

Jaclyn A. Brillling, Secretary
Public Service Commission
Bldg 3, Empire State Plaza
Albany, NY 12223-1350

Dear Ms. Brillling,

Please do what you can to help make solar and wind power part of the grid now and in the future toward fueling our energy needs. It seems that vested interests are putting the breaks on an all-out efforts to institute the use of non- polluting renewable energy, and this go against the wants and needs of the world's people. Please act now so that alternate energy produced can be used for the common good. Sincerely

Antonia Weidenbacher,

297 Meads Mountain Road ,

Woodstock, N.Y. 12498
