Case #: 00-V-2009

Dear Sir/Madam:

The Temporary Operating Authority under which Parnassos, LP has been providing service in the Town of Colden will expire June 30, 2001.

The Company and the municipality are negotiating a franchise renewal. The Public Service Commission has determined that it would be in the public interest to grant Temporary Operating Authority so that the Company may continue to provide cable television services during the negotiation of the franchise renewal. The expired franchise sets forth certain rights and obligations of the parties. Part 595 of our cable rules, 9 NYCRR, sets forth franchise standards which must be contained in a cable television franchise presented to the Commission for approval.

This Temporary Operating Authority is granted on condition that during the terms of this authority, the parties shall comply with all the terms and provisions of their expired franchise and all of the provisions set forth in Part 595 of our cable rules. In the event any franchise provision is inconsistent with a provision of Part 595, the provision most beneficial to the subscriber shall be controlling.

Subject to the conditions and understanding expressed herein, Temporary Operating Authority is hereby granted to Parnassos, LP for its operations in the Town of Colden, said authority to expire December 30, 2001.

By direction of the Commission.

SECTION JUN 21 2001

John Hand Decker
Secretary

SUBJECT: Issuance of Temporary Operating Authorities for the cable television companies and associated municipal franchise service areas listed on Appendix 1

RECOMMENDATION: It is recommended that the Secretary be authorized to notify by letter directive, the grant of temporary operating authority to the companies listed on Appendix 1 to continue the provisions of cable television service in each listed municipality for an additional six month period, subject to the conditions set forth in the memorandum.

The cable television companies listed on Appendix 1 are providing cable television services within each of the municipalities listed on Appendix 1. The companies are providing cable television services in the municipalities shown pursuant to municipal franchises or Temporary Operating Authorities granted by the former Commission on Cable Television. Those municipal franchises or Temporary Operating Authorities will expire on the dates shown in the Appendix. Each of the companies and the associated municipalities are in the process of negotiating a franchise renewal and none are expected to complete that process before the indicated expiration dates.

Staff believes that it is in the public interest to continue the operating authority of cable television companies during the negotiation of franchise renewal in order to ensure the continued provision of cable television services in the affected municipal franchise areas, and to mitigate the potential for adverse impacts on the cable companies' ability to continue service in the absence of formal operating authority. Accordingly, we recommend that each company listed on Appendix 1 be granted, for each municipality listed, temporary authority to continue its cable television operations for an additional six month period. The temporary operating authority should be

granted on the condition that all the terms and conditions of the recently expired franchise will continue to apply during the term of the temporary authority, as well as all of the Franchise Standards set forth in Part 595 of Subtitle 9 of the Official Compilation of Codes, Rules and Regulations of the State of New York. In the event any franchise provision is inconsistent with a provision of Part 595, the provision most beneficial to the subscriber should be controlling.

Respectfully submitted,

STEVEN SHAYE
