**WHEREAS**, Cablevision of Rockland/Ramapo, LLC (hereinafter referred to as "Franchisee"), or, if applicable Franchisee's predecessor in interest, having previously secured the permission of the Village to use such streets, rights of way, and public grounds under a franchise Agreement that has since expired, has petitioned the Village for a renewal of such franchise; and,

**WHEREAS**, the Village and Franchisee have complied with all Federal and State-mandated procedural and substantive requirements pertinent to this franchise renewal; and,

**WHEREAS**, the Village has approved, after consideration in a full public proceeding affording due process, the character, financial condition, and technical ability of Franchisee; and,

**WHEREAS**, during said public hearings and proceedings, various proposals of the parties for constructing, maintaining, improving, and operating the communications System described herein were considered and found adequate and feasible; and,

**WHEREAS**, this franchise renewal, as set out below, is non-exclusive and complies with the franchise standards of the New York State Public Service Commission,

**THEREFORE**

The Village and Franchisee agree as follows:

**1.0 DEFINITION OF TERMS**

**1.1** "Area Outage": a total or partial loss of video, audio, data or other signals carried on the "Communications System" in a location affecting five or more subscribers.

**1.2** "Cable Service": the one-way transmission to subscribers of (i) video programming, and (ii) other programming service, including subscriber interaction, if any, which is

required for the selection or use of such video programming or other programming service; or as otherwise defined in the Communications Act of 1934, as amended.

**1.3** "**Capability**": the ability of the "Franchisee" to activate a described technological or service aspect of the "Communications System" without delay.

2.4 No privilege nor power of eminent domain shall be deemed to be bestowed by this Agreement other than that conferred pursuant to statutory law.

**3.0 NON-EXCLUSIVE NATURE OF THIS FRANCHISE**

3.1 This Agreement shall not be construed as any limitation upon the right of the Village to grant to other persons rights,

privileges, or authorities similar to the rights, privileges, and authorities herein set forth, in the same or other streets, alleys, or other public ways or public places. The Village specifically reserves the right to grant at any time such additional franchises for this purpose as it deems appropriate; provided, however, that such other franchises be upon similar terms and conditions, and include similar burdens and obligations, as contained in this Agreement. Notwithstanding the foregoing, nothing herein shall preclude the Village from granting additional franchises, which includes terms that are materially more advantageous to the Village than the benefits provided by Franchisee in this Agreement.

#### **4.0            TERRITORIAL LIMITS**

**4.1** The rights and privileges awarded pursuant to this Agreement shall relate to and cover the entire present territorial limits of the Village. In the event that any area outside the territorial limits of the Village is annexed during the term of this Agreement, the Franchisee shall be authorized to serve such area and, at its option, may extend service therein under the same general terms and conditions that exist in this Agreement.

**5.0 FRANCHISE SUBJECT TO LAW AND REGULATION**

**5.1** All terms and conditions of this Agreement are subject to Federal and State law and to the rules and regulations of the FCC and the NYSPSC.

**5.2** All terms and conditions of this Agreement are subject to the approval of the NYSPSC.

**5.3** All rights and privileges granted hereby are subject to the police power of the Village to adopt and enforce laws, rules and regulations necessary for the health, safety and general welfare of the public. Expressly reserved to the Village is the right to adopt, in addition to the provisions of this Agreement and existing laws, rules, and regulations, such additional laws, rules, and regulations of general applicability to all business entities as it may find necessary in the exercise of its police power; provided, however, that such additional laws, rules and regulations relevant to the Franchise or Franchisee's provision of cable service in the Village are reasonable, properly within the authority of the Village to enact, not materially in conflict with the privileges granted in this Agreement, and consistent with all Federal and State laws, rules regulations and orders.

5.4 Within sixty (60) days of receipt of formal notification of the Village's approval of this Franchise, Franchisee shall file a request for certification of this franchise with the NYSPSC and shall provide the Village with evidence of such filing.

5.5 The Mayor, or other person as designated by the Village, shall have responsibility for the continuing administration of the rights and interests of the Village under this Franchise. Notwithstanding the foregoing, however, any award or denial of a franchise, revocation, termination or final notice of default shall require vote of the Village's governing body.

**6.0            CONDITIONS ON USE OF STREETS AND PUBLIC GROUNDS**

6.1 Any work which requires the disturbance of any street or which will interfere with traffic shall be undertaken in accordance with the generally applicable ordinances, local laws and regulations of the Village.

6.2 No poles, underground conduits or other wire-holding structures shall be erected by Franchisee without the approval of the appropriate municipal official through established permit

procedures to the extent that same now or hereafter may exist, with regard to the location, height, type and any other pertinent aspect of such wire-holding facilities; provided however, such approval may not be unreasonably withheld or delayed.

6.3 All structures, lines and equipment erected by Franchisee within the Village shall be so located as to cause minimum interference with the proper use of streets, alleys, easements and other public ways and places, and to cause minimum interference with rights or reasonable convenience of property owners who adjoin any of the said streets, alleys or other public ways and places. Existing poles, posts and other structures of the electric power company or any telephone company or any other public utility which may be available to Franchisee shall be used to the extent practicable in order to minimize interference with travel. Where both power and telephone utilities are placed underground, Franchisee's cable also shall be placed underground.

6.4 Franchisee shall have the right and authority to remove, trim, cut, and keep clear trees and bushes upon and overhanging all streets, alleys, easements, sidewalks, and public places in the Village to the minimum extent necessary to keep same clear of poles, wires, cables, conduits and fixtures.

6.5 In the case of any disturbance of pavement, sidewalk, driveway or other surfacing, Franchisee shall, at its own cost and expense in accordance with the generally applicable local laws and ordinances, rules and regulations, and within thirty (30) days, or, if possible sooner, replace and restore such pavement, sidewalk, driveway or surfacing so disturbed to as good a condition as existed before said work was commenced. In the event that any municipal property is damaged or destroyed by Franchisee, such property shall be repaired or replaced by Franchisee within thirty (30) days, or if possible sooner, and restored to as good a condition as existed before said work was commenced.

6.6 All structures and all lines, equipment and connections, in, over, under and upon streets, sidewalks, alleys and public ways and places of the Village, wherever situated or located, shall at all times be kept and maintained in a safe, suitable, and substantial condition, and in good order and repair.

6.7 In exercising rights pursuant hereto, Franchisee shall not endanger or interfere with the lives of persons, nor interfere with any installations of the Village, any public

utility serving the Village or any other person permitted to use the streets and public grounds, nor unnecessarily hinder or obstruct the free use of the streets and public grounds. The grant of this Franchise does not establish priority for use over other present or future permit or Agreement holders or the Village's own use of the streets and public grounds. The Village shall at all times control the distribution of space in, over, under or across all streets and public grounds that are occupied by the System. All rights granted for the construction and operation of the System shall be subject to the continuing right of the Village to require such reconstruction, relocation, or change of the facilities and equipment used by Franchisee in the streets, alleys, avenues, and highways of the Village, as shall be reasonable under the circumstances and necessary in the public interest.

6.8 Nothing in this Agreement shall hinder the right of the Village or any governmental authority to perform or carry on, directly or indirectly, any public works or public improvements of any description. Should the System in any way interfere with the construction, maintenance, or repair of such public works or public improvements, Franchisee shall, at its own cost and expense, protect or relocate its System, or part thereof, as reasonably directed by the Village.

**6.9** Upon notice and payment as set forth herein by a person holding a building or moving permit issued by the Village, Franchisee shall temporarily raise or lower its wires or other property or relocate the same temporarily so as to permit the moving or erection of buildings. The expenses of any such temporary removal, raising or lowering of wires or other property shall be paid in advance to Franchisee by the person requesting same. In such cases, Franchisee shall be given not less than ten (10) working days prior written notice in order to arrange for the changes required.

**7.0**            **ASSIGNMENT OR TRANSFER OF FRANCHISE**

**7.1** No change in control of Franchisee, or this Franchise shall occur without the prior written consent of the Village, which consent shall not be unreasonably withheld or delayed.

**7.2** At least one-hundred twenty (120) days before a proposed change of control is scheduled to become effective, Franchisee shall petition in writing for the Village's written consent of such proposal. If the Village fails to render a final decision on the request for a change of control within one-hundred twenty (120) days after receipt by the Village, such

request shall be deemed granted unless the Franchisee and the Village jointly agree to an extension of time.

7.3 The Village may consider the following in determining the ability of the proposed assignee or transferee to meet the obligations of the Franchise hereunder and in deciding whether to grant the petition:

- a) the experience of proposed assignee or transferee;
- b) the managerial and technical qualifications of proposed assignee or transferee;
- c) the legal integrity of proposed assignee or transferee;
- d) the financial ability and stability of the proposed assignee or transferee;
- e) the plans of the proposed assignee or transferee as to operation and maintenance of the System;
- f) the likely effects of the transfer or assignment on the health, safety, and welfare of the citizenry of the community relative to the operation of the System.

7.4 Franchisee's written petition shall be filed with the Village using FCC Form 394, or such similar form as hereinafter may be provided by the FCC for such purposes, and such other information as is required pursuant thereto.

**7.5** In the event that the Village refuses to grant the aforementioned petition, it shall set forth the specific reasons for its decision in writing by municipal resolution.

**7.6** No consent from the Village shall be required for a transfer in trust, mortgage, or other debt instrument, in whole or in part; to secure an indebtedness, or for a transfer to a corporation, partnership or other entity controlling, controlled by or under common control with the Franchisee, including a change of ownership or control of Franchisee or of this Franchise to Cablevision Systems Corporation, CSC Holdings, Inc., or to another subsidiary of Cablevision Systems Corporation.

**8.0** DEFAULT, REVOCATION, TERMINATION, ABANDONMENT

**8.1** The Village may revoke this Franchise and all rights of Franchisee hereunder for any of the following reasons:

a) Franchisee fails, after sixty days (60) prior written notice from the Village, to comply or to take reasonable steps to comply with a material provision or material provisions of this Agreement. Notwithstanding the above and provided the Village has not acted to revoke this Franchise, when Franchisee is once again in compliance, the right to revoke this Agreement shall no longer

remain with respect to the condition that precipitated the notice; or

b) Franchisee takes the benefit of any present or future insolvency statute, or makes a general assignment for the benefit of creditors, or files a voluntary petition in bankruptcy, or files a petition or answer seeking an arrangement or reorganization or readjustment of its indebtedness under Federal bankruptcy laws or under any other law or statute of the United States or any state thereof, or consents to the appointment of a receiver, trustee or liquidator of all or substantially all of its property, or is adjudged bankrupt by order of decree of a court, or an order is made approving a petition filed by any of its creditors or stockholders seeking reorganization or readjustment of its indebtedness under any law or statute of the United States or of any state thereof; or

c) Franchisee attempts or does practice a fraud or deceit (i.e. by willful misrepresentation or reporting) in its securing of this Franchise; or

d) Franchisee practices fraud or displays repeated negligence (meaning more than two times in any calendar year) in the accurate reporting of information to the Village, including but not limited to information pertaining to Franchisee's calculation of the Village's franchise fee; or

e) Franchisee fails to pay any legally owed taxes or fees

due the Village, unless the amount of such payment is part of a good faith dispute; in which case the payments in question will be put in an interest bearing escrow until the dispute is settled, and the prevailing party shall be entitled to such interest upon a final judicial determination serving to resolve the dispute in favor of one party; or

f) Franchisee fails to maintain adequate insurance as specified in Section 19 of this Agreement; or

g) Franchisee fails to obtain the prior approval of the Village for transfer or assignment of the Franchise pursuant to Section 7 of this Agreement.

**8.2** For purposes of this Agreement the term "material provision" or "material provisions" shall mean the following sections of this Franchise: Section 7; Section 10; Section 12; Section 13; Section 15; Section 16; Section 17; Section 18; and, Section 19.

**8.3** Notwithstanding the above, no default, revocation or termination shall be effective unless and until the Village shall have adopted an ordinance or resolution setting forth the cause and reason for the revocation and the effective date thereof. Such ordinance or resolution shall not be adopted until after the

expiration of thirty (30) days prior written notice to Franchisee and an opportunity for Franchisee to cure the alleged violation, or provide a cure plan that reasonably satisfies the Village. If Franchisee has failed to cure after the expiration of said sixty (60) day period or fails to provide a cure plan that reasonably satisfies the Village, the Village shall promptly schedule a public hearing no sooner than fourteen (14) days after written notice to the Franchisee. Franchisee shall be provided an opportunity to offer evidence and be fully and fairly heard at said public hearing held on the proposed adoption of such ordinance or resolution.

**8.4** In no event, and notwithstanding any contrary provision in this section or elsewhere in this Agreement, shall this Agreement be subject to default, revocation or termination, or Franchisee be liable for non-compliance with or delay in the performance of any obligation hereunder, where its failure to cure or to take reasonable steps to cure is directly attributable to formal U.S. declaration of war, government ban on the affected obligation, U.S. government sponsored or supported embargo, civil commotion, strikes or work stoppages (except those against Franchisee and its affiliates), fires, any acts of God or of nature, or other events beyond the immediate control of

Franchisee.  
Village of Montebello

8.5 In the event of such circumstances as described in 8.4, Franchisee may be excused from its obligations herein during the course of any such events or conditions, only upon notice to the Village. Such notice shall include clear evidence as to how such events have prevented Franchisee from meeting its obligations. The time specified for performance of Franchisee's obligations hereunder shall extend for such reasonable time thereafter as may be agreed by the Village and Franchisee.

8.6 Franchisee shall not abandon any service or portion thereof required to be provided pursuant to the terms of this Agreement without the prior written consent of the Village.

8.7 Upon expiration, termination or revocation of this Franchise, Franchisee, at its sole cost and expense and upon direction of the Village, shall remove the cables and appurtenant devices constructed or maintained in connection with the services authorized herein, unless Franchisee, its affiliated entities or assignees should, within six (6) months after such expiration, termination or revocation obtain certification from the FCC to operate an Open Video System or any other federal or state certification to provide telecommunications.

**9.0 SEVERABILITY**

**9.1** With the exception of material provisions as defined in Section 8.2 of this Franchise, should any other provision of this Agreement be held invalid by a court of competent jurisdiction or rendered a nullity by Federal or State legislative or regulatory action, the remaining provisions of this Agreement shall remain in full force and effect.

**10.0 EFFECTIVE DATE AND TERM**

**10.1** The effective date of this Agreement shall be the date this Agreement is granted a certificate of confirmation by the NYSPSC.

**12.3** Franchisee's System shall provide for a minimum channel

capacity of not less than 80 channels on the effective date of this Agreement. In accordance with the requirements of the NYSPSC, the exercise of this Agreement shall include reasonable efforts in good faith to maximize the number of energized channels available to subscribers, subject to the rights and obligations granted and imposed by Federal law and regulation, and to the extent economically reasonable and commercially practicable, including Franchisee's right to consider how such actions may impact upon its commercially reasonable rate of return on investment over the remaining term of the Franchise.

**12.4** The System shall incorporate equipment capable of providing standby powering of the System so as to minimize Area Outages caused by interruption of power furnished by the utility company. The standby powering equipment shall provide for automatic cut-in upon failure of the AC power and automatic reversion to the AC power upon resumption of AC power service. The equipment also shall be so designed as to prevent the standby power source from powering a "dead" utility line.

**13.2** Operation of the System shall be such that no interference will be caused to broadcast and satellite television and radio reception, telephone communication, amateur radio communication, aircraft and emergency communications, or other similar installation or communication within the Village. In addition, Franchisee shall take reasonable steps, to the extent technologically feasible and in accordance with applicable

federal and State law, to ensure that the quality of its signal is not materially impacted or degraded by interference caused from similar broadcast or other communications installations.

**14.0      SYSTEM MAINTENANCE AND REPAIR**

**14.1** Franchisee shall establish and adhere to maintenance policies which provide service to subscribers at or above the performance standards set forth herein.

**14.2** When interruption of service is necessary for the purpose of making repairs, adjustments, or installations, Franchisee shall do so at such time and in such manner as will cause the least possible inconvenience to subscribers. Unless such interruption is unforeseen or immediately necessary, Franchisee shall give reasonable notice thereof to subscribers.

Franchisee shall cooperate fully with the Village in performing such testing.

a) In the event of repeated and persistent complaints about the same aspect of System performance, and testing requested by the Village and conducted by Franchisee fails to identify and correct the cause, the Village may require that such testing be performed or supervised by a Village designee or other person who is not an employee or agent of Franchisee. identifies the person as a representative of Franchisee.

**28.2** Franchisee shall provide proper training for employees and shall institute policies and procedures that foster courteous and professional conduct.

**29.0**      **REQUIREMENT FOR ADEQUATE TELEPHONE SYSTEM**

**29.1** Franchisee shall utilize a telephone system that shall meet, at a minimum, the standards set by federal and State law.

**29.2** Franchisee shall have the ongoing responsibility to insure that the telephone system utilized meets the customer service needs of its subscribers. In evaluating the performance of Franchisee under this section, the Village may review telephone systems in use in other jurisdictions by other cable companies, cable industry-established codes and standards, pertinent regulations in other jurisdictions, evaluations of telephone system performance commonly used in the industry, and other relevant factors.

**30.0**      **MISCELLANEOUS PROVISIONS**

**30.1** Franchisee shall ensure that the subscriber's premises are restored to their pre-existing condition if damaged by

Franchisee's employees or agents in any respect in connection with the installation, repair, or disconnection of Cable Service. The Franchisee shall be liable for any breach of provisions of this Agreement by its contractors, subcontractors or agents.

30.2 The Village shall have the right to promulgate new, revised or additional consumer protection standards, and penalties for Franchisee's failure to comply therewith, consistent with the authority granted under Section 632 of the Cable Act (47 U.S. C. Sec. 552).

**PART VI -- GUARANTEE OF FRANCHISEE'S PERFORMANCE**

**31.0 PERIODIC PERFORMANCE EVALUATION SESSIONS**

31.1 Upon sixty (60) days prior notification by the Village, Franchisee shall be prepared to participate in a meeting or series of meetings evaluating the performance of Franchisee under this Agreement. The timing of such performance evaluation sessions shall be solely in the discretion of the Village; however, each such session shall not be initiated sooner than one year after the close of a previously conducted performance evaluation session. All performance evaluation meetings shall be

open to the public.

**31.2** Not less than thirty (30) days prior to any performance evaluation session, Village shall provide notice to Franchisee of the topics that it wishes to address at such meeting. Topics which may be discussed at any performance evaluation session shall be related to the operation of the System in the Village, and may include, but not be limited to, System performance, compliance with this Agreement and applicable law, customer service and complaint response, services provided, fees described in this Agreement, free services, applications of new technologies, and judicial, federal or State filings.

**31.3** During review and evaluation, Franchisee shall fully cooperate with the Village and shall provide such information, and documents, as the Village may reasonably need to perform its review.

**31.4** Each performance evaluation session shall be deemed to have been completed as of the date the Village issues a final report on its findings.

## **32.0 EFFECT OF VILLAGE'S FAILURE TO ENFORCE FRANCHISE PROVISIONS**

32.1 Franchisee shall comply with any and all provisions of this Agreement and applicable local, State and Federal law and regulation. Once a breach of a provision or provisions is identified by the Village and Franchisee is finally adjudged to have breached a provision or provisions as provided in this Agreement, the revocation provisions of this Agreement shall pertain as applicable.

32.2 Any claims arising out of any actual breach of this Agreement shall be effective from the date such breach is found to have commenced. Franchisee's responsibility to cure any such breach shall not be diminished by the failure of the Village to enforce any provision of this Agreement.

33.0      COMPETITIVE FAIRNESS

33.1 In the event that the Village grants one (1) or more franchise(s), or similar authorization(s), for the construction, operation and maintenance of any communication facility which shall offer services substantially equivalent to services offered by the System, it shall not make the grant on more favorable or less burdensome terms. If Franchisee finds that the agreement(s) granting said other franchise(s) contain provisions imposing lesser obligations or more favorable terms on the company(s)

thereof than are imposed by the provisions of this Agreement, then Franchisee may petition the Village for a modification of this Agreement. Franchisee shall be entitled with respect to said lesser obligations or more favorable terms to such modification(s) of this Agreement as may be determined to be necessary to insure fair and equal treatment by this Agreement and said other Agreements.

**33.2** In the event that a non-franchised multi-channel video programmer/distributor provides service to residents of the Village, the Franchisee shall have a right to request Franchise Agreement amendments that relieve the Franchisee of regulatory burdens that create a competitive disadvantage to the Franchisee. In requesting amendments, the Franchisee shall file a petition seeking to amend the Franchise. Such petition shall: i) indicate the presence of a non-franchised competitor(s); ii) identify the basis for Franchisees belief that certain provisions of the Franchise Agreement place Franchisee at a competitive disadvantage; iii) identify the regulatory burdens to be amended or repealed in order to eliminate the competitive disadvantage. The Village shall not unreasonably withhold consideration of the Franchisee's petition and so amending the Franchise Agreement.

**34.0 APPROVAL OF THE NYSPC**

**34.1** The terms of this Agreement, and any subsequent amendments hereto, are subject to applicable federal, state and local law, the Rules and Regulations of the FCC, the NYSPSC, and any other applicable regulatory body with appropriate jurisdiction. Further, the terms of this Franchise Agreement and any subsequent amendments are subject to the approval of the NYSPSC, and the FCC.

**IN WITNESS WHEREOF**, the parties hereto have hereunto executed this Agreement as of the date written below.

**CABLEVISION SYSTEMS CORPORATION**  
**OVERVIEW**  
**(NYSE: CVC)**

Based on Long Island, Cablevision Systems Corporation is one of the nation's leading media, entertainment and telecommunications companies. Its portfolio of operations ranges from high-speed Internet access and robust digital cable television offerings to championship professional sports teams, world-renowned entertainment venues and national and regional television program networks. Central to Cablevision's mission is a commitment to enrich customers' lives by providing the greatest possible choice of entertainment, sports, information, digital and telecommunications services utilizing state-of-the-art technology.

Compelling content has always been the cornerstone of Cablevision's cable television offerings. Through its Rainbow Media Holdings, Cablevision offers an unparalleled suite of local and regional programming, including its targeted New York lineup -- the MetroChannels, News 12 Networks, MSG Network and Fox Sports Net New York. Complementing these local and regional services are Rainbow's strong national networks: AMC, Bravo, The Independent Film Channel, WE: Women's Entertainment and a 50 percent holding in Fox Sports Net.

In addition to delivering quality programming to the home, Cablevision provides exciting live sports, exhibitions and other entertainment offerings through its New York metropolitan area properties: Madison Square Garden and its teams, the Knicks, Rangers and WNBA Liberty; The Theater at Madison Square Garden; Radio City Music Hall and its world-famous Rockettes.

Founded in 1973 as a cable television operator with 1,500 Long Island customers, Cablevision now serves 3 million households in the New York metropolitan area. Expanding beyond traditional video services, the company's broadband network connects customers to advanced, customized communications products, including Cablevision's Optimum-branded high-speed Internet access, residential Optimum Telephone service, and its Lightpath integrated business communications services, the cornerstone of a first-of-its-kind network to connect more than 500 county buildings, services and municipalities with integrated voice, video and data communications in Westchester County, N.Y.

Today, Cablevision continues to strengthen its position as a leading broadband communications, sports and entertainment provider in the New York market. In fall 2001, the company made its most significant technological advance to date, launching iO: Interactive Optimum which is now available to customers in Long Island and parts of New Jersey. In addition to sharper, more brilliant images, crystal-clear digital sound and an expanded range of digital cable channels, this new suite of digital services gives customers more control over the television experience. iO also boasts a comprehensive set of services, including video-on-demand, digital programming, select niche video content, interactive television, an interactive programming guide and e-mail service through the television.

Helping consumers keep pace with the rapid advancements in technology and making it available to them, Cablevision owns and operates THE WIZ, a tri-state area's consumer electronics

retailer. THE WIZ provides customers with a valuable connection between the in-store purchase of equipment and the home use of Cablevision's telecommunications services, including cable television, cable modem and telephone. In late 1999, the company began selling self-install cable modems exclusively at THE WIZ retail locations in Connecticut and on Long Island. Since then, hundreds of thousands of customers have purchased these modems, opening the door to the digital future. Meanwhile, Cablevision brings the digital world to schools and libraries in its service areas, providing Optimum Online free of charge to more than 1,200 primary and secondary schools through the company's multimillion-dollar Power to Learn education initiative.

Cablevision is utilizing its unique resources -- its broadband telecommunications network, its new, comprehensive suite of digital services, its live and televised entertainment properties, and its retail presence -- to offer customers superior choice and unparalleled value in entertainment and communications.

### **Village of Montebello System is State of the Art**

The cable system in the Village of Montebello has been upgraded over the last two years to 750 Megahertz (MHz) with extensive fiber optic trunk and feeder lines reaching homes of no more than 500 per node. This has laid the platform for high speed Internet access via cable modem at speeds of up to 100 times faster than phone modems and up to four times faster than DSL lines.

In addition, 17 new channels of programming became available to Montebello residents. The new fiber lines reduced the number of amplifiers that were necessary on the old coaxial cable, thereby improving reception in an individual's home.

Standby power units were placed throughout the Village, which ensure that cable television will be powered for up to four hours during an electrical outage. The standby units begin operating within a second of their sensing an electrical outage.

Another feature is status monitoring in Cablevision's head end or processing center which allows our technicians to correct many situations before an interruption occurs.

On the new fiber/coaxial system digital service will be possible providing hundreds of additional channels, accessed through a digital cable converter, with no additional construction required. In the not too distant future, telephony will also be available over the same cable lines – meaning that cable television, high speed Internet and telephone service will be available on Montebello's upgraded cable lines.

Technologically, Montebello is ahead of much of Westchester and the northern part of Rockland County. The cost of the upgrade/rebuild of the 35.38 miles of cable plant in Montebello was over \$1,000,000.

We look forward to continuing our partnership with the Historic Village of Montebello.

### GENERAL INFORMATION

As per FCC Rule (47 CFR 76.601(a) 0, this Cable Television System has been designed to comply with all applicable FCC rules. Current design specification limits of this system are as follows:

	Without Converter	With Converter
Worst case carrier to noise ratio:	45.4 dB	45.4 dB
Worst case composite triple beat ratio:	66.1 dBc	N/A dBc
Worst case composite second order ratio:	61.2 dBc	61.2 dBc
Worst case cross modulation ratio:	n/a dBc	n/a dBc

As per FCC Rule (47CFR 76.605 (A)(1)), all authorized video signals delivered to the customer terminals are capable of being displayed by a TV broadcast receiver used for off-the-air reception of TV broadcast signals, as authorized under part 73 of the Commission's rules.

In order to comply with 47 CFR 76.601 ©(1) "... relate the measured performance of the system as would be viewed from a nearby {customer} terminal", all distribution tests were performed at the end of a 100 foot section of drop cable connected to a customer tap off point. This action will simulate the conditions at a typical cable ready customer terminal. Some tests were performed using a CATV converter to simulate it's effect on the quality of signal delivered to the customer.
