**Reject the Cayuga Repowering Proposal (RE: PSC Case No. 12-E-0577 and Case No. 13-T-0235)**

Dear Sec. Kathleen H. Burgess,

I am writing today to ask you, the members of the Public Service Commission, for two things: 1) reject the proposal by Cayuga Operating Company LLC to repower the Cayuga Generating Facility in Lansing, NY (PSC-Case 12-E-0577), and 2) approve the proposal by New York State Electric & Gas Corporation (NYSEG) to upgrade regional transmission lines (Case 13-T-0235).

Repowering the uneconomic Cayuga plant would unfairly burden New York ratepayers and undermine your important work on the Reforming the Energy Vision (REV) plan.

NYSEG's proposal to upgrade transmission lines is far cheaper, far cleaner, and far more in line with the goals set by REV.

Your agency is tasked with ensuring the reliability of our electric grid and protecting the interests of ratepayers. The NYSEG proposal accomplishes both. The Cayuga proposal does not.

The choice is clear. Reject the Cayuga repowering proposal and approve the NYSEG transmission line proposal.

Thank you for your consideration,  
*The Undersigned*

Dear Sec. Kathleen H. Burgess,

I am writing today to ask you, the members of the Public Service Commission, for two things: 1) reject the proposal by Cayuga Operating Company LLC to repower the Cayuga Generating Facility in Lansing, NY (PSC-Case 12-E-0577), and 2) approve the proposal by New York State Electric & Gas Corporation (NYSEG) to upgrade regional transmission lines (Case 0235).

Repowering the uneconomic Cayuga plant would unfairly burden New York ratepayers and undermine your important work on the Reforming the Energy Vision (REV) plan.

NYSEG's proposal to upgrade transmission lines is far cheaper, far cleaner, and far more in line with the goals set by REV.

Your agency is tasked with ensuring the reliability of our electric grid and protecting the interests of ratepayers. The NYSEG proposal accomplishes both. The Cayuga proposal does not.

The choice is clear. Reject the Cayuga repowering proposal and approve the NYSEG transmission line proposal.

Thank you for your consideration,  
*The Undersigned*
