Written billing inquiries should be addressed to:

TWC • Customer Service Manager • P.O. Box 887, Middletown, NY 10940

The Billing Cycle

The bill for Time Warner Cable (TWC) Service is rendered with a monthly invoice.
Billing cycles normally cover thirty day periods.

Partial Month Billing

Because billing occurs in thirty day cycles, any time you add or delete a cable service
your next bill will reflect an amount for a "partial month." The "partial month"
charge reflects the amount from the date of the change plus your next full billing
cycle. For example, you purchase a new service on the 20th day of your 30 day
billing cycle. The charge for the last ten days in that cycle will appear as a "partial
month" charge on your next bill plus the new service rate for the next full billing cycle.

Annual Prepayment

If you choose to pay for cable television service for one year in advance, a credit for the
13th month of service will be provided. If service is discontinued during the year, a cred-
it (less the 13th month) can be obtained for the unused amount by applying in writing
within 90 days of discontinuance of service.

Late Charges

A \$2.50 late charge will be added to any amount which is still unpaid on the due date.
(The due date of your bill is normally 20 days after the billing date for current billing.)

Disconnection Due to Non-Payment

An account is subject to disconnection for non-payment 45 days from the date of
TWC's mailing of the bill for which service charges are past due. A notice of intent to
disconnect service will be mailed to each subscriber subject to disconnection at least 8
days prior to the actual disconnect being completed. Disconnection can be prevented
if the bill is paid in full prior to the disconnect date. If a delinquent bill is paid to a
TWC field representative, a collection charge of \$19.39 plus the full amount owed
must be paid to retain your service. (This includes all late charges which may apply.)
A \$2.05 charge applies for computerized disconnects & reconnects. (A check in the
mail is not considered payment received; it must be received and posted to your
account.) Receipt by TWC of a subsequently dishonored negotiable instrument (bad
check) in response to a notice of disconnection shall not constitute payment and no fur-
ther notice of TWC's intent to disconnect will be rendered. Delinquent disconnects
will be completed only when the office is open.

Written billing inquiries should be addressed to:

TWC • Customer Service Manager • P.O. Box 887, Middletown, NY 10940

The Billing Cycle

The bill for Time Warner Cable (TWC) Service is rendered with a monthly invoice. Billing cycles normally cover thirty day periods.

Partial Month Billing

Because billing occurs in thirty day cycles, any time you add or delete a cable service your next bill will reflect an amount for a "partial month." The "partial month" charge reflects the amount from the date of the change plus your next full billing cycle. For example, you purchase a new service on the 20th day of your 30 day billing cycle. The charge for the last ten days in that cycle will appear as a "partial month" charge on your next bill plus the new service rate for the next full billing cycle.

Annual Prepayment

If you choose to pay for cable television service for one year in advance, a credit for the 13th month of service will be provided. If service is discontinued during the year, a credit (less the 13th month) can be obtained for the unused amount by applying in writing within 90 days of discontinuance of service.

Late Charges

A \$2.50 late charge will be added to any amount which is still unpaid on the due date. (The due date of your bill is normally 20 days after the billing date for current billing.)

Disconnection Due to Non-Payment

An account is subject to disconnection for non-payment 45 days from the date of TWC's mailing of the bill for which service charges are past due. A notice of intent to disconnect service will be mailed to each subscriber subject to disconnection at least 8 days prior to the actual disconnect being completed. Disconnection can be prevented if the bill is paid in full prior to the disconnect date. If a delinquent bill is paid to a TWC field representative, a collection charge of \$19.39 plus the full amount owed must be paid to retain your service. (This includes all late charges which may apply.) A \$2.05 charge applies for computerized disconnects & reconnects. (A check in the mail is not considered payment received; it must be received and posted to your account.) Receipt by TWC of a subsequently dishonored negotiable instrument (bad check) in response to a notice of disconnection shall not constitute payment and no further notice of TWC's intent to disconnect will be rendered. Delinquent disconnects will be completed only when the office is open.
