October 11, 2001

The Honorable Paul DeSarbo
Mayor
Village of Altamont
P.O. Box 643
Altamont, NY 12009

**CERTIFIED MAIL
RETURN RECEIPT REQUESTED**

Dear Mayor DeSarbo:

As you know, Time Warner Cable operates the cable television system that serves the Village of Altamont. By means of this letter, I wish to bring to your attention that the franchise, which Time Warner Cable has with the Village, is scheduled to expire on July 12, 2004. We therefore respectfully request that, pursuant to 626(a)(1) of the Cable Television Consumer Protection and Competition Act of 1992 (the "Act"), the Village commence a proceeding for renewal of the cable television franchise held by Time Warner Cable.

Section 626(a)(1) outlines a proceeding which "affords the public in the franchise area appropriate notice and participation for the purpose of (A) identifying the future cable-related community needs and interests, and (B) reviewing the performance of the cable operator under the franchise during the then current franchise term."

Without limitation or qualification of the process described above, we are agreeable to submitting to you a proposal for renewal of the franchise pursuant to Section 626(h). Subsection (h) contemplates an informal renewal process that also affords public notice and an opportunity for comment. We will be contacting you to discuss the proceedings outlined in this letter and to answer any questions you may have about the renewal process.

I appreciate your attention to this matter. Time Warner Cable looks forward to the opportunity to continue to serve the Village of Altamont.

Sincerely,

Peter M. Taubkin
Vice President
Government Relations & Public Affairs

said Streets such poles, wires, cables, conductors, ducts, conduits, vaults, pedestals, manholes, amplifiers, appliances, attachments and other property as is deemed necessary or useful by the Company, subject to the Company's obligation to provide efficient Cable Television Service. Additionally, the Municipality, insofar as it may have the authority to so grant, hereby authorizes the Company to use any and all easements dedicated to compatible uses, such as electric, gas, telephone or other utility transmissions, for the purposes of erecting, installing, constructing, repairing, replacing, reconstructing, maintaining and retaining in, on, over, under, upon and across such easements such items of the Cable Television System as is deemed necessary or useful by the Company in order to provide Cable Television Service. Upon request by Company and at Company's sole expense, the Municipality hereby agrees to assist the Company in gaining access to and using any such easements.

- (b) Without waiver or restriction of the rights available to the parties hereto under applicable law, this Franchise and the attachments hereto constitute the entire agreement between the parties and supersede any and all prior cable television agreements and other agreements or instruments by or between the parties hereto or their predecessors in interest as well as all rights, obligations and liabilities arising thereunder concerning or in any way relating to cable television service.

All amendments to this agreement must have New York State Public Service Commission (PSC) approval to the extent required by applicable law.

SECTION 3 -- APPROVAL OF COMPANY BY MUNICIPALITY

The Municipality hereby acknowledges and agrees that this Franchise has been approved and entered into by it in accordance with and pursuant to the Communications Act of 1934, as amended, 47 U.S.C. Sec. 521 et seq. (hereinafter the "Communications Act") and all other applicable laws, rules and regulations including, but not limited to, the rules and regulation of FCC and the PSC, and hereby represents and warrants that this Franchise has been duly approved and entered into in accordance with all applicable local laws. The Municipality hereby acknowledges that it, by duly authorized members thereof, has met with the Company for the purposes of evaluating the Company and negotiating and consummating this Franchise. The Municipality has determined, after affording the public all adequate and due notice and opportunity for comment in public proceedings affording due process, that the Company is likely to satisfy cable-related community needs and has found the Company's technical ability, financial condition, and character to be satisfactory and has also found to be adequate and feasible the Company's plans for operating the Cable Television System.

SECTION 4 -- TERM AND THE RIGHTS ARISING HEREUNDER

The term of this agreement is 10 years and shall take effect and be in full force from and after the issuance of a Certificate of Conformation/Order of Approval by the PSC.

SECTION 5 -- REVOCATION

- (a) The Municipality may revoke this Franchise and all rights of the Company hereunder in any of the following events or for any of the following reasons:
 - (i) Company fails after sixty days written notice from the Municipality to substantially comply or to take reasonable steps to comply with a material provision or material provisions of this Franchise. Notwithstanding the above, should Company comply or take said reasonable steps to comply with said sixty (60) day notice, the right to revoke this Franchise shall immediately be extinguished; or
 - (ii) Company is adjudged as bankrupt; or
 - (iii) Company attempts or does practice a material fraud or deceit in its securing of this Franchise.
- (b) Notwithstanding the above, no revocation shall be effective unless and until the Municipality shall have adopted an ordinance or resolution setting forth the cause and reason for the revocation and the effective date thereof, which ordinance or local law shall not be adopted until the expiration of 120 days from the date of delivery of written notice to the Company specifying the reasons for revocation and an opportunity for the Company to be fully and fairly heard on the proposed adoption of such proposed ordinance or local law. If the revocation as proposed therein depends on a finding of fact, such finding of fact shall be made by the Municipality only after an administrative hearing providing the Company with a full and fair opportunity to be heard, including, without limitation, the right to introduce evidence, the right to the production of evidence, and to question witnesses. A transcript shall be made of such hearing. The Company shall have the right to appeal any such administrative decision to a state court or a federal district court as the Company may choose and the revocation shall not become effective until any such appeal has become final or the time for taking such appeal shall have expired.
- (c) In no event, and notwithstanding any contrary provision in this section or elsewhere in this Franchise, shall this Franchise be subject to revocation or termination, or the Company be liable for non-compliance with or delay in the performance of any obligation hereunder, where its failure to cure or to take reasonable steps to cure is due to Acts of God or other events beyond the control of the Company. The Company shall be excused from its obligations herein during the course of any such events or conditions, and the time specified for performance of the Company's obligations hereunder shall automatically extend for a period of time equal to the period of the existence of any such events or conditions and such reasonable time thereafter as shall have been necessitated by any such events or conditions.

- (d) Nothing contained in this Franchise is intended to or shall confer any rights or remedies on any third parties to enforce the terms of this Franchise.

SECTION 6 -- INDEMNIFICATION & INSURANCE

- (a) Company shall indemnify and hold harmless Municipality from all liability, damage and cost or expense arising from claims of injury to persons or damage to property occasioned by reason of any conduct of Company its employees or agents undertaken pursuant to this franchise. Municipality shall promptly notify Company of any claim for which it seeks indemnification; afford Company the opportunity to fully control the defense of such claim and any compromise, settlement, resolution or other disposition of such claim; and fully cooperate with Company in the defense of such claim, including by making available to Company all relevant information under its control.
- (b) The Company shall as of the Effective Date of this Franchise furnish to the Municipality evidence of a liability insurance policy or policies, in the form of a certificate of insurance naming the Municipality as an additional named insured, which policy or policies or replacements thereof shall remain in effect throughout the term of this Franchise at the cost and expense of the Company; said policy and replacements shall be in the combined amount of Three Million Dollars (\$3,000,000.00) for bodily injury and property damage issued by a company authorized to do business in New York State. In addition, the Company shall carry Worker's Compensation insurance for its employees in such amounts as is required by the laws of the State of New York. The insurance coverage herein above referred to may be included in one or more policies covering other risks of the Company or any of its affiliates, subsidiaries or assigns.
- (c) Notwithstanding any provision contained within this Franchise, the Municipality and Company hereby expressly agree that the Company shall not be liable for and shall not indemnify the Municipality in any manner and in any degree whatsoever from and against any action, demand, claims, losses, liabilities, suits or proceedings arising out of or related to the negligent or intentional wrongdoing of the Municipality or any of its employees, agents or officers.

SECTION 7 -- USE OF EXISTING POLES AND LOCATION OF UNDERGROUND FACILITIES

- (a) The Company hereby agrees that when and wherever it deems it economical and reasonably feasible, it shall enter into agreements with telephone or electric or other utilities (collectively "utilities") for the use of said utilities' poles or conduit space whereby said utilities shall provide use of and access to said poles or conduit space by the Company of the Company's lines and other equipment. Notwithstanding the above, where necessary to service Subscribers and where attachment to the pole(s) or conduit space of utilities is not economically reasonable or otherwise feasible, the Company may erect or authorize or permit others to erect any poles or conduit space or any other facilities within the Streets of

the Municipality pursuant to the issuance by the Municipality of any necessary authorizations to do so.

- (b) Subject to the provisions of sub-paragraph (c), below, in such areas of the Municipality where it or any subdivision thereof shall hereafter duly require that all utility lines be installed underground, the Company shall install its lines underground in accordance with such requirement.
- (c) Notwithstanding the foregoing, if the Company shall in any instance be unable to install or locate its wires underground, then the Municipality, on being apprised of the facts thereof, shall permit such wires to be installed above the ground even though other facilities in the area may be placed, or required to be placed, underground. However, any such permission shall be on such conditions as the Municipality may reasonably require.

SECTION 8 -- RELOCATION OF PROPERTY

Whenever the Municipality shall require the relocation or reinstallation of any property of the Company in or on any of the Streets of the Municipality as a result of the relocation or other municipal improvements of any such Streets, it shall be the obligation of the Company on written notice of such requirement to remove and relocate or reinstall such property as may be reasonably necessary to meet the requirements of the Municipality or the public utility. In the event a public utility is compensated for such relocation or reinstallation, then in such case the Company shall be similarly compensated.

The Company shall, on request of a person holding a building or moving permit issued by the Municipality, temporarily raise or lower its wires or other property or relocate the same temporarily so as to permit the moving or erection of buildings. The expenses of any such temporary removal, raising or lowering of wires or other property shall be paid in advance to the Company by the person requesting the same. The Company shall be given in such cases not less than five (5) working days prior written notice in order to arrange for the changes required.

SECTION 9 -- USE & INSTALLATION

The Company or any person authorized by the Company to erect, construct or maintain any of the property of the Company used in the transmission or reception of Cable Television Service shall at all times employ due care under the facts and circumstances and shall maintain and install said property of the Company in accordance with commonly accepted methods and principles in the cable television industry so as to prevent failures and accidents likely to cause damage or injury to members of the public. All Cable Television System equipment shall conform to those standards of the National Electrical Code and the National Board of Fire Underwriters which exist at the time said equipment is installed or replaced.

The Company agrees to install Cable Television System equipment in a manner to reasonably minimize interference to be expected with the usual use of the Streets and in no event shall any such Cable Television System equipment be located so as to substantially and regularly interfere

with the usual public travel on any Street of the Municipality. All work involved in the construction, installation, maintenance, operation and repair of the Cable Television System shall be performed in a safe, thorough and reliable manner and all materials and equipment shall be of good and durable quality. In the event that any municipal property is damaged or destroyed in the course of operations by the Company, such property shall be repaired by Company within 30 days and restored to serviceable condition.

Whenever the Company shall cause or any person on its behalf shall cause any injury or damage to public property or Street, by or because of the installation, maintenance or operation of the Cable Television System equipment, such injury or damage shall be remedied as soon as reasonably possible after the earlier of notice to the Company from the Municipality or after the Company becomes aware of the same in such fashion as to restore the property or street to substantially its former condition. The Company is hereby granted the authority to trim trees upon and overhanging the Streets of, and abutting private property, (i.e. - in the public way) in the Municipality to the extent it reasonably deems necessary so as to prevent the branches or growths from coming in contact with the wires, cables and other equipment of the Company's Cable Television System.

SECTION 10 -- REMOVAL AND ABANDONMENT OF PROPERTY

If the use of any part of the Company's Cable Television System occupying the Streets of the Municipality is discontinued for any reason (other than for reasons beyond the Company's reasonable control) for a continuous and uninterrupted period of twelve months, the Company shall on being given sixty (60) days prior written notice thereafter by the Municipality, provided no such notice is sent without prior vote of the Board or Board directing the forwarding of said notification, remove that portion of its Cable Television System from the Streets of the Municipality which has both remained unused and which the Municipality for good cause shown and articulated in said notice deems necessary to remove to protect the public health and safety. The cost and expense of said removal shall be borne by the Company, and said Streets shall be placed in as nearly as good condition as immediately before the removal as is reasonable. In the event the Company shall fail to timely remove said unused portion of said system and after an additional thirty (30) days written notice from the Municipality to the Company, the said portion of the System shall be deemed abandoned. Approval by the Public Service Commission and the Municipality is required of any abandonment of all or part of the system by the company before the Municipality may remove or cause to move said portions of the Cable Television System from the Streets of the Municipality which it deems necessary in order to protect the public health and safety. It is understood that the cost of any such removal shall be borne by the Company.

Company shall continue to provide cable service to all subscribers who meet their obligations to Company with respect to such service. Company shall not, without the written consent of Municipality and approval by the Public Service Commission, abandon its cable television system or any portion thereof.

SECTION 11 -- OPERATION AND MAINTENANCE

The Company shall maintain and operate its cable television system at all times in compliance with the duly promulgated and lawful provisions of Section 896 of the Rules and Regulations of the PSC and the technical requirements of the FCC. The Company shall maintain staffing levels and support equipment to assure that telephone inquiries are handled promptly and in accordance with FCC standards in order to minimize busy signals and hold time.

The Company shall maintain a means to receive repair service requests and notice of system outages at times when its business office is closed. The Municipality shall have the right and authority to request, upon reasonable notification, an inspection or test of the cable system by the PSC, the FCC, or to have such inspection or test performed, all at the Municipality's expense. The Company shall fully cooperate in the performance of such testing.

SECTION 12 -- CONSTRUCTION; SERVICE AREA; LINE EXTENSIONS

- (a) The Company shall operate and maintain a Cable Television System in the Municipality capable of passing frequencies of 750 MHz. Company shall construct and maintain its cable system using materials of good and durable quality and shall perform all work involved in the construction, installation, maintenance and repair of the cable system in a safe, thorough and reliable manner.
- (b) Where, in any place within the Municipality all of the electric and telephone utilities shall be located underground, it shall be the obligation of the Company to locate or to cause its property to be located underground within such places. The Company shall have an affirmative obligation to relocate aerial lines underground at the same time as electric and telephone utilities are so required. If the Company shall in any instance be unable to locate or relocate any part of its property underground, then the Supervisor of the Municipality, on being apprised of the facts thereof, shall permit such property to remain above the ground even though other facilities in the area may be placed underground. However, any such permission shall be on such conditions as the Supervisor of the Municipality may reasonably require to protect the public health and safety.
- (c) In any area having less than 20 occupied residential dwelling units per mile, the Company shall have the right to extend service thereto, and it shall be entitled to receive from each Subscriber therein, as a condition precedent to its obligation to commence construction, a contribution-in-aid-of construction in such amount as shall be determined by application of the PSC formula provided for in Part 895.5(b)(2) of the rules and regulations on cable television.

SECTION 13 -- PUBLIC, EDUCATIONAL, GOVERNMENTAL ACCESS (PEG)

Company shall provide access channels pursuant to Part 895.4 of the PSC rules.

SECTION 14 -- RATES

- (a) No rates or charges shall be regulated by or for the Municipality contrary to or inconsistent with applicable federal statutes or the rules and regulations of the FCC or Section 895.1 (e) of the PSC rules including, without limitation, rates or charges concerning Cable Television Service.
- (b) The Company shall not unlawfully discriminate against individuals in the establishment and application of rates and charges for cable services available to generally all subscribers. This provision is not intended to and shall not prohibit (i) sales, promotions or other discounts which the Company deems necessary or desirable to market its Video Programming and other services; (ii) the Company from providing any of its services (and at such rates) as it shall deem necessary or desirable to any or all Subscribers where cable television service or any similar service is offered or provided in competition with the Company's services; or (iii) the Company from discounting rates to persons who subscribe to any services on a seasonal basis or discounting rates to persons who subscribe to any services that are provided on a bulk billed basis.

SECTION 15 -- SERVICE TO PUBLIC FACILITIES AND ACCOUNTABILITY PROVISIONS

- (a) The Company shall provide a single outlet of Basic Service(s) to each school, firehouse, the Village Library at 105 Park Street, and municipally owned building which is occupied for governmental purposes, and as may be reasonably requested by the Municipality within sixty days (60) after the Effective Date of this Franchise provided the point chosen by the Company for connection of such wire to the institution shall be serviceable by a standard drop. The Municipality shall not extend such service to additional outlets, at its expense, without the express written consent of the Company.
- (b) To the extent not inconsistent with or prohibited by the provisions of Section 631 of the Cable Act and all other laws relating to subscriber privacy, the Municipality reserves the right to inspect any and all records the Company is required to maintain pursuant to this Franchise upon reasonable notice and during normal business hours. The Company shall promptly make such materials available at its local business office. Municipality will maintain the confidentiality of any information obtained pursuant to this provision to the extent permitted by law, provided Company has advised Municipality of the confidential nature of the information. In the event that Municipality receives a request for the disclosure of such information with which it, in good faith, believes it must under law comply, then Municipality will give Company notice of such request as soon as possible prior to disclosure in order to allow Company to take such steps as it may deem appropriate to seek judicial or other remedies to protect the confidentiality of such information.

SECTION 16 -- ADDITIONAL SUBSCRIBER SERVICES

- (a) Payment for cable television service rendered to Subscribers is due and payable in advance. A late charge, as determined by the Company, may be applied to delinquent accounts.
- (b) Payment for equipment provided by the Company to Subscribers and the installation, repairs and removal thereof shall be paid in accordance with the Company's standard and customary practices and applicable rules and regulations of the FCC.
- (c) The Company shall have the right to disconnect delinquent Subscribers and charge such Subscribers therefor a disconnection charge as determined by the Company, where at least eight days have elapsed after mailing to the subscriber written notice of discontinuance addressed to such person at the premises where the service is rendered.
- (d) Notice of the Company procedures for reporting and resolving billing disputes and the Company's policy and the Subscribers rights in regard to "personally identifiable information", as that term is defined in Section 631 of the Communications Act, will be given to each Subscriber at the time of such person's initial subscription to the Cable Television System services and thereafter to all Subscribers at intervals of not more than one year, as required by federal or state law.
- (e) The Company shall offer to, and shall notify in writing, the Subscribers of the availability of locking program control devices which enable the Subscriber to limit reception of obscene or indecent programming in the Subscriber's residence. Any Subscriber requesting such device shall pay the Company in full upon the receipt of the same the charge imposed by the Company therefor. The notice provided by the Company shall be given to new Subscribers at the time of installation and thereafter to all Subscribers as required by the federal or state law.
- (f) The Company shall give credit for Cable Television System outages of four (4) hours or more involving all cable services carried on the Cable Television System, which outage results in the interruption of such service provided such outage is due to no fault of the affected Subscriber. Such credit shall be provided in accordance with all applicable federal and state laws and regulations.
- (g) In accordance with the applicable requirements of federal and state laws, the Company shall provide written notice of any increases in rates or charges for any Cable Television Service.
- (h) The Administrator, as the case may be, for the Municipality for this Franchise shall be Supervisor of the Municipality. All correspondence and communications between the Company and the Municipality pursuant to this Franchise shall be addressed by the Company to the Administrator.
