

March 25, 2009

Ms. Jaclyn A. Brilling Secretary State of New York Department of Public Service Three Empire State Plaza Albany, NY 12223-1350

Dear Secretary Brilling:

Charter Communications is hereby submitting Franchise Renewal Agreements for the Commission's review and approval for the following ten municipalities in Clinton County: the towns of Ausable, Beekmantown, Chesterfield, Dannemora, Peru, Plattsburgh, Saranac and Schuyler Falls, the village of Keeseville and the City of Plattsburgh.

I have enclosed an original and three copies of the fully executed Renewal Agreements and the Form R-2 (Application for Renewal of Franchise or Certificate of Confirmation) for each municipality, as well as the resolutions approved by each of the municipal Boards or Councils. I have also enclosed one copy of Charter's most recent FCC Proof of Performance test results for the system that serves all ten of these municipalities and the required verification of public notice for the public hearings and verification of public notice of our filing these applications with the PSC.

If you have any questions or concerns, I can be reached at 508-853-1515 x72857 or via email at <u>Tom.Cohan@chartercom.com</u>.

Sincerely,

Thomas P. Cohan

Director of Government Relations

### A FRANCHISE RENEWAL AGREEMENT

#### Between

The Town of Ausable, County of Clinton, State of New York and

#### **Charter Communications**

#### **FRANCHISE AGREEMENT**

This Franchise Agreement is between the **Town of Ausable**, New York, hereinafter referred to as the "Grantor, Franchise Authority or Municipality" and Ausable Cable TV, Inc., locally known as **Charter Communications**, hereinafter referred to as the "Grantee or Franchisee."

WHEREAS, the Grantor finds that the Grantee has substantially complied with the material terms of the current Franchise under applicable laws, and that the financial, legal and technical ability of the Grantee is sufficient to provide services, facilities and equipment necessary to meet the future cable-related needs of the community, and

WHEREAS, having afforded the public adequate notice and opportunity for comment, Grantor desires to enter into this Franchise with the Grantee for the construction and operation of a cable system on the terms set forth herein; and

WHEREAS, the Grantor and Grantee have complied with all federal and Statemandated procedural and substantive requirements pertinent to this franchise renewal;

WHERAS, the Board, in granting this franchise renewal, embodied in the agreement the results of its review and negotiations with Charter Communications and has determined that said franchise agreement and Charter Communications respectively, fulfills and will fulfill the needs of Ausable Cable TV, Inc. with respect to cable television

service and complies with the standards and requirements of the New York State Public Service Commission (NYSPSC);

**NOW, THEREFORE**, in consideration of the forgoing clauses, which clauses are hereby made a part of this franchise agreement, and the mutual convenants and agreements herein contained, the Franchise Authority and Grantee agree as follows:

#### 1.0 DEFINITION OF TERMS

- X 1.1 "Area Outage": a total or partial loss of video, audio, data or other signals carried on the cable television system in a location affecting two or more subscribers.
- X 1.2 "Cable Communications System" (also herein referenced as "cable system" and "system"): the facility, which is the subject of this franchise, consisting of antennae, wire, coaxial cable, amplifiers, towers, microwave links, wave guide, optical fibers, optical transmitters and receivers, satellite receive/transmit antennae, and/or other equipment designed and constructed for the purpose of producing, receiving, amplifying, storing, processing, or distributing audio, video, digital or other forms of electronic, electromechanical, optical, or electrical signals to multiple subscribers within the Municipality.
- X 1.3 "Cable Service": the transmission to subscribers of (a) video programming (meaning programming provided by, or comparable to programming provided by, a television broadcast station); and (b) other programming (meaning information that a cable operator makes available to all subscribers generally), including subscriber interaction utilizing the addressable capacity and capability of the cable system.
- X 1.4 "Capability": the ability of the Franchisee to activate a described technological or service aspect of the cable communications system without delay.
- X 1.5 "Clinton County Cable Television Council": The Clinton County Cable Television Council was formed by inter-municipal agreement in August of 1994 for the purposes of facilitating negotiations and decisions regarding the franchise agreements between the existing Franchisee and the participating municipalities, the negotiation of a master franchise agreement, and to assist in the negotiation of riders to such agreement as are necessary to address the specific needs of the individual municipalities; i.e., the City of Plattsburgh; the Towns of Ausable, Beekmantown, Chesterfield, Dannemora, Peru, Plattsburgh, Saranac, and Schuyler Falls; and the Village of Keeseville.
- X 1.6 "FCC": the Federal Communications Commission.
- X 1.7 "Franchise Fee": the percentage, as specified in this franchise, of Charter Communications' "Gross Revenue" remitted by Charter to the Municipality in exchange for the rights granted pursuant to the franchise.
- X 1.8 "Franchisee": Charter Communications, and its lawful successors and assignees.
- X 1.9 "Gross Revenue": any revenue received by the Grantee from the operation of the Cable System to provide Cable Services in the Service Area, provided, however that such phrase shall not include: (1) any taxes, fees or assessments of general applicability collected by the Grantee from subscribers for pass-through to a government agency, including the FCC user fee; (2) unrecovered bad debt; (3) credits, refunds and deposits paid to subscribers; (4) any exclusions available under applicable law.
- X 1.10 "Material provision": a clause within this franchise, as further described herein, deemed critical to the balance of the overall agreement between the Municipality and the

Franchisee embodied in this franchise, wherein violation of said clause by the Franchisee, without redress, or the effective elimination of said clause from this franchise by an act of Congress or judicial decision may result or require, with the approval of the PSC, in the revocation or renegotiation of this franchise, in whole or in part.

- X 1.11 "Non-material provisions": all clauses not deemed to constitute a "material provision", as defined and described herein, but constituting obligations upon the Franchisee, nonetheless.
- X 1.12 "PSC": the New York State Public Service Commission or any successor State agency with similar responsibilities.

#### PART I -- THE FRANCHISE

#### 2.0 GRANT OF FRANCHISE

- X 2.1 The Franchisee is hereby granted, subject to the terms and conditions of the franchise, the right, privilege, and authority to operate and maintain a cable communications system within the streets, alleys, and public ways of the Municipality.
- X 2.2 The Franchisee may erect, install, extend, repair, replace, and retain in, on, over, under, or upon, across and along the public streets, alleys, and ways within the Municipality, such wires, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments, and other property and equipment as are necessary and appurtenant to the operation of the cable communications system in conformance with the Municipality's specifications.
- X 2.3 Nothing in this franchise shall be deemed to waive the requirements of the various codes and ordinances of the Municipality regarding permits, fees to be paid, or manner of construction.
- X 2.4 No privilege nor power of domain shall be deemed to be bestowed by this franchise other than that conferred pursuant to statutory law.

## 3.0 NON-EXCLUSIVE NATURE OF THIS FRANCHISE

- X 3.1 This franchise shall not be construed as any limitation upon the right of the Municipality to grant to other persons rights, privileges, or authorities similar to the rights, privileges, and authorities herein set forth, in the same or other streets, alleys, or other public ways or public places. The Municipality specifically reserves the right to grant at any time such additional franchises for this purpose as it deems appropriate.
- X 3.2 In accordance with PSC Rule 895.3, the renewal of this franchise shall not contain economic or regulatory burdens which, when taken as a whole, are greater or lesser than those burdens placed upon any other cable television franchise operating within the municipal territorial limits relating to this franchise.

### 4.0 TERRITORIAL LIMITS

X 4.1 The rights and privileges awarded pursuant to this franchise shall relate to and cover the entire present territorial limits of the Municipality and any area annexed thereto during the term of this franchise.

### 5.0 FRANCHISE SUBJECT TO LAW AND REGULATION

- X 5.1 All terms and conditions of this franchise are subject to Federal and State law and to the rules and regulations of the FCC and the PSC.
- X 5.2 All terms and conditions of this franchise are subject to the approval of the PSC.
- X 5.3 All rights and privileges granted hereby are subject to the police power of the Municipality to adopt and enforce generally applicable local laws, ordinances, rules and regulations necessary to the health, safety and general welfare of the public; provided, however, that such regulations are reasonable and not materially in conflict with the privileges granted in this franchise. This Franchise is a contract and except as to those changes which are the result of the Grantor's lawful exercise of its general police power, any amendment of this Franchise must be done in accordance with PSC Rule 892.1.
- X 5.4 Within sixty (60) days of the effective date of this franchise, the Franchisee shall file a request for certification of this franchise with the PSC and FCC, and shall provide the Municipality with evidence of such filing.
- X 5.5 The Clerk, or other person as designated by the Municipality, will be responsible for the continuing administration of the rights and interests of the Municipality in the franchise and such person will be the addressee for all communications of the Franchisee with the Municipality unless the Franchisee is otherwise directed.

## 6.0 CONDITIONS ON USE OF STREETS AND PUBLIC GROUNDS

- X 6.1 Any work which requires the disturbance of any Street or which will interfere with traffic shall not be undertaken without prior notification to and approval of the Municipality.
- X 6.2 No poles, underground conduits or other wire-holding structures shall be erected by the Franchisee without the approval of the appropriate municipal official through established permit procedures to the extent that same now or hereafter may exist, with regard to the location, height, type and any other pertinent aspect of such wire-holding facilities; however, such approval may not be unreasonably withheld.
- X 6.3 All structures, lines and equipment erected by the Franchisee within the Municipality shall be so located as to cause minimum interference with the proper use of streets, alleys, easements and other public ways and places, and to cause minimum interference with rights or reasonable convenience of property owners who adjoin any of the said streets, alleys or other public ways and places. Existing poles, posts and other structures of the electric power company or any telephone company or any other public utility which may be available to the Franchisee shall be used to the extent practicable in order to minimize interference with travel. Where both power and telephone utilities are placed underground, the Franchisee's cable also shall be placed underground.

- X 6.4 The Franchisee shall have the right and authority to remove, trim, cut, and keep clear trees and bushes upon and overhanging all streets, alleys, easements, sidewalks, and public places in the Municipality to the minimum extent necessary to keep same clear of poles, wires, cables, conduits and fixtures. Five (5) business days prior to commencing any tree trimming, the Franchisee will inform in writing affected property owners and the municipal official responsible for monitoring the Franchisee's construction activities.
- X 6.5 In the case of any disturbance of pavement, sidewalk, driveway or other surfacing, the Franchisee shall, at its own cost and expense in the manner provided and approved by the municipal official responsible for monitoring the Franchisee's construction activities, and within 30 days, replace and restore such pavement, sidewalk, driveway or surfacing so disturbed to as good a condition as existed before said work was commenced. In the event that any municipal property is damaged or destroyed by the Franchisee, such property shall be repaired or replaced by the Franchisee within thirty (30) days and restored to as good a condition as existed before said work was commenced.
- X 6.6 All structures and all lines, equipment and connections, in, over, under and upon streets, sidewalks, alleys and public ways and places of the Municipality, wherever situated or located, shall at all times be kept and maintained in a safe, suitable, and substantial condition, and in good order and repair.
- X 6.7 In exercising rights pursuant hereto, the Franchisee shall not endanger or interfere with the lives of persons, nor interfere with any installations of the Municipality, any public utility serving the Municipality or any other person permitted to use the streets and public grounds, nor unnecessarily hinder or obstruct the free use of the streets and public grounds. The grant of this franchise does not establish priority for use over other present or future permit or franchise holders or the Municipality's own use of the streets and public grounds. The Municipality shall at all times control the distribution of space in, over, under or across all streets and public grounds that are occupied by the cable communications system. All rights granted for the construction and operation of the cable communications system shall be subject to the continuing right of the Municipality to require such reconstruction, relocation, change or discontinuance of the facilities and equipment used by the Franchisee in the streets, alleys, avenues, and highways of the Municipality, as shall in the opinion of the Municipality be necessary in the public interest.
- X 6.8 Nothing in this franchise shall hinder the right of the Municipality or any governmental authority to perform or carry on, directly or indirectly, any public works or public improvements of any description. Should the cable communications system in any way interfere with the construction, maintenance, or repair of such public works or public improvements, the Franchisee shall, at its own cost and expense, protect or relocate its cable communications system, or part thereof, as reasonably directed by the Municipality.
- X 6.9 Upon request of a person holding a building or moving permit issued by the Municipality, the Franchisee shall temporarily raise or lower its wires or other property or relocate the same temporarily so as to permit the moving or erection of buildings. The expenses of any such temporary removal, raising or lowering of wires or other property shall be paid in advance to the Franchisee by the person requesting same. In such cases,

the Franchisee shall be given not less than ten (10) working days prior written notice in order to arrange for the changes required.

## 7.0 ASSIGNMENT OR TRANSFER OF FRANCHISE

- X 7.1 In accordance with PSC Rule 895.1(s), no change in control of the Franchisee, the system, or the franchise granted herein shall occur without the prior written consent of the Municipality and prior approval of the PSC. The Franchise granted hereunder shall not be assigned, other than to an entity controlling, controlled by, or under common control with the Grantee, without the prior consent of the Grantor, such consent not to be unreasonably withheld or delayed. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or Cable System to secure indebtedness. Within sixty (60) days of receiving a request for transfer, the Grantor shall notify the Grantee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Grantor has not taken action on the Grantee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Grantor shall be deemed given.
- X 7.2 At least sixty (60) days before a proposed change of control is scheduled to become effective, the Franchisee shall petition in writing for the Municipality's written consent of such proposal.
- X 7.3 In determining whether to approve said petition, the Municipality shall consider those conditions detailed in PSC Rule 895.1(s)(2), the applicant's:
  - a) Technical ability;
  - b) Financial ability;
  - c) Good character; and
  - d) Other qualifications necessary to continue to operate the cable television system consistent with the terms of the franchise.
- X 7.4 A copy of the completed sales agreement, or a functionally equivalent instrument, between the Franchisee and proposed transferee or assignee shall be provided to the Municipality, upon request of the latter.
- X 7.5 The Municipality may approve said petition contingent on compliance with additional standards, terms, or conditions within its regulatory purview and consistent with findings resulting from its review of the aforementioned petition.
- X 7.6 In the event that the Municipality refuses to grant the aforementioned petition, it shall set forth specific reasons for its decision in writing by municipal resolution.

## 8.0 DEFAULT, REVOCATION. TERMINATION. ABANDONMENT

X 8.1 The Municipality may revoke this franchise and all rights of the Franchisee hereunder for any of the following reasons:

- a) The Franchisee fails, after thirty (30) days prior written notice from the Municipality, to comply or to take reasonable steps to comply with a material provision or material provisions of this franchise as defined in this section. Notwithstanding the above, when the Franchisee is once again in compliance, the right to revoke this franchise shall no longer pertain with respect to the condition that precipitated the notice;
  - 1) For the purposes of this section, material provisions are deemed to be those establishing the Municipality's right to:
    - i. collect from the Franchisee a franchise fee, the annual sum of which shall be equal to the maximum percentage allowed by law (currently five percent 5%) of gross revenue as defined herein, less any amount payable by the Franchisee to the PSC, as per section 17.0;
    - ii. require that the Franchisee maintain and improve the cable communications system as per section 11.0;
    - iii. require public, educational, and government access to the cable communications system as per section 16.0;
    - iv. establish reasonable consumer protection provisions as per Part V;
    - v. evaluate and approve transfers and assignments of the cable communications system as defined in section 7.0 of this franchise.
- b) The Franchisee takes the benefit of any present or future insolvency statute, or makes a general assignment for the benefit of creditors, or files a voluntary petition in bankruptcy, or files a petition or answer seeking an arrangement or reorganization or readjustment of its indebtedness under Federal bankruptcy laws or under any other law or statute of the United States or any state thereof, or consents to the appointment of a receiver, trustee or liquidator of all or substantially all of its property, or is adjudged bankrupt by order of decree of a court, or an order is made approving a petition filed by any of its creditors or stockholders seeking reorganization or readjustment of its indebtedness under any law or statute of the United States or of any state thereof, subject to the following:
  - 1) The Municipality shall have the right to revoke this franchise subject to the Bankruptcy Act and any applicable provisions of federal and state law, one hundred and twenty (120) days after the appointment of a receiver or trustee to take over and conduct the business of Franchisee, whether in receivership, reorganization, bankruptcy or other action or proceeding.
  - 2) Consistent with applicable state and federal law, the filing of a bankruptcy petition alone shall not constitute a material default of this franchise, provided, however, and subject to applicable federal and state law, in the event of a bankruptcy or other judicial proceeding related thereto, the Municipality retains all existing rights and enforcement authority under this franchise and its police powers.

- 3) Subject to applicable federal and state law, any trustee or receiver of Franchisee shall be required to assume responsibility for, and remedy all existing defaults and provide adequate assurance of future performance under this License during the pendancy of such bankruptcy or judicial proceeding related thereto; or
- c) The Franchisee attempts or does practice a fraud or deceit in its securing of this franchise; or
- d) The Franchisee fails to comply with provisions of this franchise, pertaining to public, educational, and governmental access; or
- e) The Franchisee practices fraud or displays repeated negligence in the accurate reporting of information to the Municipality, including but not limited to information pertaining to the Franchisee's calculation of the Municipality's franchise fee; or
- f) The Franchisee fails to pay any legally owed taxes or fees due the Municipality, unless the amount of such payment is part of a good faith dispute; in which case the payments in question will be put in escrow until the dispute is settled; or
- g) The Franchisee fails to maintain adequate insurance as specified in this franchise; or
- h) The Franchisee fails to obtain the prior approval of the Municipality for transfer or assignment of the franchise; or
- i) The franchisee fails to provide and maintain the cable communications system as specified in Section 11.0 herein.
- X 8.2 Notwithstanding the above, no revocation shall be effective unless and until the Municipality shall have adopted an ordinance or resolution setting forth the cause and reason for the revocation and the effective date thereof, which ordinance or resolution shall not be adopted until after the expiration of the written notice (re: Section 8.0 a) to the Franchisee and an opportunity for the Franchisee to be fully and fairly heard.
- X 8.3 In no event, and notwithstanding any contrary provision in this section or elsewhere in this franchise, shall this franchise be subject to revocation or termination, or the Franchisee be liable for non-compliance with or delay in the performance of any obligation hereunder, where its failure to cure or to take reasonable steps to cure is directly attributable to formal U.S. declaration of war, government ban on the affected obligation, U.S. government sponsored or supported embargo, civil commotion, strikes or work stoppages (except those against the Franchisee and its affiliates), fires, and any acts of God or of nature or other events beyond the immediate control of the Franchisee. This provision includes work delays caused by waiting for utility providers to service or monitor their utility poles to which Grantee's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

- X 8.4 In the event of such circumstances as described in Section 8.3, the Franchisee may be excused from its obligations herein during the course of any such events or conditions, only upon application to and approval by the Municipality. Such application shall include clear evidence as to how such events have prevented the Franchisee from meeting its obligations. Upon approval by the Municipality of the Franchisee's application, the time specified for performance of the Franchisee's obligations hereunder shall extend for such reasonable time thereafter as may be determined by the Municipality; such approval may not be unreasonably withheld.
- X 8.5 Upon revocation, the Municipality shall have the option either of purchasing the cable communications system or of requiring the Franchisee to remove all portions of the system from all public ways and places at the expense of the Franchisee, subject to the provisions of applicable Federal and State law.
- X 8.6 The Franchisee shall not abandon any service or portion thereof required to be provided pursuant to the terms of this franchise without the prior written consent of the Municipality.

## 9.0 SEVERABILITY

X 9.1 Should any provision of this franchise be held invalid by a court of competent jurisdiction or rendered a nullity by Federal or state legislative or regulatory action, the remaining provisions and this franchise shall remain in full force and effect.

#### 10.0 EFFECTIVE DATE AND TERM

- X 10.1 The effective date of this franchise shall be the date this franchise is granted a certificate of confirmation by the PSC.
- X 10.2 The term of this franchise shall be five (5) years from the effective date.

#### PART II — THE SYSTEM

#### 11.0 SYSTEM SPECIFICATIONS

- X 11.1 Subject to FCC and PSC regulations, policies, and standards, and subject to the cable communication systems' capability of providing the services and facilities prescribed in this franchise, the technical design of the cable communications system serving the Municipality shall be at the option of the Franchisee and as further described in this section.
- X 11.2 The Franchisee shall maintain its systems at a minimum of 750 MHz subject to the conditions as follows:
  - a) the Franchisee shall comply with all aspects of the Commission's customer service and consumer protection standards;
  - b) in accordance with Section 895.5 of the PSC's regulations, the Franchisee will provide service to all areas with an average of 20 homes per aerial mile or greater without contribution in aid of construction by subscribers. In cases of a request for service not meeting the above criteria, the Franchisee will extend service to prospective subscribers who are willing to contribute the cost of construction in accordance with the formula C/LE CA/P = SC where C equals the cost of construction of new plant; CA equals the average cost of construction per mile in the primary service area; P equals the minimum number of dwelling units per mile which would require the Franchisee to provide service in the primary service area; LE equals the number of dwelling units requesting service in the line extension area; SC equals subscriber contribution-in-aid of construction in the line extension area.

Whenever a potential subscriber located in a line extension area requests service, the Franchisee shall, within 30 days of the request, conduct a survey to determine the number of potential subscribers located in the line extension area and shall inform each of the potential subscribers of the contribution-in-aid of construction. During a five year period commencing with initiation of service to a particular line extension, a pro-rated refund shall be paid to previous subscribers of said extension as new subscribers are added to the extension. The amount of such refund, if any, shall be determined by application of the SC formula each time a new subscriber is added. The refunds shall be paid annually to subscribers, or former subscribers entitled to receive them.

Cable service shall be provided to any subscriber who demands service within seven (7) business days of the request for service and who is located within 250 feet of aerial feeder cable, and that the charge for the installation for any subscriber so situated will not be in excess of the standard installation charge.

c) The Franchisee shall initiate discussions with, and assist in development of applications for use of the fiber optic network by local governments and the educational and medical communities within the territorial limits of the Municipality.

- X 11.3 Throughout the term of this franchise, the Franchisee shall maintain and make regular improvements to its cable television distribution system serving the Municipality to ensure that the technical capabilities of said system will not serve to be a limiting factor on the Franchisee's ability to regularly implement new cable services as may be created and developed during the term of this franchise.
- X 11.4 The cable communications system shall incorporate equipment capable of providing standby powering of the cable communications system so as to minimize area outages caused by interruption of power; such equipment shall be so designed as to prevent the standby power source from powering a "dead" utility line.
- X 11.5 The Franchisee will comply with all applicable federal & state regulations regarding the Emergency Alert System.
- X 11.6 The Cable System shall be designed, constructed and operated so as to meet those technical standards adopted by the FCC relating to Cable Systems contained in part 76 of the FCC's rules and regulations as may from time to time, be amended.
- X 11.7 The cable communications system shall provide for the availability and operation of cablecast origination points from, at a minimum, the public and educational buildings specified in Section 16.2.
- X 11.8 The Company will comply with Part 895.5 of the PSC Rules.

## 12.0 SYSTEM PERFORMANCE STANDARDS

- 12.1 All signals carried by the cable communications system shall be transmitted with a degree of technical quality not less than that prescribed by rules of the federal and state regulatory agencies having jurisdiction.
- 12.2 Operation of the cable communications system shall be such that no interference will be caused to broadcast and satellite television and radio reception, telephone communication, amateur radio communication, aircraft and emergency communications, or other similar installation or communication within the franchise area.

#### 13.0 SYSTEM MAINTENANCE AND REPAIR

- X 13.1 The Franchisee shall establish and adhere to maintenance policies which guarantee delivery of service to subscribers at or above the performance standards set forth herein.
- X 13.2 When interruption of service is necessary for the purpose of making repairs, adjustments, or installations, the Franchisee shall do so at such time and in such manner as will cause the least possible inconvenience to subscribers. Unless such interruption is unforeseen or immediately necessary, the Franchisee shall give reasonable notice thereof to subscribers.

- X 13.3 The company shall have a toll-free telephone so that requests for repairs or adjustments can be received at any time, twenty-four (24) hours per day, seven (7) days per week.
- X 13.4 The response of the Franchisee to such requests shall be in accordance with Federal and State law and regulation at a minimum and, at all times, commensurate with the Franchisee's responsibility to maintain service to each subscriber with the degree of quality specified herein.

#### PART III — THE SERVICE

#### 14.0 GENERAL SERVICE OBLIGATION

X 14.1 The Franchisee shall not unlawfully discriminate against any such person as to the availability, maintenance, and pricing of such cable service. Cable service will not be denied to any group of potential residential subscribers because of the income of the residents of the local area in which such group resides.

#### 15.0 MUNICIPAL, LIBRARY AND SCHOOL SERVICE

X 15.1 The grantee shall maintain, without charge, one outlet to each state accredited Public School, Public Library and municipal building located in the Service Area served by the Cable system and listed in Exhibit A, and will provide free Basic Cable Service, for so long as the Cable System remains in operation in the Service Area. Any such school may install, at its expense, such additional outlets for classroom purposes as it desires, provided that such installation shall not interfere with the operation of Grantee's Cable System, and that the quality and manner of installation of such additional connections shall have been approved by the Grantee and shall comply with all local, State and federal laws and regulations. In addition, the Grantee shall furnish to the Grantor, without installation or monthly charges, one outlet to each Police and Fire Station, and to the administration building of the Grantor as listed in Exhibit A.

X 15.2 <u>Limitations on Use</u>. The Cable Service provided pursuant to this Section shall not be used for commercial purposes and such outlets shall not be located in areas open to the public. The Grantor shall take reasonable precautions to prevent any use of the Grantee's Cable System that results in the inappropriate use thereof or any loss or damage to the Cable System. The Grantor shall hold the Grantee harmless for any and all liability or claims arising out of the provision and use of Cable Service required by subsection 13.1 above. The Grantee shall not be required to provide any outlet to any such building where a standard drop of more than two hundred fifty (250) feet is required, unless the Grantor of building owner/occupant agrees to pay the incremental cost of any necessary extension or installation.

#### 16.0 PUBLIC. EDUCATIONAL, AND GOVERNMENTAL ACCESS

X 16.1 The Franchisee shall designate no less than two (2) channels, or the requisite number above that as prescribed by Federal and State laws and regulations, on the cable communications system.

X 16.2 The Franchisee will maintain origination points at the following locations: a) Plattsburgh City Hall, b) Plattsburgh High School, c) Mountain Lake Public

Broadcasting, d) SUNY Plattsburgh. The Franchisee will provide such capability for an origination point at additional municipal and educational buildings as designated by the Municipality The Municipality shall be responsible for the half of the expense associated with providing the return signal and designated equipment for these additional origination points.

X 16.3 The Franchisee shall comply with the standards for public, educational and government (PEG) access as set forth in Section 895.4 of the PSC Rules and as proscribed by Federal law.

#### PART IV — FRANCHISEE'S OBLIGATIONS TO THE MUNICIPALITY

#### 17.0 FRANCHISE FEE

- X 17.1 Beginning with the effective date of this franchise, the Franchisee shall pay to the Municipality during the term of this franchise a quarterly sum equal to five percent (5%) or the maximum percentage allowed by law of the Franchisee's total Gross Revenue for the preceding quarter. Such payment shall be made on a quarterly basis for the periods January 1 through March 31, April 1 through June 30, July 1 through September 30, and October 1 through December 31. Each such payment shall be due no later than sixty (60) days after the close of each such quarterly period.
- X 17.2 Annually, a report prepared by the Franchisee setting out in detail the basis for the computation of the payment. Said report shall itemize receipts from all cable related services. The Franchisee also shall indicate on such report the source and amount of any and all credits taken against gross receipts and the franchise fee itself.
- X 17.3 Upon thirty (30) days written notice to the Franchisee, the Franchising Authority shall have the right to audit the books and records of Franchisee to determine whether the Franchisee has paid the franchise fees owed. Said audit shall be conducted no more often than annually, and the audit period shall not be any greater than the previous three (3) years. The audit shall not last longer than six (6) months. Any undisputed additional amounts due to the Franchising Authority as a result of the audit shall be paid within sixty (60) days following receipt by Franchisee of the Franchising Authority's demand letter, which letter shall include the calculations and findings of the audit, or of execution by both parties of a Settlement Agreement of the audit. In the event the audit concludes that the Franchisee's payments hereunder were underpaid by an amount greater than 5% of the proper payment, then the Franchisee shall reimburse the Franchising Authority for the cost of said audit, in addition to making any additional payments required to bring the Franchisee into compliance with this section.
- X 17.4 At any time during the term of this franchise, in the event that the law or regulations of the state and federal regulatory agencies having jurisdiction change to permit a fee in excess of that permitted on the effective date of this franchise, then the franchise fee shall be raised by the Franchisee to the maximum permitted, upon request and notice from the Municipality and with PSC approval.
- X 17.5 The Franchisee will not apply franchise fees as credit against special franchise assessments as permitted by section 626 of the Real Property Tax Law of the State of New York.

#### 18.0 INDEMNITY AND INSURANCE

X 18.1 The Grantee shall maintain throughout the term of the Franchise insurance in amounts at least as follows:

Workers' Compensation Statutory Limits

Commercial General Liability [\$3,000,000] per occurrence,

Combined Single Liability (C.S.L.) [\$5,000,000] General Aggregate

Auto Liability including coverage

on all owned, non-owned hired autos Umbrella Liability

[\$3,000,000] per occurrence C.S.L.

Umbrella Liability

[\$3,000,000] per occurrence C.S.L.

The Grantor shall be added as an additional insured to the above Commercial General Liability, Auto Liability and Umbrella Liability insurance coverage.

X 18.2 The Franchisee shall indemnify and save the Municipality harmless from any and all losses sustained by the Municipality by reason of any suit, judgment, execution, claim or demand whatsoever, including expenses, disbursements and reasonable attorney's fees, resulting from acts or omissions on the part of Franchisee in the construction erection, operation, maintenance or repair of its cable communications system within the Municipality pursuant to the exercise by Franchisee of the franchise rights grated herein, and for this purpose, Franchisee shall carry property damages and public liability insurance written by an insurance company licensed to do business in the State of New York in the amounts specified herein.

- X 18.3 All such Franchisee insurance policies and certificates of insurance shall stipulate that the coverage afforded under the policies will not be cancelled until at least thirty (30) days prior written notice has been given to the Municipality.
- X 18.4 Not later than sixty (60) days after the effective date of this franchise, the Franchisee shall furnish to the Municipality certificates of insurance.

#### 19.0 RATES AND CHARGES

- X\_19.1 Rates and charges imposed by the Franchisee for cable television service shall be subject to the regulations of the F.C.C..
- X 19.2 The Franchisee shall comply with all notice requirements contained in Federal and State law and regulations pertaining to rates and charges for cable television service.
- X 19.3 The Franchisee shall not oppose, nor in any way object to, any request for certification filed by or on behalf of the Municipality with the Federal Communications Commission pursuant to the Cable Television Consumer Protection and Competition Act of 1992.
- X 19.4 The Franchisee shall not unfairly discriminate against individuals or classes of individuals in the establishment and application of its rates and charges for service.

#### X 19.5 Senior and Handicapped Citizen Discount

- (a) Current Subscribers receiving a Senior Citizen or Handicapped Citizen Discount as of the Execution Date of this Renewal shall continue, throughout the term of this Renewal, to receive an equivalent discount to that set forth in subsection (b), the following notwithstanding.
- (b) For the term of this Franchise only, for those eligible pursuant to the provisions below, the Senior Citizen or Handicapped Citizen Discount shall be ten percent (10%) off of the price of the Basic Service tier of service, and shall not apply to any other channels or tiers and shall not apply to packages.
- (c) To be eligible, a resident must meet the following criteria: sixty-five (65) years of age or older or handicapped and head of household and, in each case, receiving one of the following: (i) Supplemental Security Income (SSI); (ii) Medicaid; (iii) Veterans' Services Benefits; (iv) senior citizen real estate tax abatement, if any, pursuant to applicable law; or (v) any other suitable criteria that the Franchisee and the Issuing Authority mutually agree upon in writing as an amendment to this Franchise, with PSC approval.
- (d) To establish eligibility, a resident shall bring or mail a photocopy of a valid driver's license, birth certificate or other document definitively establishing age, plus a photocopy of documentation definitively establishing receipt by the resident at time of application for this discount of any one of the programs listed in (i)-(iv) of Section 19.5(c). A resident need establish eligibility for this discount only once to continue receiving it so long as they remain a Subscriber.

#### **20.0 EMPLOYMENT PRACTICES**

X 20.1 The Franchisee will not refuse to hire or employ, nor bar or discharge from employment, nor discriminate against any person in compensation or in terms, conditions, or privileges of employment because of age, race, creed, color, national origin, or sex.

#### 21.0 MUNICIPALITY'S RIGHT TO EQUAL BENEFITS AND SERVICES

21.1 The Municipality has jointly negotiated the franchise terms herein with the other municipalities in the Clinton County Cable Television Council, including the City of Plattsburgh, the Village of Keesville, and the Towns of Ausable, Beekmantown, Chesterfield, Dannemora, Peru, Plattsburgh, Saranac and Schuyler Falls, and agrees that the terms and conditions of each franchise renewal agreement shall be identical for each municipality listed above.

## 22.0 MUNICIPALITY'S RIGHT TO INQUIRE ABOUT AND INSPECT SYSTEM

X 22.1 The Municipality, at any time, may make reasonable inquiries related to its regulatory responsibilities, concerning the management and operation of the cable communication system by the Franchisee. The Franchisee shall respond to such inquiries forthrightly and within two weeks.

- X 22.2 Where repeated subscriber complaints causes the Municipality to question the reliability or technical quality of cable service, the Municipality shall have the right and authority to require the Franchisee to, test, analyze, and report on the performance of the cable communications system. The Franchisee shall cooperate fully with the Municipality in performing such testing.
- X 22.3 The Municipality shall have the right, in the presence of a representative of the Franchisee, to inspect all construction or installation work performed subject to the provisions of this franchise and to make such tests as it shall find necessary to ensure compliance with the terms of this franchise and other pertinent provisions of law.
- X 22.4 At all reasonable times and for the purpose of enforcement of this franchise, the Franchisee shall permit examination by any duly authorized representative of the Municipality, of the local cable communication system facilities, together with any appurtenant property of the Franchisee situated within the Municipality and outside of the Municipality if its is utilized in the operation of the Municipality's cable communications system. Such examination shall take place in the presence of a representative of the Franchisee.

#### 23.0 MUNICIPALITY'S RIGHT TO INSPECT BOOKS AND RECORDS

X 23.1 To the extent not inconsistent with or prohibited by the provisions of Section 631 of the Cable Act and all other laws relating to subscriber privacy, the municipality reserves the right to inspect any and all records the Franchisee is required to maintain pursuant to this Franchise upon reasonable notice and during normal business hours. The Franchisee will make such materials available at its local business office. Municipality will maintain the confidentiality of any information obtained pursuant to this provision to the extent permitted by law, provided Franchisee has advised Municipality of the confidential nature of the information. In the event that Municipality receives a request for the disclosure of such information with which it, in good faith, believes it must under law comply, then Municipality will give Franchisee notice of such request as soon as possible prior to disclosure in order to allow Franchisee to take such steps as it may deem appropriate to seek judicial or other remedies to protect the confidentiality of such information.

#### 24.0 REPORTS TO BE FILED BY FRANCHISEE WITH THE MUNICIPALITY

- X 24.1 Upon request the Municipality, the Franchisee shall file with the Municipality a copy of any technical, operational, or financial report the Franchisee submits to the PSC, the FCC, or other governmental entities that concern, directly or indirectly, the Franchisee's operation of the cable communications system in the Municipality.
- X 24.2 The Franchisee shall prepare and submit to the Municipality an annual report setting forth the physical miles of plant construction and plant in operation within the Municipality during the Franchisee's previous fiscal year.

- X 24.3 The Franchisee shall file with the Municipality, simultaneously with their delivery to subscribers in the Municipality, copies of all printed materials prepared for general distribution to subscribers.
- X 24.4 The Franchisee shall furnish to the Municipality such additional information and records with respect to the operation, affairs, transactions or property of the cable communications system and the service provided to the Municipality under this franchise, as may be reasonably necessary and appropriate to the performance of any of the rights, functions or duties of the Municipality in connection with this franchise as determined by the Municipality.
- X 24.5 Any valid reporting requirements contained in the franchise may be satisfied with system-wide statistics, except for reporting requirements related to franchise fees and customer complaints.

## 25.0 MANDATORY RECORDKEEPING

- X 25.1 The Franchisee shall comply with all record keeping requirements established by Federal and State law and regulation. If such law or regulation permits the later destruction of said records, the Franchisee shall provide the Municipality with ninety (90) days prior written notice of its intention to destroy said records to permit the Municipality to inspect said records if it so desires.
- X 25.2 The Franchise shall maintain a full and complete set of plans, records and "as built" maps showing the exact location of all cable installed or in use in the territorial limits of the Municipality. In accordance with PSC Rule 896.6 (a), the Franchisee shall maintain an up-to-date map or other technical records showing the physical location of all cable routes, service areas, receive sites and other interconnection points. The scale of such maps and detail of other technical information shall be such as to permit the determination of franchise areas and subscribers served.

#### **26.0 EMERGENCY USE**

X 26.1 If the Grantee provides an Emergency Alert System ("EAS"), then the Grantor shall permit only appropriately trained and authorized persons to operate the EAS equipment and shall take reasonable precautions to prevent any use of the Grantee's Cable System in any manner that results in inappropriate use thereof, or any loss or damage to the Cable System. The Grantor shall hold the Grantee, its employees, officers and assigns harmless from any claims or costs arising out of use of the EAS, including, but not limited to, reasonable attorneys' fees and costs.

# PART V -- FRANCHISEE'S OBLIGATIONS TO SUBSCRIBERS AND CUSTOMER SERVICE REQUIREMENTS

#### 27.0 COMPLIANCE WITH FEDERAL AND STATE LAW AND REGULATION

X 27.1 The Franchisee shall comply with all Federal and State laws and regulations, as well as with all industry codes of good practice, that regulate the Franchisee's customer service responsibilities. In the event of conflicting provisions, the Franchise shall comply with the provision establishing a stricter standard. The franchisee will comply with the customer service and consumer protection standards set forth in PSC Rules Parts 890 and 896.

#### 28.0 EMPLOYEE IDENTIFICATION/TRAINING

X 28.1 Each employee of the Franchisee, including employees of contractors and subcontractors employed by the Franchisee, shall have prominent picture identification that clearly identifies the employee as a representative of the Franchisee. All vehicles of the Franchisee, including those of contractors and subcontractors employed by the Franchisee, shall be clearly and consistently identified with the Franchisee's logo or name.

#### 29.0 REQUIREMENT FOR ADEQUATE TELEPHONE SYSTEM

- X 29.1 The Franchisee shall utilize a toll-free telephone system that meets the following minimum standards:
  - a) The telephone system, under normal operating conditions, shall have, at a minimum, enough incoming lines and adequate staff to process incoming calls such that each call is answered in four (4) rings and no caller is placed on hold for more than thirty (30) seconds to reach a customer service representative.
  - b) The rate of lost calls shall not exceed three (3%) percent in any one-month period.
  - c) No more than twenty percent (20%) of all calls shall trigger an overflow device that rolls over calls on hold for more than 30 seconds into a message recording system.

#### 30.0 MISCELLANEOUS PROVISIONS

X 30.1 The Franchisee shall ensure that the subscriber's premises are restored to their original condition if damaged by the Franchisee's employees or agents in any respect in connection with the installation, repair, or disconnection of cable service. The Franchisee is liable for breaches of customer service standards and all other provisions of this franchise by its contractors, subcontractors or agents.

#### PART VI — GUARANTEE OF FRANCHISEE'S PERFORMANCE

#### 31.0 PERIODIC PERFORMANCE EVALUATION SESSIONS

- X 31.1 Upon thirty (30) days notification by the Municipality, the Franchisee shall be prepared to participate in a meeting or series of meetings evaluating the performance of the Franchisee under the franchise. The timing of such performance evaluation sessions shall be solely in the discretion of the Municipality; however, each such session shall not be initiated sooner than one year after the close of a previously conducted performance evaluation session. All performance evaluation meetings shall be open to the public.
- X 31.2 Topics which may be discussed at any performance evaluation session may include, but not be limited to, system performance, compliance with this franchise and applicable law, customer service and complaint response, subscriber privacy, services provided, programming offered, service rate structures, franchise fees, penalties, free or discounted services, applications of new technologies, and judicial and FCC filings.
- X 31.3 During review and evaluation, the Franchisee shall fully cooperate with the Municipality and shall provide such information and documents as the Municipality may reasonably need to perform its review.
- X 31.4 Each performance evaluation session shall be deemed to have been completed as of the date the Municipality issues a final report on its findings.

#### 32.0 GUARANTEE OF PERFORMANCE

- X 32.1 Not later than thirty (30) days after the effective date of this franchise, the Franchisee shall obtain and maintain during the entire term of this franchise at its sole cost and expense, one performance bond to be posted in the amount fifty thousand dollars (\$50,000), in a form satisfactory to the Clinton County Cable Television Council to guarantee the faithful performance by the Franchisee of its obligations as provided in this franchise and the coterminous franchises in the other municipalities that comprise the Clinton County Cable Television Council.
- X 32.2 The performance and security bond shall be subject to but not be limited to the following conditions:
  - a) The total amount of the bond shall be forfeited in favor of the Municipality in the event, after thirty days written notice to the franchisee with opportunity for the latter to cure or challenge:
    - (i) The franchisee abandons service to any portion of the Municipality at any time during the term of the franchisee;
    - (ii) The franchisee assigns the franchise without the express written consent of the Municipality;
    - (iii) The franchisee fails to comply with sections 20.0, 18.0, and 11.0 pertaining to non-discrimination, insurance, and the cable system; or the

franchise is revoked pursuant to section 8.0; provided, that the bond may not be forfeited if the insurance required by section 18.0 is in effect but the insurance company has failed to furnish the evidence required under that section.

- b) Not less than thirty days prior written notice to the Municipality shall be provided of the franchisee's intention to cancel, materially change, or not to renew the initial provisions of the bond.
- X 32.3 Upon written application by the franchisee, the Clinton County Cable Television Council may at its sole option, permit the amount of the bond to be reduced or the Clinton County Cable Television Council may waive the requirements for a performance bond altogether subject to the conditions set forth below:
  - a) No reduction or waiver shall occur prior to one year following the commencement of this franchise agreement.
  - b) Reductions granted or denied upon application by the franchisee shall be without prejudice to the franchisee's subsequent applications, however, no application shall be made within one year of any prior application.
- X 32.4 The rights reserved to the Municipality with respect to use of the performance and security bond are in addition to all other rights of the Municipality whether reserved by this franchise or authorized by law, and no action, proceeding or exercise of a right with respect to such fund shall affect any other rights the Municipality may have.

#### 33.0 SECURITY FUND

- 33.1 In addition to the performance bond required, the franchisee shall deposit as a security fund in a bank within the City, no later than thirty days after the effective date of this franchise, the sum total of ten thousand dollars (\$10,000) for the faithful performance by the franchisee of the provisions of this franchise and the other franchises within the Clinton County Cable Television Council; such fund shall be payable to a Special Account of the Clinton County Cable Television Council reserved for cable related expenditures only as determined by the Board of the Clinton County Cable Television Council, and shall be restored by the Franchisee, in full, to the amount prescribed in this section, within thirty days of any undisputed withdrawal from the security fund made pursuant to the terms of this Franchise.
- 33.2 If the Franchisee fails to make timely payment to the Municipality, or its designee, of any amount due under the penalty provisions of section 34.0, or fails to pay the Municipality within ten days of written notification that any such undisputed payment is due; or if the Municipality is compelled to pay for any undisputed damages, costs, or expenses because of any undisputed default of the Franchisee in conjunction with this Franchise, the Municipality may withdraw the necessary or prescribed amount from the security fund and utilize said amount to rectify or cure said undisputed default
- 33.3 No amount shall be withdrawn from the security fund described in the section if the event precipitating such withdrawal is the subject of a judicial challenge by the Franchisee, and until and unless final disposition by judicial authorities determines that

such payment must be made or the matter is otherwise settled by an agreement between the Franchisee and the Municipality.

#### 34.0 PENALTIES FOR MATERIAL BREACHES

- 34.1 If the Franchisee fails to observe any obligation under the franchise and such breach of the franchise is insufficient to warrant revocation of the franchise, the Municipality may assess the Franchisee, and the Franchisee agrees to pay to the Municipality, subject to full due process and the notice and opportunity to cure provisions set forth in Section 8 herein, a monetary penalty in accordance with the schedule of penalties set forth in this section.
- 34.2 Within ten business days of receipt of a notice that the Franchisee has failed to comply with a provision of the franchise pursuant to 34.1, and only after a full due process and the notice and opportunity to cure provisions set forth in Section 8 herein, the Franchisee shall pay the full amount prescribed in this section to the Municipality.
- 34.3 Upon failure of the Franchisee to make timely payment of an undisputed assessed penalty, the Municipality shall have the right to withdraw the amount of such penalty from the security fund established pursuant to section 33.0. The Municipality shall provide Franchisee with written notification of any such withdrawal.
- 34.4 Amounts received by the Municipality as penalties assessed against the Franchisee, whether directly paid by the Franchisee to the Municipality or withdrawn from the security fund by the Municipality, shall be placed in a Special Account of the Municipality reserved for cable related expenditures only. Such Special Account shall be subject to audit and public disclosure.
- 34.5 Pursuant to this section, the following monetary penalties shall apply:
  - a) Willful failure to construct the system and make service available to existing households along a line extension agreed to by Franchisee and Municipality within 120 days of executing such an Agreement in writing, so long as such 120 days fall within the May 1<sup>st</sup> thru October 31<sup>st</sup> construction season -- \$50.00/ day until completed.
  - b) In the event that the Franchise Fees herein required are not tendered on or before the dates fixed in Section 17.1 above, interest due on such fee shall accrue from the date due at the rate of one percent (1%) above the annual Prime Rate.
  - c) Failure to meet with the Municipality's Board, upon latter's reasonable request and upon reasonable advance written notice, as required in this Agreement, or to reasonably cooperate with performance evaluation sessions as required in this Agreement -- \$100.00 per occurrence.

### 35.0 EFFECT OF MUNICIPALITY'S FAILURE TO ENFORCE FRANCHISE PROVISIONS

- 35.1 The Franchisee shall comply with any and all provisions of this franchise and applicable state and federal law and regulation. Once a breach of a provision or provisions is identified by the Municipality and the Franchisee is finally adjudged to have breached a provision or provisions as provided in this franchise, the penalty or revocation provisions of this franchise shall pertain as applicable.
- 35.2 Any fines or other claims arising out of any actual breach of this franchise shall be effective from the date such breach is found to have commenced. The Franchisee's responsibility to cure any such breach or remit any such fines or claims shall not be diminished by the failure of the Municipality to enforce any provision of this franchise and the Franchisee hereby agrees to waive any statute of limitations that may be applicable to any such breach during the term of this franchise.

### 36.0 NOTICES

36.1 a) Every notice and/or request to be served upon the Town/Franchising Authority shall be delivered by hand or sent by Federal Express or other express receipted delivery service or certified mail (postage prepaid) to the following address:

Town of Ausable, Town Hall, 111 Ausable Street Keeseville, New York 12944 ATTN: Supervisor

or such other address as the Franchising Authority may specify in writing to the Licensee.

Every notice served upon the Franchisee shall be delivered by hand or sent by Federal Express or other express receipted delivery service or certified mail (postage prepaid) to the following address:

VP/General Manager, Charter Communications, 95 Higgins Street, Worcester, Massachusetts 01606,

with a copy sent to

Vice President, Government Affairs and Franchise Relations East Division, Charter Communications, 95 Higgins Street, Worcester, Massachusetts 01606, and Vice President, Government Affairs and Franchise Relations, Charter Communications, Inc., Charter Plaza 12405 Powerscourt Drive, St. Louis, Missouri 63131

or such other address as the Franchisee may specify in writing to the Franchising Authority. The delivery shall be equivalent to direct personal notice, direction or order, and shall be deemed to have been given at the time of receipt of such notice.

b) All required notices shall be in writing.

### GENERAL STATEMENT OF QUALIFICATIONS

This Applies to each Technician Performing Any of the Tests

Headend:	Plattsburgh,	New	York	<b>PSID Number:</b>	0005149

Technician	Job Title & Qualifications
Tom Mattox	Head End Tech –25 Years in CATV
Dan Rushford	Chief Tech – 32 Years in CATV
Bob Greer	System Tech II– 20 Years in CATV
John Theisen	System Tech Senior – 7 Years in CATV
Roger Barrett	System Tech II- 20 Years in CATV
John Corrow	System Tech II- 7 years in CATV

maquie was designed to accept an applical input level -3 to -1 a2m with a 4ft modulation index. The resource substantity consists of a PDI diode detector followed part amplifier. The optical connector provided the of the standard unit is an SCTPO type. Received is monitored via a voltage test point which is called t VDO per mW of received power, this data is also take network management transponder should one to FC output of the receiver module may be measured itsectional coupler test point which follows the post

ard is pictured in diagram contained in section 3 of ng with calibration steps for the proper test point read-

ath RF amplifier sub-assembly consists of an input doy three-power doublet driven amplification stages, in the stages is dedicated to a single output leg. Atplug-in pads, may be accomplished at the input of this highest and in common to the dedicated hybrid to port three and in common to four. Signature correction may also be completed thinks prior to the input hybrid and common to ports. Directional complete type test points are provided at vard path outputs, immediately following the diplax.

RF sub-assembly accepts inputs from each of poins that well as a 5-200 MHz input from portione. Pads d in each of the reverse legs preceding the reverse on stage. Input directional coupler type test points the each leg prior to the diplex filter. Programmable are reverse path diagnostic tools which may be see legs of points two through four. These three positions released reverse legs to be attenuated by 5 dB tomplish reverse path ingress troubleshooting.

forward and reverse path attenuation, equalization in stages as well as circuit routing are shown in fig-2 path set-up may be completed with the use of the fragram highlighting this portion of the product in this manual. Pads and equalizers are installed at aphieve the proper gain and slope! The following:

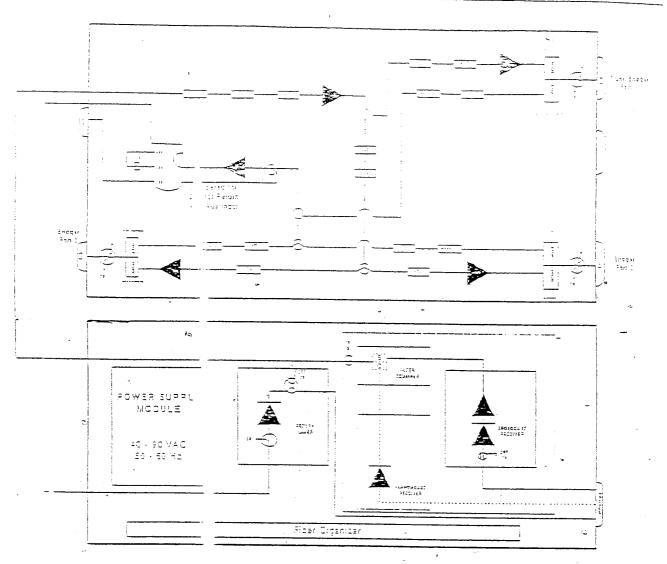

Figure 1-2. - deway<sup>TM</sup> II Optical Node - Functional Block Diagram.

### Powering

The Gateway II may be powered through any one of the four available RF ports. Quasi-square wave inputs from 40-90 VAC are supported. The necessary DC input to the electronics is provided by the PSR-3 switching power supply. Power routing for the unit is highlighted in diagrams contained in section 3. The alagrams putline AC input routing options and the subsequent DC provision to the subsequent DC provision to the subsequent DC provision to the subsequent DC provision.

Frequency Response	₫₿	± 0.75	= 0.75	1
Tit (=1 5 d8)	d.E	9	0	
Optical Input Test Point ( ± 20 %)	V DC	1V / mW	1V / <b>m</b> W	2
RF Output Test Point (± 1.8 dB)	dS.	- 20	- 20	
RF Output Level	aSmv	See Chart Below	See Chart Below	3

#### Receiver RF Output Level Vs Transmitter OMI

#### Notes for Optical Section Specifications:

- 11 For forward receiver module only. Does not include frequency response contributions from forward optical transmitter.
  - ... Referenced to optical input power in milliwatts at 1310 nm.
  - Minimum receiver RF output level for the stated transmitter percent Cotical Modulation Index (OMI) per channel, with receiver portical input power of 0 d8m. To determine RF output levels at other potical indu; power ladd (or subtract) 2 d8 in RF leveRor sach 1 d8 increase for decrease in receiver optical input power.

Por reverse potical transmitter and link performance, see the "Analog Peverse Dotical Transmitters for Model 5940/6944 and GeinMaker" Corcelectronic Stations" sets sheet or the "Model 6940/44 odd Digital Peverse" deta sheetrol.

Uniess standarise noted, the above specifications reflect typical station beformance at stated reference levels in the recommend.

Discreting configuration (s), Uniess otherwise noted, specifications are based on measurements made in accordance with NCTA.

Pacommended Practices for Measurements on Caple Television Systems using standard frequency assignments and are referenced \$65, 2010.

#### ption

c-Atlanta's Multimedia Streton. Tap is designed to the delivery of advanced applications and services in feative platform. In addition to providing high quality that are essential to the reliable ision of data and digital video services, the Multimedia Tap includes the capability to house other ance-enhancing options. As an example, we have ad and field-tested a version of the plug-in directional that cost-effectively balances reverse path signals that cost-effectively balances reverse path signals in a marked performance improvement in this ting portion of your networks. Recently completed is assable version of the Multimedia Stretch Tap a that introduces significant operating cost savings / revenue-generating opportunities.

vstem upgrades, operators are challenged to quickly install new equipment while minimizing the impact on illicing taps is a time-consuming process complicated by a widehed gap in the feeder cabling. Scientificumedia Stretch Tap features a nine-inon housing that fills this gap—without using costly or performance; extension connectors—providing operators with the fastest way to restore service and complete upgrade efforts.

#### es

ent-pending Connection-Beam AC/RF bypass switch, providing interruption-free service to downstream dustomers agraceplate removal

aplate-confined circuitry isolates and simplifies maintenance efforts

port power activation and protection, maximizing cost and customer service effectiveness

winch housing, simplifying system upgrades

eclate reversibility, eliminating costly re-splicing

-in directional coupler, enabling field modification without costly resplicing -

lable in 2-.4-, and 8-way versions

patible with aerial or pedestal mounting

lable space for future enhancements

able powder paint coating for superior environmental protection

#### edia Stretch Tap

imedia Stretch Tap also provides an important level of nervices flexibility by shabling reversibility. As oberators he fiber optic portion of their broadband networks, the result option a reversal of the fleeder signal flow. By hanging the pnentation of the plug-in directional poupler moduse technicians can avoid time consuming and a resolition of the pable.

in directional coupler module further adds to the flexibility of the tap, and helps to control inventory expense. By epideling the on-board device, operators are able to modify tap values—again without costly resolving.

portantly, Scientific-Atlanta's Multimedia Streton Tables designed for the future. Our engineers have maximized space in the device to allow for adding future advanced features.

## FEATURES "

- inclusary-leading insertion loss specifications reduce amplifier requirements
- Unique, patented AC bypass coil provides superior hum modulation performance, important in advanced, high current networks
- Superior return loss specifications enable more reliable transmission of digital signals
- 11 valuate design allows board and cover to be changed without costly, result to rempacting resplicing
- essenie cousing design permits aerial or pedestal mounting
- The stressing, blocking jumpers for increased maintenance flexibility in the lateralice interruptions
- The first case of the case of the second section of the second section of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the second sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section sections of the section section section sections of the section section section sections of the section section section sections of the section section se

## 3.0 Explorer™ 2000 Specifications

## 3.1 Electrical Specifications

## 3.1.1 RF and Baseband Output Performance

With a +15 dBmV Input Signal, 85 CW Channels:

Cross modulation distortion (XMOD) <-57dBc

Composite second order distortion (CSO) <-60dBc

Composite triple beat distortion (CTB) <-60 dBc

## 3.1.2 Frequency Assignments & Tuning Frequency Resolution

Frequency assignments comply with STD, HRC and IRC frequency lineups. The tuner can tune 250 kHz steps for QAM channels (digital) and 62.5 kHz steps for NTSC channels (analog).

## 3.1.3 Power Consumption

35 Watts Maximum

### 3.1.4 AC Input

The Explorer™ 2000 DHCT accepts standard residential AC line voltage of 103.5 VAC to 126.5 VAC at 60 Hz.

### 3.1.5 AC Outlet

Supplies 400 Watts maximum at the AC input line voltage. It is switched on and off under software control.

## 3.1.6 Analog Channel RF Input

Connector Threaded Female F connector

Frequency Range 54-860 MHz

RF Input Level 0 to + 15 dBmV (meets NTSC specs)

Functional operation without damage -7 to +20 dBmV (operates)

Input Return Loss 7 dB minimum

Noise Figure <12 dB at maximum gain

C/N (at input) 57 dB minimum (meets all specs)

--: U U U / U U /

## 40 dB minimum (operates)

## 3.1.7 Digital Channel Input and Private Data

Explorer™ 2000 DHCT will support ITUJ.83 AnnexB. The following specifications will be used

Frequency Range

54-860 MHz

RF Input Level

Typical for BER after FEC < 10<sup>-9</sup>

64 QAM

-20 dBmV to + 14 dBmV

256 QAM

-14 dBmV to +14 dBmV

Meets spec of BER after FEC < 10<sup>-8</sup>

64 QAM

-15 dBmV to + 14 dBmV

256 QAM

-9 dBmV to +14 dBmV

Input Return Loss

7 dB minimum

Noise Figure

<12 dB at maximum gain

C/N (At input)

To meet BER at input levels given

**64 QAM** 

above.

256 QAM

> 32 dB in 6 MHz BW. > 38 dB in 6 MHz BW.

Modulation Technique

ITUJ.83 Annex B 64 QAM and 256

MAD

Transmission Rate

30.357 Mbits/sec. (64 QAM) 42.884 Mbits/sec. (256 QAM)

Transport

DAVIC Structure; convolutional de-

interleaving and Reed Solomon FEC

with T=3

Private Data Rate (average)

3 Mbits/sec (From QAM Demod input

to DRAM)

Private Data Format

per MPEG-2 (ISO/IEC 13818)

## 3.1.8 Audio and Video Specifications

#### Digital Audio Specifications 3.1.8.1

Data Rate

384 Kbits/sec maximum ---

Format

MPEG 1, Layer 2, 2 channel

Musicam, AC-3

Supported Sampling Rates

32 kHz, 48 kHz, and 44.1 kHz

#### 3.1.8.2 Computer Generated Audio

Supported Sampling Rates

8 kHz, 11.025 kHz, 22.05 kHz, 24 kHz,

(Software Sample Rate Conversion) 32 kHz, 44.1 kHz, 48 kHz

#### 3.1.8.3 **Baseband Audio Output**

Connector

Two female RCA-type phono jacks

(right channel has red insulation, left

channel has white insulation)

Output level

 $1.3 \text{ V p-p} \pm 10\% \text{ with } 10 \text{ k}\Omega \text{ load}$ 

Output impedance

600 ohms nominal

Volume control

64 steps from 0 dB (maximum volume)

to -63 dB nominal

Step size

 $1 \pm 0.5 dB$ 

Mute

-50 dB
