Reason: My husband and I live in the project area at 670 Mt. Carmel Road in Windsor and we have many concerns that we feel have not yet been addressed in the application from Bluestone wind. We would like to participate to help build the record. We are members of BCCR where we are working together through task groups and regular meetings. My husband and I would like to be a party so we can upload documents and facilitate the discussion. We recognize that members of the public have the right to participate in Article 10 proceedings and we kindly ask to be allowed to participate in this matter. Thank you for your consideration.
