

**APPLICATION FOR RENEWAL OF FRANCHISE  
OR CERTIFICATE OF CONFIRMATION  
(Form R-2)**

1. The exact legal name of applicant is: **CSC Acquisition –MA, Inc.**
2. Applicant does business under the following name or names: **Cablevision**
3. Applicant's mailing address is: **6 Executive Plaza, Yonkers, NY 10701**
4. Applicant's telephone number(s) is (are): **914-378-4515**
5. (a) This application is for the renewal of operating rights in the:  
**Village/Town of Harrison**  
  
(b) Applicant serves the following additional municipalities  
from the same headend or from a different headend but  
in the same or adjacent county:  
  
**Village of Port Chester**
6. The following signals are regularly carried by the  
applicant's cable system (where signals are received  
other than by direct off-air pickup, please so indicate):  
  
**See Attachment A**
7. Applicant does provide channel capacity and/or  
production facilities for local origination. If answer is  
affirmative, specify below the number of hours of locally  
originated programming carried by the system during the  
past twelve months and briefly describe the nature of the

programming:

**The number of hours of locally originated programming carried by the system during the past twelve months is 850 hours.**

**The nature of the programming includes series produced by Cablevision such as "Meet the Leaders", featuring local officials and administrators of non-profit organizations in a half-hour interview program, and "Neighborhood Journal" which features local communities and events.**

**Cablevision produced and broadcast coverage of the 2007 Empire State Games which was held in various locations near the subject franchise area. Public Access, Government Access and Educational Access, produced by community members, including topics such as health, religion, cooking, sports, talk shows, municipal and school meetings and announcements, fill out the community programming complement of offerings.**

8. The current monthly rates for service in the municipality specified in Question 5(a) are: **See Attachment B**

(Primary connections  
(Secondary connections  
(Pay-cable subscriptions  
(Commercial connections  
(Other

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

9. How many miles of new cable television plant were placed in operation by applicant during the past twelve months in the municipality specified in Question 5(a)? **.64**  
In the municipalities specified in Question 5(b)? **.59**
10. State and describe below any significant achievements and/or improvements that took place with respect to system operation during the past twelve months:
11. Indicate whether applicant has previously filed with the NYS Department of Public Service:
- (a) Current Statement of Assessment pursuant to Section 217, Chapter 83? [ x ]Yes [ ]No
- (b) Current Annual Financial Report? [ x ]Yes [ ]No

If answer to any of above is negative, please explain:

12. Has any event or change occurred during the past twelve months which has had, or could have, a significant impact upon applicant's ability to provide cable television service? If so describe below:

## Semi-Annual Proof of Performance Data

PORT CHESTER

WINTER 2009

FCC Rules & Regulations, Subpart A - General, 76.5 (dd) Definitions, *Community Unit*. A cable television system, or portions of a cable television system that operates or will operate within a separate and distinct community or municipal entity.

**COMMUNITIES SERVED BY THIS HEADEND: (Franchise issuing Municipalities)**

**PSID # 08370**

[illegible]

Semi-Annual Proof of Performance Data  
PORT CHESTER  
WINTER 2 2009

FCC Rules & Regulations, Subpart K - Technical Standards, 76.601(c) (1) Performance tests.

For cable television systems with 1000 to 12,500 customers are required to conduct testing at six (6) widely separated test points, for those systems that have 12,501 or more customers, you must add an additional test point for every additional 12,500 customers. (e.g. 9 test points = 37,501 customers). Measured performance of the system as would be viewed from a nearby (Customers) Terminal". All distribution tests are to be performed at the end of a 100 foot section of drop cable connected to a customer tap off point. These action will simulate the conditions at a typical cable ready customer terminal. Some test are to be preformed with a CATV converter to simulate it's effects on the quality of signal delivered to the customer.

## SYSTEM PROOF TEST POINTS

### GENERAL INFORMATION

FCC Rules & Regulations, Subpart K, Technical Standards, 76.601(a), this Cable Television System has been designed to comply with all applicable FCC rules & regulations. Current design specification limits of this system are as follows:

Design Specifications	Without Converter	With Converter
Worst case carrier to noise ratio:	48.6 dB	47.2 dB
Worst case composite triple beat ratio:	54.6 dBc	53.0 dBc
Worst case composite second order ratio:	54.3 dBc	53.0 dBc

FCC Rules & Regulations, Subpart K, Technical Standards, 76.605 (A)(1)(i), all authorized video signals delivered to the customer terminals are capable of being displayed by a TV broadcast receiver used for off-the-air reception of TV broadcast signals, as authorized under part 73 of the Commission's rules.

### 24 Hour Testing

Visual signal level Variance (24 Hour Testing), has been performed and has passed the requirements of Part 76, Subpart K 76.605 (c), (3) of the FCC Rules & Regulations. Yes ☒ No ☐

COMMENTS:

The above data represents compliance to the Rule & Regulations of of the FCC, Part 76, Subpart K, 76.605 - Technical Standards. I have reviewed the actual proof documents and verify the above is a true summary. The Systems Technical Inspection file is the back up to this document and is located at (Add the address where the technical file is maintained)
