,000.00) combined single limit per occurrence for bodily injury, personal and property damage. The maximum deductible for such insurance shall be no more than twenty-five thousand dollars ($25,000.00).

(2) Business Automobile Liability Insurance covering every vehicle operated by the Wholesale business or Market business, whether or not owned by the business, and every vehicle hired by the applicant with liability limits of no less than one million dollars ($1,000,000) combined single limit per accident for bodily injury and property damage.

(iii) Employers' Liability Insurance with limits of one million dollars ($1,000,000) per accident.

(f) The policy or policies of insurance required by this rule shall name the City of New York and the Department of Business Services and any other agency or entity of the City as may be required as parties insured thereunder, and shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except upon sixty days prior written notice to the Commissioner. Failure to maintain continuous insurance coverage meeting the requirements of these rules may result in revocation or suspension of registration. Such policy or policies of insurance shall be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two certificates of insurance effecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commissioner prior to the effective date of the registration.

(g) Wholesale businesses and Market businesses shall be jointly and severally liable for any violation of this subchapter by any of their employees or agents.

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-20 Revocation or Suspension of Registration or Photo Identification Cards.

(a) The Commissioner may revoke a temporary photo identification card, and after notice and hearing, revoke or suspend (1) the registration of a Wholesale business or Market business or (2) a photo identification card for any of the reasons set forth in §22-260 of the Code, or for violation of any rule promulgated pursuant to §22-266 of the Code, including without limitation §1-20.7 of this subchapter. Notice shall be provided in accordance with the provisions of §1-39 of subchapter 1-B of this title. Hearings shall be afforded in accordance with the provisions of §1-38 of subchapter 1-B of this title.

(b) Revocation or suspension of registration shall require the immediate surrender to the Market Manager of all photo identification cards issued to the principals, employees and/or agents of the registrant. If a registration has been suspended, violation of the provisions of this subdivision may result in immediate revocation of a suspended registration and/or the imposition of penalties as provided in §22-258 of the Code.

(c) Revocation or suspension of photo identification cards (including temporary photo identification cards) shall require the immediate surrender of such cards to the Market Manager.

CHAPTER 1 MARKETS

SUBCHAPTER A-1*2 PUBLIC WHOLESALE MARKETS

§1-20.1 Emergency Suspension of Registration or Photo Identification Cards.

Notwithstanding the foregoing provisions, the Market Manager may, if he or she determines that the operation of a Wholesale business or Market business or the presence of any person in the market creates an imminent danger to life or property, immediately suspend the registration of such business or the photo identification card of such person, as applicable, without a prior hearing, provided that, such suspension may be appealed to a Deputy Commissioner of the Department, and if the Deputy Commissioner upholds the suspension imposed by the Market Manager, an opportunity for a hearing pursuant to the provisions of §1-38 of subchapter B of this title shall be provided on an expedited basis within a period not to exceed four business days, and the Commissioner shall issue a final determination no later than four business days following the conclusion of such hearing; and provided further that the Commissioner may, upon application by a Wholesale business or Market business whose registration has been suspended without a prior hearing, permit such business to remain in the market for such time as is necessary to allow for the expeditious sale, consignment or removal of a perishable product if, in the Commissioner's judgment, such permission is consistent with the safety of the public and the market.

§1-20.7 Prohibited Acts.

(a) No person shall (1) interfere, or attempt to interfere, with the Market Manager, his or her staff or the employees of the department of investigation in the discharge of their functions or interfere with or otherwise obstruct the orderly functioning of the market; and (2) interfere, or attempt to interfere with, or otherwise obstruct any operations or property of any registrants in the market.

(b) In addition to the foregoing, the following rules also apply to principals, employees and agents of wholesalers, Market businesses, officers of labor unions and labor organizations, and officers of wholesale trade associations. Such persons shall not:

(1) authorize another person to use the name of the Wholesale business or Market business to which a registration number has been issued for such Market business;

(2) authorize another person to conduct a Wholesale business or Market business with the registration number that has been issued to such market business; (3) conduct a Wholesale business or Market business under any name other than the name under which such business has been registered with the Market Manager;

(4) violate applicable federal, state or city laws and regulations;

(5) in the case of a Wholesale business or Market business fail to notify the Market Manager and the Commissioner of any change in the information provided pursuant to §1-14 of this subchapter with respect to the composition or ownership of the Wholesale business or Market business, and any changes in personnel;

(6) associate with a person whom such person knows or should know is a member or associate of an organized crime group (a person who has been identified by a federal, state, or local law enforcement agency as a member or associate of an organized crime group shall be presumed to be a member or associate of an organized crime group);

(7) make a false or misleading statement to the Department or the department of investigation, or make, file or submit a false statement to a government agency or employee;

(8) threaten or attempt to intimidate a customer or prospective customer;

(9) retaliate against a customer or prospective customer, or a principal, employee or agent of any Market business or wholesaler that has made a complaint to the Department, the department of investigation or the police department, or any other governmental entity;

(10) falsify any business record;

(11) in the case of a Wholesale business or Market business, continue to employ a person who has not received a valid photo identification card in accordance with the provisions of this subchapter, or whose photo identification card has been revoked, or whose photo identification card has been suspended during the period of suspension;

(12) utilize any motor vehicle in connection with the operation of such business which is not properly registered with the New York State Department of Motor Vehicles and insured in accordance with §1-19 of this subchapter;

(13) engage in any unfair labor practice under federal and state labor laws as applicable.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-22 Definitions.

For the purposes of this subchapter, the following terms shall have the following meanings:

Applicant. "Applicant" shall mean, if a business entity submitting a response to a request for licensing proposals, an application for a temporary license or a registration application, the entity itself and all the principals thereof; if an individual submitting an application for a photo identification card, such individual.

Business related to seafood distribution. "Business related to seafood distribution" shall mean any business located in the market area, other than an unloading, loading, wholesaler or seafood delivery business, that provides or maintains items or services necessary to seafood distribution, including, but not limited to, the provision or maintenance of ice or other equipment or supplies;

Business entity. "Business entity" shall mean a sole proprietorship, partnership, corporation, or other entity established under law and authorized to conduct business within the state of New York.

Commissioner. "Commissioner" shall mean the Commissioner of Business Services.

Department. "Department" shall mean the New York City Department of Business Services.

Designated waiting area. "Designated waiting area" shall mean that area set aside by the Market Manager during

regular unloading hours in which trucks shall wait until unloaders are assigned to them.

Fulton Fish Market distribution area. "Fulton Fish Market distribution area" or "Market Area" shall mean the area beginning at the point where the westerly street line of Water Street intersects the southerly street line of Maiden Lane; thence easterly along the southerly street line of Maiden Lane as extended to the East River U.S. Pierhead Line; thence northerly along the East River U.S. Pierhead Line to the northerly street line of Robert Wagner Sr. Place as extended; thence westerly along the northerly street line of Robert Wagner Sr. Place to the prolongation of the westerly street line of Pearl Street; thence southerly along the westerly street line of Pearl Street to the southerly street line of Fulton Street; thence easterly along the southerly street line of Fulton Street to the westerly street line of Water Street; thence southerly along the westerly street line of Water Street to the point of beginning.

Hearing officer. "Hearing officer" shall mean a person appointed or designated to conduct hearings pursuant to the procedures set forth in §1-38 of this subchapter relating to the suspension and revocation of a license or the suspension, revocation and refusal to renew a registration pursuant to §§22-209, 22-217 and 22-218 of the Administrative Code and the provisions of this subchapter.

Loader. "Loader" shall mean an individual who performs loading services.

Loading business. "Loading business" shall mean any business entity that, for a payment, provides loading services.

Loading services. "Loading services" shall mean services performed by a loader and provided by a loading business for a purchaser of seafood, including parking such purchaser's vehicle, moving such vehicle when necessary for traffic control, loading seafood onto such vehicle, and ensuring the security of such vehicle and the seafood loaded thereon; provided, however, that the term shall not mean the loading of seafood onto the vehicle of a purchaser when such loading is performed by an employee of a wholesaler delivering seafood from such wholesaler to the vehicle of the purchaser thereof or by a purchaser or an employee of such purchaser.

License. "License" shall mean an unloading business license or a loading business license issued by the commissioner authorizing the conduct of such business in the market area.

Market hours. "Market hours" shall mean the hours of operation of the market area as designated by the Market Manager for purposes of the requirement in §22-203 of the Administrative Code that persons required to possess photo identification cards must display such cards while in the market area. Such hours shall be posted in appropriate locations throughout the market area.

Market manager. "Market manager" shall mean a person designated by the Commissioner to supervise operations in the market area. Such supervision shall include, without limitation: implementation of these rules and the authority to enforce violations of any provision of Chapter 1-A of Title 22 of the Administrative Code or these rules; supervision of Department staff employed in the market area; response to complaints relating to the operation of businesses in the market area; examination of documents required to be maintained by a licensee or registrant pursuant to this chapter; referrals, where appropriate, to any law enforcement, adjudicatory, investigative or prosecutorial agency of matters occurring within the market area; and such other functions and duties as the commissioner may assign consistent with the provisions of this subchapter.

Principal. "Principal" shall mean, of a sole proprietorship, the proprietor; of a corporation, every officer, director and stockholder holding ten percent or more of the outstanding shares of the corporation; of a partnership, all the partners; of another type of business entity, the chief operating officer or chief executive officer, irrespective of organizational title, and all persons or entities having an ownership interest of ten percent or more; and with respect to all business entities, all other persons participating directly or indirectly in the control of such business entity. Where a partner or stockholder holding ten percent or more of the outstanding shares of a corporation is itself a partnership or a corporation, a "principal" shall also include the partners of such partnership or the officers, directors and stockholders

holding ten percent or more of the outstanding shares of such corporation, as is appropriate. For the purposes of this subchapter (i) an individual shall be considered to hold stock in a corporation where such stock is owned directly or indirectly by or for (a) such individual, (b) the spouse of such individual (other than a spouse who is legally separated from such individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled), (c) the children, grandchildren and parents of such individual, (d) a partnership in which such individual is a partner, in proportion to the partnership interest of such individual, and (e) a corporation in which any of such individual, the spouse, children, grandchildren and parents of such individual own fifty percent or more in value of the stock; (ii) a partnership shall be considered to own stock in a corporation where such stock is owned, directly or indirectly, by or for a partner in such partnership; and (iii) a corporation shall be considered to hold stock in a corporation that is an applicant as defined in this section where such corporation holds fifty percent or more in value of the stock of a third corporation that holds stock in the applicant corporation.

Registration. "Registration" shall mean wholesaler registration or seafood deliverer registration as required pursuant to §22-209 of the Administrative Code and §1-31 of this subchapter.

Regular loading hours. "Regular loading hours" shall mean the hours designated by the Market Manager for the loading of seafood. Notice of such designation and of any changes thereto shall be posted in appropriate locations.

Regular unloading hours. "Regular unloading hours" shall mean the hours designated by the Market Manager for the unloading of seafood from trucks. Notice of such designation and of any changes thereto shall be posted in appropriate locations.

Seafood. "Seafood" shall mean fish, seafood or consumables derived therefrom.

Seafood delivery business. "Seafood delivery business" or "seafood deliverer" shall mean any business entity, that, for payment, delivers seafood from wholesalers in the market area by truck or other vehicle to retail establishments or other wholesalers in the city of New York or other locations outside the market area.

Stand permit. "Stand permit" shall mean an occupancy permit granted by the commissioner subject to such conditions as the commissioner shall prescribe authorizing use of city property by a wholesaler for the placement of seafood in an area extending into a city street.

Unloader. "Unloader" shall mean an individual who performs unloading services.

Unloading area. "Unloading area" shall mean a location, approved or designated by the Market Manager, in which seafood may be unloaded from trucks for delivery to wholesalers or for transfer and distribution to other locations. Notice of such designations and of any changes thereto shall be posted in appropriate locations.

Unloading business. "Unloading business" shall mean any business entity that, for a payment, provides unloading services.

Unloading Dispatcher. "Unloading Dispatcher" shall mean any person designated by the Market Manager to supervise the unloading procedure.

Unloading services. "Unloading services" shall mean the unloading of seafood from a truck or other vehicle that has transported such seafood from suppliers and the delivery thereof to wholesalers or the transfer thereof to other trucks or vehicles for transport to other locations.

Wholesaler. "Wholesaler" or "wholesale seafood business" shall mean any business entity which sells or offers to sell seafood for resale to the public, whether or not such business entity also sells or offers to sell seafood directly to the public; except that "wholesaler" shall not include any such entity that is primarily engaged in the sale of seafood that has been processed and packaged by another business for sale to consumers in such packaged form.

SUBCHAPTER B*3 FULTON FISH MARKET

§1-23 Photo Identification Cards.

(a) **Identification Cards Required.** (1) No person who is an officer, principal, employee or agent of any unloader, loader, wholesaler, seafood deliverer, or other business related to the distribution of seafood in the Market Area who performs any function in the Market Area directly related to the distribution of seafood shall perform such function without a photo identification card issued by the Commissioner pursuant to the provisions of this section and §22-203 of the Administrative Code; except that no enforcement of this provision shall take place against a person who has been working in such a capacity in the Market Area as of the effective date of Local Law No. 50 for the Year 1995 unless and until, with respect to a person required to possess a Class A photo identification card, (a) such person has failed, within the time period prescribed by the Commissioner, to submit to fingerprinting or to submit the information required pursuant to §22-216 of the Administrative Code or (b) the application of such person for a photo identification card has been denied by the Commissioner; and except that, with respect to such a person required to possess a Class B photo identification card, no enforcement shall take for fifteen days following the effective date of this subchapter, provided that, with respect to such a person whom the Commissioner has required to submit to fingerprinting and disclosure requirements, no enforcement shall take place unless and until (a) such person has failed, within the time period prescribed by the Commissioner, to submit to fingerprinting or to submit the information required pursuant to §22-216 of the Administrative Code or (b) the application of such person for a photo identification card has been denied.

(2) Such identification card shall be displayed so as to be readily visible to others at all times during market hours.

(3) The Market Manager may, where appropriate, issue a provisional identification card to an employee who has submitted the information and fee required by this subchapter. Such provisional identification card shall be valid until the Commissioner has either issued or denied a permanent identification card, unless such provisional card has been revoked or suspended prior thereto in accordance with the procedures set forth in this subchapter. The Market Manager may also, in his or her discretion, make provision for temporary photo identification cards, which shall be valid for a period not to exceed six weeks, to be issued to persons employed by unloaders, wholesalers, loaders, seafood deliverers, or other businesses related to seafood distribution on a seasonal or otherwise temporary basis, subject to the provisions of this section. The Market Manager may also provide for a business to arrange to prequalify for photo identification cards potential employees whom the business may hire on a seasonal or other temporary basis.

(4) The fee for a photo identification card shall be twenty dollars ($20) and for the replacement of a photo identification card that has been lost or stolen shall be fifteen dollars ($15).

(b) **Class A Photo Identification Cards.** A person who performs any function in the Market Area directly related to the handling and transportation of seafood within or from the Market Area and who is a principal, employee or agent of an unloader or a loader subject to the licensing requirement of Chapter 1-A of Title 22 of the Administrative Code must obtain a Class A photo identification card issued by the Commissioner from the Market Manager. Issuance of Class A photo identification cards shall be subject to the provisions of §22-216 of such code.

(1) The photo identification card of a principal, employee or agent of an unloader shall contain such information as the Commissioner deems appropriate, including the name of such person, the number of the license issued to such business under §22-204 of the Administrative Code and §1-27 of these rules and shall specify the position held by such person in the business.

(2) The photo identification card of an employee or agent of a loading business shall contain such information as the Commissioner deems appropriate the name of such person, the number of the license issued to such business under §22-206 of the Administrative Code and §1-27 of this subchapter and shall indicate the designated or approved locations in which the person may work and whether he or she is a supervisor or staff employee of the loading business.

(d) **Suspension, Revocation and Refusal to Issue Class A Photo Identification Card.** (1) In order to apply for a photo identification card pursuant to this section, the applicant shall first: (aa) be fingerprinted; (bb) provide in full the background information required pursuant to subdivision (a) of §22-216 of the Administrative Code in both parts of the form attached as Appendix A of this subchapter; and (cc) shall pay a fee of sixty dollars ($60) for such fingerprinting and a fee of one hundred and fifty dollars ($150) for investigation of such background information.

(2) The Commissioner may refuse to issue a Class A photo identification card for the reasons set forth in subdivision (b) of §22-216 of the Administrative Code or may defer the decision whether to issue such card for reasons of a pending indictment or criminal or civil action as provided in paragraph (2) of such subdivision. When a Class A photo identification card is denied for lack of good character, honesty and integrity, or when the decision to issue such card is deferred, the applicant shall be given notice of the reasons for such denial or decision to defer and may respond in writing to the Commissioner within five days of receipt of such notice. The Commissioner shall review such response and make a final determination whether to issue a Class A photo identification card to the applicant.

(3) The Commissioner may, after notice and the opportunity for a hearing, revoke or suspend a Class A photo identification card pursuant to the provisions of §22-217 and §22-218 of the Administrative Code.

(e) **Class B photo identification cards.** A person who will perform any function directly related to the distribution of seafood in the Market Area and who is a principal, employee or agent of a wholesaler, seafood deliverer or other business conducting activities related to the distribution of seafood in the Market Area must obtain a Class B photo identification card from the Market Manager.

(1) The photo identification card of a principal of a wholesaler and of the employees and agents of such wholesaler

shall contain such information as the Commissioner deems appropriate, including the name of the person, the registration number issued to such wholesaler pursuant to §22-209 of the Administrative Code and §1-32 of this subchapter, the location in the Market Area of such wholesale seafood business and whether the person is an owner, employee or agent of the wholesale seafood business.

(2) The photo identification card of a principal, employee or agent of a seafood deliverer or other business related to seafood distribution shall contain such information as the Commissioner deems appropriate, including the name of the person, the registration number of such business where registration of such business is required pursuant to the provisions of Chapter 1-A of Title 22 of the Administrative Code, the name of such business, and the location in the Market Area where such business is normally conducted.

(3) The photo identification card of a person who is a principal, employee or agent of more than one wholesale seafood business or seafood delivery business shall reflect the multiple affiliations of such person.

(f) **Refusal to Issue Class B Photo Identification Card or Deferral of Decision to Issue Class B Photo Identification Card.** Notwithstanding any provision of this subchapter:

(1) the Commissioner may, for the reasons set forth in paragraph (ii) of subdivision (b) of §22-203 of the Administrative Code, require that an applicant for a Class B photo identification card shall, within ten days: (aa) be fingerprinted, (bb) provide the background information required by §22-216 of the Administrative Code as set forth in both parts of the form constituting Appendix A of this subchapter, and (cc) pay a fee of sixty dollars ($60) for such fingerprinting and a fee of one hundred and fifty dollars ($150) for such background investigation;

(2) Where the provisions of paragraph (i) of this subdivision apply, the Commissioner may refuse to issue a Class B photo identification card for any of the reasons set forth in subdivision b of §22-216 of the Administrative Code or may defer the decision whether to issue such card for reasons of a pending indictment, or civil or criminal action as provided in paragraph (ii) of such subdivision. When a Class B photo identification card is denied for lack of good character, honesty or integrity or when the decision whether to issue such card is deferred, the applicant shall be given notice of the reasons for such denial and may respond in writing within five days of receipt of such denial or decision to defer. The Commissioner shall review such response and make a final determination whether to issue the Class B photo identification card.

(g) **Suspension and Revocation of Class B Photo Identification Card.** (1) The Commissioner may, after notice and the opportunity for a hearing, suspend or revoke a Class B photo identification card for any of the actions set forth in subdivision (c) of §22-217 of the Administrative Code or the reasons set forth in §22-218 of such Code.

(2) In addition to the reasons set forth in paragraph (i) of this subdivision, if, at any time subsequent to the issuance of a Class B photo identification card, the Commissioner has reasonable cause to believe that a person who possesses such card lacks good character, honesty and integrity, the Commissioner may require that such person be fingerprinted, provide the additional background information required by subdivision (a) of §22-216 of the Administrative Code as set forth in Part II of the form constituting Appendix B of this subchapter and pay the fees prescribed therefor in paragraph (1) of subdivision (d) of this section. The Commissioner may, after notice and the opportunity for a hearing, revoke the photo identification card of such person for the reasons set forth in subdivision (b) of §22-216 of the Administrative Code.

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-24 Unloading and Loading Licenses Required.

(a) **Unloading Licenses.** No person shall operate an unloading business in the Market Area without a license to conduct such business issued by the Commissioner pursuant to this subchapter on and after the date that unloading licenses have been issued pursuant to this subchapter, except that no enforcement of this provision shall take place against a person who has been operating an unloading business in the Market Area as of the effective date of Local Law No. 50 for the Year 1995 unless and until (aa) the principals of such business have failed to submit to fingerprinting or to submit the information required pursuant to §22-216 of the Administrative Code within the time period prescribed by the Commissioner, (bb) such business has failed to respond to a request for unloading licensing proposals by the date specified by the Commissioner and in the form and containing the information required by the Commissioner, or (cc) such license has been denied by the Commissioner.

(b) **Loading Licenses.** No person shall operate a loading business in the Market Area without a license to conduct such business issued by the Commissioner pursuant to this subchapter on and after the date that loading licenses have been issued pursuant to this subchapter, except that no enforcement of this provision shall take place against a person who has been operating a loading business in the Market Area as of the effective date of Local Law No. 50 for the Year 1995 unless and until (aa) the principals of such business have failed to submit to fingerprinting or to submit the information required pursuant to §22-216 of the Administrative Code within the time period prescribed by the Commissioner, (bb) such business has failed to respond to a request for loading licensing proposals by the date specified by the Commissioner and in the form and containing the information required by the Commissioner, or (cc)

such license has been denied by the Commissioner.

(c) **Penalties for Unlicensed Activity.** Any person who violates the provisions of this section shall, upon conviction thereof, be subject to criminal and civil penalties as provided in subdivision (b) of §22-215 of the Administrative Code and subdivision (bb) of §1-36 of this subchapter.

66 RCNY 1-25

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-25 Application for License.

(a) **Procedure.** (1) A person operating or wishing to operate an unloading business or a loading business in the Market Area shall submit an application for a license and a response to a request for licensing proposal issued by the Commissioner pursuant to §22-204 or §22-206 of the Administrative Code no later than the dates specified in such request for proposal.

(2) Notice of the availability of requests for licensing proposals to conduct an unloading business or a loading business in the Market Area, and the date or dates by which such proposals must be submitted, shall be posted in locations within the Market Area and published in **The City Record** and any other locations and publications as the Commissioner may determine are appropriate.

(b) **License Fee.** The fee for a license shall be one thousand dollars ($1000) and the fee for extension of such license for an additional year shall be five hundred dollars ($500). The fee for a temporary license shall be prorated to a two-year term.

(c) **Term of License.** Each license shall be valid for two years and may be extended for an additional year at the discretion of the Commissioner. A temporary license shall be valid for a period not to exceed one year, provided that such license shall not extend beyond the term of the original license.

(d) **License Non-Transferable; Notification Requirements for Addition of Principal.** (1) A license shall not be transferable.

(2) A licensee shall provide the Commissioner with advance notice of at least ten (10) business days of the proposed addition of a new principal to the business of the licensee. Such notification shall include a complete response to the applicable disclosure form required of applicants for licenses by the Commissioner pursuant to subdivision (a) of §22-216 of the Administrative Code, as attached as Appendix B of this subchapter, payment of the fee for the investigation of the information submitted therein, and the fingerprinting of the new principal in the manner set forth in subdivision (a) of §22-216 of the Administrative Code. The Commissioner may waive or shorten such period upon a showing that there exists a bona fide business requirement therefor.

(3) Except where the Commissioner determines within such 10 day period, based on information available to him or her, that the addition of such new principal may have a result inimical to the purposes of Chapter 1-A of Title 22 of the Administrative Code, the licensee may add such new principal pending the completion of review under §22-216 of the Administrative Code. In the event of such determination, the licensee shall be afforded an opportunity to demonstrate to the Commissioner that the addition of such new principal pending completion of review under §22-216 of the Administrative Code would not have a result inimical to the purposes of Chapter 1-A of Title 22 of the Administrative Code. If upon the completion of such review, the Commissioner determines that such principal lacks good character, honesty and integrity, the license shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such licensee, as the case may be, within the time period prescribed by the Commissioner.

(e) **Fingerprinting.** All applicants submitting responses to requests for licensing proposals shall be fingerprinted. The fee for the processing of fingerprints shall be sixty ($60) dollars per set.

(f) **Information Required on Application.** The application accompanying the response to the request for licensing proposal shall include, but not be limited to the following information:

(1) The name and address of the applicant submitting such response and the social security numbers of the principals of the applicant business.

(i) If such applicant is a corporation, a copy of the certificate of incorporation and the names and addresses of all officers and directors.

(ii) If such applicant is a partnership, a copy of partnership papers, certified by the County Clerk.

(A) If the applicant is doing business under an assumed name, a Certificate of Assumed Name, certified by the County Clerk.

(B) Complete responses by the applicant business and by all of the principals of the business to the applicable disclosure form required by the Commissioner pursuant to subdivision (a) of §22-216 of the Administrative Code as attached as Appendix B of this subchapter. The fee for the investigation of the information submitted therein shall be three hundred dollars ($300).

(2) The names and addresses and dates of birth of all employees and/or agents of the applicant who will perform work directly or indirectly related to loading or unloading, as the case may be, whether inside or outside the Market Area; drivers' license numbers, with the class and expiration date, or other required operators' licenses, of all employees and/or agents who will operate vehicles within the Market Area; and completed disclosure forms, as required pursuant to §22-216 of the Administrative Code and set forth as the form constituting Appendix A of this subchapter, for each current or identified employee and/or agent who will be required to possess a Class A photo identification card.

(3) A business telephone number and a business address within the City of New York where notices may be

delivered and legal process may be served, and where records required by these rules shall be maintained, and the name of a person of suitable age and discretion who shall be designated as agent for the service of legal process.

(4) A tax identification number.

(5) A statement of financial responsibility in the form prescribed by the Commissioner demonstrating the capacity to conduct the business for which the license is sought and setting forth the amounts and sources of funds used or intended to be used in the operation of the business. Proof of such financial capacity shall include, at a minimum, a demonstration of the current financial ability to pay all monthly expenses relating to required equipment, insurance, personnel, and other items for a period of at least three months.

(g) **Proof of Insurance Required.** Before a license is issued, an applicant shall submit proof that the following insurance policies have been secured: (1) The required workers' compensation and disability benefits coverage, or that the applicant is exempt from the Worker's Compensation Law, §57, and the Disability Benefits Law, §220, subdivision (8). Proof of coverage can be established by submitting the following Workers' Compensation Board forms:

C-105.2 **Application for Certificate of Workers' Compensation Insurance;**

DB-120.1 **Employer's Application for Certificate of Compliance with Disability Benefits Law;**

S1-12 **Affidavit certifying that compensation has been secured.**

Proof that no coverage is required can be provided by submitting the following Worker's Compensation Board form:

C-105.21 **Statement that applicant does not require Workers' Compensation or Disability Benefits Coverage.**

(2) Liability insurance against claims for injuries to persons or damages to property which may arise from or in connection with the licensee's business pursuant to the license. The licensee may purchase such policies in connection with one or more other licensees, provided that the coverages described in this subdivision are maintained.

(i) Commercial General Liability Insurance with liability limits of, for unloading businesses no less than one million dollars ($1,000,000.00) and for loading businesses no less than five hundred thousand dollars ($500,000) combined single limit per occurrence for bodily injury, personal and property damage. The maximum deductible for such insurance shall be no more than twenty-five thousand dollars ($25,000.00).

(A) Business Automobile Liability Insurance covering every vehicle operated by the licensee in his or her business, whether or not owned by the applicant, and every vehicle hired by the licensee with liability limits of no less than one million dollars ($1,000,000) combined single limit per accident for bodily injury and property damage.

(B) Employers' Liability Insurance with limits of one million dollars per accident.

(3) A performance bond or other security, if the Commissioner in his or her discretion so requires, in an amount, if any, determined by the Commissioner that will secure the City for the provision of unloading services or loading services, as the case may be, in the event of a default of a licensee as provided by §22-204 or §22-206 of the Administrative Code.

The policy or policies of insurance required by these rules shall name the City of New York and the Department of Business Services and any other agency or entity of the City as may be required by the Commissioner as parties insured thereunder, and shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except upon sixty days prior written notice to the Commissioner. Failure to maintain continuous insurance coverage meeting the requirements of these rules will result in automatic cancellation of the license. Such policy or

policies of insurance shall be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two certificates of insurance affecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commissioner prior to the effective date of the license.

(h) **Requirements for Proposals.** Responses to requests for proposals shall be in the form prescribed by the Commissioner and shall contain the proposal information concerning the services to be performed and the conduct of the business described in subdivision (b) of §22-204 of the Administrative Code with respect to unloading licenses and in subdivision (b) of §22-206 of such Code with respect to loading licenses. The proposal shall be signed by all the principals of the applicant and certified under penalty of perjury.

(i) **Examination of Records.** The Commissioner may require an applicant to produce for inspection such business records as the Commissioner deems necessary to verify the truth and accuracy of information submitted pursuant to subdivision (f) of this section.

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-26 License Conditions.

A license to conduct an unloading business in the Market Area shall be subject to conditions specifying rates, insurance and bonding, performance standards and customer service, and any other requirements as may be set forth as conditions of such license pursuant to subdivision (d) of §22-204 of the Administrative Code. A license to conduct a loading business shall be subject to conditions specifying rates, insurance and bonding, performance standards and customer service, and any other requirements set forth as conditions of such license pursuant to subdivision (d) of §22-206 of the Administrative Code. In addition, a license to conduct an unloading business and a license to conduct a loading business shall be subject to the following conditions.

(a) **Maintenance of Insurance.** A licensee shall demonstrate that he, she or it has secured the insurance coverage required pursuant to §1-25 of this subchapter, and shall maintain such required insurance coverage throughout the term of the license.

(b) **Notification of Material Change in Information.** (1) The licensee must notify the Market Manager, within ten calendar days, of any material changes in the information submitted pursuant to subdivision (f) of §1-25 of this subchapter, as identified on the form constituting Appendix B to this subchapter, as such Appendix may be amended from time to time in accordance with applicable requirements. Such notification shall be notarized and shall be signed by the licensee if an individual, or, if the licensee is a corporation, by an officer of the corporation, or if the licensee is a partnership, by a partner.

(2) **A license shall not be altered by a licensee.** Any license that is altered by the licensee shall be null and void.

(c) **Notification of Arrest or Conviction.** A licensee must notify the Commissioner of the arrest or criminal conviction of any principal of the licensee, or of the arrest or criminal conviction of any employee and/or agent of the licensee of which the licensee had knowledge or should have known.

(d) **Liability for Violations.** A licensee shall be liable for violation of the provisions of this subchapter by his, her or its employees or agents.

§1-27 License Issuance.

(a) Following review of proposals submitted in response to a request for licensing proposals issued pursuant to §22-204 or §22-206 of the Administrative Code, as the case may be, the Commissioner may, at his or her discretion, issue one or more licenses to conduct an unloading business or a loading business in the Market Area to the business entity or entities the Commissioner has determined are most qualified to provide such services in a safe, orderly and cost-efficient manner.

(b) The Commissioner may refuse to consider a proposal from or to issue a license pursuant to the provisions set forth in subdivision (b) of §22-216 of the Administrative Code or may defer a decision on whether to consider such proposal or issue such license when there is a pending indictment or a criminal or civil action as provided in paragraph (ii) of such subdivision.

(c) When a license or consideration of a proposal is denied for lack of good character, honesty and integrity or when the decision to issue such license or to consider such proposal is deferred, the applicant shall be given notice of the reasons for such denial or deferral and may respond in writing within five days of receipt of such notice. The Commissioner shall review such response and shall make a final determination whether to issue the license or consider the proposal.

(d) Notwithstanding any other provision of this section, the Commissioner may, for the reasons set forth in the

Administrative Code, determine not to issue a license or licenses to conduct unloading or loading businesses in the Market Area, as the case may be, and instead arrange for the Department, a designee of the Department or an entity under contract to the Department to provide such services.

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-28 Revocation or Suspension of a License.

(a) The Commissioner may, after due notice, which shall be served by first class mail addressed to the business address of the unloader or the loader, and the opportunity for a hearing, in addition to any other penalties provided in this chapter, suspend or revoke a license upon the occurrence of any one or more of the following conditions:

(1) A licensee and/or any of the principals, employees and/or agents of the business has been found to be in violation of any provision of Chapter 1-A of Title 22 of the Administrative Code or of this subchapter.

(2) A licensee and/or any of the principals, employees or agents has repeatedly failed to obey the orders of the Market Manager or of his or her staff.

(3) A licensee has failed to pay any fines imposed pursuant to Chapter 1-A of Title 22 of the Administrative Code or this subchapter.

(4) A licensee has been found in violation of any laws prohibiting deceptive, unfair, or unconscionable trade practices, or has been found in persistent or substantial violation of any City, State or Federal law, rule or regulation regarding the handling of seafood. For purposes of this provision:

(i) "persistent" shall mean three or more violations within a six month period; and

(ii) "substantial violation" shall mean a violation which has a bearing on the continued fitness of a licensee to operate a business in the market area.

(5) A licensee or any of the principals of such business has been convicted of a crime which, under Article Twenty-three-a of the Correction Law, would provide a basis for the Market Manager to suspend or revoke, such license.

(6) Whenever the Commissioner determines, after consideration of the factors set forth in subdivision b of §22-216 of the Administrative Code, that the licensee or any of its principals lacks good character, honesty, or integrity.

(7) Whenever there has been any false statement or any misrepresentation as to a material fact in the application or accompanying papers upon which the issuance of the license was based.

(8) Whenever the licensee has failed to notify the Market Manager as required by subdivision (b) of §1-26 of this subchapter and the conditions of its license of a material change in the information on the application for such license or of the arrest or criminal conviction of the licensee or of any of its principals, or of the arrest or criminal conviction of any of its employees and/or agents of which the licensee had knowledge or should have known.

(b) An order of suspension pursuant to this section shall state the period of time such suspension shall remain in effect; such period shall be reasonable in relationship to the violation(s) underlying the suspension.

(c) Notwithstanding any other provision of this subchapter, the Market Manager may, if he or she determines that the operation of an unloading or a loading business creates an imminent danger to life or property, immediately suspend a license without a prior hearing, provided that the licensee may immediately appeal such suspension to a Deputy Commissioner of the Department. In the event that the Deputy Commissioner upholds the suspension imposed by the Market Manager, an opportunity for a hearing shall be provided on an expedited basis, within a period not to exceed four business days and the Commissioner shall issue a final determination no later than four business days following the conclusion of such hearing.

(d) Suspension or revocation of a license shall require the immediate surrender of the license and all photo identification cards issued for principals, employees and/or agents of the licensee. Violation of the provisions of this subdivision may result in revocation of the suspended license or the imposition of civil or criminal penalties as provided in subdivision b of §22-215 of the Administrative Code, or both.

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-29 Unloading Operations.

An unloading business shall comply with the conditions for conducting unloading operations that are contained in the license issued to such unloading business pursuant to §22-204 of the Administrative Code. In addition, an unloading business shall be subject to the provisions of this section.

(a) **Order of Unloading.** (1) Upon arrival, trucks shall be directed to the designated waiting area. The unloading dispatcher designated by the market manager shall record relevant information, including the license number and time of arrival and shall inspect and make a copy of the manifest for seafood to be delivered by each truck that enters a designated waiting area.

(2) Trucks shall remain in the designated waiting area until directed by the unloading dispatcher to proceed to a designated unloading area.

(3) Except as otherwise provided in paragraph four of this subdivision, unloaders shall unload trucks in order of their arrival at the designated waiting area, based on the time of arrival recorded by the unloading dispatcher.

(4) Notwithstanding paragraph three of this subdivision, the unloading dispatcher may permit the unloader to unload out of order of arrival if the truck is delivering fewer than three pallets of seafood; if the truck contains live seafood; if the seafood requires special handling or equipment which only a particular unloader can provide; or for other

reasons which the unloading dispatcher determines justify expedited unloading.

(b) **Unloading Assignments and Hours.** (1) An unloading business shall not conduct unloading in an area unless the Market Manager has approved the use of such area by such unloading business or has assigned such unloading business to such area. The Market Manager may rotate such assignments. The Market Manager may also designate an unloading area or areas on property owned or controlled by the city in which all unloading of seafood for the Market Area shall take place, and the Commissioner may require payment of a fee for the use by unloading businesses of such area or areas. A business entity that conducts an unloading business on private property shall demonstrate to the Market Manager that he or she possesses a deed, lease or other permission allowing the right to use such property during regular unloading hours.

(2) (i) Except as provided in subparagraph (b) of this paragraph, an unloading business licensed pursuant to this subchapter shall be available throughout the regular unloading hours to unload trucks directed to such business by the unloading dispatcher.

(ii) If, toward the end of the regular unloading hours, the Market Manager determines that the presence of an unloading business is not required because of the small number of trucks awaiting unloading or expected to unload, he or she may allow such unloading business to leave. Where more than one unloading business is operating pursuant to an unloading license issued by the Commissioner, the Market Manager shall arrange for the rotation of such businesses required to remain present during such periods.

(iii) The Market Manager shall provide that an unloading business be on call to unload any truck that may arrive after the regular unloading hours and shall designate such unloading business. Where more than one unloading business is operating pursuant to an unloading license issued by the Commissioner, the Market Manager shall rotate the responsibility to unload trucks after regular unloading hours on a periodic basis. Each unloading business shall provide for an unloading crew and a supervisor of such unloading crew to be on duty during the hours that such business is on call. Such unloader may, where authorized in the conditions of his or her unloading license, charge a surcharge not to exceed the amount specified in such conditions for unloading after the regular unloading hours. Such surcharge shall be posted with the unloading rates as required in subdivision c of this section.

(3) An unloading business and an unloader shall at all times unload trucks in the order directed by the unloading dispatcher.

(4) An unloading business and an unloader shall not refuse to unload any truck directed to his, her or its approved or assigned unloading area by the unloading dispatcher.

(c) **Rates, Billing Procedures and Record Keeping.** (1) An unloading business may charge no more than those rates for unloading that are specified in the conditions of the unloading license issued pursuant to §22-204 of the Administrative Code and the provisions of this subchapter, and shall post such rates in such appropriate locations within the Market Area as the Market Manager shall specify.

(2) An unloading business shall direct the unloader to verify that the information on the bill of lading conforms to the seafood he or she delivers to the wholesaler, and to sign and legibly record the license number of the unloading business on the bill of lading and obtain a signature thereon from the wholesaler or a person authorized by the wholesaler to sign for such delivery acknowledging receipt of the seafood indicated thereon, noting any discrepancies.

(3) Except as otherwise authorized in writing by the Market Manager, an unloading business shall provide for the weekly billing of wholesalers for seafood delivered, shall retain copies of all such bills and of all other records produced in the normal course of business for thirty-six months and shall make all such records available for immediate inspection and/or copying upon request by the Market Manager or a designee of the Market Manager. Each bill shall specify for each delivery the shipper, the date and time of delivery to the wholesaler, the quantity and type of seafood delivered and amount charged for the delivery.

(4) The provisions of this subdivision shall not apply where the Department, a designee of the Department or an entity under contract to the Department performs unloading services pursuant to paragraph (ii) of subdivision (g) of §22-204 or §22-208 of the Administrative Code.

(d) **Prohibited Acts.** (1) An unloading business or an unloader shall not engage in any other business or perform any other service in the Market Area that would interfere with the ability of the unloading business adequately and effectively to perform unloading activities under this subchapter.

(2) An unloading business or an unloader shall not interfere with the Market Manager or his or her staff in the discharge of his or her functions or interfere with or obstruct the orderly functioning of the unloading process by threats, intimidation or coercion, or by unloading any truck out of order or soliciting any other unloading business or unloader to unload any truck out of order, or by refusing to unload or soliciting any other unloading business or unloader to refuse to unload any truck directed to him, her or it by the unloading dispatcher.

(3) An unloading business or an unloader shall not charge any fees in addition to the fees for unloading specified in the conditions of the unloading license issued by the Commissioner, nor shall an unloading business or an unloader request or accept other fees or gratuities relating to unloading from wholesalers or truckers.

(4) An unloading business or an unloader shall not violate applicable Federal, State and City regulations regarding the handling of seafood.

§1-30 Loading Operations.

A loader shall comply with the conditions for conducting a loading business that are contained in the license issued to such loading business pursuant to §22-206 of the Administrative Code. In addition, a loading business shall be conducted subject to the provisions of this section.

(a) **Loading Charges and Vouchers.** (1) A loading business shall post copies of the schedule of the rates set forth in the conditions of his, her or its license to be charged for the parking of vehicles and for the services performed by such loading business in appropriate areas within the market area as determined by the market manager. The market manager may issue vouchers for sale to persons who wish to park and use loading services in the market area. Where the market manager has issued such vouchers, persons parking and using loading services in the market area shall pay loaders for such parking and loading services only with vouchers purchased from the market manager.

(2) A loading business or a loader shall not charge more than the rates that are contained in the conditions of the loading license and are shown on a schedule posted pursuant to paragraph (1) of this subdivision. Where the market manager has issued vouchers pursuant to this subdivision, loaders shall accept payment for parking and loading services only in voucher form and shall not charge, request or accept any cash payment or other fees or gratuities in connection with loading. Where such vouchers have been issued, the market manager shall redeem those vouchers presented to him or her by a loading business for payment.

(b) **Loading Assignments and Hours.** (1) A loading business shall provide loading services only in locations designated or approved by the Market Manager for such purpose.

(2) A loading business that is conducted on private property shall demonstrate to the Market Manager that such business possesses a deed to such property or a lease or other permission to use such property during regular loading hours. A lease or an occupancy permit from the Commissioner is required for the use of City property for a loading business.

(3) All loading and services related to loading shall take place during the regular loading hours designated by the Market Manager.

(c) **Prohibited acts.** (1) Where the market manager has issued vouchers pursuant to subdivision (a) of this section, a loading business or a loader shall accept payment for parking and loading services only in voucher form. A loading business or a loader shall not charge other than the fees contained in the conditions of the loading license and shown in the schedule of rates posted pursuant to subdivision (a) of this section nor shall a loading business or a loader solicit or accept gratuities from purchasers of seafood or fees other than for the services specified on such schedule.

(2) A loading business or a loader shall not attempt to force any person to park his or her vehicle in the location designated or approved by the Market Manager for the use of such loading business.

(3) A loading business or a loader shall not refuse to perform loading or services related to loading for any person when space is available for such person's vehicle in the location designated or approved by the Market Manager for the use of the loading business.

(4) A loading business or a loader shall not, by threats, intimidation or any other action, force any person to agree to use the services of such business or prevent any person from using the services of any other loading business. A loading business or a loader shall not solicit, threaten, or enter into agreement with another loader to refuse loading services to any person.

(5) A loading business or a loader shall not move or otherwise interfere with any vehicle, except that a loader may move a vehicle for the purposes of facilitating traffic flow or loading operations when the owner of such vehicle has entrusted the loader with the keys to the vehicle.

(6) A loading business or a loader shall not violate applicable federal, state or city regulations regarding the proper handling of seafood.

§1-31 Wholesaler and Seafood Deliverer Registration Required.

(a) As of fifteen days following the effective date of this subchapter, no wholesaler or seafood deliverer shall operate a wholesale seafood business, place seafood on the street, or operate a seafood delivery business in the Market Area unless such business has been registered with the Commissioner and received a registration number and a stand permit where such permit is required. A registration and stand permit issued pursuant to this chapter shall be valid for two years, and may be renewed for two year periods thereafter.

(b) Notwithstanding subdivision (a) of this section, a wholesaler or seafood deliverer who has been operating a wholesale seafood business or a seafood delivery business in the Market Area as of the effective date of Local Law No. 50 for the Year 1995 and who has been required by the Commissioner to submit to fingerprinting and to submit background information pursuant to §22-209 of the Administrative Code may continue to operate such wholesale or seafood delivery business beyond fifteen days following the effective date of this subchapter unless and until (aa) such wholesaler or seafood deliverer has failed, within the time period prescribed by the Commissioner, to submit to fingerprinting or to submit the required information or (bb) the Commissioner has denied the application for registration of such business. For the purposes of this subdivision, the terms "wholesaler" and "seafood deliverer" shall mean the wholesale seafood or seafood delivery business entity, as the case may be, and all the principals thereof.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-32 Issuance and Revocation of Registration Numbers and Stand Permits.

(a) A person wishing to operate a wholesale seafood business or a seafood delivery business shall register such business and receive a registration number from the Market Manager. A wholesaler wishing to place seafood on the street in the Market Area shall indicate how much space on the street is required, at the time that such wholesaler registers with the Commissioner, and the Commissioner shall grant a stand permit or permits to such wholesaler on the basis of the physical availability of street space and upon the payment of a fee as provided in subdivision c of this section. Where the street space to be occupied by a wholesaler under a stand permit is described under the terms of a lease for adjacent premises and a payment is provided for under the terms of such agreement, the Commissioner shall issue a stand permit consistent therewith without requiring payment of an additional fee.

(b) A person wishing to register a wholesale business or a seafood delivery business shall provide the information required by Part I of the form constituting Appendix B of this subchapter, which form shall be signed by all the principals of such business and certified under penalty of perjury.

(c) The fee for registration of a wholesale business or a seafood delivery business shall be three hundred dollars ($300) and the fee for renewal of such registration shall be two hundred and fifty dollars ($250). The charge for a stand permit shall be based on the square footage of the area encompassed by the stand permit.

(d) A wholesaler and a seafood deliverer shall notify the Commissioner within ten calendar days of any changes in

the information indicated to be material information supplied on the registration form submitted pursuant to subdivision (b) of this section and shall be responsible for notifying the Commissioner of any such change throughout the term of the registration.

(e) Notwithstanding any provision of this subchapter: (1) the Commissioner may, when the Commissioner determines that there is reasonable cause to believe that a wholesaler or a seafood deliverer in the Market Area or an employee or an agent of such wholesaler or seafood deliverer lacks good character, honesty and integrity, require that such wholesaler or seafood deliverer:

(i) be fingerprinted;

(ii) provide to the Commissioner the information set forth in subdivision (a) of §22-216 of the Administrative Code as required in the Part II of the form attached as Appendix B of this subchapter; and

(iii) pay the fees set forth in §1-25 of this subchapter for such fingerprinting and background investigation.

(2) The Commissioner may refuse to register such wholesaler or seafood deliverer for the reasons set forth in subdivision (c) of §22-216 of the Administrative Code or may defer a decision whether to register such wholesaler or seafood deliverer when there is an indictment or a criminal or civil action as provided in paragraph (ii) of such subdivision. A wholesaler or seafood deliverer denied registration for lack of good character, honesty and integrity, or whose registration has been deferred, shall be given notice of the reasons for such denial or deferral and may respond in writing to the Commissioner within five days of receipt of such notice. The Commissioner shall review such response and make a final determination whether to issue registration.

(f) (1) The Commissioner may, after notice and the opportunity for a hearing, revoke the registration of a wholesaler or seafood deliverer for any of the actions set forth in subdivision (b) of §22-217 of the Administrative Code or for the reasons set forth in §22-218 of such Code or any rule promulgated thereunder. Notwithstanding the foregoing provisions, the Market Manager may, if he or she determines that the operation of a wholesale seafood business or a seafood delivery business creates an imminent danger to life or property, immediately suspend the registration of such business without a prior hearing, provided that, the registrant may appeal such suspension to a Deputy Commissioner of the Department, and if the Deputy Commissioner upholds the suspension imposed by the Market Manager, an opportunity for a hearing shall be provided on an expedited basis within a period not to exceed four business days and the Commissioner shall issue a final determination no later than four days following the conclusion of such hearing; and provided further that the Commissioner may, upon application by a wholesaler or seafood deliverer whose registration has been suspended without a prior hearing, permit such wholesaler or seafood deliverer to remain in the market area for such time as is necessary to allow for the expeditious sale, consignment or removal of a perishable product if, in the Commissioner's best judgment, such permission is consistent with the safety of the public and the market area.

(2) In addition to the reasons set forth in paragraph (i) of this subdivision, if at any time subsequent to the registration of a wholesaler or seafood deliverer the Commissioner has reasonable cause to believe that such wholesaler or seafood deliverer is not of good character, honesty and integrity, the Commissioner may require such wholesaler or seafood deliverer to be fingerprinted, provide the background information set forth in §22-216 of the Administrative Code as required by the Part II of the form attached as Appendix B of this subchapter and pay the fees therefor set forth in subdivisions (e) and (f) of §1-25 of this subchapter. Upon a determination, after consideration of the factors set forth in subdivision (b) of §22-216 of the Administrative Code, that a wholesaler or seafood deliverer lacks good character, honesty and integrity, the Commissioner may, after notice and the opportunity for a hearing, revoke the registration of such wholesaler or seafood deliverer.

(g) Suspension or revocation of a registration shall require the immediate surrender of all photo identification cards issued to the principals, employees and/or agents of the registrant. Violation of the provisions of this subdivision may result in revocation of a suspended registration or the imposition of penalties as provided in §22-215 of the

Administrative Code.

(h) For the purposes of this section, wholesaler or seafood deliverer shall mean the wholesale seafood or seafood delivery business entity, as the case may be, and all the principals thereof.

66 RCNY 1-33

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-33 Wholesale Operations.

(a) **Restrictions on use of Registration Number and Stand Permit.** (1) A wholesaler shall not transfer his or her registration number or stand permit as part of the sale of such wholesale business.

(2) A wholesaler shall not allow the use by any other person of the registration number or the name of the business to which such registration number has been issued. In the event that a wholesaler seeks to sublease or otherwise allow the use of its premises, or any portion thereof, for the operation of a wholesale business by another person, where such sublease is permitted under the terms of the lease, the Commissioner may, upon application and payment of the required fee by the prospective sublessee pursuant to the provisions of these rules, issue a wholesaler registration number to such sublessee. Absent such registration number no wholesaler may permit a sublessee to operate a wholesale seafood business on such premises.

(3) A wholesaler shall not allow any other person to place seafood in the space for which a stand permit has been issued to such wholesaler, except that a wholesaler may, as provided in subdivision (d) of §22-209 of the Administrative Code, permit the use of such space by another registered wholesaler who has received a shipment of seafood that cannot be accommodated in the space from which such registered wholesaler operates. No fee may be charged for such temporary use and any such use must be reported, with details specifying the dates, times and extent of such use, as soon as practicable. A wholesaler may also, as set forth in subdivision e of §22-209 of the Administrative Code and pursuant to the provisions regarding approval of the commissioner and limitations upon the charging of fees set forth in

such subdivision, allow the use by no more than one other registered wholesaler on other than a temporary basis of no more than forty-nine percent of the space for which a stand permit has been issued.

(b) **Furnishing and Display of Registration Numbers.** (1) A wholesaler shall furnish, by telephone or in writing, to each supplier, distributor or other person from whom the wholesaler orders or agrees to receive seafood the registration number and the name of the business to which such registration number has been issued.

(2) The name and registration number of a wholesale seafood business shall be affixed and prominently displayed on all premises from which such wholesale seafood business is conducted.

(c) **List of Registrants.** The Market Manager shall maintain and publish a list of all wholesalers who possess wholesaler registration numbers and stand permits. The Market Manager shall make such list available to suppliers, shippers and truckers and shall, upon request, verify to suppliers, shippers and truckers whether a person or entity possesses a wholesaler registration number and stand permit.

(d) **Record Keeping.** Wholesalers shall retain copies of all bills from and records of payments to unloaders, suppliers and shippers of seafood and payment from retailers. Such bills and records shall accurately reflect the amount of seafood involved in each transaction and shall, along with all other records produced in the normal course of business, be retained for a minimum of thirty-six months, and shall be made available for immediate inspection and/or copying upon request by the Market Manager or a designee of the Market Manager.

(e) **Workers' Compensation Insurance.** A wholesaler shall submit proof that he, she or it has obtained the required workers' compensation and disability benefits coverage, or that he or she is exempt from the Worker's Compensation Law, §57, and the Disability Benefits Law, §220, subdivision 8. Proof of coverage can be established by submitting the following Workers' Compensation Board forms:

C-105.2 **Application for Certificate of Workers' Compensation Insurance;**

DB-120.1 **Employer's Application for Certificate of Compliance with Disability Benefits Law;**

S1-12 **Affidavit certifying that compensation has been secured.**

Proof that no coverage is required can be provided by submitting the following Workers' Compensation Board form;

C-105.21 **Statement that applicant does not require Workers' Compensation or Disability Benefits Coverage.**

(f) **Liability Insurance.** A wholesaler shall procure and shall maintain throughout the term of the permit, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the wholesale business pursuant to a permit. The wholesaler may purchase such policies in conjunction with one or more other wholesalers, provided that the coverages described in this subdivision are maintained with respect to each wholesaler.

(1) Commercial General Liability Insurance with liability limits of no less than one million dollars ($1,000,000.00) combined single limit per occurrence for bodily injury, personal and property damage. The maximum deductible for such insurance shall be no more than twenty-five thousand dollars ($25,000.00).

(2) Business Automobile Liability Insurance covering every vehicle operated by the wholesaler, whether or not owned by the wholesaler, and every vehicle hired by the applicant with liability limits of no less than one million dollars ($1,000,000) combined single limit per accident for bodily injury and property damage.

(3) Employers' Liability Insurance with limits of one million dollars per accident.

The policy or policies of insurance required by these rules shall name the City of New York and the Department of Business Services and any other agency or entity of the City as may be required as parties insured thereunder, and shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except upon sixty days prior written notice to the Commissioner. Failure to maintain continuous insurance coverage meeting the requirements of these rules will result in automatic cancellation of the permit. Such policy or policies of insurance shall be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two certificates of insurance affecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commissioner prior to the effective date of the registration.

(g) **Payment Bond.** A wholesaler shall, in the discretion of the Commissioner, procure and maintain a payment bond or other security ensuring payment to suppliers of such wholesaler in an amount, if any, to be determined by the Commissioner taking into account such factors as the wholesaler's volume of business and credit worthiness.

(h) **Liability for Violations.** A wholesaler shall be jointly and severally liable for any violation of Chapter 1-A of Title 22 of the Administrative Code or of this subchapter by any of his or her employees or agents.

(i) **Prohibited Acts.** (1) A wholesaler and its employees and agents shall not solicit an unloader to unload a truck out of order.

(2) A wholesaler and its employees and agents shall not interfere with the Market Manager in the discharge of his or her functions or interfere with or otherwise obstruct the orderly functioning of the Market.

(3) A wholesaler and its employees and agents shall not authorize another person to use the name of the business to which a registration number has been issued for such wholesale seafood business.

(4) A wholesaler and its employees and agents shall not authorize another person to conduct a wholesale seafood business with the registration number that has been issued to such wholesaler.

(5) A wholesaler and its employees and agents shall not sublease or otherwise allow the use of his or her premises by a person who does not possess a registration number issued by the Commissioner pursuant to this subchapter.

(6) A wholesaler and its employees and agents shall not authorize another person to use his or her stand permit to place seafood upon the street, except as provided in paragraph (3) of subdivision (a) of this section.

(7) A wholesaler and its employees and agents shall not conduct a wholesale seafood business under any name other than the name under which such business has been registered with the Market Manager.

(8) A wholesaler and its employees and agents shall not discard seafood unless such seafood has been rendered unfit for human consumption by chemical treatment, sealed in a tamper-proof container, or otherwise treated in a manner approved by the Market Manager and shall comply with other sanitary procedures specified by the Market Manager.

(9) A wholesaler and its employees and agents shall not violate applicable federal, state and city regulations regarding the proper handling of seafood.

(10) A wholesaler and its employees and agents shall not fail to notify the Market Manager of any change in the information provided pursuant to §1-32 of this subchapter with respect to the composition or ownership of the wholesale business, or of any change in the employment status of its employees.

CASE AND ADMINISTRATIVE NOTES

¶ 1. Initiation of a fight by the respondent, an employee of a seafood wholesaler at the Fulton Fish Market, during which the respondent struck one market inspector and injured a second who came to the aid of the first, constituted interference with the orderly functioning of the market pursuant to subparagraph (i)(2) of this section. Department of Business Services v. Fiore, OATH Index No. 722/97 (Apr. 22, 1997), aff'd, _____ AD2d _____, 667 NYS2d 244 (1st Dept. 1998).

¶ 2. By accepting and selling seafood erroneously delivered to him instead of to another wholesaler, attempting to impede recovery of the seafood, and attempting to bribe an undercover investigator who he believed to be a potential witness, the president of a registered seafood wholesaler violated subparagraph (i)(2) of this section, requiring the revocation of the wholesaler's registration number pursuant to §1-32(f) of this chapter, and the surrender of the photo ID cards of the wholesaler's principals, employees and agents pursuant to §1-32(g) of this chapter. Department of Business Services v. A & S Seafood, OATH Index No. 1268/96 (Apr. 2, 1996).

§1-34 Seafood Delivery Operations.

A seafood deliverer shall be subject to the requirements for conducting a seafood delivery business that are contained in this section.

(a) The Market Manager may designate an area or areas within the Market Area where Seafood Deliverers shall park while picking up seafood from wholesalers for delivery.

(b) (1) Seafood deliverers shall possess a valid driver's license as required by §501 of the Vehicle and Traffic Law.

(2) All vehicles employed in a seafood delivery business shall possess: proper vehicle registration as required by §401 of the Vehicle and Traffic Law; a valid inspection sticker obtained pursuant to the provisions of Article 5 of the Vehicle and Traffic Law; and insurance coverage as required by Article 6 of the Vehicle and Traffic Law.

(3) All vehicles employed in a seafood delivery business shall display a sticker or decal issued by the Market Manager in a location to be designated by the Market Manager.

(c) A seafood deliverer shall not offer seafood for sale within the Market Area for resale to the public unless the seafood deliverer is also registered as a wholesaler.

(d) Seafood deliverers shall comply at all times with all applicable Federal, State and City regulations regarding

the proper handling of seafood.

§1-36 Fines and Penalties.

(a) The Market Manager may issue a notice of violation to an unloader, a loader, wholesaler, seafood deliverer or any other person engaged in an activity related to the distribution of seafood in the Market Area for the violation of any provision of Chapter 1-A of Title 22 of the Administrative Code or of this subchapter. Except as otherwise provided in subdivision (b) of this section, any person who violates any provision of this chapter shall be liable for a civil penalty not to exceed ten thousand dollars for each such violation which may be recovered in a civil action or in a proceeding before the Environmental Control Board.

(b) (1) Any person who operates without a license in violation of subdivision (a) of §22-204, subdivision (a) of §22-206, subdivision (c) of §22-208 or §22-219 of the Administrative Code shall be guilty of a misdemeanor and, upon conviction thereof, be punished for each violation by a criminal fine of not more than ten thousand dollars or imprisonment not to exceed six months, or both and; and any such person shall also be subject to a civil penalty of not more than five thousand dollars for each such violation to be recovered in a civil action or administrative proceeding before the environmental control board. The corporation counsel is authorized to commence a civil action on behalf of the city for injunctive relief to restrain or enjoin any violation of such subdivisions and for civil penalties.

(2) Any person who interferes or attempts to interfere with the conduct of, or who intentionally or without the permission of the owner or other person lawfully in possession of such property destroys or damages property or equipment associated with, loading or unloading authorized pursuant to Chapter 1-A of Title 22 of the Administrative

Code and this subchapter, shall be guilty of a misdemeanor and, upon conviction thereof, be punished for each violation by a criminal fine of not more than ten thousand dollars or by imprisonment not exceeding six months, or both; and any such person shall also be subject to a civil penalty of not more than five thousand dollars to be recovered in a civil action or administrative proceeding before the Environmental Control Board for each day that the violation continues.

(3) An unloading business, a loading business, a wholesale seafood business and a seafood delivery business shall be liable for any violation of Chapter 1-A of Title 22 of the Administrative Code and of this subchapter committed by an employee or agent of such business entity.

CHAPTER 1 MARKETS

SUBCHAPTER B*3 FULTON FISH MARKET

§1-38 Hearings.

(a) Where a hearing is conducted in relation to the suspension or revocation of a photo identification card, license or registration pursuant to the provisions of §§1-23, 1-28 or 1-32 of this subchapter, the hearing officer shall set a time and place for such hearing and the Department shall provide the respondent with notice of such time and place no less than ten days prior to the date of the hearing, except that in the case of an immediate suspension requiring an expedited hearing pursuant to subdivision (c) of §1-28 or subdivision (f) of §1-32 of this subchapter, such notice shall be provided no later than one business day following such suspension.

(b) All parties shall be afforded due process of law, including the opportunity to be represented by counsel, to issue subpoenas or request that a subpoena be issued, to call witnesses, to cross-examine opposing witnesses and to present arguments on the law and facts. Relevant material and reliable evidence shall be admitted without regard to technical or formal rules or laws of evidence.

(c) All persons giving testimony as witnesses shall be placed under oath.

(d) The hearing officer shall preside over the hearing and shall have all powers necessary to conduct fair and impartial hearings, to avoid delay in the disposition of proceedings, and to maintain order, including but not limited to the following: to compel the attendance of witnesses and the production of documents; to issue orders for discovery upon motion for good cause shown; to rule upon offers of proof and receive evidence; to regulate the course of the

hearing and the conduct of the parties and their counsel therein; to hold conferences for the purposes of settlement or any other proper purpose; to interrogate witnesses; to make recommended findings of fact and recommended decisions.

(e) The Market Manager shall have the burden of proof in establishing that the respondent has committed or caused the violation charged in the notice, but the proponent of any factual position shall be required to sustain the burden of proof with respect thereto. The notice of violation shall constitute **prima facie** evidence of the facts stated therein.

(f) The hearing officer shall provide or arrange for either a stenographically reported or mechanically recorded verbatim transcript of the hearing. Such transcript and all exhibits received in evidence shall constitute the hearing record.

(g) As soon as possible after the hearing, the hearing officer shall present recommended findings of fact and a recommended decision to the Commissioner. The Commissioner shall make a final determination and notify the respondent, by first class mail addressed to the business address of such respondent, of such determination. Where the respondent is an employee of a business required to be licensed or registered pursuant to Chapter 1-A of the Administrative Code and this subchapter, notice of the final determination shall be by first class mail to the address provided for such employee pursuant to §§1-25 and 1-32 of this subchapter.

(h) Failure of a respondent to make a timely written response, appear or proceed as required by the hearing officer shall constitute a default. Upon default, the hearing officer shall make such recommended findings and recommended decision as is appropriate under the pleadings and such evidence as he or she shall have received. The Commissioner shall make a final determination and shall notify the respondent, by first class mail addressed to the place of business of such respondent, of such determination. Where the respondent is an employee of a business required to be licensed or registered pursuant to Chapter 1-A of the Administrative Code and this subchapter, notice of the final determination shall be by first class mail to the address provided for such employee pursuant to §§1-25 and 1-32 of this subchapter.

§1-39 Notice.

Notice required pursuant to this chapter may be served by first class mail addressed to the business address of an unloader, a loader, a wholesaler or a seafood deliverer as provided by such business pursuant to §§1-25 and 1-32 of this subchapter, and all notice served upon an employee or an agent of such business may be served by first class mail to the address listed for such employee or agent in the information provided pursuant to such section or §1-12 of this chapter. Notice may also be served by personal service or in any other manner reasonable calculated to achieve actual notice, including but not limited to any method authorized in the Civil Practice Law and Rules.

HISTORICAL NOTE

Section amended City Record May 3, 1996 eff. June 2, 1996. [See Note 1]

Section added City Record July 31, 1995 eff. Aug. 30, 1995.

NOTE

1. Statement of Basis and Purpose in City Record May 3, 1996:

Local Law Number 50 for the Year 1995 authorizes the Commissioner of the Department of Business Services to promulgate rules for the implementation of the requirements of Local Law 50, including procedures for issuing notices

of violation and notices of proceedings for suspensiions and revocations of licenses, registrations and photo identification cards. This rule is being amended to provide flexibility in the manner of services. This rule was not included in the Agency's Regulatory Agenda because it was not anticipated at the time the Regulatory Agenda was published.

SUBCHAPTER C*1 WHOLESALE SEAFOOD BUSINESS OUTSIDE FULTON FISH MARKET

§1-57 Licensing and Seafood Delivery Business Registration Requirements in a Seafood Distribution Area.

Where the Commissioner, pursuant to §22-222 of the Administrative Code, declares an area where one or more wholesale seafood businesses have been established to be a Seafood Distribution Area, all unloading businesses, loading businesses, and seafood delivery businesses which operate within such area, and the employees and/or agents of such businesses, shall be subject to all the provisions governing unloading businesses, loading businesses, and seafood delivery businesses, and the employees and/or agents of such businesses, set forth in subchapter B of this Chapter and Chapter 1-A of Title 22 of the Administrative Code, except as may be otherwise determined by the Commissioner pursuant to §22-222(c) of the Administrative Code. When such provisions are applied to a Seafood Distribution Area, the terms "Fulton Fish Market distribution area" and "market area" as contained therein shall be deemed to include such Seafood Distribution Area.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 1 MARKETS

SUBCHAPTER C*1 WHOLESALE SEAFOOD BUSINESS OUTSIDE FULTON FISH MARKET

§1-58 The Seafood Distribution Area at Hunts Point.

(a) The following area is declared to be a Seafood Distribution Area pursuant to §22-222 of the Administrative Code:

(1) the area in Hunts Point in the Borough of the Bronx, which includes the structure known as the New Fulton Fish Market at Hunts Point and all parking and other areas adjacent thereto, beginning at the intersection of the bulkhead line in the East River and the easterly street line of Halleck Street extended, thence northwesterly to the intersection of the easterly street line of Halleck Street extended and the southerly street line of Food Center Drive, thence easterly along the southerly street line of Food Center Drive to the intersection of the southerly street line of Food Center Drive and the southerly street line of Farragut Street, thence easterly along the southerly street line of Farragut Street continuing to its easterly terminus, thence easterly to the intersection of Farragut Street extended and the bulkhead line in the East River, thence westerly along said bulkhead line to the place of beginning, but excluding (i) the southern portion of the above-described area that is under the jurisdiction of the Department of Correction and includes a prison barge and adjacent parking lot and other facilities and areas controlled by the Department of Correction, and (ii) the eastern portion of the above-described area that is under the jurisdiction of the Department of Sanitation and includes a marine transfer station and other facilities and areas controlled by the Department of Sanitation; and

(2) the parking lot for use by persons employed at the New Fulton Fish Market at Hunts Point, including the pathway connecting such parking lot with Food Center Drive and the driveway connecting such parking lot with

Halleck Street, that lies northwest of the area described in paragraph (1) of this subdivision, northeast of Halleck Street, southeast of the northerly street line of Viele Street extended, and southwest of the Hunts Point Meat Market.

The aerial photograph constituting Appendix A of this subchapter illustrates the Seafood Distribution Area at Hunts Point described above. Appendix A is for illustration purposes only, and the area indicated therein is not necessarily to scale. If there is a conflict between the description set forth in this subdivision and the area illustrated by such photograph, the description set forth in this subdivision shall prevail.

(b) The following provisions relating to licenses, photo identification cards and stand permits shall apply with respect to the Seafood Distribution Area described in subdivision (a) of this section.

(1) Loading and unloading licenses issued for the Fulton Fish Market distribution area shall not be valid for use in the Seafood Distribution Area described in subdivision (a) of this section unless specifically so amended. If amended, such licenses shall be valid for the duration of their terms, unless suspended or revoked in accordance with §1-28 of this chapter, and may be renewed in accordance with §1-25(c) of this chapter.

(2) As of the date seafood distribution activities commence in the Seafood Distribution Area described in subdivision (a) of this section, photo identification cards issued for the Fulton Fish Market distribution area shall be valid for use in such area described in subdivision (a), unless suspended or revoked in accordance with §1-23(d) or §1-23(g) of this chapter.

(3) Stand permits issued for the Fulton Fish Market distribution area shall not be valid for the Seafood Distribution Area described in subdivision (a) of this section.

(c) Loading and unloading licenses, photo identification cards, seafood delivery business registrations and stand permits issued for the Fulton Fish Market distribution area shall not be valid for use in such area as of the date seafood distribution activities commence in the Seafood Distribution Area described in subdivision (a) of this section.

(d) Wholesale seafood business registrations shall be valid for the duration of their terms, unless revoked in accordance with §1-32 of this chapter, and may be renewed in accordance with §1-31 of this chapter.

(e) Enforcement action may be taken against any person or entity required to be registered with or licensed by the Business Integrity Commission or possess a class A or B photo identification card.

Section added City Record July 13, 2005 eff. July 13, 2005 until Sept. 11, 2005 per Charter §1043(h)(2).

[See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record July 13, 2005:

This emergency rulemaking establishes the City's full regulatory authority over the New Fulton Fish Market at Hunts Point and related areas by applying thereto the provisions of Local Law 50, as amended, and Subchapters B and C of Chapter 1 of Title 66 of the Rules of the City of New York.

The rule further provides that previously issued loading and unloading licenses will not be valid for the new seafood distribution area at Hunts Point unless the Business Integrity Commission determines that such licenses should be valid for the new facilities and the licenses are amended accordingly. Wholesaler and seafood delivery business

registrations and classes A and B photo identification cards issued during the period of operation of the old Fulton Fish Market will continue to be valid for the new market until they expire or are suspended or revoked. Any licenses and registrations that will be valid for the new market may be renewed in accordance with applicable law. Stand permits will no longer be valid in the New Fulton Fish Market.

Finally, the rule provides that enforcement action may be taken as of the effective date of the rule against anyone required to be registered with or licensed by the Business Integrity Commission or possess a class A or B photo identification card.

Finding of Imminent Threat to Necessary Service

I hereby make the following finding of an imminent threat to a necessary service to establish that an emergency rulemaking relating to the New Fulton Fish Market at Hunts Point is necessary and proper.

The New Fulton Fish Market at Hunts Point currently is scheduled to begin operations in late July 2005. It will be the largest centralized wholesale seafood distribution center in the United States. The City Council previously found that organized crime had long exercised a corrupting influence over aspects of the seafood distribution industry in the City, including unloading and loading functions, and "that the conditions which have given rise to corruption in the market area can exist in other areas where there are wholesale seafood businesses or concentrations of such businesses." Administrative Code §22-201. In declaring the propriety of establishing the New Fulton Fish Market at Hunts Point and related areas as a seafood distribution area pursuant to §22-222(b) of the Administrative Code, I found that there is reasonable cause to believe that there exists the potential for corrupt, deceptive or unconscionable business practices in such area and that the regulatory apparatus that eliminated organized crime from the Fulton Fish Market is needed to ensure that any organized crime or other corrupt activity does not infiltrate and disrupt the new market. Furthermore, established wholesale markets such as the New Fulton Fish Market at Hunts Point constitute a necessary service within the City.

THEREFORE, I find that the immediate effectiveness of a rule relating to the boundaries of a seafood distribution area that includes the New Fulton Fish Market at Hunts Point and related areas and the status of licenses, registrations, photo identification cards and stand permits issued pursuant to Chapter 1-A of Title 22 of the Administrative Code of the City of New York and Subchapter B of Chapter 1 of Title 66 of the Rules of the City of New York is necessary to address an imminent threat to a necessary service.

Dated: July 8, 2005

Thomas McCormack, Chair Business Integrity Commission Approved: Michael R. Bloomberg Mayor

2. Statement of Basis and Purpose in City Record Oct. 5, 2005: This rule adopts on a permanent basis an emergency rule published on June 13, 2005 that establishes the City's full regulatory authority over the New Fulton Fish Market at Hunts Point and related areas by applying thereto the provisions of Local Law 50 for the year 1995, as amended, and Subchapters B and C of Chapter 1 of Title 66 of the Rules of the City of New York. The rule also provides that previously issued loading and unloading licenses will not be valid for the new seafood distribution area at Hunts Point unless the Business Integrity Commission determines that such licenses should be valid for the new facilities and the licenses are amended accordingly. Wholesaler and seafood delivery business registrations and classes A and B photo identification cards issued during the period of operation of the old Fulton Fish Market will continue to be valid for the new market until they expire or are suspended or revoked. Any licenses and registrations that will be valid for the new market may be renewed in accordance with applicable law. Stand permits will no longer be valid in the New Fulton Fish Market. Finally, the rule provides that enforcement action may be taken as of the effective date of the rule against anyone required to be registered with or licensed by the Business Integrity Commission or possess a class A or B photo identification card.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

APPENDIX A

SUBCHAPTER D*2 MARKET BUSINESSES

§1-62 Definitions.

For the purposes of this subchapter, the following terms shall have the following meanings:

Market business. The term "market business" shall mean any business located or operating within the fulton fish market distribution area or other seafood distribution areas that is engaged in providing goods or services to wholesalers or retail purchasers in such distribution area that are related to the conduct of a wholesale business or the purchase of seafood products by retailers or others, or that receives such goods within such distribution area for delivery, forwarding, transfer or further distribution outside such distribution area. "Market business" shall include, but not be limited to, the supply of ice or refrigeration services, security, and transfer or distribution of seafood, and shall exclude suppliers of seafood.

Labor union. The terms "labor union" or "labor organization" refers to a union or other organization that represents or seeks to represent, employees directly involved in the movement, handling or sale of goods in the Market Area. Notwithstanding the foregoing, such terms shall not include: (i) a labor union that represents or seeks to represent fewer than two hundred employees in the Market Area, any other seafood distribution areas, or any other public wholesale market, or any combination thereof; (ii) a labor union representing or seeking to represent clerical or other office workers, construction or electrical workers, or any other workers temporarily or permanently employed in a public wholesale market for a purpose not directly related to the movement, handling or sale of goods in such market; (iii) affiliated national or international labor unions of local labor unions required to register pursuant to this provision.

Code. The term "Code" shall mean the Administrative Code of the City of New York.

Officer. The term "officer" shall mean any person holding an elected position or any other position involving participation in the management or control of a wholesale trade association or of a labor union or labor organization required to register pursuant to §1-72 or §1-74 of this subchapter.

Wholesale trade association. The term "wholesale trade association" shall mean an entity, the majority of whose members are wholesale businesses and/or market businesses, having as a primary purpose the promotion, management or self-regulation of the fulton fish market distribution area or other seafood distribution areas or the facilities utilized by such businesses, and shall include, but not be limited to a corporation, cooperative, unincorporated association, partnership, trust or limited liability partnership or company, whether or not such entity is organized for profit, not-for-profit, business or non-business purposes.

Unless otherwise provided in this subchapter, all other terms used herein shall have the meanings provided for such terms in §1-22 of subchapter B of this chapter.

66 RCNY 1-64

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

APPENDIX A

SUBCHAPTER D*2 MARKET BUSINESSES

§1-64 Issuance of Registration.

(a) A person wishing to register a Market business shall provide the information requested in the registration application form provided by the Department, which form shall be signed by all principals of such business, and accompanied by the certification form provided by the Department, fully executed by all principals of such business.

(b) A Market business is required to notify the Commissioner of any change in the ownership composition of the business, any changes regarding persons employed by the business, the arrest or criminal conviction of any principal of the business, or any other material change in the information submitted pursuant to subdivision (a) of this section during the term of its registration, and shall notify the Commissioner, in writing, of any such change within ten calendar days thereof.

(c). In the event that a registrant notifies the Commissioner of the proposed addition of a new principal (other than a person or entity that becomes a principal through the acquisition of outstanding shares of a business whose equity securities are registered under Federal and State securities laws and publicly traded on a national or regional stock or security exchange) as required by subdivision b of this section, the registrant shall simultaneously submit the registration application form provided by the Department completed, signed and certified by such prospective principal. Except where the Commissioner determines within 15 days, based upon information available to him or her, that the addition of such new principal may have a result inimical to the purposes of Chapter 1-B of Title 22 of the Code, the registrant may add such new principal pending the completion of review by the Commissioner. The Commissioner may

waive or shorten such 15 day period upon a showing that there exists a **bona fide** business requirement therefor. The registrant shall be afforded an opportunity to demonstrate to the Commissioner that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of Chapter 1-B of Title 22 of the Code. If upon the completion of such review, the Commissioner determines that such principal lacks good character, honesty and integrity, the registration shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such licensee, as the case may be, within the time period prescribed by the Commissioner.

(d) Notification pursuant to this section shall be signed and sworn to before a notary public.

(e) Notwithstanding any provision of this subchapter: (1) the Commissioner may, when the Commissioner determines that there is reasonable cause to believe that any or all of the principals of an applicant for registration, or a registrant, lack(s) good character, honesty or integrity, require that such principal(s) (i) be fingerprinted in accordance with §22-259(a)(i) of the Code; (ii) provide to the Commissioner the information requested in the background investigation form provided by the Department within 15 days of such request; (iii) appear to be interviewed by the department of investigation or the Department; and (iv) pay the fee for a background investigation in accordance with §1-25 of subchapter B of this chapter.

(2) The Commissioner may refuse to register a Market business for the reasons set forth in subparagraphs b, c, d and e of §22-259 of the Code, or may defer a decision whether to register such Market business when an indictment or a criminal or civil action is pending as provided in subparagraph (b)(ii) of such section.

(f) A Market business denied registration for lack of good character, honesty or integrity pursuant to §22-259(b) of the Code shall be given notice of the reasons for such denial, and may respond in writing to the Commissioner within ten days of the mailing of such notice. The Commissioner shall review such response and make a final deter- mination.

(a) (1) A Market business shall not transfer its registration number as part of the sale of such Market business.

(2) A Market business shall not allow the use by any other person of the registration number or the name of the business to which such registration number has been issued. In the event that a Market business seeks to sublease or otherwise allow the use of its premises, or any portion thereof, for the operation of a Market business by another person, where such sublease is permitted under the terms of the lease, the Commissioner may, upon application and payment of the required fee by the prospective sublessee pursuant to the provisions of these rules, issue a registration number to such sublessee. Absent such registration number no Market business may permit a sublessee to operate a Market business on such premises.

(b) **Furnishing and Display of Registration Numbers.** The name and registration number of a Market business shall be affixed and prominently displayed on all premises and vehicles from which such Market business is conducted.

(c) **Record Keeping.** Market businesses shall retain copies of all invoices and other documents reflecting deliveries or payments from or to suppliers and customers. Such books and records shall accurately reflect the amount of goods or services involved in each transaction, and shall, along with all other records produced or received in the normal course of business, be retained for a minimum of thirty-six months, and shall be made available for immediate inspection and/or copying upon request by the Market Manager or a designee of the Market Manager.

(d) **Workers' Compensation Insurance.** A Market business shall submit proof that it has obtained the required workers' compensation and disability benefits coverage, or that it is exempt from §57 of the Worker's Compensation Law, and §220(8) of the Disability Benefits Law. Proof of coverage can be established by submitting the following Workers' Compensation Board forms:

C-105.2 Application for Certificate of Workers' Compensation Insurance;

DB-120.1 Employer's Application for Certificate of Compliance with Disability Benefits Law;

S1-12 Affidavit certifying that compensation has been secured.

Proof that no coverage is required can be provided by submitting the following Worker's Compensation Board form:

C-105.21 Statement that applicant does not require Workers' Compensation or Disability Benefits Coverage.

(e) **Liability Insurance.** A Market business shall procure and shall maintain throughout the term of the registration the following types of insurance against claims for injuries to persons or damage to property which may arise from or in connection with the Market business:

(1) Commercial General Liability Insurance with liability limits of no less than one million dollars ($1,000,000.00) combined single limit per occurrence for bodily injury, personal and property damage. The maximum deductible for such insurance shall be no more than twenty-five thousand dollars ($25,000.00).

(2) Business Automobile Liability Insurance covering every vehicle operated by the Market business, whether or not owned by the Market business, and every vehicle hired by the applicant with liability limits of no less than one million dollars ($1,000,000) combined single limit per accident for bodily injury and property damage.

(3) Employers' Liability Insurance with limits of one million dollars ($1,000,000) per accident.

(f) The policy or policies of insurance required by this rule shall name the City of New York and the Department of Business Services and any other agency or entity of the City as may be required as parties insured thereunder, and shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except upon sixty days prior written notice to the Commissioner. Failure to maintain continuous insurance coverage meeting the requirements of these rules may result in revocation or suspension of registration. Such policy or policies of insurance shall be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two certificates of Insurance effecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commissioner prior to the effective date of the registration.

(g) A Market business shall be jointly and severally liable for any violation of this subchapter by any of its employees or agents.

APPENDIX A

SUBCHAPTER D*2 MARKET BUSINESSES

§1-70 Revocation or Suspension of Registration or Photo Identification Cards.

(a) The Commissioner may revoke a temporary photo identification card, and after notice and hearing, revoke or suspend (1) the registration of a Market business or (2) a photo identification card for any of the reasons set forth in §22-260 of the Code, or for violation of any rule promulgated pursuant to §22-266 of the Code, including without limitation §1-69(f) and §1-77 of this subchapter. Notice shall be provided in accordance with the provisions of §1-39 of subchapter 1-B of this chapter. Hearings shall be afforded in accordance with the provisions of §1-38 of subchapter 1-B of this chapter.

(b) Revocation or suspension of registration shall require the immediate surrender to the Market Manager of all photo identification cards issued to the principals, employees and/or agents of the registrant. If a registration has been suspended, violation of the provisions of this subdivision may result in immediate revocation of a registration and/or the imposition of penalties as provided in §22-258 of the Code.

(c) Revocation or suspension of photo identification cards (including temporary photo identification cards) shall require the immediate surrender of such cards to the Market Manager.

SUBCHAPTER D*2 MARKET BUSINESSES

§1-73 Registration Procedure.

(a) A labor union or labor organization shall provide the information requested in the registration application form provided by the Department, which form shall be signed by an officer and certified under penalty of perjury, including (i) the information required by §22-264(a) of the Code, (ii) all criminal convictions, in any jurisdiction, of such labor union or labor organization, (iii) any criminal or civil investigation of such labor union or labor organization by a federal, state or local prosecutorial agency, investigative agency or regulatory agency, in the five year period preceding the date of registration pursuant to §1-20.2 of this subchapter, (iv) all civil or administrative proceedings to which such labor union or labor organization has been a party involving allegations of racketeering, including but not limited to offenses listed in subdivision nineteen hundred sixty-one of the Racketeer Influenced and Corrupt Organization statute (18 U.S.C. §1961 **et seq.**) or of an offense listed in subdivision one of §460.10 of the penal law, as such statutes may be amended from time to time, (v) all judicial or administrative consent decrees entered into by such labor union or labor organization in the five year period preceding the date of registration pursuant to §1-20.2 of this subchapter, and (vi) the appointment of an independent auditor or monitor or receiver or administrator or trustee over such labor union or labor organization in the five year period preceding the date of registration pursuant to §1-20.2 of this subchapter. Notwithstanding the foregoing, no labor union or labor organization shall be required to furnish information pursuant to this subdivision which is already included in a report filed by the labor union or labor organization headed by such officer with the Secretary of Labor pursuant to 29 U.S.C. §431 **et seq.** or §1001 **et seq.** if a copy of such report, or of the portion thereof containing such information, is furnished to the Commissioner.

(b) An officer of a labor union or labor organization required to be registered with the Commissioner pursuant to §22-264(b) of the Code shall provide the information requested in the registration application form provided by the Department, which form shall be signed by such officer under penalty of perjury.

(c) Any material change in the information submitted pursuant to subdivision (a) or (b) of this section shall be reported to the Commissioner by such union or officer, in a signed and notarized writing, within ten calendar days thereof.

(d) Notwithstanding any provision of this subchapter the Commissioner may, if he or she has reasonable cause to believe that any of such officers lack good character, honesty or integrity, require that such officer(s) be fingerprinted on ten days' written notice in accordance with §22-264 of the Code, and pay the requisite fees therefor in accordance with §1-25 of subchapter B.

§1-77 Prohibited Acts.

(a) No person shall (1) interfere, or attempt to interfere, with the Market Manager, his staff or the employees of the department of investigation or New York Police Department or any other person authorized to enforce the provisions of Chapters 1-A and 1-B of Title 22 of the Code in the discharge of their functions or interfere with or otherwise obstruct the orderly functioning of the Market Area; and (2) interfere, or attempt to interfere with, or otherwise obstruct any operations or property of any licensees or registrants in the Market Area.

(b) In addition to the foregoing, the following rules also apply to principals, employees and agents of Market businesses, officers of labor unions and labor organizations, and officers of wholesale trade associations. Such persons shall not:

(1) interfere, or attempt to interfere, with the Market Manager, his staff or the employees of the department of investigation in the discharge of their functions or interfere with or otherwise obstruct the orderly functioning of the Market;

(2) authorize another person to use the name of the business to which a registration number has been issued for such market business;

(3) authorize another person to conduct a market business with the registration number that has been issued to such

market business;

(4) conduct a market business under any name other than the name under which such business has been registered with the Market Manager;

(5) violate applicable federal, state or city laws and regulations;

(6) in the case of a Market business, fail to notify the Market Manager and the Commissioner of any change in the information provided pursuant to §1-64 of this subchapter with respect to the composition or ownership of the Market business, and any changes in personnel;

(7) associate with a person whom such person knows or should know is a member or associate of an organized crime group (a person who has been identified by a federal, state, or local law enforcement agency as a member or associate of an organized crime group shall be presumed to be a member or associate of an organized crime group);

(8) make a false or misleading statement to the Department or the department of investigation, or make, file or submit a false statement to a government agency or employee;

(9) threaten or attempt to intimidate a customer or prospective customer;

(10) retaliate against a customer or prospective customer, or a principal, employee or agent of any Market business, wholesaler, loader or unloader that has made a complaint to the Department, the department of investigation or the police department, or any other governmental entity;

(11) falsify any business record;

(12) in the case of a market business, continue to employ a person who has not received a valid photo identification card in accordance with the provisions of this subchapter, or whose photo identification card has been revoked, or whose photo identification card has been suspended during the period of suspension;

(13) utilize any motor vehicle in connection with the operation of such business which is not properly registered with the New York State Department of Motor Vehicles and insured in accordance with §1-69 of this subchapter;

(14) engage in any unfair labor practice under federal or state labor laws as applicable.

*10. Applicant's Tax Identification Number(s) and/or, for sole proprietorship, principal's social security number(s):1

*10. _____

11. Other names used by Applicant during last ten years, including, but not limited to, trade names (D/B/As) and aliases. If none, state "None."

11. _____

11. _____

11. _____

11. (Attach copies of current Certificate(s) of Assumed Name, certified by the County Clerk).

[1] Section 1-24 of Subchapter 1-B of Title 66 of the Rules of the City of New York requires that responses to requests for licensing proposals include the social security numbers of the applicant. These social security numbers may be used to locate information concerning the applicant. Refusal to provide these numbers is not a ground for refusal to issue a license.

Tax ID or SSN: _____

Page ____ of ____ pages

12. Was Applicant purchased as an existing business by its present owner(s)?

12. __ No __ Yes (If yes, provide information below)

12. a. DATE PURCHASED: __ __ / __ __ / __ __

12. b. SELLER(S) NAME(S):

12. b. _____

12. b. _____

12. c. NAME(S) USED BY SELLER(S) WHEN SELLER(S) OPERATED BUSINESS:
_____

*13. Does the Applicant share office space, staff, or equipment (including, but not limited to, telephone lines) with any other business or organization?

__ No __ Yes

*13. If "yes," provide details:

Tax ID No. of Other Business or Organization Name of Other Business or Organization Principals of Other Business or Organization[2] Nature of Shared Facilities

14. a. Has the Applicant changed address(es) in the past five years?

__ No __ Yes

[2] The principals of a business or organization include:

a) in the case of a sole proprietorship, the proprietor;

b) in the case of a partnership, all the partners;

c) in the case of a corporation, every officer, director and/or shareholder holding 10% or more of its outstanding shares; and

d) in the case of any other business entity, all persons participating directly or indirectly in the control of the entity.

For purposes of determining who is the principal of a business or organization:

a) an individual shall be considered to hold stock in a corporation when the stock is owned directly or indirectly by

or for (i) the spouse of such individual (other than a spouse who is legally separated from the individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled), (ii) the children, grandchildren and parents of such individual, (iii) a partnership in which such individual is a partner, in proportion to the partnership interest of such individual, and (iv) a corporation in which such individual owns 50% or more in value of the stock; b) a partnership shall be considered to own stock in a corporation where such stock is owned, directly or indirectly by or for a partner in such partnership; and c) a corporation shall be considered to hold stock in a corporation where such corporation holds 50% or more in value of the stock of a third corporation that holds stock in the corporation under consideration.

Tax ID or SSN: _____

Page ____ of ____ pages

14. b. Has the Applicant operated under any other name(s) in the past five years?

__ No __ Yes

14. b. If the answer to either portion of this question is "yes," provide details below.

Name Address From (Mo./Yr.) To (Mo./Yr.)

15. If the Applicant conducts business in any form other than as a sole proprietorship, identify all principals[3] of Applicant for the past ten years on the attached Schedule A:

[3] The principals of an Applicant include:

a) in the case of a partnership, all the partners;

b) in the case of a corporation, every officer, director and/or stockholder holding 10% or more of its outstanding shares; and

c) in the case of any other business entity, all persons participating directly or indirectly in the control of the entity.

When a partner or a stockholder holding 10% or more of the outstanding shares of a corporation is itself a partnership or a corporation, the "principals" of the corporation also include the partners of such partnership or the officers, directors and stockholders holding 10% or more of the outstanding shares of such corporation.

For purposes of determining who is the principal of an Applicant:

(a) an individual shall be considered to hold stock in a corporation when the stock is owned directly or indirectly by or for (i) the spouse of such individual (other than a spouse who is legally separated from the individual pursuant to a judicial decree or an agreement cognizable under the laws of the state in which such individual is domiciled), (ii) the children, grandchildren and parents of such individual, (iii) a partnership in which such individual is a partner, in proportion to the partnership interest of such individual, and (iv) a corporation in which such individual owns 50% or more in value of the stock; b) a partnership shall be considered to own stock in a corporation where such stock is owned, directly or indirectly by or for a partner in such partnership; and c) a corporation shall be considered to hold stock in a corporation that is an applicant where such corporation holds 50% or more in value of the stock of a third corporation that holds stock in the applicant corporation.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-01 Definitions.

The following definitions are applicable to this chapter:

Barge. "Barge" means any vessel or other craft without propulsion power and designed chiefly for present use to transport cargo of any sort. A barge may or may not have a superstructure.

Commissioner. "Commissioner" means the Commissioner of the Department of Business Services.

Converted craft. "Converted craft" means any barge, vessel, houseboat or other craft, that is used or is designed for use as a theater, repair shop, for recreation, a residence, restaurant, studio, museum, training school, club, storage area or commercial business, or for any non-maritime activity.

Debris. "Debris" means any substance or material, whether on land or water, which is liable to become drift.

Discharge. "Discharge" means any spilling, leaking, dumping, pouring, emitting or emptying of drift or debris.

Drift. "Drift" means any substance or material, floatable or otherwise- including, but not limited to oil, sludge and oil refuse, gasoline, gas, offal, piles, lumber, timber, driftwood, dirt, ashes, cinders, mud, sand, dredged material, acid, chemicals, or any refuse-which may cause damage to any vessel or craft or which may obstruct the waters of the port of The City of New York, or which may be a hazard to any person, property or marine life.

Furtherance of navigation. "Furtherance of navigation" means the activity on waterfront property which involves ship building, ship repairing, boating, dry-dock facilities and similar uses.

Houseboat. "Houseboat" means any vessel or other craft with or without propulsion power and having a superstructure or substructure designed to be used principally for residential purposes. A houseboat may or may not have toilet, cooking, heating, lighting and/or bathing facilities.

Marginal street. "Marginal street" means any street, road, place, area or way adjoining or adjacent to any waterfront property and designated as a marginal street, wharf or place on a plan or map adopted pursuant to law.

Person. "Person" means any individual, party, trustee, firm, partnership, corporation, joint stock association, company, society, government agency, public authority, or other entity.

The port of the City of New York. "The port of the City of New York" shall include all the waters of the North River, the East River and the Harlem River, and all the tidal waters embraced within or adjacent to or opposite the shores of The City of New York.

Waterfront commerce. "Waterfront commerce" means the activity on waterfront property which encompasses the receipt of cargo or goods at the wharves, piers, docks or bulkheads from ships and their delivery to points inland, or the receipt of such cargo or goods at such wharves, piers, docks or bulkheads from points inland for shipment by ships, and shall include the temporary storage of such cargo or goods in the sheds or warehouses on such property pending their delivery or shipment.

Waterfront property. "Waterfront property" means all property whether owned by The City of New York or privately owned, fronting on all the tidal waters in the port of The City of New York and including all upland extending inshore to the property line of the first adverse owner and shall include such land under water extending outshore to the pierhead line or the property line, whichever extends furthest outshore. This term includes all property defined as "wharf property" below.

Wharf property. "Wharf property" means wharves, piers, docks and bulkheads and structures thereon and slips and basins, the land beneath any of the foregoing, and all rights, privileges and easements appurtenant thereto and land under water in the port of The City of New York, and such upland or made land adjacent thereto owned by The City of New York as is vested in or may be assigned to the Department of Ports and Trade.

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-02 Use and Occupancy of Property Subject to Commissioner's Permission.

No person shall use or occupy any wharf property or any marginal street for any commercial enterprise, soliciting, recreation, peddling, drag racing, selling or offering for sale services, merchandise or commodities of any kind, or the holding of any public meeting, without the prior written permission of the Commissioner.

66 RCNY 2-03

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-03 Improvement and Alteration of Property and Marginal Streets.

(a) No person shall erect, place or maintain any building, platform, sign, advertising device or any construction or obstacle of any kind on or about any wharf property or marginal street without first obtaining a written permit from the Commissioner. Such a permit shall also be required for the erection, placing or maintaining any of such signs, structures or devices on any waterfront property when such signs, structures or devices are used in conjunction with, or in furtherance of, waterfront commerce and/or navigation.

(b) No person shall drive any piles or fill in or make any removal, dredging or demolitions of any kind on or about any waterfront property or marginal street without first obtaining a written permit from the Commissioner.

(c) No person unless otherwise authorized by law shall make any repairs, installations or alterations upon, make any opening in, or close any opening in a marginal street for any purpose without first obtaining a written permit from the Commissioner.

(d) Whenever there is any construction, alteration or demolition in progress for which a permit is required by this chapter or otherwise, a permit card bearing the permit number, plan number, description of work, and the location of the premises for which issued, shall be posted in a conspicuous location on the exterior of the structure or premises where the work is in progress so as to be visible for public inspection. Any permit card relating to any work on or about any marginal street shall be posted in a conspicuous location within a reasonable distance of the construction area so as to be visible for public inspection.

(e) No person shall display a permit card at any location or for any work other than that for which said permit card

was issued.

(f) Any permit may be suspended or revoked upon expiration of any workman's compensation or other required insurance, or at the discretion of the Commissioner. A permit shall normally be revoked whenever the Commissioner shall have determined that an unreasonable delay has occurred in the completion of the work authorized by such permit.

(g) Any permit issued by the Commissioner under which no work has begun within one year from the date thereof shall be revoked unless otherwise directed by the Commissioner. Whenever a permit is revoked for any reason, no work for which a permit is required by this §2-03 shall proceed unless any application for a new permit shall have been approved and a new permit issued.

(h) Any application for a permit which has been disapproved entirely or in part and upon which no further action has been taken by the applicant within one year after the notice of disapproval was given shall be cancelled unless otherwise directed by the Commissioner. An application once so cancelled may be reinstated at the discretion of the Commissioner, provided such application complies with all provisions of the law in effect at the time reinstatement is granted.

(i) No person shall perform any work pursuant to a permit without complying with all conditions of the permit and without obtaining, in a form satisfactory to the Commissioner, the authorization and approval of any other governmental agencies concerned, as specified in the permit.

(j) No person shall use or occupy any structure, land, fill area, facility, or any area on or about waterfront property where work has been done or is underway, for which a permit is required, unless a certificate or letter of completion is issued by the Commissioner, or unless otherwise authorized in writing by the Commissioner.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-04 Maintenance, Repair, Reconstruction or Demolition and Removal of Privately Owned Waterfront Property and Deepening of Adjoining Water.

(a) No person owning, leasing, using or occupying any marginal street or waterfront property, or any wharves, piers, docks, bulkheads or structures wholly or partly thereon, shall knowingly maintain all or any portion thereof in an unsafe condition, or not in good repair, or in a condition which impedes or endangers any person or property. No person owning, leasing, using or occupying any other structure in the port of the City of New York used in conjunction with and in furtherance of waterfront commerce and/or navigation shall knowingly maintain all or any portion of the same in an unsafe condition, or not in good repair, or in a condition which impedes or endangers any person or property.

(b) Any person owning, leasing, using or occupying any waterfront property or marginal street, or any wharves, piers, docks, bulkheads or structures wholly or partly thereon, shall comply forthwith with all orders of the Commissioner to repair, reconstruct, maintain, fill in, demolish or remove all or any part of such property or anything therein or thereon to correct any condition determined by the Commissioner to be unsafe or not in good repair, or which impedes or endangers any person or property. Any person owning, leasing, using or occupying any other structure in the port of The City of New York used in conjunction with and in furtherance of waterfront commerce and/or navigation shall comply forthwith with all orders of the Commissioner to repair, reconstruct, maintain, fill in, demolish or remove all or any part of such structure or anything therein, to correct any condition determined by the Commissioner to be unsafe, or not in good repair, or which impedes or endangers any person or property.

(c) Any person owning, leasing, using or occupying waterfront property, or any wharves, piers, docks, bulkheads or structures wholly or partly thereon, shall comply forthwith with all orders of the Commissioner directing that the water near or adjoining such property be deepened, or that obstacles in the water be removed, by excavating or

removing such obstacles or earth, mud, dirt or sand therefrom in such places, quantities and at such times as the Commissioner may determine as necessary to insure safety to any person or property.

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-05 Dumping, Polluting or Obstructing Waters.

(a) No person shall dump snow or ice into the waters of the port of The City of New York, except at places designated in writing by the Commissioner.

(b) No person shall place, discharge or deposit by any process or in any manner on or about any waterfront property, marginal street or the waters of the port of The City of New York any drift or debris, except under the supervision of the United States Supervisor of the Harbor and with the prior written permission of the Commissioner.

(c) No person shall discharge or permit to be discharged into the port of The City of New York from any ship, steamer, vessel or craft, any drift or debris except at places and using devices authorized by law.

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-06 Obstructing Waterfront Property.

(a) No person shall impede, encumber or obstruct in any manner the free access to, egress from, or use of any wharf property or marginal street with any merchandise, cargo, goods, refuse or other material, or with a vehicle or vessel of any type.

(b) Any person owning, chartering, operating, occupying or using any vessel, craft, barge, ship, floating structure or aircraft that sinks or is in danger of sinking or stranding on or about any waterfront property shall remove the same, together with any cargo, without delay.

(c) Whenever any waterfront property or marginal street shall be encumbered or obstructed in its free use or for navigation by merchandise or material not affixed to such waterfront property or marginal street, or by any automobile, wagon, truck or cart, or by any floating, stranded or sunken vessel or craft, and the owner, consignee or person in charge thereof shall fail to remove the same when directed by an order issued by the Commissioner, the Commissioner may employ such labor and equipment as may be necessary to carry out such order. The Commissioner may store such merchandise, material, automobile, wagon, truck, cart, vessel or craft in a warehouse or other suitable place at the expense of the owner. Such owner, consignee, or person in charge of the merchandise, material, or automobile, wagon, truck, cart, vessel or craft so removed or stored may redeem the same upon payment to the Commissioner of the amount of all expenses actually and necessarily incurred in effecting such removal together with any charges for storage, pursuant to §22-109 of the Administrative Code.

(d) No person shall place any vessel, craft or structure which is sinking, or is in such condition that there is a danger of it sinking or stranding, at any waterfront property.

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-11 Hazardous, Flammable or Explosive Substances.

(a) No person shall load, unload, discharge, place, store or keep any material, fluid, gas or substance of any explosive, flammable, radioactive or hazardous nature upon any waterfront property or marginal street, except at locations designated in writing by the Commissioner, and upon complying with applicable rules and regulations of the United States Coast Guard, the Fire Department and the Department of Health of The City of New York, or any other Federal, State or City agency.

(b) No person shall drain, remove or discharge gasoline, oil or any explosive, flammable or hazardous liquid, gas or substance from any vehicle upon any waterfront property or marginal street, except at locations designated in writing by the Commissioner and upon complying with applicable rules and regulations of the United States Coast Guard, Fire Department and the Department of Health of The City of New York, or of any other Federal, State or City agency.

(c) No person shall load, unload, place, store or keep upon any waterfront property or marginal street any vehicle which is in the course of shipment containing gasoline or other flammable material unless the Commissioner and the Fire Commissioner of The City of New York grant prior written permission.

(d) No person shall load, unload, discharge, place, store or keep sisal, jute, hemp, flax, coir, kapok or any similar vegetable or synthetic fiber upon any waterfront property or marginal street without giving advance notice in writing thereof to the Commissioner and without complying with the rules and regulations of the United States Coast Guard and the Fire Department of The City of New York.

(e) All persons shall comply forthwith with all orders of the Commissioner concerning the loading, unloading,

discharge, placing, storing or keeping of the hazardous, radioactive or flammable materials, fluids, gases, or substances mentioned in this section.

(f) No person shall load, unload, discharge, place, store or keep sisal, jute, hemp, flax, coir, kapok or any similar vegetable or synthetic fiber upon any waterfront property unless the shed or superstructure is equipped with an automatic sprinkler system approved by the Commissioner and the Fire Commissioner and the substructure is protected according to the rules and regulations of the Fire Department of The City of New York.

(g) Any person who is the owner, lessee or user of any equipment fueled by liquified petroleum gas or gasoline, and used to handle sisal, jute, hemp, flax, coir, kapok or similar vegetable or synthetic fiber, shall equip such equipment with exhaust spark arrestors and carburetor traps.

CHAPTER 2 WATERFRONT AND RELATED PROPERTY

§2-18 Converted Craft and Houseboats.

(a) No person shall tie, anchor or make fast on or about waterfront property, a marginal street or the waters of the port of The City of New York any houseboat or converted craft for any period of time without the prior written permission of the Commissioner. Such written permission shall not be granted without satisfying the Com- missioner that all of the following requirements have been met:

(1) All provisions of the Building Code deemed applicable by the Commissioner shall be complied with. By way of example, and not limitation, such provisions may relate to heating, power, sewage, plumbing public assembly and general construction;

(2) All provisions of laws, rules and regulations of any governmental agency deemed applicable by the Commissioner to insure safety of persons or property shall be complied with. By way of example, and not limitation, such provisions may relate to air or water pollution, construction materials, sewage or waste disposal, sanitation, health, fire, safety, etc.;

(3) All applicable labor laws, rules and regulations shall be complied with, where work is to be performed on or about a houseboat or converted craft;

(4) All fire protection measures and equipment shall be as approved and authorized by the Fire Department of The City of New York;

(5) All provisions for tying, anchoring or making fast such houseboat or converted craft, or for providing

gangplanks, heat or electrical connections, plumbing or any attachments from one houseboat or converted craft to any other vessel or to any point on waterfront property or a marginal street shall be adequate to insure safety to person and property; and

(6) Granting such permission shall be determined by the Commissioner to be consistent with the public interest and not in conflict with any plan or program for waterfront development.

(b) Any written permission granted under this section may be suspended or revoked by the Commissioner at his discretion whenever any of the conditions enumerated in paragraphs one through six of §2-18(a) above, are no longer satisfied, or whenever necessary to insure safety to persons or property.

(c) No person owning, chartering, occupying or using a houseboat or converted craft tied, anchored or made fast on or about waterfront property, a marginal street, or the waters of the port of The City of New York shall knowingly maintain such houseboat or converted craft, or any of its appurtenances or facilities, in an unsafe condition, or not in good repair, or in a condition which may endanger any person, or which impedes, encumbers or obstructs waterfront property or a marginal street in its free use or for navigation. Such persons shall comply forthwith with all orders of the Commissioner or the Fire Department of The City of New York directing that any such conditions be corrected or abated, or that such houseboat or converted craft be removed, pursuant to §2-06, or other applicable provisions of law.

(d) No person shall make any repairs, construction, installations, or alterations on or about any houseboat or converted craft, tied, anchored or made fast on or about waterfront property, a margin street or the waters of the port of The City of New York without first obtaining the written permission of the Commissioner, pursuant to §2-03 above. All such persons shall likewise obtain and exhibit upon demand the Certificate of Completion mentioned in §2-03 above, which is hereby made applicable in all respects to such work on such houseboats and converted crafts.

CHAPTER 3 AVIATION

§3-01 Definitions.

The following words and phrases when used in this chapter shall for the purpose of this chapter have the meanings respectively ascribed to them as follows:

Aircraft. "Aircraft" shall mean and include any and all contrivances or devices that are used or intended to be used for the navigation of or flight in air or space, including but not limited to airplanes, helicopters, lighter-than-air craft, gliders, seaplanes and amphibians.

Airport. "Airport" shall mean any area of land or water, except John F. Kennedy International Airport and LaGuardia Airport which are under the jurisdiction of the Port Authority of New York and New Jersey, that is used or intended to be used for the landing and takeoff of aircraft, and includes any buildings and facilities.

Applicant. "Applicant" shall mean any individual, entity, party, firm, partnership, co-partnership, corporation, association or company (including any assignee, receiver, trustee or similar representative thereof), society, government agency, public authority, or any state or political subdivision thereof.

Armed Forces. "Armed Forces" shall mean the Army, Navy, Air Force, Marine Corps, and Coast Guard of the United States of America including their regular and reserve components and members.

Auto-rotation. "Auto-rotation" shall mean a rotorcraft flight condition in which the lifting rotor is driven entirely by action of the air when the rotorcraft is in motion.

Balloon. "Balloon" shall mean a lighter-than-air aircraft that is not engine driven.

Commissioner. "Commissioner" shall mean the Commissioner of the New York City Department of Business Services or his duly authorized representative.

Department. "Department" shall mean the New York City Department of Business Services.

External load. "External load" shall mean a load that is carried, or extends outside of, the aircraft fuselage.

Fixed base operation. "Fixed base operation" shall mean an operation conducted by a person having the right to furnish services including, but not limited to, storage and/or tiedown of aircraft, repair and/or maintenance of aircraft, aircraft charter, rental and/or lease and the sale of aviation fuels and other petroleum products.

Glider. "Glider" shall mean a heavier-than-air aircraft, that is supported in flight by the dynamic reaction of the air against its lifting surfaces and whose free flight does not depend principally on an engine.

Helicopter. "Helicopter" shall mean a rotorcraft that, for its horizontal motion, depends principally on its engine-driven rotors.

Heliport. "Heliport" shall mean an area of land, water, or structure used, or intended to be used, for the landing and take off of helicopters.

Jet aircraft. "Jet aircraft" shall mean and include any and all craft which are not propeller driven and which accomplish motion entirely as a direct reaction of the thrust of any engine.

Kite. "Kite" shall mean a framework, covered with paper, cloth, metal, or other material, intended to be flown at the end of a rope or cable, and having as its only support the force of the wind moving past its surfaces.

Parachute. "Parachute" shall mean a device used or intended to be used to retard the fall of a body or object through the air.

Person. "Person" shall mean any individual, party, trustee, firm, partnership, corporation, joint stock association, company, society, government agency, public authority, or any state or political subdivision thereof.

Rotorcraft. "Rotorcraft" shall mean a heavier-than-air aircraft that depends principally for its support in flight on the lift generated by one or more rotors.

Seaplane. "Seaplane" shall mean any aircraft designed to maneuver on water, and shall include amphibious aircraft.

Seaplane base. "Seaplane base" shall mean any waterfront property which provides, or is intended to provide, docking and/or ramp facilities for seaplanes, and shall include any additional appurtenances thereto.

Staging area. "Staging area" shall mean that geographic location which may be used for the storage, assemblage or gathering of any item of equipment which is intended to be lifted by helicopter.

Vehicle. "Vehicle" shall mean and include automobiles, trucks, buses, motorcycles, limited use vehicles, bicycles, horse drawn vehicles and any other device in or upon which any person or property is or may be transported, carried or drawn upon land, except aircraft.

66 RCNY 3-04

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 3 AVIATION

§3-04 Airports.

(a) No airport located within the limits of the City of New York, whether for public or private use, shall be maintained or operated unless the owner or operator shall have procured from the Department a license or permit allowing such maintenance and operation.

(b) Any person seeking to maintain or operate an airport shall file an application with the Department at its office, 110 William Street, 3rd floor, New York, N.Y. 10038. Such application shall be in writing and sworn to by or on behalf of the owner or operator.

(c) The application shall be subject to investigation and report by the Director of Aviation of the Department.

(d) The application for a license or permit must show:

(1) The elevation, location, dimensions and exterior boundaries of the proposed airport, the location, dimensions and height of any and all structures or vertical projections above the general contour of the proposed airport, all as contained in a survey, as of the date of the application, by a licensed City surveyor.

(2) The location, nature and height of any structure or vertical projection within two miles from such exterior boundaries, the presence of which would constitute an obstruction to safe aerial ingress to or egress from the airport.

(3) That the surface of the airport intended for the takeoff, landing and taxiing of aircraft is firm and suitable.

(4) The markings, each constructed and painted so as to be readily discernible from the air at a minimum height of

3000 feet, to be in conformity with Federal Aviation Administration standards.

(5) That the location of the proposed airport, and the volume, character and direction of the traffic thereat will not endanger the lives and property of persons operating aircraft on or near existing airports and of occupants of land in their vicinity, nor tend to destroy or impair the utility of such airports and the investment therein; and that, in relation to existing airports, the proposed airport conforms to all spacing requirements and safety standards of applicable Federal and State laws and regulations.

(6) An application for a license or permit covering night maintenance and operation must show the number, location, type and power of lights in conformity with Federal Aviation Administration standards.

(e) The applicant must have in force upon the granting of a license or permit, liability insurance in an amount to be set by the Commissioner with the City of New York as an additional insured.

(f) The Commissioner may issue a license or permit to operate the proposed airport if, in addition to the items specified in subdivision (d) above, such airport will not be detrimental to the public safety and will be in the public interest. Such license may be limited by appropriate conditions as to type of aircraft, time and method of operation, standards of maintenance, keeping of records and safety and security precautions and such other terms and conditions as may be necessary or desirable to insure the public safety and interest and the safety of those engaging in aeronautical activities.

(g) Such license or permit shall be effective for one year from the date of issuance thereof, unless sooner revoked or suspended by the Commissioner for cause shown.

(h) No license or permit shall be revoked by the Commissioner except after a hearing upon 48 hours notice to the licensee. The Commissioner shall have the power in his discretion, to suspend such license or permit pending such hearing and determination.

(i) Each license or permit issued hereunder may be renewed annually upon application by the licensee or permittee. Such application must set forth that the airport and the operation thereof conforms to the minimum requirements set forth in the original application for the license or permit granted and complies with the regulations promulgated by the Commissioner subsequent to the date of the original license or permit.

(j) The fee for the issuance of such annual license or permit shall be $250.00, and the fee for the renewal thereof shall be $150.00.

(k) Any change in the airport or operation thereof which would affect the safe operation thereof, shall be reported immediately by the licensee or permittee in writing to the Commissioner.

(l) The failure on the part of the licensee or permittee to comply with any of the rules set forth in this chapter or hereafter adopted by the Commissioner, shall constitute sufficient cause for revocation of such license or permit. Licensee or permittee must keep accurate written records of all landings and departures, report of which must be made on a monthly basis to the Department.

(m) The City, by or through its employees, agents, representatives, or contractors, shall have the right at all times to enter upon the airport for the purpose of inspecting and/or observing the performance by the licensee or permittee of his obligations and duties.

(n) No heliport in the City of New York shall conduct operations between the hours of 11 p.m. and 7 a.m. unless a waiver has been obtained from the Commissioner or the Commissioner's designee. In granting such a waiver, the Commissioner shall take into account the health, safety and welfare of the community.

66 RCNY 3-06

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 3 AVIATION

§3-06 Helicopter External Load Operations.

(a) It shall be unlawful for any person, firm, or corporation to use or permit the use of any helicopter or other aircraft within the confines of the City in connection with the construction, alteration, or installation of service equipment or material in or upon any building or structure or to conduct any other external load operation within the City of New York, without first obtaining a permit from the Department.

(b) Before an application for a permit will be approved by the Commissioner, applicant must meet the following requirements:

(1) The staging area must:

(i) Be of sufficient size and location as to permit helicopter landings and takeoffs without unduly creating an annoyance or safety hazard to persons or property in the area.

(ii) Permit freedom of movement for cargo, equipment, helicopter, support personnel and vehicles within the confines of that area.

(iii) Be capable of being sealed off from spectators, vehicles and pedestrians, without creating an attractive nuisance.

(iv) Be free of obstructions to helicopter flight and be capable of providing reasonable control over dust and debris which may be generated by helicopter downwash. All operations and support personnel shall be provided with suitable

protective garments, such as hearing protectors, construction helmets and goggles, as required by the Commissioner.

(v) Provide safe approach and departure paths so that in case of an emergency, an autorotational landing may be made without endangering persons or property.

(2) The discharge point must:

(i) Meet all requirements of the Department of Buildings for the installation of service equipment.

(ii) Comply with all Fire Department rules and regulations.

(iii) Comply with all Bureau of Highway Operations rules and regulations concerning the closing of streets and highways which border the operation area.

(iv) The top floors of the building structure intended as the discharge point must be evacuated of all non-essential personnel, except operations personnel, by order of the Commissioner, and all entrances and exits to the building or structure must be blocked or guarded in such a manner as to prevent their use by unauthorized personnel when the rotorcraft load combination is overhead.

(v) The flight path of the rotorcraft with the external load combination may not pass over any structures, buildings or vehicles which are occupied by any persons not connected with the operation, except that the Commissioner shall in all instances, have the power to determine all safety requirements.

(c) Applicant shall conduct test flights with the various loads to be carried to determine:

(1) That the weight of the rotorcraft load combination and location of center of gravity are within approved limits.

(2) That the load is securely fastened and does not interfere with any emergency release devices.

(3) That while hovering or on forward flight the load does not oscillate and is controllable during all phases of the operation.

(4) Each flight operation must be conducted in such a manner that in an emergency, will allow the external load to be released and the aircraft landed without hazard to persons or property.

(d) **Permit requirements:** (1) The Commissioner shall in all instances be the final authority on all matters relating to the issuance of permits. Any permits granted under this subdivision (d) may be ordered modified, suspended or revoked by the Commissioner at his discretion for any good cause.

(2) All provisions of laws and rules or regulations of any government agency may be deemed applicable by the Commissioner to insure the safety of persons or property in the air or on the ground in which case they must be complied with.

(3) All applicable labor laws, rules and regulations shall be complied with for any operation.

(4) Operations shall only be conducted during VFR conditions in the daytime. No operation will be approved during adverse or inclement weather, or if the wind exceeds 30 miles per hour or with a gust spread of no more than 15 miles per hour.

(5) Each applicant must hold a valid Rotorcraft External Load Operator Certificate, or equivalent, issued by the FAA under Part 133, as amended or superseded by applicable Federal Aviation Regulations.

(6) A violation of any rule or regulation of the FAA or any other Federal or State agency having jurisdiction over

the subject matter of the operation shall be a violation of this chapter.

(7) Each applicant must file his request on a form and in such manner as may be prescribed by the Commissioner.

(8) Upon satisfactory fulfillment of all requirements, the Commissioner may issue a permit together with any restrictions or conditions he deems necessary.

(9) Each applicant must have in force liability insurance in an amount to be determined by the Commissioner with the City of New York included as an additional insured.

(e) Applicant must permit any authorized representative of the Commissioner to conduct inspections or examinations in order to determine whether there has been sufficient compliance with applicable laws, rules and regulations.

(f) Each applicant shall prepare for the Commissioner's approval a detailed diagram of the operations area and depict thereon

(1) Optimum route of flight to the staging area for the purpose of noise abatement and avoidance of obstruction hazards.

(2) Emergency landing area within autorotational range of any and approximate point of descent to landing.

(3) Staging areas, pick-up and discharge points.

(4) Streets, highways, and building exits and entrances which must be closed.

(g) No helicopter having fewer than two engines shall be permitted to conduct external load operations in the City.

(h) **Safety.** (1) Each applicant shall provide adequate fire protection during the operation which complies with Fire Department regulations and such other requirements as are set forth herein.

(2) Each applicant shall provide adequate control communications and procedures for the operation.

(3) Each applicant shall obtain all necessary approvals and permits as required by law.

(i) **Permit fee.** The fee for the issuance of a permit for the takeoff and landing of aircraft used for the external transportation of material or equipment at a non airport location shall be $300.00.

§3-08 Landing and Takeoff at Other Than Licensed Heliports, Airports and Seaplane Bases.

(a) No aircraft shall land or takeoff within the limits of the City of New York except at licensed airports unless a permit allowing such operation has been obtained from the Commissioner.

(b) Any person may file an application in writing with the Department at its office, 110 William Street, 3rd floor, New York, New York, 10038.

(c) The application shall be subject to investigation and report by the Commissioner or his duly authorized representative.

(d) The application for a permit must show:

(1) A plot map showing the location of the proposed operation.

(2) Make, model and registration numbers of aircraft.

(3) Name and qualifications of the pilot-in-command.

(4) Permission of the property owner for the proposed operation.

(5) Purpose of the operation.

(e) The applicant must have in force upon the granting of the permit, liability insurance in such amounts and upon

such terms as deemed appropriate by the Commissioner and with the City of New York as additional insured.

(f) No materials or equipment shall be transported outside of the aircraft.

(g) The Commissioner may issue a permit for the proposed operation if, in the Commissioner's judgment, the conduct of such operation will be in the public interest and not detrimental to public safety.

(h) The fee for the issuance of such permit shall be $200.00 and the fee for the renewal thereof shall be $135.00.

CHAPTER 4 FEES

§4-01 Work Notice and Work Permit Fees.

(a) The six categories of fees charged by the Department of Business Services in connection with the issuance of work notices and work permits are:

(1) **New building fee.** New building fee based on square footage;

(2) **Open area fee.** Open area fee such as lumber yard container terminal, storage, etc., based upon square footage;

(3) **Miscellaneous fee.** Miscellaneous fee for such work as plumbing, electrical, demolition, bulkheads, etc., based on cost;

(4) **Amendment fee.** Amendment fee for any change or revision of a previously issued permit;

(5) **Fee for Change of Use.** Fee for Change of Use involving no physical work; and

(6) **Special fees.** Special fees for notarization of documents and photocopies.

(b) The fee schedule below lists each of these categories separately. One hundred percent of the fee is due at the time of filing a permit application and fees are not refundable. All applications must be accompanied by the full fee in order to be processed. A fee computation should be included with each application.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER A GENERAL PROVISIONS

§5-01 Authority; Purpose.

(a) These rules are promulgated pursuant to Local Law 54 of the Laws of 1985 of the City of New York, as amended, as authorized by Chapter 551 of the Laws of 1985 of the State of New York, as amended, to effectuate the purposes of the New York City Energy Cost Savings Program (the "Program").

(b) The purpose of the Program is to encourage industrial and commercial development, by encouraging businesses to relocate to targeted areas of the City and providing incentives to business already located in such areas to expand or improve their industrial and commercial space. The Program provides a reduction of certain energy costs related to the transmission and distribution of electricity and natural gas for a period of twelve (12) years, including reductions in the cost of energy services purchased from the New York City Public Utility Service.

(c) These rules set forth the requirements for applications, the standards and criteria to determine eligibility for reduced energy costs and the amount available for**2 reductions in energy costs, as well as procedures for review of determinations made in connection with the Program.

HISTORICAL NOTE

Section added City Record Jan. 9, 2001 eff. Feb. 8, 2001. [See Chapter 5 footnote]

Subd. (b) amended City Record June 18, 2001 eff. July 18, 2001. [See T66 §5-14 Note 2]

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

2

66 RCNY 5-02

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER A GENERAL PROVISIONS

§5-02 Definitions.

As used in these rules, the following terms shall have the respective meanings set forth below:

Act. "Act means Chapter 6 of Title 22 of the Administrative Code of the City of New York, as enacted by Local Law 54 of the Laws of 1985 of the City of New York, as amended by Local Law 56 of the Laws of 1989 of the City of New York, Chapters 256 and 257 of the Laws of 1991, Chapter 154 of the Laws of 1999, Chapters 103 and 472 of the Laws of 2000, and Chapter 107 of the Laws of 2003 of the State of New York, as authorized by Chapter 551 of the Laws of 1985 of the State of New York, as amended by Chapters 59 and 825 of the Laws of 1986, Chapter 760 of the Laws of 1988, Chapters 256 and 257 of the Laws of 1991, Chapter 154 of the Laws of 1999, Chapters 103 and 472 of the Laws of 2000, and Chapter 107 of the Laws of 2003 of the State of New York.

Applicant. "Applicant" means any person applying individually or jointly for benefits under ECSP, or a holding company, parent corporation, or subsidiary or affiliated corporation so applying on behalf of any of the foregoing.

Application. "Application" means the application for a certificate of eligibility and shall include all supporting exhibits submitted, and statements made, by an applicant to the commissioner for the purpose of determining such applicant's eligibility for benefits under ECSP.

Assessed value. "Assessed value" means the assessed value of the real property and buildings thereon as assessed

for tax purposes during the tax year in which improvements to such real property and buildings thereon commenced, as required by and referred to in the Act and these rules.

Average monthly consumption. "Average monthly consumption" means, for each natural gas account, the average number of therms of natural gas consumed per month during the preceding twelve billing monthly or six bimonthly billing cycles.

Average monthly load factor. "Average monthly load factor" means, for each electric account, the average monthly load factor for the preceding 12-month period, determined once annually using the most recently available twelve months of load factor data.

Benefit period. "Benefit period" means the number of months a recipient is eligible to receive a special rebate, which period shall not exceed one hundred and forty-four (144) consecutive months, beginning on the effective date of the recipient's certificate of eligibility.

Building. "Building" means articles, structures, substructures and superstructures erected upon, under, or above real property, or affixed thereto, and fixtures (other than trade fixtures) and other improvements erected or situated thereon.

Building permit. "Building permit" means a permit approving proposed construction work issued by the New York City Department of Buildings, DBS or other agency of the City authorized by law to receive and approve plans for construction work. A building permit shall include permits or a new building, alteration, foundation, plumbing, sign or equipment work and may, at the option of the applicant, include a permit for partial demolition or earthwork.

Category I on-site cogenerator. "Category I on-site cogenerator" shall mean an on-site cogenerator that produces electricity for an eligible energy user that was certified before July 1st, 2003.

Category II on-site cogenerator. "Category II on-site cogenerator" shall mean an on-site cogenerator, other than a clean on-site cogenerator, that was certified after June 30, 2003.

Certificate of eligibility. "Certificate of eligibility" means the document or documents issued by the commissioner evidencing the eligibility and qualification of an applicant to receive a special rebate. The certificate of eligibility shall include such information as is required pursuant to §5-42(b) of these rules.

Charter. "Charter" means the New York City Charter, as amended.

City. "City" means The City of New York.

Clean on-site cogenerator. "Clean on-site cogenerator" shall mean an on-site cogenerator, the electricity generating facility of which has an emission rate for nitrous oxides of no more than three tenths of one pound per megawatthour. For purposes of determining the emissions of such electricity generating facility, the emissions for such facility shall be reduced by the amount of any nitrous oxide emissions by boiler plants and/or other generators located on the same site as the on-site cogenerator that were or will be avoided by virtue of the electricity generating facility's production of thermal products used by an eligible energy user(s) for productive purposes.

Code. "Code" means the Administrative Code of the City of New York, as amended.

Commercial development pressure area. "Commercial development pressure area" means those areas of the City as set forth in subdivision (a) of §22-601 of the code.

Commissioner. "Commissioner" means the Commissioner of DBS or his or her designee or his or her successor in function.

Competitive transition charge. "Competitive transition charge" means a charge that is regulated by the PSC, associated with charges for transmission and distribution, and designed to enable a utility to mitigate or recover its above-market costs of generating electricity.

Con Edison. "Con Edison" means the Consolidated Edison Company of New York, Inc.

DBS or DSBS. "DBS" or "DSBS" shall mean the New York City Department of Small Business Services, formerly known as the Department of Business Services, or its successor in function.

DOF. "DOF" means the New York City Department of Finance or its successor in function.

Discount. "Discount" means the amount of a reduction in a bill for energy services rendered to a vendor or NYCPUS by a utility, or to a vendor by NYCPUS, in accordance with the requirements of §5-15 of these rules, equal to the special rebates made by such vendor or NYCPUS to eligible energy users, eligible owners or qualified eligible energy users.

ECSP or Program. "ECSP" or the "Program" means the Program described in the Act and these rules.

Effective date. "Effective date" means the effective date of a certificate of eligibility, which date is the first day of the first billing cycle after a certificate of eligibility is issued.

Eligible charges. "Eligible charges" mean charges for energy services, system benefits charges and competitive transition charges, including service discounts, by a utility determined in accordance with §5-13(a) of these rules, to which charges the applicable percentages in §5-16 or §5-18 of these rules are applied to determine the amount of a special rebate.

Eligible energy user. "Eligible energy user" means any non-residential user of energy services, that purchases such energy services directly from a utility, a vendor, NYCPUS or an on-site cogenerator, and that satisfies the applicable criteria set forth in Subchapter B of these rules.

Eligible move-in area. "Eligible move-in area" means:

(1) with respect to an applicant that relocates from (i) areas lying south of the center line of 96th Street in the Borough of Manhattan, or (ii) all areas outside of the City, to replacement premises, all areas within the City, except those areas lying south of the center line of 96th Street in the Borough of Manhattan;

(2) with respect to an applicant that relocates from premises within a commercial development pressure area to replacement premises, all areas within the City except (i) those areas lying south of the center line of 96th Street in the Borough of Manhattan and (ii) commercial development pressure areas;

(3) with respect to an applicant that occupies premises that meet the criteria of §5-12(b) (specially eligible premises) of these rules, all areas within the City except those areas lying south of the center line of 96th Street in the Borough of Manhattan; and

(4) with respect to an applicant that occupies premises that meet the criteria of §5-12(c) (manufacturing) of these rules, those areas lying south of the center line of 96th Street in the Borough of Manhattan.

Eligible move-out area. "Eligible move-out area" means with respect to an applicant that relocates and occupies replacement premises:

(1) areas lying south of the center line of 96th Street in the Borough of Manhattan;

(2) all areas outside of the City; or

(3) a commercial development pressure area.

Eligible on-site cogenerator charges. "Eligible on-site cogenerator charges" shall mean charges for energy services purchases from a utility related to the delivery of natural gas to a category II on-site cogenerator determined in accordance with §5-13(d).

Eligible owner. "Eligible owner" means an owner, manager or operator of a specially eligible premises that satisfies the applicable criteria of Subchapter B of these rules.

Eligible premises. "Eligible premises" mean those premises that are: (1) replacement premises; or (2) specially eligible premises.

Eligible public utility service charges. "Eligible public utility service charges" mean charges for energy services purchased from NYCPUS, determined in accordance with §5-13(b) of these rules, to which the applicable percentage in §5-16 or §5-18 of these rules are applied to determine the amount of a special rebate.

Employee. "Employee" shall mean any full-time or part-time employee (as provided herein) of an eligible energy user, an affiliate of an eligible energy user, and any contractor working exclusively at an eligible site for operations of an eligible energy user (or an affiliate of an eligible energy user) eligible to receive special rebates. The number of part-time employees and contractors shall be calculated by dividing (i) the number of hours worked by employees, other than full-time employees, and contractors at the eligible energy user's eligible premises, during the applicable period; by (ii) the number of weeks in the applicable period; and then by (iii) 35 person-hours.

Energy conservation measures. "Energy conservation measures" shall have the meaning set forth in subdivision (p) of §22-601 of the code.

Energy services. "Energy services" shall mean (i) the transportation of electric or natural gas commodity within the franchised service territory of a utility through such utility's local transmission or distribution assets, (ii) metering of a user's consumption, including meter reading, and (iii) billing services related to the preparation and collection of the user's utility bill. Energy services shall not include the provision of gas or electric commodity, transmission-related functions for which charges are rendered by the New York Independent System Operator, nor shall they include transportation of gas or electric commodity to a utility system, except that gas pipeline services shall be considered energy services for purposes of calculating rebates for users eligible to receive rebates under §5-18(b)(5) of these rules. Energy services shall not include transportation of natural gas to the extent the gas transported is used by a category I on-site cogenerator or a clean on-site cogenerator in the production of electricity that is eligible for special rebates under §5-14(f).

Energy services bill. "Energy services bill" means the statement of charges for energy services rendered to a recipient by: (i) a utility; (ii) a vendor; or (iii) NYCPUS.

FERC. "FERC" shall mean the Federal Energy Regulatory Commission.

Hotel. "Hotel" means a building or portion thereof that is regularly used and kept open as such for the lodging of guests including an apartment hotel, a motel, boarding house or club or any other facility whose principal use is residential accommodation, whether or not meals are served.

ICIP. "ICIP" means the New York City Industrial and Commercial Incentive Program as codified in Title 11, Chapter 247, Part 3 of the Code, as amended.

IDA. "IDA" means the New York City Industrial Development Agency established pursuant to §850 of the General Municipal Law of the State of New York, as amended.

Keyspan. "Keyspan" means the Keyspan Energy Delivery New York.

LIPA. "LIPA" shall mean the Long Island Power Authority, or its subsidiary.

Manufacturing activity. "Manufacturing activity" means an activity involving the assembly of goods to create a different article or the processing, fabrication, or packaging of goods.

Monthly load factor. "Monthly load factor" means, for each electric account, the number determined by dividing (a) the account's energy consumption, measured in kilowatt hours, for a monthly billing period, by (b) the peak electric demand, measured in kilowatts, for such billing period multiplied by the number of billing days in the period multiplied by 24 hours.

NYCPUS. "NYCPUS" means the New York City Public Utility Service established by Local Law No. 78 of 1982, codified in part as Title 22, Chapter 3 of the Code.

On-site cogenerator. A person, other than a utility, that owns an electric generating facility that simultaneously or sequentially produces electricity and useful thermal energy, provided that substantially all of such electricity shall be used by one or more eligible energy users that occupy the same site as such generating facility. An on-site cogenerator may be the same or a separate person as such eligible energy user.

Person. "Person" means any individual, partnership, association, corporation, limited liability company, estate or trust, and any combination of the foregoing.

Premises. "Premises" mean any building or portion thereof that, for purposes of these rules is, or has been, occupied in whole or in part by an applicant pursuant to a deed, contract of sale, lease or otherwise.

Public Service Commission or PSC. "Public Service Commission" or "PSC" means the Public Service Commission of the State of New York, created by and defined in §2 of the Public Service Law of the State of New York.

Qualified eligible energy user. "Qualified eligible energy user" shall have the meaning ascribed to such term in subdivision (r) of §22-601 of the code.

Real property. "Real property" means land and articles, structures, substructures and superstructures erected upon, under or above the land or affixed thereto and articles of equipment, as described by, and subject to assessment for taxation pursuant to subdivision (a), (b), (f) or (i) of §102(12) of the Real Property Tax Law of the State of New York, but not including any incorporeal right, franchise or special franchise.

Recipient. "Recipient" means an applicant that has satisfied the eligibility criteria of Subchapter B of these rules and has been certified by the commissioner as: (1) an eligible energy user; (2) an eligible owner; (3) a qualified eligible energy user; or (4) a category I on-site cogenerator, a category II on-site cogenerator, or a clean on-site cogenerator.

Replacement premises. "Replacement premises" mean premises occupied by an applicant in replacement of previously occupied premises from which the applicant has relocated, provided the premises satisfy the criteria set forth in §5-12(a) of these rules.

Retail vendor. "Retail vendor" means any applicant that:

(1) is predominantly engaged in the sale, as defined in §1101(b)(4) of the Tax Law of the State of New York, other than through the mail or by the telephone or other means of electronic communication, of tangible personal property to any person, for any purpose unrelated to the trade or business of such person; or

(2) is predominantly engaged in selling services to persons which services generally involve the physical, mental

and/or spiritual care of such persons for any purpose unrelated to the trade or business of such persons; or

(3) is predominantly engaged in selling services to persons for any purpose which services generally involve the physical care of the personal property of such persons for any purpose unrelated to the trade or business of such persons; provided, however, where such sale of tangible personal property or services described herein is performed by only one or more operating units, divisions or subdivisions of the applicant, or at only one or more locations, only such operating units, divisions, or subdivisions, or such locations, shall come within the definition contained herein.

Service classification. "Service classification" means the classification used by a utility in its rate schedule that sets forth the particular rates charged for energy services that are applicable to particular kinds of customers.

Site visit. "Site visit" means an on-site inspection performed by or at the direction of DBS to determine the use of energy services or occupancy of certain buildings, real property or any portion of such building or real property.

Special rebate. "Special rebate" means the amount of reduction in an energy services bill rendered by a utility, a vendor or NYCPUS for energy services to an eligible energy user, a qualified eligible energy user, an eligible owner, or an agent of any of these, or a category I, II or clean on-site cogenerator, and calculated in accordance with the provisions set forth in §5-14 of these rules.

Specially eligible premises. "Specially eligible premises" means non-residential premises that meet the requirements set forth in subdivision (i) of §22-601 of the code and §5-12(b) of these rules.

Survey. "Survey" means a study or report based on on-site field inspections, professional surveys by a licensed professional engineer, data collection or meter readings or other actions to determine the use, consumption and application of energy services or the occupancy of certain buildings or real property, or portions thereof.

Systems benefit charge. "Systems benefit charge" means a charge that is regulated by the PSC and that a utility is required to collect from its customers for the purposes of funding public benefit programs.

Targeted eligible premises. "Targeted eligible premises" shall have the meaning set forth in subdivision (s) of §22-601 of the code.

UDC. "UDC" means the New York State Urban Development Corporation or any subsidiary thereof created and defined by §6254 of the Unconsolidated Laws of the State of New York.

Utility. "Utility" means any provider of energy services within the City that is subject both to the jurisdiction and general supervision of the PSC and to a tax imposed pursuant to chapter 11 of title 11 of the code, and for purposes of this chapter 5, shall include LIPA, or its subsidiary, to the extent that LIPA provides energy services within the City of New York and makes payment to such City that is equivalent to the tax imposed on utilities pursuant to chapter 11 of title 11 of the code.

Utility credit. "Utility credit" means a credit to which a utility is entitled, in accordance with the rules promulgated by DOF, against the tax imposed under Chapter 11 of Title 11 of the code, and equal to the aggregate amount of all special rebates and/or discounts granted by such utility in accordance with the requirements of the Act and these rules.

Vendor. "Vendor" means a vendor of energy services, as defined in subdivision (k) of §22-601 of the code, including any person, corporation or other entity not subject to the jurisdiction and general supervision of the PSC, that furnishes or sells energy services to an eligible energy user, eligible owner, qualified eligible energy user or an on-site cogenerator that is submetered as an incident to leasing, subleasing, licensing or otherwise permitting such user to rent or occupy premises of such vendor.

NOTE

1. Statement of Basis and Purpose in City Record June 25, 2004:

The new rules implement programmatic changes to the Energy Cost Savings Program ("ECSP") and the Lower Manhattan Energy Program ("LMEP") required and authorized under Chapter 107 of the Laws of 2003.

The following programmatic changes to the ECSP and LMEP are required by Chapter 107 of the Laws of 2003: (i) a revised ECSP rebate formula and eligibility criteria for on-site cogenerators certified after June 30, 2003, (ii) a limit on ECSP benefits for all applicants equal to $10,000 per employee annually, (iii) the provision of ECSP rebates on charges for energy services provided to eligible New York City businesses by the Long Island Power Authority, and (iv) the extension of the sunset date for new applications of both programs to June 30, 2005. The proposed amendments would conform the rules for ECSP and LMEP to these legislative changes.

The rules would also implement a transition period for on-site cogenerators that apply after June 30, 2003, to serve eligible energy users certified before July 1, 2003. Under existing rules, certifications of on-site cogenerators for participation in the ECSP have been made as of the date that the eligible energy user was certified. In the future, such certifications will be made separately from that of the eligible energy user, but for an interim period ending June 30, 2005, on-site cogenerators serving eligible energy users that were certified before July 1, 2003, will be eligible as "Category I" on-site cogenerators to receive special rebates under the formula in the law that is based on 4.44 cents per kilowatt hour. The benefit period of such cogenerators will coincide with that of the eligible energy user served by the cogenerator.

Further, where a cogenerator is able to demonstrate that, as of June 30, 2003, it met all of the eligibility criteria of a Category I on-site cogenerator in substance, but verification of the minimum required expenditure had not been provided by the Industrial and Commercial Incentive Program, it will be treated as a Category I on-site cogenerator.

Chapter 107 of the Laws of 2003 authorizes the Commissioner to set appropriate application fees for the ECSP to defray program administrative costs, which currently exceed program fee revenue. The new rules contain a new fee schedule for ECSP applicants. The fee schedule for the LMEP has also been revised to defray administrative costs, under existing statutory authority.

The new rules also include four administrative changes to clarify and streamline the existing rules. First, they revise Schedule D-1 of Chapter 5 to conform it to other provisions of applicable law and rules. The strict application of the percentages for the higher levels of use of natural gas in Schedule D-1 would yield, in some cases, a rebate greater than 100% of energy services charges, a result that conflicts with other provisions, clearly stated in the law and rules, that no program participant may receive greater than a 100% rebate on its energy services charges. Further, the rebate levels permitted under the original Schedule D-1, when prorated in the last four years of the benefits term, could result in an uneven phase-out of benefits. The revised schedule D-1 cures these inconsistencies.

Second, the new rules have been revised to state that the applications of applicants that make no substantial

progress toward obtaining certification within five years of submission of their applications shall be considered invalid. Applicants will be given the opportunity to "renew" their application by updating information provided on the form and paying a new application fee. This change will close a loophole in the program rules that would allow firms to claim favorable treatment by relying on applications submitted before November 1, 2000 in anticipation of relocation and/or renovation projects that were never completed.

Third, the new rules explicitly state that ECSP benefits may be terminated if a firm fails to confirm its continued occupation of eligible premises or submit other information requested on the continuing use. Without such information, DSBS cannot be certain that ECSP rebates are being provided to eligible firms.

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

These amendments, which set forth how ECSP and LMEP benefits are to

be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 5-11

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER B ELIGIBILITY CRITERIA AND THE DETERMINATION OF THE SPECIAL REBATE*3

§5-11 Energy Users.

(a) Only eligible energy users, eligible owners, qualified eligible energy users and on-site cogenerators, as described in, and to the extent permitted by, the Act and these rules are eligible for special rebates under ECSP.

(b) Eligible energy users, eligible owners, qualified eligible energy users and on-site cogenerators shall not include the following users of electricity and/or natural gas:

(1) residential users;

(2) government agencies;

(3) public benefit corporations, or instrumentalities thereof;

(4) hotels; and

(5) retail vendors.

(c) An eligible energy user is an applicant or recipient that meets the criteria in paragraph (1) of this subdivision or is an eligible owner that meets the criteria in paragraph (2) of this subdivision:

(1) Such applicant or recipient: (i) purchases energy services from a utility, vendor or NYCPUS; (ii) relocates to and occupies premises that qualify as replacement premises or occupies premises that are specially eligible premises or a portion of such premises; and (iii) otherwise complies with all requirements of the Act and these rules applicable to an eligible energy user or

(2) Such applicant or recipient, referred to as an eligible owner, (i) purchases energy services from a utility or NYCPUS; (ii) owns, operates or manages real property and/or a building, which building and/or real property qualifies as a specially eligible premises; and (iii) otherwise complies with all requirements of the Act and these rules applicable to an eligible owner.

(3) An applicant or recipient may, if all requirements are met, qualify as both (i) an eligible owner and (ii) an eligible energy user and/or qualified eligible energy user. In such cases, the applicant or recipient may be an eligible owner with respect to the specially eligible premises as a whole and therefore may be entitled to a special rebate applied against certain eligible charges with respect to common areas and/or equipment, as provided in §5-13(c) of these rules. Such an applicant or recipient may also be an eligible energy user or qualified eligible energy user with respect to the premises it occupies within such specially eligible premises or targeted eligible premises, as the case may be, and therefore may be entitled to a special rebate applied against certain other eligible charges or eligible public utility charges with respect to such premises, as provided in these rules. Provided, however, that no portion of energy services used by such an applicant or recipient shall be the basis for more than one special rebate.

(d) A qualified eligible energy user is a recipient that: (i) has been certified as a qualified eligible energy user in accordance with the Act prior to November 1, 2000; (ii) purchases energy services from NYCPUS or a vendor that purchases such services from NYCPUS; and (iii) otherwise complies with all requirements of the Act and these rules applicable to a qualified eligible energy user.

(e)(1) An on-site cogenerator is an applicant or recipient that: (i) meets the definition of a category I or category II on-site cogenerator or a clean on-site cogenerator in §5-02 of these rules; (ii) purchases energy services relating to natural gas from a utility; (iii) otherwise complies with all requirements of the Act and these rules applicable to a category I or category II on-site cogenerator or a clean on-site cogenerator, respectively, and (iv) sells substantially all its electricity output to eligible energy users on the same site.

(2) A category I or clean on-site cogenerator may, if all requirements are met, qualify as an eligible energy user with respect to charges for energy services that are not used in the production of electricity, including charges for the production of thermal product, provided, however, that no portion of energy services, or natural gas energy services in the case of a category I on-site cogenerator or a clean on-site cogenerator, used by such on-site cogenerator shall be the basis for more than one special rebate.

(f) Notwithstanding the foregoing provisions of this section, an occupant of replacement premises, specially eligible premises, or targeted eligible premises shall not be an eligible energy user or qualified eligible energy user unless:

(i) the energy services used and electricity and natural gas consumed by such occupant at such premises are individually and accurately metered or submetered and billed so as to enable a determination of the occupant's usage of and charges for energy services, natural gas and electricity; and

(ii) for any occupant purchasing energy services, natural gas or electricity from a vendor, the price charged by such vendor shall be no higher than the price that the occupant would have been charged directly by a utility for energy services pursuant to the applicable tariffs of the PSC or FERC, provided that an additional fee, not exceeding 12% may be charged by such vendor; and

(iii) such vendor shall separately state in each bill for such services, electricity and natural gas the price, charges and fees (if any) that are included in such bill and the amount of the special rebate made to such occupant or that no

special rebate has been made.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 5-12

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER B ELIGIBILITY CRITERIA AND THE DETERMINATION OF THE SPECIAL REBATE*3

§5-12 Premises.

(a) **Criteria for replacement premises.** (1) In order for an applicant's premises to qualify as replacement premises:

(i) the applicant must take occupancy of such premises after May 3, 1985;

(ii) the applicant must continue such occupancy while a special rebate is received;

(iii) the premises must:

(A) be non-residential;

(B) be premises for which an applicant has entered into a written agreement to buy and/or lease after May 3, 1985;

(C) be located in an eligible move-in area;

(D) except as otherwise provided in subparagraph (E) of this paragraph, be premises with provisions to receive energy services either: (I) from a utility; (II) a vendor; or (III) NYCPUS; and

(E) if such premises receive electricity from an on-site cogenerator, such on-site cogenerator shall occupy the same

site as such premises;

(iv) the premises such applicant previously occupied must have been located in an eligible move-out area, and the applicant must have occupied such premises for a continuous period of twenty-four (24) months during the thirty (30) month period immediately preceding the applicant taking occupancy of its new premises.

(2) An applicant's new premises shall not be considered replacement premises if the new premises are occupied as the result of a merger of the applicant with or into any other person, firm or entity, or the acquisition, by the applicant, of all or substantially all of the capital stock or assets and properties of any other person, firm or entity, unless:

(i) the new premises were formerly occupied by such other person, firm or entity;

(ii) such other person, firm or entity: (i) had substantially ceased business operations at the new premises prior to occupancy by the applicant; and (ii) had either: (A) filed or acquiesced in the filing against it of a petition for any relief under any bankruptcy or similar law for the protection of debtors, prior to occupancy by the applicant; or (B) applied for or acquiesced in the appointment of a trustee or receiver for all or a substantial portion of its assets and properties, prior to occupancy by the applicant;

(iii) the applicant transfers or relocates, from its previously occupied premises to the new premises, a substantial amount of personnel, and/or machinery or equipment, and/or other tangible assets, and/or executory contracts (contracts not yet performed in whole or in part, and which will be performed at the new premises); and

(iv) the applicant conducts, at the new premises, the same type of business conducted at its previously occupied premises and/or a type of business reasonably related thereto or constituting a reasonable expansion or growth therefrom.

(b) **Criteria for specially eligible premises.** (1) Specially eligible premises shall meet the applicable requirements of subdivision (i) of §22-601 of the code and:

(i) the real property and/or building in which such premises are located shall be substantially improved by construction or renovation as described or identified in either:

(A) an ICIP pre-application or application filed by the owner, manager or operator of the real property and/or building; or

(B) an IDA application filed by such owner, operator or manager; or

(C) a lease for the real property submitted for approval to UDC or to the City in accordance with the applicable Charter provisions (provided that such lease need not describe or identify buildings located or to be located on such real property), whichever is applicable;

(ii) the expenditures for such construction or renovation required by subdivision (i) of §22-601 of the code shall occur either:

(A) subsequent to the filing of such final application or preliminary application with ICIP, and the issuance of a building permit, if required, for such construction or renovation; or

(B) subsequent to the receipt of an inducement resolution from IDA for the project described in such IDA application; or

(C) subsequent to the approval of the lease described in subparagraph (4) or (5) of subdivision (i) of §22-601 of the code by UDC or by the City in accordance with the applicable Charter provisions;

(iii) for applications made after the effective date of these rules, the expenditures made for such construction or renovation described in paragraph (1) of this subdivision (b) of this §5-12, must be in excess of ten percent (10%) of the assessed value of the real property and building in the tax year in which such construction or renovation commenced;

(iv) the real property and building are located in an eligible move-in area;

(v) the premises have provisions to receive energy services either: (I) directly from a utility; or (II) from a vendor; or (III) from NYCPUS;

(vi) the applicant must take occupancy of such premises and continue in such occupancy while benefits are received;

(vii) if such premises receive electricity from an on-site cogenerator, such on-site cogenerator shall occupy the same site as such premises; and

(viii) if the applicant's premises are contained in a newly constructed building, such building must meet the requirements of the New York State Energy Conservation Construction.

(2) Notwithstanding the provisions set forth in subparagraph (A), paragraph (1) of this subdivision (b), an applicant that occupies premises within a building that would otherwise qualify as eligible to receive benefits under ICIP except that the real property on which such building is located is exempt from real property taxation, may be eligible as an occupant of premises within specially eligible premises, if all other applicable requirements of eligibility of this Subchapter B are met and such applicant receives a certification from DOF stating that the premises are within a building for which expenditures for improvements have been made in compliance with the applicable provisions of subdivision (i) of §22-601 of the code and this paragraph (b).

(c) **Special criteria applicable to manufacturing premises located in Manhattan below 96th Street.** Non-residential premises contained in real property located in the area lying south of the center line of 96th Street in the Borough of Manhattan may qualify as specially eligible premises if the criteria in paragraph (4) of subdivision (i) of §22-601 of the code and the provisions of subdivision (b) of this §5-12 for specially eligible premises are otherwise satisfied where such premises are used primarily for manufacturing activities, provided such premises shall be improved as a result of expenditures in an amount in excess of ten per centum of the assessed value of such real property attributable to such premises at which such real property was assessed for tax purposes for the tax year in which such improvements commenced.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 5-13

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER B ELIGIBILITY CRITERIA AND THE DETERMINATION OF THE SPECIAL REBATE*3

§5-13 Charges.

(a) **Eligible charges.** (1) Eligible charges are charges for energy services purchased by an eligible energy user, an eligible owner, or a qualified eligible energy user from a utility or from a vendor at a rate or rates established pursuant to an order or rule of the PSC or FERC, other than charges for the purchase of the commodity of natural gas or electricity, and shall include applicable rate reductions for economic development or similar purposes, and all taxes payable thereon and shall exclude charges in accordance with paragraph (2) of this subdivision (a).

(2) Eligible charges shall not include the following charges:

(i) any special charges on such bills relating to energy services, including, but not limited to, collection charges, late payment charges, excess distribution charges, or any additional fee charged by a vendor to an eligible energy user for energy services, as authorized by paragraph §5-11(f)(ii) of these rules;

(ii) charges for energy services that are resold; and

(iii) charges for energy services used in the production of electricity or for heating the premises.

(b) **Eligible public utility service charges.** (1) Eligible public utility service charges are actual charges for energy services provided by a public utility service, including charges for public utility service administrative services, and

shall include all taxes payable thereon, and shall exclude charges in accordance with paragraph (2) of this subdivision (b).

(2) Eligible public utility service charges shall not include the following charges:

(i) any special charges on such bills relating to energy services, including, but not limited to, collection charges, late payment charges, excess distribution charges, or any additional fee charged by a vendor to an eligible energy user or qualified eligible energy user for energy services, as authorized by paragraph §5-11(f)(ii) of these rules;

(ii) charges for such energy services that are resold; and

(iii) charges for energy services used in the production of electricity or for heating the premises.

(c) **Eligible charges for common areas in specially eligible premises.** (1) With respect to an eligible owner that owns, operates or manages specially eligible premises or targeted eligible premises in which at least fifty percent (50%) of the square footage of such specially eligible premises is occupied by recipients, eligible charges or eligible public utility service charges shall include the following:

(i) eligible charges or eligible public utility charges for any common areas within the specially eligible premises, including but not limited to, the elevators, roof, parking garages, lobby, and vestibules; and

(ii) eligible charges or eligible public utility charges for the office space that is reasonably required for use by the eligible owner for the operation or management of the specially eligible premises, as determined by the commissioner, if applicable.

(d) **Eligible on-site cogenerator charges.** (1) Eligible on-site cogenerator charges are charges for energy services purchased by a category II on-site cogenerator from a utility related to the delivery of natural gas to such co-generator at rates established pursuant to an order or rule of the PSC or the FERC, and shall include applicable rate reductions for economic development or similar purposes, and all taxes payable thereon and shall exclude charges in accordance with paragraph (2) of this subdivision.

(2) Eligible on-site cogenerator charges shall not include the following charges:

(i) any special charges on such bills relating to energy services, including, but not limited to, collection charges, late payment charges, excess distribution charges, or any additional fee charged by a vendor to an eligible energy user for energy services, as authorized by paragraph §5-11(f)(ii) of these rules;

(ii) charges for energy services that are resold;

(iii) charges for energy services used for heating the premises; and

(iv) any charges that qualify as eligible charges and for which special rebates are provided under other provisions of ECSP.

(e) **Determination of eligible charges, eligible public utility service charges, and eligible on-site cogenerator charges by the commissioner.** (1) The commissioner shall base his or her determination of which charges are eligible charges, eligible public utility charges, or eligible on-site cogenerator charges based upon:

(i) representations and/or certifications made by the applicant in its application to ECSP;

(ii) a review of the applicant's prior energy services bills;

(iii) a site visit; and/or

(iv) any other relevant factors relating to use and occupancy that is deemed by the commissioner to be relevant in making such a determination.

(2) An eligible energy user, qualified eligible energy user, or category II on-site co-generator has the burden of demonstrating to the commissioner that charges for energy services are eligible charges, eligible public utility service charges, or eligible on-site cogenerator charges, respectively. If a determination of eligible charges, eligible public utility service charges, or eligible on-site cogenerator charges cannot be ascertained by the commissioner without a survey or the eligible energy user, qualified eligible energy user, or category II on-site cogenerator is not satisfied with the commissioner's determination of such charges, such user may request that the commissioner cause a survey to be conducted by a licensed professional engineer satisfactory to DSBS at such user's expense, of the applicant's usage of energy services. Upon completion of the survey, the professional who prepares such survey shall submit the report, together with a certification as to the amount of eligible charges or eligible public utility service charges to the commissioner for his or her review.

(3) The commissioner, after reviewing all relevant documentation submitted by the applicant, shall, in his or her sole discretion, determine those charges that constitute the eligible energy user's, qualified eligible energy user's, or category II on-site cogenerator's eligible charges, eligible public utility service charges, or eligible on-site cogenerator charges to which a special rebate may be applied. If such user disagrees with the commissioner's findings, such user may request an opportunity to be heard in accordance with §§5-45, 5-46 and 5-47 of these rules.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER B ELIGIBILITY CRITERIA AND THE DETERMINATION OF THE SPECIAL REBATE*3

§5-14 Special Rebates.

(a)(1) A utility that sells energy services to an eligible energy user or eligible owner that applied for ECSP benefits after October 31, 2000, shall be required to make a special rebate to such user equal to the product of the applicable percentage specified for special rebates in the schedule contained in §5-16 of these rules and the eligible charges for such energy services.

(2) A utility other than LIPA that sells energy services to an eligible energy user or eligible owner that applied for ECSP benefits prior to November 1, 2000 shall be required to make a special rebate to such user equal to the product of the applicable percentage specified for special rebates in the schedule contained in §5-18 of these rules and the eligible charges for such energy services.

(3) A utility that sells energy services to a category II on-site cogenerator shall be required to make a special rebate to such cogenerator equal to the product of the applicable percentage specified for special rebates in the schedule contained in §5-16 of these rules and the eligible on-site cogenerator charges for such energy services.

(b) Where, pursuant to a written agreement between NYCPUS and the power authority of the state of New York, NYCPUS sells energy services to an eligible energy user or eligible owner that has been individually approved by such power authority and certified as an eligible energy user or eligible owner pursuant to §22-602(c) of the Code prior to November 1, 2000, NYCPUS shall make such special rebate to such user in the amount or amounts derived by

calculating the full amount of the special rebate to which such eligible energy user or eligible owner would have been entitled pursuant to the schedule contained in §5-18 of these rules for eligible charges relating to the purchase of such energy services had such user purchased such energy services directly from the utility, and subtracting from such full amount the difference between the eligible charges relating to the purchase of such energy services had such eligible energy user or eligible owner purchased the energy services directly from the utility and the eligible public utility service charges relating to the purchase of such energy services actually charged to such eligible energy user by NYCPUS for actual purchases of energy services from NYCPUS; except that (i) in no event shall the amount of such special rebate exceed the amount of the special rebate to which such eligible energy user would have been entitled pursuant to the schedule contained in §5-18 of these rules had such eligible energy user or eligible owner purchased the energy services directly from the utility at the price charged by such utility, and (ii) for any monthly billing period where the calculation of such special rebate results in a negative number, the amount of such special rebate shall be deemed to be zero.

(c)(1) Where, pursuant to a written agreement between NYCPUS and the power authority of the state of New York, NYCPUS sells energy services to an eligible energy user or eligible owner that has been individually approved by such power authority, has applied for ECSP benefits after October 31, 2000, NYCPUS shall make such special rebate in the amount of the product of the applicable percentage for special rebates specified in the schedule contained in §5-16 of these rules and the eligible public utility service charges for such energy services.

(2) Where, pursuant to such an agreement, NYCPUS sells energy services to a qualified eligible energy user that has been individually approved by such power authority, applied for ECSP benefits prior to November 1, 2000, regardless of the date of certification, NYCPUS shall make such special rebate in the amount of the product of the applicable percentage for special rebates specified in the schedule contained in §5-18 of these rules and the eligible public utility service charges for such energy services.

(3) A user or owner that applied for ECSP benefits as a qualified eligible energy user before November 1, 2000, but was not certified pursuant to §5-36 of these rules as such prior to such date, may be certified as an eligible energy user after such date and the special rebates to which such user or owner is eligible shall be determined pursuant to §5-18 in accordance with these rules.

(d)(1) A vendor that sells energy services provided by a utility to an eligible energy user, eligible owner, or on-site cogenerator that applied for ECSP benefits after October 31, 2000, may elect to provide a special rebate that shall be the product of the applicable percentage for special rebates specified in the schedule contained in §5-16 of these rules and the eligible charges or eligible on-site cogenerator charges for such sales of energy services made by such vendor.

(2) A vendor that sells energy services provided by a utility to an eligible energy user, eligible owner, or on-site cogenerator that applied for ECSP benefits prior to November 1, 2000, may elect to provide a special rebate that shall be the product of the applicable percentage for special rebates specified in the schedule contained in §5-18 of these rules and the eligible charges or eligible on-site cogenerator charges for such sales of energy services made by such vendor.

(e)(1) A vendor that sells energy services provided by NYCPUS to an eligible energy user or eligible owner that applied for ECSP benefits after October 31, 2000, may elect to provide a special rebate that shall be the product of the applicable percentage specified for special rebates in the schedule contained in §5-16 of these rules and the eligible public utility service charges for sales of energy services made by such vendor.

(2) A vendor that sells energy services provided by NYCPUS to a qualified eligible energy user that was certified pursuant to §22-602(c) of the Code prior to November 1, 2000, or to an eligible energy user or eligible owner that applied for ECSP benefits prior to November 1, 2000 and was certified pursuant to §5-36 of these rules after October 31, 2000 may elect to provide a special rebate that shall be the product of the applicable percentage specified for special rebates in the schedule contained in §5-18 of these rules and the eligible public utility service charges for sales of energy services made by such vendor.

(f)(1) A utility that delivers natural gas to a category I on-site cogenerator that produces electricity for an eligible energy user or eligible owner certified before July 1, 2003, and a utility that delivers natural gas to a clean on-site cogenerator that produces electricity for an eligible energy user and is certified after June 30, 2003, shall be required to make special rebates against the energy bill rendered to such on-site cogenerator by such utility for the sale or delivery, or both, of such gas in the amount or amounts derived by taking the product of 4.44 cents multiplied by an eligibility factor, multiplied by the number of kilowatt hours of electricity produced by such on-site cogenerator and used by such eligible energy user or eligible owner during the billing period, excluding the charges for electricity used for heating any premises, any special charges on such bill, including but not limited to, collection charges, late payment charges, or excess distribution charges, and charges for energy that is resold; where the eligibility factor shall equal 100 percent during the first eight years after initial certification as an eligible energy user, 80 percent during the 9th such year, 60 percent during the 10th such year, 40 percent during the 11th such year and 20 percent during the 12th and final such year, such years to be calculated in accordance with the provisions of §5-19 of these rules. Provided, however, that the number of kilowatt hours of electricity on which the total of the special rebates payable to a clean on-site cogenerator is based in any calendar or fiscal year as specified by the commissioner pursuant to the formula set forth in this paragraph shall not exceed 13,140,000.

(2)(i) A category I on-site cogenerator and a clean on-site cogenerator may be eligible to receive special rebates based on eligible charges for transportation of natural gas that is not used in the production of electricity. If eligible, such special rebate for a category I cogenerator providing electricity to an eligible energy user that applied before November 1, 2000, shall be equal to the product of such eligible charges and the rebate percentage determined in accordance with §5-18. If eligible, such special rebate for a clean on-site cogenerator or a category I on-site cogenerator providing electricity to an eligible energy user that applied after October 31, 2000, shall be equal to the product of such eligible charges and the rebate percentage determined in accordance with §5-16.

(g) Determination of special rebates payable to category I on-site cogenerators and clean on-site cogenerators by the commissioner. (1) The commissioner shall have the authority to determine the information he or she requires to review and determine appropriate special rebates payable under this section. He or she may require electric and/or thermal production to be metered in a reliable manner and that site visits be made to verify meter readings.

(2) A category I on-site co-generator or clean on-site cogenerator has the burden of demonstrating to the commissioner the amount of electricity generated by the cogenerator and the purposes for which such electricity is used. If a determination of such amount or use cannot be made by the commissioner without a survey or such cogenerator is not satisfied with the commissioner's determination, the commissioner may require, or such user may request, that a survey of the applicant's production and usage of energy services be conducted by a person with experience in conducting such surveys satisfactory to DSBS at such user's expense. Upon completion of the survey, the person who prepares such survey shall submit his or her report, together with a certification as to the amount electricity produced and its use to the commissioner for his or her review.

(3) A clean on-site cogenerator shall have the burden of demonstrating to the commissioner that its nitrous oxide emissions will not exceed the emissions threshold described herein. If a determination of such amount or use cannot be made by the commissioner without a survey or such cogenerator is not satisfied with the commissioner's determination, the commissioner may require, or such user may request, that a survey of the applicant's production and usage of energy services be conducted by a person with experience in conducting such surveys satisfactory to DSBS at such user's expense. Upon completion of the survey, the person who prepares such survey shall submit his or her report, together with a certification as to the plant's emissions.

(4) The commissioner, after reviewing all relevant documentation submitted by the applicant, shall, in his or her sole discretion, determine the special rebate to which such category I cogenerator or clean on-site cogenerator is entitled. If such user disagrees or with the commissioner's findings, such user may request an opportunity to be heard in accordance with §§5-45, 5-46 and 5-47 of these rules.

Subds. (a)-(e) amended City Record June 18, 2001 eff. July 18, 2001. [See Note 2]

NOTE

1. Statement of Basis and Purpose in City Record Mar. 28, 2003:

The new rules implement the Energy Cost Savings Program ("ECSP") and the Lower Manhattan Energy Program ("LMEP"). Chapter 472 of the Laws of 2000 revised the ECSP and LMEP so that the special rebate on eligible charges for gas and electricity would be based on "energy services" which include the charges for transmission and distribution of electricity and gas ("delivery costs") and exclude the costs of the commodities of electricity and gas. Prior to the amendments made by Chapter 472, the special rebate was based on "bundled services" which included the costs of both the commodity and delivery. Chapter 472 increased the percentages by which the special rebate is calculated to 45% of eligible charges for energy services related to the delivery of electricity and 35% of eligible charges for energy services related to the delivery of gas and directed that base to which the percentages would apply be reduced to "energy services", **i.e.**; delivery costs.

In July 2001, the rules were revised as follows: Applicants for ECSP and LMEP applying after October 31, 2000, would receive special rebates pursuant to the statutory rates. Applicants that applied before the effective date of Chapter 472 would be divided into two groups, those that qualified before July 1, 2001, and those that qualified after June 30, 2001. The increased percentages for these two groups would be implemented beginning with the first billing cycle after June 1, 2001. For the group that qualified before July 1, 2001, the rules would implement increases that would be equivalent to an increase effective as of November 1, 2000. Thus, the amendments will provide separate schedules of higher rebate percentages that would apply to participants in ECSP and LMEP that were qualified to participate during part or all of the period from the effective date of Chapter 472 to June 30, 2001. Those that applied before the effective date but did not qualify until after June 30, 2001, would be subject to another set of lower percentages that would approximate equivalency with historic levels of program benefits but would not implement a retroactive adjustment to the effective date of Chapter 472.

The revision herein will further the statutory goals of these programs by: (1) revising the percentages for those companies that applied prior to November 1, 2000 to reflect currently projected energy costs so that their benefits will be approximately equivalent with the historic levels of program benefits; and (2) eliminating the higher rebate percentages that were made applicable to companies that applied prior to November 1, 2000 and were qualified prior to July 1, 2001 because those companies have now received benefits that fully compensate them, **viz.**, the benefits they have received are equivalent to what they would have received if the July 1, 2001 increases had been implemented as of November 1, 2000.

One change has been made since these rules were proposed. During preparation of the revised rules, the base rebate percentages applicable to gas consumers served under KeySpan's service classification 6 (rates 1 and 2) were miscalculated as a result of a typographical error. The intent was to calculate the base rebate percentage for these customers by determining the rebate on transportation charges that would have approximated a 20% discount on combined commodity and transportation charges, based on transportation and commodity prices in effect for the 12 months preceding the 2002/3 heating season. The actual calculations inadvertently overstated the pre-2002/3 heating season commodity prices by failing to deduct the transportation charges from the full-service rate (i.e., combined commodity and transportation charges) to determine commodity prices. Using the correct commodity prices reduces the

applicable base rebate percentages for service classification 6 customers served under rate 1 from 71% to 51% and those served under rate 2 from 72% to 52%.

2. Statement of Basis and Purpose in City Record June 18, 2001: Chapter 472 of the Laws of 2000 revised the Energy Cost Savings Program ("ECSP") and the Lower Manhattan Energy Program ("LMEP") to that the special rebate on eligible charges for gas and electricity would be based on "energy services" which include the charges for transmission and distribution of electricity and gas and exclude the costs of the commodities of electricity and gas. Prior to the amendments made by Chapter 472, the special rebate was based on "bundled services" which included the costs of both the commodity and delivery. Chapter 472 increased the percentages by which the special rebate is calculated to 45% of eligible charges for energy services related to the delivery of electricity and 35% of eligible charges for energy services related to the delivery of gas and directed that base to which the percentages would apply be reduced to "energy services", from which the commodity costs are excluded. Applicants for ECSP and LMEP applying after October 31, 2000 would receive special rebates pursuant to the statutory rates. Applicants that applied before the effective date of Chapter 472 would be divided into two groups, those that qualified before July 1, 2001, and those that qualified after June 30, 2001. The increased percentages for these two groups would be implemented beginning with the first billing cycle after June 1, 2001. For the group that qualified before July 1, 2001, the rules would implement increases that would be equivalent to an increase effective as of November 1, 2000. Thus, the proposed amendments would provide separate schedules of higher rebate percentages that would apply to participants in ECSP and LMEP that were qualified to participate during part or all of the period from the effective date of Chapter 472 to June 30, 2001. Those that applied before the effective date but did not qualify until after June 30, 2001, would be subject to another set of lower percentages that would approximate equivalency with historic levels of program benefits but would not implement a retroactive adjustment to the effective date of Chapter 472.

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

66 RCNY 5-18

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER B ELIGIBILITY CRITERIA AND THE DETERMINATION OF THE SPECIAL REBATE*3

§5-18 Special Rebates for Those that Applied for ECSP Benefits Prior to November 1, 2000.

(a) Paragraph (4) of subdivision (a) of §22-602 of the code states that the commissioner may increase the applicable percentages set forth in §5-16 of these rules "in order to maintain the special rebate at levels comparable to those historically provided under the program, pursuant to rules that are generally applicable to distinct classes of energy users." In accordance with this provision, the percentages set forth in §5-18(b) of these rules shall be applicable to the calculations of special rebates for all eligible energy users, eligible owners, and qualified eligible energy users that applied for ECSP benefits prior to November 1, 2000. These percentages shall be in place from the first billing cycle beginning on or after April 30, 2003.

(b) For all billing cycles prior to the ninety-seventh month of each of the above-noted eligible energy user's, eligible owner's and qualified eligible energy user's benefit period occurring during the period beginning on or after April 30, 2003, each such user shall receive rebates on eligible charges as specified in this paragraph; provided that the applicable rebate percentages shall not, for any affected electric or natural gas account, exceed 100% of the eligible charges or eligible public utility service charges charged in any billing cycle.

(1) The rebate percentage to be applied to eligible charges for electrical-related energy services provided by Con Edison pursuant to its "PSC No. 9-Electricity Rate Schedule" or "PSC No. 2-Retail Access Rate Schedule" shall equal the percentages specified in Attachment A of Appendix A to these rules, which shall vary depending on such user's average monthly load factor, applicable service classification and the applicable rate, and whether such user receives

discounts on service pursuant to a service rider. If, for any affected user, eligible charges for electrical-related energy services were rendered at more than one service classification and/or at more than one rate for a service classification, the rebate percentages specified in Attachment A of Appendix A to these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider applies to such user. To the extent that any user is served under Con Edison's "PSC No. 9-Electricity Rate Schedule" its rebate percentages shall be determined as if such user were served under Con Edison's PSC No. 2-Retail Access Rate Schedule.

(2) The rebate percentage to be applied to eligible charges for natural gas-related energy services provided by Con Edison pursuant to its "PSC No. 9-Gas Rate Schedule" shall equal the percentages specified in Attachment C of Appendix A to these rules, which shall vary depending on such user's average monthly consumption, applicable service classification and the applicable rate, and whether such user receives discounts on energy services rates pursuant to a service rider or other tariff provision. If, for any affected user, eligible charges for natural gas-related energy services were rendered at more than one service classification and/or at more than one rate for a service classification or if discounted service was provided to part of the consumption rendered through an account pursuant to a service rider or tariff provision, the rebate percentages specified in Attachment C of Appendix A to these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider applies to such user. To the extent that such user is served under "PSC No. 9-Gas Rate Schedule," its rebate percentages shall be determined as if such user were served under the corresponding full-service rate and service classification and rate.

(3)(A) Except as otherwise provided in subparagraph (B) of this paragraph (3), the rebate percentage to be applied to eligible charges for natural gas-related energy services provided by Keyspan pursuant to its "PSC No. 12-Gas Rate Schedule" shall equal the percentages specified in Attachment D of Appendix A to these rules, which shall vary depending on the user's average monthly consumption, the applicable service classification and the applicable rate, and whether the user receives discounts on energy services rates pursuant to a service rider or other tariff provisions. If, for any affected user, eligible charges for natural gas-related energy services were rendered at more than one service classification and/or at more than one rate for a service classification or if discounted service was provided to part of the consumption rendered through an account pursuant to a service rider or tariff provision, the rebate percentages specified in Attachment D of Appendix A to these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider or other tariff discount applies to such user.

(B) The special rebate levels applicable, pursuant to this paragraph (3), to eligible charges for energy services procured by an eligible energy user from KeySpan pursuant to service classification 4A (High Load Factor service) of its "PSC No. 12-Natural Gas Rate Schedule" shall be increased during the period beginning on or after April 30, 2003 and ending no later than October 31, 2004, by the amounts set forth in Schedule D-1 of Appendix A of these rules, depending on the user's average monthly consumption, for all eligible energy users that applied for ECSP benefits prior to November 1, 2000 and were certified before February 1, 2001.

The special rebate levels applicable, pursuant to this paragraph (3), to eligible charges for energy services procured by an eligible energy user from KeySpan pursuant to service classification 4A (High Load Factor service) of its "PSC No. 12-Natural Gas Rate Schedule" shall be increased during the period beginning on April 30, 2003 and ending no later than October 31, 2004, by the amount equal to half the amount set forth in such Schedule D-1, depending on the user's average monthly consumption, for all eligible energy users that applied for ECSP benefits prior to November 1, 2000 and were certified during the period beginning on or after January 31, 2001 and ending on or before September 30, 2002.

(4) The rebate percentage to be applied to eligible public utility service charges for electrical-related energy services provided by NYCPUS pursuant to its "Service Tariff No. 4 Rate Schedule" shall equal the percentages specified in Attachment B of Appendix A to these rules, which shall vary depending on the user's average monthly load factor, the applicable service classification and the applicable rate, and whether the user receives discounts on service pursuant to a service rider. If, for any affected user, eligible public utility service charges for electrical-related energy services were rendered at more than one service classification and/or at more than one rate for a service classification,

the rebate percentages specified in Attachment B of Appendix A to these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider applies to the user.

(5) The rebate percentage to be applied to eligible charges for natural gas-related energy services provided by a local distribution utility pursuant to an individually-negotiated natural gas sales contract entered into prior to November 1, 2001 and having a transportation price of less than $1.50 per dekatherm, shall be 100%.

(6) The rebate percentage to be applied to eligible charges for energy services provided by LIPA to an eligible energy user or eligible owner that applied for ECSP benefits before November 11, 2000 shall be 49% to the extent services are received through the Power for Jobs program and 57% to the extent energy services are provided by LIPA under its other commercial rates.

(c) For all billing cycles after the ninety-sixth month of each of the above-noted user's benefit period and thereafter during the period beginning with the first billing cycle following June 1, 2001, the applicable rebate percentages on eligible charges, determined as specified in §5-18(b) of these rules, shall be multiplied by an adjustment factor, depending on the month of the benefit period in which the energy services were rendered; provided that the applicable rebate percentages shall not, for any affected electric or natural gas account, exceed 100% of the eligible charges charged in any billing cycle. The adjustment factors are as follows:

Month of Benefit Period	Adjustment Factor
97 through 108	0.8
109 through 120	0.6
121 through 132	0.4
133 through 144	0.2
145 and thereafter	0.0

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER C METHOD OF GRANTING SPECIAL REBATES, UTILITY CREDITS AND/OR DISCOUNTS

§5-21 Granting of Special Rebates to Eligible Energy Users, Eligible Owners, Qualified Eligible Energy Users and On-Site Cogenerators.

(a)(1) A utility and NYCPUS shall reduce their monthly bills for energy services to eligible energy users, eligible owners, qualified eligible energy users and on-site cogenerators that are eligible to receive a special rebate pursuant to §5-14 of these rules during their respective benefit periods by the applicable special rebate calculated in accordance with such §5-14.

(2) A utility and NYCPUS shall commence reducing each such monthly bill in accordance with this subdivision (a) of this §5-21 within thirty (30) days of receipt of the executed certificate of eligibility, or upon the effective date of the certificate of eligibility, whichever is later. The special rebate provided by a utility or public utility service shall be separately stated and shown on each such bill.

(b)(1) A vendor that elects to provide an eligible energy user, eligible owner or qualified eligible energy user with special rebates pursuant to §5-14 of these rules shall provide such user or owner with a monthly bill for submetered energy services reduced during its benefit period by the applicable special rebate calculated in accordance with such §5-14.

(2) Such vendor shall commence reducing each such monthly submetered bill for energy services upon the effective date of the certificate of eligibility by the full amount of the special rebate that is calculated in accordance with

the applicable provisions of §5-14 of these rules. The special rebate shall be provided to such eligible energy user, eligible owner or qualified eligible energy user by the vendor on a monthly basis during the benefit period and such amount shall be separately stated and shown on each bill.

(3) Such eligible energy user, eligible owner or qualified eligible energy user, upon receipt of its reduced bill from the vendor, must remit payment in accordance with the written agreement between such user or owner and such vendor together with an executed remittance form, in accordance with §5-22 of these rules, setting forth the dollar amount of the special rebate such user or owner has received from its vendor for the applicable monthly billing cycle.

(4) The vendor shall execute and forward the remittance form to the utility or NYCPUS, whichever entity supplied such vendor with energy services, together with payment for the balance of the bill for such energy services in order to receive a discount from the utility or NYCPUS. The amount on such remittance form shall be credited on its bill for the monthly billing cycle during which the special rebate was made to the eligible energy user, eligible owner or qualified eligible energy user, or for such subsequent monthly billing cycle where payment by the vendor to the utility or NYCPUS was not timely made.

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER C METHOD OF GRANTING SPECIAL REBATES, UTILITY CREDITS AND/OR DISCOUNTS

§5-22 Remittance Form.

(a) Where special rebates are provided by a vendor of energy services, a remittance form, which shall be a form approved by the commissioner, shall be signed by the recipient and the vendor, submitted to the utility or NYCPUS, and the commissioner, and shall include, but not be limited to, the following information:

(1) the name of the recipient who receives submetered energy services;

(2) the vendor's utility or NYCPUS customer account name;

(3) the vendor's utility or NYCPUS customer account number;

(4) the amount of the special rebate granted by the vendor to a recipient for the billing period covered by the remittance form;

(5) the amount of the recipient's eligible charges for the applicable billing period;

(6) the billing period for which the recipient has received a special rebate from a vendor;

(7) the recipient's certificate of eligibility number and effective date;

(8) the schedule of special rebates the recipient may receive for the benefit period pursuant to Subchapter B of these rules;

(9) the amount of any additional fee charged by the vendor pursuant to paragraph 5-11(f)(ii) of these rules;

(10) such other information as may be requested by the commissioner.

(b) Remittance forms submitted in accordance with subdivision (a) of this section must be submitted to the commissioner within ninety (90) days of the closing meter reading date for which special rebates are sought. The commissioner may decline to approve a discount to a vendor of energy services based on submissions received after the expiration of such period.

Section amended City Record June 25, 2004 §8, eff. July 25, 2004. [See T66 §5-02 Note 1]

Section added City Record Jan. 9, 2001 eff. Feb. 8, 2001. [See Chapter 5 footnote]

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER D APPLICATIONS

§5-32 Submission of an Application.

(a) An applicant that applies after the effective date of these rules must comply with the following application procedures to be considered for eligibility under ECSP:

(1) An applicant that is relocating to premises that may qualify as replacement premises must file an application prior to taking occupancy of such premises or the signing of a lease or contract of sale for such premises, whichever is earlier (except in the case of a contract of sale entered into subject to the approval of public or private financing).

(2) An applicant that owns and occupies, manages or operates real property or a building that may qualify as specially eligible premises must file an application within the following time constraints, whichever is applicable:

(i) prior to the approval of an inducement resolution by IDA to finance in whole or in part an applicant's IDA project; or

(ii) prior to the signing of a lease approved by UDC or by the City in accordance with the applicable Charter provisions for premises contained on or within real property owned by the City or UDC; or

(iii) after the filing of a preliminary application or final application with DOF for construction or renovation in connection with an ICIP project eligible to obtain ICIP benefits from DOF.

(3) An applicant that is occupying premises within a building that it does not own, operate or manage and which building is the subject of an application for an initial certificate of eligibility as specially eligible premises must file an application within one hundred twenty (120) days of the effective date of the initial certificate of eligibility for such building to obtain a certificate of eligibility for such premises.

(4) An applicant that takes occupancy of premises within a building that has previously qualified as specially eligible premises must file an application within one hundred twenty (120) days of taking occupancy of such premises, or of the signing of a lease or contract of sale for such premises, whichever is earlier.

(5) No applicant shall be certified as eligible more than 5 years after the initial submission by such applicant pursuant to paragraphs (1) or (2) of subdivision (a) of this section, except where the approval of the application has been delayed by the actions or inactions of the City of New York and/or the applicant demonstrates to the commissioner that it has made substantial progress toward obtaining certification. An applicant that cannot make such demonstration will be given the opportunity to renew its application by updating its application with current information and by paying a new application fee according to the fee schedule currently in effect.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER D APPLICATIONS

§5-33 Contents of Application.

(a) The applicant shall have the affirmative burden of proving its eligibility to the satisfaction of the commissioner as to each and every fact contained in the application. The applicant shall provide DSBS with all information required in the application and deemed necessary or useful for the administration of ECSP, including but not limited to, the following:

(1) applicant's name; telephone number; address at its current and previously occupied premises, where applicable; employer identification number; name of utility and utility customer number at the eligible premises, if available, and for the previously occupied premises, where applicable; number of present employees to be relocated or located at the eligible premises; length of time at the previously occupied premises, where applicable; names and addresses of any parent, subsidiaries, or affiliated companies; and the name and title of an individual authorized to complete the application on behalf of the applicant; and

(2) a lease, contract of sale or deed for the eligible premises, whichever is applicable; copies of utility bills for the previously occupied premises and the eligible premises, where applicable; federal and state tax returns, as may be requested by the commissioner to verify among other things, occupancy at the eligible premises and the previously occupied premises, where applicable;

(3) any other information, documentary or otherwise, including, but not limited to, sworn statements and other

data, that the commissioner deems relevant to evaluate the applicant's application; and

(4) a sworn statement agreeing to return all special rebates in excess of $10,000 per employee received during any calendar year, with interest calculated at the prime rate as specified in The New York Times published on the last day of that calendar year, compounded monthly.

(b) In addition to the requirements of subdivision (a) of this §5-33, an applicant that purchases energy services from a vendor shall submit as part of its application in form and substance satisfactory to the commissioner, the following:

(1) a written contract or lease agreement between the applicant and the vendor setting forth an agreement by such vendor to provide individual and accurate submetering of the applicant's premises, and stating as conditions for the sale of energy services from such vendor to the applicant that:

(i) the applicant will be separately billed for its usage of energy services; and

(ii) the price charged by such vendor for such energy services, electricity and/or natural gas, shall not exceed the limits set forth in §5-11(f)(ii) of these rules; and

(2) a written confirmation by such applicant's vendor to the commissioner stating the vendor's agreement to participate in ECSP by providing a special rebate to the applicant and by complying with the terms of the agreement referred to in paragraph (b)(1) of this §5-33. Pursuant to such written confirmation, the vendor shall agree to provide separate monthly bills to the applicant itemizing all charges for energy services consumed and separately state the applicable ECSP benefit.

(c) In addition to the requirements of subdivision (a) and (b) of this section, an applicant seeking to be certified as a clean on-sight cogenerator shall provide evidence, acceptable to the commissioner, that the electricity generating facility seeking certification has an emission rate for nitrous oxides required of clean on-site cogenerators.

66 RCNY 5-34

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER D APPLICATIONS

§5-34 Application Filing Fee.

(a) For commercial buildings seeking designation as a specially eligible premises and commercial firms qualifying for ECSP by virtue of a relocation, the application fee shall be determined as set forth below:

Gross Square Footage of Applicant's Premises	Fee
Less than 10,000 square feet	$500
10,001 to 25,000 square feet	$1,000
25,001 to 50,000 square feet	$1,250
50,001 to 100,000 square feet	$1,500
100,001 to 250,000 square feet	$2,500
Over 250,000 square feet	$5,000

In the case of an eligible owner (for example, a landlord) applying for ECSP benefits for a building, gross square footage for purposes of the filing fee is limited to square footage that is not or will not be occupied by tenants (i.e., common areas, equipment rooms etc.).

(b) In addition to the filing fee, an applicant shall pay for all costs incurred as a result of any survey conducted by or at the request of the commissioner to develop or verify any factual matters relating to the application.

(c) All fees shall be made payable by check or money order to the "New York City Department of Small Business

Services".

§5-35 Representations and Warranties.

(a) As part of the application and reports required by the Act or these rules, the applicant shall certify and make such representations and warranties as may, from time to time, be deemed necessary to ensure compliance with the provisions of all applicable laws and these rules, including, but not limited to, the following:

(1) that all statements made by or on behalf of the applicant in connection with the application are made by a person authorized by the applicant to make such statements and having actual knowledge or documentary information sufficient to make informed and accurate statements, and that such person believes all such statements to be true;

(2) that the applicant and its employees and agents will comply with and be in compliance with all provisions of federal, state and local laws, all local rules and executive orders, and these rules;

(3) that the applicant is applying for a special rebate only to the extent described in the application and permitted by the Act and these rules;

(4) That the applicant represents, acknowledges, covenants and agrees that it bears sole responsibility for paying the full amount of energy services costs to the appropriate utility, vendor or NYCPUS until such time as the special rebate (if any) granted to the applicant under ECSP is reflected on the applicant's bill;

(5) that the applicant agrees to permit or cause permission to be granted to the City and its agents to inspect its premises and, in the case of an applicant relocating to replacement premises, the premises from which such applicant is relocating, upon notice during regular business hours; and

(6) any other representations or warranties as may be required in the application or requested by the commissioner.

(b) In addition to the requirements of subdivision (a) of this §5-35, the applicant shall covenant and agree to repay with interest at the prime rate, as reported in The New York Times (or similar periodical selected by the commissioner), on the effective date of its certificate of eligibility accrued from the date of receipt, the full amount of any special rebate that the applicant has received if subsequently it is determined by the commissioner that the applicant was ineligible to receive a special rebate for any reason.

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER E NOTIFICATION OF ELIGIBILITY, COMMENCEMENT OF ELIGIBILITY AND OPPORTUNITIES TO BE HEARD

§5-42 Certificate of Eligibility.

(a) The commissioner's staff will coordinate with the recipient, the utility, the vendor, NYCPUS and DOF, where applicable, to establish the effective date of the certificate of eligibility, which shall in no event be on or after July 1, 2005.

(b) The certificate of eligibility shall include the following information:

(1) the benefit period the recipient is qualified for;

(2) the special rebate a recipient is qualified for;

(3) its date of issuance;

(4) its effective date; and

(5) its termination date.

(c) An applicant must execute the certificate of eligibility and return it to the commissioner within six (6) months of the issuance date stated on the certificate of eligibility or before July 1, 2005, whichever is earlier. Failure of the

applicant to comply with this subsection may result in a revocation of the certificate of eligibility.

(d) Subsequent to establishing the effective date of the certificate of eligibility, the commissioner's staff shall affix such date to the applicant's certificate of eligibility and forward a copy of the fully completed and executed certificate of eligibility to the applicant and any other necessary party.

(e) The effective date of a certificate of eligibility issued by the commissioner after June 30, 2003, and before July 1, 2005, to an on-site cogenerator serving an eligible energy user that was certified before July 1, 2003 shall be the effective date of the first certificate of eligibility issued to such eligible energy user.

(f) The commissioner is authorized to certify an applicant as an on-site cogenerator as of a date prior to July 1, 2003, regardless of the date of such applicant's application for certification, provided the applicant demonstrates to the satisfaction of the commissioner that the applicant had fulfilled all eligibility and filing requirements prior to July 1, 2003, and was not certified prior to such date due to the actions or inaction of the City.

Section amended City Record June 25, 2004 §13, eff. July 25, 2004. [See T66 §5-02 Note 1]

Section added City Record Jan. 9, 2001 eff. Feb. 8, 2001. [See Chapter 5 footnote]

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5*1 NEW YORK CITY ENERGY COST SAVINGS PROGRAM

SUBCHAPTER E NOTIFICATION OF ELIGIBILITY, COMMENCEMENT OF ELIGIBILITY AND OPPORTUNITIES TO BE HEARD

§5-44 Reporting and Inspection Requirements.

(a) During the term of the benefit period, a recipient shall promptly notify the commissioner of any material changes that may affect a recipient's eligibility under ECSP, including but not limited to changes in: (1) the use or type of operations conducted at the eligible premises; (2) recipient's energy usage; (3) the type of metering or method of billing for energy usage at the eligible premises; (4) the occupancy and/or ownership of the eligible premises including, without limitation, the entering into of any leases or subleases at such eligible premises; (5) the number of employees performing work for the recipient and its affiliates or other persons at the premises during each month of the preceding twelve month period.

(b) During the term of the benefit period, a recipient shall annually submit to the commissioner a reporting form, within thirty (30) days of the end of each calendar year, to document the current status of the recipient's continued eligibility under ECSP. Failure of a recipient to submit the annual reporting form may result in the commissioner's discontinuance of the recipient's special rebate.

(c) The commissioner may require a recipient to submit such supporting documentation, including payroll, unemployment insurance filings and the like, as may be needed to verify the accuracy of the submissions of recipients in accordance with subdivision (a) of this section and carry out the purpose and functions of ECSP.

(d) Information received by the commissioner pursuant to this section or otherwise may be used by him or her to determine that a recipient does not satisfy the applicable eligibility criteria in the act or these rules. The commissioner may, among other things, suspend a recipient's certificate of eligibility until a final determination of eligibility can be made, or revise, terminate or revoke such recipient's certificate of eligibility, on the basis of such information or failure to submit requested information.

(e) During the term of the benefit period, a clean on-site cogenerator shall annually submit to the commissioner a report of its nitrous oxide emissions, thermal output used productively, and electric output used by eligible energy users, on a form approved by the commissioner, within thirty (30) days of the end of each calendar year, to document such cogenerator's continued eligibility under ECSP as a clean on-site cogenerators. Failure of an on-site cogenerator to submit such annual emissions reporting form may result in the discontinuance or reduction by the commissioner of the recipient's special rebate. In addition, users shall repay any special rebates received in excess of $10,000 per employee in any calendar year, within ninety (90) days of receiving a written request from the commissioner.

(f) The commissioner and his or her designated agents shall have the right to inspect any premises and operations for which an applicant claims special rebates to verify compliance with the statutes and rules governing the Energy Cost Savings Program, including emissions and space heating restrictions.

FOOTNOTES

1

[Footnote 1]: * Chapter added City Record Jan. 9, 2001 eff. Feb. 8, 2001. Note Statement of Basis and Purpose: The new rules implement the Energy Cost Savings Program (ECSP) and the Lower Manhattan Energy program (LMEP). They incorporate changes to LMEP and ECSP made by recent amendments to the General City Law and the Administrative Code by Chapter 472 of the Laws of New York, which was signed into law by the Governor on September 20, 2000. These amendments, which set forth how ECSP and LMEP benefits are to be provided in a deregulated market, provide in part that the Commissioner may increase the special rebate percentages (45% for electricity and 35% for natural gas) "at the Commissioner's discretion in order to maintain the special rebate at levels comparable to those historically available under the program, pursuant to rules that

are generally applicable to distinct classes of energy users." These rules do not immediately increase the special rebate. Due to the current volatility in energy markets, it may be appropriate to increase the special rebates for some classes of customers. This issue will be reviewed in the near future.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER A GENERAL PROVISIONS

§5-51 Authority; Purpose.

(a) These rules are promulgated pursuant to Chapter 4 of the Laws of 1995 of the State of New York, as amended, to effectuate the purposes of the New York City Lower Manhattan Energy Program (the "Program").

(b) The purpose of the Program is to encourage commercial development, through construction, expansion or improvement of commercial space in a defined area of Lower Manhattan, by providing a reduction of certain electricity costs related to the transmission and distribution of electricity for a period of twelve (12) years or, in specified cases involving landmark sites, thirteen (13) years, including reductions in the cost of energy services purchased from the New York City Public Utility Service.

(c) These rules set forth the standards and criteria used to determine eligibility and the available reductions in energy costs, as well as requirements for applications and procedures for review of determinations made in connection with the Program.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 5-52

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER A GENERAL PROVISIONS

§5-52 Definitions.

As used in these rules, the following terms shall have the respective meanings set forth below:

Act. "Act" means Article 2-I of the General City Law of the State of New York, as added by Chapter 4 of the Laws of 1995 of the State of New York, as amended by Chapter 154 of the Laws of 1999 and Chapters 103 and 472 of the Laws of 2000.

Applicant. "Applicant" means any person applying individually or jointly as an owner or lessee of a building, or a portion thereof, or an agent of such owner or lessee, for a certificate of eligibility as an eligible redistributor of energy or a qualified eligible redistributor of energy, or a holding company, parent corporation, or subsidiary or affiliated corporation so applying on behalf of any of the foregoing.

Application. "Application" means the application for a certificate of eligibility and shall include the preapplication and all supporting exhibits submitted and statements made by an applicant to the commissioner for the purpose of determining such applicant's initial eligibility for benefits as an eligible redistributor of energy or as a qualified eligible redistributor of energy under LMEP, and shall include the information required by §5-82 of these rules.

Assessed value. "Assessed value" means the assessed value of the real property and buildings thereon for tax purposes during the tax year in which improvements to such real property and buildings thereon commenced, as

required by and referred to in these rules.

Average monthly load factor. "Average monthly load factor" means, for each electric account, the average monthly load factor for the preceding 12-month period, determined once annually using the most recently available twelve months of load factor data.

Benefit period. "Benefit period" means the number of months a recipient is eligible to receive a special rebate, which period shall not exceed one hundred and forty-four (144) consecutive months, beginning on the effective date of the recipient's certificate of eligibility, unless such building is a landmark site, in which case the benefit period shall not exceed one hundred and fifty-six (156) consecutive months, beginning on the effective date of the recipient's certificate of eligibility.

Building. "Building" means articles, structures, substructures and superstructures erected upon, under, or above real property, or affixed thereto, and fixtures (other than trade fixtures) and other improvements erected or situated thereon.

Building permit. "Building permit" means a permit approving proposed construction work issued by the New York City Department of Buildings, DBS or other agency of the City authorized by law to receive and approve plans for construction work. A building permit shall include a permit to construct a new building, an alteration, foundation, plumbing, sign or equipment work permit and may, at the option of the applicant, include a permit for partial demolition or earthwork.

Certificate of eligibility. "Certificate of eligibility" means the document or documents issued by the commissioner evidencing the eligibility of an applicant to receive a special rebate as an eligible redistributor of energy or a qualified eligible redistributor of energy. The certificate of eligibility shall include such information as is required pursuant to §5-87 of these rules.

Charter. "Charter" means the New York City Charter of New York, as amended.

City. "City" means The City of New York.

Code. "Code" means the Administrative Code of the City of New York, as amended.

Commissioner. "Commissioner" means the Commissioner of DBS or his or her designee or his or her successor in function.

Common areas, systems and facilities. "Common areas, systems and facilities" mean those areas, systems and facilities of a building that are shared by tenants and building owners, including, but not limited to: heating; ventilation and cooling systems; public, light and power; facilities, machinery and support hardware of a building, including, but not limited to, shafts, enclosing walls, corridors and lobbies, and loading docks of a building.

Contiguous square footage. "Contiguous square footage" means gross square footage that is in actual contact or touching along a boundary or at a point, and shall include space on two (2) or more floors that are directly above or below each other.

DBS. "DBS" means the New York City Department of Business Services or its successor in function.

DOF. "DOF" means the New York City Department of Finance or its successor in function.

Directly metered eligible revitalization area energy user. "Directly metered eligible revitalization area energy user" means an eligible revitalization area energy user that is directly metered by a utility.

Effective date. "Effective date" means the effective date of a certificate of eligibility, which date is the first day of

the first billing cycle after a certificate of eligibility is issued.

Eligible building. "Eligible building" means a building or structure that meets the criteria set forth in §25-aa(a) of the Act and §5-61 of these rules.

Eligible charges. "Eligible charges" mean charges for energy services, system benefits charges and competitive transition charges, including service discounts, by a utility determined in accordance with §25-aa(b) of the Act and the applicable provisions of §5-64 of these rules, to which charges the applicable percentages in §5-65 or §5-67 of these rules are applied to determine the amount of a special rebate.

Eligible public utility service charges. "Eligible public utility service charges" mean charges for energy services purchased from NYCPUS, determined in accordance with §25-aa(b) of the Act and the applicable provisions of §5-64 of these rules.

Eligible redistributor of energy. "Eligible redistributor of energy" means a person that meets the criteria set forth in §25-aa(c) of the Act and §5-62 of these rules.

Eligible revitalization area. "Eligible revitalization area" means the area of the City defined in §25-aa(d) of the Act, namely the area of the City in the borough of Manhattan bounded by Murray Street on the north starting at the intersection of West Street and Murray Street; running easterly along the center line of Murray Street; connecting through City Hall Park with the center line of Frankfort Street and running easterly along the center lines of Frankfort and Dover Streets to the intersection of Dover Street and South Street; running southerly along the center line of South Street to Peter Minuit Plaza; connecting through Peter Minuit Plaza to the center line of State Street and running northwesterly along the center line of State Street to the intersection of State Street and Battery Place; running westerly along the center line of Battery Place to the intersection of Battery Place and West Street; and running northerly along the center line of West Street to the intersection of West Street and Murray Street. Any tax lot which is partly located inside the eligible revitalization area shall be deemed to be entirely located inside such area.

Eligible revitalization area energy user. "Eligible revitalization area energy user" means any person that meets the criteria set forth in §25-aa(e) of the Act and §5-63 of these rules.

Energy services. "Energy services" mean (i) the transportation of electric commodity within the franchised service territory of a utility through such utility's local transmission or distribution assets, (ii) metering of a user's consumption, including meter reading, and (iii) billing services related to the preparation and collection of the user's utility bill. Energy services shall not include the provision of electric commodity, transmission-related functions for which charges are rendered by the New York Independent System Operator, nor shall they include transportation of electric commodity to a utility system.

Energy services bill. "Energy services bill" means a statement of charges for energy services rendered by a utility, NYCPUS, an eligible redistributor of energy or qualified eligible redistributor of energy and shall include a bill for rent or similar charges for the occupancy of premises where such rent or similar charges include the use of energy services.

FERC. "FERC" shall mean the Federal Energy Regulatory Commission.

Floor area. "Floor area" means either the gross area or the rental area of the eligible building. The gross area means all of the area within the exterior walls of the building. The rentable area means the square footage leased to a particular tenant for its exclusive use as reflected in the lease agreement. An applicant may select either of these meanings, but must be consistent in the application of the meaning.

Hospital. "Hospital" means a hospital as defined in §2801 of the Public Health Law of the State of New York.

Hotel. "Hotel" means a building or portion thereof, that is regularly used and kept open as such for the lodging of

guests, including, but not limited to, an apartment hotel, a motel, a boarding house or club or any other facility whose principal use is residential accommodation, whether or not meals are served.

ICIP. "ICIP" means the New York City Industrial and Commercial Incentive Program as set forth in Title 11, Chapter 247, Part 3 of the Code, as amended.

IDA. "IDA" means the New York City Industrial Development Agency established pursuant to §850 of the General Municipal Law of the State of New York, as amended.

Landmark site. "Landmark site" means a building or any part thereof that has been designated as a landmark pursuant to the provisions set forth in Chapter 3 of Title 25 of the code.

LMEP or Program. "LMEP" or "Program" means the New York City Lower Manhattan Energy Program described in the Act and Subchapter A of these rules.

Manufacturing activity. "Manufacturing activity" means an activity involving the assembly of goods to create a different article or the processing, fabrication, or packaging of goods.

Mixed-use property. "Mixed-use property" means mixed-use property as defined in Title 2-E of Article 4 of the Real Property Tax Law of the State of New York.

Monthly load factor. "Monthly load factor" means, for each electric account, the number determined by dividing (a) the account's energy consumption, measured in kilowatt hours, for a monthly billing period, by (b) the peak electric demand, measured in kilowatts, for such monthly billing period multiplied by the number of billing days in the period multiplied by 24 hours.

NYCPUS. "NYCPUS" means the New York City Public Utility Service established by Local Law No. 78 of 1982, codified in Title 22, Chapter 3 of the code.

Person. "Person" means any individual, partnership, association, corporation, limited liability company, estate or trust, and any combination of the foregoing.

Preapplication. "Preapplication" means the initial filing in the process of applying for a certificate of eligibility and shall contain the information required by §5-82(a) of these rules.

Public Service Commission or PSC. "Public Service Commission" or "PSC" means the Public Service Commission of the State of New York, created by and defined in §2 of the Public Service Law of the State of New York.

Qualified eligible redistributor of energy. "Qualified eligible redistributor of energy" shall have the meaning ascribed to such term in §25-aa(m) of the Act.

Real property. "Real property" means land and articles, structures, substructures and superstructures erected upon, under or above the land or affixed thereto and articles of equipment, as described by, and subject to assessment for taxation pursuant to subdivision (a), (b), (f) or (i) of §102(12) of the Real Property Tax Law of the State of New York, but not including any incorporeal right, franchise or special franchise.

Recipient. "Recipient" means an applicant that has satisfied the eligibility criteria of Subchapter B of these rules and has been certified by the commissioner as either an eligible redistributor of energy or a qualified eligible redistributor of energy.

Retail space. "Retail space" means space used by an applicant that: (a) is predominantly engaged in the sale of tangible personal property to any person, for any purpose unrelated to the trade or business of such person; or (b) is

predominantly engaged in selling services to persons for any purpose unrelated to the trade or business of such persons; provided however, where such sale of tangible personal property or services described herein is performed by only one (1) or more operating units, divisions or subdivisions of the applicant, or at only one (1) or more locations, only such operating units, divisions, or subdivisions, or such locations, shall come within the definition contained herein, and provided, further, that retail space shall not include space occupied by bankers, insurance brokers, real estate brokers, stock brokers, doctors, lawyers or accountants.

Service classification. "Service classification" means the classification used by a utility in its rate schedule that sets forth the particular rates charged for energy services that are applicable to particular kinds of customers.

Site visit. "Site visit" means an on-site inspection performed by or at the direction of DBS to determine the use of energy services, size, or occupancy of certain buildings, real property or any portion of such building or real property.

Special rebate. "Special rebate" shall mean the amount of reduction in an energy services bill rendered by a utility or NYCPUS for energy services to an eligible redistributor of energy or a qualified eligible redistributor of energy or directly metered eligible revitalization energy user, or an agent of any of these, and shall be calculated as a percentage of eligible charges in accordance with the provisions of §5-65 or §5-67 of these rules.

Submeter. "Submeter" means a meter that individually and accurately meters an occupant's usage of energy services.

Survey. "Survey" means a study or report based on on-site field inspections, professional surveys by a licensed professional engineer, data collection or meter readings or other actions related to determining the size, use, energy services consumption, or occupancy of certain buildings or real property, or portions thereof.

Systems benefit charge. "Systems benefit charge" means a charge that is regulated by the PSC and that a utility is required to collect from its customers for the purposes of funding public benefit programs.

Targeted eligible building. "Targeted eligible building" means a building or structure which meets the criteria set forth §25-aa(q) of the Act.

UDC. "UDC" means the New York State Urban Development Corporation or any subsidiary or any successor in function thereof created and defined by §6254 of the Unconsolidated Laws of the State of New York.

Utility. "Utility" shall mean any provider of energy services within the eligible revitalization area that is subject both to the jurisdiction and general supervision of the PSC and to a tax imposed pursuant to Chapter 11 of Title 11 of the code.

Utility credit. "Utility credit" means a credit to which a utility is entitled, in accordance with the rules promulgated by DOF, against the tax imposed under Chapter 11 of Title 11 of the code, and equal to the aggregate amount of all special rebates granted by such utility in accordance with the requirements of the Act and these rules.

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER A GENERAL PROVISIONS

§5-55 Material Misrepresentations, Misstatements and Omissions.

(a) An applicant's or recipient's refusal to provide factual information or to cooperate with the commissioner or the staff of DBS in the review of the facts and circumstances upon which a determination of eligibility or of continued eligibility is to be based shall constitute grounds for denial of an applicant's eligibility, or for suspension or revocation of a recipient's certificate of eligibility.

(b) The commissioner may deny an application for a certificate of eligibility or suspend, terminate or revoke a certificate of eligibility issued pursuant to the program whenever:

(1) a recipient fails to comply with the requirements set forth in the Act or these rules; (2) an application, certificate, amendment, supplement or other document submitted by an applicant pursuant to the Act or these rules contains a false or misleading statement as to a material fact or omits to state any material fact necessary in order to make the statements therein not false or misleading;

(3) any real property tax or water or sewer charge due and payable with respect to an eligible building or targeted eligible building shall remain unpaid for at least one (1) year following the date upon which such tax or charge became due and payable, unless within thirty (30) days from the mailing of a notice of termination by DBS satisfactory proof is presented to DBS that any and all delinquent taxes and charges owing with respect to such building as of the date of such notice have been paid in full or are currently being paid in timely installments pursuant to a written agreement with

the appropriate City agency; or

(4) any payment in lieu of taxes payable with respect to such buildings shall remain unpaid for at least one (1) year following the date upon which such payment became due and payable, unless within thirty (30) days from the mailing of a notice of termination by DBS satisfactory proof is presented to DBS that any and all delinquent payments in lieu of taxes with respect to such building as of the date of such notice have been paid in full or are currently being paid in timely installments pursuant to a written agreement with the appropriate City agency.

(d) DBS shall revoke a certificate of eligibility in the event a recipient fails at any time within the first five (5) years of the benefit period to submeter any portion of a building as required by the Act or in accordance with the requirements set forth in paragraph §5-63(d)(1) of these rules. The City may maintain a civil action or proceeding to recover an amount equal to any benefits improperly obtained.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-61 Eligible Building.

To qualify as an eligible building, a building shall be located in an eligible revitalization area and:

(a) shall meet the criteria set forth in paragraphs (1), (2), (3) or (4) below:

(1) such building is eligible to obtain benefits under Title 2-D of Article 4 of the Real Property Tax Law, or would be eligible to receive benefits under such title except that such property is exempt from real property taxation and the requirements of paragraph (b) of subdivision seven of section four hundred eighty-nine-dddd of such law have not been satisfied, provided that application for such benefits was made after June 30, 1995, and before July 1, 2005, that construction or renovation of such building or structure was described in such application, that such building or structure has been substantially improved by such construction or renovation, and that the minimum required expenditure as defined in such title has been made within such period of time established by the applicable provisions of Title 2-D of Article 4 of the Real Property Tax Law for the construction of a new building or structure; or

(2) such building is the subject of an IDA inducement resolution adopted by the IDA after June 30, 1995 and before July 1, 2005, to receive financing by IDA, provided that IDA financing has been used in whole or in part to substantially improve the building by construction or renovation, that expenditures made for improvements to the building have been made in excess of twenty percent (20%) of the assessed value of the real property and buildings, and that such expenditures have been made within thirty-six (36) months after the earlier of: (A) the issuance by IDA of

bonds for such financing; or (B) the conveyance of title to such building to IDA; or

(3) such building is owned by the City or UDC, and is subject to a lease that was approved in accordance with the applicable provisions of the Charter or by UDC's board of directors, as the case may be, and such approval was obtained after June 30, 1995, and before July 1, 2005, provided that expenditures have been made for improvements to such real property in excess of twenty percent (20%) of the assessed value of the real property and buildings, and that such expenditures have been made within thirty-six (36) months after the effective date of such lease; or

(4) is eligible to obtain benefits as mixed-use property, or would be eligible to obtain benefits as mixed-use property except that such building is exempt from real property taxation and the requirements of paragraph (b) of subdivision ten of section four hundred eighty-nine-ccccc of the Real Property Tax Law of the State of New York have not been satisfied, provided that application was made after June 30, 1995, and before July 1, 2000, that such building has been substantially improved by such renovation, and that the minimum required expenditure as defined in such title has been made;

(b) such construction or renovation described in subdivision (a) of this section shall occur subsequent to filing for a building permit for such construction or renovation. In the case where a building permit is not required for renovation or construction (e.g., installation of machinery), an application shall be filed prior to beginning any work on the building the expenditures for which are described in subdivision (a) of this section. Such fact must be documented by a written statement by a licensed professional architect or licensed professional engineer sworn to or affirmed under penalties of perjury;

(c) such building or portion thereof shall have provisions to receive electricity either: (i) directly from a utility; or (ii) from NYCPUS; and

(d) such building or portion thereof is metered or submetered in accordance with the provisions set forth in paragraph §5-63(d)(1) of these rules.

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-62 Eligible Redistributor of Energy.

(a) Only eligible redistributors of energy and qualified eligible redistributors of energy, as described in, and to the extent permitted by, the Act and these rules, are eligible for special rebates under LMEP.

(b) To qualify for benefits as an eligible redistributor of energy, an applicant must own or lease an eligible building, or a portion thereof, and purchase energy services on a metered basis from a utility or NYCPUS, and:

(1)(i) resell or otherwise redistribute such energy services to one or more eligible revitalization area energy users that occupy such eligible building; or

(ii) consume or use such energy services itself and qualify as an eligible revitalization area energy user; and

(2) individually and accurately meter or submeter the energy services it redistributes in accordance with the provisions set forth in paragraph §5-63(d)(1) of these rules.

(c) A person that owns or leases any portion of an eligible building containing mixed-use property shall not be an eligible redistributor of energy unless that portion of such mixed-use property used for commercial purposes is metered by a utility or NYCPUS directly and separately from other portions of such mixed-use property.

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-63 Eligible Revitalization Area Energy Users.

(a) To qualify for benefits as an eligible revitalization area energy user, a person shall: (1) purchase or otherwise receive energy services for its own use either directly from a utility or NYCPUS or from an eligible redistributor of energy or a qualified eligible redistributor of energy;

(2) occupy, operate or manage premises in an eligible building or a targeted eligible building; and

(3) be metered or submetered in accordance with the provisions set forth in subdivision (d) of this §5-63.

(b) A person shall not qualify as an eligible revitalization area energy user if such person engages in any of the following activities or uses in an eligible building or targeted eligible building:

(1) occupying residential space;

(2) engaging primarily in manufacturing activity;

(3) operating a hospital;

(4) operating a hotel; or

(5) occupying retail space.

(c) An eligible redistributor of energy shall be an eligible revitalization area energy user with respect to:

(1) vacant premises within an eligible building which have been constructed or renovated by such eligible redistributor of energy for occupancy by an eligible revitalization area energy user other than such eligible redistributor of energy; and

(2) common areas, systems and facilities to the extent such common areas, systems and facilities are used by eligible revitalization area energy users and such usage is not billed to such users, except that a person shall not be an eligible revitalization area energy user of common areas, systems and facilities located in mixed-use buildings unless such common areas, systems and facilities are separate from the common areas, systems and facilities that serve that portion of the mixed-use property used for residential purposes and serve only that portion of such mixed-use property used for commercial purposes.

(d) A person shall not qualify as an eligible revitalization area energy user if the premises occupied, operated or managed by such person:

(1) exceed the lesser of ten thousand (10,000) contiguous square feet in area or the entire floor of an eligible building or targeted eligible building and are not individually and accurately metered or submetered to determine the occupant's usage of energy services. A person that occupies more than one (1) floor of an eligible building or targeted eligible building or more than ten thousand (10,000) contiguous square feet, is required to have only one (1) meter or submeter for its premises; or

(2) are located in that portion of mixed-use property used for commercial purposes, and such portion is not metered by a utility or NYCPUS directly and separately from other portions of such mixed-use property.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-64 Eligible Charges and Eligible Public Utility Service Charges.

(a) **Eligible charges.** (1) Eligible charges are charges for energy services purchased from a utility at a rate or rates established pursuant to an order or rule of the PSC or FERC, other than charges for the purchase of the commodity of electricity, and shall include applicable rate reductions for economic development or similar purposes, and all taxes payable thereon and shall exclude charges in accordance with paragraph (2) of this subdivision (a).

(2) Eligible charges shall not include the following charges:

(i) charges for energy services used by persons that are not eligible revitalization area energy users;

(ii) any special charges on bills relating to such energy services, including, but not limited to, collection charges, late payment charges or excess distribution charges, or any additional fee charged by an eligible redistributor of energy for energy services, as authorized by subdivision §5-71(g) of these rules; and

(iii) charges for energy services used for common areas, systems and facilities to the extent such services are excluded pursuant to subparagraph (3)(ii) of this section.

(3)(i) Except as set forth in subparagraph (ii) of this subdivision, eligible charges shall include charges for energy services used for common areas, systems and facilities of an eligible building meeting the criteria set forth in paragraphs

(1), (2) or (3) of subdivision §5-61(a) of these rules to the extent such common areas, systems and facilities are used by eligible revitalization area energy users, except that charges attributable to other users, if minor and incidental, may be included in eligible charges for such common areas, systems and facilities.

(ii) Eligible charges shall not include charges for energy services used for common areas, systems and facilities of an eligible building meeting the criteria set forth in paragraph §5-61(a)(4) of these rules, unless such common areas, systems and facilities are separate from the common areas, systems and facilities that serve that portion of the mixed-use property used for residential purposes and serve only that portion of such mixed-use property used for commercial purposes.

(b) **Eligible public utility service charges.** (1) Eligible public utility service charges are actual charges for energy services provided by a public utility service, including charges for public utility administrative services, and shall include all taxes payable thereon, and shall exclude charges in accordance with paragraph (2) of this subdivision (b).

(2) Eligible public utility service charges shall not include the following charges:

(i) charges for energy services used by persons that are not eligible revitalization area energy users;

(ii) any special charges on such bills relating to energy services, including, but not limited to, collection charges, late payment charges or excess distribution charges, or any additional fee charged by an eligible redistributor of energy or qualified eligible redistributor of energy for energy services, as authorized by subdivision §5-71(g) of these rules; and

(iii) charges for energy services used for common areas, systems and facilities to the extent such energy services are excluded pursuant to paragraph (3)(ii) of this section.

(3)(i) Except as set forth in subparagraph (ii) of this subdivision, eligible public utility charges shall include charges for energy services used for common areas, systems and facilities of an eligible building meeting the criteria set forth in paragraphs (1), (2) or (3) of subdivision §5-61(a) of these rules or a targeted eligible building meeting the criteria set forth in paragraph (1), (2) or (3) of subdivision (q) of §25-aa of the Act to the extent such common areas, systems and facilities are used by eligible revitalization area energy users, except that charges attributable to other users, if minor and incidental, may be included in eligible charges for such common areas, systems and facilities.

(ii) Eligible public utility service charges shall not include charges for energy services used for common areas, systems and facilities of an eligible building meeting the criteria set forth in paragraph §5-61(a)(4) of these rules or a targeted eligible building meeting the criteria set forth in paragraph (4) of subdivision (q) of §25-aa of the Act, unless such common areas, systems and facilities are separate from the common areas, systems and facilities that serve that portion of the mixed-use property used for residential purposes and serve only that portion of such mixed-use property used for commercial purposes.

(c)(1) An eligible redistributor of energy or qualified eligible redistributor of energy has the burden of demonstrating to the commissioner that charges for energy services are eligible charges or eligible public utility service charges. If a determination of such charges cannot be ascertained by the commissioner without a survey or such redistributor is not satisfied with the commissioner's determination of such redistributor's eligible charges or eligible public utility service charges, such redistributor may request that the commissioner cause a survey to be conducted by a licensed professional engineer satisfactory to DBS at such redistributor's expense. Upon completion of the survey, the professional who prepares such survey shall submit the report, together with a certification as to the amount of eligible charges or eligible public utility service charges, to the commissioner for his or her review.

(2) The commissioner, after reviewing all relevant documentation submitted by the applicant, shall, in his or her sole discretion, determine the amount of charges that constitute the eligible redistributor's or qualified eligible redistributor's eligible charges or eligible public utility service charges to which a special rebate may be applied. If such redistributor disagrees with the commissioner's findings, such redistributor may request an opportunity to be heard in

accordance with the procedures set forth in §§5-45, 5-46 and 5-47 of these rules.

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-65 Special Rebates for Users and Redistributors that Applied for LMEP Benefits After October 31, 2000.

(a) Except as otherwise provided in subdivision (b) of this section, a utility that sells energy services to either an eligible redistributor of energy that applied for LMEP benefits after October 31, 2000, or a directly metered eligible revitalization area energy user that applied for LMEP benefits after October 31, 2000, shall make a special rebate to such redistributor or such user, as the case may be, equal to the following percentages of eligible charges:

Months During Benefit Period Special Rebate for Energy Services

first through ninety-sixth 45%

ninety-seventh through one hundred eighth 36%

one hundred ninth through one hundred twentieth 27%

one hundred twenty-first through one hundred thirty-second 18%

one hundred thirty-third through one hundred forty-fourth 9%

(b) A utility that sells energy services to either an eligible redistributor of energy that applied for LMEP benefits after October 31, 2000 and that owns or leases an eligible building that has been designated as a landmark site before

the issuance of a certificate of eligibility to such redistributor, or to a directly metered eligible revitalization area energy user occupying premises in such building that applied for LMEP benefits after October 31, 2000, shall make a special rebate to such redistributor or such user, as the case may be, equal to the following percentages of eligible charges:

Months During Benefit Period Special Rebate for Energy Services

first through one hundred eighth 45%

one hundred ninth through one hundred twentieth 36%

one hundred twenty-first through one hundred thirty-second 27%

one hundred thirty-third through one hundred forty-fourth 18%

one hundred forty-fifth through one hundred fifty-sixth 9%

(c) Where, pursuant to a written agreement between NYCPUS and the power authority of the state of New York, NYCPUS sells energy services to an eligible redistributor of energy or a directly metered eligible revitalization area energy user that applied for and was certified as such after October 31, 2000, such utility shall make a discount to NYCPUS and NYCPUS shall make a special rebate to such eligible redistributor of energy or such directly metered eligible revitalization area energy user, which discount and special rebate shall be the product of the eligible charges to such eligible redistributor of energy or such directly metered eligible revitalization area energy user and the applicable percentage for a special rebate for energy services in the applicable schedule contained in subdivision (a) or (b) of this section.

***** Current through December 2009 ****

66 RCNY 5-67

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER B ELIGIBILITY AND AMOUNT OF THE SPECIAL REBATE

§5-67 Special Rebates for Redistributors and Users that Applied for LMEP Benefits Prior to November 1, 2000.

(a) Paragraph (1) of subdivision (a) of §25-bb of the general city law states that the "that the department of business services of a city having a population of one million or more may increase the percentages set forth in §5-65 of these rules at its discretion in order to maintain the special rebate at levels comparable to those historically provided under the program, pursuant to rules that are generally applicable to distinct classes of energy users." In accordance with this provision, the percentages set forth in this section of the rules shall be applicable to the calculations of special rebates for all eligible redistributors of energy or directly metered eligible revitalization energy users that applied for LMEP benefits prior to November 1, 2000 and for qualified eligible energy redistributors of energy that were certified before November 1, 2000. These percentages shall be in place from the first billing cycle beginning on or after April 30, 2003.

(b) Except as set forth in subdivision (d) of this section, for all billing cycles prior to the ninety-seventh month of each eligible redistributor of energy's or directly metered eligible revitalization energy user's benefit period occurring during the period beginning June 1, 2001, each redistributor or user shall receive rebates on eligible charges as specified in this paragraph; provided that the applicable rebate percentages shall not, for any affected electric account, exceed 100% of the eligible charges charged in any billing cycle.

(1) The rebate percentage to be applied to eligible charges for energy services provided by a utility pursuant to its "PSC No. 9-Electricity Rate Schedule" or "PSC No. 2-Retail Access Rate Schedule" shall equal the percentages

specified in Attachment A of Appendix A of these rules, which shall vary depending on such redistributor's or user's average monthly load factor, applicable service classification and the applicable rate, and whether such redistributor or user receives discounts on service pursuant to a service rider. If, for any affected redistributor or user, eligible charges for energy services were rendered at more than one service classification and/or at more than one rate for a service classification, the rebate percentages specified in Attachment A of Appendix A of these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider applies to such redistributor or user. To the extent that such redistributor or user is served under the utility's "PSC No. 9-Electrical Rate Schedule" its rebate percentages shall be determined as if such redistributor or user was served under the utility's "PSC No. 2-Retail Access Rate Schedule."

(2) The rebate percentage to be applied to eligible public utility service charges for energy services provided by NYCPUS pursuant to its "Service Tariff No. 4 Rate Schedule" shall equal the percentages specified in Attachment B of Appendix A of these rules, which shall vary depending on such redistributor's or user's average monthly load factor, the applicable service classification and the applicable rate, and whether such redistributor or user receives discounts on service pursuant to a service rider or other tariff provisions. If, for any affected redistributor or user, eligible public utility service charges for energy services were rendered at more than one service classification and/or at more than one rate for a service classification or if discounted service was provided to part of the consumption rendered through an account pursuant to a service rider or tariff provision, the rebate percentages specified in Attachment B of Appendix A of these rules shall apply to the extent that each applicable service classification and/or rate and/or service rider or other tariff discount applies to such redistributor or user.

(c) Except as otherwise provided in subdivision (d) of this section, for all billing cycles after the ninety-sixth month of the benefit period and thereafter, the applicable rebate percentages on eligible charges, determined as specified in §5-67(b) or (e) of these rules, shall be multiplied by an adjustment factor, depending on the month of the benefit period in which the energy services were rendered; provided that the applicable rebate percentages shall not, for any affected eligible redistributor of energy or directly metered eligible revitalization energy user, exceed 100% of the eligible charges charged in any billing cycle. The adjustment factors are as follows:

Month of Benefit Period Adjustment Factor

97 through 108 0.8

109 through 120 0.6

121 through 132 0.4

133 through 144 0.2

145 and thereafter 0.0

(d) Where a utility that sells energy services to an eligible redistributor of energy that owns or leases an eligible building that has been designated as a landmark site before the issuance of a certificate of eligibility to such redistributor, or to a directly metered eligible revitalization area energy user occupying premises in such building that applied for LMEP benefits prior to November 1, 2000, all billing cycles in the one hundred and ninth month of each of the above-noted benefit periods and thereafter shall have the applicable rebate percentages on eligible charges, determined as specified in §5-67(b) or (e) of these rules, multiplied by an adjustment factor, depending on the month of the benefit period in which the energy services were rendered; provided that the applicable rebate percentages shall not, for any affected electric account, exceed 100% of the eligible charges charged in any billing cycle. The adjustment factors are as follows:

Month of Benefit Period Adjustment Factor

109 through 120 0.8

121 through 132 0.6

133 through 144 0.4

145 through 156 0.2

157 and thereafter 0.0

(e) Where, pursuant to a written agreement between NYCPUS and the power authority of the state of New York, NYCPUS sells energy services to a qualified eligible redistributors of energy that has been individually approved by such power authority and certified prior to November 1, 2000, or to an eligible redistributor of energy or directly metered eligible revitalization area energy user that applied for benefits prior to November 1, 2000 and was certified as a redistributor or user after October 31, 2000, such utility shall make a discount to NYCPUS and NYCPUS shall make a special rebate to such qualified eligible redistributors or such eligible redistributor or user, which discount and special rebate shall be the product of the eligible public utility service charges to such qualified eligible redistributor of energy or such eligible revitalization area energy user and the applicable percentage for a special rebate for energy services in the applicable schedule contained in Attachment B of Appendix A of these rules.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 5-71

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER C IMPLEMENTATION

§5-71 Implementation by Eligible Redistributor of Energy or Qualified Eligible Redistributor of Energy.

(a) An eligible redistributor of energy or qualified eligible redistributor of energy shall reduce the energy services bills rendered to eligible revitalization area energy users that are not directly metered and that occupy, operate or manage premises in eligible buildings owned or leased by such redistributor by an amount equal, in the aggregate, to one hundred percent (100%) of each special rebate received by such redistributor.

(b) An eligible redistributor of energy or qualified eligible redistributor of energy shall individually and accurately meter or submeter the energy services sold or otherwise redistributed by such redistributor to each such eligible revitalization area energy user or other occupant of eligible buildings so as to enable a determination of each such user's or occupant's usage of energy services, provided such user or occupant occupies, operates or manages premises that equal or exceed the lesser of ten thousand (10,000) contiguous square feet in area or the entire floor of a building.

(c) In order to establish the usage of energy services attributable to the tenants occupying an eligible building, an eligible redistributor of energy or qualified eligible redistributor of energy shall have a load study performed by a licensed professional engineer on all non-eligible users that are not individually metered or submetered. In addition, such redistributor shall have all of the submeters attributable to non-eligible users read by a licensed professional engineer.

(d) If an eligible redistributor of energy or qualified eligible redistributor of energy charges amounts to eligible

revitalization area energy users and other users that vary annually or more frequently with the costs incurred by such redistributor for the operation of common areas, systems and facilities, such redistributor shall reduce such charges by the portion of the special rebates attributable thereto.

(e) An eligible redistributor of energy or qualified eligible redistributor of energy shall allocate the reductions required by subdivision (a) of this §5-71 in direct proportion to each such eligible revitalization area energy user's use of energy services. Such reductions shall be determined as follows:

(1) The total amount of such redistributor's energy services bill shall be divided by the total amount of kilowatt hours used by the eligible building to determine the cost per kilowatt hour charge for the eligible building;

(2) If the premises of such eligible revitalization area energy user or other user are submetered, such reduction shall be established by multiplying: (A) the amount of energy services use determined by such submeter; by (B) the dollar per kilowatt charge determined in (1) above; by (C) the amount of the special rebate set forth in §5-65 or §5-67 of these rules;

(3) If two or more eligible revitalization area energy users or other users share a submeter, the amount of the reduction to be shared by the eligible revitalization area energy users shall be determined in accordance with (2) above. This amount shall then be allocated among such users in direct proportion to the floor area of the premises occupied, operated or managed by each such user;

(4) If the premises of such eligible revitalization area energy user is not required to be submetered by these rules, such discount shall be determined as follows:

(A) Divide the portion of the special rebate received by all submetered eligible revitalization area energy users by their total square footage to determine the special rebate per square footage amount; and

(B) Multiply the special rebate per square footage amount determined in (A) above by the square footage of each non-submetered eligible revitalization area energy user to determine the amount of the special rebate each such non-submetered eligible revitalization area energy user is entitled to;

(5) The special rebate to be applied to common areas, systems and facilities shall be the total rebate received by the eligible building less: (A) the total special rebate received by each submetered eligible revitalization area energy user as determined in (2) above; and (B) the total special rebate received by each submetered eligible revitalization area energy user sharing a submeter as determined in (3) above; and (C) the total special rebate received by all non-submetered eligible revitalization area energy users as determined in (4) above.

(f) If the premises of an eligible revitalization area energy user are directly metered, such discount shall be determined by such meter.

(g) An eligible redistributor of energy or qualified eligible redistributor of energy shall limit charges to those eligible revitalization area energy users that are submetered in accordance with this section to a price for the purchase of energy services that shall be no higher than the price paid by such redistributor, provided that an additional fee, not exceeding twelve percent (12%) of such sales price, may be charged by such redistributor for energy services sold to such eligible revitalization area energy users.

(h) An eligible redistributor of energy or a qualified eligible redistributor of energy shall separately state in all energy bills rendered by such redistributor to an eligible revitalization area energy user for sales of energy services the amount of the reduction in charges for such services representing the share of the special rebate allocated to such user, or that no reduction has been made, and shall state the following: "You may be entitled to share a rebate which your landlord has received for charges for energy services pursuant to the revitalization area energy rebate program. The amount is separately stated and identified in this bill." Any deviation from this language must be approved in advance

by DBS.

(i) An eligible redistributor of energy or qualified eligible redistributor of energy shall keep records verifying compliance with the requirements of LMEP, and allow DBS access to such records.

(j) An eligible redistributor of energy or qualified eligible redistributor of energy shall provide access to eligible buildings or targeted eligible buildings to DBS for the purpose of inspecting meters, submeters and other equipment and verifying the accuracy of any application or supplement thereto filed with DBS and DOF.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER D APPLICATION, APPROVAL, NOTIFICATION OF ELIGIBILITY AND COMMENCEMENT OF ELIGIBILITY

§5-81 Forms and Filing of Application and Preapplication.

(a) All preapplication and application forms may be obtained from DBS, 110 William Street, 3rd Floor, New York, New York 10038, and, upon completion, forms shall be submitted to DBS at the above address. Only completed applications shall be considered by DBS in determining the applicant's eligibility, or ineligibility, under the Act and these rules.

(b) An applicant for benefits under LMEP shall file an application after June 30, 1995 and prior to the issuance of the first building permit for the construction or renovation required pursuant to §5-61 of these rules, but not later than June 30, 2005. For the purposes of these rules, the first building permit shall be the building permit which would, in the ordinary course, allow construction to proceed, even though: (i) such permit was granted before submission of completed plans and specifications for the entire building; (ii) such permit, or the application, plans or specifications upon which it was granted, are later amended; (iii) such permit shall have expired by limitation of time or otherwise become invalid; or (iv) another permit is issued for the same project on the basis of the same or similar plans.

(c) In the case where a building permit is not required for renovation or construction, an application must be filed prior to beginning any work on the building the expenditures for which would be the basis for the determination of whether an applicant has reached the eligibility requirements set forth in §5-61 of these rules. All preapplications must be filed not later than June 30, 2005.

(d) An applicant that purchases or leases an eligible building or a targeted eligible building or a portion thereof, the owner or lessor of which building or portion thereof has been receiving LMEP benefits, must file a preapplication to receive benefits within ninety (90) days of taking occupancy or signing a contract of sale or lease for such building, whichever is earlier.

(e) An applicant applying for benefits under §5-65(c) or §5-67(e) of these rules, must receive approval from NYCPUS prior to submitting its preapplication to DBS and provide evidence of such approval as part of such application.

66 RCNY 5-82

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER D APPLICATION, APPROVAL, NOTIFICATION OF ELIGIBILITY AND COMMENCEMENT OF ELIGIBILITY

§5-82 Contents of Preapplication and Application.

(a) The applicant shall provide DBS with all information required in the preapplication form, including the following: the applicant's name; name and title of a contact person; telephone number; street address of the building site; block and lot number of the building site; Internal Revenue Service tax identification number; if applicable, the ICIP application number for the building site, and such other information as the commissioner deems necessary or useful for a preliminary determination that an applicant may be eligible to participate in LMEP.

(b) The applicant shall provide DBS with all information required in the application form and deemed necessary or useful for the administration of LMEP, including, but not limited to, the following:

(1) assessed value of the real property and building(s) for which the application has been submitted; total square footage of the building floor area; names and addresses of any parent, subsidiaries or affiliated companies; and the name and title of an individual authorized to complete the application on behalf of the applicant;

(2) estimated commencement date and completion date for construction or renovations;

(3) a certified copy of the deed for the eligible building, or portion thereof, and any lease to the applicant as lessee of the building or any portion thereof;

(4) a listing of all electricity account numbers serving the building or any portion thereof, and a copy of one (1) year's energy bills for each account number directly metered by a utility servicing the building or a sworn statement by the applicant if the applicant has not received one (1) year's bill;

(5) building floor plans;

(6) a list of every tenant or other person occupying, operating or managing premises in the building, including both eligible revitalization area energy users and other users, and the following information relating to such person: the business activity engaged in by such person; the square footage of the premises occupied, operated or managed by such person; contact person; telephone number; location in building identified on the building floor plans referred to in paragraph (v) of this subdivision; a list of the meter(s) or submeter(s) utilized by such person including meter identification numbers if submetered by the landlord or an eligible redistributor of energy or qualified eligible redistributor of energy; account number if directly metered by the utility or NYCPUS; a schematic or other description of the linkage between each such person's consumption of electricity or energy services and the appropriate direct utility meter; and number of employees;

(7) an applicant applying under the provisions set forth in subdivisions (a)(2), (3) or (4) of §5-61 of these rules, shall submit evidence that the expenditures required by such provisions have been made within the time period specified therein;

(8) copy of the relevant building permit issued by the Department of Buildings, if applicable;

(9) relevant documents evidencing the authority of the City, the IDA, UDC or other lessor to lease a building or premises to the applicant, including a copy of the inducement resolution issued by IDA to the applicant, the IDA lease or financing agreement, if applicable; and

(10) any other information, documentary or otherwise, including but not limited to, sworn statements and other data, that the commissioner deems relevant to evaluate the applicant's application.

(c) In addition to the requirements of subdivisions (a) and (b) of this §5-82, an applicant that purchases energy services from NYCPUS shall submit as part of its application, a written contract between the applicant and NYCPUS setting forth the agreement by NYCPUS to provide energy services to the applicant, and stating the conditions for the sale of such energy services.

(d) The applicant shall have the affirmative burden of proving its eligibility to the satisfaction of the commissioner as to each and every fact contained in its application.

§5-83 Application Filing Fee.

(a) The applicant shall submit to the commissioner with its preapplication a check for a non-refundable application fee in the following amount:

Square Footage of Building Fee

Less than 10,000 square feet $500

10,001 to 25,000 square feet $1,000

25,001 to 50,000 square feet $1,250

50,001 to 100,000 square feet $1,500

100,001 to 250,000 square feet $2,500

Over 250,000 square feet $5,000

(b) In addition to the filing fee, an applicant shall pay the costs of any survey conducted by or at the request of the

commissioner, to develop or verify any factual matters relating to the application.

(c) All fees shall be made payable by check or money order to the "New York City Department of Small Business Services."

SUBCHAPTER D APPLICATION, APPROVAL, NOTIFICATION OF ELIGIBILITY AND COMMENCEMENT OF ELIGIBILITY

§5-84 Representations and Warranties.

(a) As part of the preapplication, application, periodic reports and other reports required by the Act or these rules, the applicant shall certify and make such representations and warranties as may, from time to time, be necessary or appropriate to ensure compliance with the provisions of all applicable laws and these rules, including, but not limited to, the following:

(1) that all statements made by or on behalf of the applicant in connection with such applications and reports are made by any person authorized by the applicant to make such statements and having actual knowledge or documentary information sufficient to make informed and accurate statements, and that such person believes all such statements to be true;

(2) that the applicant has paid all of the real property taxes or water or sewer charges or payments in lieu of taxes or has paid timely installments of such taxes or payments in lieu of taxes in accordance with an agreement with a city agency with respect to an eligible building or targeted eligible building;

(3) that the applicant represents, acknowledges, covenants and agrees that it bears sole responsibility for paying the full amount of energy services costs to a utility and/or NYCPUS for which it is directly metered until such time as the special rebate (if any) granted to applicant under LMEP is reflected on the applicant's bill;

(4) that the applicant agrees to permit or cause permission to be granted to the City and its agents to inspect its building and real property upon notice during regular business hours; and

(5) any other representations or warranties as may be required in such applications or reports or requested by the commissioner.

(b) In addition to the requirements of subdivision (a) of this §5-84, the applicant shall covenant and agree to repay with interest at the prime rate, as reported in The New York Times (or similar periodical selected by the commissioner) on the effective date of its certificate of eligibility accrued from the date of receipt, the full amount of any benefits which the applicant has received if subsequently it is determined by the commissioner that the applicant was ineligible to receive those benefits for any reason.

SUBCHAPTER D APPLICATION, APPROVAL, NOTIFICATION OF ELIGIBILITY AND COMMENCEMENT OF ELIGIBILITY

§5-85 Approval of an Application.

(a) Approval by the commissioner of an application shall be based on a review of the following information:

(1) representations and/or certifications made by the applicant in its application;

(2) a review of the applicant's prior energy bills;

(3) a site visit performed by DBS; and

(4) any other relevant factors relating to use and occupancy which is deemed to be relevant in making such a determination.

(b) The commissioner, after reviewing all relevant information and documentation submitted, shall, in his or her sole discretion, determine what constitutes the applicant's or recipient's eligible charges. If the applicant or recipient disagrees or is unsatisfied with the commissioner's findings, the applicant or recipient may request an opportunity to be heard in accordance with the procedures set forth in Subchapter E of these rules.

§5-87 Certificate of Eligibility.

(a) An applicant shall execute the certificate of eligibility and return it to the commissioner within thirty (30) days of the issuance date stated on the certificate of eligibility. Failure of the applicant to comply with this subsection may result in a revocation of the certificate of eligibility.

(b) The certificate of eligibility shall evidence:

(1) the eligibility and qualification of an applicant as an eligible redistributor of energy or a qualified eligible redistributor of energy or as a directly metered eligible revitalization area energy user;

(2) the benefit period the eligible premises or targeted eligible premises is qualified for;

(3) the benefit an eligible redistributor of energy or a qualified eligible redistributor of energy or a directly metered eligible revitalization area energy user is qualified to receive; and

(4) the date of issuance.

(c) DBS shall coordinate with the recipient, a utility and/or NYCPUS and DOF, where applicable, to establish the benefit period of the certificate of eligibility, which shall be within two (2) months of execution by the applicant of the

certificate of eligibility.

(d) Subsequent to establishing the effective date of the certificate of eligibility, DBS shall affix such date to the applicant's certificate of eligibility and forward a copy of the fully completed and executed certificate of eligibility to the applicant and any other necessary party.

66 RCNY 5-89

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 5-A*1 NEW YORK CITY LOWER MANHATTAN ENERGY PROGRAM

SUBCHAPTER D APPLICATION, APPROVAL, NOTIFICATION OF ELIGIBILITY AND COMMENCEMENT OF ELIGIBILITY

§5-89 Periodic and Other Reports to DBS.

(a) During the benefit period, a recipient shall promptly notify the commissioner of any material changes which may affect a recipient's eligibility or the amount of the special rebate under LMEP, including but not limited to, changes in:

(1) sources of energy services;

(2) ownership of the eligible building or the targeted eligible building;

(3) establishment of new direct accounts;

(4) landlord's or directly metered tenant's usage of energy services;

(5) the type of metering or method of billing for usage of energy services at the eligible building or targeted eligible building;

(6) a change in the ratio between floor space occupied by eligible revitalization are energy users and that occupied by other occupants; and

(7) the new tenancy of a noneligible revitalization area energy user.

(b) During the benefit period, DBS must be immediately notified of any additional utility accounts acquired or changes in utility account numbers in the eligible building or targeted eligible building.

(c) When it appears that the percentage of non-eligible use in the eligible building or targeted eligible building changes so that the special rebate for the eligible building or targeted eligible building appears to change, a new load study shall be performed in order to ascertain the new special rebate for the eligible building or targeted eligible building.

(d) During the benefit period, a recipient shall submit to the commissioner a reporting form on September 30th, December 31st, March 31st and June 30th of each year, to document the current status of the recipient's continued eligibility under LMEP. Such reporting form shall include, but shall not be limited to, the following information:

(1) the use or type of operations conducted at the eligible building or targeted eligible building;

(2) any changes in the eligible building's breakdown of eligible versus non-eligible uses;

(3) a summary of building metering or submetering and utility accounts;

(4) architectural rendering of building floor plans showing any changes, including changes in floor space, type of common areas, systems and facilities;

(5) tenant list including, but not limited to, the following: square footage; contact person; telephone number; location in building; meter number if submetered by landlord or account number if directly metered by a utility; and number of employees;

(6) change in the size of tenants' premises;

(7) any additions to or changes in the linkage between an eligible revitalization area energy user's metering scheme and the utility's main direct meter; and

(8) such other information as the commissioner may request to determine eligible charges, eligibility and amount of special rebate.

(e) A qualified eligible redistributor of energy shall submit to DBS on an annual basis proof that the heating and cooling systems within the targeted eligible building continue to meet the performance standards specified in §7813.21 of the State conservation code, or if applicable, a municipal code authorized pursuant to such article, or such predecessor section to which such targeted eligible building, when constructed or substantially renovated, was subject.

(f) All such information may be used by the commissioner for the purpose of determining whether the recipient's certificate of eligibility should be suspended until a final determination of eligibility can be made and/or whether it shall be revoked or revised.

(g) Information received by the commissioner pursuant to this section or otherwise may be used by him or her to determine that a recipient does not satisfy the applicable eligibility criteria in the Act or these rules, and the commissioner may, among other things, suspend such recipient's certificate of eligibility until a final determination of eligibility can be made, or revise, terminate or revoke such recipient's certificate of eligibility.

(h) The commissioner shall notify the recipient, a utility and/or NYCPUS in writing of the determination to revise, suspend, terminate or revoke the recipient's certificate of eligibility. A utility and/or NYCPUS must modify its bills to such recipient to reflect the change in benefits which such revision, suspension, termination or revocation to a recipient's certificate of eligibility is intended to effect within thirty (30) days of receipt of written notice from the

commissioner of such action.

(i) A recipient may request an opportunity to be heard in accordance with Subchapter E of these rules.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 6-01

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 6 INDUSTRY OWNERSHIP PROGRAM

§6-01 Definitions.

Application package. An "Application package" is a completed package of documents containing all of the information required by the Department of Business Services, pursuant to §6-03(a) of the Rules.

Application Review Committee. "Application Review Committee" shall mean the committee at the Department of Business Services which will review and consider each completed application for a grant submitted pursuant to §6-03 of the Rules. The Committee shall be comprised of: the deputy commissioner; the assistant commissioner for industry relations; the general counsel of the Department of Business Services; and the director of the real estate assistance unit of the Department of Business Services .

BEP. The "BEP" is the Business Expansion Program unit of the Department of Business Services.

Commissioner. The "Commissioner" is the Commissioner of the Department of Business Services.

Department. "Department" means the New York City Department of Business Ser- vices.

Eligible expenses. "Eligible expenses" are expenses for which funds awarded under a grant pursuant to IOP may be used, as specified in §6-06(e) of the Rules.

Grant. A "Grant" is the funds awarded to successful Industry Groups pursuant to IOP.

Industry center. An "Industry center" is a building which has been identified by an applicant Industry Group as the potential site for purchase or long-term lease by the Industry Group, and for which the Industry Group is seeking a grant

of funds under the IOP.

Industry group. An "Industry group" is a legal entity which consists of a group of at least five (5) distinctly owned and controlled commercial and for-profit firms, as determined by the criteria outlined in §6-04(c) of the Rules, or of at least three (3) distinctly owned and controlled firms, as determined by the criteria outlined in §6-04(c) of the Rules, which employ sixty per cent (60%), or more, of the New York City work force in the industry of such applicant Industry Group, as defined by the New York State Department of Labor's four-digit SIC code statistics.

Industry Ownership Program, or IOP. An "Industry Ownership Program, or IOP" shall mean the program under which an Industry Group shall receive a grant to pay for Eligible Expenses in acquiring and renovating a building.

Long-term lease. A "Long-term lease" is a lease with a minimum term of seven (7) years.

Qualification rating sheet. The "Qualification rating sheet" is the rating system to be employed by the Application Review Committee to rate Application Packages, as specified in §6-05 of the Rules.

Rules. "Rules" shall mean the Rules Governing the Industry Ownership Program setting forth the requirements for Industry Groups seeking to obtain a grant under the Industry Ownership Program.

SIC. "SIC" shall mean the New York State Department of Labor's four-digit Standard Industry Code.

Study. "Study" shall mean the preliminary architectural and engineering study of a building under consideration for purchase or Long-Term Lease by an Industry Group applicant to determine such building's suitability for occupancy by the Industry Group, to be made pursuant to §6-04(e) of the Rules.

§6-02 Marketing Plan.

The Department shall market the IOP to attract Industry Group applicants for this program. The Department shall market the program by performing activities which shall include, but shall not be limited to, the following:

(a) The Department shall publish and distribute an IOP promotional brochure to trade associations, firms and real estate brokers.

(b) The Department, through its industry relations specialists, shall conduct consultations with individual firms and industry-wide seminars.

(c) The Department shall publicize the IOP through local development and other not-for-profit corporations, the real estate community and the borough presidents' offices.

(d) The Department shall advertise the IOP in the City Record.

CHAPTER 6 INDUSTRY OWNERSHIP PROGRAM

§6-03 Application Procedure.

(a) To apply for a grant under the IOP, an industry group must complete and submit an application package to the Department, by the close of business on April 28, 1989; provided, however, that the Commissioner may, in his discretion, extend the application deadline or establish a second round application period by publishing notice of such action in The City Record. Such application package shall include:

(1) a completed application form for the industry group applicant;

(2) a completed application form for each individual firm within the industry group applicant;

(3) a management plan for the expenditure of the grant;

(4) a copy of the certificate of incorporation for the industry group, or such other evidence of the industry group's legal status as the commissioner shall request;

(5) a completed project plan, which shall include the following information:

(i) reasonable assumptions about project costs;

(ii) realistic projections about project feasibility;

(iii) a statement of objectives;

(iv) a financial feasibility analysis, including a projection of income and expenses of the project;

(v) a plan of action should any firm drop out;

(vi) an indication that the industry group applicant has provided an equity contribution of at least ten percent (10%) of the total project costs;

(vii) a statement which identifies and profiles the designated leader of the industry group applicant, including a discussion of the prior work done by such leader, and an estimation of the amount of time such leader expects to commit to the project on a monthly basis;

(viii) an architect's or engineer's report, which shall supply, at a minimum, acceptable uses of the site, ranking those uses in order of acceptability from the most acceptable to least acceptable, with recommendations for the "highest and best" use of the site; and

(ix) a statement of the economic contribution of the proposed project on the community; the local industries which are served; and the contribution of the proposed project on the community's and City's economy to the extent the effect on the industry is positive for other local industries.

(6) such other information as the Department shall request.

(b) Upon receipt of the application package, a BEP project manager shall review the material for completeness. Such project manager shall return incomplete application packages to the industry group applicant.

(c) If an application package is accepted as complete, BEP shall send an acknowledgment letter to the industry group.

(d) Should the project manager determine that an industry group is ineligible for a grant, a rejection letter, stating the reasons for rejection, shall be sent to the industry group.

(e) At such date as the commissioner shall specify, the application review committee shall convene to review all of the application packages received.

(f) In reviewing the application packages, the application review committee shall use the evaluation criteria stated in §6-05.

(g) The application review committee shall determine which industry group applicants are best qualified to receive an IOP grant. The application review committee's determination shall be final.

(h) After the Application Review Committee has approved the grants, approval letters, explaining the requirements for IOP disbursements, shall be sent to the successful Industry Group(s).

(i) If, after the Application Review Committee has reviewed all of the Application Packages, and has approved or denied the grants, there still remains grant money, the Commissioner may specify a second date by which Application Packages may be submitted to the Department and will be considered by the Application Review Committee.

(j) Each Industry Group applicant awarded a grant, and each of the firms which comprise such Industry Group, will be required to comply with all applicable the Department contracting procedures, including, but not limited to, the submission of information necessary for the performance of background investigations.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 6 INDUSTRY OWNERSHIP PROGRAM

§6-04 Qualifications for Eligibility.

(a) Eligibility shall be limited to established Industry Groups.

(b) An Industry Group must be comprised of either:

(1) at least five (5) distinctly owned and controlled commercial, for-profit firms; or

(2) at least three (3) distinctly owned and controlled firms employing sixty per cent (60%), or more, of the New York City work force in the industry of such applicant Industry Group, as defined by the New York State Department of Labor four-digit SIC code statistics.

(c) A distinctly owned and controlled firm is one which meets the following criteria:

(1) a firm will not be considered a distinctly owned and/or controlled firm, if it is owned or controlled by a person or firm in the same or similar line of work, and such other person or firm is a part of the industry group applicant;

(2) a firm will not be considered a distinctly owned or controlled firm if the firm's officers, directors, or employees shall serve in like capacities with another firm in the same or similar line of work, and such other firm is a part of the industry group applicant;

(3) a firm will not be considered a distinctly owned or controlled firm if its shareholders own a controlling interest in another firm in the same or similar line of work, and such other firm is a part of the Industry Group applicant; and

(4) two or more firms owned and/or controlled by the same individual or firm shall be considered as one firm for the purpose of meeting the criteria of this section.

(d) An industry group must have identified a building which shall be considered as a potential site for an industry center. The industry group shall have, at the minimum, entered into a letter of intent to lease or purchase the building, and shall supply the Department with a copy of such letter.

(e) An industry group must have conducted the study of the building to determine its suitability for occupancy by the industry group. The study shall, at the least, include a description of the following:

(1) the existing conditions of the building;

(2) a building code analysis;

(3) a zoning resolution analysis; and

(4) the present floor plans.

(f) An industry group must agree to enter a contract with the Department on terms specified by the Department.

(g) In a joint ownership situation, an executed contract of sale which evidences a commitment by the industry group applicant to purchase the building.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 6 INDUSTRY OWNERSHIP PROGRAM

§6-05 Evaluation Criteria.

The application review committee shall consider whether the industry group is eligible for an IOP grant, pursuant to the criteria outlined in §6-04 above, and whether the industry group is best qualified to receive an IOP grant, based on the eligibility determinations, to be made on the basis of a review of the application packages, using a qualification rating sheet, as outlined below.

The application review committee shall use a qualification rating sheet, which shall rate seven (7) standards on a scale of zero (0) (lowest value) to ten (10) (highest value), using the criteria specified below, in order to rank industry group applicants. These standards and criteria shall include:

(a) **Job retention and creation.** The number of jobs that shall be created and/or retained. Preference shall generally be given to a project which anticipates a net gain in jobs. The industry group's score shall be based on the percentage net gain in jobs. Manufacturing jobs shall be given a preference over commercial jobs.

(b) **Local economic impact.** The application review committee shall consider the positive economic contribution of the proposed project on the community; the extent that local industries are served by the industry group; and the contribution of the industry group on the community's and city's economy.

If the industry group demonstrates a positive economic contribution, it shall receive five (5) points. The greater the economic contribution provided, the higher the score the industry group shall receive.

(c) **Financial feasibility.** An industry group which demonstrates the financial capability of carrying out the project

shall earn a minimum score of five (5) points.

An industry group showing a greater need for the grant shall receive a higher score, while an industry group showing a lesser need shall receive a lower score.

(d) **Equity contribution.** The industry group must contribute equity of at least ten percent (10%) of the total project costs. An industry group which contributes the minimum ten percent (10%) equity shall receive five (5) points; the industry group shall receive one (1) point for each additional two percent (2%) equity it contributes, up to ten (10) points for twenty percent (20%) equity contributed by the applicant.

(e) **Length of lease or joint ownership.** In a lease situation, a seven (7) year lease shall earn a score of five (5) points. Each additional five (5) years of lease term shall earn one (1) additional point, up to a maximum of eight (8) points. In addition, if the proposed lease arrangement includes an option to purchase the premises, the industry group score shall be increased by one (1) point. Industry groups which propose to purchase their premises shall earn a score of ten (10) points.

(f) **Leadership.** The leader of the industry group should, at a minimum, demonstrate that s/he is willing to make the necessary time commitment to make the project work. A minimum score of five (5) points shall be awarded if the industry group has a designated leader who shall provide the necessary time commitment to make the project work. The more time the designated leader plans to spend, the more points the application receives. The more experience the designated leader has with similar projects, the more points the application receives.

(g) **Highest and best use.** The industry group, in its architect's or engineer's report, must evaluate the development potential of a site and identify the "highest and best use" development objective for a building.

An industry group shall receive a score of ten (10) points if the project use is listed as the only acceptable use in the architect's or engineer's report. If such report describes two (2), or more, uses, the industry group shall receive ten (10) points for a project described as the "highest" use of the site, and shall receive a lower score for a project described as a "lower" use; provided, however, that an industry group shall not receive fewer than five (5) points for a project listed in the architect's or engineer's report as an acceptable use.

Each member of the application review committee shall rate each standard. The scores of the members on each standard shall be averaged. The minimum acceptable average score for each standard shall be a five (5). The average scores of all the standards shall be totaled. A minimum acceptable total score for all seven standards shall be thirty-five (35). The qualifying industry groups with the highest scores shall be awarded an IOP grant to the extent funds are available.

CHAPTER 6 INDUSTRY OWNERSHIP PROGRAM

§6-06 Disbursements and Eligible Expenses.

(a) A qualified industry group shall be eligible to obtain a grant for eligible expenses, as defined in §6-06(e) below, with a grant to a selected industry group limited to a total of $30,000.

(b) All disbursements shall be made pursuant to a grant agreement executed between the Department and the selected industry group applicant(s).

(c) All disbursements shall be used solely for eligible expenses, as specified in §6-06(e) below.

(d) Disbursements shall be made to an industry group on a reimbursement basis. The industry group shall submit to the Department a request for payment, along with paid invoice(s) from each contractor who performed work for which the industry group is seeking reimbursement.

(e) Eligible expenses shall include services directly relating to the necessary technical work to prepare development or financing plans for establishing an industry center, including, but not limited to:

(1) in-depth architectural and/or engineering studies actually and directly related to the development of an individual site, such as floor plans and wiring;

(2) legal assistance associated with establishing or negotiating terms of purchase or long-term lease;

(3) environmental impact studies or other work necessary to comply with regulatory procedures; and

(4) such other costs as approved by the Department and UDC.

(f) Funds must be spent within six (6) months of the award; however, the Department may extend this time limit if, for good cause shown, the funds have not been spent within such six (6) month period.

(g) The selection of each and every contractor identified by an industry group to perform work for the industry group under a grant agreement between the industry group and the Department shall be subject to the approval of the Department.

CHAPTER 7 INDUSTRIAL SECURITY GRANT PROGRAM

§7-01 Definitions.

Applicant. "Applicant" means any individual, corporation, partnership, sole proprietor, association, agent, trust or estate, applying individually or jointly for benefits under the program, or a holding company, parent corporation, or subsidiary or affiliated corporation so applying on behalf of any of the foregoing.

Application. "Application" means the written document and all supporting documentation submitted by an applicant to the Department for the purpose of determining such applicant's eligibility for an industrial security grant.

City. "City" means the City of New York.

Commissioner. "Commissioner" means the commissioner of the New York City Department of Business Services or his or her designee.

Department. "Department" shall mean the Department of Business Services.

Grant Commitment Contract. "Grant commitment contract" shall have the meaning ascribed thereto in §7-06 hereof.

Industrial Security Grant or Grant. "Industrial Security Grant" or "Grant" means a grant from the program for the costs of purchasing and/or installing approved security-related equipment and/or improvements.

Industrial Security Grant Program or Program. "Industrial Security Grant Program" or "Program" means the program of the Department for the purpose of supplying grants to eligible industrial businesses for security equipment.

NYPD. "NYPD" means the New York City Police Department.

Premises. "Premises" mean the property of a business upon which the security equipment is to be installed.

Program Director. "Program Director" means the director of the program, as so designated by the commissioner of the Department.

Purchase. "Purchase" means a purchase or a lease with a term of 3 or more years.

Rules. "Rules" means the rules governing the operation of the industrial security grant program.

Security Equipment. "Security Equipment" means the security related equipment, improvements and/or construction recommended by the security survey report.

Security Survey. "Security Survey" shall have the meaning ascribed thereto in §7-05 of the rules.

Security Survey Report. "Security Survey Report" shall have the meaning ascribed thereto in §7-05 hereof.

66 RCNY 7-02

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 7 INDUSTRIAL SECURITY GRANT PROGRAM

§7-02 Eligibility for Industrial Security Grants.

(a) Any applicant which:

(1) employs 10 or more full-time employees or an equivalent number of part-time employees; and

(2) meets the criteria outlined in these rules may be eligible to receive an industrial security grant, which funds shall partially reimburse the applicant for the costs of purchase and/or installation of security equipment, provided, however, that the applicant's eligibility to receive such an industrial security grant shall be subject to the availability of funds for this program.

(b) A business may be eligible for a grant under the program if the commissioner determines that it meets the following criteria:

(1) the premises are located in New York City; and

(2) it employs a minimum of 10 full time employees or an equivalent number of part-time employees; and

(3) with respect to property that is owned by the applicant upon which security equipment is to be installed, it has paid all real estate taxes due, or if in arrears in its payment, has executed a binding repayment agreement with the city; and

(4) it has submitted sufficient proof of its interest in the premises including, but not limited to, evidence of ownership of property or a copy of the lease; and

(5) it operates a business which is classified by standard industrial codes 20 through 39; or

(6) it is an industrial/manufacturing firm, as determined by the Department, located in a Manufacturing ("M") or Commercial 8 ("C8") zone.

(c) The following criteria shall be used by the Department to calculate the number of employees of an applicant for the purposes of determining the eligibility of the applicant and the amount of the grant:

(1) 2 part-time employees are equivalent to 1 full-time employee;

(2) a part-time employee is one who works less than 30 hours per week;

(3) the average number of employees of the applicant over the quarter annual period prior to the application shall be used by the Department to determine the number of employees; and

(4) in the event that an applicant is relocating its business, then the number of employees of the applicant shall be determined after the relocation and at the time the Department conducts its compliance inspection to ensure that the security equipment and installation complies with the Security Survey Report.

(d) An applicant which is determined by the Commissioner to be a retail, commercial or professional service firm, is not eligible to participate in this program.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 7 INDUSTRIAL SECURITY GRANT PROGRAM

§7-06 Work Procurement Process and the Grant Commitment Contract.

In order to obtain reimbursement for security equipment, upon receipt of the security survey report, the applicant shall obtain a minimum of 3 estimates from 3 contractors for the purchase and installation of security equipment, and shall forward them to the Department. Provided that, with the Department's approval, the applicant may obtain only 1 estimate for the purchase and installation of security equipment under the following circumstances:the applicant intends to upgrade its existing security systems and intends to purchase the security equipment from the original supplier and such equipment and/or improvements are integrated into the existing security system. Thereafter, in order to obtain reimbursement for security equipment installed, such estimate shall be forwarded to the Department.

The Department shall review the estimate or estimates and if the Department determines that an applicant is eligible for the grant, the Department may approve payment in an amount not to exceed the lowest responsive estimate and may approve the specifications and bid proposal for the purchase and installation of the security equipment. The applicant may use any of the contractors which provided estimates submitted to the Department to perform the work, but the security equipment to be installed must conform with the specifications as approved by the Department and the amount of the grant shall also be based upon the price approved by the Department, subject to modification with the approval of the commissioner. If the Department determines that none of the estimates it receives is responsive, the Department shall request that the applicant obtain and submit additional estimates.

The Department shall determine if a contractor or applicant appears on the city "Vendex" consolidated caution list, which list identifies organizations with which the City either cannot do business or which have had substantial problems with one or more City agencies. If a contractor or an applicant appears on such list, the Department reserves the right not to make a grant to an applicant. The Department shall prepare a grant commitment contract to be executed by the

eligible applicant and the Department, which shall provide that the applicant may be reimbursed for security equipment installed upon the applicant's premises, in accordance with the terms noticed in the grant commitment contract, provided that the applicant has complied with the terms and conditions of these rules, the grant commitment contract and any amendment thereof. The commissioner shall have the right to refuse, in his or her sole discretion, to make a grant to an applicant.

***** Current through December 2009 ****

66 RCNY 8-02

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 8 COMMERCIAL SECURITY GRANT PROGRAM

§8-02 Definitions.

Applicant. "Applicant" means any individual, corporation, partnership, sole proprietor, association, agent, trust or estate, which is located in New York City and which is applying individually or jointly for grants on behalf of participating merchants that are located in a designated area.

Application. "Application" means a written request in a form satisfactory to the Department, with any supporting documents, made by an applicant to the Department for the purpose of determining the eligibility of participating merchants for commercial security grants.

Application review committee. "Application review committee" means a committee comprised of three persons selected by the Commissioner.

Business improvement district or BID. "Business improvement district" or "BID" means an area of the city which has been established and operated pursuant to §25-401 et seq. of the New York City Administrative Code and is administered by a district management association in accordance with the requirements of law.

City. "City" means the City of New York.

Commercial business. "Commercial business" means a storefront business predominantly involved in the sale of goods and/or services directly to the public.

Commercial revitalization area(s) or CR area(s). "Commercial revitalization area(s)" or "CR area(s)", mean(s) the

designated streets of the City described as the target area(s) in any CR contract(s) and amendment(s) thereto, including CR contract(s) no longer in effect.

Commercial revitalization contract(s) or CR contract(s). "Commercial revitalization contract(s)" or "CR contract(s)" mean(s) any contract(s) for services under the CR program.

Commercial revitalization program or CR program. "Commercial revitalization program" or "CR program" means a program of the City administered by the Department in which not-for-profit corporations contract with the Department for funds to provide services and assistance to targeted commercial areas including, but not limited to, capital assistance, merchant liaison services and employment services, and, for the purpose of these rules only, shall not include contracts solely for research studies.

Commercial security grant or grant. "Commercial security grant" or "grant" means a grant from the program to be used to reimburse the participating merchants for the costs of purchasing and/or installing security equipment.

Commercial security program or program. "Commercial security program" or "program" means the program of the Department for the purpose of supplying grants to eligible commercial businesses.

Commissioner. "Commissioner" means the commissioner of the New York City Office of Business Services or his or her designee or successor in function.

Community development block grant. "Community development block grant" means funds provided by the United States Department of Housing and Urban Development ("HUD") pursuant to Title I of the Housing and Community Development Act of 1974 (42 U.S.C. Section 5301, et seq.), as amended.

Department. "Department" means the New York City Department of Business Services.

Designated area or area. "Designated area" or "area" means an area of the City which is eligible to receive community development block grant funds and is located in either: (1) a BID or SAD; or, (2) a commercial revitalization area.

District management association. "District management association" means an association established pursuant to §25-413 of the New York City Administrative Code.

Fiscal year. "Fiscal year" means the time period commencing on July 1st of one year and ending on June 30th of the next successive year.

Grant commitment agreement. "Grant commitment agreement" shall have the meaning ascribed thereto in §8-08 hereof.

Industrial/manufacturing firm. "Industrial/manufacturing firm" means a predominantly industrial business which is classified by standard industrial codes 20 through 39, or a predominantly industrial business which is located in a manufacturing (M) or commercial 8 ("C8") zone.

NYPD. "NYPD" means the New York City Police Department.

Participating merchant or merchant. "Participating merchant" or "merchant" means a commercial business on whose behalf an applicant has sought benefits under the program.

Premises. "Premises" means the property of a participating merchant upon which the security equipment is to be installed.

Program director. "Program director" means the director of the program, as designated by the Commissioner of the

Department.

Purchase. "Purchase" means a purchase or a lease with a term of three or more years.

Rules. "Rules" means the rules covering the operation of the commercial security grant program.

Security equipment or equipment. "Security equipment" or "equipment" means the security-related equipment, improvements and/or construction recommended by the security survey report.

Security survey. "Security survey" shall have the meaning ascribed thereto in §8-07 of the regulations.

Security survey report. "Security survey report" shall have the meaning ascribed thereto in §8-07 hereof.

Special assessment district or SAD. "Special assessment district" or "SAD" means the Jamaica Center Mall special assessment district in the borough of Queens established pursuant to Chapter 665 of the Laws of New York of 1978, as amended by Chapter 466 of the Laws of New York of 1984; or the Fulton Mall special assessment district in the borough of Brooklyn established pursuant to Chapter 911 of the Laws of New York of 1976, as amended by Chapter 17 of the Laws of New York of 1981; or the Nassau Street Mall special assessment district in the borough of Manhattan established pursuant to Chapter 806 of the Laws of New York of 1977, as amended by Chapter 828 of the Laws of New York of 1980 and Chapter 636 of the Laws of New York of 1986; or the 165th Street Mall special assessment district in the borough of Queens established pursuant to Chapter 910 of the Laws of New York of 1976.

CHAPTER 8 COMMERCIAL SECURITY GRANT PROGRAM

§8-06 Application Process.

(a) An applicant must take an application for a commercial security grant on behalf of at least 6, but not more than 20 participating merchants, all of which must be located in the same designated area, except that, with the approval of the Commissioner, the number of participating merchants may be increased. An applicant must submit letters of intent from the participating merchants, in a form satisfactory to the application review committee, that indicate their desire to participate in the program. The participating merchants must promptly forward any required documentation to the Department. Information, application forms, and sample letters of intent may be obtained at the Department, Security Service Unit, 17 John Street, 14th floor, New York, New York 10038.

(b) The application review committee shall review all information and may verify the information provided. After such review or verification, if all program criteria are met, each participating merchant shall receive a security survey and may be determined by the application review committee to be eligible to receive a grant in accordance with the procedures outlined in these rules.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 8 COMMERCIAL SECURITY GRANT PROGRAM

§8-08 Work Procurement Process and the Grant Commitment Agreement.

(a) In order to obtain a reimbursement for security equipment, after the participation merchant receives a copy of the security survey report, the participating merchant shall obtain a minimum of three estimates for each of the items of security equipment from three contractors for the purchase and installation of the security equipment, unless the applicant agrees to coordinate the purchase and installation of the security equipment on behalf of the merchants as described in subdivision (b) below. The participating merchant may select any of the contractors which provided estimates submitted to the Department to perform the work. With the program director's approval, the participating merchant or the applicant may obtain only one estimate for the purchase and installation of the security equipment under the following circumstances:

(1) the participating merchant intends to upgrade the existing security equipment and wants to purchase the security equipment from the original supplier and such equipment is integrated into the existing security system; or

(2) when the cost for the purchase and installation of the security equipment does not exceed $500. If the participating merchant obtains only one estimate, then the participating merchant or the applicant shall forward the estimate to the Department subject to the program director's approval of the reasonableness of the expense.

(b) In the event that the participating merchants on whose behalf the applicant has applied have each received security survey reports that indicate the need for the same or similar kinds of security equipment and if such participating merchants have agreed, then the applicant may coordinate the purchase and installation of the security equipment for such merchants. The application shall obtain a minimum of three estimates for each of the items of security equipment from three contractors for the purchase and installation of the security equipment for each

participating merchant included in the same application and the applicant shall forward the estimates to the Department. With the program director's approval, the applicant may obtain only one estimate for the purchase and installation of the security equipment pursuant to the circumstances indicated in subdivision (a) above. The applicant for the participating merchants may select any of the contractors which provided estimates which were submitted to the Department to perform the work.

(c) The estimate or estimates, specifications and bid proposals for purchase and installation of security equipment shall be subject to the approval of the Department. The security equipment must conform with the specifications approved by the Department and the amount of the grant shall be based upon the lowest responsive estimate as approved by the Department, subject to modification with approval of the program director.

(d) If the Department determines that less than the required number of estimates it has received from the participating merchant or applicant is responsive, the program director shall request that the applicant or participating merchant obtain and submit to the Department additional estimates, which shall be subject to the Department's approval.

(e) The participating merchant is responsible to take all steps necessary to ensure prompt completion of the application and to obtain an estimate or estimates or cause an estimate or estimates for the security equipment to be obtained by the applicant within a reasonable time after the completion of the security survey reports. If the Department determines that the applicant and/or any of the participating merchants have failed to timely take all necessary action required to purchase and install the security equipment in accordance with these rules and the grant commitment agreement, then the Department may deem the merchants included in such application ineligible for the grants.

(f) The program director shall determine if an applicant, contractor or participating merchant appears on the city "Vendex" consolidated caution list, which list identifies organizations with which the city either cannot do business or which have had substantial problems with one or more city agencies. If a contractor, participating merchant, or an applicant appear on such list, the Department reserves the right not to make a grant.

(g) The Department shall prepare a grant commitment agreement to be executed by the eligible participating merchant and the Department, which shall provide that the eligible participating merchant may be reimbursed for security equipment installed upon the eligible participating merchant's premises in accordance with the terms noticed in the grant commitment agreement, so long as the eligible participating merchant has complied with the terms and conditions of these rules, the grant commitment agreement and any amendment thereof. The application review committee shall have the right to refuse, in its sole discretion, to make a grant to an eligible participating merchant.

CHAPTER 8 COMMERCIAL SECURITY GRANT PROGRAM

§8-09 Reimbursements.

Upon the installation and purchase of the Security Equipment and upon receipt of all documents required by the Department, the Department may issue, subject to verification by the Department that the eligible participating merchant is in compliance with these rules and the grant commitment agreement, a grant payment to the participating merchant which shall be up to a maximum of 50% of the approved estimate of the cost of the security equipment, up to a maximum of $1,000 per participating merchant. The matching funds for the remaining 50% or more of the cost of the security equipment must be provided by the participating merchant and shall not be derived from capital assistant funds under the CR program or any other public funds. In order to increase the number of designated areas in the City that may benefit from grants under the program, the maximum total amount of grant benefitting participating merchants on whose behalf an application has been made, which are located in the same designated area, shall be $15,000 within a fiscal year, except with the approval of the Commissioner.

§8-10 Appeals.

A participating merchant that is denied a grant shall be given written notice of such denial and an opportunity to appeal such denial in writing to the Commissioner. Such appeal must be received by the Commissioner not more than ten business days after receipt by such merchant of the notice denying it a grant. Such appeal shall include, at a minimum, a description of the reason(s) why the merchant believes the denial of a grant was in error and any evidence in support of its appeal that the participating merchant wishes the Commission to consider. Such participating merchant shall provide the Commissioner with any documents or other information requested by the Commissioner. The decision of the Commissioner granting or denying such appeal shall constitute the final agency determination.

§9-02 Definitions.

As used in these rules and regulations the following terms shall have the following meanings:

Benefit. "Benefit" means any cost savings achieved by an electricity redistributor, in connection with the sale or resale and/or redistribution of electricity to a non-residential energy user, as are provided pursuant to Chapter 331 of the 1987 Laws of the State of New York and Local Law No. 49 of the 1987 Laws of the City of New York, including, without limitation, any rebates or discounts received by such electricity redistributor thereunder.

City. "City" means the City of New York.

Commissioner. "Commissioner" means the Commissioner of the New York City Department of Business Services or his or her successor or designee.

Department. "Department" means the New York City Department of Business Ser- vices.

Electricity redistributor. "Electricity redistributor" means any landlord, tenant or agent thereof, who purchases electricity from a utility or any other person, corporation or other entity and on a metered or unmetered basis, resells or otherwise redistributes for any consideration such electricity to a non-residential energy user.

Non-residential energy user. "Non-residential energy user" means any non-residential user of electricity, except a

government agency or instrumentality thereof, public benefit corporation, or any entity that is exempt from the sales tax imposed pursuant to section eleven hundred seven of the tax law, provided that the term "non-residential energy user" shall not include an owner or operator of residential income producing property, except a hotel.

Utility. "Utility" means any electric corporation, gas corporation or steam corporation subject to the jurisdiction and general supervision of the Public Service Commission of the State of New York.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 9 ENERGY SERVICES

SUBCHAPTER A ENERGY OFFICE

§9-03 Certification Requirements.

(a) **General requirements.** A certification of eligibility shall be granted to an electricity redistributor, and remain in effect, only if:

(1) the electricity redistributor does not charge any non-residential energy user in the building for which the certification is granted, for electricity furnished to such energy user's premises, on a metered or unmetered basis, more than one hundred twelve percent (112%) of the rate for electricity resold or redistributed, that is or would be charged by the utility providing electricity service in the service area where the electricity redistributor's building is located which rate shall only include demand, energy, fuel adjustment charges, and any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner.

(2) the electricity redistributor promptly passes on to any and all nonresidential energy users their proportionate share of the benefits, as specified hereunder; and

(3) the electricity redistributor complies with all the provisions and requirements of these rules and regulations.

(b) **Lease provisions.** No certification of eligibility shall be granted to an electricity redistributor that identifies electricity charges to its non-residential energy users unless such electricity redistributor, in the leases or other arrangements, as provided in §9-05(d), between such electricity redistributor and its non-residential energy users for the

demised premises within the building premises, shall provide that:

(1) where the electricity redistributor furnishes electricity to the premises leased or occupied by the non-residential energy user on a metered basis, then such energy user shall be billed for the actual electricity used, as measured by a properly installed and operating meter, at the actual rate that is or would be charged by the utility providing electricity service for resale or redistribution in the service area where the electricity redistributor's building is located, which rate shall only include demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner, plus a mark-up for administrative and operating costs equal to no more than twelve percent (12%) of such electricity rate, and further provide that (i) where there is no demand meter to measure such energy user's individual demand, then the electricity redistributor shall convert the total demand charge for the building to an average kilowatt hour (kwh) charge which shall be charged to such energy user, and (ii) if applicable, where such electricity rate includes a time-of-day rate and there is no time-of-day meter to measure such energy user's peak usage, then the electricity redistributor shall average the on-peak and off-peak demand and energy costs for the building and charge all non-residential energy users in the entire building premises at a rate equal to such electricity redistributor's average demand and energy costs per kw and/or kwh, as appropriate;

(2) (i) where the electricity redistributor furnishes electricity to the premises leased or occupied by the non-residential energy user on a non-metered basis, then such energy user shall be charged for electricity used in accordance with the provisions set forth in subparagraph (i)(A), (i)(B) or (i)(C) of this paragraph (2). The non-residential energy user's electricity charges or costs shall be determined by:

(A) a charge for electricity based upon a survey conducted by the electricity redistributor of the estimated electricity use by the non-residential energy user in the demised premises, at the rate that is or would be charged by the utility providing electricity service for resale or redistribution in the service area where the electricity redistributor's building is located, which rate shall only include demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner, plus a mark-up for administrative and operating costs equal to no more than twelve percent (12%) of such electricity rate, such survey shall be conducted by a technically qualified representative of the electricity redistributor within ninety (90) days of non-residential energy user's use or occupancy of the demised premises or the date of certification of eligibility under these rules and regulations for a pre-existing occupancy, the cost of which survey shall be paid for by the electricity redistributor;

(B) a charge for electricity based upon such energy users' prorata share of the actual cost of electricity for the entire building premises, which cost shall only include charges for demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner, as determined by a survey conducted by the electricity redistributor of the energy users' square foot area in the demised premises which shall not include any public, common and service areas, which square footage shall be measured by a recognized real estate standard consistently applied to all such energy users in the entire building premises, as a proportion of the square foot area in the entire building premises, plus a mark-up for administrative and operating costs equal to no more than twelve percent (12%) of such electricity cost, provided, however, that the non-residential energy user upon 60 days prior written notice, at its option and expense may, at any time, demand a change from prorating electricity charges in accordance with this sub-paragraph to determining such charges in accordance with a survey as described in subparagraph (i)(A) of this paragraph (2); or

(C) any other method which may be approved by the Commissioner and which otherwise complies with the requirements of these rules and regulations;

(ii) where the electricity redistributor uses a survey as described in §9-03(b)(2)(i)(A), either the electricity redistributor or the non-residential energy user may, upon forty five (45) days prior written notice, request subsequent surveys to be conducted as described therein, at any time because of material changes in conditions, which result from the addition or removal of equipment, machinery, or other electrical devices and which would reasonably result in a

change in electricity usage of greater than five (5) percent in the prior survey results, and where the electricity redistributor uses a survey as described in §9-03(b)(2)(i)(A) or (B), either the electricity redistributor or the non-residential energy user may, upon forty-five (45) days prior written notice, request subsequent surveys to be conducted as described therein, not more than once every year because of a disagreement with a prior survey, provided, however, that the party requesting any such survey shall pay the costs thereof, and if such parties do not agree on the results of the said subsequent survey, then, within fifteen (15) days after the receipt of the results of the aforementioned survey, the parties' respective representatives shall choose an independent representative, whose cost shall be shared equally by said parties, to make such determination which shall be controlling, and provided further that if the parties' respective representatives cannot agree on an independent representative within such fifteen (15) day period, then either party may apply to the Supreme Court of the State of New York in the judicial district where the demised premises is located for such appointment; and

(iii) where an electricity redistributor prorates electricity charges on the basis of: (A) a consumption survey, vacant space (i.e. tenant premises which are leased and occupied) shall be allocated to the electricity redistributor, or (B) square footage, vacant space (i.e. tenant premises which are not leased and occupied) shall not be included in the total square footage of the entire building premises, provided, however, public, common, and service area shall not be considered vacant space;

(3) electricity charges shall be clearly stated and shall be separately provided on bills or statements to non-residential energy users, and shall set forth the charge per-kwh and per-kw, if applicable, and the number of billing units used to compute such bills or statements;

(4) bills or statements for electricity charges to non-residential energy users shall be furnished at least bi-monthly;

(5) no charge for electricity used or consumed in any public, common or service area of the building premises shall be included in the electric bills or statements to non-residential energy users, but nothing herein prohibits electricity redistributors from otherwise recovering costs for electricity used or consumed in such areas;

(6) a copy of the applicable rate charges in the tariff of the utility providing service, or which otherwise would be providing service, to the electricity redistributor for resale or redistribution shall be provided to each non-residential energy user covered by these rules and regulations upon certification, and to each new non-residential energy user upon occupancy, and to each such user whenever the New York State Public Service Commission approves any changes thereto;

(7) any non-residential energy user, once each calendar year, upon ten days prior written notice, may inspect, during regular business hours, the electricity redistributor's records regarding the calculation of such energy user's electricity charges and the electricity consumption for the entire building premises, and, except where the electricity redistributor purchases electricity from an entity other than a utility, the electric bills rendered to the electricity redistributor for the entire building premises, for no less than the three preceding calendar years; and

(8) except in the case of surveys performed in accordance with §9-03(b)(2)(i)(A) or (B), any controversy relating to the measurement of electricity consumption, the calculation of electricity charges, and the billing of any electricity charges shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association and any award rendered by the arbitrator(s) may assess the expenses and fees of the arbitrator, together with costs and other reasonable expenses and fees, including attorney's fees, against the losing party. Judgement upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof, provided that the non-residential energy user shall pay to the electricity redistributor any sums or amounts in dispute subject to a refund with interest, payable at the rate of interest then authorized by the New York State Public Service Commission for utility customer deposits, as specified in Section 90.3 of Title 16 of the New York Code of Rules and Regulations, or any successor index published by the New York State Public Service Commission or Department of Public Service in connection with interest on utility customer deposits.

§9-04 Model Lease Rider.

Attached as Appendix A of this subchapter A is a model lease rider which complies with the requirements contained herein. In order to qualify for certification, an electricity redistributor which on a metered or on a non-metered basis identifies electricity charges to its non-residential energy users, shall incorporate the model lease rider, in any existing leases as provided in §9-05(d), and any new leases, or any extensions and renewals of leases or other arrangements, unless a waiver has been granted by the Commissioner. A waiver may be granted only if the lease or any lease extension or renewal or other arrangement substantially complies with the requirements of these rules and regulations. All the other terms, conditions and provisions of any lease between the electricity redistributor and the non-residential energy user, pertaining to the resale or redistribution of electricity or otherwise, which are not inconsistent with the model lease rider, shall be effective and controlling between the parties.

CHAPTER 9 ENERGY SERVICES

SUBCHAPTER A ENERGY OFFICE

§9-05 Application Procedures.

Applications may be obtained from the Electricity Redistributor Certification Program, New York City Economic Development Corporation, 110 William Street, New York, NY, 10038. Complete applications must be submitted to the above address. All electricity redistributors which resell or redistribute electricity, must apply for and be certified under these rules and regulations in order to receive the benefits conferred under Local Law No. 49 of 1987. Where an electricity redistributor which does not identify electricity charges is issued a certification of eligibility and if such electricity redistributor commences to identify electricity charges on any bill or statement rendered to a non-residential energy user, then upon the happening of such event, the certification of eligibility shall be revoked, unless a new application for eligibility has been made and approval of the Commissioner has been obtained. At least 90 days prior to any such change in billing method, the electricity redistributor shall provide notice thereof to the Commissioner in writing by certified, first-class mail. Where an electricity redistributor is issued a certification of eligibility and if such electricity redistributor intends to sell or otherwise transfer its ownership interest in the building premises to another person, the certification of eligibility shall terminate upon the happening of such event, unless a new application for eligibility has been made and approval of the Commissioner has been obtained. Applications for certification shall be in the format prescribed by the Commissioner, which format, from time to time, may be modified or amended. An electricity redistributor shall submit a separate application for each building or more than one building covered by a single utility account, except as otherwise approved by the Commissioner. Any electricity redistributor applying for certification of eligibility hereunder shall submit to the Commissioner with each application a non-refundable

application fee of one hundred and fifty dollars ($150) by check or money order, payable to the order of the City Collector. An application shall not be processed unless complete and accompanied by the required fee. An electricity redistributor applying for a certification of eligibility shall provide such information deemed necessary or useful by the Commissioner and the application shall, without limitation, contain the following:

(a) where an electricity redistributor furnishes electricity on a metered basis, the technical specifications for the metering system installed in the demised premises and a certification that at least every five (5) years, each meter shall be calibrated for reliability and accuracy by a technically qualified testing service;

(b) an explanation of the method and basis for calculating charges to non-residential energy users, which shall include a provision preventing charges to such energy users from exceeding the maximum mark-up allowed hereunder;

(c) where the electricity redistributor on a metered or on a non-metered basis identifies electricity charges, a representation and warranty that the model lease rider or any substantially equivalent lease clause or provision as may be approved by the Commissioner is contained in leases or other arrangements for the use and occupancy of premises within the building premises, in accordance with the "Minimum Percentage Needed for Initial Certification" set forth in the schedule in §9-05(d), and that the electricity redistributor and any successor electricity redistributor shall continue to use the model lease rider or such previously approved lease clause or provision in such leases and any new leases, or renewals or extensions of leases, or any other arrangements for the use and occupancy of all non-residential premises within the building premises;

(d) where the electricity redistributor on a metered or on a non-metered basis identifies electricity charges, a certification that, at the time of the application, at least the minimum percentage of the square feet contained in the entire building premises, excluding the public, common or service areas, as measured by a recognized real estate standard consistently applied, is subject to the terms, conditions and provisions contained in the rider or any previously approved lease clause or provision, as set forth in the following schedule:

Fiscal Year	Minimum Percentage July 1-June 30 Needed for Initial Certification
1987/88	50%
1988/89	60%
1989/90	70%
1990/91	80%
1991/beyond	85%

(e) notwithstanding §9-05(d), a certification that the benefits shall be promptly passed on to all non-residential energy users according to their proportionate share of electricity consumed in the building premises and a description of how such benefits shall be passed on to each such non-residential energy user;

(f) where an electricity redistributor uses a combination of methods to determine electricity charges or electricity used within the same building premises, then the electricity redistributor shall demonstrate that the allocation of such charges or use among energy users in the same building premises is fair and equitable to non-residential energy users and the electricity redistributor charges no more than the applicable rate or charges as provided in §§9-03(b)(1) or (a);

(g) a list of the names and addresses of all non-residential energy users and a list of the commencement dates of the leases, renewals or extensions of leases, or other arrangements for the use and occupancy by such energy users and the expiration dates thereof; and

(h) a certification that the electricity redistributor at all times following the submission of its application for

certification and after the receipt of a certificate of eligibility, shall notify the Commissioner in writing of any material changes in the information provided in the application, which notification shall be provided by the electricity redistributor to the Commissioner by first-class, certified mail within five (5) days of any such material change.

§9-06 Notice of Certification or Revocation.

After a certification of eligibility is issued to an electricity redistributor, the Commissioner shall send a written notice of the certification to the utility supplying energy or delivery services to such electricity redistributor, the electricity redistributor and the Department of Finance of the City of New York. Within ten (10) days of receipt of such notice, the electricity redistributor shall mail or deliver a copy of the notice of certification to each of the certified electricity redistributor's nonresidential energy users and shall obtain a written receipt therefor. Where a certification of eligibility is denied, revoked or revised, the Commissioner shall specify the grounds therefor in writing. Prior to such revocation, the electricity redistributor shall be given an opportunity to be heard. In the case of revocation, revision, or termination as set forth in §9-05, the Commissioner shall send written notice thereof to the utility, the electricity redistributor and the Department of Finance of the City of New York. Within ten (10) days of receipt of such notice, the electricity redistributor shall mail or deliver a copy of such notice to each of the non-residential energy users affected and shall obtain a written receipt therefor.

66 RCNY 9 - APPENDIX A

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 9 ENERGY SERVICES

APPENDIX A*1 MODEL LEASE RIDER

APPENDIX A*1 MODEL LEASE RIDER

Landlord shall furnish electricity to Tenant on a "non-metered" or on a "metered" basis, as follows:

(a) **Metered.** If and so long as Landlord provides electricity to the demised premises on a metered basis, then Tenant shall pay to Landlord, as additional rent hereunder, for the actual electricity used, as measured by a properly installed and operating meter, at the rate that would be charged by the utility providing electricity service for resale or redistribution in the service area where the building premises is located, which rate shall only include demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner of Business Services, plus a mark-up for administrative and operating costs equal to ____ percent (not to exceed 12 percent) of such electricity rate. If there is no demand meter to measure tenant's demand, then Landlord shall convert the total demand charge for the building to an average kilowatt hour (kwh) charge to Tenant, and, if applicable, where such electricity rate includes a time-of-day rate and there is no time-of-day meter to measure Tenant's peak usage, then Landlord shall average the on-peak and off-peak energy and demand costs for the entire building, and charge all the tenants in the entire building premises (except residential tenants) only Landlord's average energy and demand costs per kilowatt and/or kilowatt hour, as appropriate.

(b) **Non-metered.** If and so long as Landlord provides electricity to the demised premises on a non-metered basis and Landlord bills Tenant for specific electricity charges, then Tenant shall pay to Landlord, as additional rent hereunder, for electricity used as determined in accordance with the provisions set forth in paragraph (1)(i) or (ii) of this

subdivision (b):

(1) (i) Landlord shall charge Tenant for electricity based upon a survey of the estimated electricity use by Tenant in the demised premises which shall not include electricity consumed in any public, common and service areas, at the rate that is or would be charged by the utility providing electricity service for resale or redistribution in the service area where Landlord's building is located, which rate shall only include demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner of the New York City Department of Business Services, plus a mark-up for administrative and operating costs equal to ____ percent (not to exceed 12 percent) of such electricity rate; or

(ii) Landlord shall charge Tenant for electricity based upon a survey of Tenant's pro rata share of the actual cost of electricity for the entire building premises, which cost shall only include charges for demand, energy, fuel adjustment charges, any taxes and tax surcharges thereon, and any other utility charges which are specifically authorized by the Commissioner of the New York City Department of Telecommunications and Energy, as determined by Tenant's square foot area in the demised premises which shall not include any public, common and service areas, which square footage shall be measured by a recognized real estate standard consistently applied to all tenants in the entire building premises, as a proportion of the square foot area in the entire building premises, plus a mark-up for administrative and operating costs equal to ____ percent (not to exceed 12 percent) of such electricity cost prorated to Tenant.

(2) If a survey is used to determine the estimated electricity use by Tenant for the demised premises, then a survey shall be conducted by a technically qualified representative of Landlord, within ninety (90) days of Tenant's use or occupancy of the demised premises, or the date of issuance of a Certificate of Eligibility for the New York City utility tax and sales tax benefits conferred by Local Law No. 49 of 1987 for pre-existing occupancy, the cost of which survey shall be paid for by Landlord.

(3) If a survey is used to determine Tenant's prorata share of electricity charges or costs based upon Tenant's square foot area in the demised premises, excluding any public, common and service areas, then Landlord may rely on an existing area survey.

(4) Tenant, upon sixty (60) days prior written notice served on Landlord, at Tenant's option and expense and at any time, may demand a change from prorating electricity charges in accordance with subparagraph (b)(1)(ii) of this rider to determining such charges in accordance with a survey as described in subparagraph (b)(1)(i) of this rider.

(5) Where Landlord uses a survey as described in subparagraph (b)(1)(i) of this rider, either Landlord or Tenant, upon forty five (45) days prior written notice, may request subsequent surveys to be conducted as described herein, at any time because of material changes in conditions, and where Landlord uses a survey as described in subparagraph (b)(1)(i) or (ii) of this rider, either Landlord or Tenant, upon forty five (45) days prior written notice, may request subsequent surveys to be conducted as described herein, not more than once annually because of a disagreement with a prior survey. The party requesting any such survey shall pay the costs thereof. If Landlord and Tenant do not agree on the results of the said subsequent survey, then, within fifteen (15) days after the receipt of the results of the written survey report, the parties respective representatives shall choose an independent representative, whose cost shall be shared equally by the parties, to make such determination which shall be controlling. If the parties' respective representatives cannot agree on an independent representative within such fifteen (15) day period, then either party may apply to the Supreme Court of the State of New York in the judicial district where the demised premises is located for such appointment. For the purposes of this subparagraph, the term "material changes in conditions" shall mean changes in Tenant's electricity consumption: (i) which result from the addition or removal of equipment, machinery, or other electrical devices, and (ii) which would reasonably result in a change in electricity usage of greater than five (5) percent in the results of a prior survey.

(6) If Landlord prorates electricity charges on the basis of: (i) a use survey, vacant space (i.e. tenant premises which are not leased and occupied) shall be allocated to Landlord; or (ii) square footage, vacant space (i.e. tenant

premises which are not leased and occupied) shall not be included in the total square footage of the entire building premises, provided, however, public, common, and service areas shall not be considered vacant space.

(c) **General conditions.** If Landlord furnishes electricity to Tenant, Landlord shall continue to furnish electricity during the entire term of this Lease and any extensions or renewals thereof, provided Tenant is not in default of payment for electricity charges hereunder.

Except for the surveys described in subparagraphs (b)(1)(i) and (ii) and (2) of this rider, if Landlord and Tenant do not agree on any matter relating to the measurement of electricity consumption, the calculation of the electricity charges or the billing of any electricity charges to Tenant, the controversy shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association, provided Tenant shall pay to Landlord any sums or amounts in dispute subject to a refund by Landlord with interest payable at the rate specified in Section 90.3 of Title 16 of the New York Code of Rules and Regulations (New York State Department of Public Service; Customer Deposits-Electric Corporations), or any successor index published by the New York State Public Service Commission or Department of Public Service in connection with interest on utility customer deposits. Any award rendered by the arbitrator(s) may assess the arbitrator's expenses and fees, together with the costs and other reasonable expenses and fees, including attorney's fees, against the losing party. Judgment upon the award rendered by arbitrator(s) may be entered in any court having jurisdiction thereof.

Landlord shall clearly and separately state electricity charges for the demised premises, excluding any public, common or service area of the building premises, on bills or statements to Tenant, including the charge per kilowatt hour and per kilowatt, if applicable, and the number of billing units used to calculate such bill or statement. Such bills or statements shall be in writing and furnished to Tenant at least bi-monthly. Upon the execution of this Lease, Landlord shall furnish to Tenant a copy of the applicable rate charges in the tariff of the utility providing electric service to the building premises and any revisions or modifications thereto, as approved by the New York State Public Service Commission. Tenant, once each calendar year, upon ten (10) days prior written notice, may inspect, during regular business hours, at Landlord's office, Landlord's records regarding the calculation of Tenant's electricity charges and the electricity consumption for the entire building premises, and the electric bills rendered to Landlord for the entire building premises, for no less than the three (3) preceding calendar years.

CHAPTER 9 ENERGY SERVICES

SUBCHAPTER B RATES AND CHARGES

§9-21 Definitions.

City. "City" means the City of New York.

City's Consumers. "City's consumers" means any retail consumer of NYCPUS receiving electric service pursuant to NYCPUS Service Tariff.

Con Edison. "Con Edison" means Consolidated Edison Company of New York, Inc.

Distribution Agent or Delivery Agent. "Distribution Agent" or "Delivery Agent" means Con Edison.

EDPAB. "EDPAB" means New York State Economic Development Power Allocation Board.

Fitzpatrick Delivery Agreement. "Fitzpatrick Delivery Agreement" means the agreement between the City of New York and Consolidated Edison Company of New York, Inc., governing the delivery of Fitzpatrick economic development power, dated October 23, 1987, as amended, and any renewals or amendments thereof.

Industrial Economic Development Consumer. "Industrial Economic Development Consumer" means a City's Consumer who (1) applies to, and is approved by, NYCPUS for service; (2) meets the criteria established herein, including the Lease and Operating Agreement or the Fitzpatrick Delivery Agreement, whichever is applicable; and (3) is approved by EDPAB and NYPA, as may be required, pursuant to 21 NYCRR Part 370 and Part 460.

Lease and Operating Agreement. "Lease and Operating Agreement" is between the City of New York and Consolidated Edison Company of New York, Inc., governing the delivery of Niagara/St. Lawrence hydropower, dated July 1, 1985, and any renewals or amendments thereof.

NYPA. "NYPA" means the Power Authority of the State of New York (also known as the New York Power Authority).

NYCPUS. "NYCPUS" means the New York City Public Utility Service.

NYCRR. "NYCRR" means the Official Compilation of Codes, Rules and Regulations of the State of New York.

66 RCNY 9-22

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 9 ENERGY SERVICES

SUBCHAPTER B RATES AND CHARGES

§9-22 General Terms and Conditions.

The following terms and conditions shall apply to electric service rendered by the New York City Public Utility Service:

(a) **Applicable criteria.** Electricity service shall be supplied to City's Consumers in accordance with the following, as such may be amended from time to time, and to the extent of availability of power and energy from NYPA and access to necessary transmission and distribution facilities:

(1) the applicable service tariffs;

(2) the City's Application for Electric Service to NYPA, executed by the City on August 12, 1985, and the accompanying NYPA Service Tariffs, as amended;

(3) the Lease and Operating Agreements and Fitzpatrick Delivery Agreement;

(4) Chapter IX and X of Title 21 of the Official Compilation of Codes, Rules and Regulations of the State of New York, 21 NYCRR Parts 370 and 460; and

(5) any and all other applicable laws, rules, regulations, tariffs, rulings, orders, directives, and guidelines.

(b) **Rendition of service.** (1) **Industrial Economic Development Consumers.** Potential Industrial Economic Development Consumers desiring to receive service from NYCPUS will make an application for service to NYCPUS in such form and at such times as prescribed by NYCPUS. Applications will be processed and approved by NYCPUS in accordance with the requirements described herein and, to the extent applicable, 21 NYCRR Part 370 and 460, the applicable NYCPUS service tariff, and any regulations or guidelines adopted by NYCPUS. All allocations of industrial economic development power shall be subject to approval by EDPAB and/or NYPA as required by law. Industrial Economic Development Consumers shall be required to enter into a power service agreement with NYCPUS and shall provide such information as may be required, from time to time, by NYCPUS and its Delivery Agent. Such City's Consumers shall be required to adhere to any and all applicable terms and conditions of the City's Delivery Agent.

(2) **Other City's Consumers.** NYCPUS shall specify the service classifications eligible to receive power and energy under applicable tariffs, in accordance with the requirements established by NYPA. Such City's Consumers shall be required to adhere to any and all applicable terms and conditions of the City's Distribution Agent.

(c) **Load shapes and load factors.** (1) Deliveries of power and energy to City's Consumers, except for Industrial Economic Development Consumers, shall conform to the load shape of the class of City's Consumers being served. Such power and energy which does not so conform may, at the City's option, be reflected as adjustments in future deliveries or be subject to rejection by the Distribution Agent.

(2) Industrial Economic Development Consumers which purchase electricity from both the City and the City's Delivery Agent shall be supplied by both the City and the Delivery Agent at the same load factor.

(d) **Liability.** (1) The City and NYCPUS shall not be liable in the event that the supply of electric service under any of the following tariffs is interrupted or irregular or defective or fails from causes beyond their control or through ordinary negligence of their employees or agents. The City and NYCPUS shall not be liable for any injury, casualty or damage resulting in any way from the supply or use of electricity or from the presence or operation of any structures, equipment, wires, pipes, appliances or devices on the premises of City's Consumers or otherwise from any failure of the generation, transmission, or distribution system, except injuries or damages resulting from gross negligence on the part of NYCPUS.

(2) NYCPUS will endeavor to furnish electric service continuously except:

(i) for interruptions or reductions due to uncontrollable forces;

(ii) for temporary interruptions or reductions which, in the opinion of NYCPUS, or its suppliers and agents, are required for power system protection or for providing temporary emergency assistance to interconnecting systems; and

(iii) for temporary interruptions or reductions, which, in the opinion of NYCPUS, or its suppliers or agents, are necessary or desirable for the purpose of maintenance, repairs, replacements, installation of equipment, or investigation and inspection. NYCPUS, except in case of emergency as determined by it, will give City's Consumers, to the extent practicable, reasonable advance notice of such temporary interruptions or reductions and will exercise due diligence to remove the cause thereof.

(e) **Distribution and customer billing.** (1) **Distribution Agent.** All City's Consumers shall be customers of NYCPUS, not the Distribution Agent, with respect to the power and energy supplied under the following service tariffs. The Distribution Agent shall be responsible only for the local transmission and distribution of power and energy to City's Consumers, and such metering, billing and/or collection functions as described herein and in the Lease and Operating Agreement or the Fitzpatrick Delivery Agreement, whichever is applicable.

(2) **Rates and charges.** In addition to the rates and charges specified in the applicable tariffs, City's Consumers shall be required to pay, or reimburse the City, for any and all metering costs and any and all charges incurred by NYCPUS as a direct result of interconnecting City's Consumers' facilities with those of Delivery Agent and supplying

electricity to said City's Consumers.

(3) **Deposits.** Thirty days prior to the initiation of service, Industrial Economic Development Consumers shall be required to pay NYCPUS a deposit equal to two months estimated billings, pursuant to 21 NYCRR section 451.1. The deposit shall be held by NYCPUS for a period of two years. If, after a two year period, City's Consumers are not delinquent in the payment of bills, the deposit shall be refunded promptly, no later than the next bill for service after such two year period, without prejudice to NYCPUS' right to require a future deposit if deemed necessary. Interest shall be paid on the amount deposited at a rate prescribed annually by NYPA.

(4) **Payment of bills and late payment charges.** (i) On or about the tenth day of each month, Industrial Economic Consumers shall receive an estimated bill statement for the monthly billing period, indicating the number of kilowatts and kilowatt hours estimated to be supplied by NYCPUS during the billing period and the rates and costs therefor. For each subsequent bill, NYCPUS will reconcile the estimated usage with the actual usage for the prior billing period and the reconciliation amount shall be reflected in the estimated bill for the current month. Upon termination of service, a final reconciliation of any amounts owed by City's Consumers or to be paid by NYCPUS shall be made. NYCPUS may also make such reconciliation or adjustments to its rates and charges as are authorized hereunder or in the applicable NYCPUS Service Tariff. Where an Industrial Economic Development Consumer is a retail customer of both NYCPUS and its Distribution Agent, it shall receive separate bill statements with regard to each supplier.

(ii) City's Consumer (other than Industrial Economic Development Customers) shall be billed each month by the City, through its Distribution Agent. Bills rendered by NYCPUS, through its Distribution Agent, shall be payable to said agent in accordance with all applicable rules and regulations of the Distribution Agent.

(iii) Payment for bill statements rendered by NYCPUS to Industrial Economic Development Consumers is due on presentation, if hand delivered, or three days after the mailing of the bill and is payable by mail, to any duly authorized collector thereof, or otherwise as may be specified in the bill statement. A late payment charge at the rate of one and one half percent (1 1/2%) per monthly billing period, or such other rate as approved by NYPA, may be applied to the account of any Industrial Economic Development Consumer which is delinquent in the payment of its bills to NYCPUS. The charge will be applied to all amounts billed, including arrears, and unpaid late payment charge amounts applied to previous bills, which are not received on or before a date specified on the bill. This includes any additional amounts in cases where NYCPUS has underbilled, or failed to bill, because the City's Consumer was receiving service through tampered equipment. The date so specified shall not be less than 20 days after the date due. The late payment charge will apply to the amounts found to be owed for each monthly billing period, including any previous late payment charges. The late payment charge will not be applied to the account of any customer who can demonstrate neither responsibility for the tampering, nor knowledge that service was received through tampered equipment.

(5) **Discontinuance of service.** (i) NYCPUS may assign to its Distribution Agent the right to discontinue service or bring any legal action, as specified in this subparagraph, and the Distribution Agent may take any such action on behalf of NYCPUS, consistent with the distribution agreement between the City and said agent. Notwithstanding the foregoing, NYCPUS reserves the right to discontinue service and/or to take any other action permitted by law, consistent with the applicable Lease and Operating Agreement or City's Consumer who fails to make full and timely payments of all amounts due, including amounts due for late payment charges hereunder. In the event that NYCPUS, or its Distribution Agent, discovers tampering with equipment or meters, NYCPUS reserves the right to discontinue service to any City's Consumer and/or bring any legal action consistent with said Lease and Operating Agreement or Fitzpatrick Delivery Agreement, to recover damages, including reasonable attorneys fees and costs, or to take such other action as may be permitted by law.

(ii) NYCPUS may discontinue service to an Industrial Economic Development Consumer for failure to pay any and all amounts due within thirty-five (35) days after payment was due. Termination will not occur until at least fifteen (15) days after written notice has been personally served upon the Industrial Economic Development Consumer or at least fifteen (15) days after NYCPUS mails written notice by registered or certified letter to such customer at the

address at which service is received. If an Industrial Economic Development Consumer has requested in writing to NYCPUS to have an alternate address for billing purposes, written notice shall be sent both to the alternate address and to the premises where service is received. Failure to exercise any of these termination conditions by NYCPUS shall not constitute a waiver of any rights and powers set forth herein.

(6) **Determination of demand.** Demand shall be determined in accordance with the applicable provisions of the Delivery Agent's service tariffs and any contract between NYCPUS and its customers.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 9 ENERGY SERVICES

SUBCHAPTER B RATES AND CHARGES

§9-23 Firm Industrial Economic Development Nuclear Service (Service Tariff No. 4).

(a) **Availability.** This rate shall be available to specific industrial economic development consumers designated by NYCPUS and approved by NYPA or EDPAB, as required by law. (See Terms and Conditions.)

(b) **Character of service.** Alternating current, sixty hertz, voltage as available.

(c) **Monthly rate.** (1) **Non-time-of-day service.** To customers with maximum monthly billing demands of less than 1500 KW. Customers billed under this rate whose monthly maximum demands are 1500 KW or greater for two consecutive months shall thereafter be billed under Time-of-Day Service.

[See tabular material in printed version]

(ii) Energy charge

(A) High Tension Service 21.55 mills per KWh

(B) Low Tension Service 23.29 mills per Kwh

(2) **Time-of-day service.** To customers with maximum monthly billing demands of 1500 KW or greater. Customers billed under this rate whose monthly maximum demands do not exceed 900 KW for 12 consecutive months

shall thereafter be billed under Non-Time-of-Day Service.

[See tabular material in printed version]

(ii) Energy charge.

(A) High Tension Service 21.55 mills per KWh

(B) Low Tension Service 23.29 mills per KWh

(d) **Provisions applicable to rate.** (1) **Purchased power adjustment factor.** The rate under this tariff shall be adjusted by any changes in the delivered cost of purchased power, pursuant to 21 NYCRR Section 452.4.

(2) **Billing demand.** Billing demand shall be the greater of:

(i) such consumer's maximum 30-minute integrated demand established during the billing period; or

(ii) 75 percent of such consumer's contract demand. Contract demand shall be the maximum amount of power contracted for in the power service agreement between a City's consumer and NYCPUS.

(3) **Taxes.** The rates and charges under this Rate Schedule shall be increased by the applicable rate of gross receipts taxes, sales taxes and such other taxes as NYCPUS may be required to collect by law.

FOOTNOTES

2

[Footnote 2]: * Includes a component of $.00473/kwh to regain start-up and administrative costs of $1,569,000 for the NYCPUS for fiscal year ending June 30, 1986 (FY86). The $.00926/kwh rate shall be effective until the entire $1,569,000 has been billed to retail customers. If the entire $1,569,000 is billed to customers previous to July 1, 1986, the $.00926/kwh rate shall become $.00453/kwh ($.00926-$.00473) and such $.00453/kwh rate shall remain in effect for all lingering retail billings to be collected before July 1, 1986. Starting on the later of (a) the first billing date after which the full $1,569.00 of FY86 start-up and administrative cost has been billed to customers or (b) the first billings in the month of May 1986, the monthly energy rate shall become $.00488/kwh. The relevant monthly energy rate shall be subject to adjustment to reconcile amounts billed in prior months for start-up and administrative costs to the extent that NYCPUS has overcollected such start-up and administrative costs.

66 RCNY 10-02

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-02 Definitions.

Whenever used in these regulations, the following terms shall have the following meanings:

Age discrimination. "Age discrimination" means discrimination in employment related decisions because an individual is between the ages of 18 and 70.

Agency head. "Agency head" means the Commissioner, Chair or Director of any contracting agency.

Applicant. "Applicant" means an applicant for or recipient of City assistance for a construction project or other participant in a program related to City assistance for a construction project.

Citizenship status. "Citizenship status" means the citizenship of any person, or the immigration status of any person lawfully residing in the United States who is not a citizen or national of the United States.

City. "City" means the City of New York.

City assistance. "City assistance" means any financial assistance involving a construction project in the form of a grant, loan, contract, insurance or guarantee, or any other arrangement by which the City provides or otherwise makes available assistance in the form of:

(1) funds;

(2) services of city personnel;

(3) tax exemptions and tax abatements; or

(4) real or personal property or any interest in the use of such property, including:

(i) transfers or leases of such property for less than fair market value or for a reduced consideration; and

(ii) proceeds from a subsequent transfer or lease of such property if the City's share of its fair market value is not returned to the City.

Compliance. "Compliance" means a contractor having acted in accordance with the requirements of E.O. 50 (§10-14) and these regulations.

Commissioner. "Commissioner" means the Commissioner of the Department of Business Services.

Construction project. "Construction project" means any construction, reconstruction, rehabilitation, alteration, conversion, extension, improvement, repair or demolition of real property contracted by the City, except contracts for architectural, engineering or drafting services.

Contract. "Contract" means any written agreement, purchase order or instrument in which the City is committed to expend or does expend funds in return for work, labor, services, supplies, equipment, materials, or any combination of the foregoing:

(1) Unless otherwise required by law, the term "contract" shall include any City grant, loan, guarantee or other City assistance for a construction project.*1

(2) The term "contract" shall not include:

(i) contracts for financial or other assistance between the City and a government or government agency;

(ii) contracts, resolutions, indentures, declarations of trust, or other instruments authorizing or relating to the authorization, issuance, award, and sale of bonds, certificates of indebtedness, notes, or other fiscal obligations of the City, or consisting thereof; or

(iii) employment by the City of its officers and employees which is subject to the equal employment opportunity requirements of applicable law.

Contracting agency. "Contracting agency" means any administration, board, bureau, commission, department, or other governmental agency of the City, or any official thereof, authorized on behalf of the City to provide for, enter into, award, or administer contracts.

Contractor. "Contractor" means a person, including a vendor or applicant, who is a party or a proposed party to a contract with a contracting agency, first-level subcontractors of supply and service contractors, and all levels of subcontractors of construction contractors and applicants.

Director. "Director" means the Director of the Office.

Division. "Division" means the Division of Labor Services.

Economically disadvantaged person. "Economically disadvantaged person" means a person who at the time of application for entrance into a training program is either:

(1) a resident of a single person household who receives

(i) wages not in excess of 70 percent of the lower-level "urban family budget" for the City as determined by the U.S. Department of Labor, Bureau of Labor Statistics, or

(ii) receives cash welfare payments under a Federal, State, or local welfare program; or

(2) a member of a family which

(i) receives a family income less than 70 percent of the lower-level "urban family budget" for the City as determined by the U.S. Department of Labor, Bureau of Labor Statistics, or

(ii) receives cash welfare payments under a Federal, State, or local welfare program; or

(3) a Vietnam-era veteran as defined by applicable Federal law who has been unable to obtain non-government subsidized employment since discharge from the armed services; or

(4) a displaced homemaker who has not been in the labor force for 5 years but has during those years worked in the home providing unpaid services for family members and was

(i) dependent on public assistance or the income of another family member but is no longer supported by that income, or

(ii) receiving public assistance for dependent children in the home and that assistance will soon be terminated.

Employment report. "Employment report" means a report filed by a contractor containing information concerning its workforce composition, employment and salary practices, policies, programs, collective bargaining agreements, and pending lawsuits or consent decrees or court orders. The contractor may at its option submit as part of its employment report self-evaluation and transition plans written pursuant to §504 of the Rehabilitation Act of 1973 or its affirmative action plan in lieu of those sections of the employment report which request information contained in said plan.

Employment update report. "Employment update report" means a periodic report required to be filed by a contractor when the Office identifies underutilization in a job group or employment policies and practices which mitigate against equal employment opportunity.

Equal employment opportunity. "Equal employment opportunity" means the treatment of all employees and applicants for employment without unlawful discrimination as to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status in all employment decisions, including but not limited to recruitment, hiring, compensation, training and apprenticeship, promotion, upgrading, demotion, downgrading, transfer, lay-off and termination, and all other terms and conditions of employment except as provided by law.

Handicapped individual. "Handicapped individual" means any person who has or had a physical or mental impairment that substantially limits one or more major life activities, and has a record of such an impairment.

(1) The term "physical or mental impairment" means a physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin, and endocrine; or a mental or psychological disorder, such as mental retardation, developmental disability, organic brain syndrome, emotional or mental illness and specific learning disabilities. It includes, but is not limited to, such diseases and conditions as orthopedic, visual speech and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, alcoholism, substance abuse, and drug addiction.

(2) The term "major life activities" means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.

(3) The term "has a record of such an impairment" means has a history of, or has been classified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) The term "otherwise qualified" means a handicapped person, who, with reasonable accommodation can satisfy the essential requisites of the job or benefit in question, and in the case of alcoholism, substance abuse and drug addiction, is recovering and currently free of abuse of same.

(5) The term "reasonable accommodation" means such accommodation to an employee's or prospective employee's physical or mental impairment as shall not cause undue hardship in the conduct of the contractor's business. The contractor shall have the burden of demonstrating such hardship.

Job group(s). "Job group(s)" means a group of jobs having similar content, wage rates, and opportunities;

Minorities. "Minorities" means Blacks, Hispanics (non-European), Asians, and Native Americans (American Indians, Eskimos, Aleuts);

Noncompliance. "Noncompliance" means a contractor having failed to act in accordance with E.O. 50 (§10-14) and these regulations;

Person. "Person" means any natural person, corporation, partnership, sole proprietorship, or unincorporated agency;

Prime contractor. "Prime contractor" means any person who is a party or proposed party to a contract with a contracting agency;

Subcontractor. "Subcontractor" means any person having an agreement or arrangement or proposed agreement or arrangement with a contractor in which any portion of the contractor's duty to perform work is undertaken or assumed by such person; provided that a supplier of unfinished products to a supply and service contractor needed to produce the item contracted for shall not be considered a subcontractor;

Trainee. "Trainee" means an economically disadvantaged person who qualifies for and receives training in one of the construction trades pursuant to a program, other than an apprenticeship program, approved by the Division and, where required by law, the New York State Department of Labor and the United States Department of Labor, Office of Apprenticeship and Training;

Underutilization. "Underutilization" means a statistically significant disparity between the employment of members of a racial, ethnic, or sexual group and their availability as determined by the Office's utilization analysis.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 10-03

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-03 Covered Contracts.

(a) **General.** (1) All contractors doing business with the City without regard to the dollar amount or source of funding of the contract must be equal employment opportunity employers.

(2) Contractors whose contracts are funded in whole or in part by federal or state funds must also meet the standards and applicable legal requirements of the funding source. To the extent that federal or state requirements are different from the requirements of E.O. 50 (§10-14) and these regulations, the requirements of E.O. 50 (§10-14) and these regulations shall apply, except in those circumstances where application of the City's requirements would make it impossible for the contractor to meet the program requirements of the funding source.

(b) **Submission requirements.** (1) Except as provided herein, no contracting agency shall enter into a contract with any contractor unless such contractor's Employment Report is first submitted to the Division for its review.

(i) Before the contract may be awarded, each proposed supply and service contractor for a contract in excess of the small purchase limit established by rule of the Procurement Policy Board for procurement for goods and services who employs 50 or more employees is required to submit to the Division an Employment Report for the facility or establishment where the contract will be performed and where the Division deems necessary for a full review, the principle place of business or corporate headquarters;

(ii) Before the contract may be awarded, each proposed construction contractor for a contract in excess of $1 million is required to submit to the Division an Employment Report for its principal place of business or headquarters, the construction site where the contract will be performed and other non-City funded construction sites of the contractor within the City;

(iii) A contracting agency may award a requirements contract or an open market purchase agreement covered by these regulations prior to review by the Division of the contractor's Employment Report but may not make a purchase order against such contract or agreement until it has first transmitted such contractor's Employment Report to the Division and the Division has completed its review.

(2) Unless otherwise provided by federal or state law, an Employment Report shall not be required for

(i) a construction contract in the amount of $1 million or less or construction subcontract in the amount of $750,000 or less; or

(ii) a supply and service contract or subcontract in the amount of the small purchase limit established by rule of the Procurement Policy Board for procurement for goods and services or less or where the contractor employs less than 50 employees. In such cases the contracting agency shall promptly notify the Office in writing prior to the award of such a contract. To determine the applicability of this paragraph (2) to a City-assisted construction contract, the amount or value of the City assistance shall govern; or

(iii) a contract for a procurement of information technology that is within the small purchase limits established by rule of the Procurement Policy Board.

(3) Unless otherwise provided by law, an Employment Report shall not be required on a preaward basis for an emergency contract awarded pursuant to Executive Order No. 2 (2nd) (1970), as amended, the City Charter §315 or the General Municipal Law §103(4). In such cases, the contracting agency shall promptly notify the Office of the award of such a contract by submission of a copy of the documentation submitted to the Law Department. In the event of an emergency not covered under the foregoing provisions, the contracting agency head will notify the Director in writing requesting a waiver of the preaward submission requirements. Said request must contain a statement of reason for such waiver request.

(4) Unless otherwise required by law, an Employment Report shall not be required for a covered supply and service contract with a contractor who has received a valid certificate of compliance with the equal employment requirement of applicable law as follows:

(i) where a contractor has received a Certificate of Equal Employment Compliance issued after a desk audit by an appropriate federal or state agency in the preceding 12 months, the proposed contractor shall complete and submit the general information section of the Employment Report with a copy of such certificate of compliance to the Division;

(ii) where a contractor has been desk audited by an appropriate government agency and found to have deficiencies with respect to equal employment compliance and has agreed, within the preceding 12 months, to correct these deficiencies, the contractor may submit the general information section of the Employment Report with documentation regarding the finding of deficiencies and corrective measures taken. The Division may thereafter, in its discretion, require the submission of all reports concerning implementation of corrective measures or a completed Employment Report; and

(iii) where a contractor has been reviewed by the Division and issued a certificate of compliance in the preceding 12 months, the contractor shall complete and submit the general information section of the Employment Report with a copy of such certificate of compliance to the Division.

(5) Unless otherwise required by law, the Division may in its discretion waive the submission of an Employment

Report where the contractor is in the process of being desk audited by an appropriate government agency and grant the contractor a conditional approval. Upon completion of the audit, the contractor must advise the Bureau of the results of the audit. The Division may thereafter in its discretion, require the submission of all reports concerning implementation of corrective measures or a completed Employment Report.

(6) The contractor may at its option submit its existing Affirmative Action Plan ("Plan") in lieu of parts of the Employment Report, provided that the Plan contains essentially the same information as those portions of the Employment Report.

(7) The contractor may at its option submit copies of its self-evaluation and transition plans written pursuant to §504 of the Rehabilitation Act of 1973.

(8) The Director may, on the written request of the contracting agency head, waive the submission requirements of E.O. 50 (§10-14) and these regulations where the agency head certifies that:

(i) the contracting agency has been unable to secure the submission of an employment report after making diligent efforts; and

(ii) the proposed contractor is the sole provider of a unique service, supply or labor; or

(iii) because of the unique circumstances of the contract it would not be in the public interest to require submission of an Employment Report prior to the award of the contract.

(9) Failure to file timely, complete and accurate reports as required by E.O. 50 (§10-14) and these regulations constitutes noncompliance with E.O. 50 (§10-14) and these regulations. The Director may direct the contracting agency head to impose sanctions authorized by E.O. 50 (§10-14) and these regulations in connection with such noncompliance. The Division shall notify the contracting agency in writing of any such failure as soon as practicable.

Subd. (b) par (3) amended City Record Nov. 17, 2004 §5, eff. Dec. 17, 2004. [See Note 2]

DERIVATION

Subd. (b) par (2) subpar (ii) amended City Record Oct. 15, 1997 eff. Nov. 14, 1997. [See Note 1]

Subd. (b) par (2) subpar (iii) added City Record Oct. 15, 1997 eff. Nov. 14, 1997. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Oct. 15, 1997:

The Department of Business Services, acting pursuant to authority granted by section 1305 of the City Charter, is amending the rules of its Division of Labor Services to provide that contracts for procurements of information technology that come within small purchase limits established by the Procurement Policy Board in July of 1997 are exempt from those provisions of section 1-14 which require the filing of employment reports. The procurement rules were changed primarily to enable agencies to obtain contractors to assist in correcting flaws in the City's computer systems associated with the beginning of a new century in the year 2000 as quickly as possible.

2. Statement of Basis and Purpose in City Record Nov. 17, 2004: This amendment to the rules governing the Division of Labor Servicrs ("DLS") increases the minimum supply and service contract amount under which the submission of an Employment Report to DLS is required. This amendment raises the current $50,000 threshold amount to an amount that corresponds to the small purchase limit established by rule of the Procurement Policy Board. The amendment also exempts contractors who employ fewer than 50 employees from the requirement to submit an Employment Report. The current exemption is limited to contractors who employ fewer than 25 employees. Adjustments to the minimum threshold for DLS review of supply and service contracts that correspond to the small purchase limit are consistent with objectives of the procurement process to reduce administrative requirements for purchases below a limit established by the Procurement Policy Board and the City Council. After public hearing and pursuant to comments raised by the New York City Law Department, revisions to the proposed amendments to the rule were made. First, the amendments increase the exemption threshold for construction contracts from $50,000 to $1 million in §§10-03 and 10-04 of the rule in order to conform the thresholds set forth in these sections to the existing threshold for construction contracts set forth in §10-14. In addition, an outdated reference to Charter §342(b) has been replaced by the correct citation. Also, the amendment regarding required contract language was revised to reflect that the contract language set forth in the rule is required in all contracts in excess of the small purchase limit established by rule of the Procurement Policy Board. Finally, the rule's reference to a board of responsibility convened pursuant to the rules and regulations of the Board of Estimate in the rule was omitted because the Board of Estimate no longer exists.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 10-04

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-04 Responsibilities of Contracting Agencies.

(a) **Contract language-all contracts.** Each contracting agency shall incorporate into every contract in excess of the small purchase limit established by rule of the Procurement Policy Board to which it becomes a party the following language:

"This contract is subject to the requirements of Executive Order No. 50 (April 25, 1980) (§10-14) ("E.O. 50") and the Rules and Regulations promulgated thereunder. No contract will be awarded unless and until these requirements have been complied with in their entirety. By signing this contract, the contractor agrees that it:

(1) will not discriminate unlawfully against any employee or applicant for employment because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;

(2) will not discriminate in the selection of subcontractors on the basis of the owner's, partners' or shareholders' race, color, creed, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status;

(3) will state in all solicitations or advertisements for employees placed by or on behalf of the contractor that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status or is an equal employment opportunity employer;

(4) will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 (§10-14) and the rules and regulations promulgated thereunder;

(5) will furnish before the contract is awarded all information and reports including an Employment Report which are required by E.O. 50 (§10-14) the rules and regulations promulgated thereunder, and orders of the Director of the Office of Labor Services ("Division"). Copies of all required reports are available upon request from the contracting agency; and

(6) will permit the Division to have access to all relevant books, records and accounts by the Division for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

The contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, such noncompliance shall constitute a material breach of the contract and noncompliance with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of the Division, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

(i) disapproval of the contractor;

(ii) suspension or termination of the contract;

(iii) declaring the contractor in default; or

(iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.

The Director of the Division may recommend to the contracting agency head that a contractor who has repeatedly failed to comply with E.O. 50 (§10-14) and the rules and regulations promulgated thereunder be determined to be nonresponsible.

The contractor agrees to include the provisions of the foregoing paragraphs in every subcontract or purchase order in excess of the small purchase limit established by rule of the Procurement Policy Board to which it becomes a party unless exempted by E.O. 50 (§10-14) and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§10-14) and the rules and regulations promulgated thereunder."

(b) **Special provisions for construction contracts.** In addition to the contractual provisions required in §l0-04(a), each contracting agency shall incorporate into every contract for a construction project in excess of $125,000 to which it becomes a party the following language:

"The contractor further agrees that it shall employ trainees for training level jobs and it shall participate in on-the-job training programs other than apprenticeship programs which are approved by the Division and where required by law, the U.S. Department of Labor, Bureau of Apprenticeship Training or the New York State Department

of Labor.

The contractor shall make a good faith effort to achieve the ratio of one (1) trainee to four (4) journey-level employees of each trade on each construction project; provided, that the trainee requirement shall not apply to contracts in the amount of $125,000 or less.

"Trainee" means an economically disadvantaged person who qualifies for and receives training in one of the construction trades pursuant to a program, other than an apprenticeship program, approved by the Division and, where required by law, the New York State Department of Labor and the United States Department of Labor, Bureau of Apprenticeship and Training.

The contractor shall be considered to employ 4 journey-level employees in a particular trade when he or she employs any number of journey-level employees in that craft whose aggregate work hours equal the number of hours 4 full-time journey-level employees would have worked in a work week as defined by the prevailing practice in the industry for the particular craft, i.e., 40 hours, 37 1/2 hours, 35 hours, etc. For example, in a craft where there is a forty-hour work week, the employment of 4 journey-level employees results in 160 hours of employment (4 × 40). Hence, any number of journey-level employees which results in 160 hours of work is considered for purposes of the training program to equal 4 journey-level employees, i.e., 3 journey-level employees who work 53 1/3 hours (3 × 53 1/3 = 160).

The training requirement shall not apply to any trade in which the employment of four or more journey-level employees and the trainee shall be for less than 4 consecutive weeks; provided, that 4 weeks shall mean 4 weeks of full-time work as defined by the prevailing practice in the industry for the particular craft, i.e., 160 hours (4 weeks × 40 hours), 150 hours (4 weeks × 37 1/2 hours), 140 hours (4 weeks × 35 hours), etc.

The contractor shall attempt to provide continuous employment for trainees after the completion of the contract to enable them to complete their course of training.

Union contractors shall refer, recommend and sponsor for union membership any of their trainees who can perform the duties of a qualified journey-level employee or who have satisfactorily completed the training program. Such former trainee shall be paid full journey-level wages and fringe benefits, whether or not union membership is granted after such referral, recommendation or sponsorship, and the contractor shall attempt to continue the employment of such persons.

In the event of a failure to provide training to the required number of trainees for the required number of weeks, the contractor's compensation shall be decreased by an amount equal to the difference between the wages and fringe benefits paid by the contractor to the trainees and the wages and fringe benefits which would have been paid to the trainees had the number and duration of the positions been as required unless the contractor can demonstrate that it made a good faith effort to provide training and was unsuccessful. The wages and fringes deducted will be whatever a first term trainee would have received under the prevailing wage schedule in effect at the time the trainees should have been employed.

A good faith effort includes at least:

(i) documented efforts to secure trainees from approved training programs; and

(ii) documented outreach efforts to New York State Employment Service, Department of Employment, TAP Centers, community and civil rights groups to identify candidates for training positions and sponsorship of those persons by the contractor for entrance into an approved training program; and

(iii) written notification to the Division that the contractor has been unable to secure trainees pursuant to paragraphs (1) and (2) above and requesting the Division's assistance in securing trainees; provided, that neither the provisions of any collective bargaining agreement nor the refusal by a union with whom the contractor has a collective

bargaining agreement to recognize the validity of the training program shall excuse the contractor's obligation to provide training pursuant to E.O. 50 (§10-14) and these reg- ulations.

To demonstrate its good faith effort, the contractor may at its option supply documentation concerning its employment of trainees on all its construction sites, both City and non-City funded. The Division will review this documentation as part of its analysis to determine whether the contractor made a good faith effort.

The contractor will also include the training provisions of this section in every subcontract in excess of $125,000 to which it becomes a party unless exempted by E.O. 50 (§10-14) and the rules and regulations promulgated thereunder so that such provisions will be binding upon each subcontractor. The contractor will take such action with respect to any subcontract as the Division may direct as a means of enforcing such provisions, including sanctions for noncompliance.

The contractor further agrees that it will assist and cooperate with the Division in obtaining the compliance of subcontractors with the requirements of E.O. 50 (§10-14) and the rules and regulations promulgated thereunder, and it will furnish the Division with information necessary for supervision of such compliance."

(c) **Special provisions for city-assisted contracts.** (Reserved).

(d) **Preaward compliance generally.** (1) No contracting agency shall enter into a construction contract in excess of $1 million, or a supply and service contract in excess of the small purchase limit established by rule of the Procurement Policy Board for procurement for goods and services when the contractor employs 50 or more employees, unless the contractor's Employment Report is first submitted to the Division for its review and approval.

(2) The contracting agency, at the time a proposed covered contractor is identified, either through low bid or negotiation, shall notify the Division in writing of the name of the proposed contractor, the contract in question and dollar amount.

(3) The contracting agency shall transmit a completed Employment Report to the Division within ten business days after the identification of a proposed covered contractor.

(4) The contracting agency may thereafter award a contract, unless the Division gives prior written notice to the contracting agency and the contractor as follows:

(i) If the Division notifies the contracting agency and the contractor within five business days after the receipt by the Division of the Employment Report that the contractor has failed to submit a complete report, the Director may require the contracting agency to disapprove the contractor unless such deficiency is corrected in a timely manner; and

(ii) If the Division notifies the contracting agency and the contractor within fifteen business days of the receipt by the Division of the completed Employment Report that the Division's analysis of the contractor's workforce indicates underutilization and therefore the Division has reason to believe that the contractor is not in substantial compliance with applicable legal requirements and the provisions of E.O. 50 (§10-14) and these regulations, the Division shall promptly take such action as may be necessary to remedy the contractor's noncompliance. These time limits shall apply to the review of all Employment Reports submitted by subcontractors or contractors who are a party to a requirements contract or an open market purchase agreement.

(iii) The time limits for this subdivision (d) begin to run on the business day following receipt of the Employment Report.

(5) The contracting agency shall notify the Division in writing of the award of a covered contract.

(6) With respect to covered supply and service contracts, the contracting agency shall also:

(i) notify the Division upon the submission of the prime contractor's Employment Report of any subcontracts in

excess of the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services where the subcontractor employs 50 or more employees; and

(ii) transmit the subcontractor's completed Employment Report to the Division for review and approval.

(7) With respect to covered construction contracts, the contracting agency shall in addition:

(i) notify the Division in writing of its commencement to work order;

(ii) notify the Division in writing of the contractor's application for approval of subcontractors and transmit to the Division the subcontractors' completed Employment Reports for review and approval before allowing the contractor to subcontract any work; and

(iii) notify the Division in writing when the contract is 98 percent complete.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-05 Responsibilities of the Division of Labor Services.

(a) **Division review-generally.** (1) It shall be the responsibility of the Division to implement, monitor compliance with, and enforce E.O. 50 (§10-14), these regulations and programs established pursuant to City, State and Federal law requiring contractors to provide equal employment opportunity.

(2) The Division shall conduct a preaward compliance review to determine whether the contractor maintains nondiscriminatory hiring and employment practices and is taking steps to insure that applicants are employed and that employees are placed, trained, upgraded, promoted, paid, and otherwise treated during employment without regard to race, creed, color, sex, national origin, age, handicap, marital status, sexual orientation or citizenship status.

(3) The Division's preaward compliance review shall proceed in the following manner:

(i) The Division shall analyze the contractor's Employment Report, with special attention directed to the composition of the work force and the contractor's employment policies, practices and procedures, including the following: recruitment, outreach, interviewing practices, pre-employment physical exams, employee evaluations, supervisor accountability, EEO training, promotional and transfer practices, training programs, employee counseling, job descriptions, architectural and other barriers, salaries and wage plans, fringe benefits, work environment, changing facilities, and collective bargaining agreements;

(ii) If the Division deems it appropriate as part of its compliance review, or if the Office finds that the material submitted is incomplete or raises questions concerning the contractor's efforts to meet the requirements of E.O. 50 (§10-14) and these regulations, the Division may:

(A) hold a conference with the contractor to gain information necessary to complete the compliance review and, where necessary, to develop an Employment Program; and

(B) perform an on site review of those matters which were not fully or satisfactorily addressed in the Employment Report or at the conference.

(iii) The Division will take into consideration consent decrees, court and administrative orders and conciliation agreements when analyzing a contractor's compliance with E.O. 50 (§10-14) and these regulations. The Division will not impose requirements which are inconsistent with the foregoing.

(b) **Division review- supply and services contracts.** (1) After the Division has completed its preaward compliance review and has determined that a proposed covered contractor is in compliance with the requirements of E.O. 50 (§10-14) and these regulations, it shall issue a certificate of compliance which shall be valid for 12 months.

(2) After the Division has completed its preaward compliance review and has identified underutilization or employment policies and practices which mitigate against equal employment opportunity, it may negotiate an Employment Program or approve the proposed covered contractor with reservations and monitor the compliance of the contractor with E.O. 50 (§10-14) and these regulations during the term of the contract. The monitoring shall consist of:

(i) an analysis of Employment Update Reports which the contractor is required to submit on a periodic basis; and

(ii) where necessary, conferences and on site reviews.

(c) **Division review- construction contracts.** (1) During the preaward compliance review, the Division shall hold a preaward conference for contracts in excess of $1,000,000. At the conference, the Division will review the contents of the Employment Report in detail with the contractor to insure compliance with applicable Federal, State, and City equal employment opportunity and training requirements.

(2) During the term of the contract, the Division shall monitor the compliance of the contractor with the requirements of E.O. 50 (§10-14) and these regulations. The monitoring shall consist of:

(i) an analysis of the payroll records or other workforce data tables on City and non-City funded sites which the contractor is required to submit on a periodic basis; and

(ii) field visits to City and non-City funded construction sites of the contractor within the City.

(3) Upon completion of the contract and prior to final payment, the Division shall complete the audit of the contractor's payroll records and any other information submitted concerning compliance with the training requirements of E.O. 50 (§10-14) and these regulations to determine whether the contractor has made a good faith effort to comply with these requirements and whether the contractor's compensation should be reduced for failure to provide the required training. The contractor and the contracting agency shall be given notice if the Division's audit reveals that the contractor failed to provide training for the required number of trainees for the required number of weeks, or that the contractor has acted to circumvent the training requirements. In such case, unless the contractor can demonstrate that it made a good faith effort to provide the training, the contractor's compensation will be reduced. The Division shall evaluate all information submitted by the contractor concerning its good faith effort and consult with the contracting agency before a decision is made as to whether a training violation has occurred. The Division shall notify the contractor and contracting agency of its determination.

(d) **(Reserved).**

66 RCNY 10-06

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-06 Criteria for Compliance-Generally.

The Division shall determine the contractor's compliance status after analysis of the composition of its work force and its employment policies and practices using the criteria enumerated in this section. In the event the analysis reveals that the contractor has not met the requirements of E.O. 50 (§10-14) and these regulations, the Division may with the contractor develop an Employment Program to correct any underutilization or employment policies and practices which mitigate against equal employment-opportunity. The Employment Program shall consist of mandated actions based upon the criteria set forth in this section.

(a) **Equal employment opportunity policy statement.** (1) All covered contractors must have a written equal employment opportunity policy which indicates the chief executive Divisionr's commitment to equal employment opportunity, assigns overall responsibility for implementation and provides for a reporting and monitoring procedure.

(2) The contractor shall disseminate its equal employment opportunity policy internally as follows:

(i) Include the policy in employee and supervisor manuals;

(ii) Publicize the policy and company achievements in equal employment in company newspapers, magazines, annual reports, and other company publications;

(iii) Discuss and explain the policy in training sessions and other meetings with employees, executive, management, and supervisory personnel, indicating individual responsibility for effective implementation;

(iv) Meet with union officials to inform them of the policy, review all contractual provisions to insure they are nondiscriminatory, and bargain with respect to the inclusion of nondiscrimination clauses in all union agreements; and

(v) Post the policy on company bulletin boards.

(3) The contractor shall disseminate its equal employment opportunity policy externally as follows:

(i) Inform all recruiting sources verbally and in writing of company policy, stipulating that these sources actively recruit and refer members of all protected groups for all positions;

(ii) Incorporate the equal employment opportunity policy into all purchase orders, contracts, etc., covered by E.O. 50 (§10-14) and these regulations; and

(iii) Communicate the policy in all solicitations or advertisements for employees placed by or on behalf of the contractor.

(4) An executive of the contractor shall be appointed as director or manager of company equal employment programs with sufficient resources to carry out the responsibility. His or her identity should appear on all internal and external communications on the company's equal employment policy and programs. His or her responsibilities should include:

(i) Developing policy statements, equal employment programs, internal and external communication techniques and programs;

(ii) Assisting in the identification of problem areas;

(iii) Assisting line management in arriving at solutions to problems;

(iv) Designing and implementing audit and reporting systems that will

(A) Measure effectiveness of the contractor's policy and implementing programs including supervisors' and management's adherence to the equal employment opportunity policy;

(B) Indicate need for remedial action;

(C) Determine the degree to which the contractor's equal employment objectives have been met;

(v) Serve as liaison between the contractor and enforcement agencies;

(vi) Serve as liaison between the contractor and minority organizations, women's organizations, advocate organizations for other protected groups and community action groups concerned with equal employment opportunity.

(b) **Workforce analysis and identification of problem areas.** (1) All covered contractors must complete and submit an Employment Report. The Employment Report must contain specific information concerning the composition of the contractor's current and projected workforce.

(2) The Division shall analyze the data on minorities and women submitted by the contractor with respect to all job groups. In determining whether minorities or women are being underutilized in any job group, the Division may consider the following factors:

(i) The minority or female population of the labor area surrounding the facility or the construction site;

(ii) The size of the minority or female unemployed work force in the labor or recruitment area surrounding the facility or the construction site;

(iii) The percentage of the minority or female workforce as compared with the total workforce in the immediate labor area;

(iv) The general availability of minorities or females having requisite skills in the immediate labor area;

(v) The availability of minorities or women having requisite skills in an area in which the contractor can reasonably recruit;

(vi) The availability of promotable and transferable minorities or women within the contractor's organization;

(vii) The existence of training institutions capable of training persons in the requisite skills; and

(viii) The degree of training which the contractor is reasonably able to undertake as a means of making all job classes available to minorities or females.

(3) In the event the Division's analysis reveals underutilization of minorities or women it shall:

(i) request an explanation of the apparent underutilization; and

(ii) consider the anticipated expansion, contraction and turnover in the workforce before developing with the contractor an Employment Program or determining if it has reasonable cause to believe that the contractor is not in compliance with E.O. 50 (§10-14) and these regulations.

(4) The statistical criteria for evaluating the composition of the contractor's workforce will be the following:

(i) the term "underutilization" means a statistically significant disparity between the employment of members of a racial, ethnic, or sexual group and their availability as determined by the Division's utilization analysis; and

(ii) the term "utilization analysis" will mean an analysis of the contractor's workforce using standard statistical techniques to test a null hypothesis that utilization of a given protected group is within acceptable limits, given its availability.

For the purpose of these regulations, the null hypothesis will be rejected (i.e., underutilization will be assumed) whenever there is reason to believe that the utilization rate is below the availability rate at the 80 percent level of significance.

(c) **Analysis of policies and practices-identification of problem areas.**

The Division shall analyze the following policies, practices and procedures of the contractor to insure that individuals are not discriminated against on the basis of their race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status:

(1) The composition of applicant flow;

(2) The total selection process including position descriptions, position titles, worker specifications, application forms, interview procedures, pre-employment physical exams, inquiries with respect to disabilities, test administration, test validity, referral procedures, final selection process and similar factors;

(3) Transfer and promotion practices;

(4) Wage rates, salaries, fringe benefits and other forms of compensation;

(5) Facilities including architectural and other barriers to the employment of handicapped persons, company sponsored recreation and social events, and special programs such as educational assistance;

(6) Seniority practices and seniority provisions of union contracts;

(7) Apprenticeship programs;

(8) All company training programs, formal and informal;

(9) Working atmosphere; and

(10) Technical phases of compliance, such as notification to labor unions, retention of applications, notification to subcontractors, etc.

(d) **Special provisions concerning compliance.** (1) A contractor shall not be in violation of E.O. 50 (§10-14) and these regulations if the contractor hires, employs, trains employees or otherwise discriminates on the basis of employees' creed, sex or national origin in those certain instances where creed, sex or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor's business. The contractor shall have the burden of demonstrating that it has complied with the requirements of this paragraph.

(2) A contractor shall not be in violation of E.O. 50 (§10-14) and these regulations with respect to age discrimination where it terminates the employment of any person who is physically unable to perform his or her duties or acts pursuant to a retirement policy or system where such policy or system is not merely a subterfuge to evade the purposes of E.O. 50 (§10-14) and these regulations. The contractor shall have the burden of demonstrating that it has complied with the requirements of this paragraph.

(3) Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the contractor has a collective bargaining agreement, to refer employees without regard to their race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status shall excuse the contractor's obligations under E.O. 50 (§10-14) and these regulations.

(4) A contractor shall not be in violation of E.O. 50 (§10-14) and these regulations if it applies different standards of compensation or different terms, conditions or privileges of employment pursuant to a bona fide seniority system.

(e) **Establishment of an employment program.** If any of the following items are found by the Division in its analysis and the contractor fails to demonstrate that the item does not have a discriminatory effect, an Employment Program may be developed by the Division and the contractor containing special corrective action:

(1) Underutilization of minorities or women in specific job groups;

(2) Lateral or vertical movement of minority, female, handicapped or older employees occurring at a proportionately lesser rate than that of other employees;

(3) Selection procedures which eliminate a significantly higher percentage of minorities, women, handicapped or older employees as compared to other employees;

(4) Application and related pre-employment forms which do not comply with applicable equal employment standards;

(5) Disparity in the wages, salaries, fringe benefits and other forms of compensation paid to minorities, women, handicapped or older employees as compared to other employees;

(6) Position descriptions which are inaccurate in relation to actual functions and duties performed;

(7) Formal or scored selection procedures not validated as required by applicable equal employment standards;

(8) Tests not validated as required by applicable equal employment standards;

(9) Discriminatory rejection of applicants for employment;

(10) Minorities, women, handicapped, or older employees are excluded from or are not participating in company-sponsored activities or programs;

(11) De facto segregation exists at some of the contractor's facilities;

(12) Architectural barriers to the employment and promotion of handicapped persons;

(13) Seniority provisions which are discriminatory and not bona fide;

(14) Failure by managers, supervisors or employees to support company EEO policy;

(15) Minorities, women, handicapped or older employees are significantly underrepresented in training or career improvement programs;

(16) No formal techniques established for evaluating effectiveness of equal employment opportunity programs;

(17) No formal techniques established for evaluating supervisor adherence to equal employment opportunity programs;

(18) Labor unions and subcontractors not notified of their responsibilities; or

(19) Purchase orders not containing equal employment opportunity clause.

(f) **Contents of an employment program.** An Employment Program is a unique program developed to meet the needs of each contractor. The following illustrate the types of corrective actions which may be implemented in specific circumstances.

(1) To encourage the flow of minority, female and handicapped applicants for employment it may be appropriate to direct:

(i) Outreach to advocate organizations and referral sources for minority, female and handicapped persons;

(ii) Encouragement of employment referrals by minority, female and handicapped employees;

(iii) Inclusion of minorities, women and handicapped employees on the personnel relations staff;

(iv) Participation by minority, female and handicapped employees in career days, job fairs, youth motivation programs, and related activities in their communities;

(v) Recruitment at vocational schools, secondary schools, junior colleges, and colleges with predominantly minority, female or handicapped enrollments; and

(vi) Help-wanted advertising in news media directed at minorities, women and handicapped persons in addition to the usual news media utilized.

(2) To insure that all employees are given equal opportunity for promotion it may be appropriate to direct:

(i) Posting and publicizing promotional opportunities and providing opportunities for self-nomination;

(ii) An inventory of current minority, female, handicapped and older employees made to determine academic, skill and experience levels of individual employees and to establish a skills bank;

(iii) Remedial, job training and work-study programs;

(iv) Formal employee evaluation programs;

(v) Requiring supervisory personnel to submit written justification for denying promotions to apparently qualified minority, female, handicapped or older employees;

(vi) Formal career counseling programs which include attitude development, education aid, job rotation, buddy system and similar programs; and

(vii) Training programs.

(3) To insure that qualified handicapped applicants or employees are not excluded from employment or denied promotional opportunities, it may be appropriate to direct a contractor to make reasonable accommodations to the physical or mental limitations of employees and job applicants. The contractor shall have the burden of proving any claim it may make that directions from the Office under this paragraph (3) would impose an undue hardship in the conduct of the employer's business.

(4) To maintain a discrimination free environment and prevent harassment of employees placed through equal employment efforts it may be appropriate to direct:

(i) special training programs for supervisors;

(ii) evaluation of supervisors' equal employment activities in their performance evaluation; and

(iii) other appropriate measures.

(5) Contractors should maintain adequate employment data with reference to minority status and sexual status, including progression line charts, seniority rosters, applicant flow data, applicant rejection ratios, referrals, placements, promotions and terminations, indicating minority and sex.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-07 Noncompliance.

(a) **Division determination- failure to file documents.**

(1) Whenever the Director finds that a covered contractor has failed to file an Employment Report or a complete Employment Report, or has filed an Employment Report with substantial misrepresentations, the Director shall send a notice in writing by certified mail, return receipt requested, to the contractor with a copy to the contracting agency describing:

(i) the noncompliance;

(ii) the corrective action necessary to remedy the noncompliance; and

(iii) a suggested date for a conciliation conference before sanctions will be imposed.

(2) If the contractor fails to take corrective action by filing a complete Employment Report, the Director may make a determination as to the sanctions to be imposed.

(3) The contractor shall have a period of seven business days to remedy the noncompliance and pursue conciliation efforts.

(i) If conciliation is successful, a conciliation agreement shall be signed by the Director and the contractor.

(ii) If conciliation is unsuccessful, the Director may find the contractor to be in noncompliance and direct sanctions to be imposed.

(b) **Division determination-EEO compliance.** (1) Whenever the Director has reasonable cause to believe that a contractor is in noncompliance, the Director shall send a notice promptly and in writing by certified mail, return receipt requested, to the contractor with a copy to the contracting agency, describing:

(i) the noncompliance;

(ii) the corrective actions necessary to remedy the noncompliance; and

(iii) a suggested date for a conciliation conference before sanctions will be imposed.

(2) The contractor shall have seven business days to show cause why it should not be found in noncompliance with E.O. 50 (§10-14), and these regulations.

(3) The Director shall offer the contractor an opportunity to conciliate. The Director shall pursue conciliation efforts for a period of seven business days. At the Director's discretion, the conciliation period may be extended.

(i) If conciliation is successful, a conciliation agreement shall be signed by the Director and the contractor.

(ii) If conciliation is unsuccessful, a complaint shall be served on the contractor and a copy shall be served on the contracting agency and filed with the Division of Administrative Trials and Hearings or the hearing officer designated by the Commissioner.

(4) The hearing shall be held in accordance with the rules of procedure adopted by the Division.

(c) **Report and recommendations.** (1) After the close of the hearing, the hearing officer shall render a report containing findings of fact, conclusions of law, and recommen- dations.

(2) Findings of fact shall be based exclusively upon the evidence of record and on matters officially noticed. Findings must be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely in the conduct of their serious affairs; even if such evidence would be inadmissible in a civil trial. The hearing officer's experience, technical competence and specialized knowledge may be utilized in the evaluation of evidence.

(3) The report and recommendations pursuant to this subdivision (c) shall be rendered in writing within ninety days after the conclusion of the hearing, or within ninety days after submission of proposed findings of fact, conclusions of law or briefs, if submitted pursuant to the Division's rules of hearing procedure, unless this period is waived or extended by the hearing officer with the written consent of all parties, or for good cause shown on notice to all parties.

(4) The hearing officer shall cause copies of the report and recommendations to be delivered or mailed to the Director, the parties and the contracting agency head.

(d) **Exceptions to report and recommendations.** Within ten days after receipt of the report and recommendations, any party may submit exceptions to said report or to any recommendation contained therein. These exceptions may be responded to by other parties within seven business days of their receipt by said parties. All exceptions and responses shall be filed with the Director. Service of exceptions and responses shall be made simultaneously on all parties to the proceeding and upon the hearing officer. Requests to the Director for additional time in which to file exceptions and responses shall be in writing and copies shall be served simultaneously on all other parties. Requests for extensions must be received no later than three business days before the exceptions are due.

(e) **Record and final determination.** After the expiration of the time for filing exception, the Director shall make a final determination on the basis of the record, which shall be the final Administrative Order. The record shall consist of the record of the enforcement proceeding, the rulings, report and recommendations of the hearing officer and the exceptions filed subsequent to the hearing officer's decision. A copy of the determination of the Director shall be provided to the parties, the hearing officer, the contracting agency, the Corporation Counsel and the Comptroller.

(f) **Sanctions.** (1) The Director shall, based upon the findings of fact and recommendations of the hearing officer and the record as a whole, determine whether the contractor is complying with applicable legal requirements and the provisions of E.O. 50 (§10-14) and these regulations.

(2) If the Director makes a determination of noncompliance, the Director may direct the contracting agency head that the following sanctions be imposed:

(i) disapproval of a proposed contractor;

(ii) suspension or termination of a contract;

(iii) declaring the contractor to be in default; or

(iv) in lieu of any of the foregoing sanctions, the Director may impose an employment program.

(3) The Director shall notify the contracting agency head in writing of the determination made and sanctions to be imposed.

(i) The contracting agency head may file written objection to the sanctions imposed within 5 business days of the issuance of the determination by the Director.

(ii) The contracting agency head must specify in writing his or her reasons for objecting to the sanctions imposed by the Director.

(iii) In the event such objections are filed, the Director and the agency head shall jointly determine the sanctions to be imposed.

(4) The Director of the Division may recommend to the contracting agency head that pursuant to the rules and regulations of the Board of Estimate a board of responsibility be convened for purposes of declaring a contractor who has repeatedly failed to comply with E.O. 50 (§10-14) and these regulations to be nonresponsible.

(g) **Complaints.** (1) Any person who believes a violation of E.O. 50 (§10-14) and these regulations has occurred may file a complaint, in writing, signed and dated, with the Office during the term of a contract.

(2) The complaint shall include the name, address, and telephone number of the complainant, the name and address of the contractor committing the alleged violation of E.O. 50 (§10-14) and these regulations, a description of the acts considered to be the violation, and any other pertinent information which will assist in the investigation and resolution of the complaint. The complaint shall be signed by the complainant or his or her authorized representative. Complaints alleging class-type violations which do not identify the alleged discriminatee or discriminatees will be accepted, provided the other requirements of this paragraph are met.

(3) The Division may refer complaints to the appropriate City, State and Federal agencies for processing rather than processing under E.O. 50 (§10-14) and these regulations. Upon referring complaints to another agency, the Division shall promptly notify the complainant and the contractor of such referral.

(4) A prompt investigation shall be made by the Division.

(5) The contractor involved shall cooperate fully with any investigation. Failure or refusal to furnish information or to cooperate in the investigation is a violation of E.O. 50 (§10-14) and these regulations and may result in the imposition of sanctions.

(6) Upon completion of the investigation, the complaining party and the contractor involved shall be informed of the results of the investigation in writing. If the Director has reasonable cause to believe that the contractor is in noncompliance with E.O. 50 (§10-14) and these regulations, then enforcement proceedings shall be commenced.

(7) It is a violation of E.O. 50 (§10-14) and these regulations for a contractor, subcontractor, or other person to intimidate, threaten, coerce, or discriminate against any individual or business for the purpose of interfering with any right or privilege secured by E.O. 50 (§10-14) and these regulations or because a complaint was filed, or a person testified, assisted or participated in any manner in an investigation, proceeding, or hearing under these regulations.

(8) The identity of the complaining party shall be kept confidential on request only during the conduct of an investigation under these regulations. If such confidentiality hinders the investigation, the complaining party shall be so advised for the purpose of obtaining a waiver of confidentiality. The complaining party shall be further advised that failure to waive confidentiality may result in a determination based upon information already provided.

Title 66 Department of Business Services

CHAPTER 10 DIVISION OF LABOR SERVICES

SUBCHAPTER A PROMOTION OF EQUAL EMPLOYMENT OPPORTUNITY IN CONTRACTS AWARDED BY THE CITY OF NEW YORK

§10-14 Executive Order No. 50.

(April 25, 1980) By the power vested in me as Mayor of the City of New York, it is hereby ordered:

(a) **Purpose.** It is the purpose of this Order to ensure equal employment opportunity in City contracting.

(b) **Division Continued.** The Division of Labor Services shall continue to serve such purposes and to have such responsibilities as restated by this Order.

(c) **Definitions.** Whenever used in this Executive Order, the following terms shall have the following meanings:

Citizenship status. "Citizenship status" means:

(1) the citizenship of any person, or

(2) the immigration status of any person lawfully resident in the United States who is not a citizen or a national of the United States.

Commissioner. "Commissioner" means the Commissioner of the New York City Department of Business Services.

Construction project. "Construction project" means any construction, reconstruction, rehabilitation, alteration, conversion, extension, improvement, repair or demolition of real property contracted by the City;

Contract. "Contract" means any written agreement, purchase order or instrument whereby the City is committed to expend or does expend funds in return for work, labor, services, supplies, equipment, materials, or any combination of the foregoing:

(1) Unless otherwise required by law, the term "contract" shall include any City grant, loan, guarantee or other City assistance for a construction project.

(2) The term "contract" shall not include:

(i) contracts for financial or other assistance between the City and a government or government agency;

(ii) contracts, resolutions, indentures, declarations of trust, or other instruments authorizing or relating to the authorization, issuance, award, and sale of bonds, certificates of indebtedness, notes, or other fiscal obligations of the City, or consisting thereof; or

(iii) employment by the City of its officers and employees which is subject to the equal employment opportunity requirements of applicable law.

Contracting agency. "Contracting agency" means any administration, board, bureau, commission, department, or other governmental agency of the City of New York, or any official thereof, authorized on behalf of the City to provide for, enter into, award, or administer contracts.

Contractor. "Contractor" means a person, including a vendor, who is a party or a proposed party to a contract with a contracting agency, first-level subcontractors of supply and service contractors, and all levels of subcontractors of construction;

Department. "Department" means the Department of Business Services.

Division. "Division" means the Division of Labor Services.

Economically disadvantaged person. "Economically disadvantaged person" means a person who, or a member of a family which, is considered economically disadvantaged under applicable law;

Employment report. "Employment report" means a report filed by a contractor containing information as to the employment practices, policies, programs, employment statistics and collective bargaining agreements, if any, of the contractor in such form as the Office may direct by regulation;

Equal employment opportunity. "Equal employment opportunity" means the treatment of all employees and applicants for employment without unlawful discrimination as to race, creed, color, national origin, sex, age, disability, marital status, sexual orientation or citizenship status in all employment decisions, including but not limited to recruitment, hiring, compensation, training and apprenticeship, promotion, upgrading, demotion, downgrading, transfer, lay-off and termination, and all other terms and conditions of employment;

Trainee. "Trainee" means an economically disadvantaged person who qualifies for and receives training in one of the construction trades pursuant to a program other than apprenticeship programs, approved by the Office and, where required by law, the State Department of Labor and the United States Department of Labor, Office of Apprenticeship and Training;

(d) **Responsibilities of Division.** The responsibilities of the Division shall be as follows:

(1) To implement, monitor compliance with, and enforce this Order and programs established pursuant to City, State and Federal law requiring contractors to provide equal employment opportunity;

(2) To implement, monitor compliance with, and enforce on-the-job training requirements on construction projects;

(3) To monitor compliance by contractors with State and Federal prevailing wage requirements where required;

(4) To advise and assist contractors and labor unions with respect to their obligations to provide equal employment opportunity;

(5) To advise and assist persons in the private sector with respect to employment problems;

(6) To establish advisory committees, including representatives of employers, labor unions, community organizations and others concerned with the enforcement of this Order; and

(7) To serve as the City's principal liaison to Federal, State and local contract compliance agencies.

(e) **Contract Provisions.** (1) **Equal employment opportunity.** A contracting agency shall include in every contract to which it becomes a party such provisions requiring the contractor to ensure equal employment opportunity as the Division may direct, consistent with this Order.

(2) **On-the-job training.** A contracting agency shall include in every contract concerning a construction project to which it becomes a party such provisions requiring the contractor to provide on-the-job training for economically disadvantaged persons as the Division may direct by regulation.

(3) **Subcontractors.** A contracting agency shall include in every contract to which it becomes a party such provisions requiring the contractor not to discriminate unlawfully in the selection of subcontractors as the Division may direct by regulation.

(f) **Employment reports.** (1) **Submission requirements.** No contracting agency shall enter into a contract with any contractor unless such contractors' employment report is first submitted to the Division for its review. Unless otherwise required by law, an employment report shall not be required for the following:

(i) A construction contract in the amount of less than $1 million; a construction subcontract in the amount of less than $750,000; or a supply and service contract in the amount of the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services or less or of more than the small purchase limit established by rule of the Procurement Policy Board for such procurements in which the contractor employs fewer than 50 employees at the facility or facilities involved in the contract;

(ii) an emergency contract or other exempt contract except as the Division may direct by regulation; and

(iii) a contract with a contractor who has received a certificate of compliance with the equal employment opportunity requirements of applicable law from the Division within the preceding twenty-four months, or an appropriate agency of the State of New York or of the United States within the preceding twelve months, except as the Division may direct by regulation;

(iv) a contract for a procurement of information technology that is within the small purchase limits established by rule of the procurement Policy Board.

(2) **Division review.** The Division shall review all employment reports to determine whether contractors are in compliance with the equal employment opportunity requirements of City, State and Federal law and the provisions of this Order. The contracting agency shall transmit the employment report to the Division within ten business days after the selection of a proposed contractor. A contracting agency may thereafter award a contract unless the Division gives

prior written notice to the contracting agency and the contractor as follows:

(i) If the Division notifies the contracting agency and the contractor within five business days after the receipt by the Division of the employment report that the contractor has failed to submit a complete employment report, the Director may require the contracting agency to disapprove the contractor unless such deficiency is corrected in a timely manner;

(ii) If the Division notifies the contracting agency and the contractor within fifteen business days of the receipt by the Division of the completed employment report that the Division has found reason to believe that the contractor is not in substantial compliance with applicable legal requirements and the provisions of this Order, the Division shall promptly take such action as may be necessary to remedy the contractor's noncompliance as provided by this Order.

Provided that a contracting agency may award a requirements contract or an open market purchase agreement prior to review by the Division of the contractor's employment report, but may not make a purchase order against such contract or agreement until it has first transmitted such contractor's employment report to the Division and the Division has completed its review in the manner provided by this section.

(3) **Employment program.** The Division may require a contractor to adopt and adhere to a program designed to ensure equal employment opportunity.

(4) **Periodic reports.** Contractors shall file periodic employment reports after the award of a contract in such form and frequency as the Division may direct by regulation to determine whether such contractors are in compliance with applicable legal requirements and the provisions of this Order.

(g) **Training programs.** The Division shall monitor the recruitment, training and placement of economically disadvantaged persons in on-the-job training programs on construction projects. Contracting agencies shall require contractors to make a good faith effort to achieve the ratio of one trainee to four journey-level employees of each craft on each construction project.

(1) The Division shall determine the number of trainees and hours of training required by each contractor or subcontractor for each construction project.

(2) In the event that a contractor fails to make a good faith effort to train the required number of individuals for the required amount of hours, the Division, after consultation with the contracting agency, shall direct such agency to reduce the contractor's compensation by an amount equal to the amount of wages and fringe benefits which the contractor failed to pay to trainees.

(3) On-the-job training of economically disadvantaged persons shall be required on all construction contracts covered by the submission requirements of this Order.

(h) **Compliance investigations and hearings.** The Division shall conduct such investigations and hold such hearings as may be necessary to determine whether contractors are in compliance with the equal employment opportunity requirements of City, State and Federal law and the provisions of this Order.

(1) **Voluntary compliance.** The Division shall seek to obtain the voluntary compliance of contractors and labor unions with applicable legal requirements and the provisions of this Order.

(2) **Noncompliance.** Upon receiving a complaint or at its own instance, the Division shall determine whether there is reason to believe a contractor is not in compliance with applicable legal requirements and the provisions of this Order.

(3) **Hearings.** The Division shall hold a hearing on prior written notice to a contractor and the contracting agency

before any adverse determination is made with respect to such contractor's employment practices or imposing any sanction or remedy for noncompliance with applicable legal requirements and the provisions of this Order. The hearing shall be held before a City hearing officer, or such other person designated by the Commissioner, who shall submit a report containing findings of fact and recommendations to the Commissioner. Based on the record as a whole, the Commissioner shall determine whether a contractor has failed to comply with applicable legal requirements or the provisions of this Order and the appropriate sanctions for noncompliance.

(4) **Notices.** The Division shall give prior notice of any hearing and shall provide a copy of any hearing report and determination of the Commissioner under paragraph (c) of this section to the contracting agency, the Corporation Counsel and the Comptroller. The Division shall notify appropriate City, State and Federal agencies of violations of law and may, with the approval of the Corporation Counsel, initiate proceedings in such agencies.

(i) **Sanctions and remedies.** After making a determination that a contractor is not complying with applicable legal requirements and the provisions of this Order, the Commissioner may direct that such sanctions as may be permitted by law or contractual provisions be imposed, including the disapproval; of a proposed contractor, the suspension or termination of a contract and the reduction of a contractor's compensation, except as follows:

(1) Within five business days of the issuance of a determination by the Commissioner under §8(c), a contracting agency head may file with the Commissioner written objections to the sanctions to be imposed. Where such objections have been filed, the Commissioner and the contracting agency head shall jointly determine the appropriate sanctions to be imposed.

(2) In lieu of any of the foregoing sanctions, the Commissioner may require a contractor to adopt and adhere to a program to ensure equal employment opportunity.

(j) **Public agencies.** Any administration, board, bureau, commission, department or other public agency, not subject to this Order, which imposes by rule, regulation or order equal employment opportunity requirements, may, with the consent of the Mayor, delegate such responsibilities to the Division as may be consistent with this Order.

(k) **Confidentiality.** To the extent permitted by law and consistent with the proper discharge of the Division's responsibilities under this Order, all information provided by a contractor to the Division shall be confidential.

(l) **Regulations.** The Division shall promulgate such regulations, subject to the approval of the Mayor, as may be necessary to discharge its responsibilities under this Order, including regulations increasing the dollar amounts and number of employees referred to in this Order. Any regulations of the Division establishing terms and conditions for contractors shall be approved as to form by the Corporation Counsel.

Nothing contained herein shall be construed to bar any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, which is operated, supervised or controlled by or in connection with a religious organization, from limiting employment or giving preference to persons of the same religion or denomination or from making such selection as is calculated by such organization to promote the religious principles for which it is established or maintained. The regulations shall set forth this exemption for religiously-sponsored organizations and provide for the discharge of the Division's responsibilities in a manner consistent with such exemption.

(m) **Annual report.** The Division shall submit an annual report to the Mayor concerning its responsibilities under this Order.

(n) **Separability.** If any provision of this Order or the application thereof is held invalid, the remainder of this Order and the application thereof to other persons or circumstances shall not be affected by such holding and shall remain in full force and effect.

(o) **Revocation of prior orders.** Executive Orders No. 71 (1968), No. 20 (1970), No. 23 (1970), No. 27 (1970), No. 31 (1971), No. 74 (1973), No. 7 (1974), and No. 80 (1977) are hereby revoked and the first paragraph of Section 2 of Executive Order No. 4 (1978) is hereby deleted. Nothing in this Order shall be deemed to relieve any person of any obligation not inconsistent with this Order assumed or imposed pursuant to an Order superseded by this Order.

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER A PARTICIPATION BY LOCALLY BASED ENTERPRISES IN CONSTRUCTION CONTRACTS AWARDED BY THE CITY OF NEW YORK

§11-02 Definitions.

As used in these regulations, the listed terms are defined as follows:

Agency head. "Agency head" means the commissioner, chair or director of any contracting agency.

Building construction. "Building construction" means work, other than heavy construction, consisting of construction activities normally located in or on buildings including work directly supporting these activities and landscaping around these buildings.

Certification documents. "Certification documents" means documents which must be filed by a business seeking certification as a locally based enterprise ("LBE") including but not limited to: sworn affidavits by an authorized official of the business; financial and management disclosure forms for the business; financial disclosure forms for any employees it claims are economically disadvantaged; economic development area profiles indicating where construction work was performed and the dollar amount of such work; verification of gross receipts by a certified public accountant or a licensed professional accountant; and signed release forms granting the City the right to request financial information from any government agency.

Commissioner. "Commissioner" means the Commissioner of the New York City Department of Business Services.

Compliance. "Compliance" means a contractor or subcontractor has acted in accordance with the requirements of Administrative Code, §6-108.1 and these regulations.

Construction business. "Construction business" means a firm that performs heavy or building construction work.

Construction project. "Construction project" means any construction, reconstruction, rehabilitation, alteration, conversion, extension, improvement, repair or demolition of real property contracted by a contracting agency.

Contract. "Contract" means any written agreement whereby the City is committed to expend or does expend funds in connection with any construction project, except the term "contract" shall not include:

(1) contracts for financial or other assistance between the City and a government or governmental agency;

(2) contracts, resolutions, indentures, declarations of trust, or the instruments authorizing or relating to the authorization, issuance, award, and sale of bonds, certificates of indebtedness, notes, or other fiscal obligations of the City;

(3) contracts for architectural, engineering or drafting services;

(4) emergency contracts; or

(5) contracts funded by the state or federal government which are subject to small business or other requirements which differ and conflict with the requirements of Administrative Code, §6-108.1 and these regulations.

Contracting agency. "Contracting agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

Contractor. "Contractor" means a person who is a party or a proposed party to a construction contract with a contracting agency.

Department. "Department" means the Department of Business Services.

Division. "Division" means the Division of Economic and Financial Opportunity.

Economic development area. "Economic development area" means those areas of the City designated as eligible for participation in the Community Development Block Grant Program of the United States Department of Housing and Urban Development. See Appendices A and B for a listing of areas and maps of areas which meet this definition.

Economically disadvantaged person. "Economically disadvantaged person" means a person who, at the time of hiring by a locally based enterprise if such hiring occurred not more than three tax years prior to the time of such business' application for certification or at the time of such application is a self-employed owner of such business, is:

(1) a resident in a single person household who receives

(i) wages not in excess of seventy percent of the lower-level "urban family budget" for the City as determined by the United States Department of Labor, Bureau of Labor Statistics (See Appendix C); or

(ii) cash welfare payments under a federal, state or local welfare program; or

(2) a member of a family which

(i) has a family income less than seventy percent of the lower-level "urban family budget" for the City as determined by the United States Department of Labor, Bureau of Labor Statistics (See Appendix C), or

(ii) receives cash welfare payments under a federal, state or local welfare program; or

(3) a Vietnam era veteran as defined by applicable federal law who has been unable to obtain non-government subsidized employment since discharge from the armed services; or

(4) a displaced homemaker who has not been in the labor force for five years but has during those years worked in the home providing unpaid services for family members and

(i) was dependent on public assistance or the income of another family member but is no longer supported by that income, or

(ii) is receiving public assistance for dependent children in the home which will soon be terminated.

Gross receipts. "Gross receipts" means the total gross income received by an LBE from any source during the applicable period.

Heavy construction. "Heavy construction" means work, on other than a building superstructure, consisting of construction activities located on or below the earth's surface including excavation, building foundation, construction projects requiring the use of earth moving machinery or equipment (power shovels, bulldozers, scrapers), and any work associated with bridges.

Locally based enterprise or LBE. "Locally based enterprise" or "LBE" means a business which:

(1) At the time of application for certification, has been in the building or heavy construction business and:

(i) has received gross receipts in the last three or fewer tax years averaging $2 million or less on an annual basis; or

(ii) has been in business for less than one tax year and has received gross receipts equal to or less than $2 million; and

(2) in the tax year preceding the date of application has:

(i) earned at least 25 percent of its gross receipts from work performed on construction projects located in economic development areas; or

(ii) employed a work force of which at least 25 percent were economically disadvantaged persons.

Minority business enterprise. "Minority business enterprise" or "MBE" means an enterprise approved pursuant to federal or state law for participation in contracts subject to a minority business enterprise requirement.

Minority business enterprise requirement. "Minority business enterprise requirement" means any provision of federal or state law requiring public contractors to employ subcontractors owned by minorities, women or disadvantaged persons.

Noncompliance. "Noncompliance" means a contractor or subcontractor has failed to act in accordance with Administrative Code, §6-108.1 and these regulations.

Person. "Person" means any natural person, corporation, partnership, sole proprietorship or unincorporated association.

Subcontractor. "Subcontractor" means any person having an agreement or arrangement or proposed agreement or arrangement with a contractor (where the parties do not stand in the relationship of an employer and employee) in which any portion of the contractor's duty to perform work is undertaken or assumed by such person.

Woman business enterprise. "Woman business enterprise" or "WBE" means an enterprise approved pursuant to federal or state law for participation in contracts subject to a woman business enterprise requirement.

Woman business enterprise requirement. "Woman business enterprise requirement" means any provision of federal or state law requiring public contractors to hire subcontractors owned by women.

Locally based enterprise on LBE amended City Record Mar. 4, 2004 eff. Apr.

3, 2004. Internal redesignation by the Law Department per Charter §1045(b). [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Mar. 4, 2004:

The Division of Economic and Financial Opportunity (DEFO) of the Department of Small Business Services administers the LBE Program. Pursuant to the program, prime contractors for City funded construction projects are required to provide 10% of subcontracting dollars to certified LBEs when work is subcontracted. Companies are certified as LBEs by DEFO pursuant to an application process that includes reviewing the average gross receipts for the prior three tax years for the applicant.

As the gross receipts limitations of the rules have not been increased for a substantial period of time, DEFO determined that the gross receipts limitations for LBE certification be raised. This increase will increase the pool of available certified LBEs by permitting the certification of firms that are financially stable and capable of performing subcontracting work.

Rules of the City of New York

***** Current through December 2009 ****

66 RCNY 11-03

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER A PARTICIPATION BY LOCALLY BASED ENTERPRISES IN CONSTRUCTION CONTRACTS AWARDED BY THE CITY OF NEW YORK

§11-03 Certification of LBE's.

(a) **Application for certification.** (1) A contractor or subcontractor seeking certification as an LBE is responsible for submission of true and accurate certification documents demonstrating that it meets all eligibility criteria. Falsification of any documents submitted in connection with the LBE program may lead to the imposition of civil and criminal penalties as provided by law and contract and disqualification from the LBE program.

(2) A contractor or subcontractor seeking certification as an LBE when no contract is pending shall submit its certification documents directly to the Division.

(3) A contractor seeking certification as an LBE when bidding on a particular contract shall submit its certification documents to the contracting agency with its bid.

(4) A subcontractor which has been proposed as an LBE subcontractor by a contractor bidding on a contract but has not been certified as an LBE shall have its certification documents submitted by the bidder in the sealed envelope to the contracting agency within 10 days after notification of low bid.

(5) A subcontractor which has been proposed as an LBE subcontractor by a contractor subsequent to contract award but has not been certified as an LBE shall have its certification documents submitted by the contractor in a sealed

envelope to the contracting agency within 10 business days from the date that the proposed LBE subcontractor is identified.

(6) The contracting agency shall immediately transmit certification documents it receives to OEFO.

(7) A contractor or subcontractor shall submit such additional information as may be required by OEFO in connection with its certifications as an LBE. Failure to submit such information within 10 business days of the date of a written request may result in the denial or revocation of certification as an LBE.

(8) Consistent with the requirements of Federal, State and City law, neither OEFO nor any contracting agency shall disclose to unauthorized persons confidential business information submitted by contractors and subcontractors.

(b) **Eligibility requirements.** (1) A contractor or subcontractor shall be certified as an LBE upon a determination by OEFO that it has met the eligibility requirements set forth in the Administrative Code, §6-108.1 and these regulations. The initial certification shall be effective for three years and shall expire at the end of such period, except as provided in §§11-03(b)(2) and (b)(9) of this section. An LBE may apply to have certification renewed after this three year period, as set forth in §11-03(b)(4) of this section.

(2) A business which has been in existence for less than one year prior to the date of application for certification and which would otherwise qualify as an LBE except that it does not meet the criteria set forth in §11-02 "Locally based enterprise" (2) of these regulations, may nevertheless be certified as an LBE, provided that such certification shall expire one year after it is granted unless the business meets the criteria set forth in such paragraph within one year of the date of its certification.

(3) An LBE seeking continuance of certification granted according to subdivision (b)(2) of this section must submit certification documents before two months prior to the one year anniversary of such certification. If after this one year period, the business meets all the criteria for LBE eligibility as set forth in §11-02 "Locally based enterprise," certification shall be granted for two more years. This business may apply to have certification renewed after this two year period as set forth in §11-03(b)(4).

(4) An LBE may seek to have its certification renewed for successive one year periods by submitting certification documents before two months prior to the expiration date of its certification demonstrating that it continues to meet the eligibility requirements set forth in Administrative Code, §6-108.1 and these regulations.

(5) Failure to submit certification documents before two months prior to the applicable certification anniversary date, as set forth in §§11-03(b)(3) or (b)(4) of this section, may result in the expiration of the LBE certification on the anniversary date.

(6) If the certification of an LBE expires or if the LBE is determined to be ineligible for re-certification, the LBE may submit another set of certification documents six months after the date its original certification expired or six months after the date it was determined to be ineligible for re-certification.

(7) If an LBE submits certification documents before two months prior to the applicable certification anniversary date, as set forth in §11-03(b)(3) or (b)(4) of this section, and the Division is unable to make a determination before the anniversary date, the LBE will be notified that certification will continue until the Division makes a determination as to the LBE's status. If an LBE submits certification documents within the second month prior to the anniversary date, the Division may not be able to review the documents to determine their completeness and the LBE's certification will expire. If the Division is able to review the documents, it may notify the LBE that its certification will continue beyond the anniversary date. If an LBE submits certification documents within the month prior to the anniversary date, its certification will expire on the anniversary date unless it is re-certified.

(8) A business which was certified as an LBE prior to the effective date of these regulations shall be deemed to

have been certified as an LBE on the date of such certification, provided however that any business which was less than one year old at the time of such certification and did not meet all the criteria of eligibility set forth in §11-03 "Locally based enterprise" of these regulations, shall be deemed to have been certified according to §11-03(b)(2) and such certification shall expire on the one year anniversary of the certification date. Such business may seek continuance of its certification as provided in §11-03(b)(3).

(9) Any LBE which has been certified prior to the effective date of these regulations, for a period longer than specified in §§11-03(b)(1) and (b)(2), must submit certification documents within two months after the effective date of these regulations, unless re-certification has been granted prior to the effective date of these regulations.

(10) It is the intent of these regulations to qualify businesses as LBEs only if the ownership, management and operations of the business are conducted by persons who do not own, manage or operate other similar businesses which would otherwise be ineligible. Any business applying for LBE certification that does not conform to this intent shall be deemed ineligible as an LBE.

(11) An LBE must be an independent business. A business that is a separate entity for tax or corporate purposes shall not necessarily be deemed to be an independent business. In determining whether a business is an independent business, the Division shall consider all relevant factors, including but not limited to the date the business was established, the identity of the principals, the sources of financing and the major shareholders, if any, of the business.

(12) The owner of an LBE must possess the ability to manage the business and to make necessary management and policy decisions. The business must not be subject to any extraordinary formal or informal restrictions which limit the discretion of the owners.

(13) The following types of ownership, control, or circumstances concerning a business seeking certification as an LBE shall render it ineligible for participation in the program:

(i) ownership of the business by a non-LBE construction business;

(ii) whole or partial ownership of the business by a person who is an owner in whole or in part of another construction business when the sum of the gross receipts of these businesses exceeds the limits as provided for in §11-22 "Locally based enterprise" of these regulations;

(iii) whole or partial ownership of a business, formed within three years of application, by a person who is an owner in whole or in part of another construction business not eligible for the program;

(iv) control of the business by another construction business through substantial funding arrangements or;

(v) organization of a firm in existence for less than one year whose officers, directors, principal stockholders, or employees serve as the officers, directors, principal stockholders, or employees, of another construction business and one concern is furnishing, or will furnish the other concern with subcontracts, financial or technical assistance, or other facilities, whether for a fee or otherwise.

(14) If, after submitting certification documents, a business is found to not meet the requirements for LBE certification as set forth in §11-02 "Locally based enterprise" is otherwise ineligible, it may submit other certification documents for certification six months after the date it was declared ineligible.

(15) A joint venture consisting of an LBE and a non-LBE business may participate in the LBE program as a contractor or subcontractor if both joint venturers' contract work is defined clearly. However, only the LBE's share of the contract work shall be credited towards the LBE goal.

(16) An LBE shall notify the Division within 30 days after any change in its ownership or control. In addition,

each LBE shall submit a report to the Division by December 30 of each year describing its present ownership and control. The Division shall review any changes made since an LBE's certification to determine whether it remains eligible as an LBE.

(17) A business certified prior to the effective date of these regulations, whose ownership or control has changed shall notify the Division within 30 days of the effective date of these regulations of such change.

(18) Newly formed businesses and businesses whose ownership or control has changed since the date of issuance of these regulations shall be scrutinized by the Division to determine the reasons for the formation, change in the ownership or control of the business.

(19) Once a business is certified as an LBE, it must satisfactorily complete any contracts it is awarded. If an LBE does not satisfactorily complete a contract, it will be required to participate in and successfully complete a technical assistance program through the Department. If the LBE fails to successfully complete or does not participate in the technical assistance program it will be de-certified as an LBE. An LBE will be given an opportunity to respond to any allegations that it has not performed satisfactorily on a contract or that it has not successfully completed or participated in the technical assistance program pursuant to the procedure in §11-03(c)(8). If an LBE is de-certified, such business may re-apply for certification after six months from the date of de-certification. It must demonstrate at that time that it has improved its work performance.

(c) **Certification responsibilities of the Division.** (1) Division shall have the power to certify, re-certify and de-certify a contractor or a subcontractor as an LBE upon a determination that the contractor or subcontractor has met or failed to meet the eligibility requirements and conditions set forth in Administrative Code §6-108.1 and these regulations.

(2) The determination by the Division as to a contractor's or subcontractor's eligibility for certification as an LBE shall be final.

(3) the Division shall be the central repository for all documentation filed by contractors and subcontractors involving their status as an LBE.

(4) the Division shall maintain and provide to all contracting agencies a list of all certified LBEs. the Division shall maintain and provide to all contracting agencies a list by borough of all contractors and subcontractors who perform work in such borough to qualify as LBEs.

(5) When there is a contract pending award and a contractor has submitted incomplete certification documents, the Division shall notify the contractor either by telephone or letter within five business days of actual receipt of the documents that they are incomplete. The contractor shall have 10 business days from the date of the telephone call or from the date of the letter to complete the certification documents. If the contractor fails to submit the additional information within the time allowed, the contractor shall be so notified by the Division by letter on the next business day following the 10 day response period. Copies of this notification letter shall be sent to the prime contractor and the agency.

(6) If complete certification documents have been submitted by a proposed LBE subcontractor for a particular contract waiting award, the Division within one business day after determining that the documents are complete, shall notify the contracting agency that the contract may be awarded.

(7) The Division shall notify the proposed LBE contractor (and the prime contractor and the contracting agency where applicable) of its certification determination within 15 business days of the receipt of complete certification documents.

(8) If the Division has reason to believe that an LBE is in violation of Administrative Code §6-108.1 or these

regulations, the Division shall provide notice to the LBE by certified mail, return receipt requested, of the alleged violation. Within twenty-five calendar days of the receipt of such notice the LBE may respond to the allegation in writing or request an opportunity to appear before the Commissioner or the Commissioner's designee to respond to the allegation. The Commissioner or the designee, after considering the evidence of the alleged violation and any material submitted by the LBE, shall determine whether the LBE shall be de-certified. The Commissioner or the designee may determine that a contractor or subcontractor who has been de-certified shall be ineligible for certification for a period of up to three years after such de-certification.

(9) If at any time the Division has reason to believe that a contractor or subcontractor has willfully and knowingly provided incorrect information or made false statements, it shall refer the matter to its Inspector General for investigation. The Inspector General shall investigate the matter in accordance with applicable rules and procedures, and, where appropriate, refer or report the matter to the Department of Investigation. Falsification of any document by a contractor or subcontractor may lead to the imposition of civil and criminal penalties as provided by law and contract, disqualification from the LBE program and debarment from City contracts.

(10) The Division shall conduct audits of LBEs to verify information provided by them.

(11) The Division shall determine the effectiveness of Administrative Code §6-108.1 by conducting surveys or other studies it deems appropriate.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER A PARTICIPATION BY LOCALLY BASED ENTERPRISES IN CONSTRUCTION CONTRACTS AWARDED BY THE CITY OF NEW YORK

§11-04 Responsibilities of Contracting Agencies.

(a) **Overall goals.** (1) Each agency head shall, consistent with the requirements of applicable Federal, State and City law, including applicable competitive bidding requirements, seek to ensure that not less than 10 percent of the total dollar amount of all contracts awarded for construction projects during each fiscal year are awarded to LBEs.

(2) Each agency head shall, consistent with the requirements for applicable Federal, State and City law, require that if any portion of a construction contract is subcontracted, not less than 10 percent of the total dollar amount of the contract shall be awarded to LBEs; except that where less than ten percent of the total dollar amount of the contract is subcontracted, such lesser percentage shall be so awarded.

(b) **Contract language.** Each contracting agency shall incorporate into each construction contract subject to these regulations to which it becomes a party the following language: Locally Based Enterprise Program

(1) This contract is subject to the requirements of Administrative Code §6-108.1 and the regulations promulgated thereunder. No contract shall be awarded unless and until these requirements have been complied with in their entirety.

(2) Unless specifically waived by the agency head with the approval of the Division, if any portion of the contract is subcontracted, not less than 10 percent of the total dollar amount of the contract shall be awarded to locally based

enterprise ("LBEs"); except that where less than ten percent of the total dollar amount of the contract is subcontracted, such lesser percentage shall be so awarded.

(3) The prime contractor shall not require performance and payment bonds from LBE subcontractors.

(4) If the contractor has indicated prior to award that no work will be subcontracted, no work shall be subcontracted without the prior approval of the agency head, which shall be granted only if the contractor makes a good faith effort beginning at least six weeks before the work is to be performed to obtain LBE subcontractors to perform the work.

(5) If the contractor has not identified sufficient LBE subcontractors prior to award, it shall sign a letter of compliance stating that it complies with Administrative Code §6-108.1, recognizes that achieving the LBE requirement is a condition of its contract, and shall submit documentation demonstrating its good faith efforts to obtain LBEs. After award, the contractor shall begin to solicit LBEs to perform subcontracted work at least six weeks before the date such work is to be performed and shall demonstrate that a good faith effort has been made to obtain LBEs on each subcontract until it meets the required percentage.

(6) Failure of the contractor to comply with the requirements of Administrative Code §6-108.1 and the regulations promulgated thereunder shall constitute a material breach of contract. Remedy for such breach of contract may include the imposition of any or all of the following sanctions:

(i) reducing a contractor's compensation by an amount equal to the dollar value of the percentage of the LBE subcontracting requirement not complied with;

(ii) declaring the contractor in default;

(iii) where non-compliance is by an LBE, de-certifying and declaring the LBE ineligible to participate in the LBE program for a period of up to three years."

(c) **Information to bidders.** Each contracting agency shall incorporate into all information provided to bidders on construction contracts subject to these regulations the following language:

"This contract is subject to the requirements of Administrative Code §6-108.1 and the regulations promulgated thereunder. No construction contract will be awarded unless and until these requirements have been complied with in their entirety.

Be advised that:

(1) If any portion of the contract is subcontracted, not less than 10 percent of the total dollar amount of the contract shall be awarded to locally based enterprises ("LBEs"); except, where less than 10 percent of the total dollar amount of the contract is subcontracted, such lesser percentage shall be so awarded.

(2) No contractor shall require performance and payment bonds from LBE subcontractors.

(3) No contract shall be awarded unless the contractor first identifies in its bid:

(i) the percentage, dollar amount and type of work to be subcontracted; and

(ii) the percentage, dollar amount and type of work to be subcontracted to LBEs.

(4) Within 10 calendar days after notification of low bid, the apparent low bidder shall submit an "LBE Participation Schedule" to the contracting agency. If such schedule does not identify sufficient LBE subcontractors to meet the requirements of Administrative Code §6-108.1, the apparent low bidder shall submit documentation of its good

faith efforts to meet such requirements.

(i) The "LBE Participation Schedule" shall include:

(A) the name and address of each LBE that will be given a subcontract,

(B) the percentage, dollar amount and type of work to be subcontracted to LBE, and

(C) the dates when the LBE subcontract work will commence and end.

(ii) The following documents shall be attached to the "LBE Participation Schedule":

(A) verification letters from each subcontractor listed in the "LBE Participation Schedule" stating that the LBE will enter into a formal agreement for work,

(B) certification documents of any proposed LBE subcontractor which is not on the LBE certified list, and

(C) copies of the certification letter of any proposed subcontractor which is an LBE.

(iii) Documentation of good faith efforts to achieve the required LBE percentage shall include as appropriate but not be limited to the following:

(A) attendance at pre-bid meetings, when scheduled by the agency, to advise bidders of contract requirements;

(B) advertisement where appropriate in general circulation media, trade association publications, and small business media of the specific subcontracts that would be at least equal to the percentage goal for LBE utilization specified by the contractor;

(C) written notification to associations of small, minority and women contractors soliciting specific subcontracts;

(D) written notification by certified mail to LBE firms that their interest in the contract is solicited for specific work items and their estimated values;

(E) demonstration of efforts made to select portions of the work for performance by LBE firms in order to increase the likelihood of achieving the stated goals;

(F) documented efforts to negotiate with LBE firms for specific subcontracts including at a minimum:

(a) The names, addresses and telephone numbers of LBE firms that were contacted,

(b) A description of the information provided to LBE firms regarding the plans and specifications for portions of the work to be performed,

(c) Documentation showing that no reasonable price can be obtained from LBE firms,

(d) A statement of why agreements with LBE firms were not reached;

(G) a statement of the reason for rejecting any LBE firm which the contractor deemed to be unqualified; and

(H) documentation of efforts made to assist the LBE firms contacted that needed assistance in obtaining required insurance.

(5) Unless otherwise waived by the agency head with the approval of the Division, failure of a proposed contractor to provide the information required by paragraphs (3) and (4) above may render the bid non-responsive and the contract

may not be awarded to the bidder. If the contractor states that it will subcontract a specific portion of the work, but can demonstrate that despite good faith efforts it cannot achieve its required LBE percentage for subcontracted work until after award of contract, the contract may be awarded subject to a letter of compliance from the contractor stating that it will comply with Administrative Code §6-108.1 and subject to approval by the agency head. If the contractor has not met its required LBE percentage prior to award, the contractor shall demonstrate that a good faith effort has been made subsequent to award to obtain LBEs on each subcontract until it meets the required percentage.

(6) When a bidder indicates prior to award that no work will be subcontracted, no work may be subcontracted without the prior approval of the agency head, which shall be granted only if the contractor in good faith seeks LBE subcontractors at least six weeks prior to the start of work.

(7) The contractor may not substitute or change any LBE which was identified prior to award of the contract without the permission of the agency head. The contractor shall make a written application to the contracting agency head for permission to make such substitution or change, explaining why the contractor needs to change its LBE subcontractor and how the contractor will meet its LBE subcontracting requirement. Copies of such application must be served on the originally identified LBE by certified mail return receipt requested as well as the proposed substitute LBE. The agency head shall determine whether or not to grant the contractor's request for substitution."

(d) **Implementation-general.** (1) Each contracting agency shall seek to reach its overall ten percent LBE goal by vigorously encouraging LBE prime participation and enforcing the ten percent (or less if applicable) LBE subcontracting requirement on all contracts where subcontracting will occur. The contracting agencies shall follow the activities outlined below to implement this requirement.

(2) Each agency head shall designate one experienced contract manager to be its LBE liaison officer whose duties shall include directing, coordinating and overseeing agency staff with regard to implementing the procedures set forth in these regulations on a day-to-day basis. The officer's responsibilities shall include:

(i) Examining projects to determine which invitations to bid are to be designated for the LBE prime contractor outreach procedure set forth in §11-04(e);

(ii) Preparing and forwarding bid notices of potential LBE prime contracts and subcontracts to LBEs;

(iii) Verifying a bidder's LBE Participation Schedule and indicating, in writing, whether the contract can be awarded;

(iv) Aiding contractors to locate potential LBE subcontractors for various contract services;

(v) Assisting LBEs in complying with procedures for bidding on agency contracts;

(vi) Coordinating and overseeing investigations of contractor compliance;

(vii) Preparing and submitting the required status reports to the Division.

(3) Each contracting agency shall utilize the list of certified LBEs provided by the Division to identify potential LBE contractors and subcontractors.

(4) LBE participation shall be determined and applied toward meeting the requirements of Administrative Code §6-108.1 on the basis of work actually performed in the following manner:

(i) the total dollar value of a contract awarded to an LBE contractor shall be applied toward the LBE goal of the contracting agency;

(ii) the total dollar value of a subcontract let to an LBE subcontractor and performed by the LBE subcontractor

shall be applied toward the contractor's LBE requirement and the LBE goal of the contracting agency (work further subcontracted by an LBE subcontractor to a non-LBE subcontractor shall not be so applied); and

(iii) the portion of the total dollar value of a contract with a joint venture of an LBE and non-LBE business eligible under these regulations equal to the percentage of the contract work of the LBE partner in the joint venture shall be applied toward the contractor's LBE requirement and the LBE goal of the contracting agency.

(5) When an LBE contractor or subcontractor is used, it must perform the actual work and may not subcontract the work to another firm without agency approval. Credit may be denied to a prime contractor for an LBE subcontractor's participation where an LBE does none of the actual subcontracted work.

(6) The contracting agency shall transmit to the Division certification documents submitted to it within two business days after their receipt.

(7) If at any time a contracting agency has reason to believe that a contractor or subcontractor has willfully and knowingly provided incorrect information or made false statements, it shall refer the matter to both its Inspector General and to the Division. Falsification of any document by a contractor or subcontractor may lead to the imposition of civil and criminal penalties as provided by law and contract, disqualification from the LBE program and debarment.

(8) Each contracting agency shall submit quarterly reports, on or before the fifteenth day of January, April, July and October of each year to the Director describing activities undertaken during the previous quarter toward meeting the requirements of Administrative Code §6-108.1 and these regulations. Quarterly reports of each contracting agency shall contain the following information:

(i) The name and telephone number of the agency's LBE liaison officer;

(ii) A summary report including but not limited to:

(A) the total number of contracts subject to LBE requirements which are registered during the quarter and during the fiscal year to date,

(B) the total value of such contracts,

(C) the total number and dollar value of LBE prime contracts registered,

(D) the total number and dollar value of LBE subcontracts,

(E) the total number and dollar value of contracts registered which are subject to MBE/WBE requirements;

(iii) A list of LBEs receiving prime contracts or subcontracts including:

(A) the nature of their work, and

(B) the number and dollar value of prime contracts and subcontracts committed;

(iv) A list of all contracts registered during the quarter including:

(A) a description of each contract, its budget line and registration date,

(B) the dollar amount of the contract,

(C) whether the contract is subject to an MBE/WBE requirement,

(D) the contractor awarded the contract,

(E) whether the contract was awarded to an LBE or MBE/WBE,

(F) whether any part of the contract was subcontracted, and

(G) if the answer to (F) above, is yes, then:

(a) the subcontractor's name,

(b) the subcontractor's LBE or MBE/WBE status,

(c) a description of each subcontract (i.e., type of work),

(d) the dollar amount of each subcontract, and

(e) waivers that have been granted during the quarter, if any;

(v) The status of any default hearings or other actions the agency is taking with regard to failure of a contractor or LBE to comply with Administrative Code §6-108.1 and these regulations; and

(vi) A list of all prime contractors who have submitted letters of compliance during the quarter.

(e) **Implementation- LBE prime contractor participation.**

(1) Contracting agencies shall identify all possible opportunities for LBE prime contractors. They shall divide projects wherever possible into work suitable for bidding by LBE contractors.

(2) The contracting agency shall, on the basis of contract size, type of work, and LBE technical and capitalization capabilities, identify classes of contracts which are attractive for bidding by LBE prime contractors. The following procedures shall apply when the agency is letting such contracts:

(i) The contracting agency shall notify LBEs in a timely fashion when suitable prime contracts will be bid;

(ii) The contracting agency shall monitor the requests for bid documents and conduct further solicitation for LBE bidders, if LBEs have not requested the documents. The agency shall maintain a log of LBE solicitations;

(iii) The contracting agency shall prepare upon request by the Division an analysis of the number of LBE bidders per project and the number of LBE low bidders.

(3) Whenever possible, the contracting agency shall invite LBEs to bid on open market orders (OMOs).

(4) Whenever a contracting agency seeks bidders for an OMO by mailing bid documents to the potential bidders the agency shall when needed:

(i) telephone any LBEs to which the package has been sent to notify them of such fact; and

(ii) contact LBEs which fail to respond to the request for bids.

(5) Wherever an LBE which has not previously contracted with the agency is the low bidder, the contracting agency shall discuss insurance needs, contract requirements, references, and provide other appropriate assistance to the LBE.

(f) **Implementation- LBE subcontractor participation.** (1) The contracting agency shall design contracts to maximize opportunities for LBE subcontracting.

(2) For each contract it bids, the contracting agency shall determine the percentage of work suitable for subcontracting.

(3) Contract specifications shall identify which items of the contract, if any, are suitable for LBE subcontracting, and the estimated value of each such item.

(4) Contracting agencies shall include in the Information to Bidders and the contract provisions for LBE subcontracting as set forth in §§11-04(b) and (c).

(5) When a contracting agency advertises a contract which contains items suitable for subcontracting, it shall apply the following procedures:

(i) The agency shall prepare a bid notice, to be published in the City Record and sent to LBEs and business development organizations, indicating that the project contains items suitable for subcontracting;

(ii) The agency may telephone LBEs in the appropriate work category to inform them that the bid notice has been sent and to recommend that they purchase or review the plans and specifications;

(iii) The agency shall post, at the location where bid materials are available, all bid notices currently advertised. Such bid notices shall include a list of items suitable for performance by subcontractors and their estimated value;

(iv) The agency shall supply with all bid documents a list of certified LBEs;

(v) Upon request, the agency shall provide LBEs a list of names, addresses and telephone numbers of prime contractors who pick up bid documents for projects containing items suitable for subcontracting;

(vi) The agency shall emphasize the LBE program in its agenda for pre-bid and pre-construction conferences.

(g) **Requirements for contract award.** No construction contract subject to LBE requirements shall be awarded unless and until the following requirements have been complied with in their entirety:

(1) If any portion of the contract is subcontracted, not less than ten percent of the total dollar amount of the contract shall be awarded to LBEs, except where less than ten percent of the total dollar amount is subcontracted, such lesser percentage shall be so awarded.

(2) No contractor shall require performance and payment bonds from LBE sub- contractors.

(3) The bidder shall identify in the bid proposal:

(i) the percentage, dollar amount and type of work to be subcontracted; and

(ii) the percentage, dollar amount and type of work to be subcontracted to LBEs.

(4) Within 10 calendar days after notification of low bid, the apparent low bidder shall submit an "LBE Participation Schedule". If such schedule does not identify enough LBE subcontractors to meet the requirements of Administrative Code §6-108.1 the apparent low bidder shall also submit documentation of its good faith efforts to meet such requirements.

(i) The "LBE Participation Schedule" shall include:

(A) the name and address of each LBE that will be given a subcontract,

(B) the percentage, dollar amount and type of work to be subcontracted to the LBE, and

(C) the dates when the LBE subcontract work will commence and end.

(ii) The following documents shall be attached to the "LBE Participation Schedule":

(A) verification letters from each subcontractor listed in the "LBE Participation Schedule" stating that the LBE will enter into a formal agreement for work,

(B) certification documents of any proposed LBE subcontractor which is not on the LBE certified lists, and

(C) copies of the certification letter of any proposed subcontractor which is an LBE.

(iii) Documentation of good faith efforts to achieve the required LBE percentage shall include but not be limited to the following:

(A) attendance at pre-bid meetings, when scheduled by the agency, to advise bidders of contract requirements;

(B) advertisement where appropriate in general circulation media, trade association publications, and small business media for specific subcontracts that would be at least equal to the percentage goal for LBE utilization specified by the contractor;

(C) notification to small, minority and woman contractor associations in writing, for solicitation of specific subcontracts;

(D) written notification by certified mail to LBE firms that their interest in the contract is solicited;

(E) demonstration of efforts made to select portions of the work proposed to be performed by LBE firms in order to increase the likelihood of achieving the stated goals;

(F) documented efforts to negotiate with LBE firms for specific subcontracts including at a minimum:

(a) The names, addresses and telephone numbers of LBE firms that were contacted;

(b) A description of the information provided to LBE firms regarding the plans and specifications for portions of the work to be performed;

(c) Documentation that no reasonable price can be obtained from LBE firms;

(d) A statement of why agreements with LBE firms were not reached;

(G) a statement of the reason for rejecting any LBE firm which the contractor deemed to be unqualified; and

(H) documentation of efforts made to assist the LBE firms contacted that needed assistance in obtaining required insurance.

(5) Failure of the apparent low bidder to provide the information required in §§11-04(g)(3) and (g)(4) of this section within the allotted time may render the bid non-responsive and the contract may not be awarded to the bidder, except:

If the contractor states that it will subcontract a specific portion of the work, but can demonstrate that despite good faith efforts it cannot achieve its required LBE percentage for subcontracted work until after award of contract, the contract may be awarded subject to a letter of compliance from the contractor stating that it will comply with Administrative Code §6-108.1 and subject to approval by the agency head.

(6) If the contractor has not met its required LBE percentage prior to award, the contractor shall demonstrate that a

good faith effort has been made subsequent to award to obtain LBEs on each subcontract until it meets the required percentage.

(7) If a contractor submits certification documents for a subcontractor it wishes to use towards its LBE required percentage, the contracting agency may not award the contract until the Division has notified it that such certification documents are complete. After the Division has notified the agency that the proposed subcontractor's certification documents are complete, the contract may be awarded. However, no firm may be counted toward the contractor's LBE obligation unless it has been certified as an LBE. The Division shall notify the prime contractor that the certification documents of its proposed subcontractor are complete and that its certification is pending and is subject to review. It shall inform the prime contractor that if the proposed subcontractor is denied certification, the prime contractor must propose another LBE.

(8) If a contractor states prior to award that it will not subcontract work under the contract, the contractor may not subcontract any work without prior approval by the contracting agency. Such a contractor shall notify the agency at least six weeks prior to the start of work by any subcontractor that subcontracting is proposed. During such six-week period the contractor shall seek LBEs to do the work. No subcontracting by such a contractor shall be approved unless the required percentage of subcontracting work is awarded to an LBE, or unless the agency grants a waiver from such requirement upon a finding that a good faith effort has been made to find an LBE.

(9) The contractor may not substitute or change any LBE which was identified prior to award of the contract without the permission of the agency head. The contractor shall make a written application to the contracting agency head for permission to make such substitution or change, explaining why the contractor needs to change its LBE subcontractor and how the contractor will meet its LBE subcontracting requirement. Copies of such application must be served on the originally identified LBE by certified mail return receipt requested as well as the proposed substitute LBE. The agency head shall determine whether or not to grant the contractor's request for substitution.

(10) If the contractor contends that the LBE requirement cannot be met either before or after contract award and can demonstrate a good faith effort to obtain an LBE, a waiver may be granted by the agency head upon approval by the Division.

(h) **Subcontractor waivers.** (1) Subject to approval by the Division, an agency head may waive the subcontracting requirements of Administrative Code §6-108.1 and these regulations upon a finding that:

(i) there is no identifiable LBE subcontractor reasonably available, willing and qualified to perform subcontracted work, provided that

(A) the contractor has been unable to identify an LBE subcontractor after good faith efforts as set forth in §11-04(g)(4)(iii) and

(B) the contracting agency has been unable to locate an LBE after a search of the LBE list; or

(ii) the contract involves an emergency requiring immediate attention because the public health, safety, or welfare is threatened; or

(iii) for other good cause.

Such finding shall be made in writing, state the reasons therefore, and be submitted to the Division if a waiver is requested.

(2) The Division may direct an agency head to submit further evidence concerning the necessity for a waiver.

(3) Upon the approval of an agency head's waiver decision, the Division shall send written notification of such

waiver to the Vice Chairman of the City Council.

(i) **Verification of contractor compliance.** The contracting agency shall perform the following procedures with regard to auditing contractor compliance:

(1) The LBE liaison officer described in §11-04(d)(2) of these regulations shall distribute to the resident engineer a list of LBE subcontractors that have been identified by the prime contractor for use on the project. The resident engineer shall notify the LBE liaison officer of all subcontractors working on the site.

(2) As the work progresses, the LBE liaison officer shall periodically telephone all LBEs identified by the prime contractor to verify that they are on the site and performing specified LBE work.

(3) Each contracting agency shall conduct on-site reviews of the contractor's compliance with the LBE requirements. Such review may include interviews, visits to the actual construction site, and an inspection of any records relevant to the contractor's performance.

(4) The contractor shall cooperate fully with these reviews. Failure or refusal to furnish information or to cooperate may be deemed a breach of contract and a violation of these regulations which may result in the imposition of sanctions as provided in §11-04(j).

(5) The LBE liaison officer shall audit contractor payments to LBE subcontractors by obtaining payment compliance reports every month from both the contractor and the LBE subcontractor. The agency shall investigate all significant report variances.

(6) The LBE liaison officer shall review total payments of prime contractors to LBE subcontractors to insure that the amount equals the LBE percentage required by the contract. If the sum of LBE subcontractor payments is less than the required amount, the contractor may be found in breach of contract and sanctions may be applied in an amount commensurate with the magnitude of noncompliance.

(7) The LBE liaison officer shall maintain an LBE file for each project whether or not it is subject to LBE requirements. When the contracting agency determines that the program does not apply to a project or any part of it, the reasons for that decision shall be placed in the file.

(8) After review of the contractor's performance, the contracting agency shall make one of the following determinations with respect to the contractor's compliance with the LBE requirements:

(i) the contractor is in compliance; or

(ii) there is reasonable cause to believe that the contractor is in noncompliance.

(9) Whenever a contracting agency has reasonable cause to believe that a contractor is in noncompliance, it shall send a notice promptly by certified mail, return receipt requested, to the contractor describing the noncompliance and requiring the contractor to show cause within five days why it should not be found in noncompliance. If the agency determines that there is noncompliance, it shall offer the contractor a 15-day period from the date of notification of the determination an opportunity to conciliate.

(i) If conciliation is successful, a conciliation agreement shall be signed by the agency and the contractor and filed with the Division.

(ii) If conciliation is not successful, the agency shall determine whether sanctions should be imposed.

(10) The contracting agency shall notify the Division of any determination of noncompliance and the imposition of any sanctions. The Division shall notify all other contracting agencies of the determination and the sanctions imposed.

(j) **Sanctions.** (1) When a contracting agency determines that a prime contractor has failed to comply with the requirements of Administrative Code §6-108.1 or these regulations, the agency may impose any or all of the following sanctions:

(i) Reducing of a contractor's compensation by an amount equal to the dollar value of the LBE required percentage not complied with;

(ii) Declaring the contractor in default.

(2) In addition, where the prime contractor is an LBE, the agency shall refer the matter to the Division for further action including the review of the LBE's continued eligibility for certification.

§11-05 Complaints.

(a) Any person who believes a violation of Administrative Code §6-108.1 and these regulations has occurred may file a complaint, in writing, signed and dated, with the contracting agency when a contract is involved or, if no specific contract is involved, with OEFO.

(b) A prompt investigation shall be made by the contracting agency's LBE liaison officer if the agency receives the complaint, or by the Division if it receives the complaint.

(c) Any complaint alleging fraud, or other criminal behavior, concerning the requirements of Administrative Code §6-108.1 and these regulations on the part of a contractor or subcontractor shall be referred by the contracting agency or the Division to their respective Inspector Generals.

(d) The contractor or subcontractor involved shall cooperate fully with any investigation. Failure or refusal to furnish information or to cooperate in the investigation is a violation of Administrative Code §6-108.1 and these regulations and may result in the imposition of sanctions as provided in §11-04(j).

(e) Upon completion of the investigation, the complaining party and the contractor or subcontractor involved shall be informed of the results of the investigation in writing. If the contracting agency or the Division has reasonable cause

to believe that the contractor or subcontractor is in noncompliance with Administrative Code §6-108.1 or these regulations, then the procedures set forth in §§11-04(i)(9) and (10) shall be commenced.

(f) No contractor, subcontractor, or other person shall intimidate, threaten, coerce, or discriminate against any individual or business for the purpose of interfering with any right or privilege secured by Administrative Code §6-108.1 and these regulations or because a complaint was filed, or a person testified, assisted or participated in any manner in an investigation, proceeding, or hearing under these regulations.

(g) The identity of the complaining party shall be kept confidential only on request. If such confidentiality hinders the investigation, the complaining party shall be so advised for the purpose of obtaining a waiver of confidentiality. The complaining party shall be further advised that failure to waive confidentiality may result in a determination based upon information already provided.

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-21 Definitions.

As used in these rules, the following terms shall have the following meanings:

Applicant. "Applicant" means a business enterprise which has applied for certification as an MBE and/or WBE.

Audit. "Audit" means an examination of a business enterprise to determine whether the business enterprise is eligible for certification as an MBE and/or WBE, and may include an examination of books, records, physical facilities and interviews of applicants.

Business enterprise. "Business enterprise" means any entity, including a sole proprietorship, partnership or corporation which is authorized to and engages in lawful business transactions in accordance with the laws of New York State.

Certified business. "Certified business" means a business enterprise which has been approved for certification as an MBE or WBE in accordance with the procedures set forth in §11-22 of these rules, subsequent to verification that the business enterprise is owned, operated, and controlled by minority group members as defined in §11-21 of these rules, or women.

Certification letter. "Certification letter" means the letter sent by DSBS to an applicant notifying it of its

certification as an MBE or WBE.

City. "City" means the City of New York.

Commissioner. "Commissioner" means the Commissioner of the New York City Department of Small Business Services or his or her designee or his or her successor in function.

Day. "Day" means a calendar day unless otherwise specified.

Denial or denied. "Denial" or "denied" means a determination by DSBS that a business enterprise is not eligible for certification as an MBE or WBE because it does not meet the criteria for certification.

Division. "Division" means the division of economic and financial opportunity within the department of small business services.

DSBS. "DSBS" means the New York City Department of Small Business Services or its successor in function.

Director. "Director" means the Director of the Minority- and Women-Owned Business Enterprise Program or his or her designee or his or her successor in function.

Geographic Market. "Geographic market of the City" means the following counties: Bronx, Kings, New York, Queens, Richmond, Nassau, Putnam, Rockland, Suffolk and Westchester within the State of New York; and Bergen, Hudson, and Passaic within the State of New Jersey.

Graduate MBE or graduate WBE. "Graduate MBE or "graduate WBE" means an MBE or WBE which shall have been awarded prime contracts by one or more agencies within the past three years where the total city funding from the expense and capital budgets for such contracts was equal to or greater than fifteen million dollars.

Minority group member. "Minority group member" means a United States citizen or permanent resident alien who is, and can demonstrate membership in, one of the following groups:

(1) Black persons having origins in any of the Black African racial groups;

(2) Hispanic persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American descent of either Indian or Hispanic origin, regardless of race; or

(3) Asian and Pacific Islander persons having origins in any of the Far East countries, South East Asia, the Indian Subcontinent or the Pacific Islands.

Minority-owned business enterprise or MBE. "Minority-owned business enterprise" or "MBE" means a minority-owned business enterprise that is certified in accordance with §1304 of the charter.

Minority- and women-owned business enterprise certification application or certification application. "Minority- and women-owned business enterprise certification application" or "certification application" means the form that DBS*1 requires an applicant to submit for purposes of applying for certification as an MBE or WBE.

Principal office or place of business. "Principal office or place of business" shall mean where the main office and regular meeting place of the board of directors that manages, conducts, and directs the business is located.

Rejected or rejection. "Rejected" or "rejection" means the refusal by DBS* to certify a business enterprise as an MBE or WBE due to an insufficiency in documentation submitted by the applicant.

Women-owned business enterprise or WBE. "Women-owned business enterprise" or "WBE" means a

woman-owned business enterprise that is certified pursuant to §1304 of the charter.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-22 Eligibility Criteria.

The following standards shall be used to determine whether a business enterprise is eligible for certification as an MBE or WBE.

(a) **Nexus.** In order to be eligible for certification as an MBE or WBE, a business enterprise must have a real and substantial business presence in the geographic market for the city of New York. An MBE or WBE which meets one of the following conditions shall be deemed to have a real and substantial business presence in the geographic market for the city of New York:

(1) the business enterprise's principal office or place of business or headquarters is located within the City; or

(2) the business enterprise maintains full-time employees in one or more of the business enterprise's offices within the City to conduct or solicit business in the City the majority of their working time; or

(3) the business enterprise's principal office or place of business or headquarters is located within the geographic market of the City, and

(i) has transacted business more than once in the City within the last three (3) years, or

(ii) has sought to transact business more than once in the City within the last three (3) years; or

(4) twenty-five percent (25%) of the business enterprise's annual gross receipts for the last three (3) years were derived from transacting business in the City; or

(5) the business enterprise's principal office or place of business or headquarters is not located within the geographic market of the City but the business enterprise has demonstrated two or more of the following indicia of a real and substantial presence in the market for the City of New York:

(i) the business enterprise has maintained a bank account or engaged in other banking transactions in the City;

(ii) the business enterprise, or at least one of its owners, possesses a license issued by an agency of the City to do business in the City;

(iii) the business enterprise has transacted or sought to transact business in or with the City more than once in the past three years.

(b) **Ownership.** For the purposes of determining whether an applicant should be certified as an MBE or WBE, or whether such certification should be revoked, the following rules concerning ownership shall be applied:

(1) The equity interest of minority group member(s) or women owners must be proportionate to the contribution of the minority group member(s) or women owners as demonstrated by, but not limited to, contributions of money, property, equipment or expertise;

(2) A sole proprietorship must be owned by a minority group member or woman;

(3) A partnership must demonstrate that minority group members or women have a fifty-one (51%) percent or greater share of the partnership; and

(4) A corporation must have issued at least fifty-one (51%) percent of its issued and authorized voting and all other stock to minority group members or women share- holders.

(c) **Control.** Determinations as to whether minority group members or women control the business enterprise will be made according to the following criteria:

(1) Decisions pertaining to the operations of the business enterprise must be made by minority group members or women claiming ownership of that business enterprise. The following will be considered in determining whether the minority group members or women are making such decisions:

(i) whether minority group members or women have experience and technical competence in the business enterprise seeking certification;

(ii) whether minority group members or women demonstrate the working knowledge and ability needed to operate the business enterprise; and

(iii) whether minority group members or women show that they devote time on an ongoing basis to the daily operation of the business enterprise.

(2) Articles of incorporation, corporate by-laws, partnership agreements, business certificates, corporate tax returns, unincorporated business tax returns, partnership tax returns and other agreements, including, but not limited to, loan agreements, lease agreements, supply agreements, credit agreements or other agreements must permit minority group members or women who claim ownership of the business enterprise to make those decisions pertaining to operations of the business enterprise without restrictions.

(3) Minority group members or women must demonstrate control of negotiations, signature authority for payroll,

leases, letters of credit, insurance bonds, banking services and contracts, and other business transactions through production of relevant docu- ments.

(d) **Additional eligibility provisions.** The following provisions apply to all applicants seeking certification as an MBE or WBE:

(1) Documentation may be required to substantiate the claim of membership in a minority group. This documentation may include, but is not limited to, birth certificates, foreign passports, naturalization papers, registration on Native American tribal rolls and nonresident visas;

(2) Where the actual management of the business enterprise is contracted out to individuals other than minority group members or women, minority group members and women must demonstrate that they have the ultimate power to hire and fire these managers, that they exercise this power and make other substantial decisions which reflect control of the business enterprise;

(3) Documentation of one (1) year's business activity shall be required in order to provide sufficient information upon which certification can be reasonably made. The commissioner, in his or her discretion, may permit documentation for a lesser period;

(4) DSBS may grant eligible status to any business enterprise eligible under §11-22 of these rules, and (A) certified as an MBE or WBE by the New York State Department of Economic Development, Division of Minority and Women's Business Development pursuant to Article 15-A of the New York State Executive Law and any rules or regulations promulgated thereunder, or (B) certified as an MBE or WBE by another governmental or other certifying entity whose minority- and women-owned business enterprise certification criteria are determined by the commissioner to be consistent with the certification criteria set forth in these rules. Unless otherwise determined by the commissioner, the maximum period for which any certification granted by DSBS pursuant to this subdivision is valid shall be the period during which the business enterprise is certified as an MBE and/or WBE with the original certifying entity;

(5) Any business enterprise that satisfies the eligibility criteria as set forth in §11-22 of these rules, is presumptively eligible for certification under these rules; provided that the commissioner may decline to certify, or revoke the certification of, any business enterprise on the ground that there is not a firm basis for believing that there is a compelling state interest to justify certification of that business enterprise under these rules.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-23 Application Intake and Verification.

(a) Minority- and women-owned business enterprise certification applications may be obtained from, and must be returned to DBS. DBS shall date stamp the date of receipt of a certification application upon receiving it.

(b) An applicant shall submit such information or documentation as may be required by DSBS in connection with its certification as an MBE or WBE. Failure to submit such information or documentation may result in the rejection or revocation of such certification.

(c) If a certification application is received by DSBS and required documents are missing, questions are unanswered or the certification application is not properly notarized, DSBS shall send to the applicant, within 45 days of the initial date stamped on the certification application, a notice of status and deficiency (the "Notice"), stating any deficiency arising from missing documents, unfinished questions or deficiencies in notarization. An applicant may cure the noticed deficiency by providing DSBS with documents or information requested in the Notice, within 30 days of the date of the Notice.

(d) When the applicant cures a noticed deficiency, pursuant to procedures set forth in §11-23(c) of these rules, DSBS shall have an additional forty-five (45) days to advise the applicant of any further deficiency which may be cured in accordance with §11-23(c) of these rules.

(e) If the applicant does not cure a noticed deficiency, pursuant to procedures set forth in §11-23(c) of these rules, and the certification application remains incomplete for at least forty-two (42) days of the date of the Notice, unless such time is extended by the director, the applicant shall be sent a notice stating that its certification application has been rejected and will not be processed, together with its rejected certification appli- cation.

(f) An applicant whose certification as an MBE or WBE is rejected, may not reapply for certification for at least one hundred and twenty (120) days of the date of the notice of rejection of its application.

(g) Applicants may be required to consent to inquiries of their bonding companies, banking institutions, credit agencies, contractors, affiliates, clients and other entities to ascertain the applicant's eligibility for certification. Refusal to permit such inquiries shall be grounds for rejection of a certification application.

(h) All applicants and certified businesses shall be subject to an audit at any time. An applicant's or certified business' refusal to facilitate an audit shall be grounds for denial of its certification application or revocation of its certification.

(i) A certification application may be withdrawn by an applicant without prejudice at any time prior to an audit. Following the withdrawal of a certification application, the applicant may not reapply for certification for a period of at least one hundred and twenty (120) days from the date of withdrawal of the application.

(j) All applicants and certified businesses may be required to provide documentation to substantiate that the business has the skill and expertise to perform in the particular area of work for which it is requesting listing or is listed on the M/WBE Directory.

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-24 Notice of Determination and Right to Appeal.

(a) The director shall provide the applicant with written notice of a determination approving or denying certification.

(b) In the event certification is approved by the director, the applicant will be sent a certification letter and will be certified as an MBE or WBE for five years from the date of the certification letter or until notified of the need to reapply at the director's request, whichever is earlier, so long as the applicant submits to the Division an affidavit of no material change in ownership or control annually.

(c) In the event certification is denied by the director, a written notice of such determination shall be provided to the applicant stating the reason(s) for such denial. Such notice shall also state the procedures for filing an appeal.

(d) The applicant may appeal the determination within thirty (30) days after the date of the notice denying the business enterprise's certification. In the event that a request for an appeal is not made within the thirty (30) day period, the director's determination shall be deemed final and the applicant may not reapply for certification for two (2) years from the date of the written notice denying certification, provided, however, that if the facts and circumstances forming the basis of the denial decision have changed significantly, the applicant, at the discretion of the director, may be granted permission to reapply sooner.

(e) The request for an appeal shall state the grounds upon which the denial of certification is being appealed.

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-25 Appeals.

A business entity denied certification or re-certification as an MBE or WBE shall be given written notice by DSBS of the grounds for such denial and an opportunity to appeal such denial in writing to the commissioner. Such appeal or a request for an extension to file an appeal must be received by the commissioner no later than thirty (30) days after the date of the notice denying the business enterprise's certification or re-certification. The commissioner may extend the period in which to initiate an appeal for good cause shown. Such appeal shall include, at a minimum, a description of the reasons why the decision to deny certification or re-certification is in error and provide evidence to support its appeal. Such person shall provide such other documentation or information as is requested by the commissioner, in his or her sole discretion. The commissioner shall render a written determination no later than sixty days after receipt of the appeal, unless the time to render a determination has been extended upon agreement of the commissioner and the business enterprise. If the commissioner's determination is not made within the prescribed sixty days after receipt of the appeal or within the agreed upon extended time period, then the appeal is deemed denied. The decision of the commissioner granting or denying such appeal shall constitute the final agency deter- mination.

66 RCNY 11-26

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER B MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISE CERTIFICATION PROGRAM

§11-26 Revocation of Minority- or Women-Owned Business Enterprise Status.

(a) A certified business must notify DSBS within forty-five (45) days of any material change in the information contained in the certification application. A material change may include, but is not limited to, a change in any of the following: ownership; address; officers; or services provided by the certified business. If a material change occurs, a review may be conducted by DSBS and certification may be revoked. If an MBE's or WBE's certification is revoked, such business enterprise may reapply for certification at any time following revocation. If a certified business fails to notify the director of such material change, the director may in his or her discretion, revoke the certification of an MBE or WBE for a period of up to five years.

(b) DSBS, upon having reason to believe or upon receiving allegations indicating that a certified business enterprise is not eligible for certification as an MBE or WBE, may meet with minority group members or women claiming ownership and control of the certified business and/or conduct an audit of such business enterprise, and shall take the following actions:

(1) Determine whether the allegation can be substantiated;

(2) Obtain in writing, if possible, the basis of any allegation from the person or persons making the allegation;

(3) Notify a certified business in writing that its certification as an MBE or WBE is under review by the director

and may be revoked. This notice shall specify the bases for such review and any facts specifically at issue; and

(4) Provide the certified business with an opportunity to respond in writing to any allegations set forth in any notices questioning the certification status of a certified business, within twenty-eight (28) days of the date of such notice, by personal service or certified mail, return receipt requested.

(c) If the minority group members or women claiming ownership of the certified business fail to respond timely in writing to the notice of certification status review, or fail to meet with a DBS representative or agree to an audit, the certification of the MBE or WBE may be revoked by the director.

(d) The director shall notify, in writing, a certified business of the revocation of its certification as an MBE or WBE within fourteen (14) days of revoking such certification. The minority group members or women claiming ownership and control of a business enterprise which has had its certification as an MBE or WBE revoked, may request an appeal of this decision within thirty (30) days of the date of the notice of revocation. Such appeal shall be conducted in accordance with procedures set forth in §11-25 of these rules. If a request for an appeal is not made within the thirty (30) day period, the director's determination shall be final and the business enterprise may not reapply for certification for two (2) years from the date of the notice of revocation provided, however, that if the facts and circumstances forming the basis of the revocation decision have changed significantly, the business enterprise may, at the discretion of the director, be granted permission to reapply sooner.

(e) If at any time DSBS has reason to believe that an applicant or certified business has willfully and knowingly provided incorrect information or made false statements, it shall refer the matter to the Department of Investigation for investigation. Falsification of any document by an applicant or a certified business may lead to the imposition of civil and criminal penalties as provided by law and contract, de-certification as an MBE or WBE and debarment from City contracts.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-60 Definitions.

As used in this subchapter, the following terms shall have the following meanings:

(1) "Agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(2) "Agency chief contracting officer" means the person to whom an agency head has delegated authority to organize and supervise the agency's procurement activity.

(3) "Availability rate" means the percentage of business enterprises within an industry classification that are owned by minorities, women or persons who are socially and economically disadvantaged willing and able to perform agency contracts.

(4) "Bidder" means any person submitting a bid or proposal in response to a solicitation for such bid or proposal from an agency.

(5) "Bidders list" or "proposers list" means a list maintained by an agency that includes persons from whom bids or

proposals can be solicited.

(6) "City" means the city of New York.

(7) "City chief procurement officer" means the person to whom the mayor has delegated authority to coordinate and oversee the procurement activity of mayoral agency staff, including the agency chief contracting officers and any offices that have oversight responsibility for procurement.

(8) "Commercially useful function" means a real and actual service that is a distinct and verifiable element of the work called for in a contract. In determining whether an MBE, WBE or EBE is performing a commercially useful function, factors including but not limited to the following shall be considered:

(i) whether it has the skill and expertise to perform the work for which it is being utilized, and possesses all necessary licenses;

(ii) whether it is in the business of performing, managing or supervising the work for which it has been certified and is being utilized; and

(iii) whether it purchases goods and/or services from another business and whether its participation in the contract would have the principal effect of allowing it to act as a middle person or broker in which case it may not be considered to be performing a commercially useful function for purposes of this section.

(9) "Commissioner" shall mean the commissioner of small business services or his or her designee or his or her successor in function.

(10) "Construction contract" means any agreement with an agency for or in connection with the construction, reconstruction, demolition, excavation, renovation, alteration, improvement, rehabilitation, or repair of any building, facility, physical structure of any kind. Construction contracts shall not include contracts for professional services.

(11) "Contract" means any agreement, purchase order or other instrument whereby the city is committed to expend or does expend funds in return for goods, professional services, standard services, architectural and engineering services, or construction.

(12) "Contractor" means a person who has been awarded a contract.

(13) "Directory" means a list prepared by the division of firms certified pursuant to §1304 of the charter.

(14) "Division" shall mean the division of economic and financial opportunity within the department of small business services.

(15) "EBE" means an emerging business enterprise certified in accordance with §1304 of the charter.

(16) "Geographic market of the city" means the following counties: Bronx, Kings, New York, Queens, Richmond, Nassau, Putnam, Rockland, Suffolk and Westchester within the state of New York; and Bergen, Hudson, and Passaic within the state of New Jersey.

(17) "Goal" means a numerical target.

(18) "Graduate MBE", "graduate WBE" or "graduate EBE" means an MBE, WBE or EBE which shall have been awarded prime contracts by one or more agencies within the past three years where the total city funding from the expense and capital budgets for such contracts was equal to or greater than fifteen million dollars.

(19) "Industry classification" means one of the following classifications:

(i) construction;

(ii) professional services;

(iii) standard services; and

(iv) goods.

(20) "Joint venture" means an association, of limited scope and duration, between two or more persons who have entered into an agreement to perform and/or provide services required by a contract, in which each such person contributes property, capital, effort, skill and/or knowledge, and in which each such person is entitled to share in the profits of the venture in reasonable proportion to the economic value of its contribution.

(21) "MBE" means a minority-owned business enterprise certified in accordance with §1304 of the charter.

(22) "Minority group" means Black Americans; Asian Americans, and Hispanic Americans, provided that the commissioner shall be authorized to add additional groups to this definition upon a finding that there is statistically significant disparity between the availability of firms owned by persons in such a group and the utilization of such firms in city procurement.

(23) "Person" means any business, individual, partnership, corporation, firm, company, or other form of doing business.

(24) "Professional services" means services that require specialized skills and the exercise of judgment, including but not limited to accountants, lawyers, doctors, computer programmers and consultants, architectural and engineering services, design services and construction management services.

(25) "Qualified joint venture agreement" means a joint venture between one or more MBEs, WBEs or EBEs and another person, in which the percentage of profit to which the certified firm or firms is entitled for participation in the contract, as set forth in the joint venture agreement, is at least 25% of the total profit.

(26) "Scope of work" means specific tasks required in a contract and/or services or goods that must be provided to perform specific tasks required in a contract.

(27) "Socially and economically disadvantaged" refers to a person who has experienced social disadvantage in American society as a result of causes not common to persons who are not socially disadvantaged, and whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business.

(28) "Standard services" means services other than professional services or services procured under a construction contract.

(29) "Subcontractor" means a person who has entered into an agreement with a contractor to provide something that is required pursuant to a contract.

(30) "Utilization rate" means the percentage of total contract expenditures expended on contracts or subcontracts with firms that are owned by women, minorities or socially and economically disadvantaged persons, respectively, in one or more industry classifications.

(31) "WBE" means a women-owned business enterprise certified in accordance with §1304 of the charter.

HISTORICAL NOTE

Section amended City Record Feb. 6, 2007 §1, eff. Mar. 8, 2007. [See Subchapter D footnote]

Section added City Record Sept. 20, 2006 §12, eff. Oct. 20, 2006.

DERIVATION

Former §11-32. Section in original publication July 1, 1991. Renumbered by Law Department per Charter §1045(b) and per LL 61/1991, repealed City Record Sept. 20, 2006 §13, eff. Oct. 20, 2006.

FOOTNOTES

[Footnote 2]: * Subchapter D amended City Record Feb. 6, 2007 §1, eff. Mar. 8, 2007. Subchapter D added City Record Sept. 20, 2006 §12, eff. Oct. 20, 2006. Note: Statement of Basis and Purpose in City Record Feb. 6, 2007:

These rules implement Local Law 12 for 2006, which amended §1304 of the New York City Charter and §6-129 of the New York City Administrative Code. Local Law 12 declares the City's policy to ensure the meaningful participation of emerging business enterprises ("EBE") in city procurement and establishes a certification program for such firms. To be eligible for EBE certification, a business must demonstrate that its owner has been socially and economically disadvantaged. Charter §1304(c) authorizes the Commissioner of the Department of Small Business Services to promulgate rules necessary to implement the purposes of the local law establishing this program. This rulemaking provides, in a new Subchapter E of Chapter 11 of Title 66 of the Rules of the City of New York, for the inclusion of Emerging Business Enterprises in the new program established by Administrative Code §6-129 to promote opportunities for Emerging Business Enterprises and for the certification of businesses as Emerging Business Enterprises.

***** Current through December 2009 ****

66 RCNY 11-61

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-61 Citywide Goals.

(1) The citywide contracting participation goals for MBEs, WBEs and EBEs shall be as follows:

For construction contracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 12.63% of total annual agency expenditures on such contracts

Hispanic Americans 9.06% of total annual agency expenditures on such contracts

Emerging 6% of total annual agency expenditures on such contracts

For professional services contracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 9% of total annual agency expenditures on such contracts

Hispanic Americans 5% of total annual agency expenditures on such contracts

Caucasian females 16.5% of total annual agency expenditures on such contracts

Emerging 6% of total annual agency expenditures on such contracts

For standard services contracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 9.23% of total annual agency expenditures on such contracts

Hispanic Americans 5.14% of total annual agency expenditures on such contracts

Caucasian females 10.45% of total annual agency expenditures on such contracts

Emerging 6% of total annual agency expenditures on such contracts

For goods contracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 7.47% of total annual agency expenditures on such contracts

Asian Americans 5.19% of total annual agency expenditures on such contracts

Hispanic Americans 4.99% of total annual agency expenditures on such contracts

Caucasian females 17.87% of total annual agency expenditures on such contracts

Emerging 6% of total annual agency expenditures on such contracts

For construction subcontracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 12.63% of total annual agency expenditures on such subcontracts

Asian Americans 9.47% of total annual agency expenditures on such subcontracts

Hispanic Americans 9.06% of total annual agency expenditures on such subcontracts

Emerging 6% of total annual agency expenditures on such contracts

For professional services subcontracts under one million dollars:

Race/gender group: Participation goal:

Black Americans 9% of total annual agency expenditures on such subcontracts

Hispanic Americans 5% of total annual agency expenditures on such contracts

Caucasian females 16.5% of total annual agency expenditures on such subcontracts

Emerging 6% of total annual agency expenditures on such contracts

(2) Agencies shall develop agency utilization plans pursuant to §11-64 of this subchapter. Agencies shall seek to ensure substantial progress toward the attainment of these goals in as short a time as practicable.

(3) The citywide goals shall not be summarily adopted as goals for individual procurements; rather, as set forth in §11-66 of this subchapter, goals for such procurements may be set at levels higher, lower, or the same as the citywide goals.

(4)(A) Beginning January 29, 2007 and every two years thereafter, the commissioner, in consultation with the city chief procurement officer, shall, for each industry classification and each minority group, review and compare the availability rates of firms owned by minorities and women to the utilization rates of such firms in agency contracts and subcontracts, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this section. In making such revision, the commissioner shall consider the extent to which discrimination continues to have an impact on the ability of minorities and women to compete for city contracts and subcontracts. The commissioner shall submit the results of such review and any proposed revisions to the participation goals to the speaker of the council at least sixty days prior to publishing a proposed rule that would revise participation goals.

(B) Beginning May 23, 2007 and every two years thereafter, the commissioner shall review information collected by the department to determine the availability and utilization of EBEs, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this section. Such revised goals shall be set at a level intended to assist in overcoming the impact of discrimination on such businesses.

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-62 Responsibilities of the Division.

(1) The division shall create and maintain and periodically update directories by industry classification of MBEs, WBEs and EBEs which it shall supply to all agencies, post on its website and on other relevant city websites and make available for dissemination and/or public inspection at its offices and other locations within each borough.

(2) The division shall make its resources available to assist agencies and contractors in (i) determining the availability of MBEs, WBEs and EBEs to participate in their contracts as prime contractors and/or subcontractors; and (ii) identifying opportunities appropriate for participation by MBEs, WBEs and EBEs in contracts.

(3) The division shall develop and maintain relationships with organizations representing contractors, including MBEs, WBEs and EBEs, and solicit their support and assistance in efforts to increase participation of MBEs, WBEs and EBEs in city procurement.

(4) The division shall coordinate with city and state entities that maintain databases of MBEs, WBEs and EBEs and work to enhance city availability data and directories.

(5) The division shall keep agency M/WBE officers informed of conferences, contractor fairs, and other services that are available to assist them in pursuing the objectives of this section.

(6) The division shall conduct, coordinate and facilitate technical assistance and educational programs for MBEs, WBEs and EBEs and other contractors designed to enhance participation of MBEs, WBEs and EBEs in city procurement. The division shall further develop a clearinghouse of information on programs and services available to MBEs, WBEs and EBEs.

(7) The division shall develop standardized forms and reporting documents for agencies and contractors to facilitate the reporting requirements of this section.

(8) The division shall direct and assist agencies in their efforts to increase participation by MBEs, WBEs and EBEs in any city-operated financial, technical, and management assistance program.

(9) The division shall study and recommend to the commissioner methods to streamline the M/WBE and EBE certification process.

(10) Each fiscal year the division, in consultation with the city chief procurement officer, shall audit at least 5% of all contracts for which utilization plans are established in accordance with §11-66 of this subchapter and 5% of all contracts awarded to MBEs, WBEs and EBEs to assess compliance with this subchapter. All solicitations for contracts for which utilization plans are to be established shall include notice of potential audit.

(11) The division shall assist agencies in identifying and seeking ways to reduce or eliminate practices such as bonding requirements or delays in payment by prime contractors that may present barriers to competition by MBEs, WBEs and EBEs.

§11-63 Responsibilities of Agency M/WBE Officers.

Each agency head shall designate a deputy commissioner or other executive officer to act as the agency M/WBE officer who shall be directly accountable to the agency head concerning the activities of the agency in carrying out its responsibilities pursuant to this section. The duties of the M/WBE officer shall include, but not be limited to:

(i) creating the agency's utilization plan in accordance with §11-64 of this subchapter; (ii) acting as the agency's liaison with the division;

(iii) acting as a liaison with organizations and/or associations of MBEs, WBEs and EBEs, informing such organizations and/or associations of the agency's procurement procedures, and advising them of future procurement opportunities;

(iv) ensuring that agency bid solicitations and requests for proposals are sent to MBEs, WBEs and EBEs in a timely manner, consistent with this section and rules of the procurement policy board;

(v) referring MBEs, WBEs and EBEs to technical assistance services available from agencies and other organizations;

(vi) reviewing requests for waivers of target subcontracting percentages and/or modifications of participation goals and contractor utilization plans in accordance with §11-66 of this subchapter;

(vii) working with the division and city chief procurement officer in creating directories of certified MBEs, WBEs and EBEs. In fulfilling this duty, the agency M/WBE officer shall track and record each contractor that is an MBE, WBE or EBE and each subcontractor hired pursuant to such officer's agency contracts that is an MBE, WBE or EBE, and shall share such information with the commissioner and the city chief procurement officer;

(viii) for contracts for which utilization goals have been established pursuant to §11-66 of this subchapter, monitoring each contractor's compliance with its utilization plan by appropriate means, which shall include, but need not be limited to, job site inspections, contacting MBEs, WBEs and EBEs identified in the plan to confirm their participation, and auditing the contractor's books and records;

(ix) monitoring the agency's procurement activities to ensure compliance with its agency utilization plan and progress towards the participation goals as established in such plan; and

(x) providing to the city chief procurement officer information for the reports required in §11-69 of this subchapter and providing any other plans and/or reports required pursuant to this subchapter or requested by the city chief procurement officer.

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-64 Agency Utilization Plans.

(1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which has made procurements in excess of five million dollars during the fiscal year which ended on June 30 of the preceding calendar year shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. Upon approval by the commissioner such plan shall be submitted to the speaker of the council. Each such plan shall, at a minimum, include the following:

(i) the agency's participation goals for MBEs, WBEs and EBEs for the year;

(ii) an explanation for any agency goal that is different than the participation goal for the relevant group and industry classification as determined pursuant to §11-61 of this subchapter;

(iii) a list of the names and titles of agency personnel responsible for implementation of the agency utilization plan;

(iv) methods and relevant activities proposed for achieving the agency's participation goals; and

(v) any other information which the agency or the commissioner deems relevant or necessary.

(2) An agency utilization plan may be amended from time to time, in consultation with the division to reflect

changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

(3) In planning its procurement activities over the course of the fiscal year, each agency subject to this section shall consider how it will achieve the goals set forth in its approved agency utilization plan. This determination should be guided by the agency's knowledge of the market involved in the procurement, and the level of progress it has made during the fiscal year toward meeting its goal for the relevant category of procurement.

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-65 Achieving Agency Participation Goals.

(1) Each agency head shall be directly accountable for the goals set forth in his or her agency's utilization plan.

(2) Each agency shall make all reasonable efforts to meet the participation goals established in its agency utilization plan. Agencies shall, at a minimum, use the following methods to achieve participation goals:

(i) Agencies shall engage in outreach activities to encourage MBEs, WBEs and EBEs to compete for all facets of their procurement activities, including contracts awarded by negotiated acquisition, emergency and sole source contracts, and each agency shall seek to utilize MBEs, WBEs and/or EBEs for all types of goods, services and construction they procure.

(ii) Agencies shall encourage eligible businesses to apply for certification as MBEs, WBEs and EBEs and inclusion in the directories of MBEs, WBEs and EBEs. Agencies shall also encourage MBEs, WBEs and EBEs to have their names included on their bidders lists, seek pre-qualification where applicable, and compete for city business as contractors and subcontractors. Agencies are encouraged to advertise procurement opportunities in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations, and send written notice of specific procurement opportunities to minority and women's business organizations.

(iii) All agency solicitations for bids or proposals shall include information referring potential bidders or proposers to the directories of MBEs, WBEs and EBEs prepared by the division.

(iv) In planning procurements, agencies shall consider the effect of the scope, specifications and size of a contract on opportunities for participation by MBEs, WBEs and EBEs.

(v) For construction contracts, agencies shall consider whether to enter into separate prime contracts for construction support services including, but not limited to, trucking, landscaping, demolition, site clearing, surveying and site security.

(vi) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, an agency shall submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, WBEs and EBEs and other potential bidders or proposers. The agency shall follow the instructions of the city chief procurement officer in cases where he or she determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts.

(vii) Agencies shall examine their internal procurement policies, procedures and practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, WBEs and EBEs in city procurement.

(viii) Agency M/WBE officers shall, in accordance with guidelines established by the city chief procurement officer, establish a process for quarterly meetings with MBEs, WBEs and EBEs to discuss what the agency looks for in evaluating bids and proposals.

(ix) Agencies shall encourage prime contractors to enter joint venture agreements with MBEs, WBEs and EBEs.

HISTORICAL NOTE

[Footnote 2]: * Subchapter D amended City Record Feb. 6, 2007 §1, eff. Mar. 8, 2007. Subchapter D added City Record Sept. 20, 2006 §12, eff. Oct. 20, 2006. Note: Statement of Basis and Purpose in City Record Feb. 6, 2007:

These rules implement Local Law 12 for 2006, which amended §1304 of the New York City Charter and §6-129 of the New York City Administrative Code. Local Law 12 declares the City's policy to ensure the meaningful participation of emerging business enterprises ("EBE") in city procurement and establishes a certification program for such firms. To be eligible for EBE certification, a business must demonstrate that its owner has been socially and economically disadvantaged. Charter §1304(c) authorizes the Commissioner of the

Department of Small Business Services to promulgate rules necessary to implement the purposes of the local law establishing this program. This rulemaking provides, in a new Subchapter E of Chapter 11 of Title 66 of the Rules of the City of New York, for the inclusion of Emerging Business Enterprises in the new program established by Administrative Code §6-129 to promote opportunities for Emerging Business Enterprises and for the certification of businesses as Emerging Business Enterprises.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-66 Participation Goals for Construction and Professional Services Contracts.

(1) Prior to issuing the solicitation of bids or proposals for individual construction and professional services contracts, agencies shall establish a target subcontracting percentage for the contract and participation goals for MBEs, WBEs and EBEs. The "target subcontracting percentage" for the contract shall represent the percentage of the total contract which the agency anticipates a typical prime contractor in the relevant industry would in the normal course of business award to one or more subcontractors for amounts under one million dollars. The participation goals established for a contract shall represent a percentage of the total dollar value of all subcontracts for amounts under one million dollars pursuant to the award. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to §11-61 of this subchapter. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(i) the scope of work;

(ii) the availability of MBEs, WBEs and EBEs able to perform the particular tasks required in the contract;

(iii) the extent to which the type of work involved in the contract presents subcontracting opportunities for amounts under one million dollars;

(iv) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, WBEs and EBEs in the agency's future contracts; and

(v) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals

(i) for procurements described in §11-74 of this subchapter; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(4) For each contract in which participation goals are established, the agency shall include in its solicitation and/or bidding materials, a referral to the directories prepared by the division pursuant to §11-62 of this subchapter.

(5) For each contract for which participation goals are established the contractor shall be required to submit with its bid or proposal, a utilization plan indicating the percentage of the work it intends to subcontract, and the percentage of work it intends to award to subcontractors for amounts under one million dollars, and, in cases where the contractor intends to award subcontracts for amounts under one million dollars, a description of the type and dollar value of work designated for participation by MBEs, WBEs and/or EBEs, and the time frames in which such work is scheduled to begin and end. When the utilization plan indicates that the bidder or proposer does not intend to award the target subcontracting percentage, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award waiver pursuant to subdivision 12 of this section.

(6) For each contract for which a utilization plan has been submitted, a material term of the contract shall be that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(7) For each contract for which a utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months, and a written confirmation that the contractor has notified each MBE, WBE or EBE included in such list. For multi-year contracts, the contractor shall submit such a list of persons and written confirmation of notification to the agency annually. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(8) For each contract for which a utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs, WBEs or EBEs); the names, addresses and contact numbers of each MBE, WBE or EBE hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE, WBEs or EBEs. The contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs, WBEs or EBEs); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, WBE or EBE hired pursuant to such plan, the

work performed by, and the dates and amounts paid to each.

(9) If payments made to, or work performed by, MBEs, WBEs or EBEs are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with §11-72 of this subchapter, unless the contractor has obtained a modification.

(10) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBEs, WBEs and/or EBEs.

(11) In the event that a contractor with a contract that includes a utilization plan submits a request for a change order the value of which exceeds ten percent of such contract, the agency shall establish participation goals as if for a new contract for the work to be performed pursuant to such change order.

(12) Pre-award waiver. If the level of subcontracting set forth in a utilization plan is less than the target subcontracting percentage, the bidder or proposer shall submit a request to the contracting agency, prior to the deadline for such requests established by the contracting agency as indicated in the invitation to bid or propose, for a full or partial waiver of the targeted subcontracting percentage. Such request shall include documentation to support the bidder's or proposer's capacity to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the targeted subcontracting percentage.

(i) Subject to paragraph (ii) of this subdivision, the contracting agency may grant a full or partial waiver of the target subcontracting percentage to a bidder or proposer who demonstrates that it has legitimate business reasons for proposing the level of subcontracting in its utilization plan. The contracting agency shall make its determination in light of factors which shall include, but not be limited to, whether the bidder or proposer has the capacity and the bona fide intention to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the target subcontracting percentage. In making such determination, the agency may consider whether the utilization plan is consistent with past subcontracting practices of the bidder or proposer, and whether the bidder or proposer has made good faith efforts to identify portions of the contract that it intends to subcontract.

The administrative code provides that within thirty days of the registration of a contract, the city chief contracting officer shall notify the council of any such waiver granted with respect to the contract.

(ii) The administrative code provides that the agency M/WBE officer shall provide written notice of requests for a full or partial waiver of the target subcontracting percentage to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The administrative code provides that the city chief procurement officer shall notify the speaker of the council and the division in writing within thirty days of the registration of the contract for a full or partial waiver of a target subcontracting percentage, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council and the division by the agency. Such notification shall include, but not be limited to, the name of contractor, the original target subcontracting percentage, the waiver request, including all documentation, and an explanation for the approval of such request.

(13) Modification of utilization plans. (i) A contractor may request modification of its utilization plan after the award of a contract. Subject to paragraph (ii) of this subdivision, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good

faith efforts to meet the goals set by the agency for the contract. Prior to granting such request, an agency shall consult with the division. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(A) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

(B) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;

(C) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, WBEs and EBEs that their interest in the contract was solicited;

(D) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, WBEs and/or EBEs in the contractor utilization plan, and for which the contractor claims an inability to retain MBEs or WBEs or EBEs;

(E) The contractor held meetings with MBEs, WBEs and/or EBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited. Documentation of such meetings shall include the dates, times, and locations of such meetings, meeting announcements and invitations, meeting agendas, documents distributed at such meetings, and attendance lists;

(F) The contractor made efforts to negotiate with MBEs, WBEs and/or EBEs as relevant to perform specific subcontracts, or act as suppliers or service providers. Documentation of such negotiation shall include the names, addresses, and telephone numbers of MBEs, WBEs and/or EBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to the reasons that agreements could not be reached with MBEs, WBEs and/or EBEs to perform the work.

(G) Timely written requests for assistance made by the contractor to the agency M/WBE officer and to the division, as well as documented requests for assistance made by the contractor to organizations that provide assistance in the recruitment and placement of MBEs, WBEs and/or EBEs, including but not limited to, minority and/or women community organizations, minority and/or women contractors' groups; local, state and federal business assistance offices;

(H) Description of how recommendations made by the division, the contracting agency, and other organizations described in subparagraph (G) of this paragraph were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs, WBEs and/or EBEs.

(I) The contractor rejected bids by MBEs, WBEs and/or EBEs for sound reasons based upon a thorough investigation of their capabilities. The MBE's or WBE's or EBE's political or social affiliations or lack thereof shall not be a legitimate reason for rejecting or not soliciting bids to meet the goals.

(J) The contractor designated portions of the work to be performed by MBEs, WBEs and/or EBEs in order to increase the likelihood that the goals will be met, including but not limited to, breaking out the work under the contract into feasible units to facilitate MBE, WBE and/or EBE participation.

(K) The contractor made efforts to assist interested MBEs, WBEs and/or EBEs in obtaining bonding, lines of credit, or insurance as required by the City or the contractor.

(L) The contractor made efforts to assist interested MBEs, WBEs and/or EBEs in obtaining necessary equipment,

supplies, materials, or related assistance or services.

(ii) The administrative code provides that the agency M/WBE officer shall provide written notice of requests for such modifications to the division and the city chief procurement officer and shall not approve any such request for modification without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The administrative code provides that the city chief procurement officer, shall notify the speaker of the council and the division in writing within seven days of the approval of a request for modification of a utilization plan, provided that where an agency has been authorized to grant modifications without approval of the chief procurement officer, such notice shall be provided to the speaker of the council and the division by the agency. Such notification shall include, but not be limited to, the name of the contractor, the original utilization plan, the modification request, including all documentation, and an explanation for the approval of such request.

(iii) The agency M/WBE officer shall provide written notice to the contractor of its determination that shall include the reasons for such determination.

(14) Substitution of the MBE, WBE and/or EBE subcontractor whose participation was necessary to achieve a participation goal shall be permitted only with approval of the contracting agency, and only in the following circumstances:

(A) Unavailability after receipt of reasonable notice to proceed;

(B) Poor performance;

(C) Financial incapacity;

(D) Refusal by the subcontractor to honor the bid or proposal price or scope;

(E) Mistake of fact or law about the elements of the scope of work of a solicitation where a reasonable price cannot be agreed;

(F) Failure of the subcontractor to meet insurance, licensing, or bonding requirements;

(G) The subcontractor's withdrawal of its bid or proposal;

(H) Decertification of the subcontractor as an MBE, WBE or EBE;

(I) The contractor becomes aware of information negatively reflecting on the subcontractor's business integrity;

(J) Other circumstances allowed by the agency after consultation with the division.

Where the contractor has established the basis for substitution to the satisfaction of the contract compliance officer, it shall make good faith efforts to substitute with a subcontractor which can be counted toward achievement of the relevant goal. If the contractor plans to hire a subcontractor on any scope of work that was not previously disclosed in the compliance plan, the contractor shall obtain approval of the agency M/WBE officer and must make good faith efforts to ensure that MBEs, WBEs and/or EBEs have a reasonable opportunity to bid on the new scope of work.

(15) For each contract in which a contracting agency has established participation goals, the agency shall evaluate and assess the contractor's performance in meeting each such goal. Such evaluation and assessment shall be a part of the contractor's overall contract performance evaluation required pursuant to §333 of the charter.

§11-67 Determining Credit for MBE, WBE and EBE Participation.

(1) An agency's achievement of its annual goals shall be calculated as follows:

(i) The total dollar amount that an agency has paid or is obligated to pay to a prime contractor which is an MBE, WBE or EBE may be credited toward the relevant goal.

(ii) The total dollar amount that a prime contractor has paid or is obligated to pay to a subcontractor which is an MBE, WBE or EBE may be credited toward the relevant goal.

(iii) For requirements contracts, credit may be given for the actual dollar amount paid under the contract.

(iv) Where one or more MBEs, WBEs or EBEs is participating in a qualified joint venture, the dollar amount of the percentage of total profit to which MBEs, WBEs or EBEs are entitled pursuant to the joint venture agreement shall be credited toward the relevant goal.

(v) No credit shall be given for participation in a contract by an MBE, WBE or EBE that does not perform a commercially useful function.

(vi) No credit shall be given for the participation in a contract by any company that has not been certified as an

MBE, WBE or EBE in accordance with §1304 of the charter.

(vii) In the case of a contract for which the contractor is paid on a commission basis, the dollar amount of the contract may be determined on the basis of the commission earned or reasonably anticipated to be earned under the contract.

(viii) No credit shall be given to a contractor for participation in a contract by a graduate MBE, WBE or EBE.

(ix) The participation of a certified company shall not be credited toward more than one participation goal.

(2) A contractor's achievement of each goal established in its utilization plan shall be calculated in the same manner as described for calculating the achievement of agency utilization goals as described in subdivision (1) of this section; provided that no credit shall be given to the contractor for the participation of a company that is not certified in accordance with §1304 of the charter before the date that the agency approves the subcontractor.

§11-69 Compliance Reporting.

(1) The administrative code provides that the city chief procurement officer, in consultation with the division shall prepare and submit semiannual reports to the speaker of the council as described in this section. A preliminary report containing information for the fiscal year in progress shall be submitted to the speaker of the council by April 1, 2007, and annually thereafter, and a final report containing information for the preceding fiscal year shall be submitted to the speaker of the council by October 1, 2007 and annually thereafter. The reports, which shall also be posted on the division's website, shall contain the following information, disaggregated by agency:

(i) the number and total dollar value of contracts awarded, disaggregated by industry classification, provided that contracts for amounts under five thousand dollars need not be disaggregated by industry;

(ii) the number and total dollar value of contracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group and industry classification, provided that contracts for amounts under five thousand dollars need not be disaggregated by industry;

(iii) the total number and total dollar value of contracts awarded valued at less than five thousand dollars and the total number and total dollar value of such contracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group;

(iv) the total number and total dollar value of contracts awarded valued at between five thousand and one hundred thousand dollars and the total number and total dollar value of such contracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group and industry classification;

(v) the total number and total dollar value of contracts awarded valued at between one hundred thousand dollars and one million dollars and the total number and total dollar value of such contracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group and industry classification;

(vi) the total number and total dollar value of contracts awarded valued at over one million dollars and the total number and total dollar value of such contracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group and industry classification;

(vii) for those contracts for which an agency set participation goals in accordance with §11-66 of this subchapter:

A. the number and total dollar amount of such contracts disaggregated by industry classification;

B. the number and total dollar value of such contracts that were awarded to qualified joint ventures and the total dollar amount attributed to the MBE, WBE or EBE joint venture partners, disaggregated by minority and gender group and industry classification;

C. the number and total dollar value of subcontracts entered into pursuant to such contracts and the number and total dollar amount of such subcontracts awarded to MBEs, WBEs and EBEs, disaggregated by minority and gender group and industry classification;

D. a list of the full or partial waivers of target subcontracting percentages granted for such contracts pursuant to paragraph 12 of §11-66 of this subchapter, and the number and dollar amount of those contracts for which such waivers were granted, disaggregated by industry classifications; and

E. a list of the requests for modification of participation requirements for such contracts made pursuant to subdivision 13 of §11-66 of this subchapter and the determinations made with respect to such requests, and the number and dollar amount of those contracts for which such modifications were granted, disaggregated by industry classification;

(viii) a detailed list of each complaint received pursuant to subdivision 1 of §11-72 of this subchapter which shall, at a minimum, include the nature of each complaint and the action taken in investigating and addressing such complaint including whether and in what manner the enforcement provisions of §11-72 of this subchapter were invoked and the remedies applied;

(ix) a detailed list of all non-compliance findings made pursuant to subdivision 4 of §11-72 of this subchapter and actions taken in response to such findings;

(x) the number of firms certified or recertified in accordance with §1304 of the charter during the six months immediately preceding such report;

(xi) the number and percentage of contracts audited pursuant to subdivision 10 of §11-62 of this subchapter and a summary of the results of each audit;

(xii) a summary of efforts to reduce or eliminate barriers to competition as required pursuant to paragraph 11 of §11-62 of this subchapter;

(xiii) a list of all solicitations submitted to the city chief procurement officer pursuant to paragraph vi of subdivision 2 of §11-65 of this subchapter and a summary of the determination made regarding each such submission; and

(xiv) any other information as may be required by the commissioner.

(2) The annual reports submitted in October shall, in addition, contain a determination made by the commissioner, as to whether each agency has made substantial progress toward achieving its utilization goals and whether the city has made substantial progress toward achieving the citywide goals established pursuant to §11-61 of this subchapter. The first three annual reports shall also include detailed information about steps that agencies have taken to initiate and ramp up their efforts to comply with the requirements of this section, including but not limited to, demonstrating specific efforts made to comply with §11-63 of this subchapter.

(3) The data that provide the basis for the reports required by this section shall be made available electronically to the council at the time the reports are submitted.

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-70 Agency Compliance.

(1) The agency shall submit to the commissioner and the city chief procurement officer such information as is necessary for the city chief procurement officer to complete his or her report as required in §11-69 of this subchapter. The administrative code provides that the commissioner and the city procurement officer shall review each agency's submissions and whenever it has been determined that an agency is not making adequate progress toward the goals established in its agency utilization plan, the commissioner and the city chief procurement officer shall act to improve such agency's performance, and may take any of the following actions:

(i) require the agency to submit more frequent reports about its procurement activity; (ii) require the agency to notify the commissioner and the city chief procurement officer, prior to solicitation of bids or proposals for, and/or prior to award of, contracts in any category where the agency has not made adequate progress toward achieving its utilization goals;

(iii) reduce or rescind contract processing authority delegated by the mayor pursuant to §§317 and 318 of the charter; and

(iv) any other action the city chief procurement officer or the commissioner deem appropriate.

(2) Noncompliance. The administrative code provides that whenever the city chief procurement officer or the commissioner finds that an agency has failed to comply with its duties under this section, he or she shall attempt to resolve such noncompliance informally with the agency head. It further provides that in the event that the agency fails to remedy its noncompliance after such informal efforts, the city chief procurement officer shall submit such findings in writing to the mayor and the speaker of the council, and the mayor shall take appropriate measures to ensure compliance.

(3) Failure by an agency to submit information required by the division or the city chief procurement officer, in accordance with this section, including but not limited to the utilization plan required pursuant to §11-64 of this subchapter, shall be deemed noncompliance.

[Footnote 2]: * Subchapter D amended City Record Feb. 6, 2007 §1, eff. Mar. 8, 2007. Subchapter D added City Record Sept. 20, 2006 §12, eff. Oct. 20, 2006. Note: Statement of Basis and Purpose in City Record Feb. 6, 2007:

These rules implement Local Law 12 for 2006, which amended §1304 of the New York City Charter and §6-129 of the New York City Administrative Code. Local Law 12 declares the City's policy to ensure the meaningful participation of emerging business enterprises ("EBE") in city procurement and establishes a certification program for such firms. To be eligible for EBE certification, a business must demonstrate that its owner has been socially and economically disadvantaged. Charter §1304(c) authorizes the Commissioner of the Department of Small Business Services to promulgate rules necessary to implement the purposes of the local law establishing this program. This rulemaking provides, in a new Subchapter E of Chapter 11 of Title 66 of the Rules of the City of New York, for the inclusion of Emerging Business Enterprises in the new program established by Administrative Code §6-129 to promote opportunities for Emerging Business Enterprises and for the certification of businesses as Emerging Business Enterprises.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER D PARTICIPATION BY MINORITY-OWNED AND WOMEN-OWNED BUSINESS ENTERPRISES IN CITY PROCUREMENT*2

§11-72 Enforcement.

(1) Any person who believes that a violation of the requirements of §6-129 of the administrative code of the city of New York or these rules, or any provision of a contract that implements §6-129 of the administrative code of the city of New York or these rules, including, but not limited to, any contractor utilization plan, has occurred may submit a complaint in writing to the division, the city chief procurement officer and the comptroller. Such complaint shall be signed and dated. The division shall promptly investigate such complaint and determine whether there has been a violation.

(2) Any complaint alleging fraud, corruption or other criminal behavior on the part of a bidder, proposer, contractor, subcontractor or supplier shall be referred to the commissioner of the department of investigation.

(3) Contract award. (i) When an agency receives a protest from a bidder or proposer regarding a contracting action that is related to §6-129 of the administrative code of the city of New York or these rules, the agency shall send copies of the protest and any appeal thereof, and any decisions made on the protest or such appeal, to the division and the comptroller.

(ii) Whenever a contracting agency has determined that a bidder or proposer has violated §6-129 of the administrative code of the city of New York, or these rules, the agency may disqualify such bidder or proposer from

competing for such contract and the agency may revoke such bidder's or proposer's prequalification status.

(4) Contract administration. (i) Whenever an agency believes that a contractor or a subcontractor is not in compliance with §6-129 of the administrative code of the city of New York, these rules, or any provision of a contract that implements §6-129 of the administrative code of the city of New York or these rules, including, but not limited to any contractor utilization plan, the agency shall send a written notice to the city chief procurement officer, the division and the contractor describing the alleged noncompliance and offering an opportunity to be heard. The agency shall then conduct an investigation to determine whether such contractor or subcontractor is in compliance.

(ii) In the event that a contractor has been found to have violated §6-129 of the administrative code of the city of New York, these rules, or any provision of a contract that implements §6-129 of the administrative code of the city of New York or these rules, including, but not limited to any contractor utilization plan, the contracting agency shall, after consulting with the city chief procurement officer and the division, determine whether any of the following actions should be taken:

(A) enter an agreement with the contractor allowing the contractor to cure the violation;

(B) revoke the contractor's pre-qualification to bid or make proposals for future contracts;

(C) make a finding that the contractor is in default of the contract;

(D) terminate the contract;

(E) declare the contractor to be in breach of contract;

(F) withhold payment or reimbursement;

(G) determine not to renew the contract;

(H) assess actual and consequential damages;

(I) assess liquidated damages or reduction of fees, provided that liquidated damages may be based on amounts representing costs of delays in carrying out the purposes of the program established by this section, or in meeting the purposes of the contract, the costs of meeting utilization goals through additional procurements, the administrative costs of investigation and enforcement, or other factors set forth in the contract;

(J) exercise rights under the contract to procure goods, services or construction from another contractor and charge the cost of such contract to the contractor that has been found to be in noncompliance; or

(K) take any other appropriate remedy.

(5) To the extent available pursuant to rules of the procurement policy board, a contractor may seek resolution of a dispute regarding a contract related to §6-129 of the administrative code of the city of New York or these rules. The contracting agency shall submit a copy of such submission to the division.

(6) Whenever an agency has reason to believe that an MBE, WBE or EBE is not qualified for certification, or is participating in a contract in a manner that does not serve a commercially useful function, or has violated any provision of §6-129 of the administrative code of the city of New York or these rules, the agency shall notify the commissioner who shall determine whether the certification of such business enterprise should be revoked.

(7) Statements made in any instrument submitted to a contracting agency pursuant to these rules shall be submitted under penalty of perjury and any false or misleading statement or omission shall be grounds for the application of any applicable criminal and/or civil penalties for perjury. The making of a false or fraudulent statement by an MBE, WBE

or EBE in any instrument submitted pursuant to these rules shall, in addition, be grounds for revocation of its certification.

(8) A contractor's record in implementing its contractor utilization plan shall be a factor in the evaluation of its performance. Whenever a contracting agency determines that a contractor's compliance with a contractor utilization plan has been unsatisfactory, the agency shall, after consultation with the city chief procurement officer, file an advice of caution form for inclusion in VENDEX as caution data.

(9) Any complaint alleging fraud, corruption or other criminal behavior on the part of a bidder, proposer, contractor, subcontractor or supplier shall in addition be referred to the department of investigation.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-81 Definitions.

As used in these rules, the following terms shall have the following meanings:

Applicant. "Applicant" means a business enterprise which has applied for certification as an EBE.

Audit. "Audit" means an examination of a business enterprise to determine whether the business enterprise is eligible for certification as an EBE, and may include an examination of books, records, physical facilities and interviews of applicants.

Business enterprise. "Business enterprise" means any entity, including a sole proprietorship, partnership or corporation, which is authorized to and engages in lawful business transactions in accordance with the laws of New York State.

Certified business. "Certified business" means a business enterprise which has been approved for certification as an EBE in accordance with the procedures set forth in §11-82 of these rules, subsequent to verification that the business enterprise is owned, operated, and controlled by socially and economically disadvantaged persons as defined in §11-82 of these rules.

Certification letter. "Certification letter" means the letter sent by DSBS to an applicant notifying it of its

certification as an EBE.

City. "City" means the City of New York.

Commissioner. "Commissioner" means the commissioner of the New York City Department of Small Business Services or his or her designee or his or her successor in function.

Day. "Day" means a calendar day unless otherwise specified.

Denial or denied. "Denial" or "denied" means a determination by DSBS that a business enterprise is not eligible for certification as an EBE because it does not meet the criteria for certification.

Division. "Division" means the division of economic and financial opportunity within the department of small business services.

DSBS. "DSBS" means the New York City Department of Small Business Services or its successor in function.

Director of Certification. "Director of Certification" means the director of the emerging business enterprise certification program or his or her designee or his or her successor in function.

Economically disadvantaged. "Economically disadvantaged" refers to a socially disadvantaged person whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged.

Emerging business enterprise or EBE. "Emerging business enterprise" or "EBE" means a business enterprise that is certified in accordance with §1304 of the charter, in which:

(i) at least fifty-one (51%) percent of the ownership interest is held by United States citizens or permanent resident aliens;

(ii) the ownership interest of such persons is real, substantial and continuing;

(iii) such persons have and exercise the authority to control independently, the day-to-day business decisions of the enterprise; and

(iv) such persons have demonstrated, in accordance with regulations promulgated by the commissioner, that they are socially and economically disadvantaged.

Emerging business enterprise certification application. "Emerging business enterprise certification application" means the form that DSBS requires an applicant to submit for purposes of applying for certification as an EBE.

Geographic Market. "Geographic market" of the city means the following counties: Bronx, Kings, New York, Queens, Richmond, Nassau, Putnam, Rockland, Suffolk and Westchester within the State of New York; and Bergen, Hudson, and Passaic within the state of New Jersey.

Graduate EBE. "Graduate EBE" means an EBE which shall have been awarded prime contracts by one or more agencies within the past three years where the total city funding from the expense and capital budgets for such contracts was equal to or greater than fifteen million dollars.

Immediate family. "Immediate family" means a spouse, domestic partner, unemancipated child (including children of a domestic partner), and if they live with the individual claiming disadvantage, parent or sibling.

Principal office or place of business. "Principal office" or "place of business" shall mean where the main office and

regular meeting place of the board of directors that manages, conducts, and directs the business is located.

Rejected or rejection. "Rejected" or "rejection" means the refusal by DSBS to certify a business enterprise as an EBE due to an insufficiency in documentation submitted by the applicant.

Socially and economically disadvantaged. "Socially and economically disadvantaged" refers to a person who has experienced social disadvantage in American society as a result of causes not common to persons who are not socially disadvantaged, and whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. A person's race, national origin, or gender, by itself, does not qualify the person as "socially disadvantaged" and the net worth of persons claiming to be "economically disadvantaged" must be less than one million dollars. In determining such net worth, the department shall exclude the ownership interest in the business enterprise and the equity in the primary personal residence.

66 RCNY 11-82

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-82 Eligibility Criteria.

The following standards shall be used to determine whether a business enterprise is eligible for certification as an EBE. (a) **Nexus.** In order to be eligible for certification as an EBE, a business enterprise must have a real and substantial business presence in the geographic market for the city of New York. An EBE which meets one of the following conditions shall be deemed to have a real and substantial business presence in the geographic market for the city of New York:

(1) the business enterprise's principal office or place of business or headquarters is located within the City; or

(2) the business enterprise maintains full-time emloyees in one or more of the business enterprise's offices within the City to conduct or solicit business in the City the majority of their working time; or

(3) the business enterprise's principal office or place of business or headquarters is located within the geographic market of the City, and

(i) has transacted business more than once in the City within the last three (3) years, or

(ii) has sought to transact business more than once in the City within the last three (3) years; or

(4) twenty-five percent (25%) of the business enterprise's annual gross receipts for the last three (3) years were

derived from transacting business in the City; or

(5) the business enterprise's principal office or place of business or headquarters is not located within the geographic market of the City but the business enterprise has demonstrated two or more of the following indicia of a real and substantial presence in the market for the City of New York:

(i) the business enterprise has maintained a bank account or engaged in other banking transactions in the City;

(ii) the business enterprise, or at least one of its owners, possesses a license issued by an agency of the City to do business in the City;

(iii) the business enterprise has transacted or sought to transact business in or with the City more than once in the past three years.

(b) **Ownership.** For the purposes of determining whether an applicant should be certified as an EBE, or whether such certification should be revoked, the following rules concerning ownership shall be applied:

(1) The equity interest of socially and economically disadvantaged persons must be proportionate to the contribution of the socially and economically disadvantaged persons as demonstrated by, but not limited to, contributions of money, property, equipment or expertise;

(2) A sole proprietorship must be owned by a socially and economically disadvantaged person;

(3) A partnership must demonstrate that socially and economically disadvantaged persons have a fifty-one (51%) percent or greater share of the partnership; and

(4) A corporation must have issued at least fifty-one (51%) percent of its issued and authorized voting and all other stock to socially and economically disadvantaged persons.

(c) **Control.** Determinations as to whether socially and economically disadvantaged persons control the business enterprise will be made according to the following criteria: (1) Decisions pertaining to the operations of the business enterprise must be made by socially and economically disadvantaged persons claiming ownership of that business enterprise. The following will be considered in determining whether the socially and economically disadvantaged persons are making such decisions:

(i) whether socially and economically disadvantaged persons have experience and technical competence in the business enterprise seeking certification;

(ii) whether socially and economically disadvantaged persons demonstrate the working knowledge and ability needed to operate the business enterprise; and

(iii) whether socially and economically disadvantaged persons show that they devote time on an ongoing basis to the daily operation of the business enterprise.

(2) Articles of incorporation, corporate by-laws, partnership agreements, business certificates, corporate tax returns, unincorporated business tax returns, partnership tax returns and other agreements, including, but not limited to, loan agreements, lease agreements, supply agreements, credit agreements or other agreements must permit socially and economically disadvantaged persons who claim ownership of the business enterprise to make those decisions pertaining to operations of the business enterprise without restrictions.

(3) Socially and economically disadvantaged persons must demonstrate control of negotiations, signature authority for payroll, leases, letters of credit, insurance bonds, banking services and contracts, and other business transactions through production of relevant documents.

(d) **Additional eligibility provisions.** The following provisions apply to all applicants seeking certification as an EBE:

(1) Where the actual management of the business enterprise is contracted out to individuals other than socially and disadvantaged persons, socially and economically disadvantaged persons must demonstrate that they have the ultimate power to hire and fire these managers, that they exercise this power and make other substantial decisions which reflect control of the business enterprise;

(2) Documentation of one (1) year's business activity shall be required in order to provide sufficient information upon which certification can be reasonably made. The commissioner, in his or her discretion, may permit documentation for a lesser period;

(3) DSBS may grant eligible status to any business enterprise eligible under §11-82 of these rules, and certified as an EBE or disadvantaged business enterprise by another governmental or other certifying entity whose emerging business enterprise or disadvantaged business enterprise certification criteria are determined by the commissioner to be consistent with the certification criteria set forth in these rules. Unless otherwise determined by the commissioner, the maximum period for which any certification granted by DSBS pursuant to this subdivision is valid shall be the period during which the business enterprise is certified as an EBE or disadvantaged business enterprise with the original certifying entity;

(4) Any business enterprise that satisfies the eligibility criteria as set forth in §11-82 of these rules is presumptively eligible for certification under these rules; provided that the commissioner may decline to certify, or revoke the certification of, any business enterprise on the ground that there is not a firm basis for believing that there is a compelling state interest to justify certification of that business enterprise under these rules.

(e) **Evidence of social and economic disadvantage.** (1)(A) Evidence of individual social disadvantage must include the following elements: (i) At least one objective distinguishing feature that has contributed to social disadvantage, such as physical or mental disability, long-term residence in an environment isolated from the mainstream of United States society, or other similar causes not common to individuals who are not socially disadvantaged;

(ii) Personal experiences of substantial and chronic social disadvantage in United States society, not in other countries; and

(iii) Negative impact on entry into or advancement in the business world because of the social disadvantage. DSBS will consider any relevant evidence in assessing this element. In every case, however, DSBS will consider education, employment and business history, where applicable, to see if the totality of circumstances shows disadvantage in entering into or advancing in the business world.

(B) **Education.** DSBS will consider such factors as denial of equal access to institutions of higher education, exclusion from social and professional association with students or teachers, denial of educational honors rightfully earned, and social patterns or pressures which discouraged the individual from pursuing a professional or business education.

(C) **Employment.** DSBS will consider such factors as unequal treatment in hiring, promotions and other aspects of professional advancement, pay and fringe benefits, and other terms and conditions of employment; retaliatory or discriminatory behavior by an employer; and social patterns or pressures which have channeled the individual into nonprofessional or non-business fields.

(D) **Business history.** DSBS will consider such factors as unequal access to credit or capital, acquisition of credit or capital under commercially unfavorable circumstances, unequal treatment in opportunities for government contracts or other work, unequal treatment by potential customers and business associates, and exclusion from business or professional organizations.

(2) Evidence of individual economic disadvantage must include the following elements: (A) Submission of narrative and financial information. (i) Each individual claiming economic disadvantage must describe it in a narrative statement, and must submit personal financial information supporting the assertions contained in the narrative statement.

(ii) An individual claiming economic disadvantage who is married or a member of a domestic partnership must submit separate financial information for his or her spouse or domestic partner, provided that such financial information shall not be required where the individual and the spouse are legally separated.

(B) **DSBS evaluation of diminished capital and credit opportunities.** DSBS will examine factors relating to the personal financial condition of any individual claiming disadvantaged status, including personal income for the past two years (including bonuses and the value of company stock given in lieu of cash), personal net worth, and the fair market value of all assets, whether encumbered or not. DSBS will also consider the financial condition of the applicant compared to the financial profiles of small businesses in the same primary industry classification, or, if not available, in similar lines of business, which are not owned and controlled by socially and economically disadvantaged individuals in evaluating the individual's access to credit and capital. The financial profiles that DSBS compares will include total assets, net sales, pre-tax profit, sales/working capital ratio, and net worth.

(C) **Transfers within two years.** (1) Except as set forth in §11-82(e)(2)(C)(2), DSBS will attribute to an individual claiming disadvantaged status any assets which that individual has transferred to an immediate family member, or to a trust a beneficiary of which is an immediate family member, for less than fair market value, within two years prior to a business enterprise's application for participation in the EBE program or within two years of a participant's annual renewal, unless the individual claiming disadvantaged status can demonstrate that the transfer is to or on behalf of an immediate family member for that individual's education, medical expenses, or some other form of essential support.

(2) DSBS will not attribute to an individual claiming disadvantaged status any assets transferred by that individual to an immediate family member that are consistent with the customary recognition of special occasions, such as birthdays, graduations, anniversaries, and retirements.

(3) In determining an individual's access to capital and credit, DSBS may consider any assets that the individual transferred within such two-year period described by §11-82(e)(2)(C)(1), that DSBS does not consider in evaluating the individual's assets and net worth (e.g., transfers to charities).

(b)* **Net worth.**4 For EBE eligibility, the net worth of an individual claiming disadvantage must be less than one million dollars. In determining such net worth, DSBS will exclude the ownership interest in the applicant and the applicant's equity in the primary personal residence (except any portion of such equity which is attributable to excessive withdrawals from the applicant). Exclusions for purposes of determining net worth are not exclusions for asset valuation or access to capital and credit purposes. A contingent liability does not reduce an individual's net worth.

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-83 Application Intake and Verification.

(a) Emerging business enterprise certification applications may be obtained from, and must be returned to DSBS. DSBS shall date stamp the date of receipt of a certification application upon receiving it.

(b) An applicant shall submit such information or documentation as may be required by DSBS in connection with its certification as an EBE. Failure to submit such information or documentation may result in the rejection or revocation of such certification.

(c) If a certification application is received by DSBS and required documents are missing, questions are unanswered or the certification application is not properly notarized, DSBS shall send to the applicant, within forty-five (45) days of the initial date stamped on the certification application, a notice of status and deficiency (the "Notice"), stating any deficiency arising from missing documents, unfinished questions or deficiencies in notarization. An applicant may cure the noticed deficiency by providing DSBS with documents or information requested in the Notice, within thirty (30) days of the date of the Notice.

(d) When the applicant cures a noticed deficiency, pursuant to procedures set forth in §11-83(c) of these rules, DSBS has an additional forty-five (45) days to advise the applicant of any further deficiency which may be cured in accordance with §11-83(c) of these rules.

(e) If the applicant does not cure a noticed deficiency, pursuant to procedures set forth in §11-83(c) of these rules, and the certification application remains incomplete for at least forty-five (45) days of the date of the Notice, unless such time is extended by the director of EBE, the applicant shall be sent a notice stating that its certification application has been rejected and will not be processed, together with its rejected certification application.

(f) An applicant whose certification as an EBE is rejected may not reapply for certification for at least one hundred and twenty (120) days of the date of the notice of rejection of its application.

(g) Applicants may be required to consent to inquiries of their bonding companies, banking institutions, credit agencies, contractors, affiliates, clients and other entities to ascertain the applicant's eligibility for certification. Refusal to permit such inquiries shall be grounds for rejection of a certification application.

(h) All applicants and certified businesses shall be subject to an audit at any time. An applicant's or certified business' refusal to facilitate an audit shall be grounds for denial of its certification application or revocation of its certification.

(i) A certification application may be withdrawn by an applicant without prejudice at any time prior to an audit. Following the withdrawal of a certification application, the applicant may not reapply for certification for a period of at least one hundred and twenty (120) days from the date of withdrawal of the application.

(j) All applicants and certified businesses may be required to provide documentation to substantiate that the business has the skill and expertise to perform in the particular area of work for which it is requesting listing or is listed on the EBE Directory.

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-84 Notice of Determination and Right to Appeal.

(a) The director of certification shall provide the applicant with written notice of a determination approving or denying certification.

(b) In the event certification is approved by the director of certification, the applicant will be sent a certification letter and will be certified as an EBE for five (5) years from the date of the certification letter or until notified for the need to reapply at the director of certification's request, whichever is earlier.

(c) In the event certification is denied by the director of EBE, a written notice of such determination shall be provided to the applicant stating the reason(s) for such denial. Such notice shall also state the procedures for filing an appeal.

(d) The applicant may appeal the determination within thirty (30) days after the date of the notice denying the business enterprise's certification. In the event that a request for an appeal is not made within the thirty (30) day period, the director of certification's determination shall be deemed final and the applicant may not reapply for certification for two (2) years from the date of the written notice denying certification, provided, however, that if the facts and circumstances forming the basis of the denial decision have changed significantly, the applicant, at the discretion of the director of certification, may be granted permission to reapply sooner.

(e) The request for an appeal shall state the grounds upon which the denial of certification is being appealed.

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-85 Appeals.

A business entity denied certification or re-certification as an EBE shall be given written notice by DSBS of the grounds for such denial and an opportunity to appeal such denial in writing to the commissioner. Such appeal or a request for an extension to file an appeal, must be received by the commissioner no later than thirty (30) days after the date of the notice denying the business enterprise's certification or re-certification. The commissioner may extend the period in which to initiate an appeal for good cause shown. Such appeal shall include, at a minimum, a description of the reasons why the decision to deny certification or re-certification is in error and provide evidence to support its appeal. Such person shall provide such other documentation or information as is requested by the commissioner, in his or her sole discretion. The commissioner shall render a written determination no later than sixty days after receipt of the appeal, unless the time to render a determination has been extended upon agreement of the commissioner and the business enterprise. If the commissioner's determination is not made within the prescribed sixty days after receipt of the appeal or within the agreed upon extended time period, then the appeal is deemed denied. The decision of the commissioner granting or denying such appeal shall constitute the final agency determination.

66 RCNY 11-86

RULES OF THE CITY OF NEW YORK

Title 66 Department of Business Services

CHAPTER 11 DIVISION OF ECONOMIC AND FINANCIAL OPPORTUNITY

SUBCHAPTER E EMERGING BUSINESS ENTERPRISE CERTIFICATION PROGRAM*3

§11-86 Revocation of Emerging Business Enterprise Status.

(a) A certified business must notify DSBS within forty-five (45) days of any material change in the information contained in the original certification application. A material change may include, but is not limited to, a change in any of the following: ownership; address; officers; or services provided by the certified business. If a material change occurs, a review may be conducted by DSBS and certification may be revoked. If an EBE's certification is revoked, such business enterprise may reapply for certification at any time following revocation. If a certified business fails to notify the director of EBE of such material change, the director of EBE may in his or her discretion, revoke the certification of an EBE for a period of up to five (5) years.

(b) DSBS, upon having reason to believe or upon receiving allegations indicating that a certified business enterprise is not eligible for certification as an EBE, may meet with socially and economically disadvantaged persons claiming ownership and control of the certified business and/or conduct an audit of such business enterprise, and shall take the following actions:

(1) Determine whether the allegation can be substantiated;

(2) Obtain in writing, if possible, the basis of any allegation from the person or persons making the allegation;

(3) Notify a certified business in writing that its certification as an EBE is under review by the director of EBE and

may be revoked. This notice shall specify the bases for such review and any facts specifically at issue; and

(4) Provide the certified business with an opportunity to respond in writing to any allegations set forth in any notices questioning the certification status of a certified business, within thirty (30) days of the date of such notice, by personal service or certified mail, return receipt requested.

(c) If the socially and economically disadvantaged persons claiming ownership of the certified business fail to respond timely in writing to the notice of certification status review, or fail to meet with a DSBS representative or agree to an audit, the certification of the EBE may be revoked by the director of certification.

(d) The director of certification shall notify, in writing, a certified business of the revocation of its certification as an EBE within fourteen (14) days of revoking such certification. The socially and economically disadvantaged persons claiming ownership and control of a business enterprise which has had its certification as an EBE revoked may request an appeal of this decision within thirty (30) days of the date of the notice of revocation. Such appeal shall be conducted in accordance with procedures set forth in §11-84 of these rules. If a request for an appeal is not made within the thirty (30) day period, the director of certification's determination shall be final and the business enterprise may not reapply for certification for two (2) years from the date of the notice of revocation provided, however, that if the facts and circumstances forming the basis of the revocation decision have changed significantly, the business enterprise may, at the discretion of the director of certification, be granted permission to reapply sooner.

(e) If at any time DSBS has reason to believe that an applicant or certified business has willfully and knowingly provided incorrect information or made false statements, it shall refer the matter to the Department of Investigation for investigation. Falsification of any document by an applicant or a certified business may lead to the imposition of civil and criminal penalties as provided by law and contract, de-certification as an EBE and the inclusion of an advice of caution in the City Vendor Information Exchange System ("VENDEX") database.

CHAPTER 4 ELECTRICAL USAGE BY CABLE TELEVISION COMPANIES

§4-01 Definitions.

Authorized agent. "Authorized agent" shall mean any person or entity which is authorized by lease, contract or other agreement to act on behalf of a premises owner with respect to the matters covered by this rule.

Cable television. "Cable television company" shall mean any person, firm, partnership, or corporation which provides one-way transmission to subscribers of video programming or other programming services.

Commissioner. "Commissioner" shall mean the Commissioner of the Department of Telecommunications and Energy.

Department. "Department" shall mean the Department of Telecommunications and Energy of the City of New York.

Direct billing. "Direct billing" shall mean a system by which the user is billed directly by the utility for either (1) actual use of electricity, as measured by a properly installed and operating meter or (2) estimated use of electricity, as agreed to by the cable television company and the utility. Direct billing shall include only electrical usage which is independent of the premises owner's metering.

Electricity. "Electricity" shall mean electrical current or service as provided by a utility other than electricity used to operate equipment placed within individual subscriber units for the purpose of receiving cable television service.

Utility. "Utility" shall mean any person, firm, partnership or corporation authorized to provide electricity to

commercial and residential users and subject to the jurisdiction and general supervision of the Public Service Commission of the State of New York.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 4 ELECTRICAL USAGE BY CABLE TELEVISION COMPANIES

§4-04 Notice.

(a) The cable television company shall give each premises owner or authorized agent not less than fifteen (15) days written notice of its intention to locate equipment upon any premises not owned, operated or leased by the cable television company which may require the use of electricity.

(b) The cable television company shall contact the utility providing the electricity and arrange for direct billing for the use of electricity on premises not owned, operated or leased by the cable television company not less than fifteen (15) days prior to the installation of said equipment.

(c) The cable television company shall notify each affected premises owner or authorized agent when it has completed arrangements for direct billing when the utility providing electricity and the start date for such electricity usage.

(d) For electricity usage to operate equipment owned by the cable television company already situated on premises owned, operated or leased by an entity other than the cable television company as of the effective date of this rule, the cable television company shall contact the utility providing the electricity and arrange for direct billing for the use of electricity to operate such equipment on such premises. The cable television company shall submit a plan for the implementation of the requirements of this chapter for such electricity usage within thirty (30) days of the effective date of this chapter. Such plan shall be subject to the approval of the Commissioner.

(e) The cable television company shall submit to DTE quarterly reports with respect to any resale arrangement for use of electricity to operate equipment situated on premises not owned, operated or leased by the cable television

company in a form and containing such information as the Commissioner may reasonably specify. Upon request of the Commissioner, the cable television company shall promptly submit to the Commissioner additional information in an appropriate format to verify and supplement the information contained in the report required by this subdivision. The Commissioner may waive the submission of such records as the Commissioner deems appropriate.

(f) The cable television company shall submit to DTE summary quarterly reports containing information on each notice sent out pursuant to the requirements of subparagraphs a, b, and c of this section in a form and containing such information as the Commissioner may reasonably specify. Upon request of the Commissioner, the cable television company shall promptly submit to the Commissioner additional information in an appropriate format to verify and supplement the information contained in the report required by this subdivision. The Commissioner may waive the submission of such records as the Commissioner deems appropriate.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER A**3 GENERAL PROVISIONS

§6-01 Definitions.

For the purposes of this Chapter, the following terms shall have the following meanings:

Code. "Code" shall mean the Administrative Code of the City of New York.

Commissioner. "Commissioner" shall mean the Commissioner of the Department of Information Technology and Telecommunications or any successor agency.

Department. "Department" shall mean the Department of Information Technology and Telecommunications or any successor agency.

Interim Eligible Public Pay Telephone. "Interim Eligible Public Pay Telephone" shall mean a public pay telephone that: (i) was not licensed pursuant to former §§19-131 and 19-128 of the Code; and (ii) was installed and activated prior to March 1, 1996.

Interim Occupancy Fee. "Interim Occupancy Fee" shall mean the annual fee of seventy-five dollars ($75) for each interim eligible public pay telephone listed on a registry.

Owner. "Owner" shall mean a natural person or business entity that owns, leases, or is otherwise responsible for the installation, operation and maintenance of a public pay telephone.

Public Nuisance. "Public Nuisance" shall mean a public pay telephone which the Commissioner has reasonable cause to believe is used on a regular basis in furtherance of unlawful activity.

Public Pay Telephone. "Public Pay Telephone" shall mean a telephone and associated equipment, from which calls can be paid for at the time they are made by a coin, credit card, prepaid debit card or in any other manner which is available for use by the public and provides access to the switched telephone network for the purpose of voice or data communications. The term "Public Pay Telephone" shall include any pedestal or telephone bank supporting one or more such telephones, associated enclosures, signage, and other associated equipment.

Public Pay Telephone Installation. A "Public Pay Telephone Installation" shall mean an installation, including the telephone, pedestal and housing of such telephone, with one or more public pay telephones on a pedestal, one or more public pay telephones in an in-line configuration, or a public pay telephone attached to another structure.

Registry. "Registry" shall mean a list submitted by an owner of interim eligible public pay telephones identifying each such telephone.

Street. "Street" shall have the meaning ascribed thereto in subdivision thirteen of §1-112 of the Code.

Substantial Common Ownership. "Substantial Common Ownership" shall mean that:

(i) one or more chains of business entities (a business entity shall include but not be limited to corporations, partnerships or limited liability companies) are connected through stock ownership with a common parent business entity, and the common parent business entity owns at least 50 percent (50%) of the total value of shares of all classes of stock in at least one of the other business entities, or stock possessing at least 50 percent (50%) of the combined voting power of all classes of stock in each of the business entities is owned by one or more of the other business entities; or

(ii) two or more business entities are owned by 5 or fewer persons who are individuals, estates or trusts, and those persons own at least 50 percent (50%) of the total value of shares of all classes of stock in all of the business entities, or stock possessing at least 50 percent (50%) of the combined voting power of all classes of stock in all of the business entities; or

(iii) there are three or more business entities, each of which is a member of a group of business entities described in subparagraph (i) or (ii), and one of which is a common parent business entity included in a group of business entities described in subparagraph (i) and subparagraph (ii).

FOOTNOTES

2

[Footnote 2]: * Chapter added City Record January 30, 1996 effective February 29, 1996.

Note Statement of Basis and Purpose in City Record January 30, 1996: Local Law Number 68 for the Year 1995 takes effect on March 1, 1996 and provides for the franchising and permitting of public pay telephones in New York City and authorizes the Commissioner of the Department of Information and Technology and Telecommunications to promulgate rules for the implementation of the permitting requirements and other requirements of the Law. Section 6 of Local Law 68 provides that telephones not previously licensed pursuant to former sections 19-131 and 19-128 of the Administrative Code of the City of New York and some new public pay telephones which have received permits from the Commissioner of the Department of Information Technologies and Telecommunications may continue to operate after March 1, 1996 under certain conditions if the owners submit registries identifying such telephones, and further authorizes the Commissioner to promulgate rules for such registries. The rule was not listed in the Agency's Regulatory Agenda because Local Law 68 had not been enacted at the time the Regulatory Agenda was published.

Chapter 6 amended extensively in City Record May 31, 2000. Note provisions of City Record May 31, 2000. Statement of Basis and Purpose of Amendments: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. Chapter 6 of Title 67 is being amended to provide that notice may also be by any method permitted under the public pay telephone franchise; to clarify the requirements for advertising on public pay telephone installations; to clarify the mandate of Local Law 68 of 1995 regarding the permitting of public pay telephones located on the inalienable property of the City of New York; to clarify the permit application, review and determination process; to clarify and expand the siting requirements for public pay telephones; to clarify the restrictions upon the number of new public pay telephone installations on a sidewalk between two street corners in the City of New York; and to clarify the authority of the City of New York to operate public pay telephones for the account of the City, in lieu of removal of such pay phone or pay phones.

67 RCNY 6-02

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER A**3 GENERAL PROVISIONS

§6-02 Penalties.

(a) In addition to the civil penalties provided in subdivisions (c) and (d) of this section, an owner who maintains or operates a public pay telephone without a permit issued pursuant to this chapter, except for an owner all of whose public pay telephones are eligible for, and are in the process of, conversion to permit status under §6-38.1 of this chapter shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) and imprisonment of not more than thirty days, or both such fine and imprisonment.

(b) Notwithstanding any other provision of this section:

(1) an owner who fails on two occasions within any three month period to provide phone service from a public pay telephone for any period of time exceeding twenty-four continuous hours or who fails to provide coinless twenty-four hour 911 service from such public pay telephone in compliance with the provisions of subdivision (a) or subdivision (b) of §6-05 of this chapter, as the case may be, shall be in violation of such subdivision(s) and shall be liable for a civil penalty of not more than two thousand five hundred dollars ($2,500) for each violation which may be recovered in a civil action or in a proceeding before the Environmental Control Board. In the case of a violation exceeding twenty-four hours, each day's continuance shall be a separate and distinct occasion in which an offense has occurred. An owner of a public pay telephone shall not be considered to have failed to provide the service required in this subdivision where such owner has posted and maintained a written notification on the public pay telephone within seventy-two hours of the occurrence and provided written notification to the Department, within twenty-four hours, of the occurrence of an

event or a condition beyond his or her control, such as a power failure or an inability of the telephone company to provide access to the switched telephone network, that has rendered such telephone unable to provide such service. However, in the event that service is not restored to the public pay telephone within ninety (90) days of the date the loss of service began, the owner of the public pay telephone shall again be considered to have failed to provide the service required in this subchapter unless the owner temporarily removes the public pay telephone installation and informs the Department of such temporary removal, which may not exceed six (6) months. If the temporary removal exceeds 6 months, the permit or other authorization for the public pay telephone shall be revoked and the public pay telephone must be removed. Notwithstanding the above, if the temporary removal exceeds six (6) months and either: (i) the public pay telephone site is inaccessible to the public; or, (ii) there is litigation pending concerning the failure of the provider to provide service to the subject public pay telephone, the six (6) month period may be extended in three (3) month intervals, subject to approval by DoITT, for each three (3) month extension.

(2) an owner who fails on at least two occasions, each such occasion lasting for a duration of forty-eight (48) hours, or on one occasion that lasts for a duration of seventy-two (72) hours to maintain a public pay telephone in compliance with the provisions of subdivision (c) of §6-05 of this chapter shall be in violation of such subdivision and shall be liable for a civil penalty of not more than one thousand dollars ($1,000) for each such violation.

(c) Notwithstanding any other provision of §6-02, violation of any provision of this chapter, including failure to comply with the requirements of subchapter B of this chapter with regard to an interim eligible public pay telephone, shall be punishable by a civil penalty of not more than one thousand dollars ($1,000) for each such violation, recoverable in a civil action or in a proceeding before the Environmental Control Board. In the case of a continuing violation, each day's continuance shall be a separate and distinct offense.

(d) An owner who is liable for a civil penalty for a violation pursuant to subdivision (c) of this section shall also be liable in the amount of the expense, if any, incurred by the city in the rendering inoperable, removal, storage and/or disposal of the public pay telephone and the performance of related repair and restoration work.

(e) An owner who violates any provision of Chapter 4 of Title 23 of the Code, or any term or condition of a permit issued pursuant thereto, or any rule promulgated by the Commissioner pursuant thereto shall be liable for a civil penalty of not more than one thousand dollars ($1,000) for each violation, which may be recovered in a civil action or in a proceeding before the Environmental Control Board. In the case of a continuing violation, each day's continuance shall be a separate and distinct offense.

(f) If the Commissioner reasonably believes that an owner, or any employee, agent or independent contractor of such owner, has violated any provision of Chapter 4 of Title 23 of the Code, or any provision of this chapter or any term or condition of a franchise agreement or permit issued pursuant thereto, the Commissioner may, pursuant to §23-408(i)(1)(dd) of the Code, suspend review of all applications for the issuance of permits filed by such owner. Prior to any such suspension, the Commissioner shall notify the owner of the violation or unsatisfactory condition identified by the Commissioner and specify the action that must be taken to correct the condition in such manner and within such period of time as shall be set forth in such notice. Upon receipt of said notice the owner may contest the Commissioner's decision by responding in writing within five (5) business days of receipt of the notification from the Commissioner. A final determination will be made by the Commissioner and the owner will be notified of the determination. If the owner's appeal is rejected, the owner will have five (5) days to correct the specified condition or violation, or said suspension will go into effect. Such suspension may continue until either the Commissioner no longer reasonably believes that a violation has occurred, or the violation has been corrected to the satisfaction of the Commissioner and payment has been made of all fines or civil penalties imposed for the violation, any costs incurred by the City in the rendering inoperable, removal, storage, and/or disposal of the public pay telephone and related repair or restoration work, and any fees for any administrative expense or expense of additional inspections incurred by the City as a result of such violation.

NOTE

1. Statement of Basis and Purpose in City Record Sept. 23, 1996:

This emergency rule is promulgated pursuant to the authority of the Commissioner of Information Technology and Telecommunications under Sections 1043 and 1072 of the New York City Charter and subdivision b of §23-402 of the Administrative Code of the City of New York. Section 23-408(b) of the Administrative Code sets forth penalties for an owner of a public pay telephone that fails to provide coinless 911 service. This emergency amendment to the present rule authorizes the Department to enforce the requirement for coinless 922 service against all public pay telephones.

Ralph A. Balzano, Commissioner, September 19, 1996

IN COMPLIANCE WITH SECTION 1043(h)(1) OF THE NEW YORK CITY CHARTER and exercising the authority vested in the Commissioner of the Department of Information Technology and Telecommunications by section 1072 of such Charter, I hereby make the following finding of immediate threat to a necessary public service necessary to establish that an emergency rulemaking is required in relation to enforcement of the requirement that public pay telephones provide continuous coinless 911 service.

FINDING OF IMMEDIATE THREAT

The availability of coinless 911 access from public pay telephones is critical to the ability of the City to respond to emergency situations which may endanger the health and safety of citizens. Local Law No. 68 of 1995 recognizes the importance of this service by making failure to provide coinless twenty-four hour 911 service from a public pay telephone a violation punishable by a civil penalty of up to two thousand five hundred dollars for each violation. However, the current rules implementing Local Law No. 68 unnecessarily limit the agency's ability to enforce this provision to telephones that have received permits from the Department. At this time, most public telephones on the streets of the City have not received permits from the Department, but are instead listed on the Department's interim registry or have been previously licensed by the Department of Transportation under former provisions of the

Administrative Code. It is critical that the rules by modified to provide immediate authority to enforce the provisions of Local Law No. 68 against all public pay telephones that do not provide coinless 911 service, regardless of the nature of the authority or permission under which they operate.

It is therefore hereby certified that the immediate effectiveness of a rule enabling the Department to issue notices of violation for failure to provide coinless 911 service against all public pay telephones not providing such service is necessary to address an immediate threat to a necessary public service. This emergency rule will remove language limiting the violation to telephones that have received a permit and will authorize the Department to enforce the requirement for coinless 911 service with regard to all public pay telephones.

2. Statement of Basis and Purpose in City Record Feb. 16, 2006: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. The amendments to Chapter 6 of Title 67 of the Rules of the City of New York proposed above are intended to: clarify the existing rules by fixing typographical, numbering and other technical errors; establish additional requirements for enforcement of service requirements; explicitly provide that a violation of the Chapter 4 of Title 23 of the Administrative Code is a violation of these Rules; empower the Commissioner to suspend the review of applications under certain circumstances; clarify the requirements of coinless 911 service; clarify the maintenance requirements of these Rules; clarify which public pay telephone is covered by an individual permit; clarify when an owner has persistently failed to maintain a public pay telephone installation; clarify when a permit may be transferred; clarify when a permit application fee is not necessary; clarify when a permit may be terminated; clarify the requirements and process for requesting permission to reinstall a public pay telephone installation; clarify the application process; conform to the rules promulgated by the Landmarks Preservation Commission for public pay telephone installations in historic districts; clarify the application review process; clarifying the permit revocation process; clarify the move to the curb process; clarify the process and requirements for public pay telephone installation removal; further explicate criteria for approving sites; clarify the sign requirements; explain the installation and service requirements; and, clarify wiring requirements. Reason proposed rules were not anticipated and included in Regulatory Agenda The Department of Information Technology and Telecommunications' experience in administering the earlier Rules made evident certain shortcomings that needed to be addressed. The enactment of rules by the Landmarks Preservation Commission pertaining to public pay telephones further necessitated amending the Rules of the Department of Information Technology.

SUBCHAPTER A**3 GENERAL PROVISIONS

§6-04 Notice.

Except where otherwise required by law, notice by the Commissioner pursuant to this chapter shall be by first class mail addressed to the address for service submitted in writing to the Department by an owner of a public pay telephone or as set forth in a permit for such telephone. Where an owner has provided a facsimile number with such address or on an application for a permit, notice shall be by facsimile to such number. Notice may also be by such other electronic or non-electronic means as the Commissioner may prescribe. In the case of a public pay telephone that is not identified on a registry or does not possess a permit issued pursuant to this chapter, such notice shall be provided only where the name and address of the owner is shown on the public pay telephone or can be readily identified by the Commissioner by virtue of a trademark prominently displayed on the public telephone. Notice may also be served on a public pay telephone owner by personal service or in any other manner permitted under the terms of a franchise agreement entered into by such public pay telephone owner or in any other manner reasonably calculated to achieve actual notice, including but not limited to any method authorized in the Civil Practice Law and Rules.

NOTE

1. Statement of Basis and Purpose in City Record Nov. 22, 1996:

Section 23-403 of the Administrative Code, as added by Local Law Number 68 for the Year 1996, authorizes the Commissioner of Information Technology and Telecommunications to promulgate rules to implement the provisions of that law, including rules on requirements for public pay telephones. These amendments to the Rules are intended to address difficulties encountered in regard to the service of notice on foreign businesses and concerns that have been brought to the attention of the Department regarding the location of public pay telephones, the consistency of siting and other requirements with City policies regarding street furniture, compliance with the American Disabilities Act, and maintenance of, and graffiti on, Interim Registered public pay telephones.

2. Statement of Basis and Purpose in City Record Aug. 17, 1998: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of section 23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. A proposed rule to amend existing rules on this subject was published in **The City Record** on June 26, 1998. The above amendments to Chapter 6 of Title 67 proposed above are intended to: provide that notice may be by electronic means; provide more efficient means for communication between the Department and other relevant City agencies and conform the provisions for notification to Community Boards with the new guidelines established with respect to franchised public pay telephones; and clarify and expand requirements for wiring, siting, and signage required of public pay telephones. A final rule regarding other aspects of the June 26, 1998 proposed rule will be published at a later date.

67 RCNY 6-05

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER A**3 GENERAL PROVISIONS

§6-05 Maintenance of Public Pay Telephones.

(a) **Coinless 911 service.** A public pay telephone shall provide twenty-four hour access to 911 service without use of a coin or other payment device. For purposes of this subdivision a violation of this requirement may be found where a public pay telephone lacks a dial tone, a clear and audible transmission and reception, a keyboard and handset in working order, or any other feature necessary to provide or obtain access to 911 service (such as, but not limited to, coinless access to an operator services provider).

(b) **Telephone service.**

(1) A public pay telephone shall be installed, operated and maintained in a condition to accept a coin, credit card, prepaid debit card or other appropriate payment device and the telephone must enable a call to be completed when the proper payment has been made;

(2) The return mechanism of a public pay telephone shall be in working order and provide customers with return of coins when calls are not completed;

(3) A public pay telephone shall provide access to operator service without use of a coin or other payment device.

(c) **Cleanliness.** A public pay telephone installation shall be maintained in accordance with the provisions of this

subdivision.

(1) A public pay telephone shall be maintained free of offensive odors, litter, debris and damage.

(2) A public pay telephone shall be maintained free of stickers and graffiti.

(3) A public pay telephone shall be maintained in a clean condition, free of grime and rust and clean to the touch.

(4) All lettering and signage on an installation shall be clean and legible at all times.

(5) All painted surfaces must be repainted at least once per year.

(d) **Safety.**

(1) A public pay telephone installation that has been displaced from its original installation configuration (e.g. motor vehicle collision) must be made safe within 24 hours of displacement and removed or restored to its original position within 72 hours of displacement.

(2) A public pay telephone installation, or any section or component thereof, that becomes broken in place, fractured or otherwise detached must be made safe within twenty-four hours and fully repaired within 72 hours.

(e) **Enforcement.**

(1) A notice of violation may be issued for a violation of a provision of subdivision (a) of this section when inspections on two occasions within a period no shorter than twenty-four hours have disclosed a violation of such provision.

(2) A notice of violation may be issued for violation of subdivision (b) of this section where inspections have disclosed that telephone service was unavailable on two occasions, each such occasion lasting for a duration of at least twenty-four (24) hours, within a period of ninety (90) calendar days. Each twenty-four hour period in which a failure to provide telephone service continues shall constitute a separate occasion on which an offense has occurred.

(3) A notice of violation for violation of a provision of subdivision (c) of this section may be issued where inspections disclose violation of such subdivision continuing at least forty-eight (48) hours on two separate occasions within a period of ninety (90) calendar days or a violation lasting at least seventy-two (72) hours on one occasion.

(4) A notice of violation for a violation of a provision of subdivision (d) of this section may be issued where two inspections at least seventy-two (72) hours apart disclose that a displaced public pay telephone has not been restored to its original position or that an installation or portion of an installation has been broken in place, fractured, detached or is otherwise unsafe and has not been repaired or made safe.

(5) A violation shall be considered to have continued throughout a period specified in this subdivision when a condition set forth in subdivisions (a), (b), (c) or (d) of this section has been identified upon at least two inspections that encompass such period within one hundred sixty-eight (168) hours; provided that, demonstration by an owner that the condition underlying such violation was corrected within such period shall be a defense to an action pursuant to §6-05.

(f) **Damage to streets.** An owner of a public pay telephone installation shall be responsible for all repairs to streets damaged due to the placement, installation, maintenance or removal of such public pay telephone installation.

HISTORICAL NOTE

Section amended City Record Feb. 16, 2006 §3, eff. Mar. 18, 2006. [See T67 §6-02 Note 2]

Section amended City Record May 31, 2000 eff. June 30, 2000. [See Chapter 6 footnote]

Section added City Record Dec. 17, 1996 eff. Jan. 16, 1997. [See Note 1]

NOTE

1. Statement of Basis and Purpose in City Record Dec. 17, 1996:

Subdivision b of section 23-403 of the Administrative Code of the City of New York authorizes the Commissioner of the Department of Information Technology and Telecommunications to issue regulations governing the operation, cleaning and maintenance of public pay telephones.

The amendment to subdivision b of section 6-02 authorizes the Commissioner, in conformity with the provisions of section 23-408(b) of the Administrative Code, to enforce the requirements for coinless 911 service and other telephone maintenance against all public pay telephone owners. The amendment redefines a repeated failure to provide telephone service for a sustained period as failure to provide telephone service for a duration of twenty-four hours two times within a three month period and specifies that each twenty-four hour period in which telephone service is not provided shall constitute a separate instance in which a violation has occurred. In addition, the amendment provides that an owner shall be liable for a penalty of up to one thousand dollars ($1,000) for failure to clean telephones in accord with section 6-05(c) on two occasions lasting forty-eight hours each or on one occasion lasting seventy-two hours.

The new section 6-05 sets forth specific standards for operability and cleanliness of public pay telephones that applies to all such telephones on, over or under any street or other inalienable property of the City. Subdivision e of section 6-05 provides that the Department may enforce violations of the coinless 911 requirements after inspections that are at least twenty-four hours apart disclose a failure of service that was not restored within a day, and may enforce violations of the cleanliness requirements after inspections have disclosed two violations lasting at least forty-eight hours each or one violation lasting seventy-two hours. The Department has recognized the need to fulfill both its obligation to the public to enforce proper service and maintenance standards and to provide reasonable time for owners to correct violations. An owner will be able to meet the standards of section 6-05 by establishing an internal inspection program by which each phone's operability will be checked, either remotely through industry "smart phones" or daily inspections, and by providing for regular inspections for cleanliness and maintenance within a time frame consistent with the Department inspection cycle set forth in subdivision d.

FOOTNOTES

[Footnote 2]: * Chapter added City Record January 30, 1996 effective February 29, 1996.

Note Statement of Basis and Purpose in City Record January 30, 1996: Local Law Number 68 for the Year 1995 takes effect on March 1, 1996 and provides for the franchising and permitting of public pay telephones in New York City and authorizes the Commissioner of the Department of Information and Technology and Telecommunications to promulgate rules for the implementation of the permitting requirements and other requirements of the Law. Section 6 of Local Law 68 provides that telephones not previously licensed pursuant to former sections 19-131 and 19-128 of the Administrative Code of the City of New York and some new public pay telephones which have received permits from the Commissioner of the Department of Information Technologies and Telecommunications may continue to operate after March 1, 1996 under certain conditions if the owners submit registries identifying such telephones, and further authorizes the Commissioner to promulgate rules for such registries. The rule was not listed in the Agency's Regulatory Agenda because Local Law 68 had not been enacted at the time the Regulatory Agenda was published.

Chapter 6 amended extensively in City Record May 31, 2000. Note provisions of City Record May 31, 2000. Statement of Basis and Purpose of Amendments: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. Chapter 6 of Title 67 is being amended to provide that notice may also be by any method permitted under the public pay telephone franchise; to clarify the requirements for advertising on public pay telephone installations; to clarify the mandate of Local Law 68 of 1995 regarding the permitting of public pay telephones located on the inalienable property of the City of New York; to clarify the permit application, review and determination process; to clarify and expand the siting requirements for public pay telephones; to clarify the restrictions upon the number of new public pay telephone installations on a sidewalk between two street corners in the City of New York; and to clarify the authority of the City of New York to operate public pay telephones for the account of the City, in lieu of removal of such pay phone or pay phones.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER A**3 GENERAL PROVISIONS

§6-06 Advertisements.

(a) A public pay telephone shall not display advertising material, unless in accordance with the provisions of a franchise. In no event shall advertising material be displayed on a newly erected public pay telephone installation until dial tone service from all public pay telephones installed within such installation has commenced. However, if:

(1) dial tone has not been established by a provider of same within thirty (30) days after the erection of the installation and the emplacement of all public pay telephones to be installed within such installation, and the request of the franchisee to the provider to establish such service; and

(2) said franchisee has provided the Department with (i) proof in a form acceptable to the Commissioner that said franchisee has installed the necessary conduit or duct and completed all necessary steps for ordering dial tone service, (ii) a copy of the Department of Transportation street opening permit for the installation, and (iii) proof in a form acceptable to the Commissioner that the conduit or duct has been properly installed; and

(3) said franchisee has placed and maintained a clear, legible and visible sign, placard or other form of announcement on the enclosure explaining the cause(s) of the failure after thirty (30) days to provide dial tone on any and all pay telephone(s) without dial tone; then

(4) said franchisee may display advertising at such installation unless the Department determines that the

franchisee has acted in bad faith regarding establishing dial tone at the pay telephones in such installation.

(b) Except as otherwise provided in subdivision (a) of this §6-06, in no event shall advertising material be displayed on any public pay telephone installation during any period in excess of the longer of either forty-eight (48) hours or two (2) business days, that a telephone has been removed from within such installation and not replaced by a functioning telephone, or any or all of the telephones with such installation are unable to provide dial tone, unless the franchisee has provided notice to the Department with respect to the circumstances underlying the loss of dial tone such as power failure or the inability of the dial tone provider to provide access to the public switched telephone network. The Department may require advertising material to be removed from said installation if the Commissioner determines that said franchisee could have avoided interruption of dial tone or re-established service within forty-eight (48) hours or two (2) business days.

(c) The display of advertising on any enclosure installed pursuant to a notice to proceed issued after December 4, 2004 shall be prohibited in the following Community Districts of Manhattan: 1, 2, 3, 4, 5, 6, 7, and 8.

(d) In locations where these Rules prohibit the display of advertising, the public pay telephone installation shall be the smallest design currently approved by the Art Commission.

NOTE

1. Statement of Basis and Purpose in City Record Oct. 5, 2004:

The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones located on, over or under the streets or other inalienable property of the City of New York.

The amendments to Chapter 6 of Title 67 of the Rules of the City of New York are intended to: restrict the display of advertising on public pay telephones in certain areas of Manhattan; increase the fees for the processing of an application for a permit to install, operate and maintain a public pay telephone to cover a larger percentage of the actual costs to the City of processing such application; and establish a fee to process an application for an Extension to a Notice to Proceed to cover the actual costs to the City of processing such an application. The amounts set for fees in the above amendments reflect a percentage of the actual administrative costs incurred by the Department of Information Technology and Telecommunications in issuing the permits in question.

Comments received by DoITT on the proposed amendments are discussed and responded to in the Report referred to above, which is available on DoITT's website at the web address referred to above.

CASE NOTES

¶ 1. Under Admin. Code § 23-403 and City Charter § 1072, the agency had the power to enact regulations restricting advertising on public telephones. Moreover, the regulation does not violate the substantive due process clause of the New York State Constitution, Art. 1, Sec. 6. Coastal Communication Service, Inc. v. New York City Dept. of Information Technology and Communications, 12 Misc.3d 1179(A), 2006 WL 1879115 (Sup.Ct. New York Co.).

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER B*4 INTERIM REGISTRY

§6-24 Interim Registries.

(a) **Deadline for submission.** (1) An owner of an interim eligible public pay telephone shall submit a registry to the Commissioner at the office of the Department containing a list of all such interim eligible public pay telephones no later than March 15, 1996. An interim eligible public pay telephone not listed in a registry as of March 31, 1996 is in violation of the permit requirements of §23-402 of the Code and §6-20 of this chapter, and the owner thereof shall be subject to the penalties provided therein.

(2) An owner who has failed to submit a registry on or before March 15, 1996, or has failed to submit a complete registry on or before March 31, 1996, and who pays the civil penalties assessed for such violation and a fee of $75 for each telephone for the year ending March 14, 1997, may submit a registry or add to a registry between February 13, 1997 and March 14, 1997. In addition, an annual fee of $75 for each telephone shall be paid for each succeeding year in accordance with the provisions of subdivision (d) of this section.

(3) In no case shall a public pay telephone installed and activated subsequent to March 1, 1996 be included in a registry submitted or updated pursuant to this section. A registry that does not comply with the provisions of this section shall not be accepted by the Commissioner.

(b) **Form and contents.** (1) A registry shall be in the form prescribed by the Commissioner in Appendix A to this subchapter.

(2) A registry shall state:

(i) the name and address of the owner;

(ii) the geographic location of each public telephone identified on the registry and the type of mounting for each such telephone; and

(iii) the date of installation and activation of each public pay telephone identified on the registry, accompanied by documentation of the activation.

(c) **Certification.** A registry shall be accompanied by a notarized certification that the information on the registry is accurate and that each public telephone identified thereon provides (i) continuous twenty-four hour service, (ii) continuous twenty-four hour coinless 911 access and (iii) continuous New York State Public Service Commission approved operator services. Such certification shall be in the form prescribed by the Commissioner in Appendix B to this subchapter. In addition to any penalty provided pursuant to §6-02 of this chapter an owner who submits a certification pursuant to this subdivision knowing that such certification contains a false statement or false information shall be subject to prosecution under article one hundred seventy-five of the penal code and the telephones with respect to such certification shall be removed pursuant to §6-26 of this chapter.

(d) **Fee for interim eligible public pay telephones.**

(1) The fee for each public pay telephone identified in a registry shall be seventy-five ($75) dollars a year. Such fee may be paid in full upon submission of the registry or may be payable quarterly following the schedule set forth below. Each payment shall specify, in the form prescribed by the Commissioner, whether the amount submitted represents yearly or quarterly payments.

(2) Quarterly payments shall be submitted each year as follows:

First payment: March 15, except that the first payment in the year 1996 shall be due on March 31; Second payment: June 15; Third payment: September 15; Fourth payment: December 15.

(3) **Partial payments shall not be accepted.** An owner of interim eligible public pay telephones shall submit yearly payment in full in advance or quarterly payment in full in advance for each such telephone identified on the registry by the required date.

(4) In the event that the owner of an interim eligible public pay telephone identified on a registry and otherwise in compliance with the provisions of this subchapter is awarded a franchise prior to the expiration of a period for which payment for such telephone has been received by the Department, the amount of such payment shall be prorated to the time remaining in such period, and the remainder shall be applied to the fee for a permit pursuant to the franchise.

(5) In the event that the Commissioner determines not to recommend the award of a franchise prior to the expiration of a period for which payment for a public pay telephone has been received by the Department or in the event that the Franchise and Concession Review Committee determines not to award a franchise to such owner prior to the expiration of such period, the amount of such payment shall be prorated to the time that the Department receives certification that such telephone has been transferred or removed, and the remainder shall be reimbursed to the owner.

(6) In the event that the Commissioner objects to a public pay telephone and requires the removal of such telephone pursuant to this subchapter, the fee paid for the interim registry of such public pay telephone shall be prorated to the time such telephone was authorized to be operated and maintained and the remainder shall, upon certification by the owner that such telephone has been removed, be reimbursed to the owner.

Subd. (d) par (3) amended City Record Feb. 16, 2006 §6, eff. Mar. 18, 2006. [See T67 §6-02 Note 2]

NOTE

1. Statement of Basis and Purpose in City Record Jan. 13, 1997:

Section 23-403 of the Administrative Code, as added by Local Law 68 for the Year 1996, authorizes the Commissioner of Information Technology and Telecommunications to promulgate rules to implement the provisions of that law, including rules on requirements for public pay telephones. These amendments to the Rules address difficulties encountered in regard to the Interim Registry, Public Nuisance Telephones and Siting and Clearance Requirements. PPTs not currently on the interim registry may be added to the registry between February 13, 1997 and March 14, 1997 upon payment of all fees and penalties. In order to register a PPT, owners will be required to pay in full the $75 interim registry fee for the year ending March 14, 1997 and a penalty for operating a PPT without a permit. Thereafter, an annual fee of $75 shall be paid for each PPT on a registry. The Environmental Control Board has agreed to assess a fine of $400 for violations of section 23-402 of the Rules for a PPT submitted for the registry during this period. Each PPT added to the registry incurs a separate penalty. In addition, proof that the PPT was installed and activated prior to March 1, 1996 will be required.

FOOTNOTES

2

[Footnote 2]: * Chapter added City Record January 30, 1996 effective February 29, 1996.

Note Statement of Basis and Purpose in City Record January 30, 1996: Local Law Number 68 for the Year 1995 takes effect on March 1, 1996 and provides for the franchising and permitting of public pay telephones in New York City and authorizes the Commissioner of the Department of Information and Technology and Telecommunications to promulgate rules for the implementation of the permitting requirements and other requirements of the Law. Section 6 of Local Law 68 provides that telephones not previously licensed pursuant to former sections 19-131 and 19-128 of the Administrative Code of the City of New York and some new public pay telephones which have received permits from the Commissioner of the Department of Information Technologies and Telecommunications may continue to operate after March 1, 1996 under certain conditions if the owners submit registries identifying such telephones, and further authorizes the Commissioner to promulgate rules for such registries. The rule was not listed in the Agency's Regulatory Agenda because Local Law 68 had not been enacted at the time the Regulatory Agenda was published.

Chapter 6 amended extensively in City Record May 31, 2000. Note provisions of City Record May 31, 2000. Statement of Basis and Purpose of Amendments: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. Chapter 6 of Title 67 is being amended to provide that notice may also be by any method permitted under the public pay telephone franchise; to clarify the requirements for advertising on public pay telephone installations; to clarify

the mandate of Local Law 68 of 1995 regarding the permitting of public pay telephones located on the inalienable property of the City of New York; to clarify the permit application, review and determination process; to clarify and expand the siting requirements for public pay telephones; to clarify the restrictions upon the number of new public pay telephone installations on a sidewalk between two street corners in the City of New York; and to clarify the authority of the City of New York to operate public pay telephones for the account of the City, in lieu of removal of such pay phone or pay phones.

§6-25 Objection by the Commissioner.

(a) The Commissioner may object to the continued maintenance and operation of an interim eligible public pay telephone at the time a registry is submitted or any time thereafter. The Commissioner may make such objection upon the basis that the maintenance and operation of such public pay telephone: (i) poses a danger to life or property, including but not limited to the reasons that such telephone does not meet applicable standards in the Building Code (Title 27, Chapter 1 of the Code) or such telephone does not have twenty-four hour coinless 911 access or New York State Public Service Commission approved operator service; (ii) unreasonably interferes with the use of a street by the public; (iii) unreasonably interferes with the abutting property; (iv) is a public nuisance as such term is defined in §23-401 of the Code or §6-01 of this Chapter, when a complaint, including but not limited to a complaint by the Community Board in the Community District in which such telephone is located, that such public pay telephone constitutes a public nuisance as so defined has been verified by the police precinct in which such telephone is located; or (v) interferes with a street widening or other capital project.

(b) Where the Commissioner objects to a public pay telephone pursuant to subdivision (a) of this section, he or she shall notify the owner of such telephone in writing. Such notice shall state the basis on which the Commissioner objects to the continued maintenance and operation of such telephone and shall specify the condition or conditions underlying such objection. The Commissioner may, in his or her discretion, permit such telephone to be operated and maintained subject to such corrective conditions as the Commissioner shall prescribe.

(c) Within fifteen days of such notice of a Commissioner's objection, the owner may respond to the Commissioner in writing, and may (i) set forth any reason the owner believes the Commissioner's objection should be withdrawn or (ii) certify to the Commissioner, in a form prescribed by the Commissioner, that the condition underlying such objection has been corrected.

(d) The Commissioner shall review such response and may determine whether or not to withdraw the objection. Where the Commissioner determines not to withdraw an objection to a public pay telephone, he or she shall notify the owner of such determination and the reasons therefor and shall require that such telephone be removed immediately or, if appropriate, afford such owner an opportunity to cure the condition underlying the objection, as appropriate. Such notice shall specify the time by which certification must be received that such condition has been corrected.

HISTORICAL NOTE

FOOTNOTES

2

[Footnote 2]: * Chapter added City Record January 30, 1996 effective February 29, 1996.

Note Statement of Basis and Purpose in City Record January 30, 1996: Local Law Number 68 for the Year 1995 takes effect on March 1, 1996 and provides for the franchising and permitting of public pay telephones in New York City and authorizes the Commissioner of the Department of Information and Technology and Telecommunications to promulgate rules for the implementation of the permitting requirements and other requirements of the Law. Section 6 of Local Law 68 provides that telephones not previously licensed pursuant to former sections 19-131 and 19-128 of the Administrative Code of the City of New York and some new public pay telephones which have received permits from the Commissioner of the Department of Information Technologies and Telecommunications may continue to operate after March 1, 1996 under certain conditions if the owners submit registries identifying such telephones, and further authorizes the Commissioner to promulgate rules for such registries. The rule was not listed in the Agency's Regulatory Agenda because Local Law 68 had not been enacted at the time the Regulatory Agenda was published.

Chapter 6 amended extensively in City Record May 31, 2000. Note provisions of City Record May 31, 2000. Statement of Basis and Purpose of Amendments: The Commissioner of the Department of Information Technology and Telecommunications is authorized by subdivision b of §23-403 of the Administrative Code of the City of New York to promulgate rules governing public pay telephones in the City of New York. Chapter 6 of Title 67 is being amended to provide that notice may also be by any method permitted under the public pay telephone franchise; to clarify the requirements for advertising on public pay telephone installations; to clarify the mandate of Local Law 68 of 1995 regarding the permitting of public pay telephones located on the inalienable property of the City of New York; to clarify the permit application, review and determination process; to clarify and expand the siting requirements for public pay telephones; to clarify the restrictions upon the number of new public pay telephone installations on a sidewalk between two street corners in the City of New York; and to clarify the authority of the City of New York to operate public pay telephones for the account of the City, in lieu of removal of such pay phone or pay phones.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

CHAPTER 6*2 PUBLIC PAY TELEPHONES

SUBCHAPTER B*4 INTERIM REGISTRY

§6-26 Removal.

(a) **Failure to Submit Registry.** An owner who fails to submit a registry pursuant to the provisions of this subchapter shall immediately remove all interim eligible public pay telephones.

(b) **Additional Grounds for Removal.** In addition, an owner of an interim eligible public pay telephone shall immediately remove such telephone:

(i) if such telephone has not been identified in the registry submitted pursuant to the provisions set forth in §6-22 of this subchapter;

(ii) upon the occurrence of an event described in §6-23 of this subchapter;

(iii) upon an objection by the Commissioner to such telephone pursuant to §6-24 of this subchapter, unless the condition underlying such objection could be cured without removing such telephone and such objection has been cured by the time required by the Commissioner or the Commissioner has withdrawn the objection;

(iv) if the fees for such telephone have not been paid by the required date;

(v) if the certification required pursuant to §6-24 of this subchapter has been determined to be false.

(c) **Removal by Department.** Upon failure of an owner to remove a public pay telephone as required by the provisions of this section, such telephone shall be subject to removal by the Department pursuant to paragraph (aa) of subdivision i of §23-408 of the Code. The Commissioner shall notify the owner that such telephone has been removed by the Department. Such notice shall inform the owner of the requirements for reclaiming such telephone. Where removal of a public pay telephone has been ordered by the Commissioner pursuant to the provisions of subdivision b of §23-404 of the Code due to a street widening or other capital project, or other improvement, and the owner of such public pay telephone does not choose to install such telephone at a different location, the fee for such telephone shall be prorated to the time such telephone was authorized to be operated and maintained and the remainder thereof refunded to the owner.

(d) **Failure by Owner to Remove.** Failure to remove a public pay telephone as required by the provisions of this section shall constitute a violation of this subchapter and shall subject the owner of such telephone to the penalties provided therefor in §6-02 of this chapter.

67 RCNY 6 - APPENDIX A

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

APPENDIX A*1 PUBLIC PAY TELEPHONE INTERIM REGISTRY SUBMISSION

APPENDIX A*1 PUBLIC PAY TELEPHONE INTERIM REGISTRY SUBMISSION

The following is instructional information on the process of submitting a Public Pay Telephone Interim Registry to the Department of Information Technology and Telecommunications. The Interim Registry information submission is done in 2 parts. The first part is a **single line** providing information about the company. There should only be one single line entry with information about the company.

The second part is made up of **multiple single line entries,** one line providing information on each of the individual Public Pay Telephones being submitted as part of the company's registry. Each Public Pay Telephone (PPT) being submitted as part of the Interim Registry must have a line in part 2. Samples of each acceptable submission entry types are included. You must fill out all fields. Interim Registry submissions should be sent to: The Department of Information Technology

and Telecommunications

11 MetroTech Center, Third Floor

11201

Att: PPT-IR Submission

Computer Compatible Format

ASCII Text-File Format

It is preferred that this information be supplied in computer compatible format, preferably in an ASCII text-file format submitted on a 3.5" diskette(s). Most spreadsheets, databases and word processor applications (for example LOTUS 1-2-3, DBASE, WORDPERFECT) provide for the conversion of their respective native files into an ASCII text-file format that allow for the transfer of data between applications.

If you cannot provide a converted ASCII text-file format from your computer's application please submit it in its native format following the same order of columns or fields as requested. **See Spreadsheet, Database and Word Processor Submissions.**

The ASCII Text-File information being requested is column dependent. That is, the number of characters in a column is preset and must not be altered. If the data requested does not fill up an entire designated column then the rest of the field should be filled with spaces until the total amount of characters for the designated columns is entered. For example, if your company name (columns 1-50) fills columns 1 through 35, then columns 36 through 50 should be filled with space characters. We have attempted to allow for a wide variety of entries. If the data requested does not fit in the column then use standard abbreviations. This should be followed for all columns. A breakout of the required fields and their respective column positions is described in Table I.

Spreadsheet, Database and Word Processor Submissions

If you are submitting a spreadsheet, database or word processor file then the respective columns or fields must follow the specified order and breakdown as those stated in the ASCII text-file format. The amount of information taken from any one column or field will be the same as that reflected in the ASCII text-file format. The company information columns/fields and the PPT information columns/fields should be the same width, conforming to whichever column/field is larger.

Handwritten/Typed Submissions

Handwritten or typed submissions must follow the same format as the computer compatible entered. They should either be typed or clearly printed. A blank form is appended that may be copied should more pages be required.

Interim Registry Payments

All payments must be made by check or money order payable to: The NYC Department of Finance

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-30 Permit Required.

(a) Except as provided in subchapter B of this chapter in regard to interim eligible public pay telephones and subdivision (a) of §5 of Local Law No. 68 for the Year 1995 in regard to telephones licensed pursuant to former §§19-131 or 19-128 of the Code, no public pay telephone shall be installed, operated or maintained on, over or under any street or other inalienable property of the City, or installed such that a user of such public pay telephone can only use such telephone while standing, in whole or in part, on the inalienable property of the City, unless the owner of such telephone has received a permit for such telephone from the Commissioner pursuant to the provisions of this subchapter. Pursuant to §7 of Local Law No. 68 for the Year 1995, the period of three years following the effective date of Local Law No. 68 for the Year 1995, provided for in subdivision (a) of §5 of such local law regarding the continuation in effect of the licenses previously issued to the telephone company, and the period of three years provided for in subdivision (c) of such section regarding the obligation of the telephone company to pay commissions, are extended until September 4, 1999, or until ninety days following such date as the telephone company may be granted a franchise to install, operate and maintain public pay telephones, whichever is earlier.

(b) A permit shall include such terms and conditions for the operation of a public pay telephone as the Commissioner deems necessary to protect the public safety and to safeguard the interests of the City, including but not limited to the requirements that such telephone be in compliance with the requirements set forth in subchapter D of this chapter.

(c) A permit issued pursuant to this subchapter is valid only for the public pay telephone installation at the location for which such permit was issued and may not be transferred to a person other than the owner to whom such permit was issued without the written approval of the Commissioner.

(d) Notwithstanding any other provision of this chapter, a permit for a public pay telephone shall not be issued, unless the owner of such telephone demonstrates that he or she has obtained all permissions required by applicable provisions of Federal, State and local law, as well as rules and regulations promulgated and agreements entered into pursuant thereto.

Subd. (c) amended City Record Feb. 16, 2006 §8, eff. Mar. 18, 2006. [See T67 §6-02 Note 2]

NOTE

1. Statement of Basis and Purpose in City Record Mar. 8, 1999:

The Commissioner of the Department of Information Technology and Telecommunications is authorized by §7 of Local Law No. 68 for the Year 1995 to extend any time period provided for in §5 of Local Law No. 68 for the Year 1995, based upon a determination that such extension would be in the best interests of the City. The Commissioner has determined that the extension of the period of three years to three and one-half years from the effective date of Local Law No. 68 for the Year 1995, for the telephone company to retain its licenses issued pursuant to former §§19-131 and 19-128 of the Administrative Code of the City of New York, in effect pursuant to §5(a) of Local Law No. 68, and for the telephone company to retain its obligation to pay commissions on revenues derived from public pay telephones, in effect pursuant to §5(c) of Local Law No. 68, is in the best interests of the City. This extension will allow the City to complete the process of franchising public pay telephones, as contemplated by Local Law No. 68, and provided for in City Council Authorizing Resolution No. 2248, dated March 25, 1997, and the Revised Request for Proposals for Franchises for Public Pay Telephones, released June 9, 1997.

Statement of Substantial Need for Earlier Implementation I hereby find, pursuant to §1043(e)(1)(c) of the New York City Charter, that there is a substantial need for the implementation, immediately upon its final publication in The City Record, of a rule to further extend the three-year extension of existing telephone company licenses and commission payments pursuant to section five of Local Law No. 68 for the Year 1995 ("Local Law 68") by six months, until September 4, 1999. The earlier implementation of such rule is necessary to provide regulatory continuity until the City has completed the process of franchising public pay telephones. Local Law 68 contemplated that the franchising process would be completed within three years of the effective date of the law. Section five of Local Law 68, therefore, extended existing public pay telephone licenses held by the telephone company, as well as the telephone company's obligation to pay commissions to the City on revenues derived from such licenses, for a period of three years from the effective date of the law (until March 4, 1999). However, Local Law 68 also recognized that an extension of this period might be needed, and provided that it could be extended by the DoITT Commissioner by rule, upon a determination that such extension would be in the best interests of the City (Local Law 68, §7). While DoITT has made substantial progress towards the award of franchises and anticipates making awards in the next several months, the process has been lengthier than anticipated for several reasons, including a modification by the City Council of the Authorizing Resolution governing such franchises which necessitated the issuance of a revised Request for Proposals. Immediate

implementation of the rule providing for an extension of the three-year period will prevent disruption of public pay telephone service and the fees paid to the City pursuant to existing agreements between the telephone company and the City during the period required for the completion of the franchising process.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-31 Issuance and Transfer of Permits.

(a) The Commissioner may issue permits based upon a determination, at his or her discretion, that issuance of a permit would be in the best interests of the City.

(b) A permit shall not be issued:

(1) unless the applicant possesses a franchise to install, maintain and operate public pay telephones on, over and under the streets and other inalienable property of the City; (2) unless the applicant has, where required, obtained the consent of the owner or commercial lessee of a building as provided in §6-34 of this chapter;

(3) where a public pay telephone will unreasonably interfere with the use of a street by the public or where it will unreasonably interfere with the use of the abutting property.

(c) The Commissioner may determine not to issue a permit to an owner of public pay telephones listed in the interim registry submitted pursuant to subchapter B of this chapter where such owner has persistently failed to maintain such telephones free of graffiti or has otherwise failed to repair such telephones or maintain such telephones in a safe and clean condition. The Commissioner may determine that such persistent failure has occurred where an owner has, in excess of two times, failed to remove graffiti or correct any other condition related to the proper maintenance (including but not limited to the requirements in §6-05 and §6-43 of this chapter) of a public pay telephone identified in a

notification to such owner by the Department. The Commissioner shall not consider the prior issuance of a permit as relevant to any determination whether there has been a persistent failure to maintain public pay telephones as required by this subsection.

(d) A permit issued pursuant to this chapter may be transferred to an owner other than the owner to whom the permit was issued, provided that such transfer has the written approval of the Commissioner and provided further that the transferee is the holder of a public pay telephone franchise granted by the City, and on the condition that, as of the date of the proposed transfer, neither party is in arrears or in default of: franchise fees (as defined in §8 of the franchise agreement); interim registry fees; fines owed for notices of violation (assessed by the Environmental Control Board after either the entry of a guilty plea or the issuance of a decision in favor of the City after a hearing); or, any fees payable to the City associated with the installation, operation or maintenance of any public pay telephone installations owned or operated by either party. However, the Commissioner may waive in writing any portion of this subsection if the Commissioner determines that there is a public safety need for the public pay telephone.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-32 Application and Fee for Permit.

(a) An application for a permit to install, operate and maintain a public pay telephone shall be in a form prescribed by the Commissioner and shall be accompanied by the permit fee of three hundred ninety-five dollars ($395), subject to any applicable reduction pursuant to paragraph (d)(4) of §6-24 of this chapter.

(b) Applications for a permit pending as of March 15, 2000 shall be denied unless the fee required pursuant to this §6-32 was received by the Department on or before June 30, 2000. Applications received after March 15, 2000 shall be denied if such fee is not included with the application.

(c) An application for an Extension to a Notice to Proceed shall be accompanied by a processing fee of thirty-five dollars ($35). Applications for an Extension to a Notice to Proceed received after the effective date of this §6-32 shall be denied unless accompanied by the fee required pursuant to this §6-32.

(d) Notwithstanding anything to the contrary in this §6-32, no permit application fee shall be required in connection with the installation of a public pay telephone at a particular location if the installing owner has been directed by the Commissioner to install such public pay telephone at such location after a determination by the Commissioner that (i) no application for such an installation at such location has been received by DoITT, and (ii) lack of a public pay telephone at such location may pose a risk to public health, safety or welfare.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-33 Term of Permit; Termination of Permit.

(a) **Term of permit.** A permit for a public pay telephone shall continue in effect, unless earlier revoked or suspended by the Commissioner pursuant to §6-37 of this subchapter or §23-404 of the Administrative Code, for the term of the franchise held by the owner of such telephone except:

(1) as provided in subdivision (a) of §6-38 of this chapter in regard to newly permitted telephones owned by the telephone company;

(2) as provided in subdivision (b) of this section;

(3) as provided in subdivision (b) of §6-38 of this chapter in regard to a public pay telephone the owner of which has not been awarded a franchise;

(4) as provided in §6-46 of this chapter;

(5) as provided in subdivision (c) of §6-31 of this chapter in regard to an owner of public pay telephones that has persistently failed to maintain such telephones free of graffiti or has otherwise failed to repair such telephones or maintain such telephones in a safe and clean condition; or

(6) if the Commissioner determines after grant of the permit that the permitted public pay telephone was located or

installed in violation of any applicable provision of subchapter D of this chapter.

(b) **Termination of permit.** (1) The Commissioner may terminate a permit and require the removal of a public pay phone upon a determination that (i) the public pay telephone unreasonably interferes with or, as a result of changed conditions, will unreasonably interfere with the use of a street by the public or constitutes a public nuisance; or (ii) that removal of the public pay telephone is required in connection with a street widening or other capital project.

(2) The Commissioner shall notify the permittee of his or her intention to terminate the permit and the reason for such proposed action. No later than five business days following such notification, the permittee may submit a letter to the Commissioner setting forth any reasons why such permit should not be terminated and such telephone removed. The Commissioner shall review the reasons set forth in such letter and shall determine whether to terminate the permit and require the removal of the telephone. The Commissioner shall notify the permittee of his or her final determination and the reasons therefor and shall, where applicable, specify in such notice the date by which the telephone shall be removed. In the event that the permittee fails to remove the public pay telephone by the date specified by the Commissioner, the Commissioner may remove or cause the removal of the public pay telephones and have repair and restoration work performed at the expense of the permittee, who shall be liable in a civil action for the amount expended by the City.

(3) (i) In the event that a public pay telephone is removed in connection with a street widening or capital project as provided in subparagraph (b)(1)(ii) or at the request of the Commissioner, the permittee may apply to the Commissioner for permission to reinstall the public pay telephone at another location (provided however that such installation shall be compliant with §6-41 of this chapter, unless such compliance is waived in writing by the Commissioner) or, following the completion of such street widening or capital project, at or near its original location. A fee will not be required.

(ii) Where such permission is granted, the permittee shall not be required to obtain a new permit for the public pay telephone and the permit previously issued for such public pay telephone shall continue in effect. In the event that the permittee elects not to install such public pay telephone at another location, the fee for such a permit shall be kept in reserve and may be applied to the next permit requested by the permittee.

(iii) If such public pay telephone is reinstalled at another location the permittee may apply to the Commissioner for a new permit to install another public pay telephone following the completion of such street widening or capital improvement at the same address as the original public pay telephone previously removed in connection therewith. The Commissioner, acting at his or her discretion, may award or deny such application based upon a determination that such action is in the best interests of the City.

(iv) If a pending application pursuant to paragraph (b)(2) of §6-35 would, if granted, render the location requested in the application under this subdivision (b) inconsistent with §6-41 of this chapter, then the application under this subdivision shall not be granted unless the pending application pursuant to paragraph (b)(2) of §6-35 shall be rejected. If the pending application pursuant to paragraph (b)(2) of §6-35 shall be granted, the application for relocation under this subdivision shall be denied.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-34 Consent of Building Owner/Commercial Lessee Required.

(a) **Opening, drilling or other physical alteration.** No permit for a public pay telephone shall be issued or renewed pursuant to this subchapter without the written consent of the owner of an affected building or other private property where the installation of such public pay telephone requires the opening, drilling or other physical alteration of a building facade or other private property or the affixing of such telephone to a building facade or other private property. Such consent shall be provided to DoITT in either of the following two forms:

(1) a photocopy of an effective and binding written agreement signed by the building owner which grants the owner of the applicable public pay telephone such rights to open, drill or otherwise physically alter (including, without limitation, affixing the telephone to) the building facade or private property as are necessary to install and operate such public pay telephone, which photocopy shall be accompanied by a sworn and notarized written certification from the public pay telephone owner certifying, under penalty of perjury, that the attached photocopy is a true and complete copy of a document signed by the building owner, or

(2) an alternative consent form to be prescribed by the Commissioner.

(b) **Access through conduit.** (1) Where the installation of a public pay telephone, if accomplished in a manner other than described in subdivision (a) of this section, requires access through an existing conduit or other opening on a building facade or other private property, or such installation is to be made within six feet of a building line, no permit

shall be issued or renewed without the written consent of either the building owner or the commercial lessee.

(i) If the consent is from the building owner, the form of such consent shall be provided to DoITT in either of the following two forms:

(A) a photocopy of an effective and binding written agreement signed by the building owner which grants the owner of the applicable public pay telephone any and all rights of access necessary to install and operate such public pay telephone (or, if no such access is required but the applicable installation is to be within six feet of the building line, granting the building owner's consent to such location) which photocopy shall be accompanied by a sworn and notarized written certification from the public pay telephone owner certifying, under penalty of perjury, that the attached photocopy is a true copy of a document signed by the building owner; or

(B) an alternative consent form to be prescribed by the Commissioner.

(ii) If the consent is from the commercial lessee, the requirements for the form of such consent shall be the same as that for consent from the building owner as set forth in the preceding subparagraph (i), except that references to "building owner" in subparagraph (A) of said subparagraph (i) above shall be deemed to refer to "commercial lessee" and except that in addition to the consent required under subdivision (i) above, there shall also be required a certification by the commercial lessee certifying that the building owner has authorized the commercial lessee to grant such consent and the commercial lessee has provided the building owner (or its authorized agent) with written notification (by certified mail) of such granting of consent (such written notification to include the name and address of the owner of the public pay telephone and the location of the public pay telephone in relation to the building). Such certification by the commercial lessee must be accompanied by proof of mailing of the notification to the building owner referred to in such certification.

(2) Within thirty (30) days of receipt by a building owner of a commercial lessee's consent pursuant to subdivision (1) of this subdivision (b), a building owner or an authorized agent of an owner may object to the installation of a public pay telephone by notifying the applicant for a permit or the permittee, with a copy to the Commissioner, by certified mail. Within ten days of receipt of a notice in compliance with the provisions of this paragraph, such applicant or permittee shall (if the public pay telephone objected to in such notice has been installed) remove such public pay telephone unless he or she responds to the Commissioner, with a copy of such response to the owner, stating why the applicant or permittee believes that the owner lacks authority to object to the installation.

(3) The provisions of paragraph (1) of this subdivision (b) shall not apply in regard to a public pay telephone installed and activated on or before August 1, 1994 that has been in continuous use since such activation date and for which application for a permit has been made within thirty days of the award of a franchise to the owner of such telephone.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-35 Notification by Department to Agencies and Review of Application for Permits.

(a) **Notification.**

(1) The Department shall notify the Department of Transportation or any successor of such agency, on a periodic basis of the location of public pay telephones for which permits are being sought, except for the telephones identified in the application described in subdivision (a) of §6-38.1 of this subchapter. The Department of Transportation may review such locations and, within thirty (30) business days of such notification, submit comments to the Commissioner in regard to any such telephone or telephones.

(2) The Department shall also, on a periodic basis, notify the pertinent Borough Presidents, Council Members and Community Boards of the opportunity to review permit applications that have been received from franchisees for public pay telephones. A Borough President, Council Member, or Community Board may review any such application and, within thirty business days of such notification, submit comments in writing to the Commissioner in regard to such application. The Commissioner may extend such review period by an additional ninety days upon determining that an additional period is necessary for a full and complete review of such permit applications.

(3) If the Department determines that a proposed public pay telephone is located in an historic district, approval of such application will be contingent upon compliance with the rules of the Landmarks Preservation Commission concerning public pay telephone installations.

(b) **Review of comments and application.**

(1) **Review and conditions.**

(i) The Commissioner shall review the application for permits and any comments received from agencies, Borough Presidents, Council Members, Community Boards, and other members of the public prior to making a determination regarding such permits. The Commissioner shall notify the owner of any requirement that shall be a condition of the issuance of a permit. The owner may, within five (5) business days of such notice from the Commissioner, object in writing to the Commissioner to any such condition. The Commissioner shall review such objection and notify the owner of his or her determination and the reasons therefor.

(ii) Applications are not transferable by the owner who submits such applications. Upon approval of an application, a permit shall be granted only to the entity that submitted the application. If the entity that submitted the application is not eligible to receive a permit, the application will be denied.

(2) **Pending applications for permits.** If two or more applications for permits received by DoITT prior to November 23, 1998 constitute a pair or group of applications only one of which can be granted consistent with subdivisions (f) and (j) of §6-41 of this chapter, then of such pair or group the qualifying application (as defined in paragraph (b)(4) of this §6-35), if any, which was received first by DoITT shall be granted and the other applications in such pair or group shall be denied.

(3) **New applications for permits.**

(i) Applications (other than applications pursuant to paragraph (b)(2) of this §6-35 or to §6-38.1 of this chapter) for permits by franchisees will be accepted for review by the Department with respect to proposed locations in the boroughs of Queens, the Bronx, Brooklyn and Staten Island and in Manhattan north of 96th Street, commencing sixty days after the effective date of this paragraph (b)(3).

(ii) During a period commencing on the 60th day after the effective date of this paragraph and ending on the 150th day after the effective date of this paragraph, public pay telephone franchisees may submit applications. The Department shall review such applications in a first period of permit application review ("the First Review Period"). During the First Review Period, the maximum number of applications submitted by any franchisee may not exceed either the sum of fifty (50) applications plus five per cent (5%) of the franchisee's total number of licensed, permitted and registered public pay telephones as of December 31, 1999, or three hundred (300) applications, whichever is less. Franchisees that share substantial common ownership (as defined in §6-01 of Subchapter A) shall be treated as a single franchisee for purposes of §6-35(b)(3).

(iii) Each franchisee shall assign a priority number (the "Priority Number" or "Priority") to each application submitted during the First Review Period. The Department will conduct a lottery among all franchisees submitting one or more applications during the First Review Period to assign randomly the order in which each franchisee's applications will be reviewed (the "Order of Review Number" or "Order of Review"). The Department will first review (and determine whether to grant or deny) the highest Priority Number "Qualifying" application (as defined in paragraph (b)(4) of this §6-35) of the franchisee that received Order of Review Number 1. After determination of that application, the Department will review and determine the highest Priority Qualifying application of the franchisee with Order of Review Number 2. The Department will continue to review the highest Priority Qualifying applications submitted by each franchisee, according to the franchisees' Order of Review numbers, until all of the highest priority Qualifying applications have been reviewed and determined. Thereafter, the Department will review the application designated with the second highest Qualifying Priority Number, but beginning with the franchisee having the last Order of Review Number assigned in the lottery. Upon completion of all of the second highest Priority Qualifying applications, the Department will begin reviewing all third highest Priority Qualifying applications (and all subsequent odd-numbered Priority Qualifying applications) again beginning the review with the franchisee having Order of Review Number 1.

Fourth highest Priority Qualifying applications (and all subsequent even-numbered Priority Qualifying applications) will be reviewed beginning with the franchisee having the last Order of Review Number, until all applications received in the First Review Period have been determined.

(iv) An application for permit under this paragraph (b)(3) will not be granted during the pendency of any application for permit under paragraph (b)(2) of this §6-35 that would, if granted, permit the placement of a public pay telephone in a location that would render the location requested in the application under this paragraph (b)(3) inconsistent with §6-41 of this chapter. If such application under paragraph (b)(2) is approved and a permit granted, then such application under this paragraph (b)(3) will be denied.

(4) A "qualifying" application for a permit is defined as an application that would be granted under the provisions of this chapter if there were no competing application for permit.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-36 Revocation of Permits, Removing and Rendering Public Pay Telephones Inoperable.

(a) **Grounds for action by the Commissioner.** The Commissioner may take such action pursuant to this section that he or she deems necessary and appropriate where:

(1) there is reasonable cause to believe that an owner, or any employee, agent or independent contractor of such owner has violated the provisions of chapter 4 of title 23 of the Code or any provision of this chapter, or any of the terms or conditions contained in the permit for a public pay telephone issued pursuant to the provisions of subchapter C or the terms and conditions of the owner's franchise agreement;

(2) a public pay telephone unreasonably interferes with the use of a street by the public or the use of abutting private property or constitutes a danger to life or property or a public nuisance;

(3) a knowing material omission or false statement has been made in relation to any application or certification made pursuant to this chapter; or

(4) an owner of a public pay telephone has failed to pay any fines or penalties imposed in relation to such telephone.

(b) **Actions by the Commissioner.** In addition to any civil or criminal penalties provided by law, the

Commissioner may take one or more of the following actions upon the occurrence of an event described in subdivision (a) of this section.

(1) **Revocation of permit and removal of telephone.** The Commissioner may revoke a permit, and upon such revocation, may further order the removal of the public pay telephone for which such permit has been issued. In the event the permittee fails to remove the public pay telephone and to perform related repair and restoration work within the time period specified by such order, the Commissioner may remove or cause the removal of the public pay telephone and have repair and restoration work performed at the expense of the former permittee, who shall be liable for the amount expended by the City.

(2) **Rendering a telephone inoperable.** The Commissioner may render a public pay telephone inoperable except for the purpose of emergency telephone service through the 911 system or an operator. Such action may continue until the permittee has corrected the condition to the satisfaction of the Commissioner and payment has been made of all civil penalties imposed for the violation and any fees for any administrative expense or expense of additional inspections incurred by the City as a result of such condition. The Commissioner shall affix to any public pay telephone rendered inoperable pursuant to this paragraph a notice advising the public that the phone may be used only for emergency telephone service through the 911 system or an operator and setting forth the provisions of §23-408(i)(1)(cc) of the Code. Any device utilized by the Commissioner for the purpose of rendering a public pay telephone inoperable shall be designed so as to permit the unimpaired use of the public pay telephone upon the removal of the device.

(3) **Suspension of review of applications.** The Commissioner may suspend review of all applications for the issuance or renewal of permits filed by such owner pursuant to this chapter. Such suspension may continue until the condition has been corrected to the satisfaction of the Commissioner and payment has been made of all fines or civil penalties imposed for the violation, any costs incurred by the City for removal and related repair or restoration work, and any fees for any administrative expense or expense of additional inspections incurred by the City as a result of such condition.

(4) **City authority to operate.** The Commissioner may invoke the Department's authority pursuant to §6-47 of this chapter.

(c) **Notification to permittee and opportunity to contest Commissioner's action.** Except as provided in subdivision (e) of this section, before taking an action pursuant to this section, the Commissioner shall notify the owner of a public telephone with regard to which the action is proposed of the reason for such proposed action. Such notice shall specify the action, if any, that may be taken by the permittee to correct the condition and the manner and time period in which such condition must be corrected or in which, if the condition is not one that is capable of correction, the time by which the telephone shall be removed. Except as provided in subdivision (d) of this section the owner shall respond no later than five business days following such notice. Such response shall either: (i) certify to the Commissioner that such condition has been corrected in accordance with the manner specified by the Commissioner in such notice; or (ii) set forth the reasons why the Commissioner should not take the proposed action. Failure of an owner to timely respond to such notice by the Commissioner shall constitute default, and shall subject the owner to revocation of the permit and removal of the telephone pursuant to the provisions of subdivision (a) of this section. The Commissioner shall review the response of the permittee and notify the permittee of the final determination and the reasons therefor.

(d) **Expedited removal of public nuisance.** Notwithstanding any other provision of this section the Commissioner may, upon determination that a public pay telephone constitutes a public nuisance, notify the permittee of such determination and order that such telephone be removed within five (5) business days. A permittee may respond in writing to the Commissioner no later than five (5) business days following receipt of such notice setting forth any reasons why such telephone does not constitute a public nuisance. If, following review of such reasons, the Commissioner makes a final determination that such telephone constitutes a public nuisance, the Commissioner shall notify the permittee that such telephone must be removed forthwith. Failure to remove such telephone forthwith will

subject the telephone to removal by the Department and repair and restoration work shall be performed at the expense of the permittee, who shall be liable in a civil action for the amount expended by the City.

(e) **Emergency removal of telephone by Department.** (1) Notwithstanding any other provision of this section, if the Commissioner determines that an imminent threat to life or property exists, the Commissioner may remove or cause the removal of a public pay telephone and have repair and restoration work performed at the expense of the owner, without affording the owner an opportunity to be heard prior to such removal. The Commissioner may, if he or she determines that such telephone can be safely reinstalled and maintained, permit the owner to reinstall such telephone.

(2) No more than five (5) business days following the removal of a public pay telephone pursuant to paragraph (1) of this subdivision, an owner of such telephone who is a permittee shall be provided notice of such removal and the reasons therefor and may respond to the Commissioner in writing setting forth the reasons why such telephone should not have been removed. The Commissioner shall review such response and notify such owner within ten days of receipt of such response of his or her final determination and the reasons therefor.

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-37 Determination of Public Nuisance.

For the purposes of this subchapter, "public nuisance" shall have the meaning set forth in §23-401 of the Code and §6-01 of subchapter A of this chapter. The Commissioner may determine that a public pay telephone constitutes a public nuisance when a written complaint is made, including, but not limited to a complaint by the Community Board in the Community District in which such telephone is located stating that such public pay telephone constitutes a public nuisance, as so defined. The complaint must also be verified by the police precinct in which such telephone is located.

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-38 Interim Issuance of Permits.

(a) **New telephones owned by the telephone company.** Notwithstanding the provisions of §6-31 of this subchapter which limit the issuance of permits to persons who possess a franchise to install, maintain or operate public pay telephones on, over or under any street or other inalienable property of the City, the telephone company may, if it is in compliance with the provisions of this chapter with respect to its public pay telephones installed and activated prior to March 1, 1996 and not licensed pursuant to former §19-131 or 19-128 of the Code, apply to the Commissioner on or after March 1, 1996 for the issuance of permits for the installation, operation and maintenance of new public pay telephones. A permit issued pursuant to this paragraph shall remain in effect until March 1, 1999 unless the telephone company is awarded a franchise, in which case such permit shall expire upon the expiration of such franchise.

(b) **Other telephones.** Notwithstanding the provisions of §6-31 of this subchapter which limit issuance of permits to persons who possess a franchise to install, operate or maintain public pay telephones on, over or under any street or other inalienable property of the City, an owner of public pay telephones other than the telephone company may apply to the Commissioner for the issuance of permits for the installation, operation or maintenance of new public pay telephones provided that:

(1) all public pay telephones of such owner installed and activated prior to March 1, 1996 are identified on a registry submitted to the Department by such owner and the owner has paid the occupancy fee for such telephones as provided in subchapter A of this chapter; and

(2) none of the following has occurred: (i) the owner has declined to respond to the request for proposals or other solicitation of proposals issued by the Department for the purpose of entering into franchise agreements for the installation, operation and maintenance of public pay telephones within the time period specified in such request for proposals or other solicitation of proposals; (ii) the Commissioner has determined not to propose the award of a franchise to such owner to the Franchise and Concession Review Committee or (iii) the Franchise and Concession Review Committee has determined not to approve the proposed franchise agreement for such owner. Permits issued pursuant to this subdivision shall expire upon the occurrence of any of the foregoing. In the event that the owner is granted a franchise to install, operate, and maintain public pay telephones, such permits shall continue in effect for the term of the franchise.

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-38.1 Conversion of Licensed and Interim Registry Public Pay Telephones to Permit Status Following Franchise Award.

(a) **Previously licensed telephones owned by the telephone company.**

(1) In the event that the telephone company is awarded a franchise for the installation, operations and maintenance of public pay telephones, the telephone company may request the issuance of permits for any or all existing telephones owned by such company for which a license previously was issued pursuant to former §19-131 or 19-128 of the Code. Such application shall consist of a letter identifying the precise location and license number of each existing public pay telephone for which the telephone company seeks a permit. Notwithstanding any other provision of this subchapter, no fee shall be charged for a permit pursuant to this subdivision. Any existing public pay telephone for which the telephone company does not seek a permit shall be removed by the telephone company no later than sixty days following the award of such franchise and, if not so removed, shall be subject to removal pursuant to §23-408 of the Code. Failure to remove shall also be deemed a violation for purposes of subdivisions (a) and (c) of such section.

(2) The Commissioner shall issue permits requested pursuant to this subdivision no later than ninety days following the award of the franchise unless: (i) within sixty days following the award of the franchise, the Commissioner has objected to the continued maintenance and operation of an existing public pay telephone upon the basis that such continued maintenance and operation would be inconsistent with the provisions of Local Law Number 68 for the Year 1995, or would not be in compliance with the provisions of this chapter or of any Federal or State

regulatory authority having jurisdiction over the provision of public pay telephone service, and (ii) such conditions have not been cured within the time specified by the Commissioner. The telephone company shall remove all existing public pay telephones for which a permit has not been granted pursuant to this paragraph on or before the one hundred twentieth (120) day following the date the franchise is granted and, if not so removed, such telephones shall be subject to removal pursuant to §23-408 of the Code and shall be deemed a violation for purposes of subdivisions (a) and (c) of such section.

(b) **Telephones owned by companies other than the telephone company.**

(1) No later than thirty (30) days following the award of a franchise to an owner other than the telephone company, such owner may apply for the issuance of permits for those public pay telephones identified in a registry submitted pursuant to subchapter B of this chapter (i) for which the Commissioner made no objection or an objection was cured within the time required by the Commissioner, and (ii) which were not otherwise in violation of any provision of §6-41 of this chapter which is applicable to such public pay telephones under §6-40 of this chapter or of the wiring rules under §6-43 of this chapter; provided all the annual interim occupancy fees have been paid for the public pay telephones in such registry. Any such public pay telephone for which such owner does not apply for a permit shall be removed by the owner within sixty days following the award of the franchise, and if not so removed, shall be subject to removal pursuant to §23-408 of the Code and shall be deemed a violation for purposes of subdivisions (a) and (c) of such section.

(2) An owner who has submitted an application pursuant to paragraph (1) of this subdivision (b) shall not be required to remove the public pay telephone to which such application relates unless and until the earlier of the following has occurred; (i) the owner fails to timely cure a condition specified in a notification provided by the Commissioner or (ii) the application for a permit for such telephone is denied. Any such public pay telephone shall be removed within thirty days of an occurrence described in this paragraph and, if not so removed, shall be subject to removal pursuant to §23-408 of the Code and shall also be deemed a violation for purposes of subdivisions (a) and (c) of such section.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

APPENDIX B*8 CERTIFICATION

SUBCHAPTER C*5 PERMITS FOR PUBLIC PAY TELEPHONES

§6-38.2 Moves to the Curb.

(a) **Request for move to curb.** A holder of a public pay telephone permit which was granted pursuant to §6-38.1 of this chapter (or the owner of a public pay telephone registered pursuant to subchapter B of this chapter, if such owner holds a public pay telephone franchise from the City and a permit application pursuant to subdivision (b) of §6-38.1 of this chapter for such payphone has been submitted to DoITT and is pending, excluding such public pay telephones registered pursuant to paragraph (a)(2) of §6-24) may change the location of such public pay telephone, without applying for a new permit, provided that:

(1) the permittee submits a "Request for Move to Curb," in a form to be specified by the Commissioner, accompanied by a filing fee of three hundred ninety-five dollars ($395);

(2) the proposed new location will be along a straight line running from and perpendicular to the street nearest the existing location of such public pay telephone and ending at the existing location of such public pay telephone (the "Move to Curb Path") unless no other application is pending for the affected block-face, in which case the public pay telephone may apply for any curbside location, on the same block-face, in front of the same address;

(3) notice of such "Request for Move to Curb" is provided to the Department of Transportation, and the applicable Community Board, in the same manner as notice of an application for a new permit is to be provided under this chapter;

(4) after the proposed change the applicable public pay telephone will be in compliance with all of the provisions of subchapter D of this chapter, including without limitation those provisions (such as, for example, subdivisions (f) and (j) of §6-41) as would not be applicable to such public pay telephone if it were to remain at its original location or, if such proposed new location would not be in compliance with the provisions of subchapter D of this chapter, the proposed new location could be brought into compliance with subchapter D of this chapter by a six (6) inch lateral alteration of the proposed new curb side location along an axis perpendicular to the "Move to Curb Path" along which the public pay telephone installation is proposed to be moved; and

(5) the Commissioner, after reviewing any comments received from the entities described in the preceding paragraph (3), determines, in his or her discretion, that such change would be in the best interest of the City and confirms such determination by the issuance of a written approval of the Request for Move to Curb.

(b) **Consolidation option.** For valid applications or agreements pursuant to this section received prior to the effective date of this amendment, if a Request for Move to Curb would be subject to denial by reason of noncompliance with subdivision (j) of §6-41 of this chapter, then the owner of the telephone or telephones with respect to which a Request for Move to Curb is being submitted shall, in lieu of utilizing the location required under paragraph (a)(2) of this §6-38.2, have the option of:

(1) entering into an agreement with an owner (the "curb line owner"), of an existing curb line public pay telephone installation located on the same block as the applying owner, which installation contains less than the maximum number of public pay telephones permitted under this chapter. Pursuant to such an agreement, the applying owner and curb line owner would operate public pay telephones in a joint installation at the existing curb location (provided that the result of such consolidation would be compliance with subdivision (j) of §6-41 of this chapter, and that such joint installation would comply with all other conditions to, and requirements for, approval of a Request for Move to Curb (including, without limitation, submission of the appropriate form and fee and approval by the Commissioner)); or

(2) entering into an agreement with another owner who also seeks to move a public pay telephone installation on the same block to the curb line, pursuant to which agreement the two owners would operate public pay telephones in a joint installation in which each public pay telephone (and the overall installation) would be authorized under paragraph (a)(2) of §6-38.2 of this chapter (provided that the result of such consolidation would be compliance with subdivision (j) of §6-41 of this chapter, and that such joint installation would comply with all other conditions to, and requirements for, approval of a Request for Move to Curb (including, without limitation, submission of the appropriate form and fee and approval by the Commissioner)); or

(3) submitting to the Department Requests for Move to Curb for two or more of the applying company's public pay telephone installations located on the same block, pursuant to which the owner would operate such public pay telephones in a joint installation in which each public pay telephone (and the overall installation) would be authorized under paragraph (a)(2) of §6-38.2 of this chapter (provided that the result of such consolidation would be compliance with subdivision (j) of §6-41 of this chapter, and that such joint installation would comply with all other conditions to, and requirements for, approval of a Request for Move to Curb (including, without limitation, submission of the appropriate form and fee and approval by the Commissioner)).

(c) **Timetable.** (1) The Commissioner shall issue a form of "Request for Move to Curb" within ten (10) business days of the effective date of this §6-38.2, which form the Commissioner may amend from time to time.

(2) All Requests for Move to Curb properly and fully filled out and submitted within ninety (90) days of the effective date of this §6-38.2 ("Initial Requests") will be reviewed by the Department, and will be approved or denied within twelve months of the effective date of this §6-38.2, provided that such twelve month date shall be subject to extension by order of the Commissioner.

(3) The order in which the Department reviews Initial Requests will not be related to the order of submission of

such Initial Requests. All Requests for Move to Curb which do not qualify as Initial Requests under the preceding paragraph (2) shall be reviewed by DoITT after all Initial Requests have been reviewed.

§6-39 Removal of Telephones by the Department and Disposition of Removed Telephones.

(a) Any public pay telephones not removed by a permittee in compliance with an order of the Commissioner pursuant to this chapter shall be subject to removal pursuant to §23-408 of the Code, and failure to so remove shall also be deemed a violation of subdivisions (b) and (c) of such section.

(b) Any telephone removed pursuant to this chapter that is not claimed by its owner within thirty (30) days of removal shall be deemed abandoned pursuant to §23-408 of the Administrative Code. All abandoned public pay telephones may be sold at public auction after having been advertised in the City Record and the proceeds paid into the general fund or such abandoned telephones may be used or converted for use by the Department or by another City agency. A public pay telephone shall be released to the owner upon payment of the costs of removal, repair and restoration work, storage, and any fees for any administrative expense or expense of additional inspections incurred by the Department as a result of the violation, or, if any action or proceeding for the violation is pending in a court or before the Environmental Control Board, upon the posting of a bond or other form of security acceptable to the Commissioner in an amount which will secure the payment of such costs and any fines or civil penalties which may be imposed for the violation. If the owner does not claim a public pay telephone that has been removed, the owner shall still be liable for said costs.

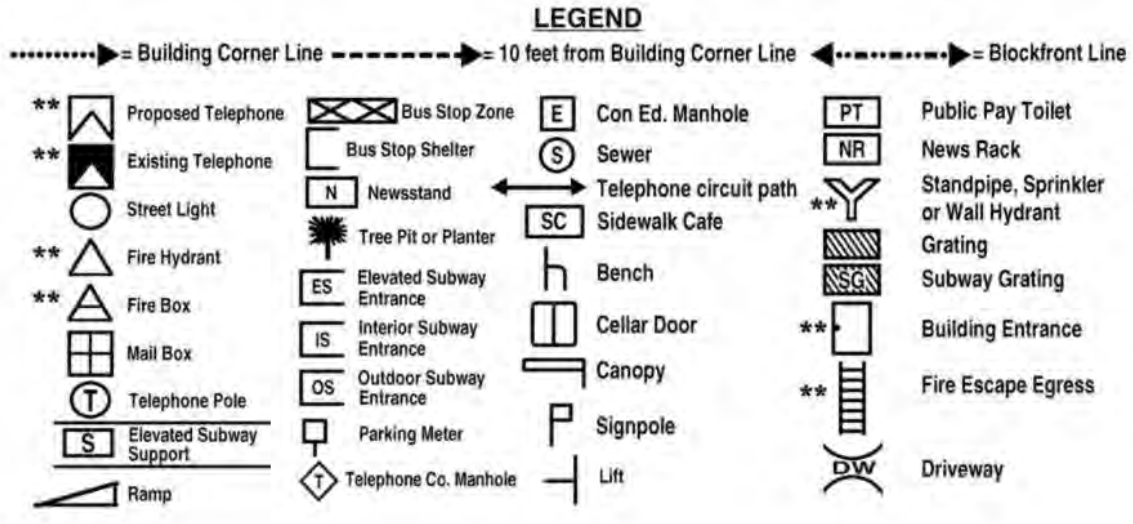
C. PLEASE NOTE: A Street Opening Permit may be required from the City of New York, C. Department of Transportation

C. You must complete the diagram indicating the proposed PPT installation area using the icons provided on the legend below. You must also indicate distances from all street furniture on the building line or the curb line to the proposed Public Pay Telephone(s) including distance from curb for curbside installations. You must indicate the length of the entire blockfront.



Applicant Authorized Personnel Print Name and Title Applicant Authorized Personnel Signature Date

D. Applicants are advised that a Public Pay Telephone shall be installed, operated and maintained in compliance with all provisions of Federal, State and local law, rules and regulations.

Applicant must complete the attached locational diagram of this form indicating the proposed PPT installation area using the icons provided in the legend. Applicant must indicate the distances, in feet, from all street furniture on the block front of the proposed Public Pay Telephone.

The applicant shall maintain all required clearance from street furniture as set forth in Chapter 6 of Title 67 of the Rules of the City of New York (the "Payphone Rules") and clearance of water mains and their appurtenances required by the Bureau of Water Supply Standards, and shall comply with all applicable law, rules and regulations. The siting rules for Public Pay Telephones are located primarily at §6-41 of the Payphone Rules. The applicant agrees to assume the cost for removal of any and all of their facilities that would interfere with the repair, maintenance and/or replacement of underground facilities.

E. The Applicant agrees that any Permit issued hereunder is subject to all applicable laws and regulations of the City of New York. This permit shall be subject to revocation as provided in the Rules of the Commissioner of the Department of Information Technology and Telecommunications as set forth in the Payphone Rules, and as provided in all other applicable provisions of Federal, State and local law, rules and regulations.

F. In addition to the street diagram, you must submit a 17" × 14" enlargement of the block the blockfront is part of, clearly showing addresses, side streets, compass directions, and intersection corners for the blockfront in question. This enlargement should be made using a Sanborn Map from the Building and Property Atlas, 20th Edition 1999, or any definitive successor thereto, or any other authority the City may specify in the future.

G. If the blockfront is irregular and does not conform to a standard grid format (i.e. four corners per intersection) you must submit a scale diagram containing the information found on the standard diagram plus a Sanborn enlargement, or any definitive successor thereto, or any other authority the City may specify in the future.

H. All Sanborn enlargements, or any definitive successor thereto, or any other authority the City may specify in the future, must indicate the proposed PPT location(s), the location of all other PPT's on the blockfront, and all PPT's within

50 feet of the corner for all corners of the intersection relating to the blockfront in question.

27 Not more than 1 PPT installation of one payphone on a sidewalk that is equal to or less than 100 ft.

28 Not more than 2 PPT installations (maximum of 4 PPT's) on a sidewalk that is more than 100 ft. and less than 300 ft.

29 Not more than 2 PPT installations (maximum of 6 PPT's) on a sidewalk that is more than 300 ft. and less than 600 ft.

30 Not more than 3 PPT installations (maximum of 9 PPT's) on a sidewalk that is 600 ft. or more

31 Not more than 1 installation of a PPT 50 ft. from corner boundary of any street corner at an intersection

32 Not less than 3 ft. from traffic sign or sign pole

33 Not less than 4 ft. from traffic or street light

34 Not less than 5 ft. from the entrance or end of a wheel chair ramp or lift

35 Not more than 4 PPT installations at intersection

36 Not installed on pavement other than concrete, or installed on concrete pavement with other than 4 x 4 or 5 x 5 flags

37 Not less than 10 ft. from corner (Within the Corner Quadrant)

38 Will not impede pedestrian traffic

39 Will not affect the structural integrity of vault or sewer

40 Not more than 3 PPT's installed on a single pedestal

NO (in violation) YES (in compliance) REQUIRED PHOTOS TO BE ENCLOSED

Proof that sidewalk is Not Distinctive Sidewalk

Proof that PPT is more than 50 ft. from another PPT installation

If within an intersection, a Photo(s) taken from a distance of more than 50 feet from every side and corner of the intersection showing the area covered by a 50 foot radius of the corner

Photos of entire sidewalk area of the proposed "move-to-the-curb" location from front-on, left, and right (total of 3 pictures)

Photo(s) of specific PPT(s) "Moving-to-the-Curb" (for Move-to-Curb Applications)

SUBCHAPTER D*6 REQUIREMENTS FOR PUBLIC PAY TELEPHONES

§6-40 Applicability.

(a) A public pay telephone shall comply with the requirements set forth in this subchapter provided, however, that the provisions of subdivision (d), subparagraphs (i), (ii), (vii), (viii) and (x) through (xxiv) of paragraph (e)(2), and subdivisions (f) through (n) of §6-41 of subchapter D shall not apply to the following:

(1) a public pay telephone permitted pursuant to this chapter that was previously licensed pursuant to former §19-131 or 19-128 of the Code; or

(2) a public pay telephone permitted pursuant to this chapter installed prior to March 1, 1996 that was listed on an interim registry pursuant to the provisions of subchapter B of this chapter and that has not been objected to by the Commissioner pursuant to §6-24 of this chapter.

(b) A public pay telephone for which an interim permit has been issued pursuant to subchapter C of this chapter shall comply with the requirements set forth in this subchapter provided, however, that the provisions of paragraph (j)(2) of §6-41 shall not apply to public pay telephones issued interim permits prior to June 26, 1998.

(c) A public pay telephone that is not in compliance with the provisions of this subchapter shall be in violation thereof and the owner of such telephone shall be subject to the penalties set forth in §6-02 of this chapter (and the grant by the Commissioner of a permit for a public pay telephone, whether under §6-38, §6-38.1, §6-31 or otherwise, shall

not be deemed to be a waiver of such required compliance or to immunize an owner from such penalties).

67 RCNY 6-41

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

APPENDIX B*10 CONSENT FORM AND CERTIFICATION

SUBCHAPTER D*6 REQUIREMENTS FOR PUBLIC PAY TELEPHONES

§6-41 Siting and Clearance Requirements.

(a) **Pedestrian passage.** Sidewalk clearance must be maintained so as to ensure a free unobstructed pedestrian passage of eight feet or one-half the width of the sidewalk, whichever is greater. For building line public pay telephones, sidewalk clearance shall be measured perpendicularly from the curb line to a point on the public pay telephone installation in closest proximity to the curb line. For curb line public pay telephones, sidewalk clearance shall be measured perpendicularly from the building line to a point on the public pay telephone installation in closest proximity to the building line.

(b) **Crosswalks and sight lines.** Pay telephone installations shall not obstruct or interfere in any manner with curb cuts or crosswalks and shall not interfere with free, unobstructed passage and unobstructed lines of sight for vehicular traffic.

(c) **Fire escapes and building access.** (1) A public pay telephone may not be located where it will interfere with the normal operations of a fire escape or where it will obstruct or impede the free use of any means of egress required by the Building Code.

(2) A public pay telephone shall not be located in a manner that prevents a cellar door from opening to its fullest extent.

(3) A public pay telephone installed subsequent to March 1, 1996 shall not be placed at the curb directly opposite a building entrance or cellar door.

(4) A public pay telephone installed subsequent to March 1, 1996 at the building line, shall not be installed within three feet of a building entrance or cellar door if such installation would result in users of such public pay telephone blocking such building entrance or standing on such cellar door.

(d) **Underground vaults and sewers.** A public pay telephone shall not be installed in such a manner so as to affect the structural integrity of an underground vault or sewer.

(e) **Distances required.**

(1)(i) A public pay telephone shall not be installed on or over the sidewalk or other inalienable property of the City immediately parallel to a landmark site, as such term is defined in §25-302 of the Code. If a public pay telephone was installed parallel to a landmark site prior to September 16, 1998, the owner may receive a permit but shall be subject to the rules of the Landmarks Preservation Commission regarding advertising in historic districts whether or not the landmark site is located in a historic district.

(ii) No permit under this chapter shall be granted for any site within an "Historic District", as that term is defined in §25-302 of the Code unless the permit application conforms to the Landmarks Preservation Commission rules concerning public pay telephones.

(2) Unless otherwise authorized by the Commissioner in writing, public pay telephones shall not be installed within:

(i) 3 feet of a traffic sign;

(ii) 4 feet of a traffic light;

(iii) 5 feet of the end of a ramp of an entrance to or an exit from a wheelchair lift;

(iv) 15 feet of the entrance way of an outdoor or elevated subway entrance, except where the public pay telephone is attached to, or is immediately adjacent to, the building and clear pedestrian passage is maintained;

(v) 5 feet from a subway station entrance;

(vi) 15 foot radius of a fire hydrant and, unless otherwise authorized by the Commissioner in writing, within 5 feet of a standpipe and/or sprinkler, siamese connection or wall hydrant;

(vii) 3 feet from a subway grate, utility hole cover, or transformer vault;

(viii) 15 feet of a sidewalk cafe;

(ix) 15 feet of a bus stop zone unless the public pay telephone is attached to a bus stop shelter within the zone or is installed at the building line and does not obstruct pedestrian passage on the sidewalk;

(x) 15 feet of a newsstand unless the public pay telephone is attached to such newsstand or is installed at the building line and does not obstruct pedestrian passage of the sidewalk;

(xi) 15 feet of a public pay toilet unless the public pay telephone is attached to such public pay toilet or is installed at the building line and does not obstruct pedestrian passage on the sidewalk;

(xii) 5 feet of a bench located at the curbline;

(xiii) 10 feet of a driveway unless the public pay telephone is attached to or immediately adjacent to a building immediately adjacent to such driveway;

(xiv) 5 feet of a canopy as defined in §19-124 of the Code;

(xv) 4 feet of a mailbox located at the curbline;

(xvi) 4 feet of the base of a street light;

(xvii) 4 feet of a parking meter;

(xviii) 3 feet of a fire box unless otherwise approved in writing by the Commissioner; (xix) 3 feet of a news rack located at the curbline unless the public pay telephone is attached to the newsrack;

(xx) 3 feet of a newsbox located at the curbline;

(xxi) 5 feet of a tree (without a tree pit);

(xxii) 3 feet of a grating if the public pay telephone is installed at the building line and does not cover the grating or in any way impede the opening of the grating;

(xxiii) 3 feet of a signpole;

(xxiv) 3 feet of the edge of a tree pit or planter located at the curbline.

(xxv) 4 feet from a "Pedestal Structure," (herein defined as any telecommunications utility box, cabinet, or enclosure and related construction, such as foundations, that is located, in whole or in part, above grade and within the public right-of-way of a public street and/or sidewalk, except when such structure is attached to a utility pole or other legal street furniture installation);

(xxvi) 8 feet from a bicycle rack; and

(xxvii) 4 feet of any sidewalk encumbrance not specifically enumerated herein.

(f) **Required distance from other public pay telephone.** A pedestal or other structure that holds a public pay telephone shall be located at least fifty (50) feet from any other such pedestal or structure on any one block face. For purposes of this subdivision "block face" shall mean that portion of the sidewalk on one side of a street which is between the building line and the curb and which is between the boundaries of the corner area at either end of the block. For purposes of this subdivision, "corner area" shall mean the area bounded by extending the intersecting building lines to the curb and the lines to the curb between the two extended building lines. Nothing in this section shall be construed to prohibit the placement of a public pay telephone at the building line within ten (10) feet of a corner, provided however that the placement of such public pay telephone on such building line leaves an adequate unobstructed passage for pedestrians.

(g) **Distance from corner and curb.** A public pay telephone installed after April 13, 1995 at the curbline shall not be located within the corner quadrant and the edge of such installation closest to the curb shall be at least 18 inches, but no more than 24 inches, from the curb. For purposes of this subdivision, "corner quadrant" shall mean the area from ten (10) feet on either side of the corner area in conformity with the definition of corner quadrant found in Executive Order No. 22 of 1995. For purposes of this subdivision, "corner area" shall have the same meaning as such term is defined in subdivision (f) of this section.

(h) **Location of public pay telephones in relation to other street furniture or street conditions.** No public pay telephone or public pay telephone pedestal shall be installed in a location: (1) where the City of New York or any

agency thereof has issued a permit for a location-specific street vending installation; (2) for which a revocable consent has previously been issued that would be inconsistent with installation of a public pay telephone or public pay telephone pedestal; or (3) where other street furniture that has been previously authorized is to be located, except that permitted public pay telephones may be affixed or attached to such authorized street furniture pursuant to an agreement between the public pay telephone service provider and the Department, any other City agency with jurisdiction over such street furniture, and the owner of such street furniture.

(i) **Measurements from enclosures.** If a public pay telephone is mounted in an enclosure, the distances set forth in subdivision (e) of this section shall be measured from the side of the enclosure nearest the object in question.

(j) **Number of public pay telephones at any location.** (1) There shall be no more than three (3) public pay telephones installed on a single pedestal or in an in-line configuration on a sidewalk between two street corners in the City. There shall be no more than one wall-mounted public pay telephone in any one location. There shall be a distance of fifty (50) feet between any two installations of public pay telephones. An in-line configuration shall not exceed a footprint of 35" × 120".

(2) There shall be no more than the following number of public pay telephones on any sidewalk between two street corners in the City;

(i) on any such sidewalk that is one hundred (100) feet or less, a maximum of: one public pay telephone installation that includes no more than one public pay telephone;

(ii) on any such sidewalk that is more than one hundred (100) feet and less than three hundred (300) feet, a maximum of: two public pay telephone installations that contain in the aggregate no more than four public pay telephones;

(iii) on any such sidewalk that is at least three hundred (300) feet but less than six hundred (600) feet, a maximum of: two public pay telephone installations that contain in the aggregate no more than six public pay telephones;

(iv) on any such sidewalk that is six hundred (600) feet or more, a maximum of: three public pay telephone installations that contain in the aggregate no more than nine public pay telephones.

(3) There shall be no more than one public pay telephone installation within fifty (50) feet of any corner area of any street corner. "Corner area" shall have the same meaning as set forth thereof in paragraph (f) of this section. Notwithstanding any other provision of this paragraph, in no event shall a public pay telephone be installed where such installation would result in more than four public pay telephone installations within fifty feet of the corner area at any intersection with any number of corner areas. This paragraph shall not apply to public pay telephones installed or issued a notice to proceed by the Department prior to June 26, 1998.

(4) Nothing in this subdivision shall be construed to (i) require the removal of a public pay telephone that has been registered with the Department pursuant to §6-21 of this chapter; or has been issued a permit by the Department prior to the effective date of these rules; or was operational pursuant to a license issued pursuant to the provisions of former §19-128 or 19-131 of the Administrative Code of the City of New York; or (ii) prohibit the installation of a public pay telephone where a notice to proceed has been issued by the Department prior to June 26, 1998.

(5) No permit or request for relocation is to be granted under this chapter if a permit or Request for Move to Curb, notice to proceed or conditional permit has previously been granted which would result in the installation of a public pay telephone that would render the installation sought impermissible under this subdivision (j) or subdivision (f) of this §6-41, unless a waiver is granted by the Commissioner under subdivision (n) of this §6-41 or unless such previously granted permit or Request for Move to Curb, notice to proceed or conditional permit has been terminated or revoked.

(k) **Dimensions of telephones with enclosures.** (1) If mounted in an enclosure, such enclosure should, in the case

of a telephone installed and activated prior to March 1, 1996, be no greater than 35" × 44", and for a public pay telephone installed and activated after March 1, 1996, such enclosure shall be no greater than 35" × 44" for one (1) telephone, no greater than 35" × 88" for an in-line installation of two (2) telephones, and no greater than 35" × 120" for an in-line installation of three (3) telephones.

(2) Except as otherwise waived in writing by the Commissioner, such enclosures shall not exceed 90" in height excluding a mast which shall not exceed 90" in height. (Unless waived in writing by the Commissioner, the total height of the combined public pay telephone and service mast shall not exceed 180"). At no time shall the overhead communications service wiring with a drip loop be less than ten (10) feet above the ground.

(l) **Sidewalks of a distinctive design.** A public pay telephone shall not be installed on, or result in the destruction, damage or removal of any part of, a sidewalk of a distinctive design. For purposes of this subdivision, "sidewalk of a distinctive design" shall include a pavement of granite, slate, bluestone or brick and a sidewalk constructed and approved pursuant to §2-02(f) of Title 34 of the Rules of the City of New York.

(m) A public pay telephone must be installed upon a paved surface, unless such telephone is attached to the facade of building or other structure.

(n) **Waiver by Commissioner.** If the Commissioner determines that a public pay telephone is necessary in a location in order to provide for public health and safety, and one or more provisions set forth in this chapter cannot be satisfied, he or she may waive such provisions of this chapter as may be necessary to permit the installation of a public pay telephone. In no case, however, shall a public pay telephone installation be placed within eighteen (18) inches of a curb or within ten (10) feet from a corner or constitute an impediment to pedestrian traffic or interfere with the function of fire escapes or the unimpeded passage of building inhabitants.

SUBCHAPTER D*6 REQUIREMENTS FOR PUBLIC PAY TELEPHONES

§6-42 Sign Required.

Each public pay telephone location, single or multiple, shall have a sign in a form prescribed by the Commissioner, and consistent with the Rules and Regulations promulgated by the New York State Public Service Commission, installed so that it is visible within the enclosures for such telephone. Such sign shall:

(a) be of dimensions no less than 2" by 5"

(b) include Americans with Disabilities Act ("ADA") symbols indicating that the telephone is equipped to assist hearing impaired persons;

(c) be in compliance with requirements of the ADA;

(d) clearly and legibly identify the owner of the public pay telephone;

(e) clearly and legibly identify the New York State Public Service Commission certified Operator Service Provider of such telephone in the same typeface and in a size that is no larger than that used to identify the owner of the telephone;

(f) contain the following statement: "To register a complaint with the City of New York, call 311."; and,

(g) clearly and legibly identify the public pay telephone using the PPT identification number issued by DoITT.

RULES OF THE CITY OF NEW YORK

Title 67 Department of Information Technology and Telecommunications

APPENDIX B*10 CONSENT FORM AND CERTIFICATION

SUBCHAPTER D*6 REQUIREMENTS FOR PUBLIC PAY TELEPHONES

§6-43 Installation and Maintenance.

(a) **Workmanship.** (1) Materials, workmanship and wiring shall comply with all applicable provisions of Title 27 of the Administrative Code and the National Electrical Safety Code.

(2) Where the nature of any work to be done in connection with the installation, construction, operation, maintenance, repair, upgrade, removal or deactivation requires that such work be done by an electrician, only a licensed electrician shall perform such work.

(b) **Materials.** Materials shall be of good and durable quality, in accord with all applicable codes, and all work shall be performed without unreasonable disruption of public streets.

(c) **Installation.**

(1) Every public pay telephone installation (as such is defined in §6-01 of this chapter) shall be maintained in a condition of good repair. All painted surfaces must receive a fresh coat of paint at least once a year.

(2) Broken or missing lights, broken or unattached or missing advertising panels or other components of a public pay telephone enclosure shall all be repaired or replaced, as applicable, within seventy-two hours, of being damaged, provided however that upon notice from the Department, such disrepair shall be remedied within forty-eight (48) hours.

(3) Dangling or protruding wires, whether originating from the enclosure or the pedestal or conduit of a public pay telephone installation, shall be repaired within forty-eight (48) hours of the commencement of such state, provided however that upon notice from the Department, such disrepair shall be remedied within twenty-four (24) hours.

(4) The pedestal(s) upon which a public pay telephone enclosure is mounted shall be kept free of holes or missing or unattached plates, or missing or unattached or broken mounting brackets, screws or bolts or other attachments, covers, panels or associated equipment, and upon notice of non-compliance with this subdivision (c), the pedestal(s) shall be repaired within forty-eight (48) hours.

(5) Notwithstanding the foregoing, any dangerous condition shall be fixed as soon as possible but no later than twenty-four hours. For the purposes of this subdivision (c), the definition of "dangerous condition" shall include, but not be limited to, a public pay telephone installation and associated equipment possessing jagged or sharp edges, improperly grounded or insulated or bare telephone or electrical wires carrying electrical current, and deteriorated or damaged sidewalk flags.

(d) **Telephone service.** A public pay telephone shall be maintained such that upon proper payment, a call can be completed. For example, a public pay telephone that could not complete a call to a location or instrument using "anonymous call rejection" on a caller ID or caller number identification device would be in violation of this subdivision (d) of §6-43 and of subdivision (b) of §6-05 of this chapter.

(e) **[Reserved]**

(f) **Wiring.** (1) Overhead communications wiring between the building line and the curb is prohibited.

(2) Overhead communications wiring that crosses the street is prohibited except where such wire is part of a common or existing wire path with other non-public pay telephone communication wire or other telephone communication wire.

(3) Overhead communications wiring of any kind is prohibited in the Borough of Manhattan. In all other Boroughs, except as otherwise waived in writing by the Commissioner, wiring for public pay telephones shall be installed underground wherever the City has required electric cables be installed underground. Existing ducts, conduits, or other facilities such as above ground terminal boxes on the sidewalk served by underground facilities or other facilities subject to any and all reciprocal agreements between the dial tone provider and another party shall be utilized. No property belonging to a party other than the dial tone provider may be used without the express written consent of such party and the Department.

(4) All aerial communication wiring must be at least 10 feet off the ground at all times.

(5) All overhead public pay telephone communication wires following an existing or common communication wire path will be transferred by the dial tone provider to an alternate means of dial tone connection when such existing communication wire path is discontinued or removed or when the City requires electrical cabling be installed underground at the public pay telephone installation location.

(6) Where overhead wiring is generally permissible, new overhead public pay telephone communication wires between a public pay telephone and a pole with existing facilities will be permitted if the distance between such telephone and pole is thirty-five (35) feet or less in a straight line, and telephone service in that location is provided via aerial means.

(7) Where overhead wiring is generally permissible and the distance between a public pay telephone and a pole with existing facilities is greater than thirty-five (35) feet, the dial tone connection may be underground to the pole.

(8) All underground communication wiring shall be installed through conduits except where underground ducts are

used.

(9) All aboveground communication wiring from a pedestal or wall mount to a source of dial tone located on private property shall be installed through weather resistant conduits using appropriate sealant.

CHAPTER 1 GRANTING OF LICENSES FOR PUBLIC SOLICITATION

§1-01 Applications.

(a) All applications shall be made on Form W704A provided by the Department.

(b) **Content.** Every application made hereunder shall set forth, in addition to other information, the following:

(1) Name and address of organization.

(2) Names and addresses of the officers and directors of the organization.

(3) The method of solicitation.

(4) Specific dates for which permission is sought and localities and places of solicitation.

(5) Purpose or object of solicitation.

(6) The estimated expenses of the proposed solicitation.

(7) Whether or not any commissions, fees, wages or emoluments of any character are to be extended in connection with such solicitation and if so, the rates or amounts.

(8) A verified statement of all monies, donations or financial assistance of any kind collected during the previous fiscal or calendar year, the expenditures connected therewith, and all other disbursements thereof.

(9) Copy of any contract made in connection with the solicitation shall be attached to the application.

(c) **Certified resolution of authority to be filed.** Every organization, society, association or corporation applying for such license shall file with its application a copy of the resolution adopted by such organization, society, association or corporation authorizing the application, certified to as correct by the proper officer thereof.

68 RCNY 1-03

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 1 GRANTING OF LICENSES FOR PUBLIC SOLICITATION

§1-03 Licensee Prohibitions, Duties and Limitations.

(a) **Proceeds-certain uses prohibited.** No license shall be granted where any part of the proceeds collected insures to the benefit of any individual officer or member of the organization, society, association or corporation, directly or indirectly, except that reasonable compensation may be paid for services rendered.

(b) **Gambling and games of chance.** No gambling device, lottery, raffle, drawing or game of chance shall be permitted at or used in connection with any function for which a license to solicit has been granted.

(c) **Misstatements.** Any misstatement made in the application or to the Commissioner for the purpose of obtaining a license may be deemed sufficient cause for refusing such license or for revoking any license granted.

(d) **Terms of license to be fulfilled.** Licenses granted hereunder shall specify the period during which they shall remain in force, the name of the organization, society, association or corporation to which granted, the manner in which the solicitation shall be carried on, the location of the solicitation, and the purpose of the solicitation. Licensees and all solicitors, collectors or other representative of the licensees, shall be required to produce on demand, the original license or a photographic copy. The license shall not be valid unless it bears the signature of the Commissioner, Deputy Commissioner or Counsel to the Department of Social Services.

(e) **Commissioner's right to audit.** The Commissioner reserves the right to make or cause an audit to be made at any time of the accounts of any organization, society, association or corporation, to which a license has been issued at any time, and if such audit discloses any irregularity it shall be sufficient reason for the revocation of the license and for the denial of future licenses to the same group or its successors or affiliates. The Commissioner reserves the right to

examine books and records of applicants for licenses.

(f) **Non-transferability of license.** No license granted in accordance with these regulations shall be transferable.

(g) **Filing of statement of receipts and expenditures.** The holder of the license shall file with the Department of Social Services, within ten (10) days after the expiration of the period for which it was granted, a statement of the receipts and expenditures in detail, sworn to by a proper officer.

(h) **Ten day rule.** Completed application form for solicitation of funds must be filed with the Department of Social Services at least ten (10) days before the effective date of the requested solicitation.

(i) **Sale of tickets or advertising.** (1) License issuance limited to three month period prior to activity. In connection with the sale of tickets or advertising for fund-raising purposes a license will not be issued earlier than three months before the scheduled date of the proposed affair.

(2) **Submissions of samples.** It is required that organizations licensed by the Department of Social Services who conduct campaigns for contributions and by sale of tickets must furnish the Department with samples of letterheads, appeal letters and literature to be used in connection with such campaign and where the sale of tickets is licensed, the Department must be furnished with samples of the tickets in the different price denominations.

(j) **Proof of consent to use of private property.** Within the discretion of the Commissioner, he may require applicant for license to furnish proof of consent to solicitation on any privately-owned property.

(k) **Prohibition against soliciting while in military uniform.** No licensees, or representatives of a licensee, shall wear the uniform or any part thereof, of the Army, Navy, Coast Guard or Marine Corps of the United States, or of the National Guard or State Guard of the State of New York, in connection with such solicitation of funds.

(l) **Removal of solicitation container at license expiration.** Where public solicitation is conducted by placement indoors of containers or receptacles, such solicitation must terminate upon the expiration date of the license. No container or receptacle may be displayed after such expiration date, and all containers and receptacles must be promptly removed by or returned to the licensee.

(m) **Street solicitation.**

(1) **Soliciting prohibited in certain places.** No license granted hereunder shall be construed to permit or allow the holder, thereof, to solicit contributions along the line of march of any parade or at any block party or street fair, unless such solicitation is specifically authorized by the license. No solicitation is to be conducted on any public conveyance, platform, stairway, station or any appurtenance of a subway or elevated railway.

(2) **Solicitation by children prohibited.** The use of children under eighteen (18) years of age in solicitation under authority of license issued by the Department of Social Services is prohibited.

(3) **Three-day limitation.** Licenses for street solicitation shall be limited to a period of three days within a six-month period. In instances involving inclement weather, a licensee may request and receive substitute days. The last week in May shall be reserved for veteran organizations only who will be permitted to conduct both indoor and outdoor solicitation by the sale of poppies during this time.

(4) **Distance required between solicitors.** There shall be at least the distance of one City block between persons soliciting funds on public streets under license from the Department of Social Services.

(5) **Manner of soliciting.** Solicitors shall approach pedestrians in a quiet, conversational tone. Solicitors shall not shout or otherwise conduct themselves in a manner offensive to passersby and shall not carry signs.

(6) **Solicitors shall not block entrances.** Solicitors shall not block the entrance to any dwelling, store or other place of business, nor impede in any way the free ingress to or egress from any dwelling, store or other place of business.

(7) **Solicit near the curb line.** Solicitors shall station themselves nearest the curb line.

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 2 BURIAL CLAIMS

§2-01 General Statement.

(a) The laws of the state of New York require that New York City be responsible for the burial of poor people who reside here. New York City meets these requirements in two ways. For those deceased persons who do not have a friend or relative who is willing to arrange for burial, the deceased is interred in New York City's burial ground (known as "Potter's Field"). For those deceased persons who have a friend or relative who wishes to arrange for burial through a funeral director, New York City will help pay burial expenses if there is no legally responsible relative living with the deceased at the time of death or prior to the institutionalization of the deceased who is financially able to pay for the burial. These regulations explain when and how much New York City will pay for the burial expenses when the funeral was arranged by a friend or relative.

(b) Benefits will be provided in an amount not to exceed $800 if burial expenses do not exceed $1400. The only exclusions from this $1400 are the cost of the burial plot on behalf of the deceased and the grave opening or the cost of cremation and any costs required by the cemetery. All other costs will be included in determining the total costs of the burial expenses for purposes of determining the $1400 limitation set forth above. Where a burial follows a cremation, only the cost of the cremation shall be excludable. Applications for benefits must be made in person by the individual who authorized the funeral unless the application is made by an "organizational friend" as defined in §2-02 "Friend" (2). Reasonable proof of indigency of the deceased and the legally responsible relative must be supplied. Proof of burial expenses must be supplied in order for payment to be authorized. The details of these requirements are described in the following sections.

Rules of the City of New York

***** Current through December 2009 ****

68 RCNY 2-02

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 2 BURIAL CLAIMS

§2-02 Definitions.

Applicant. An applicant is a relative or friend of the indigent decedent who has authorized or provided for the burial of an indigent person, has signed the prescribed form seeking assistance for burial expenses, and has hand-delivered the signed application to personnel of the Burial Claims Unit. A legally responsible relative who resided with the deceased prior to the deceased's institutionalization or at the time of death must be the applicant, for that deceased individual. Except for Organizational Friends, as defined in §2-02 "Friend" (2), applicants or their authorized representatives must appear in person at the Burial Claims Unit of the Human Resources Administration to apply for benefits.

Application. An application is an action by which a person indicates his or her desire to receive a grant for burial expenses through signing and hand-delivering the prescribed form to personnel of the Burial Claims Unit.

Authorized representative. An authorized representative means the person designated by the friend or relative to make funeral arrangements and/or to apply on the applicant's behalf. Proof of representation shall consist of a statement signed by the applicant designating the person as the authorized representative.

Burial expenses. Burial expenses mean any cost related to the funeral or burial of the deceased which are enumerated in the written itemization statement or crematory/cemetery charge bill. The value of items or services donated by a funeral director, funeral home, or cemetery shall not be considered burial expense.

Friend. A friend may be either an (1) individual; or (2) a charitable and/or religious organization.

(1) **Individual friend.** A friend is any person who, prior to the decedent's death, maintained such regular contact with the deceased as to be familiar with the decedent's activities, health and religious beliefs. Such "friend" shall present a sworn, notarized statement stating the facts and circumstances upon which the claim that he is a "friend" is based. The following persons are not "friends" of the deceased for purposes of these regulations: Funeral directors and employees of the funeral home through whom funeral arrangements have or will be made; Public Administrators, acting in their official capacity; hospital administrators and hospital employees acting in their official capacity; administrators and employees of all facilities set forth in Article 28 of the Public Health Law acting in their official capacity.

(2) **Organizational friend.** A charitable and/or religious organization may qualify as an "organizational friend" if the New York City Department of Social Services gives advance approval of such status based on the organization's satisfactorily meeting the following criteria:

(i) The organization's history and purpose, as demonstrated by its articles of organization, are charitable and/or religious in nature;

(ii) Part of the organization's function is to bury indigent persons;

(iii) The organization's principal place of business is in New York City;

(iv) The organization is non-profit and tax-exempt pursuant to §501(c)(3) of the United States Internal Revenue Code;

(v) No board member or officer of the organization is a funeral home director with which the organization does business;

(vi) A substantial amount of the organization's funding for burial purposes comes from private sources; and

(vii) Annually, the organization makes its books and records available to the New York City Department of Social Services for inspection, review and audit, if necessary.

Funeral directing. Funeral directing means the care and disposal of the body of a deceased person and/or the preserving, "disinfecting and preparing by embalming or otherwise, the body of a deceased person for funeral services, transportation, burial or cremation; and/or funeral directing or embalming as present known, pursuant to §3400(d) of the Public Health Law or in accordance with the statutes of the funeral director's home state.

Funeral director. A funeral director is a person to whom a valid license as such has been duly issued, pursuant to §3400(a) of the Public Health Law or licensed in accordance with the statutes of the funeral director's home state.

Funeral establishment. A funeral establishment means a single physical location, address or premises devoted to or used for the care and preparation of a body of a deceased person for disposition and for mourning or funeral ceremonial purposes, pursuant to §3400(g) of the Public Health Law or licensed in accordance with the statutes of the funeral establishment's home state.

Funeral firm. A funeral firm means an individual, partnership, corporation or estate representative engaged in the business and practice of funeral directing, pursuant to §3400(j) of the Public Health Law or licensed in accordance with the statutes of the funeral firm's state.

Indigent. An indigent is an individual who was in receipt of public assistance or Supplemental Security Income ("SSI"); or if less than age 65 was eligible for public assistance; or if age 65 and over, was eligible for SSI.

Legally responsible relative. A legally responsible relative is legally obligated to furnish support for the following persons: a spouse; a son or daughter under the age of twenty-one years and a step-child under the age of twenty-one years. A person is not chargeable with the support of an adopted child of his or her spouse, if the child was adopted after

the adopting spouse is living separate and apart from the non-adopting spouse pursuant to a legally recognizable separation agreement or decree under the domestic relations law, and the spouses remain separate and apart after the adoption.

New York City. New York City means the Human Resources Administration of the City of New York, which is the local social services district for the City of New York.

The Burial Claims Unit. The Burial Claims Unit is the unit of the Human Resources Administration which accepts applications, processes applications, and authorizes grants for burial expenses based on applications for burial grants, including applications by relatives or friends for grants for a decedent who is a discharged member of the armed forces of the United States, a minor child or parent of any such member of the armed forces, or the spouse or unremarried surviving spouse of any such member of the armed forces. The decedent shall be a legal resident of New York City at the time of death. The Burial Claims Unit of the Office of Constituent and Community Affairs of the New York City Human Resources Administration is located at 151 Lawrence Street, 5th Floor, Brooklyn, New York 11201.

Public assistance. Public assistance means the receipt of Home Relief or Aid to Dependent Children. Payments of emergency assistance to families or emergency home relief shall not be considered public assistance.

Relative. Relative includes all relatives of the deceased through first cousin or the spouse of any such relative. Specifically included are the spouse, child, grandchild, parent, grandparent, brother, sister of the deceased and their spouses.

Supplemental Security Income. Supplemental Security Income, or SSI, means the receipt of SSI or additional state payments.

(a) An application shall be submitted to the Agency within sixty days of the date of death by the relative or friend of the deceased or an authorized representative.

(b) An application shall be made by personal appearance at the Burial Claims Unit.

(c) The applicant shall receive a prescribed application form. An applicant shall complete the application form before any assistance shall be authorized. All documents required to verify eligibility for and the amount of benefits must be submitted within sixty days of the application for benefits. Failure to provide such documents within the time set forth in this section shall result in a finding of ineligibility and a denial of the application except as stated in this subdivision (c). An applicant who cannot submit the documentation within sixty days of the date of application shall inform the Burial Claims Unit in writing of the delay and the reason therefor within the sixty-day period. Extensions of this period shall be granted at the discretion of the Burial Claims Unit.

(d) Applications on behalf of indigents who were in receipt of public assistance from the Human Resources Administration of New York City or Supplemental Security Assistance at the date of death may be made prior to burial and eligibility for a grant for burial expenses will be determined within two working days of application. If the applicant is a legally responsible relative, (s)he must also be a recipient of public assistance from the Human Resources Administration of New York City or Supplemental Security Assistance. If eligibility is found, the applicant shall be issued a pre-approval letter addressed to the funeral director acknowledging eligibility subject to the monetary and documentation requirements set forth in these regulations.

Authorization for payment of burial expenses shall be deferred until receipt of all documentation. Such documentation must be supplied within 60 days of application except as described in §2-03(c). The Burial Claims Unit will make every effort to authorize payment within two weeks of receipt of all necessary documentation in cases under this subdivision (d).

(e) Application on behalf of indigents who were not in receipt of public assistance from the Human Resources Administration of New York or Supplemental Security Assistance at the date of death are subject to further eligibility verification. The Burial Claims Unit will make every effort to make a final determination of eligibility for payment within thirty days of receipt of all necessary documentation required in this regulation.

Applicants who authorized the burial of public assistance or SSI recipients and who did not apply before burial as allowed in subdivision (d), are subject to this subdivision (e).

(f) Relatives and friends of a decedent who was a discharged member of the armed forces of the United States, a minor child or parent of any such member of the armed forces, or the spouse or unremarried surviving spouse of any such member of the armed forces shall apply to the Burial Claims Unit for a grant for burial expenses. The decedent shall be a legal resident of New York City at the time of death. The discharge status of the decedent shall be confirmed by the United State Department of Veterans Affairs.

CHAPTER 2 BURIAL CLAIMS

§2-04 Eligibility of Applicants for a Grant for Burial Expenses.

(a) The Burial Claims Unit may authorize payment of a sum of up to $900 toward burial costs. No payments shall be authorized if the burial expenses, exclusive of the costs of cremation or of the burial plot and the grave opening, exceed $1700.

(b) The value of any resources or income which were available to the deceased shall be deducted from the $800 burial allowance in determining the amount the applicant shall receive.

(c) The value of any resources or income available to the legally responsible relative who resided with the deceased shall be deducted from the $800 burial allowance in determining the amount the applicant shall receive.

(d) A legally responsible relative who resided with the deceased shall be eligible for a burial allowance only if (s)he was financially eligible for public assistance if under age 65, or eligible for SSI if age 65 or over.

NOTE

1. Statement of Basis and Purpose in City Record June 26, 1995:

New York Social Services Law §141(3)(a) authorizes local social services districts to set the amount which they will reimburse the relatives or friends of a deceased indigent person for burial of the deceased person. The budget shortfall requires reducing the amount to $800 to achieve savings.

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 2 BURIAL CLAIMS

§2-05 Verification.

Verification of data supplied on the application form which are pertinent to the determination of eligibility or the amount of the grant toward burial expenses, is an essential element of this investigation.

(a) Documents, personal and collateral interviews, correspondence and conferences are means of verification. The Burial Claims Unit may require verification of all assets and resources that were available to the deceased at the time of death.

(b) All applicants shall be required to provide the Burial Claims Unit with the following documentation:

(1) A Certificate of Death, which shall contain the name, date of death and place of death of the person to whom it relates and shall be properly certified by the local registrar, or a Certificate of Spontaneous Termination of Pregnancy. The Certificate of Spontaneous Termination of Pregnancy must be prepared in accordance with Article 203 of the New York City Health Code.

(2) Two itemized funeral bills, indicating funeral charges, services and merchandise provided. The funeral bills shall be signed by the funeral director before a notary public.

(3) A true copy of the written Itemization Statement required to be furnished in accordance with §78.1 of the regulations of the New York State Department of Health. Such statements shall include, but not be limited to, the price of the funeral together with the price of each item of service and merchandise actually furnished. True copies of the statement, pursuant to said regulations, shall be consecutively numbered and maintained in numerical order at the

funeral establishment. The itemization statement shall bear the dated signature of both the applicant and the funeral director.

(4) A cemetery charge bill, if any.

(5) Such other documentation as may be required by New York City, whether in the possession of the applicant, the funeral director, or the cemetery.

(c) The funeral director shall be required to complete a prescribed form affidavit, provided by the Burial Claims Unit, where payment was made directly to the funeral home. The form shall include, but not be limited to, the following provisions:

(1) An attestation that the funeral bill is ordinary and customary.

(2) A statement that the funeral director understands that (s)he shall be subject to the penalties set forth in §3450 **et seq.** of the Public Health Law, if he knowingly makes a false statement or misrepresentation, or practices fraud or deceit in his business or in the business of the funeral firm.

(3) A statement that the funeral bill has either been paid or is due and owing.

(4) A statement that the funeral director agrees that (s)he will furnish any additional documentation kept in the normal course of business which the Burial Claims Unit may require to evaluate eligibility for and amount of benefits.

(d) A personal interview may be required with the fiduciary of the estate of the decedent. New York City shall assess the availability of assets in the deceased's estate to pay the burial expenses. In the event that the executor fails or refuses to cooperate in providing information about the assets and resources available to the deceased at the time of death, eligibility for a grant for burial expenses shall be indeterminable and the application shall be denied. In the event that a lawsuit has been initiated by the fiduciary of the estate, documents shall be obtained to identify all available funds.

CHAPTER 2 BURIAL CLAIMS

§2-08 Fair Hearing.

(a) Fair hearing is the procedure by which an applicant for a grant for burial expenses may appeal to the Commissioner from certain decisions or actions of the Burial Claims Unit and have a hearing thereon, in accordance with Section 22 of the Social Services Law and Title 18, Section 358.1 et seq. of the Official Compilation of the Codes, Rules and Regulations of the State of New York (N.Y.C.R.R.).

(b) An applicant for a grant for burial expenses shall be entitled to a fair hearing on the following grounds:

(1) denial of an application for a grant for burial expenses;

(2) failure to determine the applicant's eligibility;

(3) inadequacy in amount or manner of payment of burial expenses;

(4) any other grounds affecting the applicant's entitlement to a grant for burial expenses or the amount thereof.

(c) As set forth in Title 18, Section 358 of the N.Y.C.R.R., request for a hearing must be made within 60 days of the adverse action which is being appealed. Failure to appeal within this 60 day period will result in a denial of the Fair Hearing.

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 2 BURIAL CLAIMS

§2-09 Application for Financial Assistance for Burial Expenses for Certain Veterans.

Notwithstanding any other provision of law or regulation to the contrary, where a discharged member of the armed forces of the United States, other than a member of the armed forces who was dishonorably discharged, and the discharge status of the decedent has been confirmed with the United States Department of Veterans Affairs, dies in the city of New York without leaving sufficient means to defray his or her funeral expenses and dies without a friend or relative to act as an applicant for the purpose of seeking assistance for burial expenses from the Human Resources Administration.

(a) A veteran's organization may act as an organizational friend for purposes of applying for burial expenses if such veteran's organization has been qualified as an organizational friend by the Human Resources Administration. Approval of such organization as an organizational friend is based on the organization's satisfactorily meeting the following criteria:

(i) The organization's history and purpose, as demonstrated by its articles of organization, are charitable and/or religious in nature;

(ii) Part of the organization's function is to bury indigent veterans;

(iii) The organization's principal place of business is in New York City;

(iv) The organization is non-profit and tax-exempt pursuant to §501(c)(3) or 501(c)(19) of the United States Revenue Code;

(v) No board member or officer of the organization is a funeral home director with which the organization does business;

(vi) A substantial amount of the organization's funding for burial purposes comes from private sources;

(vii) Annually, the organization makes its books and records available to the Human Resources Administration for inspection, review and audit, if necessary.

(b) The Burial Claims Unit may authorize payment of a sum of up to $900 toward burial costs, including the cost of transporting the remains of the veteran to the Calverton National Cemetery.

(i) No payments shall be authorized if the burial expenses, exclusive of the costs of cremation or the burial plot and the grave opening, exceed $1700.

(ii) No payments shall be authorized if the veteran is to be buried in a private cemetery other than in the Calverton National Cemetery.

(iii) The value of any resources or income which were available to the deceased shall be deducted from the $900 burial allowance in determining the amount the applicant shall receive.

NOTE

1. Statement of Basis and Purpose in City Record Jan. 30, 2008:

HRA furnishes public assistance to New York City residents and does so in accordance with State Law and implementing regulations. Pursuant to Social Services Law §141, HRA is authorized to pay a portion of the burial costs of an indigent deceased individual where the burial of such individual has been arranged for by the deceased's relatives or friends, and the payment is in accordance with local rules. Local rules currently appear at Chapter 2 of Title 68 of the Rules of the City of New York.

HRA now proposes to add a new rule and amend the existing rules. The purpose of the new rule and amendments is to authorize HRA's payment of certain burial expenses for discharged veterans, other than those dishonorably discharged, where funeral arrangements for such veterans are made by a veterans organization which qualifies as an "organizational friend." The proposed rule sets forth the requirements that a veterans organization must meet to qualify as an "organizational friend"; provides for payment of a sum up to $800 toward burial costs, including the cost of transporting remains to Calverton National Cemetery; and makes certain technical corrections to the existing rules.

CHAPTER 3*1 EMPLOYMENT TRAINING PROGRAMS FOR PUBLIC ASSISTANCE RECIPIENTS

§3-02 Definitions.

As used in these rules, the following terms shall have the following meanings: Cohort. A group that includes all public assistance recipients who are or have been enrolled in an employment training program, whose scheduled date of completion of that program is within a specific one-year period, but does not include those recipients who withdrew or were otherwise removed from the program within thirty days of their date of enrollment in the program. Recipients whose original scheduled date of completion would place them within a cohort, but whose date of completion has been rescheduled with the approval of OES, shall not be included in that cohort.

Date of enrollment. The first date upon which a public assistance recipient is scheduled to attend a class at an employment training program.

Department of social services. The New York State Department of Social Services, or any successor agency which is responsible for functions described herein.

Employment training programs. Vocational training programs, literacy programs, job placement programs, and associate's degree or other post-secondary two-year degree granting programs.

OES. The Office of Employment Services of the New York City Human Resources Administration.

OES work-related activity. Any job search, work experience program, on-the-job training program, or other training in which OES requires a recipient to participate pursuant to applicable law and regulations.

Paid employment. Lawful employment for which a person is paid on an hourly, per diem, weekly, biweekly or monthly basis. Paid employment includes full-time employment and part-time employment.

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 3*1 EMPLOYMENT TRAINING PROGRAMS FOR PUBLIC ASSISTANCE RECIPIENTS

§3-03 Standards for Evaluating Employment Training Programs.

(a) To be approved as an employment training program for which a public assistance recipient may receive training-related expenses, or a full or partial exemption from requirements to participate in other OES work-related activities, a vocational training program must meet the following conditions:

(1) (i) It is licensed by the New York State Education Department, or is sponsored by a government agency, and

(ii) It is enrolled with and approved by the New York State Department of Social Services, in accordance with the requirements of that Department.

(2) It furnishes to OES documentation of enrollment, attendance, and satisfactory progress of each public assistance recipient enrolled in its program who is receiving training-related expenses or is receiving an exemption from other OES work-related activities. Such documentation shall be in a form satisfactory to OES.

(3) It shall establish, and report to OES, a scheduled date of completion for each public assistance recipient enrolled in its program. The completion date shall not be later than two years from the date of enrollment of any public assistance recipient, except as may otherwise be required pursuant to applicable law. This requirement shall apply with respect to public assistance recipients who enroll on or after May 1, 1996 and to recipients who have enrolled prior to such date and are continuing their studies in the program as of that date.

(4) If it has been subject to an employment placement rate review, as described in section 3-04 of these rules, it has a current Certificate of Approval Following Employment Placement Rate Review or a current Certificate of Conditional

Approval Following Employment Placement Rate Review.

(b) To be approved as an employment training program for which a public assistance recipient may receive training-related expenses, or a full or partial exemption from requirements to participate in other OES work-related activities, a literacy program must meet the following conditions:

(1) (i) It is licensed by the New York State Education Department, or is sponsored by a government agency, and

(ii) It is enrolled with and approved by the New York State Department of Social Services, in accordance with the requirements of that Department.

(2) It furnishes to OES documentation of enrollment, attendance, and satisfactory progress of each public assistance recipient enrolled in its program who is receiving training-related expenses or is receiving an exemption from other OES work-related activities. Such documentation shall be in a form satisfactory to OES.

(3) It shall establish, and report to OES, a scheduled date of completion for each public assistance recipient enrolled in its program. The completion date shall not be later than two years from the date of enrollment of any public assistance recipient, except as may otherwise be required pursuant to applicable law. This requirement shall apply with respect to public assistance recipients who enroll on or after May 1, 1996, and to recipients who have enrolled prior to such date and are continuing their studies in the program as of that date.

(4) If it has been subject to an employment placement rate review, as described in section 3-04 of these rules, it has a current Certificate of Approval Following Employment Placement Rate Review or a current Certificate of Conditional Approval Following Employment Placement Rate Review.

(c) To be approved as an employment training program for which a public assistance recipient may receive training-related expenses, or a full or partial exemption from requirements to participate in other OES work-related activities, a job placement program must meet the following conditions:

(1) (i) It is licensed by the New York State Education Department, or is sponsored by a government agency, and

(ii) It is enrolled with and approved by the New York State Department of Social Services, in accordance with the requirements of that Department.

(2) It furnishes to OES documentation of enrollment, attendance, and satisfactory progress of each public assistance recipient enrolled in its program who is receiving training-related expenses or is receiving an exemption from other OES work-related activities. Such documentation shall be in a form satisfactory to OES.

(3) It shall establish, and report to OES, a scheduled date of completion for each public assistance recipient enrolled in its program. The completion date shall not be later than two years from the date of enrollment of any public assistance recipient, except as may otherwise be required pursuant to applicable law. This requirement shall apply with respect to public assistance recipients who enroll on or after May 1, 1996, and to recipients who have enrolled prior to such date and are continuing their studies in the program as of that date.

(4) If it has been subject to an employment placement rate review, as described in section 3-04 of these rules, it has a current Certificate of Approval Following Employment Placement Rate Review or a current Certificate of Conditional Approval Following Employment Placement Rate Review.

(d) To be approved as an employment training program for which a public assistance recipient may receive training-related expenses, or a full or partial exemption from requirements to participate in other OES work-related activities, an associate's degree or other post-secondary two-year degree program must meet the following conditions:

(1) It is licensed by the New York State Education Department.

(2) It furnishes to OES documentation for public assistance recipient enrollees as to enrollment, attendance, and satisfactory progress and accumulation of credits, as defined by OES procedures.

(3) It furnishes to OES a copy of the school's calendar for the year, and a summary of credit acquisition requirements, on a semester basis, which full-time students must meet in order to obtain a degree within two years.

(4) It establishes, and reports to OES, a scheduled date of completion for each public assistance recipient enrollee. The completion date shall not be later than two years from the date of enrollment of any public assistance recipient, except as may otherwise be required pursuant to applicable law.

(5) If it has been subject to an employment placement rate review, as described in section 3-04 of these rules, it has a current Certificate of Approval Following Employment Placement Rate Review or a current Certificate of Conditional Approval Following Employment Placement Rate Review.

68 RCNY 3-04

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 3*1 EMPLOYMENT TRAINING PROGRAMS FOR PUBLIC ASSISTANCE RECIPIENTS

§3-04 Employment Placement Rate Review.

(a) Once every six months, an employment training program which has had sufficient public assistance recipient enrollees to form a cohort, as described herein, shall be subject to an employment placement rate review to determine its continued eligibility for approval, as follows:

(1) For vocational training programs, the minimum size of a cohort, as defined in section 3-02 of these rules, shall be 25. A vocational training program shall pass the employment placement rate review if 40% of persons in the cohort have secured paid employment at any time following their date of enrollment up to the date the employment placement rate review is completed.

(2) For literacy programs, the minimum size of a cohort, as defined in section 3-02 of these rules, shall be 50. A literacy program shall pass the employment placement rate review if the following percentage of persons in the cohort have secured paid employment at any time following their date of enrollment up to the date the employment placement rate review is completed:

(i) For a review conducted in 1996, 10%;

(ii) For a review conducted in 1997 or thereafter, 15%.

(3) For job placement programs, the minimum size of a cohort, as defined in section 3-02 of these rules, shall be 25. A job placement program shall pass the employment placement rate review if the following percentage of persons in the cohort have secured paid employment at any time following their date of enrollment up to the date the employment

placement rate review is completed:

(i) For a review conducted in 1996, 40%;

(ii) For a review conducted in 1997 or thereafter 50%.

(4) For associate's degree and other post-secondary two-year degree programs, the minimum size of a cohort, as defined in section 3-02 of these rules, shall be 25. An associate's degree program or other post-secondary two-year degree program shall pass the employment placement rate review if the following percentage of persons in the cohort have secured paid employment at any time following their date of enrollment up to the date the employment placement rate review is completed:

(i) For a review conducted in 1996, 25%;

(ii) For a review conducted in 1997 or thereafter, 30%.

(5) Where an institution provides more than one type of employment training program, such as a job placement program and a literacy program, OES shall review such programs separately to determine whether each program is subject to and passes the employment placement rate review standards for the relevant program.

(b) Documentation of placement rate: OES shall consider the following evidence to determine placement rate:

(1) Acceptable documentation of students engaged in paid employment provided to OES by an employment training program or any other person. Employment training programs shall submit such information by the applicable deadline for the cohort review. For each enrollee or former enrollee, such documentation must contain all of the following information:

(i) A recent pay stub, or an original of correspondence from the employer confirming the employment.

(ii) The public assistance recipient's name and social security number.

(iii) The employer's name, address and telephone number.

(iv) The job title, date on which employment started, date on which employment ended (if applicable), and salary, indicating whether it is on an hourly, per diem, weekly, biweekly, or monthly basis.

(2) Information obtained by matching enrollment lists with the New York State Welfare Management System database to identify persons whose cases have been closed or rebudgeted since the date of their enrollment in the employment training program.

(c) As evidence of an enrollee's completion, withdrawal or removal from an employment training program, OES shall accept only a copy of an "Attendance and Satisfactory Progress" roster report that was generated by the appropriate OES unit or office and completed by an appropriate officer of the employment training program.

(d) If, after performing the employment placement rate review, OES determines that an employment training program has not placed the required percentage of public assistance recipient enrollees, it shall send the program a "Notice of Intent to Disapprove." This notice shall include a list of those public assistance recipients whose scheduled date of completion was during the period relevant to the employment placement rate review, for whom OES has not received information confirming paid employment, or the closure or rebudgeting of their case.

(e) An employment training program shall have ten days from the date of the "Notice of Intent to Disapprove" to provide notice to OES that it intends to contest the dis- approval.

(f) An employment training program which has filed notice pursuant to paragraph (e) shall have thirty days from the date of the "Notice of Intent to Disapprove" to submit documentation of additional placements, documentation showing that persons who were included in the placement rate review should not have been included, and a written statement explaining any other reasons why it should not be disapproved. Documentation shall be submitted in accordance with the provisions of subdivisions (b) and (c) of this section.

(g) When the employment placement rate review is complete, and OES has considered any materials timely submitted by an employment training program following its receipt of a Notice of Intent to Disapprove, OES shall determine whether the program shall be approved or disapproved. It shall send a "Certificate of Approval Following Employment Placement Review" to those programs which have passed the review, in accordance with the requirements for passing set forth in subdivisions a through c of this section. It shall send a "Notice of Disapproval Following Employment Placement Review" to all other programs that have been reviewed.

(h) A Notice of Disapproval Following Employment Placement Review shall notify the employment training program that it may submit to OES a "Corrective Action Plan" specifying steps that the program will take to attain the required placement rate, as set forth in subdivision a of this section. If OES determines that the Corrective Action Plan is acceptable, it shall send the program a "Certificate of Conditional Approval". Such Certificate shall not take effect until 90 days after the date of Notice of Disapproval Following Job Placement Review. Until the Certificate of Conditional Approval takes effect, the program shall be suspended. Notwithstanding any provision of this paragraph, a program shall not be suspended based on the results of the first Employment Placement Review of the program following the effective date of these rules, if it has submitted a Corrective Action Plan which has been approved by OES.

(i) A Certificate of Conditional Approval shall remain in effect until the next time an employment training program has undergone an employment placement rate review. While a Certificate of Conditional Approval is in effect, OES shall limit the number of public assistance recipients for whom it approves training-related expenses to participate in the program. The maximum number shall be the greater of: (i) 25 recipients, or (ii) 10% of the number of public assistance recipients whose placement rate was evaluated during the employment placement rate review.

(j) A Certificate of Approval Following an Employment Placement Rate Review shall remain in effect until OES has completed a new employment placement rate review and issued a new Certificate of Approval or a Notice of Disapproval Following Employment Placement Rate Review.

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 3*1 EMPLOYMENT TRAINING PROGRAMS FOR PUBLIC ASSISTANCE RECIPIENTS

§3-07 Standards for Approval of Enrollment and Requests for Training Related Expenses for Public Assistance Recipients.

(a) A public assistance recipient who wishes to enroll in an employment training program, and in connection therewith to receive training related expenses and/or be excused from other OES work-related requirements, shall submit to OES a "School Enrollment Form" that has been completed by an appropriate officer of the employment training program. A public assistance recipient who is enrolled in an associate's degree or other post-secondary two-year degree program shall submit a "School Enrollment Form" at the beginning of each semester.

(b) OES will review and make a determination of whether to approve the request of a public assistance recipient to participate in an employment training activity according to the following criteria and applicable State regulations:

(1) The employment training program must be approved as described in section 3-03, and must not be under suspension for failure to comply with any provision of these rules.

(2) In the case of an employment training program for which OES has granted a conditional approval, a public assistance recipient's request will be approved only if the number of public assistance recipients who have enrolled in the program since the date of issuance of the Certificate of Conditional Approval is below the maximum number allowed as set forth in subdivision i of section 3-04.

(3) If the public assistance recipient has already received training related expenses to attend a total of twenty-four months of training in one or more employment training programs (regardless of whether such twenty-four months were interrupted by any period of time during which the recipient was not enrolled in an employment training program), OES

may, at its discretion, and subject to applicable federal and State law and rules, allow the recipient to continue receiving training related expenses and/or exemption from other work-related activities on condition that the recipient continues to make satisfactory progress; withdraw approval for further training related expenses or a further exemption; or require that the recipient participate in other OES work-related activities while the recipient remains in the program and continues to receive training related expenses. Nothing herein shall be deemed to limit the ability of OES to assign a public assistance recipient to work-related activities, consistent with applicable law.

(4) In the case of a request to continue attendance in an associate's degree or other post-secondary two-year degree program, OES may deny approval to a student who has not accumulated sufficient credits to earn the degree in accordance with his or her scheduled date of completion.

(5) OES may withdraw approval for any recipient who is not attending at least 75% of the scheduled classes or is not making satisfactory progress in the employment training program.

(6) OES may withdraw or deny approval for any recipient to participate in an employment training program or limit the number of hours of participation for which approval will be given to meet state law requirements pertaining to work and employment training activities, including but not limited to participation rate requirements.

(c) Except as otherwise provided pursuant to federal and State law and rules for hardship cases or as a reasonable accommodation for a person with a disability, a public assistance recipient who enrolls in an associate's degree or other post-secondary two-year degree program must attend the program on a full time basis.

(d) Public assistance recipients who enroll in part time or evening employment training programs may be required to participate in concurrent employment related ac- tivities.

(e) [Reserved]

(f) When a public assistance recipient has been receiving training related expenses and/or an exemption from requirements to participate in other OES work-related activities because such recipient has been enrolled in an employment training program, and the recipient does not complete that program by the recipient's scheduled date of completion, OES may, at its discretion, subject to applicable federal and State law and rules, allow the recipient to continue receiving training related expenses and an exemption from other work-related activites on condition that the recipient continues to make satisfactory progress; withdraw approval for further training related expenses or a further exemption; or require that the recipient participate in other OES work-related activities while the recipient remains in the program and continues to receive training related expenses.

(g) When approval is denied or withdrawn pursuant to this section, the recipient shall receive such notice and hearing with respect to such actions as are required pursuant to the rules of the New York State Department of Social Services.

Subd. (b) amended City Record Apr. 18, 1997 §1 eff. May 18, 1997. [See Note 1]

Subd. (d) relettered and amended (former subd. (e)) City Record Apr. 18, 1997 eff. May 18, 1997.

Former Subd. (d) repealed.

NOTE

1. Statement of Basis and Purpose in City Record Apr. 18, 1997:

The rules of the New York State Department of Social Services provide that each social services district is responsible for approval of training programs, and shall develop written training approval standards. 18 NYCRR §385.16(a) & (b). As required by the State rules, the purpose of the standards for training programs created by these rules is to ensure that training provided to recipients of public assistance, for which the recipient receives training related expenses and/or an exemption from other work-related requirement, is "sufficient to enhance substantially the participant's opportunity to secure unsubsidized employment," or, "when coupled with or provided in conjunction with oher training, represent(s) part of a comprehensive approach to securing unsubsidized employment for the participant." 18 NYCRR §385.16(c)(2). These amendments to the rules of the Human Resources Administration pertaining to employment training programs will clarify the agency's right to disapprove a request by a recipient to participate in an employment training activity and facilitate the agency's ability to require a recipient to engage in concurrent work activities. The amendments will better able the Human Resources Administration to satisfy work participation rates set forth in the Personal Responsibility and Work Opportunity Act of 1996.

CHAPTER 4 DISTRIBUTION OF FOOD AND ADMINISTRATIVE FUNDS TO EMERGENCY FOOD PROVIDERS*1

§4-01 Definitions.

EFAP. EFAP shall stand for the Emergency Food Assistance Program. The City-funded program aids emergency food providers by supplying them with food and administrative funds.

Food provider. A "food provider" shall mean a food pantry, soup kitchen or other similarly constituted non-profit food program which provides food to people based on their having inadequate income to meet their immediate need for food, and which has been certified by the Human Resources Administration to participate in EFAP.

Food pantry. A "food pantry" distributes food packages containing canned and other non-perishable food items which are to be prepared and eaten at home. More than one meal per individual is provided in the food package.

Soup kitchen. A "soup kitchen" serves meals to individuals in a congregate setting or through other direct distribution (i.e., van distribution of meals to homeless in parks and other public places). Typically, one meal per individual is served.

Cycle. A "cycle" is a six month period.

Administration. The "Administration" shall mean the Human Resources Admin- istration.

EFAP Advisory Group. The EFAP Advisory Group shall consist of persons active or concerned with the operation of emergency food programs. The group is chosen by the Administration for advice on the implementation of the

Emergency Food Assistance Program.

CHAPTER 4 DISTRIBUTION OF FOOD AND ADMINISTRATIVE FUNDS TO EMERGENCY FOOD PROVIDERS*1

§4-02 [Eligibility].

To be eligible to receive funds from EFAP, each food provider must meet the following eligibility criteria:

(a) no charges or fees may be assessed for the food provided through EFAP; (b) the provider must have sources of food other than the Administration;

(c) the provider must serve a minimum of 100 meals per month;

(d) EFAP food cannot be used to serve an organization's "institutional resident" population. (Residents of institutions are those individuals entitled to at least two meals per day as part of the institutions normal service. Examples: Homeless Shelters, Group Homes, Treatment/Rehabilitation Facilities, etc.);

(e) all EFAP food must be properly and securely stored; it cannot be stored, prepared or distributed from a private home, apartment or other personal residence;

(f) the provider must agree to submit a monthly service report which records the number of individuals served per month.

(g) EFAP food and/or funds cannot be used to supplant funds provided through any government contract to provide meals to a specific population (i.e.: Senior Centers or nonresidential treatment programs with government contracts to provide meals).

(h) the provider shall not require attendance at any religious service or other program activity as a prerequisite for receiving emergency food.

68 RCNY 4-05 [Food

RULES OF THE CITY OF NEW YORK

Title 68 Human Resources Administration

CHAPTER 4 DISTRIBUTION OF FOOD AND ADMINISTRATIVE FUNDS TO EMERGENCY FOOD PROVIDERS*1

§4-05 [Food Budget].

The EFAP food budget will consist of two components: a food supplement and a meal budget.

EFAP FoodSupplement	+	EFAP MealBudget	=	Total EFAP FoodBudget

Correspondingly each provider's food allocation may consist of two components: a food supplement (discretionary) and a meal budget.

Food Supplement(Discretionary)	+	Meal Budget	=	A Provider's FoodAllocation

(a) The EFAP food supplement per cycle shall be equal to no more than ten percent of the total EFAP Food Budget. A food supplement may be awarded to a provider based on the recommendations of the EFAP Advisory Group. These funds shall address needs that could not easily be factored into a set formula. It is envisioned that the funds shall be used to provide food money to: underserved communities by giving additional support to current EFAP providers to expand their service or to enable the Administration to recruit new service providers; programs providing services to special populations, e.g., immigrants and people with HIV; and, to fund special projects. The EFAP food supplement shall only be distributed to groups which meet the definition of "food provider" established in §4.01 and which meet the eligibility criteria established in §4.02.

(b) The EFAP meal budget wil be equal to the total EFAP food budget minus the EFAP food supplement.

Total EFAP FoodBudget	-	EFAP FoodSupplement	=	EFAP MealBudget

Each provider will receive a meal budget per cycle based on its number of funded meals. To arrive at a provider's

meal budget, a series of calculations will be made. First, the total number of funded meals for all programs will be calculated by determining the number of meals served per program; determining the number of funded meals per program through the application of the sliding scale, as specified in paragraph (2) of this subdivision; and then adding together the number of funded meals for all programs. The sum of the funded meals for all programs will be divided into the EFAP meal budget yielding the dollar value of each funded meal.

EFAP Meal-Budget ÷ Total Number ofFunded Meals forAll Providers = Dollar Value ofEach Funded Meal

Finally, the number of funded meals for a provider is multiplied by the dollar value of each funded meal providing the provider with its meal budget.

# of Funded Mealsfor Provider × Dollar Valueof EachFunded Meal = A Provider'sMeal Budget

(1) Food providers will continue to report the number of individuals served per month. The new formula will take into account that food pantries provide many meals per individual; while soup kitchens generally serve one meal per individual. The new formula will convert individuals served to meals served according to the following formulae:

The Total # of IndividualsServed in each Soup Kitchenfor Twelve Month Period = Total # of Meals Servedin each Soup Kitchen forTwelve Month Period

The Total # of IndividualsServed in Each Food-Pantry for Twelve MonthPeriod × 3 Meals perIn-dividualServed = Total # of MealsServed in Each Food-Pantry for TwelveMonth Period

(2) The number of meals served per provider will be weighted so that smaller providers receive more money per meal served, while at the same time the formula provides additional money for each meal served, albeit at a declining rate.

All providers will be ranked according to the number of meals served during a twelve month period. Seven meal categories with minimum and maximum number of meals served will be established. The meal categories will be set as follows. First all providers will be sorted according to the total number of meals served within the twelve month period. The smallest ten percent of the providers will set the first category (i.e., the number of meals served by the provider that falls at the tenth percentile will be the maximum number of meals in the first category). The second category will begin with one more meal than the maximum number of meals for the first category. The upper limit of this category will be set at the number of meals served by the provider that falls at the twentieth percentile. The remaining five meal catgories will be set according to similar guidelines with the maximum number of meals included in each category being set at 30%, 80%, 87%, 94% and 100% respectively.

The meals served by a provider are then multiplied by the appropriate meal factor for each category in order to determine the sum total of funded meals for each program.

The following chart lists the percentage of programs within each meal category and the meal factor to be using in calculating the funded meals in each category.

Meal Category	Percent of Programs within category	Meal Factor
1	10%	8
2	10%	4
3	10%	2
4	50%	1
5	7%	.5
6	7%	.25
7	6%	.125

For example if the first three meal categories were:

Meal Category	Meal Factor
0-2,799 meals	8
2,800-4,999 meals	4
5,000-6,699 meals	2

One would determine the total number of funded meals for a provider serving 6,000 meals per year as follows:

2,799 × 8 =	22,392
(4,999-2,800) × 4 =	8,796
(6,000-5,000) × 2 =	2,000
	33,188 funded meals

The total number of funded meals is then multiplied by the dollar value of each funded meal to determine a provider's meal budget.

CHAPTER 5 BILL OF RIGHTS AND RESPONSIBILITIES FOR PERSONS WITH CLINICAL/SYMPTOMATIC HIV ILLNESS OR WITH AIDS

§5-01 Rights of Persons With Clinical/Symptomatic HIV Illness or with AIDS.

(a) **Rights of persons with clinical/symptomatic HIV illness or with AIDS.** All persons with clinical/symptomatic HIV illness or persons with AIDS shall have the right to apply for benefits and services as defined in §21-128(b) of the Administrative Code of the City of New York, and the right to apply for information, referral and assessment services from the Division of AIDS Services and Income Support ("DASIS"). In addition, such persons shall have the following rights:

(1) With certain exceptions provided pursuant to applicable federal, state or local law, regulation or rule, you have the right to confidentiality. Your medical condition cannot be revealed to anyone without your permission. Information you give to DASIS staff will not be released to any individual or organization without your permission except where required by law.

(2) You have the right to receive information about and to apply for a variety of benefits and services including, but not limited to, medically appropriate transitional and permanent housing; Medicaid and other health related services; home care and home health services; personal care services; homemaker services; Food Stamps; transportation and nutrition allowances; housing subsidies, including, but not limited to, enhanced rental assistance; financial benefits; and intensive case management. You shall have the right to receive the benefits and services for which you are found eligible.

(3) If you are homebound (i.e., with physical or mental disabilities, confirmed by medical providers or home care agencies, which prevent you, permanently or temporarily, from visiting the local DASIS service center), you have the

right to a home or hospital visit from a case manager. These visits may be to determine your eligibility for benefits and services, to assist you in applying for benefits and services, or to maintain eligibility for benefits and services.

(4) You have the right to refuse any service.

(5) You have the right to be referred to a community based organization for any service not provided by DASIS.

(6) You have the right to contact a DASIS staff member whenever you need services.

(7) You have the right to receive services from DASIS staff without the payment of gratuities in any form.

(8) You have the right to initiate complaints against DASIS staff.

(9) If you feel that you are being unlawfully discriminated against in any way, you have the right to file a complaint of discrimination with the New York State Division of Human Rights Bias Hotline at (212) 662-2427 or the New York City Commission on Human Rights AIDS Hotline at 1-800-523-AIDS.

(10) You have the right to be treated fairly and with respect and courtesy.

(b) **Additional rights and responsibilities of DASIS clients.** All persons who are deemed eligible pursuant to §21-128, subsection (a)(3) of the Administrative Code of the City of New York, have, in addition to all of the rights of persons with clinical/symptomatic HIV illness or with AIDS, the following additional rights and responsibilities [in subdivisions (c) and (d)]*1 :

(c) **DASIS client rights.** (1) You have the right to have benefits and services provided in a timely manner after your applications for specific benefits and services have been approved. Once applications for benefits and services are complete, the time frames for the delivery of benefits and services are determined by:

(i) Federal law or regulations;

(ii) New York State Social Services Law or regulations; or

(iii) Local Law and the Rules of the City of New York.

If none of the above apply, provision of the benefit or service will be no later than twenty (20) business days following submission of all information or documentation required to determine eligibility.

(2) If accepted for Public Assistance or Food Stamps, you have the right to review your budget. If accepted or rejected for Public Assistance, Food Stamps, Medicaid, home care, or homemaking service, you have a right to an agency conference and to a New York State Fair Hearing with respect to actions taken to deny, reduce, discontinue, or restrict your benefits. Please consult the back of the notice which advises you of the determination of the agency with respect to your request for benefits and please follow the guidelines on the back of the notice with respect to requesting an agency conference or New York State Fair Hearing.

(3) If you are a DASIS client with one or more children in your care or custody, you have the right to receive information and program referrals on child care options, custody planning, and transitional supports, including the availability of standby guardianship, and referral to legal assistance programs.

(4) You have the right to participate with DASIS staff in the development of a service plan.

(5) You have the right to be notified in writing of any change in your case status or in benefits or services provided to you.

(6) You have the right to review your DASIS case record and to dispute any information contained therein.

(7) You have the right to be treated fairly and with respect and courtesy.

(d) **DASIS client responsibilities.** (1) You have the responsibility to apply for all benefits for which you may qualify, including, but not limited to, Public Assistance, Medicaid, Food Stamps, Supplemental Security Income ("SSI"), and Social Security Disability ("SSD"), to provide documentation and information necessary to establish eligibility for such benefits, and to comply with application requirements.

(2) You have the responsibility to maintain your benefits by providing information for recertification, and by reporting changes in your income, address, household composition, or any other aspect of your status that may be a factor in determining your eligibility.

(3) If you have a Public Assistance budget that requires co-payment, you are personally responsible for paying such co-payment. For purposes of this paragraph, a co-payment means a responsibility from income or benefits other than Public Assistance for a certain portion of the cost of services (e.g., rent, utilities, Medicaid spend-down).

(4) You have the responsibility to keep all appointments with DASIS staff, including, without limitation, face-to-face recertification interviews, appointments to consider relocation to housing other than temporary housing, or to give notice of change or cancellation in those appointments.

(5) You have the responsibility to advise DASIS staff of any problems that you may have and to cooperate with DASIS staff to resolve these problems.

(6) Depending on whether or not you qualify for Temporary Housing Assistance and/or Public Assistance, Medicaid, Food Stamps and Services, you have to comply with additional responsibilities as set forth in writing on DSS/HRA form number W-897B (7/97) with respect to your application for Temporary Housing Assistance, and/or SDSS form number SDSS-2921 (Rev. 4/96) and SDSS publication number 4148A (Rev. 1/95) entitled "What You Should Know About Your Rights and Responsibilities" with respect to your application for Public Assistance, Medicaid, Food Stamps and Services.

(7) You have the responsibility to treat DASIS staff with respect and courtesy.

RULES OF THE CITY OF NEW YORK

Title 69 Department for the Aging

CHAPTER 1 ADJUDICATIONS

§1-01 Conduct of Adjudicatory Hearings.

New York City Department for the Aging adjudications regarding the fitness and discipline of agency employees, and adjudications conducted pursuant to its Expanded In-Home Services for the Elderly Program, will be conducted by the Office of Administrative Trials and Hearings. After conducting an adjudication and analyzing all testimony and other evidence, the hearing officer in both types of hearings shall make written proposed findings of fact and recommend decisions, which shall be reviewed and finally determined by the Commissioner.

HISTORICAL NOTE

70 RCNY 1-01

RULES OF THE CITY OF NEW YORK

Title 70 In Rem Foreclosure Release Board

CHAPTER 1 RULES OF PROCEDURE*1

§1-01 Meetings.

(a) **Regular Meetings.** (1) The regular meetings of the Board shall be held twice each month at 10:00 a.m. in City Hall, or as otherwise directed by the Board. The Mayor's Office of Contracts, Public Hearings Unit shall prepare and distribute to Board members twice annually a schedule of meetings showing the dates and locations of the regular meetings of the Board for the first and second halves of the calendar year. The Mayor's Office of Contracts, Public Hearings Unit, shall provide Board members notice of any change in a date shown on a schedule at least thirty calendar days prior to the meeting to which the change relates.

(2) Applications for the release of property located in the boroughs of Manhattan, Queens and Staten Island shall be considered at the first regular meeting of each month. Applications for the release of property located in the boroughs of Brooklyn and The Bronx shall be considered at the second regular meeting of each month.

(3) In the event the Board directs that one regular meeting be held during a specified month, the Board shall at such meeting consider applications for the release of property located in all boroughs.

(b) **Special Meetings.** (1) Special meetings may be called by the Chair.

(2) Notice of a special meeting shall be sent to each member by the Mayor's Office of Contracts, Public Hearings Unit no later than seven calendar days prior to such meeting. The notice shall be accompanied by copies of all agency reports for the matters to be considered at the special meeting.

(c) **Chair.** The Mayor shall preside at all meetings as Chair.

(d) **Quorum.** Except as provided in subdivision (a) of §l-05, a majority of the members of the Board entitled to vote on a matter before the Board shall constitute a quorum for action on such matter, provided that a quorum shall be deemed present only where such majority includes at least one of either the Speaker or the affected Borough President.

(e) **Votes.** (1) Except as provided in subdivision (a) of §1-05, any action respecting a matter before the Board shall require the affirmative vote of a majority of the members of the Board entitled to vote on such matter.

(2) The Hearing Secretary shall conduct a roll call upon every matter to be acted upon and all votes shall be taken by the ayes and nays. A roll call shall be conducted at the request of the Chair, unless the matter is laid over pursuant to subdivision (k) of §1-01.

(3) The vote of any member abstaining shall be considered a negative vote.

(4) The vote upon every matter acted upon shall be recorded by the Hearing Secretary.

(5) Except as otherwise provided by law, all matters before the Board shall be voted upon at meetings open to the public.

(f) **Attendance.** Members, or their delegates, shall remain in attendance during a meeting of the Board unless excused by the Chair. A request to be excused shall be formally made and entered upon the record.

(g) **Disqualification.** A member shall be excused from voting upon any matter upon the member's statement of the reasons for disqualification. The vote of any member so disqualified shall not be considered a negative or an affirmative vote.

(h) **Recesses.** At any regular meeting of the Board, recesses shall not aggregate more than one hour and any recess called shall specify a time for the return of the members of the Board for the resumption of the meeting's business. Recesses shall be called by the Chair.

(i) **Order of Business.** The order of business before the Board shall be as follows:

(1) Roll call.

(2) Matters laid over for consideration by the Board.

(3) New matters for consideration by the Board.

(j) **Calendar Calls.** There shall be no more than three calendar calls by the Hearing Secretary at each regular meeting. At the conclusion of the third call, all matters shall have been either acted upon, laid over or withdrawn in accordance with these Rules.

(k) **Layovers.** (1) In the event a submitting agency recommends denial of an application for the release of property and the applicant fails to appear at the first meeting at which the resolution disapproving such application is calendared for consideration by the Board, the matter shall be automatically laid over to the next meeting at which applications for the release of property in that borough are to be considered. There shall be no further layovers by reason of the applicant's failure to appear at a meeting.

(2) At the request of any member of the Board entitled to vote on an application for the release of property, such application shall be laid over from the first or second meeting at which the resolution approving or disapproving the application is calendared for consideration by the Board to the next meeting at which applications for the release of property in that borough are to be considered. No layover may be made with respect to an application pursuant to this subdivision more than one time.

(3) Any layovers in addition to those provided for in paragraphs 1 or 2 of this section may be made only upon the affirmative vote of a majority of the members entitled to vote on the matter. No matter may be laid over more than three times.

(l) **Withdrawals.** A matter may be withdrawn from consideration by the Board at the request of the submitting agency. Any such request shall be passed upon by the Chair, who shall specify a date by which the matter shall be resubmitted for the Board's con- sideration.

(m) **Additions to the Calendar.** A matter not appearing on the Calendar for a meeting of the Board may be added to the Calendar for consideration at such meeting only upon the unanimous vote of the members entitled to vote upon such matter.

(n) **Miscellaneous.** (1) Members of the Board or their delegates and City employees designated by the Board shall be the only persons permitted within the guard rail of the dais during meetings of the Board.

(2) Members of the Board shall be addressed in the third person and by title only.

RULES OF THE CITY OF NEW YORK

Title 70 In Rem Foreclosure Release Board

CHAPTER 1 RULES OF PROCEDURE*1

§1-02 Public Testimony at Regular Meetings.

(a) **Order of Testimony.** Speakers opposed to a resolution shall be heard first and then speakers in favor thereof, unless otherwise ordered by the Chair. Applicants and other members of the public may testify on their own behalf or may be represented by counsel.

(b) **Time Available.** The time available to each member of the public for speaking at a meeting of the Board shall be limited to three minutes. A speaker may be heard only once on a particular resolution.

(c) **Hearing Slips.** A member of the public who wishes to speak at a meeting of the Board shall first complete a hearing testimony slip indicating his or her name and address, the address of the property with respect to which he or she wishes to testify, and his or her affiliation, if any. Slips shall be available from the Clerk sitting by the speaker's microphone. A speaker shall state his or her name and affiliation, if any.

(d) **Written Statements.** A member of the public may submit a written statement in lieu of or in addition to oral testimony. An original and twelve copies of any such statement shall be submitted. All copies must bear the Calendar number for the matter and indicate the meeting date. Copies submitted prior to the meeting date shall be delivered to the Mayor's Office of Contracts, Public Hearing Unit, 51 Chambers St., Room 1202, Borough of Manhattan. Copies submitted upon the meeting date shall be delivered to the Hearing Secretary at City Hall no later than one-half hour prior to the meeting.

(e) **Agency Testimony.** Representatives of the submitting agency shall be available to testify with regard to a resolution at the time it is being considered by the Board.

§1-03 Calendars.

(a) **Preparation of Calendar.** The Mayor's Office of Contracts, Public Hearings Unit shall prepare and cause to be printed a Calendar including a description of all matters to be presented and considered at each meeting of the Board. The resolutions shall be arranged in the order prescribed in subdivision (i) of §1-01 of these Rules. The Mayor's Office of Contracts, Public Hearings Unit shall also keep a record of matters which have been laid over.

(b) **Calendar Closing Date.** The Mayor's Office of Contracts, Public Hearings Unit shall close the Calendar at 12 o'clock noon fifteen calendar days prior to a regular meeting of the Board.

(c) **Distribution of Calendar.** The Mayor's Office of Contracts, Public Hearings Unit, shall make Calendar page proofs of the Calendar for a regular meeting of the Board available to Board members seven calendar days prior to the meeting. Copies of the calendar for a regular meeting shall be available to the Board members and to members of public three calendar days prior to the meeting.

70 RCNY 1-04

RULES OF THE CITY OF NEW YORK

Title 70 In Rem Foreclosure Release Board

CHAPTER 1 RULES OF PROCEDURE*1

§1-04 General Rules.

(a) **Submission of Agency Reports.** All agency reports intended for the Board's consideration at a regular meeting shall be addressed to the Board and delivered by the submitting agencies to the Mayor's Office of Contracts, Public Hearings Unit at least fifteen days before the meeting at which the matters to which they relate are to be considered. Such reports shall consist of an original accompanied by twelve copies thereof.

(b) **Availability of Agency Reports to Members.** The Mayor's Office of Contracts, Public Hearings Unit shall make copies of all agency reports intended for the Board's consideration at a regular meeting available to the members upon receipt of such copies from the submitting agencies pursuant to subdivision (a) of this section.

(c) **Transmittal of Resolutions.** The Mayor's Office of Contracts, Public Hearings Unit shall transmit to the submitting agencies certified copies of all resolutions adopted by the Board affecting such agencies.

(d) **Designation of Member Delegates.** Each Board member may, by written authority filed with the Hearing Secretary, designate any two officers or employees of such member to act as the delegates of such member at meetings of the Board. Either such officer or employee, so designated, may act in the place of the member at meetings of the Board, whenever such member is absent from such meetings. In the event that an officer or employee, so designated, is absent from a meeting of the Board, a Board member may, by written authority filed with the Hearing Secretary, designate another officer or employee of such member to act as the substitute delegate of such member at such meeting. A substitute delegate, so designated, shall not be replaced during the course of such meeting by the absent delegate.

71 RCNY 1-02

RULES OF THE CITY OF NEW YORK

Title 71 Voter Assistance Commission

CHAPTER 1 PREPARATION OF VOTER ASSISTANCE PLANS

§1-02 Definitions.

Agency. "Agency" means a mayoral agency that has regular contact with the public in the daily administration of its business and shall include the Department of Aging, Department of Business Services, Department of Consumer Affairs, the Department of Correction, the Department of Employment, Department of Finance, the Department of Health, the Department of Homeless Services, the Department of Housing Preservation and Development, Department of Mental Health, the Department of Parks and Recreation, the Department of Personnel, the Police Department, the Department of Probation, the Human Resources Administration, the Department of Transportation, Department of Youth Services, and such other agencies as may be designated by the Coordinator of Voter Assistance after consultation with the agency.

Board of Elections. "Board of Elections" means the Board of Elections of the City of New York.

Charter. "Charter" means the New York City Charter.

Party. "Party" means any political organization meeting the definition of a "party" under §1-104 of the election law.

Plan. "Plan" means a voter assistance plan to be prepared annually by agencies specifying the resources, opportunities, and locations the agency will provide for voter assistance activities.

Registration form. "Registration form" means the application form to register to vote designed by the State Board of Elections pursuant to Election Law 5-210(5).

RULES OF THE CITY OF NEW YORK

Title 71 Voter Assistance Commission

CHAPTER 1 PREPARATION OF VOTER ASSISTANCE PLANS

§1-04 Registration Opportunities.

(a) Each plan shall specify the efforts the agency will make to provide opportunities to the public to register to vote.

(b) Each agency shall include in its plan:

(1) an amendment to the intake, application or other form it requires individuals to complete before receiving services at the earliest possible or next regularly scheduled printing of their forms, containing the following:

(i) the question,"IF YOU ARE NOT REGISTERED TO VOTE WHERE YOU LIVE NOW, WOULD YOU LIKE TO APPLY TO REGISTER TO VOTE HERE TODAY? YES __ NO __ " in prominent type;

(ii) the statement, "Applying, or declining to apply, to register to vote will not affect the amount of assistance that you will be provided by this agency".

(iii) the statement, "if you would like help in filling out the voter registration application form we will help you".

(2) Until such time as each agency amends its forms as set forth in paragraph (1) of this subdivision, each of the employees in such agency who deal directly with members of the public applying for services shall routinely ask the question and make the statements set forth in paragraph (1) to all such applicants.

(c) In cooperation with the Coordinator of Voter Assistance, each agency shall develop promotional materials in English, Spanish, and Chinese informing the public of the existence of voter registration materials and shall specify in

its plan the locations open to the public at which such materials shall be prominently displayed.

RULES OF THE CITY OF NEW YORK

Title 71 Voter Assistance Commission

CHAPTER 1 PREPARATION OF VOTER ASSISTANCE PLANS

§1-05 Employees.

(a) Each agency, after consultation with the Department of Personnel, shall specify in its plan, that each of the agencies employees or other persons who have contact with the public will be assigned to voter assistance activities it undertakes and the job titles of such employees. Wherever possible, the employee who provides assistance should be the same person who gives assistance in the application process and in the regular services that the agency provides. Each employee assigned to voter registration activities shall provide to each applicant who registers to vote the same degree of assistance as with regard to the completion of its own forms.

(b) Each agency shall name in its plan a coordinator of voter assistance activities in that agency and a site coordinator for each agency office conducting voter assistance activities who shall be trained by the staff of the Voter Assistance Commission and who shall be responsible for the implementation and reporting of the agency's plan. The agency coordinator shall train all employees and other persons assigned by the agency to work on voter assistance activities how to fill out voter registration forms, or arrange for its employees to receive such training from the VAC or its designate, and shall provide such employees and other persons with instructional materials on voter registration to be supplied to each agency by the Voter Assistance Commission. Each agency shall provide ongoing training for the agency voter assistance program.

(c) Employees and other persons working on voter assistance activities for an agency shall not:

(1) directly or indirectly seek to influence an applicants political preference or party enrollment;

(2) make any statement to an applicant or take any action the purpose or effect of which is to discourage the

applicant from registering to vote; or

(3) make any such statement to an applicant or take any action the purpose or effect of which is to lead the applicant to believe that a decision to register or not to register has any bearing in the availability of services or benefits.

(d) Employees and other persons working on voter assistance activities for an agency may not collect or mail registration forms filled out by members of the public but shall direct members of the public, to whom registration forms are distributed to the nearest mailbox.

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-01 Video Voter Guide Generally.

The Video Voter Guide is a nonpartisan program to provide New York City voters enhanced access to information about candidates seeking to represent them and local referendum proposals (including proposals of charter revision commissions, local laws subject to referendum and ballot initiatives) to be voted on in city elections. The service leverages the production and distribution capabilities of the City of New York's must-carry PEG channels to share this information via cable television and the internet. Participation in the Video Voter Guide program is voluntary. The program will allow candidates in municipal elections seeking one of the following five offices to record messages for cablecast on NYC TV: Mayor, Public Advocate, Comptroller, Borough President, and City Council Member. The Coordinator of Voter Assistance ("Coordinator") shall administer this program for the benefit of voters citywide. The Coordinator also shall work with the NYC Media Group and NYC TV, a division of the New York City Department of Information Technology and Telecommunications, in implementing this program.

RULES OF THE CITY OF NEW YORK

Title 71 Voter Assistance Commission

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-04 Candidate Eligibility and Participation.

(a) All candidates who have filed a valid designating or nominating petition with the Board of Elections, or who can otherwise demonstrate that they will lawfully appear on the official primary or general election ballot, shall be eligible to register to participate in the Video Voter Guide. Challenges to designating or nominating petitions shall not affect a candidate's opportunity to record a statement. However, statements made by candidates who are removed from the official ballot prior to program cablecast will not be aired.

(b) Participation in the Video Voter Guide is voluntary. There is no fee or charge for participating in the Video Voter Guide. To participate in the Video Voter Guide, eligible candidates shall:

(1) complete a certification form agreeing to comply with these rules and any other rules or procedures set forth in writing by the Coordinator;

(2) designate a Video Voter Guide liaison with whom the Coordinator shall communicate for the scheduling of recording appointments and any other purposes; and

(3) have one recording appointment of no more than thirty minutes at the location specified in §2-05(c), during which candidates shall record their messages for cablecast in accordance with these rules.

(c) The Coordinator shall have discretion to set times for recording candidate statements, provided that:

(1) recording begins at least one month prior to the primary election for candidates participating in the primary

election;

(2) recording begins at least one month prior to the general election for candidates participating only in the general election; and

(3) where unusual circumstances exist that make earlier recording impracticable, the Coordinator may in his or her discretion provide for recording to begin after the dates set forth in this subdivision.

(d) Candidates may register to participate in the Video Voter Guide at any time between the date of their submission of a designating or nominating petition to the Board of Elections, or the date that they qualify to lawfully appear on the official primary or general election ballot, and the date six weeks prior to the primary election for candidates participating in the primary election, or six weeks prior to the general election for candidates participating only in the general election. Where unusual circumstances exist that make earlier registration impracticable for a significant number of candidates, the Coordinator may in his or her discretion extend the deadline for registration to a date later than that set forth in this subdivision. Scheduling of recording sessions shall be done on a rolling basis.

(e) If a candidate fails to register by the date specified in subdivision (d) of this section, he or she may attempt to register during the period designated for recording of candidate statements by completing the requirements in paragraphs (1) and (2) of subdivision (c) of this section, and by contacting the Coordinator or his or her designee to attempt to schedule an appointment for recording pursuant to §2-05 of this chapter. The Coordinator or designee shall make every reasonable effort to schedule an appointment for such late candidates, but is not required to do so; provided, however, that the Coordinator shall give priority to those candidates who are added to the ballot after the recording period has commenced.

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-05 Scheduling Appointments for Recording.

(a) To schedule an appointment, a candidate's designated liaison must contact the Coordinator or his or her designee by telephone. Once an agreeable date is found, the candidate or his or her liaison shall send signed written confirmation of the agreed-upon appointment time and date to the Coordinator. This signed written confirmation may be faxed, hand-delivered or e-mailed as a .pdf attachment.

(1) An appointment time is only considered reserved once the Coordinator is in possession of a signed written confirmation. If the Coordinator does not receive a signed written confirmation within five days of the telephone call arranging the appointment, the appointment time shall be released and the candidate's liaison must contact the Coordinator or his or her designee by telephone to schedule an appointment.

(2) Reserved.

(b) If a candidate wishes to cancel an appointment, the candidate's designated liaison must e-mail or fax a request to the Coordinator at least twenty-four (24) hours prior to the scheduled appointment. The Coordinator or his or her designee shall call the liaison and make every reasonable effort to reschedule the appointment. The candidate shall have no more than one opportunity to reschedule his or her appointment and candidates who fail to appear at their scheduled time shall waive their participation in the program.

(c) Candidate statements shall be recorded at the NYC Media Group Studios located at 112 Tillary Street in Brooklyn, New York, or such other location as may be designated by the Coordinator.

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-07 Recording Protocol.

(a) Each candidate shall have no more than thirty (30) minutes for taping his or her message. This time allotment includes set-up, rehearsal and taping time. Candidates should arrive no later than fifteen (15) minutes prior to their scheduled recording time. In the event of technical difficulties on the part of NYC TV, the Coordinator may, at his or her discretion, extend the thirty-minute time-limit to ensure fairness. Candidates are encouraged to rehearse prior to their appointments to ensure proper timing.

(b) Only candidates shall be recorded. Proxy speakers are not permitted to either speak or appear on camera.

(c) Each candidate shall be given no more than two opportunities to record a statement during that thirty minute session.

(1) Candidates shall be recorded while appearing in front of and speaking directly to a studio camera.

(2) Candidates may not hold anything in their hands except written notes; nor may they display any literature, graphs or props.

(3) If a candidate wishes to use a teleprompter, the candidate must arrive at least thirty (30) minutes prior to his or her scheduled taping with an electronic file of his or her statement for uploading into the teleprompter. Candidates will be encouraged but not obliged to e-mail their statements to the Coordinator at least twenty-four (24) hours prior to their scheduled recording. The Coordinator shall inform candidates in advance of the required electronic format for such file at the time of scheduling of the appointment for recording. If the file cannot be uploaded promptly, or if a candidate

does not arrive in sufficient time for uploading to occur, the teleprompter shall not be available for use.

(4) Statements shall be made continuously and unedited. Neither NYC TV nor a candidate shall edit a recorded statement in any way, except by adding lower-third information and adjusting the audio and video levels for on-air delivery. Candidates who exceed their allotted statement time, as set forth in §2-08 of this chapter, will be cut off at the time limit, and their statements will be aired as incomplete followed by a written statement on-screen, stating "Candidate Time Expired."

(d) Candidates will be shown a printed copy of their lower-third information as it will appear on the screen that will identify, in English, each candidate by name and party affiliation. In primary election races, lower-third information for candidates will also include the words "Primary Candidate" following the candidate's listed party affiliation. The candidate shall supply this information upon registering in the Video Voter Guide Program. This document, referred to as the Graphic Affidavit ("GA"), must be signed by the candidate or his or her liaison to certify that the graphic information has been proofread and accepted by the candidate as correct and valid. No adjustments can be made to this information once the GA is signed. NYC Media Group will also create an over-the-shoulder graphic to be displayed during candidate statements, showing the office sought and a map depicting its geographic boundaries. For City Council candidates, the number of the district which the candidate seeks to represent will also be shown.

(e) If a candidate makes two recordings of his or her statement, the candidate or his or her liaison shall, immediately following completion of the recording session, review the two recordings and select one for cablecast on NYC TV.

(f) Candidates are prohibited from viewing the statements of opposing candidates prior to the cablecast.

(g) Candidates will be allowed to sit on a stool/chair or stand while recording their statements. Special accommodations for candidates with special needs will be made at the sole discretion of the Coordinator or his or her designee.

(h) No special consideration shall be given to any incumbent candidate. No official insignia, pins or on-screen messages of any kind will be permitted.

(i) Candidate interaction with NYC Media Group and NYC TV is limited to recording and production in the presence of the Coordinator or a monitor designated by the Coordinator.

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-08 Candidate Statements.

(a) The length of candidate statements is as follows:

(1) candidates for citywide office (Mayor, Comptroller, Public Advocate) may make a statement of no more than four (4) minutes in duration;

(2) candidates for Borough President may make a statement of no more than three (3) minutes in duration; and

(3) candidates for City Council Member may make a statement of no more than two (2) minutes in duration.

(b) No exceptions shall be made to the candidate statement time limitations listed in subdivision (a) of this section.

(c) Candidates participating in the voluntary Video Voter Guide program may record any message, provided that they shall not:

(1) refer to any other candidate by name or description;

(2) use any visual aids (i.e. campaign buttons, posters, charts, graphs);

(3) wear clothing or insignias indicating that a candidate holds a public office;

(4) make statements that are profane, obscene, libelous, slanderous, or defamatory;

(5) engage in any commercial programming or advertising;

(6) display any obscene material or pornography;

(7) utilize inappropriate or obscene hand gestures or body movements or engage in nudity;

(8) engage in the unauthorized use of copyrighted material or invasion of privacy; or

(9) violate any city, state or federal law, including regulations of the New York State Public Service Commission and the Federal Communications Commission.

(d) Candidates who violate any of the provisions of subdivision (c) of this section shall not have their statements aired.

(e) Candidates may dress as they choose subject to the provisions of subdivision (c) of this section, and shall be responsible for their own clothing, make-up and hairdressing.

(f) Candidates may record statements in the language of their choice, provided, however, that candidates who record a statement in a language other than English, Spanish, Chinese or Korean shall provide any reasonably requested assistance to the Coordinator or his or her designee in translating the statement into English.

(g) The Coordinator shall arrange for the transcription of candidate statements, and translation of those statements into any applicable languages pursuant to the Voting Rights Act. Such transcripts and applicable translations of recorded statements shall be made available to the public beginning on the date of the first cablecast of the program, both on the web and in response to telephonic or written requests.

(h) Candidates who appear on the ballot for both the primary and general elections of a single election cycle shall only record a single statement to be aired in the Video Voter Guides for both the primary and general elections.

CHAPTER 2 VIDEO VOTER GUIDE*1

§2-09 Cablecast Guidelines.

(a) NYC Media Group shall cablecast statements on NYC TV Channel 74. Content shall be simulcast via streaming media on a website designated by the Coordinator, and shall be accessible thereafter.

(1) Beginning at 8 P.M. on each weekday evening of the weeks immediately preceding both the primary and the general elections, NYC Media Group shall cablecast statements from all candidates for city elective office.

(2) At 9 A.M. on each day of the week immediately preceding both the primary and the general elections, beginning on the day following the first evening cablecast, the previous evening's cablecast shall be re-cablecast.

(i) The order of candidate statements cablecast each day of the week immediately preceding the elections shall rotate each evening so that each borough shall have one evening and one morning in which the statements of candidates for office in that borough are cablecast first. The order for borough cablecast shall be designated by a random lottery to be conducted by the Coordinator.

(ii) The order of candidate statements within each borough cablecast for both the primary and the general elections shall be as follows:

(A) candidates for City Council Member shall appear in alphabetical order within the City Council district they seek to represent, and City Council districts shall appear in numerical order by district;

(B) candidates for Borough President shall appear alphabetically.

(iii) Any City Council district falling geographically within more than one borough shall appear in the cablecast for each borough in which the district is located.

(iv) Statements from candidates for citywide office shall appear between the statements from each borough's candidates for Borough President and the statements from the subsequent borough's candidates for City Council Member.

(A) In both the primary and general election cablecasts, candidates for citywide office shall appear alphabetically by office in the following order:

(i) Mayor;

(ii) Public Advocate; and

(iii) Comptroller.

(B) Reserved.

(3) Following the 9 A.M. repeat cablecast of the final borough, NYC Media Group shall cablecast statements from all candidates for city elective office on a continuous loop through election day. Consistent with cablecast during the daytime hours of the weekdays in the week prior to the election, candidates will be cablecast by borough, in the order in which the boroughs appeared during the week.

(b) In general elections where local referendum proposals will appear on the ballot:

(1) The text of each local proposal that on the date of the cablecast has been certified to appear on the ballot shall be displayed on-screen in English for a period of at least one (1) minute.

(2) The proposals shall be displayed in the order they appear on the ballot following the statements from candidates for citywide office.

(3) Following the display of the final proposal, a statement shall appear on-screen in English and in each of the applicable Voting Rights Act languages to the effect that information on the referendum proposals, including summaries, appears in the printed Voter Guide, and contains information on how to obtain copies of the printed Voter Guide.
