Columbia Utilities is a family owned and operated energy supply company offering electricity and natural gas throughout New York State. Originally providing fuel oil to residents and businesses, now three generations later, the same family continues to expand with renewable energy* options and quality service.

Our personalized service, knowledgeable staff, and dependable energy ensure you have a viable choice for your energy needs.

* This is an electric renewable product, one hundred percent (100%) of your electricity usage will be matched with renewable energy credits (RECs), sourced from Wind and/or NY Hydro Facilities.
