Re: Case No. 16-F-0559: Application of Bluestone Wind LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 for Construction of the Bluestone Wind Farm Project Located in the Towns of Windsor and Sanford, Broome County.

Dear Secretary Burgess:

Bluestone Wind LLC ("Bluestone Wind"), a wholly-owned subsidiary of Calpine Corporation, is proposing to construct a major electric generating facility in the Towns of Sanford and Windsor in Broome County, New York ("Bluestone Wind Farm Project" or the "Facility"). To construct and operate the Facility, Bluestone Wind is seeking a Certificate of Environmental Compatibility and Public Need ("Certificate") from the New York State Board on Electric Generation Siting and the Environment ("Siting Board") pursuant to Article 10 of the Public Service Law ("PSL") and the Siting Board's rules (16 NYCRR Part 1000).

Pursuant to Article 10 (PSL §163(2)) and Section 1000.5 of the Siting Board's rules, certain paper copies of the PSS have been served on the parties identified in 16 NYCRR §1000.5(c), as outlined in the attached Service List. An Affidavit of Service attesting to the service of paper copies of the PSS is enclosed in compliance with 16 NYCRR §1000.5(f)(a), as well as an Affidavit of Service attesting to the electronic service of the PSS on James Denn,

Public Information Coordinator for the Department of Public Service. An affidavit of electronic service to the DMM Party List was submitted with the PSS filing.

Bluestone Wind looks forward to working with the interested parties and stakeholders during the pre-application phase of this process on the scope and content of the Application.

Please do not hesitate to call me with any questions.

Respectfully submitted,

/s/ Laura K. Bomyea
